In line with our commitment to environmental protection, the Group has systematised its environmental policy to manage its environmental footprint. We focus on reducing emissions and improving energy efficiency, valuing the earth's resources and building internal environmental awareness. We adopt corresponding policies, supplemented by relevant guidelines and principles, to fulfil our environmental responsibilities. Among which, Clarks has also established a restricted substances policy and a responsible sourcing policy (Animal derived materials) to reduce its impact on the environment.

During the Year, we adhere to comply with international and regional legal and regulatory requirement³ regarding environmental protection and there were no non-compliance cases relating to air and greenhouse gas emissions, discharges into water and land, and the generation of hazardous and non-hazardous wastes.

In addition to international and regional laws and regulations, our subsidiaries adopt and comply with internationally recognised management system standards and other relevant certifications, such as the ISO 14001 environmental management system and the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), depending on the nature of their business.

We have set quantitative environmental targets for 2021, with carbon emission targets, waste targets, energy use targets and water use targets, to demonstrate our commitment to environmental management. During the Year, we continued to progress our targets and regularly followed up and tracked the implementation of these targets, with key environmental targets and actions detailed in the subsequent sections.

Emissions Reduction and Energy Efficiency

Echoing the national dual carbon targets of “strives to reach the peak of carbon dioxide emission by 2030, and to achieve carbon neutral by 2060”, we set long-term carbon reduction and energy goals in 2021 based on different businesses, and formulated internal policies, such as “Energy and Water Resources Management Measures” and “Li Ning Sports Park Energy Saving and Consumption Reduction Management Regulations”, and refine and improve management measures to implement energy-saving and emission-reduction targets and tasks, the measures of which include, but are not limited to, the use of LED lighting and solar heating, maintaining air-conditioning at 26 degrees celsius in summer, power off the electricity and shutdown of related electrical equipment after get off work. Our refrigeration systems regulate indoor temperature using smart technology and data analytics to optimize energy performance and promote energy savings.

In addition, we are promoting energy innovation and efficient use of energy by improving the efficiency of energy use and the use of clean energy to ease the pressure of energy shortage while reducing pollution emissions. We seized energy saving opportunities by introducing renewable energy and upgrading the hardware of our sports experience and apparel and footwear businesses. In addition to the installation of solar panels and solar hot water systems, we also support the development of electric vehicles in China by providing more electric vehicle charging facilities in our sports facilities.

減少排放及提高能源效率

為響應國家「二氧化碳排放力爭2030年前達到峰值，2060年前實現碳中和」的雙碳目標，我們於2021年度根據不同業務設立了長期減碳及能源目標，並且制定內部政策，例如《能源、水資源管理辦法》和《李寧體育園節能降耗管理規程》等，細化和完善管理措施，落實節能減排目標任務，舉措包括但不限於使用LED照明及太陽能加熱、空調在夏天維持在攝氏26度室溫和人走電關，下班後關閉相關用電設備等。我們的製冷系統調節室內溫度利用智能技術及數據分析來優化能源性能並促進節能。

另外，我們通過提升能源的利用效率和清潔能源使用比率，緩解能源短缺的壓力的同時降低污染排放，推進能源創新和能源高效利用。我們把握節能機會，引進可再生能源並對我們的體育及鞋服業務進行硬件升級。除安裝太陽能板及太陽能熱水系統外，我們亦於體育設施中提供更多電動汽車充電裝置，支持國內電動汽車的發展。

Environmental, Social and Governance Report 環境、社會及管治報告

We have also invested in environmental protection infrastructure, reusable water, centralised sewage treatment and solid waste treatment measures.

我們亦加大投入建設環境保護基礎設施，建設中水回用、污水集中處理和固體廢棄物集中處理措施。

⁴ This applies only to our Li Ning Sports Park, Li-Ning Sports Centres and All Star Skating Club.

⁵ This applies to Bossini, LNG and AMEDEO TESTONI. In order to reduce operating costs, the Group has reduced the number of employees and increased efficiency in the course of business expansion and transformation, and the number of full-time employees decreased significantly. Therefore, the greenhouse gas emission intensity and the electricity consumption intensity both increase.

⁵ 適用於堡獅龍、LNG及AMEDEO TESTONI。為減少運營成本，集團在業務擴張和轉型的過程中進行減員增效，全職僱員人數大幅減少，因此溫室氣體排效密度及用電密度上升。

Responsible Resource Management

A significant amount of water required for the operation of our sports facilities comes mainly from municipal water. While there is no problem in obtaining water, we have adopted a multipronged approach to efficiently manage our water resources in order to achieve our water-saving targets. We control water usage on a targeted basis and regularly check our water meters to identify and rectify any abnormalities in water consumption. In addition, designated sports destinations have installed a rainwater and wastewater recovery and recycling systems to capture water and generate grey water for toilet flushing, irrigation, cleaning and sanitation. We also conducted regular leakage tests on water pipes and installed water-saving devices such as automatic sensor taps and water-saving devices to enhance water efficiency across our office premises.

珍惜地球資源

我們體育設施的運行中所需大量的水主要來源於市政用水。雖然在求取水源上並無問題，但為達到節水目標，我們採取了多管齊下的方法來有效管理水資源。我們有目標性地管控水的用量，並定期查看水錶，若發現用水量異常便會找出原因和及時整改。此外，我們在指定的體育場所安裝了雨水及廢水回收循環系統，以收集用水和產生中水，用作沖廁、灌溉、清潔和衛生。我們還定期對水管進行滲漏測試，並安裝自動感應水龍頭和節水裝置等節水設備，以提高整個辦公場所的用水效率。

Case Study

All of our AMEDEO TESTONI stores in Hong Kong use shopping bags made from eco-friendly materials (40% recycled material certified FSC® and 55% pure eco-fibre certified FSC® and 5% cotton fibre).

案例研究

我們在AMEDEO TESTONI香港所有分店均使用環保物料製成的購物袋（40%回收材料證明FSC®和55%純環保纖維證明FSC®和5%棉纖維）。

Environmental Awareness

In addition to complying with environmental management practices, we also continue to raise the environmental awareness of our employees internally and guide employees to use resources in a sustainable manner in their daily work. Apart from internal circulars, energy-saving and water-saving labelling tips and sharing of green office practices on information walls, we also organise regular environmental training events covering topics such as waste reduction, energy-saving and carbon reduction.

環保意識

除了遵守環境管理辦法，我們亦在內部持續增強員工的環保意識，引導員工在日常工作中秉持可持續發展的理念善用資源。除了內部通告、節能節水標籤提示和於信息牆分享綠色辦公方式外，我們還定期組織環境培訓活動，內容涵蓋減廢、節能和減碳等主題。

Climate Change

Climate change may pose significant financial and non-financial risks to various aspects of our business. We are firmly committed to managing climate-related impacts across our operations and to developing mitigation, adaptation and resilience strategies. We have developed corresponding policies based on our diverse operations, such as the "Climate Change Management Act" and the "Climate and Related Response Actions Affecting the Company", for monitoring climate impacts on our diverse operations, in order to deal with climate change risks and seize opportunities. Our operating networks are immune to climate-induced extreme weather events like typhoons and rainstorms. These impact our business whether through business interruption, shop closures, damaged or lost products from flooding or by even putting the safety of our staff and customers at risk. Through our clear work response policies and constant communication with our people, we are well-prepared to respond to these emergency situations. In addition, we engage in constant communication with our stakeholders on climate impacts and support our business partners in decarbonising.

氣候變化

氣候變化可給我們不同範疇的業務可帶來重大財務及非財務風險。我們堅定地致力於在整個運營過程中管理與氣候有關的影響，並制定緩解、適應和抗逆力策略。我們根據不同業務制定相應的政策，例如《氣候變化管理辦法》和《對公司產生影響的氣候及相關應對行動》等，監測氣候對我們不同業務的影響，以應對氣候變化風險和把握機遇。我們的運營網絡受氣候引起的極端天氣狀況影響，如颱風及暴雨。對我們業務的影響可包括業務中斷、商店關閉、洪水造成產品損壞或損失，甚至危及我們員工和客戶的安全。透過明確的工作應對政策及與員工的持續溝通，我們充分準備應對該等緊急情況。另外，我們與權益人就氣候影響進行持續溝通，並支持我們的業務夥伴脫碳。

Case Study

In Zhejiang Province, rainfall and typhoons are common from June to September every year, so we have formulated an emergency plan for flood prevention and control and set out the relevant countermeasures:

1. In the event of climate change, such as typhoons, relevant management measures issued by the local government will be followed;
2. In view of the occasional climate changes, the countermeasures are mainly to check the weather forecast and prevent the impact of weather changes on the Company in advance, and to check the local weather notices and guidance in advance.

案例

浙江省每年6月—9月，雨水及颱風較多，我們制定防洪防汛應急預案，並列明相關應對措施：

1. 如有氣候變化，如颱風等情況，依據當地政府出臺的相關管理措施執行；
2. 氣候變化偶發，應對措施主要以提前查看天氣預報及提早預防天氣變化對公司產生的影響，提早查看當地發布的天氣變化通知及指導意見。

The Group offers attractive remuneration and benefits to its employees, including extensive medical care, diversified product discounts, birthday leave and study leave and other benefits. Our subsidiaries also offer individual employee benefits such as regular bodychecks, afternoon tea for employees, birthday benefits and wedding gifts. To attract and retain every talent, we also regularly review our staff policies, benefits and facilities.

In response to the severe pandemic period, regional subsidiaries also offered our employees extra benefits. For instance, during the pandemic in Shanghai from April to May, the Company provided material security for Shanghai colleagues by purchasing vegetable packs to meet their immediate needs.

As a family-friendly employer, we actively implement family-friendly measures. A well-equipped lactation room is available in our Hong Kong headquarters for working mothers. In Beijing, we partnered with Koala Educare to set up a kindergarten in its office to facilitate employees to balance their work with family commitments.

針對疫情嚴重時期，地區附屬公司亦為員工提供額外福利措施，例如四至五月上海的疫情期間，公司為上海同事提供物資保障，採購蔬菜包，以解燃眉之急。

作為家庭友善僱主，我們積極落實家庭友善措施。在香港總部，我們為在職母親提供設備齊全的哺乳室。在北京，我們聯合考拉啟賦於辦公園區設立一間幼兒園，幫助員工在工作與家庭承擔之間取得平衡。

Occupational Safety and Health

The health and safety of our staff is our highest priority. We have implemented different precautionary measures which go beyond regulatory compliance. We follow strict and high standards of occupational safety and health, and actively identify potential occupational safety and health risks in the workplace and strive to provide and maintain a zero-hazard working environment. For instance, we will carry out formaldehyde treatment upon completion of office renovation to ensure the residual level of formaldehyde are within safe limits.

Occupational health and safety guidelines are tailored to different business units in response to the unique workplace and operating activities of our employees. For employees working under our sports-related operations, we offer them healthcare benefits such as free physical check-up services and complimentary access to sports facilities of the Company. In addition, we provided employees in our Hong Kong headquarters with office equipment such as ergonomic chairs and footrests to reduce occupational health risks.

We attach great importance to the physical and mental wellness of our staff. To address the mental and work-related stress of our employees, in addition to reasonable fixed working hours, the Group organised activities for our staff to participate from time to time, and placed information and pamphlets on emotional support at various locations, so that employees in need can easily obtain support.

To intensify our safety-first awareness, we continue to organise talks and workshops and provide relevant trainings, covering mental wellness, first aid and fire precaution. We also regularly conduct onsite safety inspections through inspections of firefighting installations, effectiveness of fire extinguishers and safety of firefighting exits.

In addition, special attention is given to workers conducting high-risk work activities. We ensure our workers are equipped with necessary personal protective gear such as safety goggles, gloves and helmets.

During the Year, there were no breaches of relevant laws and regulations in respect of occupational health and safety.

職業安全與健康

我們十分重視員工的身心健康。針對員工的精神及工作壓力，除了合理的固定工時，集團不時舉行一些活動供員工參與，亦在不同地方放置情緒支援的信息及小冊子，讓有需要的員工輕易獲取支持。

於本年度，我們在職業健康及安全方面並無違反相關法例及規例的情況。

Our Response to COVID-19

Our operations once again faced up to multiple challenges due to the ongoing COVID-19 pandemic. Despite all the social and economic environment disruption, the Group has remained committed to fighting the impact of the virus. Aside from stepping up the frequency of our cleansing and disinfection procedures, we have implemented a series of measures at our sports designations, retail shops, offices and warehouses to better protect our employees, including:

- Arranging office staff to work from home to minimize the risk of virus transmission
- Providing staff with anti-pandemic supplies such as medical mask, hand sanitisers and rapid test kits
- Prior to the government legislation to regard confirmed case as legal sick leave, the Group has regarded "confirmed case" as sick leave and paid full wages to tide over the difficulties with its staff
- Setting up pandemic prevention posts at the entrances of the parks and venues, with dedicated staff to perform code scanning and temperature measurement
- Placing disinfectant alcohol, hand sanitizer and other commonly used anti-pandemic supplies at the gate, entrance and lobby of the venue

Labour Standards

As a responsible employer, the Group strictly complies with the law and employment regulations and strictly prohibits child and forced labour within its operations and along our supply chain, and has added relevant policies to our Employee Handbook to ensure constant vigilance and strict compliance with the law. Our Human Resources Department is responsible for reviewing all identification documents provided by the applicants before hiring an employee. To ensure full compliance with applicable laws and regulations²⁷, regular audits and internal reviews are performed. Any staff member found to be in breach of our labour policies will be subject to disciplinary action and may be liable to legal prosecution.

Anti-corruption

The Group has zero-tolerance to corruption or malpractice of any form. The Group currently has formulated internal policies on bribery, extortion, fraud, money laundering and anti-corruption that sets out the Group's code of business conduct and defines employee responsibilities, all of which are set out in our Employee Handbook. All employees shall comply with the anti-corruption policy. We strictly prohibit all employees from accepting money or any other gifts from outside entities such as customers, suppliers, contractors, authorities or other business partners. Details of the guiding principles for responsible business conduct are set out in our Employee Handbook. During the Year, we arranged anti-corruption training programmes for our Board members and employees in Hong Kong headquarters and Mainland China subsidiaries to update them on the latest anti-corruption enforcements and proper practice procedures. In support of our policies on ethical behaviours, the Group's whistle-blowing mechanism is in place. Employees are encouraged to report any misconduct as early as possible through three reporting channels (i.e. email, post and telephone), and anonymous report is also accepted. To ensure whistle-blowers have the freedom to report grievances without fear of reprisal, all cases are treated with strict confidentiality and submitted to designated personnel for further investigation.

During the Year, the Group found one case of violation of the relevant anti-corruption laws and regulations²⁸. In March 2021, an employee of one of the ice-skating rinks under the All Star Ice Skating Club was discovered for cheating for personal gain. We immediately handed over the employee involved to the judicial authorities. In January 2022, a judgment was made by the relevant court and all losses totalling RMB1.36 million were recovered in August of the same year.

After the occurrence of the case, the Group promptly organised the ice rink business segment to conduct a serious analysis and summarization, and at the same time further sorted out and improved the management process of the Company's operation and management. Meanwhile, we have strengthened staff management and education, such as conducting anti-fraud training within the Group and enhancing the legal awareness of the employees, in order to prevent the recurrence of similar incidents to the best of our abilities.

本集團不容忍任何形式的貪污或瀆職行為。本集團現已制定有關賄賂、勒索、欺詐、洗黑錢及反貪污的內部政策，闡述集團商業行為準則，明確員工責任，並列明在員工手冊，全體員工必須遵守反腐敗政策。我們嚴禁所有員工收受客戶、供應商、承包商、機構或其他業務夥伴等外部實體的金錢或任何其他禮物。員工手冊中詳列了負責任商業行為的指導原則。在本年度，我們為香港總部及內地附屬公司的董事會成員及員工安排了反貪污培訓課程，使他們了解最新的反貪污執法行動及適當的做法程序。為配合我們於道德行為方面的政策，本集團制定了舉報機制，我們鼓勵員工通過三個舉報渠道（電郵，郵寄及電話）儘早舉報任何不當行為，亦接受匿名舉報。為確保舉報人士擁有舉報申訴而免於恐懼遭受報復的自由，所有個案皆予嚴格保密處理，並會受指定人員作進一步調查。

於本年度，我們就與反貪污相關法律法規²⁸本集團出現一宗違法案件。於2021年3月，全明星滑冰場發現旗下某一冰場的員工有營私作弊行為。得知事件後，我們立即將涉事員工移交司法機關處理。2022年1月，相關法院作出判決，並於同年8月追回全部損失共計人民幣136萬元。

案件發生後，本集團及時組織冰場業務板塊進行了認真分析總結，同時對公司的運營管理流程進行了進一步的梳理和完善管理。同時加強員工管理和教育，在集團內開展反舞弊培訓，增強員工法律意識等，盡最大努力預防類似事件的再次發生。

Fostering Social Inclusion

In line with the spirit of "Giving back to the Community", our determination to serve the community has not diminished despite the fact that the pandemic is not yet over. In August 2022, we co-organised a volunteer programme with Fu Hong Society to make DIY environmental bags and exchange ideas with the trainees of its adult training centres through video conferences, with a view to raising participants' awareness of environmental protection and promoting community exchange.

We are aware that not everyone can afford to buy necessary supplies to fight against the novel coronavirus. During the pandemic, we donated supplies to social welfare organisations for distribution to the needy. Online charity approach has also been adopted to make charitable donations to help the needy.

In addition to supplies donation, our staff in different districts also participated in volunteer services to help prevent and control the disease in the community. For instance, our staff in Hefei assisted the community in conducting pandemic investigations, including telephone surveys, door-to-door interviews and body temperature measurements, assisting the community to implement personnel control measures, collaborating in the information registration on arrival and departure of Hefei, home isolation observation and other prevention and control measures, as well as assisting in community disinfection, sterilisation and sanitation.

促進社會共融

本集團秉承「取之社會，用之社會」的精神，雖然疫情仍未完結，但我們服務社會的決心並無減弱。於2022年8月，我們與扶康會合辦了義工活動，以視頻會議形式與旗下成人訓練中心的學員製作DIY環保袋及交流，以提升參加者的環保意識，同時促進社區交流。

我們深知不是每個人都有能力購買必要的物資來對抗新型冠狀病毒，我們在疫情期間向社福機構捐出物資，以便派發給有需要人士。我們亦採用線上慈善方式，進行慈善捐款，以幫助有需要的人士。

除了物資捐贈，我們不同地區的員工亦有參與義工服務，身體力行幫助社區防控。例如，合肥的員工協助社區開展疫情排查工作，包括電話調查、入戶訪問、測量體溫等協助社區落實人員管控措施，配合做好返肥入肥人員的信息登記、居家隔離觀察等防控工作，並協助做好社區消毒殺菌、衛生清潔等工作。

³³ Some of the environmental performance indicators have not been collected in the Year as Clarks' data system is under adjustment.

³⁴ Carbon emissions and resource usage are calculated by dividing the relevant data in the 2022 Sustainability Report (from February to December 2022) issued by Clarks by eleven and multiplying by six to estimate relevant data that should be reported after the acquisition of Clarks by the Company in July 2022.

³³ 由於Clarks的數據體系正處於調整階段，部分環境績效指標於本年度未能收集披露。

³⁴ 碳排放量及資源使用量以Clarks所發布的2022年度可持續發展報告中相關數據(2022年2月到12月)除以十一並乘以六，進行計算，以估算本公司在2022年7月收購Clarks後所應匯報的相關數據。
