The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders and potential investors of the Company that based on the preliminary assessment of the unaudited consolidated management accounts of the Group for the nine months ended 30 September 2022 and the information currently available to the Board, the Group expects to record a decrease in net profit attributable to owners of the Company by approximately 41% from RMB11,605,000 to approximately RMB6,900,000, as compared to that for the nine months ended 30 September 2021.
