MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is principally engaged in the provision of interior design and fit-out services in Hong Kong. The Group offers a full suite of services including interior design provided by the Group's in-house design team, providing the Group's customers with creative and innovative designs that synergise with the latest market and design trends. In order to complete the projects, the Group relies on its subcontractors to implement the designs with high quality fittings and furnishings.

The Group's business can be classified into (i) residential interior design and fit-out services; and (ii) commercial interior design and fit-out services. The Group generated revenue of approximately HK\$24.4 million and HK\$34.9 million, of which approximately HK\$22.6 million and HK\$34.4 million, representing approximately 92.5% and 98.6% of the Group's total revenue, were generated from residential interior design and fit-out services for the three months ended 30 June 2023 and 2022, respectively. Approximately HK\$1.8 million and HK\$0.5 million, representing approximately 7.5% and 1.4% of the Group's total revenue, were generated from commercial interior design and fit-out services for the three months ended 30 June 2023 and 2022, respectively.

For the three months ended 30 June 2023, the Group recorded a net loss of approximately HK\$4.3 million as compared to a net profit of approximately HK\$1.5 million for the same period in 2022. The Directors are of the view that the net loss was primarily attributable to the decrease in revenue and gross profit margin from projects undertaken by the Group, as a result of the ongoing adverse and competitive market conditions for the three months ended 30 June 2023.

MANAGEMENT DISCUSSION AND ANALYSIS

OUTLOOK

Although global economic activities have been gradually recovering in 2023, the Directors are of the view that the property market in Hong Kong will remain uncertain in the near future. In the meantime, property developers in Hong Kong continue to build small residential units as they are more affordable to the public.

It is expected that the current year remains challenging in the midst of the uncertain property market of Hong Kong as it has already negatively affected and is expected to continue to affect the economy of Hong Kong. Under such uncertain conditions of the industry, the Group expects the competitors will continue to adopt a more competitive pricing strategy and bear higher operating costs in the near future. In view of such competitive market condition, the Board will remain cautious in expanding its business and will strive to control its operating costs, as well as monitoring the current market trend to anticipate any downturn or changes in the current market trend.

Looking forward, the Directors are of the view that as the housing become more affordable to the public, the Board expects the general demand for the Group's services will increase in long run. As such, the Company will continue to build upon its marketing and promotional strategy to increase the Group's brand awareness in the renovation and interior design and fit-out market. In view of the potential expansion of the Group's market share in Hong Kong, the Group will strive to expand its business coverage throughout Hong Kong to extend its reach to more potential customers.
