(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 8601)

ANNUAL RESULTS ANNOUNCEMENT FOR YEAR ENDED 31 DECEMBER 2024

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This announcement, for which the directors (the "Directors") of Boltek Holdings Limited (the "Company", together with its subsidiaries, the "Group" or "We") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

During the years ended 31 December 2024 and 2023, there were no contributions forfeited by the Group on behalf of its employees who left the plan prior to vesting fully in such contribution, nor had there been any utilisation of such forfeited contributions to reduce future contributions. As at 31 December 2024 and 2023, no forfeited contributions were available for utilisation by the Group to reduce the existing level of contributions.

7. INCOME TAX EXPENSE

	2024	2023
	HK\$'000	HK\$'000
Provision for Hong Kong Profits Tax		
- Current tax	5,350	4,728
- Overprovision in respect of prior years	(3)	(6)
Deferred tax		
– Current year	(322)	5
	5,025	4,727

The provision for Hong Kong Profits Tax for 2024 is calculated at 16.5% (2023: 16.5%) of the estimated assessable profits for the year, except for Mannings (Asia) Consultants Limited ("Mannings"), a subsidiary of the Group, which is a qualifying corporation under the two-tiered profits tax rates regime. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of qualifying entities are taxed at 8.25%, and the profits above HK\$2 million are taxed at 16.5%.

8. DIVIDENDS

Dividends attributable to the year:

	2024	2023
	HK\$'000	HK\$'000
Interim dividend of HK\$5.625 cents per ordinary share		
(2023: HK\$8.125 cents)	45,000	65,000

The directors did not recommend the payment of final dividend for the years ended 31 December 2024 and 2023.

9. EARNINGS PER SHARE

The calculation of basic earnings per share attributable to equity holders of the Company is based on the following:

	2024	2023
Profit		
Profit for the year attributable to equity holders of the Company $(HK\$'000)$	28,055	28,229
Number of shares		
Number of ordinary shares (in thousands)	800,000	800,000
	HK Cents	HK Cents
Basic earnings per share	3.51	3.53

There were no dilutive potential ordinary shares during the years ended 31 December 2024 and 2023 and therefore, diluted earnings per share equals to basic earnings per share.

10. TRADE AND OTHER RECEIVABLES

	2024 HK\$'000	2023 HK\$'000
Trade receivables	72,417	61,827
Less: ECL allowance	(3,336)	(2,221)
	69,081	59,606
Other receivables	16,115	13,205
Prepayments	1,472	1,517
Utility and other deposits	349	440
	87,017	74,768

Other receivables represent resident site staff salary and medical insurance paid as well as secondment staff salaries, which have been fully reimbursed from HKSAR Government authorities subsequently. In respect of projects awarded by the HKSAR Government, it is required to recruit resident site staff to perform site supervision and maintain proper records of site activities. Pursuant to the contract terms, the actual expenditure paid to those employed resident site staff are entitled to be reimbursed by HKSAR Government on a monthly basis.

The directors of the Company consider that the fair values of trade and other receivables are not materially different from their carrying amounts, because their balances have short maturity periods on their inception.

Trade receivables

The Group usually provide customers with a credit term of 0 to 60 days. For the settlement of trade receivables from provision of engineering design, landscape architecture and consultancy services, the Group usually reaches an agreement on the term of each payment with the customer by taking into account of factors such as, among other things, the credit history of the customer, its liquidity position and the Group's working capital needs, which varies on a case-by-case basis that requires the judgement and experience of the management.

Based on the invoice dates, the ageing analysis of the trade receivables, net of ECL allowance, was as follows:

	2024	2023
	HK\$'000	HK\$'000
0–30 days	18,478	17,839
31–60 days	13,208	13,180
61–90 days	7,391	6,007
91–365 days	19,753	15,454
Over 365 days	10,251	7,126
	69,081	59,606

The movement in the ECL allowance of trade receivables is as follows:

	2024 HK\$'000	2023 HK\$'000
Balance at 1 January ECL allowance recognised during the year	2,221 1,115	1,754 467
Balance at 31 December	3,336	2,221

Other receivables

No amounts in relation to other receivables were past due at 31 December 2024 and 2023.

11. CONTRACT BALANCES

	2024	2023
	HK\$'000	HK\$'000
Contract assets	34,750	30,141
Less: ECL allowance	(301)	(238)
Contract assets, net of ECL allowance	34,449	29,903
Contract liabilities	(225)	(272)
	34,224	29,631

The amount of revenue recognised during the year ended 31 December 2024 from performance obligations satisfied in previous periods, mainly due to the changes in estimate of the stage of completion, is HK\$1,855,000 (2023: HK\$233,000).

The contract assets primarily relate to the Group's rights to consideration for work completed but not billed at the reporting date. The contract assets are transferred to receivables when the rights become unconditional. The contract liabilities primarily relate to the advanced consideration received from customers, for which revenue is recognised based on the progress of the provision of related services.

Change of contract assets during the year ended 31 December 2024 and 2023 were mainly due to changes in number of contract works that the relevant services were completed but yet been certified at the end of the reporting period.

	2024 HK\$'000	2023 HK\$'000
Transfers from contract assets recognised at the beginning of the year to receivables	(19,975)	(16,097)
	2024 HK\$'000	2023 HK\$'000

The balance of contract assets and contract liabilities are expected to be recovered/settled within one year.

The movement in the ECL allowance of contract assets is as follows:

		2024 HK\$'000	2023 HK\$'000
	Balance at 1 January ECL allowance recognised during the year	238 63	178 60

		20,673	13,733

Notes:

(a) The Group is usually granted by suppliers with a credit term of 0 to 30 days. The ageing analysis of trade payables based on the invoice date is as follows:

	2024 HK\$'000	2023 HK\$'000
0-30 days	3,298	2,202
31–60 days	404	97
61–90 days	200	_
91–365 days	609	190
Over 365 days	544	433
	5,055	2,922

- (b) Included in the Group's accruals and other payables as at 31 December 2024 was an amount of HK\$7,674,000 (2023: HK\$9,153,000), which represented accrued staff bonus.
- (c) All amounts are short-term and hence, the carrying values of the Group's trade payables and accruals and other payables are considered to be a reasonable approximation of fair value.

13. LONG SERVICE PAYMENT OBLIGATIONS

Pursuant to the Hong Kong Employment Ordinance, Chapter 57, Hong Kong employees that have been employed continuously for at least five years are entitled to LSP under certain circumstances (e.g. dismissal by employers or upon retirement).

The amount of LSP payable is determined with reference to the employee's last monthly salary (capped at HK\$22,500) and the years of service, reduced by the amount of any accrued benefits derived from the Group's contributions to MPF, with an overall cap of HK\$390,000 per employee. Currently, the Group does not have any separate funding arrangement in place to meet its LSP obligations.

In June 2022, the Hong Kong SAR Government (the "Government") gazetted the Hong Kong Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 (the "Amendment Ordinance"), which abolishes the use of the accrued benefits derived from employers' mandatory MPF contributions to offset the LSP. The Amendment Ordinance will take effect on 1 May 2025 (the "Transition Date"). Separately, the Government has indicated that it would launch a subsidy scheme to assist employers after the abolition.

Among other things, once the abolition of the offsetting mechanism takes effect, an employer can no longer use any of the accrued benefits derived from its mandatory MPF contributions (irrespective of the contributions made before, on or after the Transition Date) to reduce the LSP in respect of an employee's service from the Transition Date. However, where an employee's employment commenced before the Transition Date, the employer can continue to use the above accrued benefits to reduce the LSP in respect of the employee's service up to that date. In addition, the LSP in respect of the service before the Transition Date will be calculated based on the employee's monthly salary immediately before the Transition Date and the years of service up to that date.

The benefit payment under LSP remains capped at HK\$390,000 per employee. If an employee's total benefit payment exceeds HK\$390,000, the amount in excess of the cap is deducted from the portion accrued from the Transition Date.

The Group has accounted for the offsetting mechanism and its abolition.

The Group has determined that the Amendment Ordinance primarily impacts the Group's LSP obligations with respect to Hong Kong employees.

The present value of unfunded LSP obligations and its movements are as follows:

	2024	2023
	HK\$'000	HK\$'000
At 1 January	2,722	1,846
Addition through business combination	_	262
Expenses recognised in profit or loss		
- Current service cost	603	614
At 31 December	3,325	2,722

The current service cost and past service cost are included in employee benefits expenses. They are recognised in the following line items in the consolidated statement of profit or loss and other comprehensive income:

	2024 HK\$'000	2023 HK\$'000
Cost of services Administrative expenses	541 62	572 42
	603	614

Estimates and assumptions

The significant actuarial assumptions for the determination of LSP obligations are as follows:

	2024	2023
Discount rate	3.743%	3.703%
Salary growth rate	2%	2%

These assumptions were developed by management. Discount factors are determined close to each periodend by reference to market yields of government bonds that are denominated in the currency in which the benefits will be paid and that have terms to maturity approximating to the terms of the related LSP obligations. Other assumptions are based on current actuarial benchmarks and management's historical experience.

The present value of the LSP obligations was measured using the projected unit credit method.

The weighted average duration of the LSP obligations is 6.27 years (2023: 7.25 years).

Expected maturity analysis of undiscounted LSP obligations in the next 13 years (2023: 14 years) as at 31 December 2024 and 2023 is disclosed as follows:

	Within 1 year HK\$'000	Over 1 year but within 2 years HK\$'000	Over 2 years but within 5 years HK\$'000	Over 5 years HK\$'000
31 December 2024 LSP obligations	831	123	531	2,592
31 December 2023 LSP obligations	694		650	2,252

The LSP obligations expose the Group to actuarial risks such as interest rate risk, salary risk and the investment risk of the Group's MPF scheme's constituent funds.

Changes in the significant actuarial assumptions

The calculation of the LSP obligations is sensitive to the significant actuarial assumptions mentioned above. The following table summarises the effects of changes in these actuarial assumptions on the LSP obligations at the end of each reporting periods.

	Impact on LSP obligation			
	Changes in assumption	Increase in the assumption HK\$'000	Decrease in the assumption HK\$'000	
As at 31 December 2024				
Discount rate	5%	(773)	773	
Salary growth rate	5%	50	(50)	
As at 31 December 2023				
Discount rate	5%	(713)	713	
Salary growth rate	5%	15	(15)	

The sensitivity analyses presented above may not be representative of actual change in the LSP obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. When calculating the sensitivity of the LSP obligation to significant actuarial assumptions, the same actuarial valuation method has been applied when calculating the LSP obligations recognised in the consolidated statement of financial position.

There were no changes in the methods and assumptions used in preparing the sensitivity analysis from prior year.

FINANCIAL REVIEW

Revenue

Our revenue increased to approximately HK\$187.3 million for the Year by approximately HK\$16.9 million or 9.9%, from approximately HK\$170.4 million for the year ended 31 December 2023. This was principally due to an increase in projects awarded during the Year.

Cost of services

Our cost of service increased to approximately HK\$125.2 million for the Year by approximately HK\$15.1 million or 13.8%, from approximately HK\$110.1million for the year ended 31 December 2023. This was principally due to an increase in staff cost of technical staffs and consultancy fee. The escalation in staff costs can be attributed to rising labor expenses and a growing number of technical personnel. Meanwhile, the increase in subconsultancy fees was largely due to our reliance on additional subconsultants for several newly awarded large-scale projects.

Gross profit

During the Year, our Group's gross profit increased to approximately HK\$62.1 million by approximately HK\$1.7 million or 2.9%, from approximately HK\$60.4 million for the year ended 31 December 2023. The increase was mainly due to the increase in projects awarded, which more than offset the impact of rising costs associated with services.

Other income

Other income amounted approximately HK\$3.9 million for the Year, which remain stable comparing to the financial year ended 31 December 2023.

Bargain purchase from business combination

On 11 August 2023, the Group has acquired Team 73 HK Limited ("Team 73"), a landscape architecture company incorporated in Hong Kong with limited liabilities, at a cash consideration of HK\$3,524,000. Team 73 was acquired so as to continue the expansion of the Group's operations.

Administrative expenses (including provision of expected credit loss allowance)

Our administrative expenses (including provision of expected credit loss allowance) amounted to approximately HK\$32.5 million for the Year, which remain stable comparing to the financial year ended 31 December 2023, as our management implemented cost-reduction strategies on non-essential items throughout the year. This thoughtful approach was focused on improving the company's cash flow and maintaining financial stability to address any unforeseen challenges in the future, while still enabling us to invest in important areas of our operations.

Income tax expense

Income tax expense increased by approximately HK\$0.3 million or 6.3% from approximately HK\$4.7 million for the year ended 31 December 2023 to approximately HK\$5.0 million for the Year, the increase was mainly due to the increase in taxable profit for the Year.
