NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

ZMFY Automobile Glass Services Limited (the “**Company**”) is a limited liability company incorporated in the Cayman Islands and its shares are listed on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”). The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands. The Company’s principal place of business is located at No. 12 Fengbei Road, Fengtai District, Beijing, the People’s Republic of China (the “**PRC**”).

The Company is an investment holding company. The principal activities of its subsidiaries (together with the Company referred to as the “**Group**”) are sales of automobile glass with installation/repair services, trading of automobile glass, installation services of photovoltaic system and finance lease services in the PRC.

The condensed consolidated financial statements are unaudited but have been reviewed by the audit committee of the Company (the “**Audit Committee**”).

2. BASIS OF PREPARATION

The condensed consolidated financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards (“**HKFRSs**”), Hong Kong Accounting Standards (“**HKASs**”) and Interpretations (hereinafter collectively referred to as the “**HKFRS**”) and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the condensed consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange.

The condensed consolidated financial statements have been prepared under the historical cost basis. The condensed consolidated financial statements are presented in Renminbi (“**RMB**”) since majority of the Group’s operations are carried out in RMB. The Company’s functional currency is Hong Kong Dollars (“**HK\$**”) since majority of the activities of the Company are conducted in HK\$.

3. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of the condensed consolidated financial statements are applied consistently with those applied in the Group’s audited consolidated financial statements for the year ended 31 December 2020 except for those that relate to new standards or interpretations effective for the first time for the period beginning on or after 1 January 2021.

Adoption of new or amended HKFRSs

In the current period, the Group has applied for the first time the following new or amended HKFRSs issued by the Hong Kong Institute of Certified Public Accountants, which are relevant to and effective for the Group’s consolidated financial statements for the annual period beginning on 1 January 2020:

Amendments to HKFRS 16	COVID-19-Related Rent Concessions
Amendments to HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

Amendments to HKFRS 16 – COVID-19-Related Rent Concessions

The amendment provides an optional practical expedient allowing lessees to elect not to assess whether a rent concession related to COVID-19 is a lease modification. Lessees adopting this election may account for qualifying rent concessions in the same way as they would if they were not lease modifications. The practical expedient only applies to rent concessions occurring as a direct consequent of the COVID-19 pandemic and only if all of the following conditions are met:

- (a) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) the reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- (c) there is no substantive change to other terms and conditions of the lease.

The directors of the Company anticipate that the application of these new or amended HKFRSs will have no material impact on the Group's consolidated financial performance and positions and/or the disclosures to the condensed consolidated financial statements of the Group.

4. BASIS OF CONSOLIDATION

The condensed consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the condensed consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the periods are included in the profit or loss from the dates of acquisition or up to the dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

Acquisition of subsidiaries or businesses is accounted for using acquisition method. The cost of an acquisition is measured at the aggregate of the acquisition-date fair value of assets transferred, liabilities incurred and equity interests issued by the Group, as the acquirer. The identifiable assets acquired and liabilities assumed are principally measured at acquisition-date fair value. The Group's previously held equity interest in the acquiree is re-measured at acquisition-date fair value and the resulting gains or losses are recognised in profit or loss. The Group may elect, on a transaction-by-transaction basis, to measure the non-controlling interests that represent present ownership interests in the subsidiary either at fair value or at the proportionate share of the acquiree's identifiable net assets. All other non-controlling interests are measured at fair value unless another measurement basis is required by HKFRSs. Acquisition-related costs incurred are expensed unless they are incurred in issuing equity instruments in which case the costs are deducted from equity.

Subsequent to acquisition, the carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interest's share of subsequent changes in equity of the subsidiary. Total comprehensive income is attributed to such non-controlling interests even if this results in those non-controlling interests having a deficit balance.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the Group's interest and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

5. SEGMENT REPORTING

The chief operating decision-maker ("CODM") has been identified as the Executive Directors and the Chief Financial Officer collectively. CODM reviews the Group's internal reporting in order to assess performance and allocate resources.

Information reported to CODM for the purpose of resource allocation and assessment of segment performance is based on the business segments of the Group. No geographical analysis of information is presented to the CODM for such purposes as the Group's major operations and assets were situated in the PRC in which all of its revenue was derived. In a manner consistent with the way in which information is reported internally to the CODM for the purposes of resource allocation and performance assessment, the Group has presented three reportable segments – "Automobile glass", "Photovoltaic system" and "Finance lease services" in its condensed consolidated financial statements for the three months ended 31 March 2021 and 2020. The Group has not presented "Business consultancy services" as a reportable segment due to the downsizing of the business consultancy services, and no revenue was derived from business consultancy services for the three months ended 31 March 2021 and 2020. No operating segments have been aggregated to form a reportable segment for the purpose of segment reporting in the condensed consolidated financial statements.

As at 31 March 2021 and 2020, the Group's non-current assets were all located in the PRC. For the three months ended 31 March 2021, revenue of approximately RMB2,458,000 (for the three months ended 31 March 2020: approximately RMB1,238,000) was derived from sales by automobile glass segment to an external customer, which contributed 10% or more of the Group's revenue.

Sales between segments are carried out at terms mutually agreed by both parties. The revenue from external parties reported to the CODM is measured in a manner consistent with that in the condensed consolidated statement of profit or loss and other comprehensive income.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group's total revenue for the three months ended 31 March 2021 (the "Period") amounted to approximately RMB14,583,000, representing an increase of approximately RMB3,682,000 or 33.8% as compared to that of approximately RMB10,901,000 for the three months ended 31 March 2020. Overall gross profit increased by approximately RMB2,020,000 or 101.2% to approximately RMB4,016,000 for the Period from approximately RMB1,996,000 for the three months ended 31 March 2020. The gross profit margin for the Period increased to approximately 27.5% from approximately 18.3% for the three months ended 31 March 2020.

The increase in revenue and gross profit were mainly attributable to the increased business volume resulting from the automobile glass business of the Group. The segment of sales of automobile glass with installation/repair services and trading of automobile glass recorded revenue of approximately RMB11,749,000 and gross profit of approximately RMB1,215,000 for the Period, as compared to revenue of approximately RMB8,266,000 and gross loss of approximately RMB359,000 for the three months ended 31 March 2020.

The loss attributable to owners of the Company for the Period amounted to approximately RMB4,413,000, representing a decrease of approximately RMB1,407,000 or 24.2% as compared to loss of approximately RMB5,820,000 for the three months ended 31 March 2020.

Revenue and Segment Result

Sales of Automobile Glass with Installation/Repair Services and Trading of Automobile Glass

Revenue from sales of automobile glass with installation/repair services and trading of automobile glass increased by approximately RMB3,483,000 or 42.1% to approximately RMB11,749,000 for the Period from that of approximately RMB8,266,000 for the three months ended 31 March 2020. The increase was mainly due to the increased demand and improved business volume in the segment as the Company recovered from the business disruption caused by COVID-19 lockdown.

Despite the increased revenue and consequent gross profit level, concerning the results of reportable segments from sales of automobile glass with installation/repair services and trading of automobile glass, this Period saw an enlarged loss of approximately RMB5,473,000, up by approximately RMB1,037,000 from that of approximately RMB4,436,000 for the three months ended 31 March 2020, as a result of the increased employee costs and operational costs, including repair maintenance cost and sales commission, which incurred at a much lower level during the first quarter of last year.

Provision of Installation Services of Photovoltaic System

Provision of installation services of photovoltaic system is mostly one-off or ad-hoc projects in nature, seldom providing a predictable and stable revenue stream to the Group. This segment contributed no revenue for the three months ended 31 March 2021 and 2020, as the Company has lost its market leadership as the business environment changed over time. As at 31 March 2021, there were 6 staff in this segment, among whom 4 were downsized subsequently. Going forward, the Company does not foresee any business turnaround opportunity.

Finance Lease Services

Revenue from finance lease services increased by approximately RMB199,000 or 7.6% to approximately RMB2,834,000 for the Period from approximately RMB2,635,000 for the three months ended 31 March 2020.

Concerning the results of reportable segments from finance lease services, this Period saw an increased segment profit before income tax of approximately RMB2,048,000, up by approximately RMB517,000 or 33.8% compared to that of approximately RMB1,531,000 for the three months ended 31 March 2020. The increase was mainly attributable to the decrease of loss allowance on finance lease receivables by approximately RMB358,000.

Business Consultancy Services

The Group has discontinued to report Business Consultancy Services as a reportable segment since this Period.

Gross Profit

The Group's gross profit increased by approximately RMB2,020,000 or 101.2% to approximately RMB4,016,000 for the Period from approximately RMB1,996,000 for the three months ended 31 March 2020. The gross profit margin for the Period increased to approximately 27.5% from approximately 18.3% for the three months ended 31 March 2020.

Other Gain or Loss, net

A net gain of approximately RMB78,000 was recorded for the Period, compared to a net gain of approximately RMB32,000 for the three months ended 31 March 2020.

Loss Allowance on Financial Assets

Loss allowance of approximately RMB179,000 was recorded for the Period (for the three months ended 31 March 2020: approximately RMB673,000). Loss allowance on financial assets for the Period was attributable to loss allowance on finance lease receivables of approximately RMB179,000.

Selling and Distribution Costs

Selling and distribution costs of the Group increased by approximately RMB1,212,000 or 52.2% to approximately RMB3,533,000 for the Period from approximately RMB2,321,000 for the three months ended 31 March 2020. The increase was mainly attributable to the increase of employee costs and depreciation on property, plant and equipment in the automobile glass segment.

Administrative Expenses

The Group's administrative expenses mainly consist of professional fees, staff costs (including directors' remunerations), depreciation and lease expenses. Finance Cost, net

Net finance cost for the Period amounted to approximately RMB148,000 (for the three months ended 31 March 2020: approximately RMB196,000). The decrease in net finance cost was mainly attributable to the decrease of interest expense on lease liabilities by approximately RMB51,000.

Income Tax Expense

Income tax expense decreased by approximately RMB28,000 or 5.4% to approximately RMB489,000 for the Period from approximately RMB517,000 for the three months ended 31 March 2020. The decrease in income tax expense was mainly attributable to a decreased level of taxable income during the Period.

The Group recorded a net loss of approximately RMB4,992,000 for the Period, as compared to the net loss of approximately RMB5,908,000 for the three months ended 31 March 2020. Contingent Liabilities

On 24 December 2014, Xinyi Automobile Glass (BVI) Company Limited (“**Xinyi Glass (BVI)**”) issued an originating summons (the “**Originating Summons**”) and instituted proceedings in the Court of First Instance of the Hong Kong Special Administrative Region with respect to the acquisition of a property in Daqing (the “**Daqing Property Acquisition**”) against the following persons:

- (a) the Company as the 1st Defendant;
- (b) the vendor in the Daqing Acquisition Agreement (the “**Vendor**”), as the 2nd Defendant;
- (c) Xia Lu, who is a former executive Director and the former chief executive officer of the Company, as the 3rd Defendant;
- (d) He Changsheng, who is a former executive Director, as the 4th Defendant;
- (e) Li Honglin, who is a former executive Director, as the 5th Defendant;
- (f) Natsu Kumiko, who is a former non-executive Director and the chairman of the Company, as the 6th Defendant;
- (g) Fong William, who is a former independent non-executive Director, as the 7th Defendant;
- (h) Chen Jinliang, who is a former independent non-executive Director, as the 8th Defendant;
- (i) Ling Kit Wah Joseph, who is a former independent non-executive Director, as the 9th Defendant; and
- (j) Aleta Global Limited, who is the holder of the Bonds nominated by the Vendor, as the 10th Defendant, (collectively referred to as the “**Defendants**”).

Pursuant to the Originating Summons, Xinyi Glass (BVI) contended that the terms of the Daqing Property Acquisition might not serve the best interests of the Company and the shareholders of the Company (the “Shareholders”) as a whole and it doubted on the legality surrounding the Daqing Property Acquisition. Accordingly, Xinyi Glass (BVI) sought the following orders:

- (i) the acquisition agreement to be declared void or, in the alternative, voidable;
- (ii) the convertible bonds of the Company issued to satisfy the consideration of the Daqing Property Acquisition and the conversion shares already allotted and issued to the vendor of the Daqing property as at the date of the Originating Summons be declared void or, in the alternative, voidable;
- (iii) in the event that the acquisition agreement and the convertible bonds are declared voidable, the Company and the vendor be compelled to terminate and/or rescind the same; and
- (iv) in the alternative, damages from certain then and former executive Directors, non-executive Directors and independent non-executive Directors.

The litigation is still ongoing but no step has been taken by Xinyi Glass (BVI) to prosecute the same against all the Defendants for over 5 years since 12 November 2015. The Management has consulted its legal advisor in Hong Kong in response to the Originating Summons. The Directors have thoroughly revisited the situation based on the advice of its Hong Kong legal advisor during the year, and considered that the demands (i) to (iii) are still unattainable and demand (iv) does not impact the Company nor the Group. Accordingly, the Directors considered that the pending litigation would not have any material adverse impact to the condensed consolidated financial statements as at 31 March 2021.

Save as disclosed above, as at 31 March 2021, the Group did not have any other significant contingent liabilities (as at 31 March 2020: Nil).
