## **REASONS FOR AND BENEFITS OF THE PLACING AND USE OF PROCEEDS**

The Company is an investment holding company and the Group is principally engaged in the provision of insurance brokerage services, assets management and securities brokerage services, money lending services in Hong Kong and multi-channel network entertainment businesses.

Assuming all the Placing Shares are fully placed, the gross proceeds from the Placing will be approximately HK\$8.32 million. The net proceeds, after deduction of all relevant expenses (including but not limited to placing commission, legal expenses and disbursements) incidental to the Placing of approximately HK\$220,000, are estimated to be approximately HK\$8.1 million, representing a net issue price of approximately HK\$0.25 per Placing Share. The Company intends to use the net proceeds for (i) the repayment of outstanding indebtedness in the amount of approximately HK\$6 million; and (ii) the remaining proceeds will be used for general working capital of the Group.

The Directors have considered various ways of raising funds and believe that the Placing represents an opportunity to strengthen the Group's financial position, reduce the high gearing ratio of the Group and enlarge shareholders' base of the Company which may in turn enhance the liquidity of the Shares, and provide working capital to the Group to meet any financial obligations of the Group.

The Directors consider that the Placing Agreement is entered into upon normal commercial terms following arm's length negotiations between the Company and the Placing Agent and the terms of the Placing Agreement (including the Placing Price and the placing commission) are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.
