ANNUAL REPORT 2021

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

*This report, for which the directors (the "**Directors**") of ST International Holdings Company Limited (the "**Company**", together with its subsidiaries, the "**Group**") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "**GEM Listing Rules**") for the purpose of giving information with regard to the Company.*

The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief, the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

Dear Shareholders,

On behalf of the board of directors (the "**Board**") of the Company, I am pleased to present the audited consolidated financial statements of the Company and its subsidiaries (collectively, the "**Group**") for the year ended 31 December 2021 ("**FY2021**").

With regards to our financial performance for FY2021 as compared with the year ended 31 December 2020 ("**FY2020**"), our revenue increased by HK$2,103,000 or 1.7% from HK$120,683,000 to HK$122,786,000 and our gross profit margin increased from 23.6% to 28.3%. The increase in revenue and gross profit margin could be attributed to the steady economic recovery in the People's Republic of China ("**PRC**") from the global outbreak of the novel coronavirus pandemic ("**COVID-19**") since early 2020 and improved pricing of the products offered by the Group under the recovering business environment.

Notwithstanding the increase in revenue and gross profit margin, the loss for the year of the Group in FY2021 was HK$32,503,000, representing a turnaround in financial performance from the profit of HK$6,111,000 in FY2020. Such a turnaround in financial performance in FY2021 was mainly attributed to an one-off provision for bad debt of approximately HK$46.3 million in respect of the entire overdue balance of trade receivables due from a customer.

The directors of the Company remain positive that the economy in the PRC is steadily recovering from global outbreak of COVID-19; the management of the Company will continue to strengthen the Group's position in research and development of new functional fabrics as well as expand into different market segments by strengthening the marketing and sales efforts.

In the long run, the Group is positioned to capture the growing business opportunities and steady long-term growth momentum of the functional fabrics market in the PRC and overseas by continuing development of new functional fabrics and upgrading our standards of quality on the functional fabrics.

Finally, on behalf of the Board, I would like to, once again, express my sincere gratitude to all business partners, customers and suppliers for their ongoing support, as well as our dedicated staff for their strong contributions throughout this challenging year.

Wong Kai Hung, Kelvin
Chairman

Hong Kong, 25 March 2022

Management Discussion and Analysis

BUSINESS REVIEW

The Group is principally engaged in the provision of functional knitted fabrics in the PRC. The products are primarily sold directly to (i) lingerie and apparel brand owners; (ii) sourcing agents; and (iii) garment manufacturers. The Group continues to design functional knitted fabrics through its product innovation capabilities, source its raw materials comprising primarily synthetic fibres and yarns and engage third party factories to carry out production processes comprising yarn spinning, knitting and dyeing, for its direct sales of functional knitted fabrics to the customers. With a view to diversifying the Group's source of revenue and creating cross-selling opportunity, the Group also engages in the sales of apparel to its customers which are lingerie and apparel brand owners.

During 2021, amid the steadily recovering market and business environment from the impacts of COVID-19 outbreak, the Group has continued to grow its business through promoting its functional knitted fabrics and yarns and introducing new customers; and the Group has continued to recruit new talented sales and marketing executives to develop new markets. The Group's business and operation during 2021 were recovering from the adverse impacts of COVID-19 which have affected the Group since early 2020. In 2020, the Group and its customers experienced temporary suspension of business operations due to the implementation of various aggressive preventive control measures for the COVID-19 by the government of the PRC and thus there was a drop in purchase orders received by the Group. As a result of the gradual economic recovery from COVID-19 and the less stringent preventive control measures adopted by the PRC government in 2021, the Group's revenue of FY2021 steadily increased by approximately 1.7% and the gross profit margin increased by around 4.7 percent points when compared with FY2020.

Nevertheless, the Group recorded a net loss after tax of HK$32,503,000 for FY2021 when compared with a net profit after tax of HK$6,111,000 for FY2020. Such turnaround in financial performance was principally attributable to the provision for bad debt, of approximately HK$46.3 million in respect of the entire overdue balance of trade receivables due from a customer in FY2021.

OUTLOOK AND PROSPECTS

The management of the Company is of the view that the Group's business and operation have been recovering from the adverse impacts of COVID-19 since early 2020. The Board expects the recovery of demand for our products will continue and become more significant in 2022 and the management of the Group is closely monitoring the market situation and continuously evaluating the Group's operation and financial performance and will make adjustments to the Group's business plan and operations accordingly, if necessary, so as to capture the momentum of economic recovery in the PRC. The Group will continue to devote more resources towards the research and development of functional knitted fabrics as well as the dyeing methodology to strengthen its competitiveness. The Group will focus on the following business strategies: (i) to strengthen the Group's market position in the PRC by improving its product offering; (ii) to expand into different market segments by strengthening the Group's marketing efforts; and (iii) to recruit talents to support the Group's future growth so as to bring better return to the shareholders of the Company in long term.

FINANCIAL REVIEW

Revenue

The following table sets forth an analysis of our revenue by products during FY2021 and FY2020.

	2021 **HK$'000**	2020 HK$'000
Sales of functional knitted fabrics	**106,144**	104,821
Sales of apparel	**13,877**	11,033
Sales of yarns	**2,765**	4,829
	122,786	120,683

The Group's revenue increased by HK$2,103,000 or 1.7%, from HK$120,683,000 for FY2020 to HK$122,786,000 for FY2021. The increase in revenue was mainly due to the gradual economic recovery from outbreak of COVID-19 since early 2020. There was an increase in revenue from sales of functional knitted fabrics which was resulted from the increase in sales orders from the customers during FY2021 when compared with FY2020, when the business operations of the Group and its customers were temporarily suspended in the first half of 2020 due to outbreak of COVID-19.

Gross profit and gross profit margin

The gross profit increased by HK$6,214,000, or 21.8% from HK$28,478,000 for FY2020 to HK$34,692,000 for FY2021. The increase was mainly due to (i) the increase in sales orders and improved average selling price as a result of the challenging market environment, (ii) the decrease in research and development expenses; and (iii) the decrease in written down of inventories for slow-moving and obsolete inventories of the Group. The gross profit margin increased from 23.6% for FY2020 to 28.3% for FY2021.

Other income

The other income increased by HK$1,378,000 or 57.1% from HK$2,415,000 for FY2020 to HK$3,793,000 for FY2021. Other income mainly comprises of (i) bank interest income; (ii) government grants; (iii) rental income; and (iv) net exchange gain. The increase in other income for FY2021 was mainly due to increase in rental income from leasing out machineries received by a subsidiary of the Company in the PRC.

Selling and distribution expenses

The Group's selling and distribution expenses increased by HK$855,000 or 25.2%, from HK$3,399,000 for FY2020 to HK$4,254,000 for FY2021 which was mainly due to the increase in advertising and exhibition as well as travelling and entertainment expenses since there were more business and marketing activities like exhibitions in 2021 when compared with a temporary suspension of the Group's operation in the first half of 2020 and fewer marketing activities during 2020 due to the outbreak of COVID-19.

FINANCIAL REVIEW *(Continued)*

Administrative and other expenses

The Group's administrative and other expenses decreased by HK$1,521,000, or 7.7%, from HK$19,762,000 for FY2020 to HK$18,241,000 for FY2021. The decrease was mainly caused by (i) a decrease in administrative staff cost of approximately HK$1,616,000 due to decrease in discretionary bonus for administrative staff, administrative staff headcount and scaling down of Beijing office; (ii) decreases in staff welfare, training and entertainment expenses of approximately HK$2,076,000; (iii) a decrease in legal and professional fee of approximately HK$414,000; and (iv) a partial offset by an increase in depreciation of plant and equipment of approximately HK$1,931,000 due to full year's depreciation effect of machineries; and (v) increases in travelling, IT maintenance and miscellaneous expenses of HK$530,000.

Impairment loss on trade receivables

The impairment loss of approximately HK$46,333,000 was made in respect of entire outstanding overdue balance of trade receivables due from a customer during FY2021. The trade receivable was arisen from sales of functional knitted fabrics to such customer in the second half of 2020. While the customer made a partial payment of approximately HK$5.6 million during the first half of 2021, the management had been continuously urging the customer for settlement of the outstanding trade receivables during 2021. The management assessed that the trade receivable from this customer was unlikely recoverable and has therefore already decided to make impairment loss for such trade receivables since the period ended 30 September 2021. The Group has also initiated legal proceedings in September 2021 against this customer in the People's Court of Nan Shan District of Shenzhen with a view to recovering the outstanding trade receivables. As at the date of this report, the legal proceedings are still ongoing.

Finance costs

Our finance costs increased by HK$1,146,000 or 186% from HK$616,000 for FY2020 to HK$1,762,000 for FY2021 due to increase in the bank borrowings during FY2021, compared with FY2020. The bank borrowings were HK$42,808,000 as at 31 December 2021 (HK$21,387,000 as at 31 December 2020).

Taxation

Our income tax expenses decreased significantly by HK$607,000 or 60.4% from HK$1,005,000 for FY2020 to HK$398,000 for FY2021, which is attributed to (i) the recognition of deferred tax assets for the impairment loss of trade receivable for a PRC subsidiary of HK$2,900,000 for FY2021; and (ii) reversal of deferred tax assets for tax loss recognised in previous years by a subsidiary in the PRC of HK$179,000 due to expiry of tax loss utilisation and by a subsidiary in Hong Kong of HK$767,000 after reviewing the probability of utilisation in the foreseeable future. Excluding the effect of one-off provision for doubtful debt of HK$46,333,000 and the aforesaid effect of change in deferred tax assets, the effective tax rate of the Group was approximately 16.5% for FY2021.

Loss/profit for the year attributable to owners of the Company

As a result of the foregoing, the loss for FY2021 attributable to owners of the Company was HK$32,503,000 while the profit for FY2020 attributable to owners of the Company was HK$6,111,000.

FINANCIAL REVIEW *(Continued)*

Cash flows

The net cash generated from operating activities during FY2021 was about HK$30,775,000 while the net cash used in operating activities during FY2020 was about HK$28,751,000. The change from cash used in operating activities to cash generated from operating activities was mainly due to increase in revenue for the year, decrease in trade receivables not yet settled and increase in trade payable before the 2021 year end.

The net cash used in investing activities in FY2021 was about HK$361,000 while the net cash used in investing activities in FY2020 was about HK$5,398,000. The decrease was mainly due to payment for the acquisition of plant and equipment of HK$5,840,000 during FY2020 while the additions of plant and equipment decreased significantly during FY2021.

The net cash generated from financing activities was HK$18,864,000 in FY2021 while the net cash generated from financing activities in FY2020 was HK$14,799,000. The increase was mainly due to increase in bank borrowing in FY2021 when compared with FY2020.

LIQUIDITY, FINANCIAL RESOURCES AND FUNDING

We financed our operation mainly through cash generated from our operating activities and bank borrowings. As at 31 December 2021 and 2020, we had cash and cash equivalents of HK$89,740,000 and HK$38,134,000 respectively.

As at 31 December 2021, the Group had HK$42,808,000 of outstanding bank borrowing and nil bank overdraft (2020: HK$21,387,000 of outstanding bank borrowing and HK$862,000 of bank overdraft). As at 31 December 2021, the Group's borrowings were denominated in Renminbi ("**RMB**").

The Group's gearing ratio, which is calculated based on the total debt (defined as the sum of bank borrowings and overdrafts) as at the respective year end divided by total equity as at the respective year end were 28.2% and 12.4% in percentage as at 31 December 2021 and 2020 respectively.

CAPITAL STRUCTURE

As at 31 December 2021, the capital structure of the Company comprised issued share capital and reserves.

COMMITMENTS

As at 31 December 2021 and 2020, the Group did not have any capital commitment.

SEGMENT INFORMATION

An analysis of the Group's revenue of customers is set out in note 6 to the consolidated financial statements.

SIGNIFICANT INVESTMENTS HELD

The Group did not hold any significant investment during FY2021.

FUTURE PLANS FOR MATERIAL INVESTMENTS AND CAPITAL ASSETS

Save as disclosed in the prospectus of the Company dated 30 April 2018 (the "**Prospectus**"), the Group does not have other plans for material investments and capital assets.

MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES

The Group did not have any material acquisitions or disposals of subsidiaries and affiliated companies during FY2021.

CONTINGENT LIABILITIES

As at 31 December 2021, the Group has no material contingent liabilities.

PRINCIPAL RISKS AND UNCERTAINTIES FACING THE GROUP

The Directors are aware that the Group is exposed to various types of principal risks and uncertainties as discussed below.

Foreign Exchange Risk

The Group's reporting currency is Hong Kong dollar and most of the business transactions are denominated in other currencies including RMB and US Dollar ("**USD**"). Hence, exchange rate fluctuation can affect the profit margin of the Group. Our foreign exchange gains or losses primarily arise from settlement of trade payables denominated in USD and receipt of our trade receivables denominated in RMB and USD. The Group did not use any hedging contracts to engage in speculative activities during FY2021.

Credit Risk

The Group is subject to credit risks of our customers and our liquidity can be affected by timely settlement of our customers. If our customers fail to settle our trade and bill receivables in full or timely within their respective credit period, the Group may incur impairment losses and therefore can adversely affect the financial performance and position. Our senior management manages the credit risks by assessing the credit limits and credit terms granted to customers under the internal control system and works with sales and finance departments to monitor closely the financial health and settlement status of our customers.

Competition Risk

The functional knitted fabrics market in the PRC is fragmented. Our Group faces intense competition, in terms of pricing, product quality, product innovation, product diversity, research and development and cost efficiency, from existing players and new entrants based in the PRC and other countries. The Group believes that the strong product innovation capabilities on functional knitted fabrics and stringent quality assurance and control measures for product quality will continuously strengthen our competitive advantages in the market.

Risks Pertaining to Outbreaks of COVID-19

The Group's business has been, to a certain extent, affected by the global outbreak of COVID-19 in 2020. The global epidemic has resulted in lockdowns and disruptions of transportations in the PRC, and various other countries and regions which has further led to an economic downturn in the global economy during 2020. Notwithstanding that the economies of the PRC and around the world were gradually recovering during 2021, the risk of adverse impact of COVID-19 is still subsisting today. In the event that the outbreak of COVID-19 is not successfully controlled in Hong Kong, China or globally in the near future, the economic activity across many industries in the PRC, Hong Kong or worldwide, will be further adversely affected, which could in turn sustain or enlarge its negative impacts on the overall economy in the PRC, Hong Kong and worldwide. The economic downturn may continuously and adversely affect the consumer sentiment, weakening the demands for our products, and in turn may result in a further reduction of purchase orders for our products by our customers.

CHARGES ON GROUP'S ASSETS

As at 31 December 2021, the Group had HK$42,808,000 bank borrowings secured by personal guarantee provided by Mr. Xi Bin, an executive Director of the Company and his spouse (31 December 2020: HK$21,387,000). During FY2021, the Group's bank facilities were secured by the pledged bank deposits as set out in note 21 to the consolidated financial statements. During FY2021, the Group had lease arrangement in respect of a motor vehicle. The Group's obligation under the lease arrangement was secured by the lessor's title to the leased motor vehicle as set out in note 16(i) to the consolidated financial statements.

INFORMATION ON EMPLOYEES

As at 31 December 2021, the Group had 69 employees (31 December 2020: 79) and most of them were working in the Dongguan headquarters. We incurred staff costs inclusive of performance related bonus, other bonus and directors' emoluments in the aggregate of HK$17,740,000 and HK$17,189,000 for FY2021 and FY2020, respectively. We regularly review the performance of our employees and make reference to such performance reviews in our salary review and promotional appraisal in order to attract and retain talented employees. For our sales staff, we offers a remuneration package comprising basic salary and performance-based bonus.

COMPARISON OF BUSINESS OBJECTIVES WITH ACTUAL BUSINESS PROGRESS

The following is a comparison of the Group's business plan as set out in the Prospectus with actual business progress up to 31 December 2021.

INTRODUCTION

The Group is committed to ensuring high standards of corporate governance and business practices. The Company's corporate governance practices are based on the principles of good corporate governance as set out in the Corporate Governance Code and Corporate Governance Report in Appendix 15 to the GEM Listing Rules (the "**CG Code**"). During FY2021 and up to the date of this report, the Company has complied with all the applicable code provisions of the CG Code which were effective during FY2021. For the purpose of this Corporate Governance Report, references to a provision in the CG Code are references to such then prevailing provisions.

THE BOARD

Responsibilities

The Board is entrusted with the overall responsibility for promoting the success of the Company by providing effective leadership and direction to its business, and ensuring transparency and accountability of its operations. The Board is responsible for all decision-making in respect of all major matters of the Company, including the approval and monitoring of all policy matters, overall strategies and budgets, internal control systems, risk management systems, material transactions (in particular those may involve conflict of interests), financial information, change of Directors, ad hoc projects and other significant financial and operational matters. The Board has the full support of the management of the Group to discharge its responsibilities.

The day-to-day management, administration and operation of the Company are currently delegated to the executive Directors by the Board and the senior management of the Group. The delegated functions and work tasks are periodically reviewed. Approval has to be obtained from the Board prior to any significant transactions. All Directors have full and timely access to all relevant information of the Company, with a view to ensuring that Board procedures and all applicable rules and regulations are followed. Each Director is normally able to seek independent advice in appropriate circumstances at the Company's expense, upon making request to the Board.

In addition, the Board has also delegated various responsibilities to the board committees of the Company. Further details of the board committees of the Company are set out below in this corporate governance report.

The Company has arranged appropriate liability insurance coverage for all the Directors and officers of the Group, including company securities, employment practices, regulatory crisis event, investigation, litigation, tax liabilities and public relation, etc., which is reviewed by the Board on a regular basis.

THE BOARD *(Continued)*

Composition

The nomination committee of the Company (the "**Nomination Committee**") ensures the composition of the Board a balance of skills, experiences, qualifications and diversity of perspectives appropriate to the requirements of the business and development of the Company. The current composition of the Board consists of two (2) executive Directors, one (1) non-executive Director ("**NED**") and three (3) independent non-executive Directors ("**INED(s)**"). INEDs are responsible for exercising independent judgment on various Board decisions. The Directors during the year ended 31 December 2021 were set out below:

Executive Directors

Mr. Wong Kai Hung Kelvin *(Chairman)*
Mr. Xi Bin *(Chief Executive Officer)*

Non-executive Director

Mr. Hung Yuk Miu

Independent non-executive Directors

Mr. Sze Irons, *BBS JP*
Mr. Fong Kin Tat
Mr. Ng Wing Heng, Henry

The current term of appointment of each of the executive Directors is for a term of three (3) years commencing from the 1 April 2020, subject to retirement and re-election in accordance to the articles of association of the Company (the "**Articles**") and the GEM Listing Rules and terminable by either the Company or the executive Director giving each other three-month notice in writing. Each of the INEDs has entered into a letter of appointment with the Company for a term of three (3) years commencing on 23 April 2021 respectively. The current term of appointment of the NED is for a term of three (3) years commencing on 1 November 2020, while the current term of appointment of all INEDs is for a term of three years, commencing on 23 April 2021.

Pursuant to the Article 84(1) and 84(2) of the Articles, each of Mr. Hung Yuk Mui and Mr. Ng Wing Heng Henry will retire from the office of Director by rotation and shall, being eligible for re-election at the forthcoming annual general meeting of the Company to be held on Thursday, 27 May 2022 (the "**2022 AGM**"), offer himself for re-election at the 2022 AGM. The Board and the Nomination Committee of the Company have recommended the re-election of all the retiring Directors standing for re-election at the 2022 AGM.

THE BOARD *(Continued)*

Composition *(Continued)*

The participation of INEDs in the Board brings a diverse range of expertise, skills and independent judgment on issues relating to the Group's strategies, performance, conflicts of interests and management process to ensure that the interests of all shareholders of the Company (the "**Shareholders**") have been duly considered. Each of the INEDs has confirmed in writing his independence to the Company pursuant to Rule 5.09 of the GEM Listing Rules and the Board and the Nomination Committee considered that all INEDs are independent.

There is a balance of skills and experiences for the Board, which is appropriate for the requirements of the business of the Company. The Directors' biographical information is set out in the section headed "Biographical Details of Directors and Senior Management" of this report.

Each of the Board members has no financial, business, family or other material/relevant relationships with each other.

The list of current Directors (by category) is also disclosed in this report and all corporate communications are issued by the Company pursuant to the GEM Listing Rules from time to time. The Company also maintains on its website (www.smart-team.cn) and on the Stock Exchange's website (www.hkexnews.hk) an updated list of current Directors (by category) identifying their roles and functions.

CONTINUOUS PROFESSIONAL DEVELOPMENT

Pursuant to code provision A.6.5 of CG Code, all directors should participate in continuous professional development to develop and refresh their knowledge and skills as to ensure that their contribution to the Board remains informed and relevant.

It is the Company's practice to have each newly appointed Director to receive comprehensive, formal and tailored induction at time around the first occasion of his appointment, so as to ensure that he has appropriate understanding of the Group structure, Board and Board committee meetings procedures, business, management and operations of the Group, etc. and that he is fully aware of his responsibilities and obligations under the GEM Listing Rules and applicable regulatory requirements. During FY2021, no new Director has been appointed.

Besides, the Company keeps circulating information and materials to develop and update Directors' knowledge and skills as and when appropriate. All the information and materials are relevant to the Group's business, the economy, corporate governance, rules and regulations, accounting, financial or professional skills and/or directors' duties and responsibilities. There are also arrangements in place for providing continuing briefing and professional development to each Director. All Directors are encouraged to attend relevant training courses at the Company's expense. The Company Secretary is responsible for keeping records of training taken by each Director.

CONTINUOUS PROFESSIONAL DEVELOPMENT *(Continued)*

The individual training record of each Director received during the year ended 31 December 2021 is set out below:

BOARD MEETINGS

Pursuant to code provision A.1.1 of the CG Code, the Board should meet regularly and Board meetings should be held at least four times a year for reviewing and approving financial statements, operating performance, budgets, rules and regulations, announcements and circulars issued by the Company and considering and approving the progress of the various on-going projects, the overall strategies and policies of the Company. Additional meetings would be arranged if and when required. Annual meeting schedules of each meeting of the Board and for the audit committee (the "**Audit Committee**"), the Nomination Committee, the remuneration committee (the "**Remuneration Committee**") and the corporate governance committee (the "**Corporate Governance Committee**") of the Company (each a "**Committee**" together (the "**Committees**")) are normally made available to Directors in advance. Board members are provided with all agenda and adequate information for their review before the meetings. The Board and Committee members are provided with comprehensive meeting papers and relevant materials within a reasonable period of time in advance of the intended meeting date (in any event no less than 3 days before the date of the meeting). All Directors and the Committee members are given opportunities to include matters in the agenda for regular Board and Committee meetings and/or their meetings, if required. To facilitate the decision-making process, the Directors and the Committee members are free to have access to management for enquiries and to obtain further information, when required.

After the meeting, draft minutes are circulated to all Directors and Committee members for comments. Minutes of Board meetings and Committees' meetings are kept by the Company Secretary and are available for inspection by the Directors at all times.

BOARD MEETINGS *(Continued)*

Directors and Committee members may participate either in person or through electronic means of communications. Directors and Committee members are free to contribute and share their views at meetings and major decisions will only be taken after deliberation at meetings. Directors and Committee members who are considered to have conflict of interests or material interests in the proposed transactions or issues to be discussed will not be counted in the quorum of meeting and will abstain from voting on the relevant resolutions. During the year ended 31 December 2021, the Board scheduled to have at least four regular meetings and at least one meeting for each of the Committees. The individual attendance records of each Director at these meetings are set out below:

	Attendance record of Directors at the meetings					
Name of Directors	**Board**	**Audit Committee**	**Remuneration Committee**	**Nomination Committee**	**Corporate Governance Committee**	**General meeting**

Mr. Fong Kin Tat	5/5	4/4	1/1	N/A	1/1	1/1
Mr. Ng Wing Heng, Henry	5/5	4/4	N/A	1/1	1/1	1/1

Besides the above board meetings, the Chairman of the Board, Mr. Wong Kai Hung Kelvin held one directors' meeting with the INEDs without the presence of other directors during FY2021.

Apart from the said meetings, matters requiring Board approval were also arranged by means of circulation of written resolutions of all Board members.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The Company fully supports the division of responsibility between the chairman of the Board and the chief executive officer to ensure a balance of power and authority. The responsibilities of the chairman of the Board and the chief executive officer are clearly defined. The roles of chairman and chief executive officer of the Company are separate and not performed by the same individual to avoid power being concentrated in any one individual. Mr. Wong Kai Hung Kelvin was the chairman of the Board. Mr. Xi Bin was the chief executive officer of the Company throughout the year.

BOARD COMMITTEES

The Board has established four Committees, namely, the Audit Committee, the Remuneration Committee, the Nomination Committee and the Corporate Governance Committee, for overseeing different aspects of the Company's affairs. All Committees have been established with defined written terms of reference, which are posted on the Stock Exchange's website at www.hkexnews.hk and the Company's website at www.smart-team.cn. All Committees should report to the Board on their decisions or recommendations made. All Committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstance, at the Company's expense.

AUDIT COMMITTEE

The Company established the Audit Committee with written terms of reference adopted on 23 April 2018. The terms of reference of the Audit Committee, which was updated on 1 January 2019, is currently made available on the Stock Exchange's website and the Company's website.

The Audit Committee is delegated with the authority from the Board to provide independent oversight of the Group's financial reporting and internal control systems, and the adequacy of the external audits.

The Audit Committee currently consists of three (3) INEDs, namely Mr. Ng Wing Heng Henry, Mr. Sze Irons, *BBS JP* and Mr. Fong Kin Tat. Mr. Ng Wing Heng Henry currently serves as the chairman of the Audit Committee, who holds the appropriate professional qualifications as required under Rules 5.05(2) and 5.28 of the GEM Listing Rules.

Pursuant to the terms of reference of the Audit Committee and code provision C.3.3 of the CG Code, the members of the Audit Committee should meet at least four times a year to consider the budget, revised budget, quarterly reports, interim report and annual report before submission to the Board and meet the external auditors at least twice a year.

For the year ended 31 December 2021, the members of the Audit Committee met the external auditors for twice, fulfilling the requirement of code provision C.3.3 of the CG Code. During the year ended 31 December 2021, the individual attendance records of each member at the meeting of the Audit Committee is set out on page 22 of this annual report.

During the year ended 31 December 2021, four (4) meetings were held by the Audit Committee, two (2) of which with the presence of the external auditor. During the said two (2) meeting, the following major tasks were performed:

a. reviewing and discussing the interim and annual financial statements, results announcements and reports, the related accounting principles and practices adopted by the Group and the relevant audit findings;

b. reviewing and discussing the risk management and internal control system of the Group;

c. discussing and recommending the re-appointment of external auditor; and

d. reviewing the Company's continuing connected transactions for the year ended 31 December 2021 pursuant to the GEM Listing Rules.

The Board is of the view that the Audit Committee has properly discharged its duties and responsibilities during the year ended 31 December 2021 and up to the date of this report.

AUDITOR'S REMUNERATION

During the year ended 31 December 2021, the fee paid/payable to auditor in respect of audit service and/or non-audit services provided by the auditor to the Group were as follows:

Nature of services	2021 HK$'000	2020 HK$'000
Audit services	**615**	600
Non-audit services	**–**	–

NOMINATION COMMITTEE

The Nomination Committee is delegated with the authority from the Board to formulate and implement the policy for nominating Board candidates for election by Shareholders and to assess INEDs' independence and commitment.

The Company also has a board diversity policy (the "**Board Diversity Policy**") and a nomination policy (the "**Nomination Policy**") in place. The Nomination Policy aims at applying the principles of the Board Diversity Policy and other provisions under the GEM Listing Rules to improve transparency around the process and criteria adopted by the Nomination Committee in selecting and recommending candidates as Directors (including NED and INED(s)).

In identifying suitably qualified candidates to become members of the Board, the Nomination Committee will give adequate consideration to the Board Diversity Policy and the Nomination Policy. While all Board appointments will continue to be made on a merit basis, number of factors will also be taken into account, including but not limited to age, skills, regional and industry experience, cultural and educational background, race, gender and other qualities so as to ensure that the Board was a balance of skills, experiences as well as a diversity of perspectives. In forming its perspective on diversity, the Nomination Committee will also take into account factors based on the Company's own business model and specific needs from time to time.

The Nomination Policy and the Board Diversity Policy are reviewed and shall continue to be reviewed on regular basis.

During the year ended 31 December 2021, the Nomination Committee was satisfied with the diversity of the existing Board composition and did not, for the time being, set up any measurable objective regarding board diversity.

As to the right to nominate, both the Directors and the Shareholders may nominate person(s) to be appointed as a Director. Upon assessing the merits and for INEDs, their independence by the Nomination Committee, the Nomination Committee will make recommendations to the Board. For detailed nomination procedures, please refer to the Nomination Policy and the nomination procedure of the Company uploaded on the Company's website and the Stock Exchange's website.

NOMINATION COMMITTEE *(Continued)*

The Nomination Committee consists of one (1) executive Director, namely Mr. Wong Kai Hung Kelvin, and two (2) INEDs, namely Mr. Sze Irons, *BBS JP* and Mr. Ng Wing Heng Henry. Mr. Sze Irons, *BBS JP* currently serves as the chairman of the Nomination Committee. The primary duties of the Nomination Committee include, among other things, making recommendations on any proposed changes to the Board to complement our Company's corporate strategies.

CORPORATE GOVERNANCE COMMITTEE

The Corporate Governance Committee is also responsible for, among others, performing the corporate governance duties as set out in the code provision D.3.1 of the CG Code, which include:

a. to develop and review our Group's policies and practices on corporate governance and make appropriate recommendations to the Broad;

b. to review and monitor the training and continuous professional development of the Directors and senior management;

c. to review and monitor our Group's policies and practices on compliance with legal and regulatory requirements;

d. to develop, review and monitor the code of conduct and compliance manual (if any) applicable to the Directors and employees; and

e. to review our Group's compliance with the provisions of the CG Code and disclosure in the corporate governance report.

The Corporate Governance Committee currently consists of one (1) executive Director, Mr. Wong Kai Hung Kelvin and two (2) INEDs, namely, Mr. Ng Wing Heng Henry and Mr. Fong Kin Tat. Mr. Wong Kai Hung Kelvin currently serves as the chairman of the Corporate Governance Committee.

During the year, the members of the Corporate Governance Committee have fulfilled the requirement of code provision D.3.2, being responsible for, among other matters, reviewing and monitoring the training and continuous professional development of the Directors; reviewing and monitoring the code of conduct and compliance with legal and regulatory requirements and reviewing the Company's compliance with the CG Code and disclosure in this report.

REMUNERATION COMMITTEE

The Remuneration Committee is delegated with the authority from the Board to establish, review, and make recommendations to the Board on the Group's remuneration policy and practices. The Remuneration Committee ensures that all employees and Directors are appropriately remunerated in accordance with the Group's strategy as well as its long-term and short-term performance.

The Remuneration Committee consists of one (1) executive Director, namely Mr. Wong Kai Hung Kelvin, and two (2) INEDs, namely Mr. Fong Kin Tat and Mr. Ng Wing Heng Henry. Mr. Fong Kin Tat currently serves as the chairman of the Remuneration Committee. The primary duties of the Remuneration Committee include, among other things, making recommendations to the Board on our Group's policy and structure for all Directors' and senior management's remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy and on the remuneration packages of individual executive Directors and senior management. The Remuneration Committee is also responsible for assessing the performance of the Directors and approving the terms of their service contracts.

Pursuant to the code provision B.1.5 of the CG Code, the remuneration of the members of the Board and senior management by band for the FY2021 is set out below:

Directors' Responsibility in Respect of the Financial Statements

The Directors acknowledge their responsibility for preparing the financial statements of the Company for the year ended 31 December 2021.

The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern. The responsibilities of the independent auditor of the Company about their reporting responsibilities on the consolidated financial statements are set out in the Independent Auditor's Report on pages 71 to 75 in this report.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the rules set out in rules 5.48 to 5.67 of the GEM Listing Rules as the code for dealing in securities of the Company by the Directors (the "**Securities Dealing Code**"). Having made specific enquiry, all Directors have confirmed that they have complied with the Securities Dealing Code for the year ended 31 December 2021 and up to the date of this report.

Besides, the Company has adopted internal control policy in relation to the disclosure of inside information of the Company (the "**Inside Information Policy**").

No incident of non-compliance of the Securities Dealing Code and/or the Inside Information Policy was noted by the Company for the year ended 31 December 2021 up to the date of this report.

INTERNAL AUDIT FUNCTION

The Group has not established a standalone internal audit department. However, the Board has put in place adequate measures to perform the internal audit function in relation to different aspects including (i) the Board has established formal policies to apply financial reporting and internal control principles in accounting and financial matters to ensure compliance with the GEM Listing Rules and all relevant laws and regulations and (ii) the Group engaged an external consultant to perform an internal review on certain scope. The internal audit review report is submitted to the Audit Committee for review.

The Group considers that the existing organization structure and close supervision by management and the abovementioned engagement of the external consultant can maintain sufficient risk management and internal control of the Group. The Board will review the need to set up an internal audit function by assessing the size, nature and complexity of the business of the Group from time to time and may set up an internal audit team if the need arises.

INTERNAL CONTROL AND RISK MANAGEMENT

The Board acknowledges that it is its responsibility to ensure that the Company establishes and maintains sound risk management and internal control systems within the Group and to review the effectiveness of the systems. Such systems are designed to manage and mitigate risks inherent in the Group's business to an acceptable level, but not eliminating the risk of failure to achieve business objectives, and can only provide reasonable assurance against material misstatement, loss or fraud.

The Company does not have an internal audit function and the Board has entrusted the Audit Committee with the responsibility to oversee risk management and internal control systems of the Group on an on-going basis and to review the effectiveness of the systems annually. The review covered all material controls, including financial, operational, compliance controls and risk management functions.

Main features of the risk management and internal control systems

The Group's risk governance structure and the main responsibilities of each level of the structure are summarised below:

Board/Audit Committee

- evaluates and determines the nature and extent of the risks it is willing to take in achieving the Group's strategic objectives, and ensures the implementation of an effective risk management and internal control systems; and
- oversees the management in the design, implementation and monitoring of the risk management and internal control systems.

Management

- designs, implements and monitors the risk management and internal control systems;
- identifies and assesses the risks which threaten the achievement of the strategic objectives;
- reviews the risk areas and risk level;
- advises on matters raised by employees and the Company;
- adheres to and complies in relevant laws, rules and regulations
- maintains reliable financial and accounting records in accordance with relevant accounting standards and regulatory reporting requirements
- coordinates and promotes risk management by ensuring that risk and activities processes are operated efficiently and effectively and in compliance with the GEM Listing Rules; and
- reports periodically to the Board.

Process Used to Identify, Evaluate and Manage Significant Risks

The Group's risk assessment processes are summarised as follows:

Risk Identification

- Identifies the risks through discussion with the management and directors of subsidiaries of the Company.

Risk Assessment

- Determines the existing controls and analyses risks in terms of consequence and likelihood in the context of those controls. The analysis considers the range of potential consequences and how likely those consequences are to occur. Consequences and likelihood are combined to produce an estimated level of risk.

Risk Response

- Categorises the risks into low risk, medium risk and high risk;
- Determines the strategy to handle the risk; and
- Develops the risk register and internal control audit plan and determines the frequency of review and control testing on key controls.

Risk Monitoring and Reporting

- on-going communication of monitoring results to the Board which enables it to assess control of the Group and the effectiveness of risk management during the Year, including:
- risk questionnaires completed by the management, risk register and internal control audit plan; and
- fact finding report with recommendations on the review and testing of internal controls on certain operating cycles and areas.

With respect to the procedures and internal controls for the handling and dissemination of inside information, the Group has internal policy and procedures which strictly prohibit unauthorised use of inside information and has communicated that to all staff; the Board is aware of its obligations to announce any inside information in accordance with the GEM Listing Rules and conducts the affairs with reference to the "Guidelines on Disclosure of Inside Information" issued by the Securities and Futures Commission in June 2012. In addition, only the Directors and delegated officers can act as the Group's spokesperson and respond to external enquiries about the Group's affairs. In this regard, the Company has adopted the Inside Information Policy as discussed above.

During the year ended 31 December 2021, the Board has conducted its regular and annual review of the effectiveness of our risk management and internal control systems, in particular, the operational and financial reports, compliance control and risk management reports, budgets and business plans provided by management. The Audit Committee also performs regular review of the Group's performance, risk management and internal control systems and discusses with the Board, in order to ensure effective measures are in place to protect material assets and identify business risks of the Group. Such review during the year ended 31 December 2021 did not reveal any major issues and the Board considers the risk management and internal control systems effective and adequate.

INVESTOR RELATIONS

The Company considers that effective communication with the Shareholders is essential for enhancing investor relations and understanding of the Group's business, performance and strategies.

Shareholders are encouraged to attend the general meetings of the Company and the Directors always make efforts to fully address any questions raised by the Shareholders at the annual general meetings of the Company. The Board reviews and monitors the Group's policies and practices on compliance with legal and regulatory requirements on a regular basis. Any changes in the applicable laws, rules and regulations are brought to the attention of relevant employees and relevant operation units from time to time.

During the year ended 31 December 2021 and up to the date of this annual report, to the best of the Company's knowledge, information and belief, having made all reasonable enquiries, the Group is not aware of any non-compliance in any material respect with the relevant laws and regulations that have a significant impact on the business and operation of the Group for the year ended 31 December 2021. Details of the Company's compliance with the code provisions set out in the Corporate Governance Code and Corporate Governance Report contained in the GEM Listing Rules are provided in the Corporate Governance Report included in this annual report.

BOARD COMMITTEES

The Board has established four Committees, namely, the Audit Committee, the Remuneration Committee, the Nomination Committee and the Corporate Governance Committee for overseeing particular aspects of the Company's affairs. All Committees have been established with defined written terms of reference, which are posted on the Stock Exchange's website at www.hkexnews.hk and the Company's website at www.smart-team.cn. All the Committees should report to the Board on their decisions or recommendations made. All Committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstance, at the Company's expense.

EVENT AFTER THE REPORTING PERIOD

The global outbreak of COVID-19 since January 2020 has, to a certain extent, affected the business and operation of the Group. The global epidemic has continuously resulted in lockdowns and disruption of transportations in various countries and regions as well as led to economic downturn in the global economy. However, the economy in the PRC is already on the way of recovery from pandemic; there has also been certain rebound in demand of our products from our customers in 2021. The Board expects the recovery of demand for our products will continue in 2022 and the management of the Group is closely monitoring the market situation and continuously evaluating the impact of the epidemic to the Group's operation and financial performance and will make adjustments to the Group's business plan and operations, if necessary, so as to capture the momentum of economic recovery for the Group. As at the date of this report, the Board expect the Group's supply chains or sales to major customers will continue to recover from the adverse impact caused by COVID-19.

Other than the aforementioned event, the Board is not aware of any significant event after the reporting period of the Group that requires disclosure.

ANNUAL GENERAL MEETING

The 2022 AGM will be held on 27 May 2022 and the notice of the 2022 AGM will be published and despatched to the shareholders of the Company in accordance with the Company's Articles and the GEM Listing Rules in due course.

CLOSURE OF REGISTER OF MEMBERS

To ascertain the entitlement to attend and vote at the 2022 AGM, the register of members of the Company will be closed from 24 May 2022 to 27 May 2022, both days inclusive, during which period no transfer of shares of the Company will be registered. In order to qualify for the entitlement to attend and vote at the 2022 AGM, all transfer of shares accompanied by the relevant share certificates must be lodged with the Company's branch share registrar and transfer office in Hong Kong, Tricor Investor Services Limited at Level 54, Hopewell Centre, 183 Queen's Road East, Hong Kong by 4:30 p.m. on 23 May 2022 (Hong Kong time).

AUDITOR

The consolidated financial statements for the year ended 31 December 2021 have been audited by SHINEWING (HK) CPA Limited ("**SHINEWING**"), the auditor of the Company, who will retire at the conclusion of the 2022 AGM and being eligible, offer themselves for re-appointment. A resolution for the re-appointment of Shinewing as auditor of the Company will be proposed at the 2022 AGM.

INTRODUCTION

ST International Holdings Company Limited (the "**Company**") together with its subsidiaries (the "**Group**" or "**we**"), are principally engaged in the provision of functional knitted fabrics and apparel in the People's Republic of China (the "**PRC**").

The Group is pleased to present the Environmental, Social and Governance Report (the "**ESG Report**") of the Group for the financial year ended 31 December 2021 ("**FY2021**"). The ESG Report not only elaborates the Group's commitments and strategies on corporate social responsibility but also summarises our Environmental, Social and Governance ("**ESG**") initiatives, plans and performance in sustainable development.

The Group believes that sustainability is an essential element of continuous success, therefore we have integrated this key concept into our business strategy. In order to pursue a successful and sustainable business model, the Group has integrated different ESG aspects into our risk management system. We adhere to the ESG management direction in accordance with the concept of sustainable development and are committed to progressing effectively against ESG affairs of the Group.

The ESG Governance Structure

The Group is committed to facilitating the development of a corporate culture in which ESG practices are fully integrated into daily business operations. To achieve this goal, the Group has developed a framework to ensure ESG governance is aligned with its strategic growth, while incorporating ESG considerations into its decision-making process. The Group's ESG governance is overseen by functional groups from all levels of the organisation, which comprises of the board of directors (the "**Board**") and the ESG taskforce (the "**Taskforce**").

The Board is ultimately responsible for the management approach, strategies and reporting of the Group's ESG matters. In order to better evaluate, prioritise and manage the Group's ESG-related issues, the Board discusses and reviews the Group's ESG-related risks and opportunities, performance, goals and targets with the assistance of the Taskforce. Based on the recommendation from the Taskforce, the Board also reviews the progress towards achieving the ESG-related goals as well as the effectiveness of management approach and strategies. In addition, the Board sets the general directions of the Group's ESG strategies and ensures the effectiveness of ESG risk management and internal control mechanism.

The Taskforce, comprising of core members from different departments of the Group, is responsible for collecting information relevant to the ESG aspects for the purpose of preparing the ESG reports. The Taskforce reports directly to the Board on a regular basis, assists in identifying and assessing ESG-related risks of the Group, and assesses the effectiveness of the Group's ESG risk management and internal control mechanism. The Taskforce also examines and evaluates the Group's performance in different aspects such as environment, safe workplace, labour standards, and product responsibility in the ESG perspectives.

REPORTING SCOPE

The Group identifies the reporting scope based on the materiality principle and considers the core business and main revenue sources. As there were no material changes in the Group's main operational structure during FY2021, the reporting scope of the ESG Report continues to align with the annual report which covers the Company's subsidiaries, including Dongguan Smart Union Textiles Technology Co., Ltd, Guangdong Smart Team Textiles Technology Co., Ltd ("**Smart Team**"), and Magic Team (Beijing) International Fashion Design Co., Ltd in the PRC, as well as the Group's headquarter in Hong Kong. The Group will continue to assess the major ESG aspects of different businesses and extend the scope of disclosures when and where applicable.

CHAIRMAN STATEMENT

Dear Stakeholders,

On behalf of the Board of the Group, I am pleased to present the ESG Report for the year ended 31 December 2021, which provides an annual update on the ESG performance of the Group.

Sustainability is a vital aspect for the long-term success of a business. The Group has incorporated sustainable development into its strategies and built an effective governance structure, namely the Board and the Taskforce, to monitor and review the ESG-related issues of the Group. The risk management and internal control frameworks provide a structured approach for the Board to formulate policies and ensure effective execution. More information about the Group's governance structure is stated in the section "The ESG Governance Structure".

The Group continuously communicates with its stakeholders to understand their concerns and fulfil their expectations. In order to identify and assess the material concerns of the Group's stakeholders, the Group has conducted materiality assessment surveys and other stakeholder engagement activities. The assessment helped us to determine the factors that have material impacts on the Group's sustainable growth and incorporated them in the development of its ESG strategies and targets. More information about the Group's material issues is stated in the sections headed "Stakeholder Engagement" and "Materiality Assessment".

The Group also set various ESG-related targets on relevant key performance indicators (the "**KPIs**"). The ESG-related targets were approved by the Board and the progress will be reviewed by the Taskforce annually. The Taskforce makes full use of the available ESG data to compare the performance between different years and reports to the Board periodically. Aiming to achieve the targets, the Group is committed to implementing various measures, which will be mentioned in this ESG Report. The Board believes the ESG-related targets can enhance the Group's corporate social responsibility performance as well as the ESG awareness of the stakeholders.

Finally, on behalf of the Board, I would like to, once again, express my sincere gratitude to my fellow directors, the management team, all employees and stakeholders for their strong contributions to the Group's sustainable development.

REPORTING FRAMEWORK

The ESG Report has been prepared in accordance with the Environmental, Social and Governance Reporting Guide ("**ESG Reporting Guide**") as set out in Appendix 20 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited.

During FY2021, the Group confirmed that it has established appropriate and effective management policies and internal control systems for ESG issues and confirmed that the disclosed contents in the ESG Report comply with the requirements of the ESG Reporting Guide.

Information relating to the Group's corporate governance practices has been set out in the Corporate Governance Report of this annual report.

Reporting Principles

The Group attaches great importance to materiality, quantitative and consistency during the preparation for the ESG Report, the Group has applied these reporting principles listed in the ESG Reporting Guide as the following:

Materiality: Materiality assessment was conducted to identify material issues during FY2021, thereby adopting the confirmed material issues as the focus for the preparation of the ESG Report. The materiality of issues was reviewed and confirmed by the Board and the Taskforce. Details will be mentioned in the section headed "Materiality Assessment".

Quantitative: The standards, methodologies and applicable assumptions used in the calculation of the ESG KPIs and relevant data in the ESG Report were supplemented by explanatory notes to establish benchmarks where feasible.

Consistency: The preparation approach of the ESG Report was substantially consistent with the previous year. If there are any changes that may affect comparison with previous reports, explanations will be provided to the corresponding data.

REPORTING PERIOD

The ESG Report specifies the ESG activities, challenges and measures being taken during the year ended 31 December 2021.

STAKEHOLDER ENGAGEMENT

We value our stakeholders and their feedback regarding our businesses and ESG aspects. To understand and address their key concerns, we have been maintaining close communication with our stakeholders. We will continuously increase the involvement of stakeholders via constructive conversation to chart a course for long-term prosperity. The Group's communication channels with the key stakeholders and their respective expectations are summarised as follows:

Stakeholders	Expectations	Communication Channels

We welcome comments and suggestions from stakeholders. We are pleased to receive your valuable feedback on the ESG Report and/or our sustainability performance. Please feel free to share your feedback by email at yanminli@smart-team.cn.

A. ENVIRONMENTAL

A1. Emissions

The Group emphasises good environmental management and strives to protect the environment in order to fulfil the social responsibilities of the Group. Therefore, we have implemented an Environmental Management Policy and an environmental management system, with the aim to prevent pollution and to minimise any potential environmental impacts. One of our subsidiaries, Smart Team is accredited with ISO 14001:2015 Environmental Management System.

As all production processes of the Group have been out-sourced to third-party factories, the Group's daily operations have limited impact on the environment while its emissions are limited to exhaust gas emissions from vehicles, greenhouse gas ("**GHG**") emissions and non-hazardous waste. However, we strive to minimise potential environmental impacts caused by third-party factories by ensuring that they have obtained relevant environmental permits mandatory for their manufacturing activities and have complied with relevant environmental laws and regulations before entering into business relationships with them. We are committed to promoting a green environment by implementing a variety of environmentally friendly business practices, educating our employees to enhance their environmental protection awareness and complying with relevant environmental laws and regulations.

During FY2021, the Group was not aware of any material non-compliance with environmental related laws and regulations, including but not limited to the Environmental Protection Law of the People's Republic of China, the Prevention and Control of Atmospheric Pollution of the People's Republic of China, the Hong Kong Waste Disposal Ordinance, and the Water Pollution Control Ordinance that would have a significant impact on the Group.

Exhaust Gas Emissions

The Group's major source of exhaust gas emissions was originated from petrol consumption by vehicles. In response to the above source, the following emission reduction measures are adopted to minimise the impacts:

- Conduct regular vehicle inspection and maintenance to maintain efficiency of vehicles;
- Remind employees to turn off the engines of idling vehicles;
- Encourage the use of public transportation for business travel;
- Reduce the number of business trips by utilising electronic communication means such as video conferences; and
- Actively adopt measures to reduce emissions, and relevant measures will be described in the section headed "GHG Emissions" under this aspect.

Summary of the Group's exhaust gas emissions performance was as follows:

Indicator	Unit	Emissions	
		FY2021	FY2020
Nitrogen Oxides (NOx)	kg	84.49	98.53
Sulphur Oxides (SOx)	kg	0.11	0.11
Particulate Matter (PM)	kg	8.01	9.36

GHG Emissions

The major sources of the Group's GHG emissions were generated from petrol consumption of vehicles (Scope 1), purchased electricity (Scope 2), and employee business-related air travels (Scope 3). In response to the growing concerns about climate change, the Group has set a target to reduce the total GHG emissions intensity (tCO_2e per employee) by at least 3% by the financial year ended 31 December 2025 ("**FY2025**") compared to FY2021. To achieve this target, we have adopted the following measures to reduce GHG emissions derived from business operation:

- Actively adopt measures to reduce emissions generated from petrol consumption of vehicles which are described in the section headed "Exhaust Gas Emissions" under this aspect; and

- Actively adopt environmental protection, energy conservation and water conservation measures which are described in the sections headed "Energy Management" and "Water Management" under aspect A2.

Due to the steady business recovery from the outbreak of the novel coronavirus pandemic ("**COVID-19**") in the PRC, the Group's total GHG emissions intensity increased slightly by approximately 5% during FY2021. Summary of the Group's GHG emissions performance was as follows:

Indicator[1]	Unit	Emissions	
		FY2021	FY2020
Direct GHG emissions (Scope 1)			
• Fuel consumed by vehicles	tCO_2e	19	21
Indirect GHG emissions (Scope 2)			
• Purchased Electricity	tCO_2e	32	29
Indirect GHG emissions (Scope 3)			
• Business air travel	tCO_2e	11	18
Total GHG emissions (Scope 1, 2 and 3)	tCO_2e	62	68
Total GHG emissions intensity[2]	tCO_2e/employee	0.90	0.86

Note:

1. GHG emissions data is presented in terms of carbon dioxide equivalent and based on, including but not limited to, The Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standards issued by the World Resources Institute and the World Business Council for Sustainable Development, How to prepare an ESG Report – Appendix II: Reporting Guidance on Environmental KPIs issued by The Stock Exchange of Hong Kong Limited, Global Warming Potential Values from the IPCC Fifth Assessment Report, 2014 (AR5), the latest emission factors of China's regional power grid basis, and 2020 Sustainability Report published by Hong Kong Electric Investments.

2. As at 31 December 2021, the Group had a total of 69 employees (as at 31 December 2020: 79 employees). This data has also been used for calculating other intensity data.

Sewage Discharge

As the Group has outsourced the production processes to third-party factories, sewage generated was mainly resulted from water consumed by employees. The sewage discharged by the Group are discharged into the municipal sewage pipe network to the regional water purification plant, thus water consumed by the Group is considered as sewage discharged. The data on water consumption and corresponding water conservation measures are described in the section headed "Water Management" under aspect A2.

Waste Management

Hazardous Wastes

Hazardous wastes generated by the Group were mainly office supplies such as toner cartridges and light tubes. However, they were only consumed in a relatively small amount and were collected by the property management company, therefore they are considered as immaterial to the Group. Despite the Group has generated an insignificant amount of hazardous wastes, we have established guidelines in governing the management and disposal of hazardous wastes. In case there are any hazardous wastes produced, the Group is required to engage a qualified chemical waste collector to handle such wastes, and comply with relevant environmental rules and regulations.

Non-hazardous Wastes

The non-hazardous wastes generated by the Group's business activities were mainly general wastes. For non-hazardous waste management, the Group adheres to the principles of reduce, reuse and recycle to handle and dispose of wastes generated by our business activities. All of our waste management practices are in compliance with relevant environmental laws and regulations. We have taken the following measures to reduce non-hazardous wastes in our business operation:

- Use reusable products instead of one-off office supplies whenever possible;
- Extend stationery life cycle by reusing envelopes and refilling pens;
- Place recycling bins in office areas to improve employees' recycling habits;
- Distribute office memos to remind staff to only print necessary materials to avoid wastage;

- Use recycled paper for printing and copying; and
- Promote double-sided printing to utilise the use of paper efficiently.

With the above waste reduction initiatives in place, employees' waste reduction awareness has been increased. During FY2021, the Group disposed approximately 0.32 tonnes of paper (FY2020: approximately 0.75 tonnes). The Group's paper waste intensity has decreased by approximately 50% from approximately 0.01 tonnes of paper per employee in FY2020 to approximately 0.005 tonnes of paper per employee in FY2021.

The Group has also set a target of reducing the paper waste intensity (tonnes per employee) by at least 3% by FY2025 compared to FY2021. To achieve this target, the Group continues to place great effort in adopting different environmentally friendly initiatives to minimise paper wastes generated from its business operations.

In regard to general waste, since such waste was mainly collected and managed by the property management office, the Group does not have the record of general waste being disposed of during FY2021. In addition, waste fabrics are generated in the course of operation due to the Group's business nature. However, all waste fabrics generated by the Group during FY2021 were sold to third party manufacturers.

A2. Use of Resources

The Group advocates and encourages the principle of effective utilisation of resources, and is devoted to the optimisation of the use of resources in all of its business operations. We promote a green office and operation environment and continue with initiatives to introduce resource efficiency and eco-friendly measures to the Group's operations.

The Group has established relevant policies and procedures in governing the use of energy and water so as to achieve higher efficiency and reduce unnecessary use of resources.

Energy Management

The Group has developed related energy measures and initiatives on the efficient use of energy, and such measures and initiatives are formally documented in the Environmental Management Policy. Employees are required to follow and comply with the related measures and initiatives and assume responsibility for the Group's overall energy efficiency. To continuously enhance the Group's energy consumption performance, an energy management system has been established and we regularly review and assess our energy consumption objectives and targets. Unexpected increases in energy consumption will be investigated for the root causes, and corresponding preventive measures will be taken when deemed necessary.

In addition, the Group has set a target of reducing the total energy consumption intensity (MWh per employee) by at least 3% by FY2025 compared to FY2021. The Group has introduced various measures and initiatives so as to achieve the target. Such measures and initiatives included but not limited to the following:

- Turn off all unnecessary lightings and use natural lightings as far as practicable;
- Set the air conditioning system at a minimum of 25.5°C;
- Clean filters of the air-conditioning system regularly to maintain its efficiency;
- Allow employees to dress light in hot weather and Fridays so as to reduce the use of air conditioning; and
- Set computers and other information and communication technology equipment to automatic standby mode or switch them off when not in use.

The Group's total energy consumption intensity increased by approximately 14% during FY2021. The increase was mainly attributed to the steady business recovery from the outbreak of COVID-19 in the PRC. Summary of the Group's energy consumption performances was as follows:

Energy types	Unit	Consumption	
		FY2021	FY2020
Direct energy consumption	MWh	70	76
Indirect energy consumption	MWh	61	55
Total energy consumption	MWh	131	131
Total energy consumption intensity	MWh/employee	1.90	1.66

Water Management

The Group's water consumption comprised mainly of domestic water used within the office areas. Committed to water conservation, the Group has set a target of reducing the total water consumption intensity (m^3 per employee) by at least 3% by FY2025 compared to FY2021. To achieve the target, we encourage all employees to develop the habit of water conservation. We have also been strengthening our water-saving promotion, such as posting water saving reminders and guiding employees to consume water reasonably. The following are measures that we have implemented to increase water use efficiency:

- Recycle and reuse grey water for cleaning and watering plants in offices;
- Reduce water pressure to the lowest practicable level; and
- Fix dripping taps to avoid further leakage and wastage.

During FY2021, the Group's total water consumption intensity increased by approximately 52%. The increase was mainly attributed to the steady business recovery from the outbreak of COVID-19 in the PRC. Summary of the Group's water consumption performance was as follows:

Indicator	Unit	Consumption	
		FY2021	FY2020
Water consumption	m^3	368	277
Water consumption intensity	m^3/employee	5.33	3.51

Due to the Group's business nature, the Group did not encounter any problem in sourcing water that is fit for purpose.

Use of Packaging Material

As the Group's production processes had been outsourced to third-party factories, the operation of the Group did not involve any use of packaging materials.

A3. The Environment and Natural Resources

The Group pursues the best practices for environmental protection and focuses on the Group's business impacts on the environment and natural resources. For the purpose of protecting the natural environment, as well as achieving environmental sustainability, the concepts of environmental protection and natural resource conservation have been integrated into our internal management and daily operations in addition to operating in compliance with relevant environmental laws and international standards. Although the core business of the Group only has a minor impact on the environment and natural resources, as an ongoing commitment to good corporate social responsibility, the Group is determined to minimise any negative environmental impacts in its business operations. The Group regularly assesses the environmental risks of its business and adopts preventive measures to reduce the risks and ensures compliance with relevant laws and regulations.

Green Operation

To enhance working efficiency, the Group is committed to providing employees a comfortable and green working environment. The Group maintains office order and environmental sanitation and keeps the office clean and tidy. In addition, the indoor air quality of the workplace is regularly monitored and measured. The indoor air quality is controlled and maintained by installing air purification equipment in the workplace and regularly cleaning air-conditioning systems to ensure its effectiveness in filtering pollutants and dust.

A4. Climate Change

The Group is committed to managing the potential climate-related issues which may impact its business activities. The Group has formulated climate-related policies, and constantly identifies and analyses the risks and opportunities associated with climate change and takes those factors into consideration in the formulation of business strategies.

The Group has conducted a climate change assessment and identified risks and opportunities making reference to the recommendations of the Task Force on Climate-related Financial Disclosures ("**TCFD**"). The Group also incorporates ESG-related risks such as climate risk into its risk management system to identify and mitigate risks that may affect the Group. Besides, to gradually reduce GHG emissions and make contributions to mitigating climate change, the Group has formulated emissions reduction target and corresponding measures, which are described in section headed "GHG Emissions" under aspect A1.

Physical Risks

Extreme weather events, such as typhoons, storms and floods incurred by climate change may also bring financial losses to the Group. Extreme weather events may force the Group to suspend operation partially, damage machines in the suppliers' garments factories, make employees unable to go to work as usual, interrupt transportation and supply chain, and even threaten the safety of employees of the Group. As a countermeasure, the Group has set up emergency measures for the above conditions, guiding employees' work arrangements and management methods under extreme weather conditions.

Transition Risks

The Group anticipates that there will be more stringent climate legislations and regulations to support the global vision of carbon neutrality. If the Group fails to comply with the laws and regulations as applicable to its businesses from time to time, its business operations may be affected. Negative publicity may also arise due to failure to meet the compliance requirements for climate change. The Company's related capital investment and compliance costs may thus increase. In response to the policy and legal risks as well as the reputation risks, the Group regularly monitors existing and emerging trends, policies and regulations relevant to climate and be prepared to alert the top management where necessary to avoid cost increments, non-compliance fines or reputational risks due to delayed response.

B. SOCIAL

B1. Employment

Human resource serves as the basis for the continuous development of the Group. The Group believes sustainable and continuous success relies heavily upon the ability to attract, develop and retain talents. Therefore, we adhere to a people-oriented principle, respect and protect the legitimate rights and interests of every employee. We regulate and manage the employment process, protect employees' occupational health and safety, strengthen democratic management style, safeguard the interests of employees and value employees' enthusiasm, initiative and creativity so as to build a harmonious labour relationship.

Relevant employment policies of the Group have been formally documented in the employee handbook of the Group ("**Employee Handbook**"), covering recruitment, promotion and dismissal, remuneration and benefits, diversity and equal opportunities, etc. Our policies and employment process are reviewed on a regular basis to ensure the continuous improvement of our employment standards.

During FY2021, the Group was not aware of any material non-compliance with employment-related laws and regulations, including but not limited to the Labour Law of the People's Republic of China, the Labour Contract Law of the People's Republic of China, the Social Insurance Law of the People's Republic of China and the Hong Kong Employment Ordinance that would have a significant impact on the Group.

Responsible Employment

Recruitment, Promotion and Dismissal

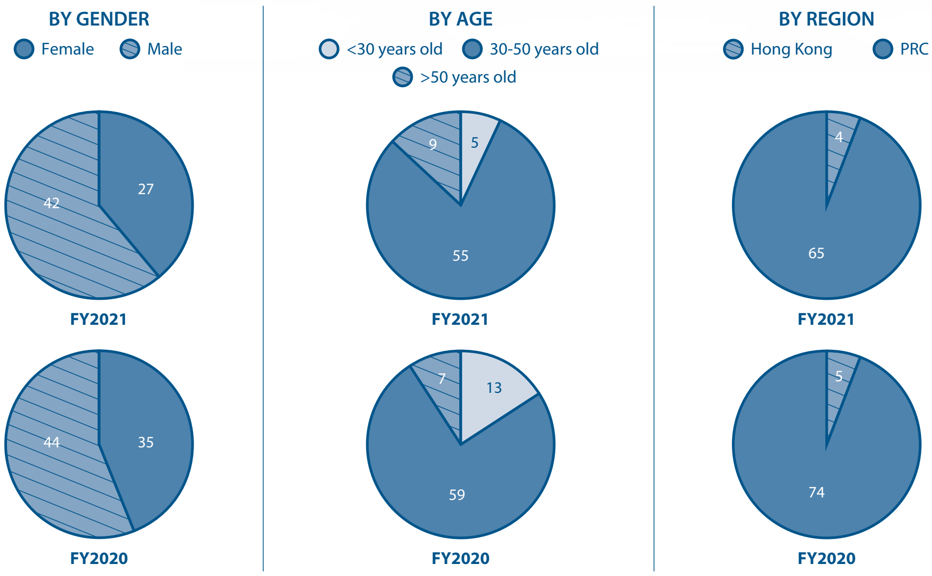
The Group seeks to build an elite workforce by recruiting outstanding employees. We adhere to a transparent and fair principle to our robust recruitment process based on merit selection against the job criteria applied. Recruitment of individuals are based on their suitability for the positions and potential to fulfil the Group's current and future needs, regardless of their race, gender, religion, physical disability, marital status, sexual orientation, etc.

The Group offers promotion and development opportunities for outstanding employees through an open and fair assessment system so as to explore their capability, assist them on career development and contribute to the Group's sustainable growth. Staff performance reviews are carried out regularly to assess employees' work performance based on the principle of meritocracy, talents and competitiveness on an open and fair basis.

Furthermore, the Group does not tolerate the dismissal of employees under any unreasonable basis, and exit interviews are required to be conducted with the resigned staff to collect opinions for any possible improvements on the Group's policies.

As at 31 December 2021, the Group had a total of 69 employees (as at 31 December 2020: 79 employees), all of which were full-time employees. The following graphs show our employees' diversity by gender, age group and geographical region.

TOTAL WORKFORCE



During FY2021, the Group's overall turnover rate was approximately 49%. The employee turnover rate by gender, age group and geographical region is as follows:

Turnover Rate[3]	FY2021
Gender	
Male	29%
Female	70%
Age Group	
Age 30 or below	42%
Age 31-50	31%
Age 51 or above	22%
Geographical Region	
The PRC	48%
Hong Kong	25%

Note:

3. The turnover rate is calculated by dividing the number of employees leaving employment in the specified category during FY2021 by the number of employees as at 31 December 2021 in the specified category.

Remuneration and Benefits

The Group has established a fair, reasonable and competitive remuneration system. Our basis to determine one's remuneration includes job-related skills, qualifications, experiences, capability, work performances, and prevailing market remuneration rate. Staff performance reviews are conducted regularly to assess the performance of each employee so as to decide the salary adjustments. Employees' remuneration is composed of basic salary, performance bonus, overtime pay, full attendance award, related subsidies and various bonuses.

The Group signed and executed labour contracts with all employees in accordance with the Labour Contract Law of the PRC and the Employment Ordinance of Hong Kong. The Group pays five social insurances and one housing fund for its employees in the PRC in compliance with the relevant laws and regulations of the PRC, namely endowment insurance, medical insurance, unemployment insurance, work injury insurance, maternity insurance and housing provident fund to ensure employees are covered by social insurance. We also remit contributions to the Mandatory Provident Fund retirement benefit scheme under the Hong Kong's Mandatory Provident Fund Schemes Ordinance for employees in Hong Kong.

In addition to the remuneration package, there is an assortment of welfare offered by the Group. The benefit system of the Group is divided into three parts, which are statutory benefits, caring benefits and incentive benefits.

STATUTORY BENEFITS	CARING BENEFITS	INCENTIVE BENEFITS
• Five social insurances and one housing fund for employees in the PRC • MPF for employees in Hong Kong • All statutory holidays	• Lunch allowance • High-temperature allowance • Free accommodation • Paid annual leave, maternity leave, paternity leave, marriage leave, funeral leave, and sick leave	• Wage for seniority • Long service allowance • Performance based salary • Year-end bonus

Equal Opportunities and Anti-discrimination

We are committed to creating and maintaining an inclusive and collaborative workplace culture in which all staff can thrive. We are dedicated to providing equal opportunities in all aspects of employment and maintaining workplace free from discrimination, physical or verbal harassment against any individual on the basis of age, colour, gender, marital status, physical or mental disability, place of origin, race, religion, and sexual orientation. We have zero tolerance for sexual harassment or abuse in the workplace in any form. Any employee who is intimidated, humiliated, bullied or harassed (including sexual harassment) may report to the employee's representative, or file complaints directly to the management representative or the general manager, and the Group will take a serious approach to resolve these issues upon receiving the said complaint.

Work-life Balance

The Group recognises the importance of maintaining a healthy lifestyle and work-life balance for our employees. Thus, the Group strives to establish a harmonious labour relationship and working environment which promote positive and healthy lifestyle and avoid overtime of employees working as far as reasonably practicable. We will also organise football games and matches on a regular basis.

B2. Health and Safety

The Group values the importance of employees' health and safety, and is committed to providing employees with a healthy, safe and comfortable working environment. We strive to eliminate potential workplace health and safety hazards, and safety management measures in all aspects are implemented to enhance employees' health and safety during work. We have established an occupational health and safety system and obtained the certificate of OHSAS 18001 Occupational Health and Safety Management System for Smart Team.

During FY2021, the Group was not aware of any material non-compliance with health and safety related laws and regulations, including but not limited to the Law of the People's Republic of China on the Prevention and Control of Occupational Diseases, and the Occupational Safety and Health Ordinance of Hong Kong that would have a significant impact on the Group.

During the Year, there were no work-related injuries nor lost days due to work-related injury reported in the Group. In addition, there were no work-related fatalities that occurred in each of the past three years including FY2021.

Safe Working Environment

To pursue an injury-free working environment, the Group requires all employees to receive safety trainings before the commencement of work. We also emphasise to our employees that strict compliance with safety requirements is vital to protect themselves from accidents and injuries. Safety guidelines are provided to our employees who work in our third-party manufacturers' production facilities. When safety issues are spotted, employees are required to report in a timely manner. The Group has also formulated a series of emergency plans in case of any accidents and organised fire drills on a regular basis to further reinforce employees' safety awareness.

In response to the outbreak of COVID-19, the Group has implemented a series of precautionary measures in accordance with regional laws and regulations to ensure the health and safety of our employees. An Epidemic Prevention and Control Team was established to implement the disease prevention and control measures and monitor their corresponding effectiveness. In addition to requiring employees to check their temperature daily, all personnel are required to wear facial masks at all times within the Group's premises. The Group has also imposed measures to avoid the spreading of COVID-19, such as providing alcohol-based hand sanitisers to everyone and increasing the frequency of deep cleaning and disinfection in common areas.

B3. Development and Training

The Group considers our staff as one of the most precious assets and resources. We recognise the valuable contribution our talents made towards the continuing success of the Group. We are committed to investing in our human capital towards delivering excellence and striving to create an intellectually-stimulating environment within which employees do not only develop basic skills and knowledge but also specific talent and ability. This is achieved through the continuous development of training strategies that focuses and emphasises on creating values and serving the needs of our customers, our talents and society.

Training and Career Development

Relevant training procedures have been developed so as to standardise the management of employees' training. The Group has also formulated a training management system and is formally documented in the Employee Handbook.

New employees are required to attend mandatory induction courses to ensure that they are well equipped with the necessary skills to perform their duties. The Group also provides regular trainings to our employees on areas including but not limited to technical know-how, industrial knowledge and hands-on skills. Training contents are updated regularly to ensure that the materials are up to date and thus able to enhance the skills, knowledge, and competency of our employees.

In addition to internal trainings, the Group encourages and supports employees to participate in external personal and professional trainings to fulfil the needs of the Group's development. To encourage employees in taking the initiative in learning and pursuing further career development, we offer reimbursements to our employees who have received relevant trainings and completed development programs that pertain to their respective work positions and skills. We also encourage our research and development personnel to participate in trainings provided by external research institutions, such as Donghua University, in order to maintain our capability and competitiveness in the product developing industry.

During FY2021, the Group provided training to approximately 12%[4] of its employees, with an average training time[5] of approximately 11 hours.

		FY2021		
		Percentage of Trained Employee[6] (%)	Breakdown of Trained Employee[7] (%)	Average Training Hours[8] (hours)

4. This percentage is calculated by dividing the total number of employees who took part in training during FY2021 by the total number of employees as at 31 December 2021.

5. The average training hours per employee is calculated by dividing the total number of training hours during FY2021 by the total number of employees as at 31 December 2021.

6. The percentage of trained employees by category is calculated by dividing the number of employees in the specified category who took part in training during FY2021 by the number of employees in the specified category as at 31 December 2021.

7. The breakdown of trained employees by category is calculated by dividing the number of employees in the specified category who took part in training during FY2021 by the total number of employees who took part in training as at 31 December 2021.

8. The average training hours by category is calculated by dividing the number of training hours for employees in the specified category during FY2021 by the number of employees in the specified category as at 31 December 2021.

B4. Labour Standards

Child and forced labour are strictly prohibited throughout the recruitment process as defined by laws and regulations. The Group has established a sophisticated recruitment process to examine candidates' background and official reporting procedures to handle any exceptions. Personal data are collected during the employment process to assist in the selection of suitable candidates and to verify candidates' personal data. The human resources department of the Company confirms/verifies that the identity documentations of candidates are carefully checked. Once the Group discovers any case which fails to conform to the relevant labour laws, regulations or standards, the relevant employment contract will be immediately terminated.

Furthermore, employees overtime working is based on voluntary principle so as to avoid the violation of labour standards and safeguard the rights and interests of employees. Overtime salary or compensatory leave are also required to be provided afterwards. To prevent any form of forced labour, a job description outlining the principal responsibilities of employee is attached in the labour contract. The Group also prohibits any punitive measures, management methods and behaviours such as abusive, corporal punishment, violence, mental stress, sexual harassment (including inappropriate language, posture and physical contact) for any reason. At the same time, the Group also refrains from engaging with third-party factories and any suppliers who are aware of child labour or forced labour in their operations.

During FY2021, the Group was not aware of any material non-compliance with laws and regulations related to the prevention of child labour and forced labour, including but not limited to the Labour Law of the People's Republic of China, the Labour Contract Law of the People's Republic of China and the Hong Kong Employment Ordinance that would have a significant impact on the Group.

B5. Supply Chain Management

As a socially responsible enterprise, the Group emphasises heavily on the management of potential environmental and social risks in our supply chain. We have established the Procurement and Payment Management System that all suppliers are evaluated carefully and subjected to regular monitoring and assessments on a regular basis. During FY2021, the Group had a total of 65 suppliers which were all located in the PRC. All of them were engaged and evaluated under the aforementioned practices.

Procurement Practices

The Group has established a meticulous supplier selection system. During the supplier selection process, we review not only suppliers' basic information, but also consider a number of other factors including but not limited to the delivery schedule, pricing, possession of requisite licenses, certifications, and the compliance to relevant industrial laws, regulations and standards. In addition, we place product quality as our priority, and the performances of our raw material suppliers are reviewed from time to time to ensure raw materials supplied are able to meet our quality standards.

In view of the growing concern on social and environmental issues, the Group has also incorporated environmental and social considerations into the supplier selection process. We aim to maintain a good relationship with suppliers having remarkable records in environmental and social performance. Suppliers who fail to demonstrate a good standard or fail to meet the Group's supplier selection criteria are excluded from our list of suppliers for future engagements. Furthermore, the Group gives priority to suppliers that use environmentally preferable products and services in the selection process in order to minimise the potential impact of its supply chain on the environment.

In addition to the supplier selection system, policies and procedures were formulated to ensure and facilitate suppliers to compete in a transparent and fair way. We do not discriminate against any suppliers, and we do not allow any forms of corruption or bribery. Employees and other individuals with interest in the suppliers are not allowed to participate in relevant procurement activities. The Group only selects suppliers with good track record in the past and no serious violations of business ethics.

B6. Product Responsibility

The Group actively monitors the quality of our products with our internal control process, and maintains on-going communication with our customers to ensure mutual understanding while fulfilling customers' needs and expectations. We aim to apprehend customers' need and expectations, and strive to continuously improve the quality of our products and services.

During FY2021, the Group was not aware of any material non-compliance with laws and regulations concerning health and safety, advertising, labelling and privacy matters relating to products and services provided and methods of redress, including but not limited to the Law of the People's Republic of China on the Protection of Consumer Rights and Interests, the Product Quality Law of the People's Republic of China, the Patent Law of the People's Republic of China, the Advertising Law of the People's Republic of China, and the Hong Kong's Personal Data (Privacy) Ordinance, Trade Descriptions Ordinance, Copyright Ordinance that would have a significant impact on the Group.

Quality Assurance

We recognise the importance of achieving and maintaining high product quality standard to the sustainable growth of the Group. One of the Group's subsidiaries, Smart Team has obtained the certificate of ISO 9001:2015 Quality Management System on research, design and sales of textiles. The Group was also accredited with the OEKO-Tex Standard 100, which guaranteed that our products meet the human-ecological requirements for baby clothing.

To maintain high product quality, great emphasis is attached on the quality management. We have established a quality control team led by a manager experienced in the textile industry, who is responsible for ensuring the quality standards of the raw materials, products manufactured by third-party factories at each stage of production processes, as well as our end products. Moreover, standardised technical checklists which prescribe specific technical requirements and guidance have been formulated to these third-party factories.

In addition, to ensure the scheduled production plans are well-executed, representatives from our production control team are assigned to station in the third-party factories to carry out on-site inspection, provide production instructions and guidance, monitor production progress, coordinate day-to-day work, and take immediate actions to remedy defects discovered.

During FY2021, the Group did not record any material cases of product or service-related complaints, also the Group did not record any material recalls of products sold or shipped subjects to for safety and health reasons.

Research and Development

The Group views that the effort in conducting research and development is indispensable so as to maintain a high product quality standard. We constantly seek to develop new products and enhance our existing products with special features through our research and development capabilities.

To expand our research and development capabilities, the Group has developed a sophisticated research and development team comprising of professional technicians and engineers. We have also built our own physical laboratory, chemical laboratory, and other research centres for research and quality control. In addition, we have established research centres with Donghua University, Toyobo Co., Ltd. and Lenzing Group, which allow us to possess the latest technology in global textile industry. By leveraging our strong capabilities of research and development, we have been recognised as a High and New Technology Enterprise since 2016.

Customer Services and Privacy Protection

The Group provides quality and warm service experience to customers through standardised service quality management. To minimise complaints from customers which may result in product recall or other adverse consequences, our sales executives are responsible for liaising with our customers during the ordering stage and maintain close contact with them after delivery to ensure the Group is being notified for any quality problem or customers' complaints.

The Group has also established a set of procedures for the handling of customers' feedback or complaints in a professional manner. When receiving product or service-related enquiries or complaints, our sales executives communicate with customers immediately to resolve the problems. We are committed to understanding the facts and root causes of each customers' complaint, identifying areas for improvement and ensuring that necessary improvements are made in order to enhance the quality of the Group's service and products. We believe that this does not only help to build customers' loyalty to the Group, but also retains a customer base for promoting future development of the Group.

Apart from handling complaints, the Group understands that the protection of customers' privacy also contributes towards excellent customer service experience. We are determined to protect customers' personal data by handling them with the highest degree of confidentiality. Strict policies have been established for the collection and usage of customers' data, and they are documented in the Employee Handbook. Our employees are prohibited from revealing or capitalising on any confidential matters or customer's information regardless of the employment status at the time of usage. Any employee who is found to have divulged confidential information to any third-party without authorisation will be subjected to disciplinary actions.

*Protection of Intellectual Property ("**IP**") Rights*

We believe our know-how and IP rights are critical to the success of the Group, therefore we had developed an IP management system which is accredited with IPMS Management System Certification.

The Group has adopted a number of measures and policies to protect our IP rights from any misuse or leakage of our IP. A specialised team has been established to manage and handle trademarks and patents to protect our rights from infringement. Employees are also required to sign a nondisclosure agreement which prohibits the divulgence of any trade secrets of the Group to any third parties. Moreover, we have entered into data processing agreements with third-party factories to protect our IP rights. For any infringement of our IP, we will urge infringers to cease such action or further action will be taken.

Advertising and Labelling

The Group emphasises on the importance of appropriate advertising and compliance in regard to relevant requirements of media advertisements. We promote our products mainly through advertisements, trade shows, and industry exhibitions. We verify all information regarding our products and business before publication of promotion materials or product sales to prevent any false, misleading or deceptive information being publicised.

B7. Anti-corruption

The Group considers integrity as an important and essential element to its continuing business development, therefore we value the importance of anti-corruption work and are committed to building an honest and transparent corporate culture.

During FY2021, the Group was not aware of any material non-compliance with related laws and regulations of bribery, extortion, fraud and money laundering, including but not limited to the Criminal Law of the People's Republic of China, the Company Law of the People's Republic of China, and the Hong Kong's Prevention of Bribery Ordinance and Hong Kong's Anti-Money Laundering and Counter Terrorist Financing Ordinance that would have a significant impact on the Group. There is no material violation on concluded legal case regarding corruption brought against the Group or our employees during FY2021.

Honesty and Anti-corruption

The Group strictly adheres to a high standard of business conduct and has established relevant policies to define appropriate measures in handling conflict of interests, leakage of confidential information, embezzlement of the Group's asset, etc. to comply with relevant laws and regulations. The Group has adopted a zero-tolerance approach towards all forms of corruption, including deception, bribery, forgery, extortion, conspiracy, embezzlement, money laundering and collusion. Disciplinary actions will be taken against any kind of misconduct or malpractice.

The Group has also adopted whistleblowing procedures for employees to report any suspected cases of misconduct, malpractice, impropriety, unethical or unfair treatment in confidence. All employees are required to report to the management incidents or suspected cases of corruption, theft, fraud and embezzlement. The management will make an investigation and report to the law enforcement if appropriate. Any reported case of fraudulence will receive immediate, fair and independent investigation and appropriate follow-up action.

To develop the anti-corruption awareness and good professional conduct among its employees and to comply with relevant applicable regulations in Hong Kong and the PRC, the Group has disseminated the Independent Commission Against Corruption's guidelines on the formulating, implementing or reviewing corporate anti-corruption policies and programmes of listed companies to the directors and employees. Such guide covers major provisions of the Prevention of Bribery Ordinance, organizational roles and responsibilities, key components of an anti-corruption programme and policy, essential elements of a code of conduct, corruption risk identification and controls, and promulgation of anti-corruption practices. During FY2021, 6 directors and 2 employees underwent a total of approximately 16 hours of training on the topic of business ethics and business integrity.

B8. Community Investment

Corporate Social Responsibility

The Group believes in shouldering the responsibility of contributing to society and strives to be a responsible corporate citizen. We have formulated the Community Investment Policy, and are committed to being an active member of the community by supporting and participating in various charitable community activities. The Community Investment Policy aims to provide guidance and standards to all employees who wish to support community activities as part of the Group.

We hope to foster employees' sense of social responsibility by encouraging them to participate in charitable activities so as to provide greater contributions back to the community. We believe that by actively participating in activities that contribute to the community, we are able to enhance the civic awareness of our employees and establish correct values for them.

Owing to the COVID-19 pandemic, the Group has temporarily suspended the organisation and participation of charitable and voluntary activities.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF ST INTERNATIONAL HOLDINGS COMPANY LIMITED
智紡國際控股有限公司
(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of ST International Holdings Company Limited (the "Company") and its subsidiaries (hereinafter collectively referred to as the "Group") set out on pages 77 to 144, which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code") and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of inventories

Refer to note 17 to the consolidated financial statements and the accounting policies on page 96.

The key audit matter

The Group has carrying value of inventories amounted to approximately HK$37,939,000 as at 31 December 2021.

Inventories are stated at the lower of cost or net realisable value.

We have identified the estimated write down for inventories as a key audit matter because the assessment of write down for inventories involved significant management judgements and estimates regarding the net realisable value on inventories. Significant auditor's judgement were involved during the review procedures.

How the matter was addressed in our audit

Our audit procedures were designed to assess the methodology and assumptions used by management in assessing the inventory provisions.

We have reviewed management's identification of slow moving and obsolete inventories, and critically assessed whether appropriate provisions had been established for slow moving and obsolete items. When considering management's assessment, we have also taken into account, the most recent prices achieved on sales across different products and by checking subsequent sales.

We have also assessed the reliability of management's assessment by considering the utilisation or release of previously recorded provisions.

KEY AUDIT MATTERS *(Continued)*

Expected credit losses of trade receivables

Refer to note 18 to the consolidated financial statements and the accounting policies on pages 96 to 101.

The key audit matter	How the matter was addressed in our audit
The Group's trade receivables amounted to approximately HK$18,286,000, representing approximately 10% of the Group's current assets, as at 31 December 2021. In general, the credit terms granted by the Group to the customers ranged between 30 to 120 days. Management performed periodic assessment on the recoverability of the trade receivables and the sufficiency of provision for impairment based on information including credit profile of different customers, ageing of the trade receivables, historical settlement records, subsequent settlement status, expected timing and amount of realisation of outstanding balances, and on-going trading relationships with the relevant customers. Management also considered forward looking information that may impact the customers' ability to repay the outstanding balances in order to estimate the expected credit losses for the impairment assessment. We focused on this area due to the impairment assessment of trade receivables under the expected credit losses model involved the use of significant management judgements and estimates.	Our audit procedures were designed to challenge the assumptions and critical judgements of the Group's forward-looking expected credit losses model on impairment assessment of trade receivables. We have assessed the provision matrix used in the model by reference to the historical information together with other external available information. In particular, we have challenged the appropriateness of the default rate of various debtors that have similar loss patterns by taking into account the ageing at year end. We have also challenged the appropriateness of the assumptions used in forward-looking information by comparing credit worthiness of each debtor and macro economy and industry performance and checking historical and subsequent settlement records of and other correspondence with the customers.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS OF THE COMPANY AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Audit Committee is responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion, solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.

- Conclude on the appropriateness of the Company's directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Ms. Chan Ka Wai.

Notes:

(a) Capital reserve

Capital reserves represents (i) the difference between the consideration for acquisition of non-controlling interest of Dongguan Smart Union Textiles Technology Co., Ltd. (東莞聯兆紡織科技有限公司) ("Smart Union") and the carrying amount of the non-controlling interest, (ii) the contribution from the shareholder due to a deed of waiver dated 23 April 2018 executed by the shareholder and director of the Company, Mr. Wong Kai Hung Kelvin ("Mr. Wong") and a subsidiary of the Company, Smart Team Textiles Technology Limited ("Smart Team"), pursuant to which an outstanding sum in the amount of HK$2,000,000 owed by Smart Team to Mr. Wong as at 30 April 2018 was irrevocably and unconditionally waived by Mr. Wong and (iii) the nominal value of the share issued to acquire Smart Team; and (iv) the difference between the consideration for the acquisition of the non-controlling interest of Magic Team (Beijing) International Fashion Design Co., Ltd. (幻天(北京)國際服裝設計有限公司) and the carrying amount of the non-controlling interests.

(b) Statutory reserve

According to The People's Republic of China (the "PRC") Company Law, companies in the PRC are required to transfer 10% of their respective after-tax profits, calculated in accordance with the relevant accounting principles and financial regulations applicable to entities established in the PRC, to the statutory reserve until the reserve balance reaches 50% of the registered capital. The statutory reserve can be utilised, upon approval of the relevant authorities, to offset accumulated losses or to increase registered capital of these companies, provided that such fund is maintained at a minimum of 25% of the registered capital. The statutory reserve is not distributable as cash dividends and must be made before distribution of dividend to equity owners.

(c) Exchange reserve

Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. Hong Kong dollars) are recognised directly in other comprehensive income and accumulated in the exchange reserve. Such exchange differences accumulated in the exchange reserve are reclassified to profit or loss on the disposal of the foreign operations.

1. GENERAL INFORMATION

ST International Holdings Company Limited (the "Company") was incorporated in the Cayman Islands, under the then Companies Law (now known as the Companies Act), Chapter 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands as an exempted company with limited liability on 21 February 2017 and its shares were listed on GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange") on 16 May 2018.

The parent and the ultimate holding company of the Company is Cosmic Bliss Investments Limited ("Cosmic Bliss"), a company incorporated in the British Virgin Islands (the "BVI"). The ultimate controlling party is Mr. Wong Kai Hung, Kelvin ("Mr. Wong").

The address of the registered office of the Company is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The address of the principal place of business of the Company in Hong Kong is Room 1006, Centre Point, 181-185 Gloucester Road, Wan Chai, Hong Kong.

The Company is an investment holding company and its principal subsidiaries are principally engaged in sales of functional knitted fabrics and apparel.

The consolidated financial statements are presented in Hong Kong dollars ("HK$"), which is also the functional currency of the Company and its Hong Kong subsidiary. Renminbi ("RMB") is the functional currency of the PRC subsidiaries of the Company.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

In the current year, the Group has applied, for its first time, the following amendments to Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") which are effective for the Group's financial year beginning 1 January 2021:

Amendments to HKFRS 16	COVID-19-Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7 HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

The application of the amendments to HKFRSs in the current year has had no material effect on the Group's financial performance and positions for the current and prior periods and/or on the disclosures set out in these consolidated financial statements.

2. APPLICATION OF NEW AND REVISED TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") *(Continued)*

New and amendments to HKFRSs issued but not yet effective

The Group had not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective.

HKFRS 17	Insurance Contracts and related Amendments[3]
Amendments to HKFRS 3	Reference to Conceptual Framework[2]
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture[4]
Amendments to HKAS 1 *(note)*	Classification of Liabilities as Current or Non-current and the related amendments to Hong Kong Interpretation 5 (2020) Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause [3]
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies[3]
Amendments to HKAS 8	Definition of Accounting Estimates[3]
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction[3]
Amendments to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use[2]
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract[2]
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018-2020[2]
Amendments to HKFRS 16	COVID-19-Related Rent Concessions beyond 30 June 2021[1]

[1] Effective for annual periods beginning on or after 1 April 2021
[2] Effective for annual periods beginning on or after 1 January 2022
[3] Effective for annual periods beginning on or after 1 January 2023
[4] Effective for annual periods beginning on or after a date to be determined.

The directors of the Company anticipate that the application of these new and amendments to HKFRSs will have no material impact on the results and the financial position of the Group.

3. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair value at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market condition (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. Details of fair value measurement are explained in the accounting policies set out below.

The principal accounting policies are set out below.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company.

Control is achieved where the Group has: (i) the power over the investee; (ii) exposure, or rights, to variable returns from its involvement with the investee; and (iii) the ability to use its power over the investee to affect the amount of the Group's returns.

The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of these elements of control stated above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Income and expenses of subsidiaries are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income of subsidiaries are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group are eliminated in full on consolidation.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Revenue recognition

Revenue is recognised to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Group uses a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

The Group recognised revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to customers.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- The Group's performance creates and enhances an asset that the customer controls as the asset is created and enhanced; or
- The Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct goods or services.

Revenue is measured based on the consideration specified in a contract with a customer, excludes amounts collected on behalf of third parties, discounts and sales related taxes.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Revenue recognition *(Continued)*

Contract assets and contract liabilities

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration from the customer.

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

The Group recognised revenue from sales of goods.

Sales of goods

Revenue from sales of goods is recognised at the point when the control of the goods is transferred to the customers (generally on delivery of goods).

Leasing

Definition of a lease

Under HKFRS 16, a contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as lessor

The Group enters into lease agreements as a lessor with respect to some of its machineries. Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When a contract includes both lease and non-lease components, the Group applies HKFRS 15 to allocate the consideration under the contract to each component.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Leasing *(Continued)*

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less from the commencement date and do not contain a purchase option) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

Lease liabilities

At the commencement date, the Group measures lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted by using the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate the lease.

The lease liability is presented as a separate line in the consolidated statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Leasing *(Continued)*

The Group as lessee *(Continued)*

Lease liabilities (Continued)

Lease liability is remeasured (and with a corresponding adjustment to the related right-of-use asset) whenever:

- the lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using revised discount rate.

- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).

- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

Right-of-use assets

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement date and any initial direct costs, less lease incentives received. Right-of-use assets are subsequently measured at cost less accumulated depreciation and accumulated losses and adjusted for any remeasurement of lease liabilities. They are depreciated over the shorter period of lease term and useful life of the underlying asset. The depreciation starts at the commencement date of the lease. The Group presents right-of-use assets as a separate line in the consolidated statement of financial position. The Group applies HKAS 36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Leasing *(Continued)*

The Group as lessee *(Continued)*

COVID-19-Related Rent Concessions

For rental concessions relating to lease contracts that occurred as a direct consequence of the COVID-19 pandemic, the Group has elected to apply the practical expedient not to assess whether a COVID-19-Related Rent Concession for lease contracts is a lease modification. The practical expedient only applies to rent concessions occurring as a direct consequence of the COVID-19 that meets all of the following conditions:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- there is no substantive change to other terms and conditions of the lease.

A lessee applying the practical expedient accounts for changes in lease payments resulting from rent concessions the same way it would account for the changes applying HKFRS 16 Leases if the changes were not a lease modification. Forgiveness or waiver of lease payments are accounted for as variable lease payments. The related lease liabilities are adjusted to reflect the amounts forgiven or waived with a corresponding adjustment recognised in the profit or loss in the period in which the event occurs.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Retirement benefits cost

Payments to state managed retirement benefit schemes and the Mandatory Provident Fund Scheme (the "MPF") are recognised as an expense when employees have rendered service entitling them to the contributions.

Short term employee benefits

A liability recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the consolidated statements of profit or loss and other comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Taxation *(Continued)*

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on either (i) the same taxable entity; or (ii) different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 Income Taxes requirements to right-of-use assets and lease liabilities separately. Temporary differences relating to right-of-use assets and lease liabilities are not recognised at initial recognition and over the lease terms due to application of the initial recognition exemption.

Current and deferred taxes are recognised in profit or loss.

Research and development expenditure

An internally-generated intangible asset arising from development activities (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible asset is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible asset is measured on the same basis as intangible assets acquired separately.

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

Plant and equipment

Plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and accumulated impairment losses, if any.

Depreciation is recognised so as to allocate the cost of items of plant and equipment less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Impairment on non-financial assets

At the end of the reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchanges prevailing at the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Company (i.e. HK$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the year. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of exchange reserve.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Cash and cash equivalents

Bank balances and cash in the consolidated statements of financial position comprise cash at banks and on hand and short-term bank deposits with a maturity of three months or less.

For the purpose of the consolidated statements of cash flows, cash and cash equivalents consist of bank balances and cash, as defined above, net of outstanding bank overdraft.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price in the ordinary course of business for inventories less all estimated costs of completion and costs necessary to make the sale.

Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets at FVTOCI) are added to or deducted from the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. Financial assets are classified, at initial recognition, as subsequently measured at amortised cost and FVTOCI.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets *(Continued)*

Financial assets at amortised cost (debt instruments)

The Group measures financial assets subsequently at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment.

Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest income is recognised using the effective interest method for debt instruments measured subsequently at amortised cost. For financial assets other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset. If, in subsequent reporting periods, the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset.

Interest income is recognised in profit or loss and is included in "Other income" (note 7).

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets *(Continued)*

Equity instruments designated as at FVTOCI

On initial recognition, the Group may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognised by an acquirer in a business combination.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the fair value reserve. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, instead, they will be transferred to retained earnings.

Dividends from investments in equity instruments are recognised in profit or loss when the Group's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment. Dividends are included in the "other income".

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group always recognises lifetime expected credit loss ("ECL") for trade and bills receivables. The ECL on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Group measures the loss allowance equal to 12-month ECL, unless when there has a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increase in the likelihood or risk of a default occurring since initial recognition.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate as well as consideration of various external sources of actual and forecast economic information that relate to the Group's operations.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets *(Continued)*

Impairment of financial assets (Continued)

Significant increase in credit risk *(Continued)*

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- significant increases in credit risk on other financial instruments of the same debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if i) the financial instrument has a low risk of default; ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when the asset has external credit rating of "investment grade" in accordance with the globally understood definition or if an external rating is not available, the asset has an internal rating of "performing". Performing means that the counterparty has a strong financial position and there is no past due amounts.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial assets *(Continued)*

Impairment of financial assets (Continued)

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the debtor; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

The Group considers that default has occurred when a financial asset is more than 180 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Impairment of financial assets (Continued)

Write-off policy

The Group writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over 12 months past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Measurement and recognition of expected credit losses

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date.

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12-month ECL at the current reporting date, except for assets for which simplified approach was used.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Financial instruments *(Continued)*

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities subsequently measured at amortised cots

Financial liabilities that are not 1) contingent consideration of an acquirer in a business combination, 2) held-for-trading, or 3) designated as at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Fair value measurement

When measuring fair value except for the Group's leasing transactions, net realisable value of inventories and value in use of plant and equipment and right-of-use assets for the purpose of impairment assessment, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

3. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Fair value measurement *(Continued)*

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. Specifically, the Group categorised the fair value measurements into three levels, based on the characteristics of inputs, as follow:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

At the end of the reporting period, the Group determines whether transfer occur between levels of the fair value hierarchy for assets and liabilities which are measured at fair value on recurring basis by reviewing their respective fair value measurement.

4. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Impairment of trade receivables

The impairment provisions for trade receivables are based on assumptions about ECL. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, bases on the number of days that an individual receivable is overdue as well as the Group's historical experience and forward-looking information at the end of the reporting period. Changes in these assumptions and estimates could materially affect the result of the assessment and it may be necessary to make additional impairment charge to the consolidated statement of profit or loss. At 31 December 2021, the net carrying amount of trade receivables is approximately HK$18,286,000 (2020: HK$75,419,000) and impairment loss of trade receivables is approximately HK$47,038,000 (2020: HK$41,000).

4. KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

Estimated write-down for inventories

The management of the Group reviews an ageing analysis of inventories at the end of each reporting period and makes write-down of inventories for obsolete and slow-moving items identified that are no longer suitable for sale or use. The Group makes write-down for inventories based on the assessment of the net realisable value. The management estimates the net realisable value for inventories based primarily on the latest invoice prices, the costs necessary to make the sale and current market conditions. As at 31 December 2021, the carrying amount of inventories was approximately HK$37,939,000 (2020: HK$36,543,000) and net of accumulated write-down of inventories is HK$4,818,000 (2020: approximately HK$3,539,000).

Impairment of prepayment

The management of the Group determines the provision for impairment of prepayment. This estimate is based on the credit history of its suppliers and current market conditions. Management reassesses the provision on a regular basis by reviewing the utilisation of prepayment balance based on past credit history and prior knowledge of supplier insolvency and market volatilities. As at 31 December 2021, the carrying amount of prepayments was approximately HK$24,216,000 (2020: approximately HK$26,698,000), no impairment loss has been recognised (2020: nil).

Deferred taxes

As at 31 December 2021, the Group has unused tax losses of approximately HK$33,355,000 (2020: HK$25,610,000). As at 31 December 2021, deferred tax asset of approximately HK$1,110,000 (2020: HK$2,056,000) have been recognised in respect of approximately HK$6,447,000 (2020: HK$11,812,000) of such tax losses. No deferred tax asset had been recognised in respect of remaining tax losses of approximately HK$26,908,000 (2020: HK$13,798,000) due to the unpredictability of future profit streams. The realisability of deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future. In cases where the actual future profits generated are less than expected, a material reversal of deferred tax assets may arise, which would be recognised in profit or loss for the period in which a reversal takes place.

As at 31 December 2021, the Group has deductible temporary differences of HK$51,863,000 (2020: HK$3,587,000). As at 31 December 2021, deferred tax asset of HK$2,900,000 (2020: nil) have been recognised in respect of approximately HK$19,331,000 (2020: nil) of such deductible temporary difference. No deferred tax asset has been recognised in respect of the remaining deductible temporary difference of approximately HK$32,532,000 (2020: HK$3,587,000) as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Estimated impairment of plant and equipment and right-of-use assets

Plant and equipment and right-of-use assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgement and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the assets belongs.

As at 31 December 2021, the carrying amounts of right-of-use assets, plant and equipment, were approximately HK$1,778,000 and HK$27,255,000 (2020: HK$2,315,000 and HK$29,134,000) respectively.

5. REVENUE

Revenue represents the amounts received and receivable from sales of goods in the normal course of business, net of sales related tax.

Set out below is the disaggregation of the Group's revenue from contracts with customers.

	2021 HK$'000	2020 HK$'000
Revenue from contracts with customers within the scope of HKFRS 15

The manufacturing contracts are with an original expected duration of less than one year. Accordingly, the Group has elected the practical expedient and has not disclosed the amount of transaction price for the performance obligations that are unsatisfied as at the end of the reporting period.

6. SEGMENT INFORMATION

Operating segments and the amounts of each segment item reported in the consolidated financial statements are identified from the financial information provided regularly to the executive management of the Group, being the chief operating decision maker, for the purposes of allocating resources to, and assessing the performance of the Group's various lines of business and geographical locations.

The Group is organised into a single operating segment as sales of functional knitted fabrics, apparel and yarns primarily in the PRC and all revenue, expenses, results, assets and liabilities and capital expenditures are predominantly attributable to this single segment. Accordingly, no segment analysis by business and geographical information is presented.

Information about major customers

Revenue from customers of the corresponding year contributing over 10% of the total revenue of the Group are as follows:

	2021 ***HK$'000***	2020 *HK$'000*
Customer A	**45,625**	33,320
Customer B	**21,722**	N/A[1]
Customer C	–	42,911

Note:

Government grants of approximately HK$1,407,000 (2020: HK$948,000) have been received by the subsidiaries in the PRC for the year ended 31 December 2021. The amounts have been included in other income for the year. During the year 31 December 2020 the Group recognised government grants of HK$270,000 in respect of COVID-19-related subsidies, related to Employment Support Scheme provided by the Government of the Hong Kong Special Administrative Region under the Anti-Epidemic Fund. There were no unfulfilled conditions or contingencies related to these grants.

Hong Kong Profits Tax was calculated at 16.5% (2020: 16.5%) of the estimated assessable profits for the year ended 31 December 2021 and 2020. No provision for Hong Kong Profits Tax has been made as there are no assessable profits for the years ended 31 December 2021 and 2020.

Under the Law of the People's Republic of China on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% from 1 January 2008 onwards.

One of the Group's subsidiaries established in the PRC is recognised as a High and New Technology Enterprise ("HNTE") which has been granted tax concessions by the PRC tax bureau and is entitled to PRC EIT at concessionary rate of 15%.

One of the Group's subsidiaries registered in the PRC is qualified under the Notice of Comprehensive Tax Relief for Small and Micro Enterprises recognised as a small and low profit enterprise which has been granted tax concession by PRC tax bureau and is entitled to PRC enterprise income tax at concessionary rate of 5% for the first portion of less than RMB1 million taxable income and 10% for the second portion of more than RMB1 million but less than 3 million taxable income during the reporting period.

Pursuant to the rules and regulation of the British Virgin Islands ("BVI") and the Cayman Islands, the Group is not subject to any income tax in these jurisdictions.

The above items of plant and equipment are depreciated on a straight-line basis over their estimated useful lives, taking account into their estimated residual values as follow:

Leasehold improvements	Over the lease term
Machineries	10 to 15 years
Office equipment	2 to 5 years
Motor vehicles	3 years

15. PLANT AND EQUIPMENT *(Continued)*

The Group leased out a machinery under operating lease with cost of approximately HK$19,876,000 (2020: HK$19,308,000) and accumulated depreciation of approximately HK$1,436,000 (2020: HK$107,000). The lease runs for a period of 1 year. Undiscounted lease payments under non-cancellable operating leases in place at the reporting date will be receivable by the Group in future period are approximately HK$1,749,000 (2020: HK$1,609,000) in the coming year.

16. LEASES

(i) Right-of-use assets

Leased properties	**1,496**	1,834
Motor vehicle	**282**	481
	1,778	2,315

The Group has lease arrangements for its leased properties and a motor vehicle. The lease terms are generally ranged from two to three years.

Right-of-use assets included approximately HK$1,163,000 (2020: HK$1,834,000) of leased properties in the PRC and approximately HK$333,000 (2020: nil) of lease property located in Hong Kong.

In respect of the lease arrangement for renting motor vehicle, the Group has option to purchase motor vehicle for a nominal amount at the end of the lease term. The Group's obligation is secured by the lessor's title to the leased asset for such lease.

Additions to the right-of-use assets for the year ended 31 December 2021 amounted to approximately HK$667,000 (2020: HK$1,737,000), due to the newly leased properties.

16. LEASES *(Continued)*

During the year ended 31 December 2021, the Group entered into one (2020: three) new lease agreements in respect of renting properties and recognised lease liabilities in aggregate of approximately HK$667,000 (2020: HK$1,737,000).

Rent concessions

During the year ended 31 December 2020, the Group received rent concessions in the form of a discount on fixed payments during the period of severe social distancing and travel restriction measures introduced to contain the spread of COVID-19.

The rent concessions occurred as a direct consequence of COVID-19 pandemic, which met all of the conditions in HKFRS 16.46B, and the Group applied the practical expedient not to assess whether the changes constitute lease modifications. Accordingly, rent concessions totalling approximately HK$24,000 have been accounted as negative variable lease payments and recognised in the profit or loss, with a corresponding adjustment to the lease liabilities for the year ended 31 December 2020. No such rent concessions noted for the year ended 31 December 2021.

16. LEASES *(Continued)*

Note:

Due to the outbreak of COVID-19, the Group has received certain rent concessions from lessors through rent forgiveness in 2020. During the year ended 31 December 2020, the Group has early adopted Amendment to HKFRS 16 and applied the practical expedient not to assess whether a rent concession occurring as a direct consequence of the COVID-19 pandemic is a lease modification.

(iv) Others

As at 31 December 2021 and 2020, all committed lease agreements have been commenced.

During the year ended 31 December 2021, the total cash outflow for leases amount to HK$1,530,000 (2020: HK$1,522,000).

The Group measures the loss allowance for trade receivables at an amount equal to lifetime ECL. The expected credit losses on trade receivables are estimated individually for debtors with significant balance and collectively for remaining debtors using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

18. TRADE RECEIVABLES, DEPOSITS, PREPAYMENTS AND OTHER RECEIVABLES *(Continued)*

The Group recognised lifetime ECL for trade receivables based on individually significant customer or the ageing of customers by due date collectively that included as follows:

As at 31 December 2021	**Weighted average expected loss rate** *%*	**Gross carrying amount** *HK$'000*	**Loss allowance** *HK$'000*

Analysed for reporting purposes as: – Non-current assets	–	469

As at 31 December 2020, the fair value of the equity security was approximately HK$469,000, a fair value loss approximately HK$119,000 was recognised under other comprehensive income.

During the year ended 31 December 2021, the Group sold its investment in unlisted equity securities issued by a private entity established in the PRC to an independent third party at a consideration of HK$603,000 (equivalent to RMB500,000) as this investment no longer coincided with the Group's investment strategy.

20. CONTRACT LIABILITIES

	2021 **HK$'000**	2020 HK$'000
Current		
Manufacturing arrangements	**1,289**	2,241

Contract liabilities include prepayments received for the sales of goods.

For certain customers, the Group receives range from 20% to 30% of the contract values as deposits from customers when they sign the sale and purchase agreements for the sales of goods.

The significant change in contract liabilities in 2021 was mainly due to decrease in committed sales order at the end of the year.

Revenue recognised during the year ended 31 December 2021 that was included in the contract liabilities at the beginning of the year is approximately HK$2,241,000 (2020: HK$2,406,000). There was no revenue recognised in the current year that related to performance obligations that were satisfied in the previous year.

21. PLEDGED BANK DEPOSITS AND BANK BALANCES AND CASH

Bank balances represented short-term deposits with a maturity of three months or less. At 31 December 2021, bank balances carried at prevailing market rates range from 0.01% to 0.10% per annum (2020: from 0.01% to 0.10% per annum). At 31 December 2021, the pledged bank deposits carry fixed interest rate range at 0.01% to 0.10% per annum (2020: at 0.60% per annum). The pledged bank deposits will be released upon the settlement of relevant bank borrowing and termination of bank facilities.

Pledged bank deposits represents deposits pledged to banks to secure banking facilities granted to the Group and also pledged to secure short-term bank borrowing and therefore are classified as current assets.

Included in the pledged bank deposits and bank balances and cash are the following amounts denominated in foreign currencies other than the functional currency of relevant group entities:

24. DEFERRED TAXATION *(Continued)*

Deferred tax assets not recognised

As at 31 December 2021, the Group has unused tax losses of approximately HK$33,355,000 (2020: HK$25,610,000). As at 31 December 2021, deferred tax asset of approximately HK$1,110,000 (2020: HK$2,056,000) have been recognised in respect of approximately HK$6,447,000 (2020: HK$11,812,000) of such tax losses. No deferred tax asset had been recognised in respect of the remaining tax losses of approximately HK$26,908,000 (2020: HK$13,798,000) due to the unpredictability of future profit streams. These tax losses do not expire under current tax legislation.

As at 31 December 2021, the Group has deductible temporary differences of approximately HK$51,863,000 (2020: 3,587,000). As at 31 December 2021, deferred tax asset of approximately HK$2,900,000 (2020: nil) have been recognised in respect of approximately HK$19,331,000 (2020: nil) of such deductible temporary difference. No deferred tax asset has been recognised in respect of the remaining deductible temporary difference of approximately HK$32,532,000 (2020: 3,587,000) as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Deferred tax liabilities not recognised

Under the EIT law, withholding tax of 10% is imposed on dividends declared in respect of profits earned by a PRC subsidiary from 1 January 2008 onwards. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and the jurisdiction of the foreign investors. Deferred taxation has been provided in respect of the temporary differences associated with certain undistributed profit earned by a PRC subsidiary at the applicable withholding tax of 5%.

At 31 December 2021, the aggregate amount of temporary difference associated with undistributed earnings of the subsidiary for which deferred tax liability has not been recognised amounted to approximately HK$142,047,000 (2020: HK$139,700,000). No deferred tax liability has been recognised in respect of these undistributed earnings because the Company is in a position to control the timing of the reversal of the temporary differences and it is probable that such difference will not reverse in the foreseeable future.

26. RETIREMENT BENEFITS PLAN

Hong Kong

The Group operates the MPF under the Hong Kong Mandatory Provident Fund Schemes Ordinance for all qualifying employees in Hong Kong. Under the MPF Scheme, the Group is required to make contributions to the scheme at 5% of the employees' relevant income, subject to a cap of monthly relevant income of HK$30,000. Contributions to the scheme vest immediately. The assets of the scheme are held separately from those of the Group, in funds under the control of trustees.

For members of the MPF Scheme, the Group contributes 5% of relevant payroll costs, capped at HK$1,500 per month, to the MPF Scheme, in which the contribution is matched by the employee.

PRC

As stipulated by rules and regulations in the PRC, subsidiaries in the PRC are required to contribute a state-managed retirement plan for all its employees at a certain percentage of the basic salaries of its employees, subject to a certain ceiling. The state-managed retirement plan is responsible for the entire pension obligations payable to all retired employees. Under the state-managed retirement plan, the Group has no further obligations for the actual pension payments or post-retirement benefits beyond the annual contributions.

27. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities within the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balances. The Group's overall strategy remained unchanged from prior year.

The capital structure of the Group consists of bank borrowing, bank overdraft, pledged bank deposits, bank balances and cash and equity attributable to owners of the Company, comprising issued share capital and reserves.

The Group reviews its capital structure periodically and considers cost of capital and risks associated with each class of capital. The Group may balance its overall capital structure through new share issues and may also consider the raise of new borrowings as additional capital.

The Group also endeavours to ensure the steady and reliable cash flows from the normal business operation.

b) Financial risk management objectives and policies

The Group's major financial instruments include financial asset at FVTOCI, trade receivables, deposits and other receivables, pledged bank deposits, bank balances and cash, trade payables, other payables and accruals, bank borrowings and bank overdraft.

Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments include market risk (currency risk and interest rate risk), credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk

(i) Currency risk

The Group's operational activities are mainly denominated in RMB. The Group is exposed to foreign currency risk primarily arising from the sales and purchases which give rise to receivables and payables denominated in foreign currencies and bank deposits denominated in foreign currencies other than the functional currency of relevant group entity. The Group currently does not have a foreign currency hedging policy. However, the management of the Company closely monitors the foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises.

The carrying amounts of the Group's monetary assets that are denominated in currencies other than the functional currencies of relevant group entities at the end of the reporting periods are as follows:

	Asset	
	2021	2020
	HK$'000	HK$'000

Foreign currency sensitivity

The following table details the Group's sensitivity to a 5% changes in HK$ against the foreign currency. 5% represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis of the Group's exposure to foreign currency risk at the reporting date has been determined based on the change taking place at the beginning of the financial year and held constant throughout the reporting period. A positive number indicates an increase in profit after tax where HK$ weakening against RMB. For a 5% strengthening against the respective currency, there would be an equal and opposite impact on the profit after tax.

The management of the Company considered that since the currency between HK$ and USD is pegged under linked-exchange rate system, the effect of change is not significant, accordingly, it is not included in this sensitivity analysis.

	2021 ***HK$'000***	2020 *HK$'000*
Increase in profit after tax	**128**	126

This is mainly attributable to the exposure for outstanding RMB receivables.

Market risk *(Continued)*

(ii) Interest rate risk

The Group is exposed to fair value interest rate risk in relation to the fixed-rate bank borrowings (note 23).

The Group is exposed to cash flow interest rate risk in relation to pledged bank deposits, bank balances (note 21), variable-rate bank borrowings and bank overdraft (note 23). The Group currently does not have any interest rate hedging policy. It is the Group's policy to keep pledged bank deposits, bank balances and bank borrowings at floating rate as to minimise the fair value interest rate risk.

The Group's exposures to interest rates on financial liabilities are detailed in the liquidity risk management section of this note. The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of the prevailing market rates on bank balances, variable-rate bank borrowings.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for non-derivative instruments. The analysis is prepared assuming the financial instruments outstanding were outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points (2020: 50 basis points) higher/lower and all other variables were held constant, the Group's post-tax (loss) profit would decrease/increase by approximately HK$348,000 (2020: HK$177,000) for the year ended 31 December 2021.

28. FINANCIAL INSTRUMENTS *(Continued)*

b) Financial risk management objectives and policies *(Continued)*

Credit risk

As at 31 December 2021, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

The credit risk of our Group mainly arises from trade receivables, deposits and other receivables, pledged bank deposits and bank balances. The carrying amounts of these balances represent our Group's maximum exposure to credit risk in relation to financial assets.

In order to minimise the credit risk, management of the Group has delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts.

For trade receivables, the Group has applied the simplified approach in HKFRS 9 to measure the loss allowance at lifetime ECL. The Group determines the ECL collectively by using a provision matrix, estimated based on historical credit loss experience, as well as the general economic conditions of the industry in which the debtors operate. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

For deposits and other receivables, pledged bank deposits and bank balances, the Group has assessed whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk, the Group will measure the loss allowance based on lifetime rather than 12-month ECL.

Management considered deposits and other receivables to be low credit risk and thus the impairment provision recognised during the year was limited to 12-month ECL.

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

28. FINANCIAL INSTRUMENTS *(Continued)*

b) Financial risk management objectives and policies *(Continued)*

Credit risk *(Continued)*

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout the reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- internal credit rating
- external credit rating
- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- actual or expected significant changes in the operating results of the debtor

The Group's exposure to credit risk

In order to minimise credit risk, the Group has tasked its management to develop and maintain the Group's credit risk grading to categorise exposures according to their degree of risk of default. The credit rating information is supplied by independent rating agencies where available and, if not available, the operation management committee uses other publicly available financial information and the Group's own trading records to rate its major customers and other debtors. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

The Group's exposure to credit risk (Continued)

The Group's current credit risk grading framework comprises the following categories:

Category	Description	Basis for recognising ECL
Performing	For financial assets where there has low risk of default or has not been a significant increase in credit risk since initial recognition and that are not credit impaired (refer to as Stage 1)	12-month ECL
Doubtful	For financial assets where there has been a significant increase in credit risk since initial recognition but that are not credit impaired (refer to as Stage 2)	Lifetime ECL – not credit impaired
Default	Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred (refer to as Stage 3)	Lifetime ECL – credit impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off

The Group's concentration of credit risk by geographical location is mainly in the PRC, which accounted for 100% and 100% of the total trade receivables as at 31 December 2021 and 2020.

As at 31 December 2021 and 2020, the Group has concentration of credit risk as 26% and 68% of the total trade receivables was due from the Group's largest customer while 49% and 81% of the total trade receivables was due from the Group's top five largest customers, respectively.

Liquidity risk

The Group monitors and maintains a level of bank balances and cash deemed adequate by management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. Management monitors the utilisation of bank borrowing and ensures compliance with loan covenants.

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for the non-derivative financial liabilities are based on the agreed repayment dates.

The tables include both interest and principal cash flows. To the extent that interest cash flows are floating rate, the undiscounted amount is derived from interest rate curve at the end of each reporting period.

29. FAIR VALUE MEASUREMENTS RECOGNISED IN THE CONSOLIDATED STATEMENT OF FINANCIAL POSITION

The carrying amounts of financial instruments that are measured at fair value at the end of the reporting period for recurring measurement, based on the degree to which the fair value is observable in accordance to the Group's accounting policy are as follows:

	2021 Level 3 HK$'000	2020 Level 3 HK$'000
Financial asset at FVTOCI	–	469

There were no transfers between levels of fair value hierarchy in the current year. The valuation technique and input used in the fair value measurement are set out below:

Financial instrument	Fair value as at 31/12/2020	Fair value hierarchy	Valuation technique	Significant unobservable inputs	Relationship of key inputs and significant unobservable inputs to fair value
Unlisted equity securities	HK$469,000	Level 3	2020: Income approach	2020: Marketability discount of: 15.8%	2020: The higher the marketability discount, the lower the fair value of the unlisted equity securities.

The Group considers that the carrying amounts of the current financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements, approximate to their fair values due to their short-term maturities.
