In preparing the Financial Information, the significant judgments made by the Company's management in applying the Group's accounting policies and the key sources of estimation uncertainty are the same as those that applied to the Group's audited consolidated financial statements for the nine months ended 31 December 2020.

Except as described below, the accounting policies and methods of computation used in the preparation of the Financial Information are consistent with those adopted in preparing the annual audited consolidated financial statements for the nine months ended 31 December 2020. The auditor has expressed a disclaimer opinion on the multiple uncertainties relating to going concern.

Going Concern Assumption

In preparing the Financial Information, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and the Company in light of the fact that:

- (i) The Group's current liabilities exceeded its current assets by HK\$23,413,000 (31 December 2020: HK\$14,339,000) as at 30 September 2021, the Group's total liabilities exceeded its total assets by HK\$19,445,000 (31 December 2020: HK\$11,948,000) as of that date, and that the Group incurred a loss of HK\$5,428,000 (nine months ended 30 September 2020: HK\$4,449,000) from continuing operations for the nine months ended 30 September 2021.
- (ii) Since the outbreak of the COVID-19 in January 2020, the Group's operation are significantly affected by the prevention and control policies imposed by the local government. During these nine months, the Group's restaurants were recorded continued operating losses and negative cash flows. As such, the Group is unable to settle its staff salaries, rental expenses and other accruals in the course of its daily operations. During the nine months ended 30 September 2021, the Group had discontinued the operation of the restaurant under the brand of San Xi Lou as it had ceased to operate at the leased premises in Causeway Bay.
- (iii) As at 30 September 2021, the Group has cash and cash equivalents of HK\$1,986,000 (31 December 2020: HK\$9,024,000) which is insufficient to settle all the current liabilities of HK\$25,854,000 (31 December 2020: HK\$24,658,000).
- (iv) As disclosed in note 10 to the Financial Information, the Group served a number of claims by various parties as a result of arrears rent and salaries. These claims are legal proceedings, and the outcomes might have a significant impact on the continuity of the Group and the Company.

In view of such circumstances, which indicate the existence of uncertainties that may cast doubt about the Group's and the Company's ability to continue as a going concern and therefore, the Group and the Company may be unable to realise its assets and discharge its liabilities in the normal course of business, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and the Company and the available sources of financing in assessing whether the Group and the Company will have sufficient financial resources to continue as a going concern. Certain measures have been taken to mitigate the liquidity pressure and to improve the Group's financial position which include, but are not limited to, the following:

- (a) Management of the Company believes the catering businesses will be recovered upon the COVID-19 is being properly managed. The Group takes active initiative to re-organise its operations by reducing the heavy financial burden on unperforming subsidiaries. During the nine months ended 31 December 2020, management disposed these subsidiaries, to reduce the Group's liabilities and cash outflows. In March 2021, the Group entered into a distributor agreement and a supplementary agreement to the distributor agreement ("**Agreements**"), with a food products supplier to establish a distributorship relationship and the Group as a distributor to purchase food products from the supplier and resell in Hong Kong, the People's Republic of China and Macau to improve the profitability and cash flows of the Group.
- (b) In view of the impact of COVID-19 is still affecting the catering business, the Group has diversified its businesses by developing an online platform to sell and distribute premium grades of Japanese beef and wines. During the nine months ended 30 September 2021, the Group entered distributor's agreements to secure the supply of these stocks. The Group had developed the IT platform for this new business and launched the new business since August 2021. This new business stream is expected to provide additional cash flows for the Group.
- (c) In order to meet the immediate financial obligations, the Company has obtained a loan facility amounting to HK\$10,000,000 from a financing company. The loan facility is designated for new catering business development and is available upon request made by the Group. Management of the Company estimates that the loan facility of HK\$10,000,000, together with the Group's cash and cash equivalents of HK\$1,986,000, the Group and the Company are able to maintain its operations and achieve the measures undertaken by the Group.

- (d) In June and August 2021, the Group had acquired 90% and 10% respectively of a subsidiary, Code Entertainment Limited (“**Code Entertainment**”) at a total consideration of HK\$130,000 and HK\$15,000 respectively. Code Entertainment is principally engaged in operation of a bar. The directors of the Company believe that the acquisition will enhance the Group’s efficiency of operations and allows a better leverage of human resources and implementation of the operation strategies of the Group.
- (e) Management of the Company is working closely with the Group’s lawyers to settle the claims for the benefits of the Group.
- (f) The Group and the Company will continue to seek for alternative financing solutions and/or group reorganisation to turnaround the difficulties encountered by the Group and the Company.

The directors of the Company, has taken into account the abovementioned plans and measures, consider that the Group would have sufficient working capital to finance its operations and to meet its financial obligations as and when they fall due within the next twelve months from the date of the Financial Information. Accordingly, the directors of the Company are of the opinion that it is appropriate to prepare the Financial Information for the nine months ended 30 September 2021 on a going concern basis of accounting.

However, the appropriateness of the going concern basis of accounting is dependent on the assumption that (i) the management of the Group will be able to achieve its plans and measures as described above; (ii) the Group is able to obtain continuous external financial support; (iii) the Group will be able to improve its business operations; and (iv) the Group is able to generate sufficient cash flows and implement exercises to control costs. Should the going concern basis of accounting become inappropriate, adjustments might have to be made to reflect the situation that assets may need to be realised, to provide for any further liabilities which might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments have not been reflected in the Financial Information.

4. APPLICATION OF HONG KONG FINANCIAL REPORTING STANDARDS

The Group has applied all new and revised HKFRSs issued by the HKICPA that are mandatorily effective during the current period and relevant to its operations. The application of such new and amended standards and interpretations does not have material impact on the Financial Information reported and does not result in substantial change to the Group’s accounting policies.

The Group is a Hong Kong based restaurant group that offers Sichuanese and Cantonese under the “San Xi Lou (三希樓)” brand and operates a bar under the brand name “The Code”. The Group’s revenue for the nine months ended 30 September 2021 was primarily derived from catering income through its restaurant and bar. After the disposal of four restaurants under the “Pure Veggie House”, “Man Jiang Hong” and “Ronin” brands in June and July 2020, the Group can focus its available financial resources on the development of its other existing restaurant and businesses.

For the nine months ended 30 September 2021, the Group recorded an increase in revenue of approximately HK\$3.1 million as compared to HK\$ Nil for the nine months ended 30 September 2020. Such increase was mainly due to the reallocation of the comparative figures from restaurants discontinued. The remaining revenue was generated from the new bar acquired in June 2021.

On 13 February 2018 (the “**Listing Date**”), the Shares were successfully listed on GEM by way of Share Offer. After deducting all the relevant commissions and expenses borne by the Company, there was approximately HK\$42.3 million of net proceeds from the Share Offer. The management also actively negotiates with the suppliers, landlords and other business partners to sort out feasible measures to overcome this tough time.
