**INTERIM RESULTS ANNOUNCEMENT
(FOR THE SIX MONTHS ENDED 30 JUNE 2022)**

CHARACTERISTICS OF THE GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors of Jiangsu NandaSoft Technology Company Limited collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM for the purpose of giving information with regard to Jiangsu NandaSoft Technology Company Limited. The directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief that the information contained in this announcement is accurate and complete in all material respects and not misleading and deceptive; and there are no other matters the omission of which would make any statement herein or this announcement misleading.

Notes:

1. COMPANY INFORMATION

Jiangsu NandaSoft Technology Company Limited (the “**Company**”) was incorporated as a company with limited liability in the People’s Republic of China (the “**PRC**”) on 18 September 1998. The shares of the Company have been listed on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) since 24 April 2001.

The address of the Company’s registered office is 12/F, NandaSoft Softech Park, No. 19 South Qingjiang Road, Gulou District, Nanjing, China and its principal place of business in Hong Kong is 9E, Phase 1, Kaiser Estate, 41 Man Yue Street, Hunghom, Kowloon, Hong Kong.

The principal activities of the Company and its subsidiaries (the “**Group**”) are the trading of computer hardware and software products, provision of system integration services, and property investments.

The Company’s ultimate controlling shareholder is Mr. Zhu Yong Ning.

The consolidated financial statements are presented in Renminbi (“**RMB**”), which is also the functional currency of the Company.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institution of Certified Public Accountants (the “**HKICPA**”).

In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (“**Listing Rules**”) and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for equity instruments at FVTOCI and investment properties, which are measured at fair value at the end of the reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 Share-based Payment, leasing transactions that are accounted for in accordance with HKFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in HKAS 2 Inventories or value in use in HKAS 36 Impairment of Assets.

For financial instruments and investment properties which are transacted at fair value and a valuation technique that unobservable inputs are to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

3. APPLICATION OF AMENDMENTS TO HKFRSs

Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied for the first time the following amendments to HKFRSs issued by the HKICPA, which are mandatorily effective for the annual periods beginning on or after 1 January 2021 for the preparation of the consolidated financial statements:

Amendment to HKFRS 16	Covid-19-Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

Performance obligations for contracts with customers

Trading of computer hardware and software products

Revenue from trading of computer hardware and software products is recognised at a point in time when control of the computer hardware and software products is transferred to the customers, being at the point that the customers obtain the control of the computer hardware and software products and the Group has present right to payment and the collection of the consideration is probable.

Provision of system integration services

The Group provides system integration services to customers. Such services are recognised as performance obligation satisfied over time as the Group creates or enhances an assets that the customer controls as the asset is created or enhanced. Revenue for these services is recognised using output method. i.e. based on the relevant services completed by the Group to date with reference to periodic progress reports as verified by the customers. The directors of the Company consider that output method would faithfully depict the Group's performance towards complete satisfaction of the performance obligations under HKFRS 15.

Property management service income

Income from provision of property management services is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligations, as the customers simultaneously receive and consume the benefits from the Group's performance. For contracts that includes both lease and non-lease components (property management services), the Group applies HKFRS 15 to allocate the consideration to separate lease and non-lease components on a relative stand-alone selling price basis. Advance consideration allocated to the property management services is recognised as a contract liability and is released over the period of services.

Total trade receivables	<u>169,446</u>	<u>176,700</u>

Note: Retention receivables in respect of the system integration services are settled in accordance with the terms of the respective contracts.

The Group did not hold any collateral as security or other credit enhancements over its trade receivables. The credit period for recurring customers is 90 days from invoice date.

The following is an aging analysis of trade receivables (excluding retention receivables and net of allowance for credit losses) presented based on the earlier of the invoice date or the date of revenue recognition:

Items	Unaudited 30 June 2022 RMB'000	Audited 31 December 2021 RMB'000

	<u>152,957</u>	<u>161,691</u>

As at 30 June 2022 and 31 December 2021, the Group's contract assets were arising from the provision for system integration services. The Group has rights to considerations from customers for provision of system integration services. Contract assets arise when the Group has right to consideration for completion of the provision of system integration services and not yet billed under the relevant contracts, and their right is conditioned on factors other than passage of time. Any amount previously recognised as a contract asset is reclassified to trade receivable when such right becomes unconditional.

The Group also typically agrees to a retention period ranging from 1 to 3 years for certain percentage of the total contract value. Retention money is unsecured and interest-free and represented the monies withheld by customers of contract works fully recoverable within retention period from the date of completion of the provision of system integration services, in accordance with the terms specified in the relevant contracts. This amount is included in contract assets until the end of the retention period as the Group's entitlement to this final payment is conditional. As at 30 June 2022, included in carrying amount of contract assets comprises retention money of RMB16,489,000 (31 December 2021: RMB15,009,000).

11. SEGMENT REPORTING

According to the Group's internal organizational structure, requirements for management and internal reporting system, the Group's operations are organised into three reportable segments:

- (a) computer hardware and software products segment;
- (b) system integration service segment; and
- (c) property investment segment.

Unreported operating segments are included in the aggregated business termed "Others". The management of the Group regularly evaluates the results of these reportable segments to determine the allocation of resources among them and to evaluate their performance.

The Group operates principally in the PRC. Over 90% of the Group's revenue is derived from the sale of goods and rendering of IT services in the PRC and over 90% of the Group's assets are located in the PRC. Accordingly, there is no further disclosure by geographical location for the reportable segments. Segment results represent the gross profits earned by each segment.

MANAGEMENT DISCUSSION AND ANALYSIS

Financial Review

The consolidated turnover of the Group for the three months and six months ended 30 June 2022 was approximately RMB35,666,000 and RMB179,035,000, representing a decrease of approximately 74.5% and 31.5% respectively as compared with the corresponding periods of last year. The decrease was mainly due to a year-on-year decrease of approximately RMB82,000,000 or 32.4% in revenue recognised for progress payments of ongoing projects undertaken by Jiangsu Changtian Zhiyuan Transportation Technology Company Limited, a majority-owned subsidiary of the Company, as a number of provinces and cities (including Jilin Province and Zhengzhou City of Henan Province), where such projects are located, were placed under lockdowns for most of the time during the period under review amid resurgence of COVID-19 infections.

The increase in loss of the Company was mainly due to reducing of the gross profit margin and the increasing in selling and distribution expenses and finance costs for the period. The gross profit margin for the period decreased by approximately 22.9% as compared with the corresponding period of last year, and the selling and distribution expenses and finance costs increased by approximately 33.8% and 22.0% respectively as compared with the corresponding period of last year. For the three months and six months ended 30 June 2022, loss attributable to owners of the Company was approximately RMB3,545,000 and RMB13,746,000 respectively, representing a decrease in loss of approximately RMB844,000 or approximately 19.2% and an increase in loss of approximately RMB6,365,000 or approximately 86.2% respectively as compared with the corresponding periods of last year.

Financial Resources and Liquidity

As at 30 June 2022, the equity attributable to owners of the Company amounted to approximately RMB126,086,000.

As at 30 June 2022, the Group's current assets amounted to approximately RMB781,936,000, of which approximately RMB93,906,000 was cash and cash equivalents; and current liabilities amounted to approximately RMB656,166,000, mainly comprising trade payables, contract liabilities, accruals and other payables, and tax payables.

As at 30 June 2022, the net asset value per share of the Group was approximately RMB0.038.

The Group's gearing ratio is expressed as a percentage of total debts over total assets. As at 30 June 2022, the Group had a gearing ratio of approximately 24.9%.

Foreign Currency Risk

During the six months period ended 30 June 2022, the Board considers that the potential foreign exchange exposure of the Group was limited as over 90% of the Group's sales and purchases were denominated in Renminbi.

EMPLOYEES AND REMUNERATION POLICY

As at 30 June 2022, the total remuneration cost of the Group was approximately RMB14,990,000 (2021: RMB18,700,000) and the Group had 260 employees (2021: 284 employees). Remuneration is determined with reference to market rates and the performance, qualifications and experience of individual employees. Discretionary bonuses are paid to employees based on individual performance to recognise and reward their contributions. Other benefits include contributions to retirement and medical schemes, unemployment insurance and housing allowances.

BUSINESS REVIEW

In the first half of the year, although the COVID-19 epidemic was generally under control in China as a whole, there were still serious local outbreaks. As the development of new businesses of the Company in the areas plagued by outbreaks of the COVID-19 was impacted, and the results of the Company for the first half of the year were noticeably affected.

Under the unfavourable circumstances, the Company rose to the challenges and managed to maintain the operations of its platform projects and ensure the stability and continuation of its existing businesses, thereby building a solid foundation for business development in the second half of the year.

Intelligent Transportation

In the first half of the year, Jiangsu Changtian Zhiyuan Transportation Technology Company Limited (“**Changtian Zhiyuan**”), a majority-owned subsidiary of the Company, overcame difficulties in on-site construction and maintenance of projects caused by the epidemic, worked hard to develop new customers, and secured a key project – the LHKJ-JDBT tender section of the provisional electromechanical maintenance for the expansion project of the Lianyungang-Huai'an section of the Changchun-Shenzhen Expressway. Meanwhile, with a focus on the maintenance of ongoing projects, Changtian Zhiyuan adopted innovative remote control methods to ensure the progress of projects during the outbreaks of the COVID-19 epidemic, mitigating the impact of the epidemic on project construction and maintenance. Moreover, Changtian Zhiyuan continued to strengthen its research and development efforts to improve the quality of each project and enhance customer satisfaction.

Smart Education

During the period, Jiangsu Zhiya Online Education Technology Ltd. (“**Zhiya Online**”), a company controlled by the Company, continued to focus on the construction and maintenance of the training base at the Industrial Centre of the Changzhou Science and Education City (“**SE Park**”) and explore in-depth cooperation with the intellectual property trading platform in the commercialization of scientific and technological achievements. Besides, taking the SE Park as the teaching, research and training platform for vocational education, Zhiya Online further explored various possibilities of online vocational education in the future, strived to build an online vocational education ecology at the SE Park, and made active promotion efforts.

Intellectual Property Trading Platform of Chinese Colleges and Universities

The intellectual property trading platform of colleges and universities, which is operated by an associated company, Nanjing Zhonggao Intellectual Property Co., Ltd. (“**Nanjing Zhonggao**”), maintained stable operation during the second quarter. As of the end of the second quarter, the platform had over 27,000 registered users, with over 200 patents under its custody on a monthly average basis during the period. During the period, Nanjing Zhonggao increased its efforts in the iteration and innovation of product technology, expanded external application interface services, and further enhanced the platform’s capabilities for data analysis, consolidation and application so as to better target at market demand. Meanwhile, Nanjing Zhonggao strengthened its in-depth cooperation with the Jiangsu Proprietary Technology Exchange Center to promote the project of “awakening sleeping patents”.
