Information of the Purchaser

The Purchaser is wholly owned by Mr. LIU Yan Wen* (劉彥文) through Langfang Development Zone Oriental University City Zhongxin Education Investment Co., Ltd.* (廊坊開發區東方大學城中新教育投資有限公司). The Purchaser is a private regular undergraduate college established and existing under the laws of the PRC, whose scope of business includes, among others, provision of undergraduate education.

As at the date of this announcement, to the best of the knowledge, information and belief of the Directors having made all reasonable enquiry, (i) each of the Purchaser and its ultimate beneficial owners is a third party independent of the Company and its connected persons; and (ii) there is, and in the past twelve months, there has been, no material loan arrangement between (a) the Purchaser, any of its directors and legal representatives and/or any ultimate beneficial owner(s) of the Purchaser who can exert influence on the transaction; and (b) the Company, any connected person at the Company's level and/or any connected person at the subsidiary level (to the extent that such subsidiary/subsidiaries is/are involved in the Disposal).

Information of the Group and the Vendor

The Company is an investment holding company and its subsidiaries are principally engaged in the leasing of education facilities, comprising primarily teaching buildings and dormitories to education institutions in the PRC, Malaysia and Indonesia; and to a much lesser extent, commercial leasing of buildings and premises to tenants, which operate supporting facilities, including grocery stores, laundry shops, Internet cafes and canteens.

The Vendor is a subsidiary of the Company, owned as to 99% by the Company, whose scope of business includes, among others, provision of education facilities rental services in the PRC.

Reasons for and Benefits of the Disposal

The Board considers that the Disposal provides an optimum opportunity for the Company to realise its investment in the Property, having considered the high vacancy rate of the Property, albeit at slight discount of 4.4% to its fair market value. Given the impact of the COVID-19 pandemic on the operating environment and liquidity of the Group, the Group is rationalising the usage of its assets to improve the overall return of its investment properties. The Disposal not only would save the Group on recurring operational and capital expenditures and Property-related taxes, but also enable the Group to reduce its borrowings.

The Directors consider that the terms of the Agreement are fair and reasonable and the Disposal is in the interest of the Company and the Shareholders as a whole.

Utilisation of Proceeds

The net proceeds from the Disposal, after deducting the relevant expenses and value-added tax, are estimated to be approximately RMB95.20 million (equivalent to approximately HK\$108.32 million). Having considered the financial performance of the Group and in particular, the impact of the COVID-19 pandemic on the operating environment as well as the liquidity of the Group for its working capital, the Company intends to apply the net proceeds from the Disposal as follows:

Proposed Use	Approximate amount (RMB'000)
Repayment of outstanding borrowings	39,000
Construction and renovation/refurbishment of education facilities	20,000
General working capital	36,200

It is expected that the net proceeds of approximately RMB95.20 million (equivalent to approximately HK\$108.32 million) would be fully utilized by 31 December 2023.

Financial effects of the Disposal

Following the Completion, the Group is expected to record an unaudited loss of approximately RMB9.38 million (equivalent to approximately HK\$10.67 million) from the Disposal, which is the difference between the net proceeds in the amount of approximately RMB95.20 million (equivalent to approximately HK\$108.32 million) to be received by the Vendor, after taking into account the value-added-tax payable by the Vendor, and the carrying amount of the Property in the sum of approximately RMB104.58 million (equivalent to approximately HK\$118.99 million) as at 28 February 2023. The net book value attributable to the Property as at 30 June 2022 amounted to RMB111.96 million (equivalent to approximately HK\$127.39 million). In this respect, the fair value loss attributable to the Property as at 28 February 2023 would be RMB7.38 million (approximately

HK\$8.40 million). Shareholders should note that the actual loss of the Disposal will be calculated based on the relevant figures as at the date of Completion and subject to audit and therefore, might be different from the aforementioned amount.

Listing Rules Implications

As the highest applicable percentage ratio in respect of the Disposal is more than 75%, the Disposal constitutes a very substantial disposal of the Company pursuant to Rule 19.06(4) of the GEM Listing Rules and is, therefore, subject to reporting, announcement, circular and the Shareholders' approval requirement under Chapter 19 of the GEM Listing Rules.

General

The EGM will be convened and held for the Shareholders to consider and, if thought fit, approve, the Agreement and the transaction contemplated thereunder. To the best of the Directors' knowledge, no Shareholder has a material interest in the Disposal and accordingly, no Shareholder is required to abstain from voting in respect of the ordinary resolution to approve the Disposal at the EGM.

A circular containing, among other things, further information relating to the Disposal, the notice of the EGM and other information is expected to be despatched to the Shareholders on or before 14 April 2023.

Completion of the Disposal is conditional upon the satisfaction of the Condition Precedent. Accordingly, the Disposal may or may not proceed. Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.
