## CHARACTERISTICS OF GEM

---

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

deducting the costs and expenses by way of the Rights Issue of up to 108,953,955 Rights Shares to the Qualifying Shareholders. The Rights Issue is not underwritten and will not be extended to the Excluded Shareholder(s) (if any).

The purpose of this Prospectus is to provide you with, among others, further details on the Rights Issue, certain financial information and other general information on the Group.

### **RIGHTS ISSUE**

The Company proposes to implement the Rights Issue on the following terms:

#### **Issue statistics**

Basis of Rights Issue:	Three (3) Rights Shares for every one (1) Consolidated Share held by the Qualifying Shareholders at the close of business on the Record Date
Subscription Price:	HK\$0.145 per Rights Share
Number of Consolidated Shares in issue as at the Latest Practicable Date:	36,317,985 Consolidate Shares
Number of Rights Shares to be issued pursuant to the Rights Issue:	Up to 108,953,955 Rights Shares
Aggregate nominal value of the Rights Shares:	Up to HK\$54,476.9775

Maximum funds raised before expenses:	Up to approximately HK\$15.8 million

As at the Latest Practicable Date, the Group had no outstanding debt securities, derivatives, options, warrants, convertible securities or other similar securities which are convertible or exchangeable into Shares. As at the Latest Practicable Date, the Board has not received any

---

## LETTER FROM THE BOARD

---

information or other undertakings from any Shareholders, including the Company's substantial Shareholder Rainbow Kingdom Limited which is wholly owned by the Company's executive Director Ms. Ip Sin Nam Ingrid, of their intention to take up or not to take up the securities of the Company to be offered to them under the Rights Issue. The Company has no intention to issue or grant any Shares, convertible securities, warranties and/or options on or before the Record Date.

Assuming no further issue or repurchase of Shares on or before the Record Date, the number of 108,953,955 Rights Shares to be issued and allotted pursuant to the Rights Issue represents (i) 300% of the total number of issued Consolidated Shares; and (ii) approximately 75% of the total number of issued Consolidated Shares as enlarged by the allotment and issuance of the Rights Shares immediately after completion of the Rights Issue.

### **Non-underwritten basis**

The Rights Issue will proceed on a non-underwritten basis irrespective of the level of acceptances of the provisionally allotted Rights Shares. In the event the Rights Issue is not fully subscribed, any Rights Shares not taken up by the Qualifying Shareholders will be placed to independent Placees under the Compensatory Arrangements. Any Unsubscribed Rights Shares or ES Unsold Rights Shares remain not placed under the Compensatory Arrangements will not be issued by the Company and the size of the Rights Issue will be reduced accordingly. There is no minimum amount to be raised under the Rights Issue. There are no applicable statutory requirements under the laws of the Cayman Islands regarding minimum subscription levels in respect of the Rights Issue.

As the Rights Issue will proceed on a non-underwritten basis, the Shareholder who applies to take up all or part of his/her/its entitlement under the PAL(s) may unwittingly incur an obligation to make a general offer for the Shares under the Takeovers Code. Accordingly, the Rights Issue will be made on terms that the Company will provide for the Shareholders to apply on the basis that if the Rights Shares are not fully taken up, the application of any Shareholder (except for HKSCC Nominees Limited) for his/her/its assured entitlement under the Rights Issue will be scaled down to a level which does not trigger an obligation on part of the relevant Shareholder to make a general offer under the Takeovers Code in accordance to the note to Rule 10.26(2) of the GEM Listing Rules.

### **Subscription Price**

The Subscription Price of HK\$0.145 per Rights Share is payable in full when a Qualifying Shareholder accepts the relevant provisional allotment of Rights Shares or when a transferee of nil-paid Rights Shares accepts the provisional allotment of the relevant Rights Shares.

---

## LETTER FROM THE BOARD

---

The Subscription Price represents:

- (i) a discount of approximately 6.45% to the closing price of HK\$0.155 per Consolidated Share as quoted on the Stock Exchange on the Latest Practicable Date;
- (ii) a discount of approximately 27.5% to the theoretical closing price of HK\$0.2 per Consolidated Share (after taking into account the effect of the Share Consolidation) based on the closing price of HK\$0.04 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (iii) a discount of approximately 27.86% to the theoretical average closing price of HK\$0.201 per Consolidated Share (after taking into account the effect of the Share Consolidation) based on the average closing price of HK\$0.0402 per Share as quoted on the Stock Exchange for the five (5) consecutive trading days up to and including the Last Trading Day;
- (iv) a discount of approximately 26.77% to the theoretical average closing price of HK\$0.198 per Consolidated Share (after taking into account the effect of the Share Consolidation) based on the average closing price of approximately HK\$0.0396 per Share as quoted on the Stock Exchange for the ten (10) consecutive trading days up to and including the Last Trading Day;
- (v) a discount of approximately 8.66% to the theoretical ex-rights price of approximately HK\$0.15875 per Consolidated Share (after taking into account the effect of the Share Consolidation) based on the closing price of HK\$0.04 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (vi) a discount of approximately 88.40% to the unaudited consolidated net asset value per Consolidated Share of approximately HK\$1.25 (based on the latest published unaudited consolidated net asset value attributable to Shareholders per Share as at 30 September 2023 and assuming the Share Consolidation had become effective). The Directors noted that the Shares were traded at a discount to the net asset value per Share since August 2023 and the recent market prices reflected the recent market sentiment. Accordingly, the Directors consider that the net asset value per Share is not a meaningful benchmark to determine the Subscription Price. Instead, the prevailing market price of the Shares would be a more appropriate reference in determining the Subscription Price; and

---

## LETTER FROM THE BOARD

---

(vii) a theoretical dilution effect (as defined under Rule 10.44A of the GEM Listing Rules) of approximately 20.90% represented by the theoretical diluted price of approximately HK\$0.159 per Consolidated Share to the benchmarked price of approximately HK\$0.201 per Consolidated Share (as defined under Rule 10.44A of the GEM Listing Rules, taking into account the closing price on the Last Trading Day of HK\$0.04 and the average closing price of approximately HK\$0.0402 per Share as quoted on the Stock Exchange for the five (5) consecutive trading days immediately prior to the Last Trading Day).

The net price per Rights Share is estimated to be approximately HK\$0.138, if fully subscribed.

The Subscription Price was determined with reference to, among other things, the recent market prices of the Shares, the current market conditions and the amount of funds the Company intends to raise under the Rights Issue as discussed in the section headed “REASONS FOR THE RIGHTS ISSUE AND THE USE OF PROCEEDS” in this Prospectus.

The Directors (including the independent non-executive Directors) consider that each Qualifying Shareholder will be provisionally allotted the Rights Shares at the same Subscription Price in proportion to his/her/its shareholdings held on the Record Date and the terms of the Rights Issue, including the Subscription Price which has been set as a discount to the recent closing prices of the Shares with an objective of encouraging existing Shareholders to take up their provisional allotments so as to participate in the potential growth of the Company, to be fair and reasonable and in the interests of the Company and the Shareholders as a whole.

The Directors (including the independent non-executive Directors) consider that the terms of the Rights Issue, including the Subscription Price, are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

### **Basis of provisional allotment**

The basis of the provisional allotment shall be three (3) Rights Shares for every one (1) Consolidated Share held by the Qualifying Shareholder as at the close of business on the Record Date.

Application for all or any part of a Qualifying Shareholder’s provisional allotment should be made by completing a PAL and lodging the same with a remittance for the Rights Shares being applied for with the Registrar on or before the Latest Time for Acceptance.

The Company will send the Prospectus to the Excluded Shareholders (if any) for their information only, but will not send any PAL to them on Tuesday, 2 July 2024.

---

## LETTER FROM THE BOARD

---

### Qualifying Shareholders

The Rights Issue is only available to the Qualifying Shareholders. To qualify for the Rights Issue, a Shareholder must be registered as a member of the Company and not be an Excluded Shareholder on the Record Date.

Qualifying Shareholders who take up their pro-rata entitlement in full will not suffer any dilution to their interests in the Company. **If a Qualifying Shareholder does not take up any of his/her/its entitlement in full under the Rights Issue, his/her/its proportionate shareholding in the Company will be diluted.**

### Rights of Overseas Shareholders (if any)

The Prospectus Documents will not be registered or filed under the applicable securities legislation of any jurisdiction other than Hong Kong. Overseas Shareholders may not be eligible to take part in the Rights Issue as explained below.

Pursuant to Rule 17.41(1) of the GEM Listing Rules, the Directors will make enquiries regarding the feasibility of extending the Rights Issue to the Overseas Shareholder(s) under the laws of the relevant overseas jurisdictions and the requirements of the relevant regulatory bodies or stock exchanges. If, after making such enquiries, the Directors are of the opinion that it would be necessary or expedient on account either of the legal restrictions under the laws of the relevant place or the requirements of the relevant regulatory body or stock exchange in that place to exclude such Overseas Shareholder(s) from the Rights Issue, no Rights Shares (whether in nil-paid or fully-paid form) will be offered to such Overseas Shareholder(s). In such circumstances, the Rights Issue will not be extended to the Excluded Shareholder(s). The basis for excluding the Excluded Shareholders, if any, from the Rights Issue will be set out in the Prospectus. The Company will send the Prospectus to the Excluded Shareholders (if any) for their information only but will not send any PAL to them.

Arrangements will be made for the Rights Shares, which would otherwise have been provisionally allotted to the Excluded Shareholders in their nil-paid form, to be sold in the market as soon as practicable after dealings in the nil-paid Rights Shares commence, and in any event before the last day for dealings in nil-paid Rights Shares if a premium (net of expenses) can be obtained. Proceeds of each sale, less expenses and stamp duty, of not less than HK\$100 will be paid pro-rata (rounded down to the nearest cent) to the relevant Excluded Shareholder(s) in Hong Kong dollars. In view of administrative costs, the Company will retain individual amounts of less than HK\$100 for its own benefit.

The Company may, at its sole absolute discretion, treat a PAL as valid and binding on the person(s) by whom or on whose behalf it is lodged even if the PAL is not completed in accordance with the relevant instructions. The Company may require the relevant person(s) to complete the incomplete PAL at a later stage. Completion and return of the PAL with a cheque or a cashier's order in payment for the Rights Shares, whether by a Qualifying Shareholder or any nominated transferee, will constitute a warranty by the applicant that the cheque or the cashier's order will be honoured on first presentation. Without prejudice to the other rights of the Company in respect thereof, the Company reserves the right to reject any PAL in respect of which the accompanying cheque or cashier's order is dishonoured on first presentation, and in that event the relevant provisional allotment of Rights Shares and all rights and entitlements thereunder will be deemed to have been declined and will be cancelled. You must pay the exact amount payable upon application for Rights Shares, and any underpaid application will be rejected. In the event of an overpaid application, a refund cheque, without interest, will be made out to you only if the overpaid amount is HK\$100 or above. No receipt will be issued in respect of any PAL and/or relevant remittance received.

### **Beneficial owners' instructions to their Intermediary**

For beneficial owners whose Shares are deposited in CCASS and registered in the name of HKSCC Nominees Limited, if they wish to subscribe for the Rights Shares provisionally allotted to them, or sell their nil-paid Rights Shares or "split" their nil-paid Rights Shares by accepting part of their provisional allotment and selling/transferring the remaining part, they should contact their Intermediary and provide their Intermediary with instructions or make arrangements with their Intermediary in relation to the acceptance, transfer and/or "splitting" of the rights to subscribe for the Rights Shares which have been provisionally allotted to them in respect of the Shares in which they are beneficially interested. Such instructions and the relevant arrangements should be given or made in advance of the relevant dates stated in the "Expected Timetable" in this Prospectus and in accordance with the requirements of their Intermediary in order to allow their Intermediary sufficient time to ensure that their instructions are given effect. The procedures for acceptance, transfer and/or "splitting" in these cases shall be in accordance with the General Rules of CCASS, the CCASS Operational Procedures and any other applicable requirements of CCASS.

The Company will make arrangements described in Rule 10.31(1)(b) of the GEM Listing Rule to dispose of the Unsubscribed Rights Shares and the ES Unsold Rights Shares by offering the Unsubscribed Rights Shares and the ES Unsold Rights Shares to independent Placees for the benefit of Shareholders to whom they were offered by way of the Rights Issue.

There will be no excess application arrangements in relation to the Rights Issue.

The Company therefore appointed the Placing Agent to place the Unsubscribed Rights Shares and the ES Unsold Rights Shares after the Latest Time for Acceptance of the Rights Shares to be allotted and issued under the Rights Issue to independent Placees on a best effort basis. Any premium over the Subscription Price for those Rights Shares that is realised will be paid to the No Action Shareholders and Excluded Shareholders on a pro-rata basis. The Placing Agent will, on a best effort basis, procure, by not later than 6:00 p.m., on Friday, 26 July 2024, acquirers for all (or as many as possible) of those Unsubscribed Rights Shares and the ES Unsold Rights Shares if a premium over the Subscription Price and the expenses of procuring such acquirers (including any related commissions and any other related expenses/fees) can be obtained. Any Unsubscribed Rights Shares and the ES Unsold Rights Shares remain not placed after completion of the Placing Arrangement will not be issued by the Company and the size of the Rights Issue will be reduced accordingly.

Net Gain (if any) will be paid (without interest) on pro-rata basis (on the basis of all Unsubscribed Rights Shares and ES Unsold Rights Shares) to the No Action Shareholders and the Excluded Shareholders (but rounded down to the nearest cent) as set out below:

- (i) where the nil-paid rights are, at the time they lapse, represented by a PAL, to the person whose name and address appeared on the PAL (unless that person is covered by (iii) below);
- (ii) where the nil-paid rights are, at the time they lapse, registered in the name of HKSCC Nominees Limited, to the beneficial holders (via their respective CCASS participants) as the holder of those nil-paid rights in CCASS (unless that person is covered by (iii) below);

(iii) if the Rights Issue is extended to the Overseas Shareholders and where an entitlement to the Rights Shares was not taken up by such Overseas Shareholders, to that Overseas Shareholders.

It is proposed that Net Gain to any of the No Action Shareholder(s) mentioned in (i) to (iii) above of HK\$100 or more will be paid to them in Hong Kong Dollars only and the Company will retain individual amounts of less than HK\$100 for its own benefit. The placing fee is determined after arm's length negotiation between the Company and the Placing Agent having regard to market practices and recent market comparables. The Board has reviewed 17 recent rights issue transactions announced during the 3-month period commencing from 30 January 2024 up to the Last Trading Day and noted that the placing fees ranged from 3.5% to 0.5% and the average is 1.97%. Hence the Board considered that the placing fee is fair and reasonable.

Placing price of each of the Unsubscribed Rights Share and/or the ES Unsold Rights Share (as the case may be):

The placing price of each of the Unsubscribed Rights Share and/or the ES Unsold Rights Share (as the case may be) shall not be less than the Subscription Price.

The final price determination will be dependent on the demand for and market conditions of the Unsubscribed Rights Shares and/or the ES Unsold Rights Shares during the process of Placing after negotiations between the Placing Agent and the prospective Placees.

Placees:

Any individuals, corporate, institutional investor(s) or other investor(s), who and whose ultimate beneficial owner(s) shall be Independent Third Party(ies), procured by the Placing Agent and/or Sub-Placing Agents to subscribe for any of the Unsubscribed Rights Shares and the ES Unsold Rights Shares pursuant to the Placing Agreement.

Ranking of the Unsubscribed Rights Shares and the ES Unsold Rights Shares: The Unsubscribed Rights Shares and the ES Unsold Rights Shares (when placed, allotted, issued and fully paid) shall rank pari passu in all respects inter se and with all other Consolidated Shares then in issue.

Termination of the Placing Agreement: The Placing Arrangement shall end on the Long Stop Date or any other date by mutual written agreement between the Placing Agent and the Company.

If any of the following events occur at any time prior to the Long Stop Date, the Placing Agent may (after such consultation with the Company and/or its advisers as the circumstances shall admit or be necessary), by giving a written notice to the Company, at any time on or prior to the Long Stop Date, terminate the Placing Agreement without liability to the other parties hereto and, subject to the clauses stated on the Placing Agreement which shall continue, the Placing Agreement shall thereupon cease to have effect and none of the parties hereto shall have any rights or claims by reason thereof save for any rights or obligations which may accrue under the Placing Agreement prior to such termination:

- (a) in the reasonable opinion of the Placing Agent there shall have been since the date of the Placing Agreement such a change in national or international financial, political or economic conditions or taxation or exchange controls as would be likely to prejudice materially the consummation of the Placing Agreement; or
- (b) the introduction of any new law or regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any matter whatsoever which may adversely affect the business or the financial or trading position or prospects of the Group as a whole; or

---

## LETTER FROM THE BOARD

---

- (c) any material breach of any of the representations and warranties comes to the knowledge of the Placing Agent or any event occurs or any matter arises on or after the date hereof and prior to the Long Stop Date which if it had occurred or arisen before the date hereof would have rendered any of such representations and warranties untrue or incorrect in any material respect or there has been a material breach by the Company of any other provision of the Placing Agreement; or
- (d) there is any adverse change in the financial position of the Company which in the reasonable opinion of the Placing Agent is material in the context of the Placing Agreement.

Conditions precedent:

The Placing Agreement is conditional upon the fulfillment of the following conditions:

- (i) the Listing Committee of the Stock Exchange granting the approval for the listing of, and the permission to deal in, the Rights Shares;
- (ii) none of the representations, warranties or undertakings contained in the Placing Agreement being or having become untrue, inaccurate or misleading in any material respect at any time before the completion, and no fact or circumstance having arisen and nothing having been done or omitted to be done which would render any of such undertakings, representations or warranties untrue or inaccurate in any material respect if it was repeated as at the time of completion; and
- (iii) the Placing Agreement not having been terminated in accordance with the provisions thereof.

---

## LETTER FROM THE BOARD

---

The Placing Agent may, in its absolute discretion, waive the fulfillment of all or any or any part of the conditions (other than those set out in paragraph (i) above) by notice in writing to the Company. As at the Latest Practicable Date, none of the above conditions has been fulfilled.

**Completion:**

Subject to the fulfillment of the conditions set out in the above conditions (i) to (iii), the completion of the Placing Agreement shall take place at the offices of the Placing Agent within five (5) Business Days after publication of an announcement by the Company of the results of the Rights Issue including the placing of the Unsubscribed Rights Shares and the ES Unsold Rights Shares under the Rights Issue and upon fulfilment or waiver (as the case may be) of the conditions precedent to the Placing Agreement or such other date as the Company and the Placing Agent may agree.

The engagement between the Company and the Placing Agent for the placing of the Unsubscribed Rights Shares and the ES Unsold Rights Shares was determined after arm's length negotiations between the Placing Agent and the Company and is on normal commercial terms with reference to the market comparables, the existing financial position of the Group, the size of the Rights Issue, and the current and expected market condition. The Directors consider the terms of the Placing Arrangement for the Unsubscribed Rights Shares and the ES Unsold Rights Shares (including the commission payable) are on normal commercial terms.

Given that the Compensatory Arrangements would provide (i) a distribution channel of the Unsubscribed Rights Shares and the ES Unsold Rights Shares to the Company; and (ii) a compensatory mechanism for No Action Shareholders and the Excluded Shareholders, the Directors considers that the Compensatory Arrangements are fair and reasonable and would provide adequate safeguard to protect the interest of the Company's minority Shareholders.

**As the proposed Rights Issue is subject to the above conditions, it may or may not proceed.**

### REASONS FOR THE RIGHTS ISSUE AND THE USE OF PROCEEDS

The Group is principally engaged in the provision of tutoring services, franchising services and management services in Hong Kong and Mainland China.

Assuming full subscription under the Rights Issue, the gross proceeds from the Rights Issue will be approximately HK\$15.8 million and the estimated net proceeds of the Rights Issue will be approximately HK\$15 million. The estimated expenses of the Rights Issue are approximately HK\$0.8 million, which include placing commission and professional fees payable to the financial advisers, legal counsels, financial printer and other parties involved in the Rights Issue and will be borne by the Company. The net subscription price per Rights Share is expected to be approximately HK\$0.138.

The Company intends to use the net proceeds from the Rights Issue for the following purposes:

- (i) HK\$10 million for development of the New Business of which approximately HK\$2 million will be used for office rental and related expenses and approximately HK\$2.5 million for salary and other administrative expenses for opening sales office in China and approximately HK\$5.5 million as working capital for down payments for securing parking systems and other related facilities; and

---

## LETTER FROM THE BOARD

---

(ii) HK\$5 million for general working capital of the Group.

If the Rights Issue is undersubscribed, the net proceeds will be applied for the above purposes on a pro-rata basis. The Company may scale down the operation and development of the New Business depending on the level of net proceeds raised. If the net proceeds shall be less than HK\$5 million, the Company will re-assess the business development plan and may consider delaying the commencement of the New Business until additional fundings are available. In the meantime, the net proceeds raised will be used as general working capital of the Group.

As disclosed in the Company's annual report for the year ended 31 March 2023, the Group recorded a revenue of approximately HK\$43.66 million (2022: HK\$35.9 million) and a loss of HK\$252,000 (2022: HK\$6.97 million). As disclosed in the Company interim report for the 6 month ended 30 September 2023, the Group recorded a revenue of approximately HK\$23.13 million (2022: HK\$18.12 million) and a loss of approximately HK\$2.12 million (2022: HK\$3.69 million). The revenue from tutoring services for the 6 month ended 30 September 2023 was approximately HK\$16.5 million (2022: HK\$17.87 million), represented a decrease of approximately 7.67% from the same period in the previous year.

According to the student enrolment statistics published by the Hong Kong Education Bureau, the number of student enrolment for primary and secondary school exhibited a downward trend in recent years. The impact of decreasing number of students was reflected in the soft demand for tutoring services in Hong Kong for primary and secondary education. Therefore the Group expects that the market for primary and secondary education tutoring services in Hong Kong to remain challenging in the coming years. In view of the uncertain prospects of the tutoring market in Hong Kong, the Group is always mindful to seek new business opportunities to diversify the income source of the Group.

Car ownerships in China has been increasing, which has resulted in high demands for parking spaces in urban areas. Automated parking systems make use of mechanical and electronic equipment such as the vertical circulation parking equipment and the lift and traverse parking equipment to maximise the utilization of parking spaces. In view of the shortage of supply of car parking spaces in major urban cities in China due to the substantial increase in the number of car owners and the lack of sufficient supply for parking spaces, the Company is optimistic of the business prospects of facilitating the supply of car parking spaces in China. In view of the challenging environment for the Group's tutoring business in Hong Kong, the Board considers that it would be in the interest of the Company and its shareholders as a whole to seize the opportunity to tap into this market with the aim to increase Shareholders' return.

---

## LETTER FROM THE BOARD

---

The Group intends to engage in the New Business which involves the provision of automated parking systems and related services such as charging stations for electric vehicles in China. Initially the Group intends to engage in the sale/distribution of automated parking systems to car park owners in China through its connections with parking system suppliers and end customers. The New Business will be based in Zhengzhou, Henan Province, China. The Group will partner with one or more established suppliers to provide automated parking systems and other related services to car park owners in urban areas such as commercial and office districts, residential areas and tourist spots in Zhengzhou and surrounding cities.

The Board has considered various ways of raising funds and believe that the Rights Issue is the most efficient way in terms of time and costs for the Company. The Board considers it is prudent to finance the Group's long-term growth by long term financing, preferably in the form of equity which will not increase the Group's finance costs. The Board has considered other fund-raising alternatives before resolving to the Rights Issue, including but not limited to debt financing, open offer, placing and subscription.

Debt financing will result in additional interest burden, higher gearing ratio of the Group and subject the Group to repayment obligations. In addition, debt financing may not be achievable on favourable terms in a timely manner.

As for open offer, while it is similar to a rights issue, offering qualifying shareholders to participate, it does not allow free trading of rights entitlements in the open market.

Amongst the equity financing methods, placing or subscription of new Shares would dilute the shareholding of the existing Shareholders without giving the chance to the existing Shareholders to participate. On the one hand, the Rights Issue will enable the Company to strengthen its capital base and to enhance its financial position without increasing its debt or finance costs. On the other hand, the Board considers that the Rights Issue, being pre-emptive in nature, would allow all Qualifying Shareholders to participate in the future development of the Company and at the same time offer more flexibility to the Qualifying Shareholders to choose whether to maintain, increase or decrease their respective pro rata shareholdings in the Company by taking up only their respective rights entitlement, acquiring additional rights entitlement or disposing of their rights entitlements in the open market (subject to availability).

The Company considers that the placing obligations of the Placing Agent are more or less similar to an underwriter of the Rights Issue (except that the Placing Agent are on best effort basis). As such, the Company subsequently decided to conduct the Rights Issue on non-underwritten basis and to adopt the Placing Arrangement simultaneously in order to ensure sufficient funds could be raised.

## LETTER FROM THE BOARD

Based on the above, the Board considers that raising capital through the Rights Issue is fair and reasonable and in the interests of the Company and the Shareholders as a whole. **However, those Qualifying Shareholders who do not take up the Rights Shares to which they are entitled and Excluded Shareholder(s) (if any) should note that their shareholdings will be diluted.**

### SHAREHOLDING STRUCTURES

Set out below are the shareholding structures of the Company (a) as at the Latest Practicable Date; (b) immediately upon completion of the Rights Issue assuming full acceptance of the Rights Shares by the existing Shareholders; and (c) immediately upon completion of the Rights Issue assuming nil acceptance of the Rights Shares by the Qualifying Shareholders and all Unsubscribed Rights Shares and ES Unsold Rights Shares have been placed by the Placing Agent:

### **5. FINANCIAL AND TRADING PROSPECTS OF THE GROUP**

The Group is principally engaged in the provision of tutoring services, franchising services and management services in Hong Kong and Mainland China.

Due to further recovery of the economy and relief from pandemic outbreak, the management believes there would be further improvements in both primary tutoring services and secondary tutoring services. The Group will continuously focus on tutoring services business and remain our competitive advantages in the keen competitions. Meanwhile, the franchise business will be further developed to seize opportunity of further growth. The PRC management services business is expected to further improve the overall financial performance of the Group.

However, according to the student enrolment statistics published by the Hong Kong Education Bureau, the number of student enrolment for primary and secondary school exhibited a downward trend in recent years. The impact of decreasing number of students was reflected in the soft demand for tutoring services in Hong Kong for primary and secondary education. Therefore the Group expects that the market for primary and secondary education tutoring services in Hong Kong to remain challenging in the coming years. In view of the uncertain prospects of the tutoring market in Hong Kong, the Group is always mindful to seek new business opportunities to diversify the income source of the Group.

Car ownerships in China has been increasing, which has resulted in high demands for parking spaces in urban areas. Automated parking systems make use of mechanical and electronic equipment to maximise the utilization of parking spaces, such as the vertical circulation parking equipment and the lift and traverse parking equipment. The Group intends to engage in the New Business which involves the provision of automated parking systems and related services in China. Initially the Group intends to engage in the sale/distribution of automated parking systems to car park owners in China through its connections with parking system suppliers and end customers.

The Group will establish sales offices initially in Zhengzhou and will make use of its business connections with local car park owners to procure the sale of automated parking systems, charging stations and related facilities and services. The Group will purchase the parking systems from suppliers at factory prices and resell them to customers at retail prices. The Group will procure the suppliers to provide installation and maintenance services to the parking systems and charge the customers likewise. The Group will recruit local marketing staff with adequate knowledge of the products to approach prospective customers. The major competitive advantage of the Group in the New Business includes its business connections with reputable suppliers of automated parking systems and local car park owners in Mainland China, which enables the Group to explore business opportunities available among car park owners and to devise proposals to meet the demands for parking spaces and other related services. The Group will designate one of its directors to oversee the New Business and in particular to supervise the performance of the senior sales officers who would possess in-depth knowledge of the parking systems' features and their suitability for specific car park sites. In view of the business model of the New Business, there would not be any material capital expenditure other than setting up sales offices.

The initial plan of the Group is to utilise the net proceeds from the Rights Issue to open up to 10 offices in China. Other than the fixed costs for rental and salaries of the sales offices, the major working capital requirements for the New Business will be the down payments payable to the suppliers for the parking systems. Such working capital requirement will depend on the volume and amount of transactions. The Group will closely monitor the progress of the New Business and in the event that the working capital requirement shall exceed the available reserve of the Group, the Company will look for other sources of funding including debt and equity financing as may be appropriate. If the Company is unable to raise adequate funding, the development of the New Business would be adversely affected.

The risks of entering into the New Business include:

- (a) The Group may not be able to successfully procure customers to purchase the car parking systems. The Group makes use of its business connections among prospective customers to expand its customer base. There is no guarantee that any of the prospective customers will enter into transactions with the Group.

- (b) The Group faces competition from other suppliers of automated parking systems in China. If the Group is unable to take measures to remain competitive in the market, the New Business would be materially and adversely affected.
- (c) The Group has no track record in conducting the New Business which is based in Mainland China. There is no guarantee that the New Business will proceed as planned or at all. The Group may face operational problems which, if the Group is unable to resolve, would adversely affect the results of the New Business.
- (d) The New Business would be adversely affected by local government policies in relation to the supply of car parking spaces. Any policies by local government which have the result of increasing the supply of car parking spaces could have an adverse effect on the New Business.
- (e) Although there is no special qualification or licence requirements applicable to the New Business, the Group is responsible for ensuring that the suppliers shall meet all legal requirements in relation to the supply of the parking systems and other facilities and services. If the suppliers fail to satisfy such legal requirements, the results and prospects of the New Business would be adversely affected.

#### **(12) RISK FACTORS**

The Directors believe that there are certain risks relating to the Group's business and the industry in which it operates which include, among others, the following:

- (a) The Group operates tutorial centres which offer private tutorial classes and have obtained the certificates of registration of a school and certificates of accommodation and enjoyed exemption from certain provisions under the Education Ordinance. If the Group is not able to obtain the said certificates and/or exemptions for new tutorial centres or existing certificates and/or exemptions are revoked or abolished, operation in those relevant centres will have to be suspended and the Group's business and operating results may be materially and adversely affected.
- (b) The quality of the tutoring services are to a significant extent attributable to the tutors. If the Group fail to recruit and retain capable and qualified tutors, the Group may be unable to maintain teaching quality and the Group's brand, reputation and operations may be materially and adversely affected.

- (c) Tutoring services will continue to be a substantial revenue stream of the Group in the near future. However, the number of school students has exhibited a declining trend in recent years. If such trend or other changes leads to a reduction in demand for the Group's tutoring services and the Group fails to adequately and promptly respond to such changes, the Group's prospects and operation may be materially and adversely affected.
- (d) The Group's operations and revenue are mainly derived from Hong Kong. Any major changes to Hong Kong's social and economic landscape will have a huge impact on the business.
- (e) The number of primary school students and secondary school students have shown a decreasing trend in recent years. If this decreasing trend continues, there may be a reduction of demand for tutoring services in the industry. This in turn may lead to a decrease in the number of the Group's students and course enrolments which in turn may materially and adversely affect the Group's operating results and financial performance.
- (f) The Directors intend to diversify the Group's income source by expanding into new businesses and into Mainland China. The Group may not be able to successfully pursue and develop the New Business or other new businesses in Mainland China and/or Hong Kong, which in turn may materially and adversely affect the prospects of the Group's financial performance.
