PROFIT WARNING

This announcement is made by Dafeng Port Heshun Technology Company Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 17.10 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the "**GEM Listing Rules**") and the Inside Information Provisions (as defined in the GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, Laws of Hong Kong) (the "**SFO**").

The board (the "**Board**") of directors (the "**Directors**") of the Company would like to inform the shareholders (the "**Shareholders**") and potential investors of the Company that, based on the information currently available and the preliminary assessment of the unaudited consolidated financial statements of the Group for the nine months ended 30 September 2021 (the "**Third Quarterly Results**"), the Group's revenue decreased by HK$980.2 million, approximately 57.8% compared with the corresponding period in 2020, while the gross profit decreased by HK$7.7 million, approximately 66.3%. The Group recorded an investment income for disposal of subsidiaries of HK$672.5 million in the previous nine months ended 30 September 2020, and there was no similar gain during the nine months ended 30 September 2021. Mainly as a result of the foregoing, the Group is expected to record a loss of approximately HK$45.0 million, comparing to a profit of approximately HK$622.0 million for the nine months ended 30 September 2020.

Some of the key items in relation to the Third Quarterly Results are set out below:

(I) INVESTMENT INCOME FOR DISPOSAL OF SUBSIDIARIES

As a result of the sale of 60% of the equity of 江蘇海融大豐港油品化工碼頭有限公司 (Jiangsu Hairong Dafeng Port Petrochemical Product Terminal Company Limited*) ("**Jiangsu Hairong**") on 27 August 2020, the Group recorded an investment income for disposal of subsidiaries of HK$672.5 million in the previous nine months ended 30 September 2020, and there was no similar gain during the nine months ended 30 September 2021.

(II) REVENUE

The Group recorded a significant decrease of HK$980.2 million in the revenue from HK$1,694.5 million to HK$714.4 million comparing the nine months ended 30 September 2021 against the same period in 2020. The gross profit decreased from HK$11.6 million to HK$3.9 million for the periods as mentioned above.

The significant decrease in revenue was due to the Group's trading business segment. The Group had taken risk management measures and terminated the trading of some products which were loss-making or with higher operational risks. It was coupled with the fact that for the nine months ended 30 September 2021, the Group no longer had the opportunity from the COVID-19 outbreak last year to trade medical and food disinfection related products at a significant level.

The Company is in the process of finalising the Third Quarterly Results. The information contained in this announcement is only based on a preliminary assessment by the management of the Company based on the information currently available and such information has not been reviewed by the audit committee of the Board, and is subject to any adjustments if necessary.

The Third Quarterly Results are expected to be published in due course. Shareholders and potential investors of the Company are advised to exercise caution in dealing in the securities of the Company.
