## MANAGEMENT DISCUSSION AND ANALYSIS

### Business and Operations Review

During the period under review, the Group has been principally engaged in the business of (i) the provision of application development services and the sale of IC cards, magnetic card related equipment and application systems in the People's Republic of China (the "PRC") (the "Card and Related Products Business"); and (ii) trading of liquor products in the PRC (the "Wine Business").

The beginning of 2021 continued with the challenges brought about by the on-going epidemic (the "COVID-19 Epidemic") associated with a novel coronavirus (the "COVID-19"), which has spread across China and other countries and adversely affected the economy, infrastructure and livelihood of the people in the PRC and worldwide. Whilst the Group's overall operation and business for the period under review was adversely affected due to the COVID-19 Epidemic, the Company has taken the opportunity to carefully re-evaluate its existing business operations and resources while taking into account its own competitive strengths and the inevitable shift in industry and market trends in adapting to the COVID-19 situation. In addition to taking debt recovery actions with the view to strengthen the Company's cash position, the Company during this transition period has been patiently refining its business strategies and planning on how to effectively allocate its resources when suitable business opportunities arise so as to achieve sustainable business development.

#### THE CARD AND RELATED PRODUCTS BUSINESS

During the period under review, the Group's Card and Related Products Business continued to face the adverse market environment and intensified competition. As a result and coupled with the impact due to the COVID-19 Epidemic, revenue of RMBNil (2020: RMBNil) attributable to the Card and Related Products Business for the three months ended 31 March 2021 because the Group did not perform any contract (2020: None) for its application system and application development services.

#### THE WINE BUSINESS

The Group commenced its Wine Business in the last quarter of 2016 with a view to diversify its income source and enhance its financial performance. For furtherance of its Wine Business, the Group (i) entered into strategic partnership with Googut Wine & Spirits Co, Ltd\* (歌德盈香股份有限公司) ("Googut", together with its subsidiaries the "Googut Group") in 2016; (ii) formed two joint venture companies respectively in the PRC and Hong Kong in 2017; and (iii) entered into a memorandum of understanding and the strategic cooperation agreement with Googut in 2017. The Googut Group is a professional and integrated operator of alcoholic beverage which has well established distribution channel and broad customer base in the PRC.

The ongoing COVID-19 Epidemic, in particular the resurgence of confirmed COVID-19 cases in China during in early 2021, has brought disruption to the wine distribution channel in China and worldwide resulting in decrease in demand in wine products and change in purchasing behaviour of end-customers. As a result, the revenue attributable to the Wine Business for the three months ended 31 March 2021 was RMBNil (2020: approximately RMB9,950,000); whilst the segment profit of the Wine Business for the three months ended 31 March 2021 was RMBNil (2020: approximately RMB450,000).

In light of the above, the Board will continue to adjust its strategy and explore further business opportunities of the Group's Wine Business and review the performance of the distribution channels and make necessary adjustments as and when necessary.

## Financial Review

### REVENUE, COST OF SALES AND GROSS PROFIT

During the period under review, the Group recorded a revenue of RMBNil, representing a decrease of 100% as compared with the revenue of approximately RMB9,950,000 in the corresponding period of the previous year, whilst the Group's cost of sales for the three months ended 31 March 2021 decreased by 100% to RMBNil (2020: approximately RMB9,500,000).

The gross profit of the Group for the three months ended 31 March 2021 amounted to RMBNil, with a decrease of 100% as compared with the gross profit of approximately RMB450,000 in corresponding period of the previous year due to decrease in revenue. The gross profit margin for the three months ended 31 March 2021 was not applicable (2020: 4.5%) due to the fact that the Group did not record revenue for the period under review due to the reason as stated above.

### ADMINISTRATIVE AND OTHER OPERATING COSTS

For the three months ended 31 March 2021, the Group's distribution and selling expenses decreased by 100% from approximately RMB26,000 for the three months ended 31 March 2020 to RMBNil. The decrease was mainly due to the decrease in distribution and sales of products during the period under review.

For the three months ended 31 March 2021, the Group's general and administrative expenses decreased by approximately 34.9% of approximately RMB917,000 (2020: approximately RMB1,409,000). The decrease was primarily due to continued implementation of cost control measures resulting in the decrease of staff costs during the period under review.

For the three months ended 31 March 2021, the Group's finance cost increased by approximately 330.6% to approximately RMB211,000 as compared to approximately RMB49,000 for the corresponding period in the previous year. These financial costs represented the interests on borrowing from independent third parties and interest on lease liabilities for the period under review.

During the period under review, the income tax expense amounted to RMBNil (2020: approximately RMB38,000).

## **Outlook**

The Group's business, financial position and results of operations during the period under review was continuously being affected by the COVID-19 Epidemic.

In view of the uncertainties brought by the COVID-19 Epidemic, the Group will continue to review the operation and evaluate the performance of the Card and Related Products Business and the Wine Business.

Although it has been challenging for the Company in face of such adverse external factors impacting its business operations, the Company believed that careful reviewing and strategising during this transitional period is a key to further develop its business sustainability. In the meanwhile, the Company has also been engaging in negotiations with potential strategic or cooperative partners with business opportunities in line with the Company's business strategies. The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") pursuant to the requirements in Rule 5.48 to 5.67 of the GEM Listing Rules as its own code of conduct regarding securities transactions by Directors. Having made specific enquiry with all Directors, the Directors confirmed that they had complied with the required standard set out in the Model Code during the period under review.

The Company has adopted a code of conduct regarding securities transactions by the relevant employees of the Group who are considered likely to be in possession of unpublished price sensitive information of the Group on no less exacting terms than the Model Code in relation to their dealings in the securities of the Company pursuant to code provision A.6.4 of the Corporate Governance Code (the "CG Code") as set out in Appendix 15 of the GEM Listing Rules. To the best knowledge and belief of the Directors, all relevant employees have complied with the required standard of such code.

## **AUDIT COMMITTEE**

The audit committee of the Company (the "Audit Committee") has reviewed with the management the accounting principles and practices adopted by the Company and discussed internal controls and financial reporting matters. The Audit Committee has also reviewed the unaudited first quarterly results of the Company for the period under review, and is of the opinion that such statements comply with the applicable accounting standards, the GEM Listing Rules and legal requirements and that adequate disclosure have been made.

## CORPORATE GOVERNANCE

The Board has adopted the CG Code. Continuous efforts are made to review and enhance the Group's internal controls and procedures in light of changes in regulations and developments of best practices. Maintaining high standards of corporate governance practices is not only complying with the provisions but also enhancing corporate performance and accountability. The Company has complied with the CG Code throughout the period under review, except for the following deviations:

- (a) In respect of the code provision A.2.1 of the CG Code, the roles of chairman and chief executive should be separate and should not be performed by the same individual. During the period under review, Mr. Zhang Tao ("Mr. Zhang") served as both the chairman of the Board (the "Chairman") and the chief executive officer of the Company (the "CEO") since the appointment of Mr. Zhang as the CEO on 8 February 2018. By taking into account the circumstances of the Group as a whole, the Board considers Mr. Zhang, being a key leadership of the Group, as a suitable candidate to be the CEO, ensuring consistent leadership within the Group and enables more effective and efficient overall strategic planning for the Group. Therefore, the Board considers that the deviation from the code provision A.2.1 of the CG Code is appropriate in such circumstance. In addition, under the supervision of the Board which is comprised of executive Directors, non-executive Director and independent non-executive Directors during the period under review, the Board is appropriately structured with balance of power to provide sufficient checks to protect the interests of the Company and its shareholders.

Due to Mr. Zhang's intention to concentrate on his own business engagement, Mr. Zhang resigned as the CEO with effect from 11 May 2021. The Company will endeavour to identify suitable candidate to fill the vacancy after the resignation of Mr. Zhang as CEO.

- (b) In respect of the code provision C.1.3 of the CG Code, unless it is inappropriate to assume that the Company will continue in business, the directors should prepare the accounts on a going concern basis. The Directors are aware of material uncertainties that may cast doubt on the Company's going concern as stated in the independent auditors' report contained in the annual report of the Company for the year ended 31 December 2020.

As disclosed in the consolidated financial statements for the year ended 31 December 2020, the Group incurred net loss of approximately RMB6,952,000 for the year ended 31 December 2020 and, as of that date, the Group had net current liabilities and net liabilities of approximately RMB28,269,000 and RMB27,931,000 respectively, whereas the bank balances and cash amounted to approximately RMB470,000. These conditions indicate the existence of material uncertainties that may cast significant doubt on the Group's ability to continue as a going concern, the validity of which depends upon the Group's ability to repay, renew or extend existing borrowings and other liabilities upon their maturities, through cash flows from operations and continuing support from the Group's finance providers and creditors.

Should the Group be unable to continue as a going concern, adjustments would have to be made to the consolidated financial statements to adjust the carrying values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and liabilities as current assets and liabilities respectively. The consolidated financial statements for the year ended 31 December 2020 do not include any of these adjustments that would result from the failure to continue to operate as a going concern.

## **PURCHASE, REDEMPTION OR SALE OF LISTED SECURITIES**

During the period under review, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed shares.

## **DIRECTORS**
