BUSINESS REVIEW

The Group principally engages in the provision of online advertising services, which consist of social viral service, engager service and mass blogging service. Its business primarily operates in Hong Kong, Taiwan, Malaysia, Indonesia, the Philippines and Singapore. The Group's services are delivered via its self-developed platforms, which allow clients to match their advertising campaigns or contents with the Group's relevant members based on their demographic details and behaviours, such as consumption patterns of certain products and services and brand preferences.

The COVID-19 pandemic continues to slow down the advertising industry in all the markets the Group operates in. As a result, the Group has recorded approximately 24.9% decrease in revenue to approximately HK\$8,418,000 (2020: approximately HK\$11,216,000) for the Relevant Period.

Gross profit (after reversal of JAG points i.e. the points which the Group distributes to reward its members to participate in the Group's advertising campaigns) decreased by approximately 49.5% to approximately HK\$2,852,000 (2020: approximately HK\$5,649,000). The Group recorded a loss of approximately HK\$5,324,000 (2020: approximately HK\$3,604,000) for the Relevant Period.

By geographical market

During the Relevant Period, approximately 77.7% of the Group's revenue (2020: approximately 62.6%) was generated from clients in Hong Kong, while approximately 13.1% (2020: approximately 26.8%) was generated from clients in Taiwan. Malaysia, Indonesia, the Philippines and Singapore contributed to approximately 9.2% of the revenue to the Group (2020: approximately 10.6%).

Hong Kong

During the Relevant Period, revenue from Hong Kong decreased to approximately HK\$6,544,000 from approximately HK\$7,019,000 in the Previous Period, representing approximately 6.8% decrease. The business environment is still challenging with increasing competition from other online advertising service providers and unstable economic environment. The Group will continue to adjust the service mix to meet clients' needs.

Taiwan

During the Relevant Period, the operating environment in Taiwan continued to be challenging, mainly attributable to the changing behaviour of internet users, increasing competition from other online advertising service providers and the lockdown impact of COVID-19 pandemic. The Group is dealing with the change with a shift of focus on service type. With the various challenges encountered, the revenue from Taiwan for the Relevant Period decreased to approximately HK\$1,103,000 (2020: approximately HK\$3,004,000), representing approximately 63.3% decrease.

Southeast Asia

The COVID-19 pandemic continues to disrupt regular business flow in Southeast Asian countries. Malaysia, Indonesia and the Philippines experienced varying levels of lockdown measures, which affected the advertising industry as well. Total revenue from the Southeast Asia operations was approximately HK\$771,000 (2020: approximately HK\$1,193,000).

PROSPECTS

It is anticipated that the COVID-19 pandemic will continue to affect the advertising industry in the near future. Nevertheless, as soon as those governments in our operating markets ease lockdown measures, the Group remains confident in its ability to rejuvenate sales with our experienced sales team, differentiated advertising services, our strengthened member base and our extensive relationship with reputable clients in various industries. Leveraging on the good relations with media agencies, the Group also expects substantial opportunities such as referrals to media agencies' extensive client base, which will ensure stable and continuous requests for services. The Group's self-developed platforms have also served as an excellent tool for realising clients' performance targets while driving business growth. Looking ahead, the Group will focus on grooming our new operations to maturity and driving our core markets to new heights.

To accomplish these objectives, the Group also plans to recruit more talents, especially for the business development segment, to strengthen its workforce. This will enable the Group to better cater for the ever-changing needs of various industries, as well as those of the existing and potential clients. In addition, the Group will focus on enriching its member base from different segments such as age group, interest and lifestyle to enhance the diversity of the Group's membership base and thereby attract more clients.

With years of experience, well-established reputation, and first-mover advantage, the Group will leverage on such strengths to reinforce its leading position in the industry. At the same time, by further developing these attributes, the Group remains committed to its vision of becoming the preferred online marketing partner for advertising agencies and brand owners.
