PROFIT WARNING

This announcement is made pursuant to Rule 17.10 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (“**GEM Listing Rules**”) and the Inside Information Provisions (as defined in the GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571, Laws of Hong Kong).

The board (“**Board**”) of directors (“**Directors**”) of China Technology Industry Group Limited (“**Company**”) and together with its subsidiaries, the “**Group**”) wishes to inform the shareholders and potential investors of the Company that, based on information currently available, the Group is expected to record a revenue of approximately RMB72.2 million for the year ended 31 March 2022 (“**FY 2022**”), representing a decrease in revenue of approximately 73.9% as compared with the revenue of approximately RMB276.9 million for the year ended 31 March 2021 (“**FY 2021**”). The gross profit margin dropped from approximately 18.9% for FY 2021 to approximately 18.2% for FY 2022. As a result of the above, it is expected that the Group will record a loss attributable to the owners of the Company for FY 2022 of approximately RMB4.7 million, as compared to a profit attributable to owners of the Company for FY 2021 of approximately RMB69.0 million.

The decrease in revenue was mainly attributable to the fact that the Company had recently completed its 500MW solar power project and 300MW wind power project in Zhangbei county, the PRC, being its only project in recent years. The slight decrease in the gross profit margin was mainly due to the increase in the cost of procuring renewable energy products. The expected loss attributable to owners of the Company for FY 2022 in the amount of approximately RMB4.7 million (FY2021: profit attributable to owners of the Company of approximately RMB69.0 million) was mainly attributable to (1) the decrease in revenue of the Group during FY 2022; (2) impairment losses recognised under expected credit loss model, net in the amount of approximately RMB4.6 million for FY 2022 (FY 2021: impairment losses reversed under expected credit loss model, net of approximately RMB1.8 million); and (3) there being no recovery of bad debts during FY2022 (FY2021: recovery of bad debts of approximately RMB39.3 million).

The Company is still in the process of gathering information to finalise the annual results of the Group for FY 2022. The information contained in this announcement is thus only based on the preliminary assessment by the management of the Company and is not based on any figure or information which has been audited or reviewed by the Company's auditors. Shareholders and potential investors of the Company are advised to peruse with care the annual results announcement of the Group for FY 2022, which is expected to be released in due course.
