The denominators used are the same as those detailed above for basic loss per share.

12. DISCONTINUED OPERATION

In light of the financial performance of The Pawn coupled with the uncertainty of the future economic conditions brought by the novel coronavirus outbreak, it is unlikely that the business performance of The Pawn operating under the existing contemporary western dining concept will be substantially improved during the remainder of the term of the Tenancy Agreement. Further, the operation of The Pawn is likely to continue to be adversely affected if the Government continues to impose or further tightens the control measures relevant to operating bars and pubs for the purpose of prevention of disease. Therefore, the Company had entered into a termination agreement with the landlord to terminate the latest tenancy agreement for The Pawn with effect from 16 September 2021 and change the mode of our operation of The Pawn from being the owner and manager of The Pawn to only acting as the manager of a Chinese restaurant owned by Canton Oriental Limited (the "Restaurant") by provision of catering operations and management services to the Restaurant.

The result of loss for the period from the discontinued operation for the three months ended 31 March 2022 and 2021 are analysed as follows:

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Overview

During the three months ended 31 March 2022, the outbreak of the fifth wave of Novel Coronavirus (COVID-19) pandemic had significantly affected the usual business environment. The anti-pandemic measures imposed by the Hong Kong Government, such as limiting maximum restaurant seating capacity, keeping 1.5 metres between tables, not allowing more than a fixed number of people per table and limiting the operating hours had adverse impacts on the number of customers and their frequencies in visiting our restaurants.

Nevertheless, the Group has implemented cost-saving measures including but not limited to minimising the staff costs of our restaurants, reducing a few restaurants' operating hours, negotiating with our landlords for rent concessions and our suppliers for purchasing discounts and adopting certain sales stimulating measures including but not limited to increasing marketing efforts and expanding the take-away product line, to partially offset the aforesaid adverse impacts.

In the long run, the business environment of the food and beverage industry in Hong Kong remains challenging, dynamic, and competitive. Pressure from rising food costs, rental expenses, utilities expenses and labour costs is enduring, which further squeezed our profit margin. Customers are more budget conscious and price sensitive to the amounts they spend on dining out and the revenues of our restaurants were weaker than expected. The management believes the difficult situation may continue, which will adversely affect the food and beverage industry and the Group's business performance.

Operating in such a difficult macroeconomic environment, we need to be agile, flexible and adaptive. We will embrace changes with flexible marketing strategies and efficient operational discipline, continue to reshape our business model and make decisions necessary to enhance the profitability of the Group.

Business Overview

“Classified” restaurants are a collection of casual European cafés specializing in artisan breads, cheeses and boutique wines, and are renowned for their breakfast and all-day dining menu. Offering casual seating areas in most locations, Classified encourages neighbourhood street-level interaction. In December 2020, we have created a new modern bakery brand, “Rise by Classified”, a sub-brand of “Classified”. With a selection of pastries, a dine-in area for comfort food, an exhaustive list of beverages, and a collection of locally sourced retail products, “Rise by Classified” focuses on providing a local dining experience that can be enjoyed in the restaurant or at home. “Classified” is our Group’s flagship brand. During the three months ended 31 March 2022, Classified recorded a net revenue of approximately HK\$9.7 million (31 March 2021: HK\$12.9 million), representing a decrease of approximately 24.6% as compared to the last corresponding period.

The Group also previously owned and operated “The Pawn”, a full service restaurant, located in one of Hong Kong’s iconic landmarks. It marries a contemporary dining and bar concept with a unique innovative space aiming to be more than just a dining experience. A communal social venue for an eclectic mix of groups and sub-cultures at any time of the day or night, celebrating retro-futurism, arts and design through casual-chic, alfresco and contemporary dining. In light of the financial performance of The Pawn coupled with the uncertainty of the future economic conditions brought by the novel coronavirus outbreak, it is unlikely that The Pawn operating under the existing contemporary western dining concept will be substantially improved during the remainder of the term of the latest tenancy agreement for The Pawn. Further, the operation of The Pawn is likely to continue to be adversely affected if the Hong Kong Government continues to impose or further tightens the control measures for prevention of disease for operation of bars and pubs. Therefore, the Company had entered into a termination agreement with the landlord to terminate the tenancy agreement for The Pawn with effect from 16 September 2021 and change the mode of our operation of The Pawn from being the owner and manager of The Pawn to only acting as the manager of the restaurant operating at the same address as The Pawn, which is owned by Canton Oriental Limited (the “Restaurant”) by provision of catering operations and management services to the Restaurant. During the three months ended 31 March 2022, no revenue was recorded (31 March 2021: HK\$3.8 million).

FUTURE PROSPECTS

We believe the adverse impact of COVID-19 will eventually ease. However, in the long run, the food and beverage industry in Hong Kong has always been a challenging industry with intense competition and high operating costs, such as rising rental expenses, food costs and labour costs. Our success is therefore heavily dependent on the dining concepts and economic conditions of Hong Kong.

Our Group's key risk exposures and uncertainties are summarised as follows:

- (1) business risks relating to the spread of the Novel Coronavirus (COVID-19), which include (i) anti-infection measures imposed by the Hong Kong Government; and (ii) customers' changing dining pattern including refraining from dining out;
- (2) our Group may fail to find commercially attractive locations for new restaurants and/or renew existing leases on commercially acceptable terms, and the aforesaid potential failure would have a material adverse effect on the Group's business and future development;
- (3) the operation of the Group may be affected by the price of the food ingredients, including the price of the imported food ingredients which will be affected by the fluctuating exchange rate; and
- (4) there may be labour shortage in the future and competition for qualified individuals in the food and beverage industry may be intense.

Further details on the risks and uncertainties faced by our Group are set out in the section headed "Risk Factors" of the prospectus of the Company dated 30 June 2016 (the "Prospectus").

To manage the Group's risks and to improve the Group's overall business performance, we intend to:

- (1) expand the take-away product line and increase marketing efforts and sales stimulating measures;
- (2) enhance and upgrade our existing restaurant facilities to attract more customers;
- (3) closely monitor the pricing of our suppliers of raw materials such as food ingredients and beverages to ensure we obtain competitive prices for our food ingredients; and
- (4) open more new restaurants at lower costs.

We believe our ongoing expansion and enhancement plans will improve our market share while we will continue to refine our business strategy to cope with the continuing challenges. We will also proactively seek potential business opportunities that will broaden our sources of revenue and enhance value to our shareholders.

FINANCIAL REVIEW

For the three months ended 31 March 2022, the Group's total unaudited turnover was approximately HK\$9.7 million, included continuing operations HK\$9.7 million and no revenue was recorded for discontinued operation (31 March 2021: Group's total unaudited turnover of approximately HK\$16.7 million, including revenue from continuing operations of HK\$12.9 million and revenue from discontinued operation of HK\$3.8 million), representing a decrease of approximately 41.9% compared with the last corresponding period. The decrease in revenue for the three months ended 31 March 2022 was mainly due to the closure of "The Pawn" restaurant, the outbreak of the fifth waves of the COVID-19 and the adverse impacts of anti-pandemic measures imposed by the Hong Kong Government.

Total loss attributable to owners of the Company was approximately HK\$1.2 million, including loss from discontinued operation HK\$90,000 for the three months ended 31 March 2022 (31 March 2021: Group's total loss HK\$3.6 million). The decrease in our loss attributable to owners of the Company was mainly due to the closure of "The Pawn" restaurant in September 2021, increase of government subsidies and rent concession related to COVID-19.
