## CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE "STOCK EXCHANGE")

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

## Chairman's Statement

Dear Shareholders,

On behalf of the board of the directors (the "Board") of Nexion Technologies Limited (the "Company"), I am pleased to present to our shareholders (the "Shareholders") the annual report of the Company and its subsidiaries (collectively, the "Group") for the year ended 31 December 2024 ("FY2024").

### REVIEW

The Group is principally engaged in provision of cyber security solutions and Information Technology ("IT") software development business, which main markets are in Malaysia and Singapore; and software-as-a-service ("SaaS") business in the People's Republic of China (the "PRC") during FY2024.

Throughout FY2024 and the year ended 31 December 2023 ("FY2023"), the Group has adhered to its business strategies by concentrating on the development of the cyber security solutions services businesses as well as exploring markets into the enterprise digital transformation area and smart technology industry.

Since FY2023, WerkDone Pte. Ltd. ("WerkDone"), a wholly owned subsidiary of the Group has developed its Visitor Management System ("VMS") to comprehensive Senior Care Management System ("SCMS") and smart healthcare system, which provides a consolidated platform for managing the residents or participants of eldercare facilities ranging from senior activity centres to nursing homes.

The Group has observed continuous growth in our VMS clientele within the community care and healthcare sectors, along with the successful launch with our first large scale, multi-centre SCMS project in FY2024. Given the expansion of VMS related business and the introduction of SCMS, which the Group expects that the clients base and market shares will be expanded upon its development, we have renamed the business segment from "Cyber Security Solutions" to "Cyber Security Solutions and IT Software Development". This change aims to clarify the segment's offerings for our stakeholder as well as align with the Group's business strategy on reallocating more internal resources to develop our cyber security solutions services business and explore markets into the enterprise digital transformation area and smart technology industry.

During FY2024, we recognised an increase in total revenue of the Group by approximately HK\$2,502,000 or 19.7% to approximately HK\$15,190,000 (FY2023: approximately HK\$12,688,000), in which we recognised a remarkable improvement in revenue from the cyber security solutions and IT software development segment. Revenue from this business segment increased by approximately HK\$3,746,000 or 39.4% from approximately HK\$9,506,000 in FY2023 to HK\$13,252,000 in FY2024, which was mainly due to security of strategic cyber security solutions related projects, growth in VMS clientele and new revenue stream from SCMS.

Details of the Group's performance and financial analysis for FY2024 are set out in the section headed "Management Discussion and Analysis" on page 9 to page 16 of this report.

### OUTLOOK

In line with the Group's target to (i) deliver high-quality cyber security solutions services, with a regional focus on Southeast Asia underscores its dedication to meeting the evolving needs of the dynamic and growing technology landscape in the region and (ii) become one of the leading players in the local field of digital collaboration and workflow digitalisation platforms, we will reallocate more internal resources to the cyber security solutions and IT software development segment in the coming years, especially in the development of VMS and SCMC in order to achieve positive business results with a view to creating value for our Shareholders and stakeholders.

Looking forward, the Group will continually and actively explore synergistic opportunities and flexibly change its business strategies to enhance its business growth according to the market conditions with an aim to maximising the value for the Shareholders.

# Chairman's Statement

## APPRECIATION

On behalf of the Company, I would like to take this opportunity to express my sincere gratitude to the Shareholders and business partners for their unwavering confidence and support, and to the Board, management and employees for their contribution and dedication to the Group, which enabled us to overcome the challenges during FY2024. Going forward, the Group will continue to explore opportunities and upkeep the strength and resilience of its business to optimise its corporate strategy for achieving robust business results with a view to creating value for the Shareholders and the stakeholders.

# Management Discussion and Analysis

## BUSINESS REVIEW

The Group is principally engaged in provision of cyber security solutions and IT software development business, which main markets are in Malaysia and Singapore; and SaaS business in the PRC during FY2024. Upon completion of the disposal of entire equity interests in Netsis Technology (BVI) Limited (“Netsis BVI”) and its sole subsidiary, Netsis Technology (S) Pte. Ltd. (“Netsis (S)”) (collectively referred to as the “Netsis Group”) on 29 February 2024, the Group has no longer engaged in the cyber infrastructure solutions services business.

The Group is a dynamic force at the forefront of technological innovation, dedicated to delivering cutting-edge cyber security solutions that empower businesses to thrive securely in the digital era. With the target to become one of the leading players in the local field of digital collaboration and workflow digitalisation platforms, the Group has continued to effect digital transformation and scalability for clients in Singapore through WerkDone and targets to expand its offices across the Asia-Pacific region.

### Cyber Security Solutions and IT Software Development Segment

For FY2024, the reportable segment results (adjusted earnings before interest, taxes, depreciation and amortisation (“Adjusted EBITDA”)) in the cyber security solutions segment and IT software development segment were loss of approximately HK\$1,350,000 (*FY2023: approximately HK\$4,446,000*), improvement in segment results was mainly due to the improvement in revenue from this business segment and the absence of goodwill impairment recognition during FY2024 (*FY2023: approximately HK\$2,770,000*).

During FY2024, the Group recognised an remarkable improvement in revenue from this business segment, which the revenue increased by approximately HK\$3,746,000 or 39.4% from approximately HK\$9,506,000 in FY2023 to HK\$13,252,000 in FY2024 which was mainly due to security of strategic cyber security solutions related projects, growth in VMS clientele and new revenue stream from SCMS.

Same as FY2023, the Group has continued to offer consulting services and source products from market and resell proprietary key cyber security products to cater to its various segment of customers from individuals, small medium enterprises to large telecommunication corporations. In addition, we have provided comprehensive suite of offerings, designed to meet the diverse cybersecurity needs of businesses, ensuring a resilient and secure digital foundation.

In FY2024, the Group secured a strategic project with one of the world’s leading currency exchange companies (the “Currency Exchange Company”). As part of this collaboration, the Group has been entrusted with the management of the IT infrastructure necessary for the Currency Exchange Company to establish its currency exchange counters across major airports in Malaysia, which includes ensuring seamless network connectivity, secure transaction processing, and robust system integration to support the Currency Exchange Company operations efficiently. This milestone further strengthens our position as a trusted provider of cyber security solutions, particularly in the financial services sector.

Further, WerkDone continued to expand our VMS clientele within the community care and healthcare sectors during FY2024. Notable additions include Tan Tock Seng Hospital, which is the second largest acute care general hospital in Singapore and Methodist Welfare Services Nursing Homes. We also strengthened our existing partnerships, with clients awarding us additional tenders to supply their new facilities, among them being the supply of VMS and other digital applications for Ren Ci hospital’s newest nursing home in a newly developed integrated health complex. Our solutions help Ren Ci hospital pioneer a technology-enabled, breakthrough model of senior care that facilitating resident mobility and activity on the premises while ensuring safety and mitigating abscondment risks. WerkDone also successfully went live with our first large scale, multi-centre SCMS project in FY2024, which comprised end-to-end digitalisation of senior care operations across seven separate facilities. We are presently in preparation for the next multi-centre project in our pipeline, expected to commence in the second quarter of 2025.

## Management Discussion and Analysis

In addition, to enhance the successful rate of projects security and tendering, as well as to boost the Group's awareness and lead generations, the Group has implemented strategic action plans. These include but are not limited to, building a team of capable IT professionals with the right skill sets which is core IT skill sets for the cyber security industry, participating in industry trade shows/events and continuing its branding/marketing efforts to yield positive results to the Group.

### SaaS Segment

For FY2024, the reportable segment result (Adjusted EBITDA) in the SaaS segment was a loss of approximately HK\$7,291,000 (FY2023: profit of approximately HK\$1,186,000). The decrease in segment results was mainly due to (i) decrease in service fee charged resulting from the heightened market competition; (ii) a decline in sales activities; and (iii) recognition of provision for impairment loss on intangible assets in FY2024 amounted to approximately HK\$3,859,000 (FY2023: Nil).

During FY2024, the Group conducted its SaaS business by (i) issuing valued-added tax ("VAT") invoices on behalf of freelancers to enterprises (the "Enterprises") and (ii) offering SaaS to individual customers on a project basis. To facilitate the issuance of VAT invoices on behalf of freelancers to enterprises, Hunan Lujiang Technology Co., Ltd.\* (湖南淶江科技有限公司, "Hunan Lujiang"), a subsidiary of the Group entered into an annual cooperation agreement with the Management Committee of Hunan Liling Economic Development Zone\* (湖南禮陵經濟開發區管理委員會, the "Management Committee") (the "Cooperation Agreement"). Pursuant to the Cooperation Agreement, Hunan Lujiang serves as an agent, responsible for issuing VAT invoices and handling the payment of VAT and related levies on behalf of the freelancers (the "VAT Invoice Issuance Service"). In return, the Management Committee provides a tax refund to Hunan Lujiang. In FY2024, intense competition in the VAT Invoice Issuance Service led to a significant price war, prompting Hunan Lujiang to further reduce service charge to the Enterprises in order to maintain market competitiveness. However, with a decline in demand of the VAT Invoice Issuance Service, both revenue and segment results were adversely affected during FY2024. In view of the minimal gross profit margin and other cost incurred in the VAT Invoice Issuance Service, Hunan Lujiang decided not to renew the Cooperation Agreement upon its expiration on 31 December 2024. Consequently, we expect that sales activities and revenue from the SaaS business segment will result in a significant decrease due to termination of the VAT Invoice Issuance Services. Currently, Hunan Lujiang is under negotiations with the Management Committee for future cooperation and we are also exploring SaaS projects to individual customers.

### Prospect

In the coming years, the Group will reallocate more internal resources to the cyber security solutions and IT software development segment, especially in the development of VMS and SCMC in order to achieve positive business results with a view to creating value for our Shareholders and stakeholders. We are embarking upon the expansion of our digital solution suite for the community care industry, which key efforts centre on the roll-out of specialised solutions to support industry-specific stakeholder groups and operational aspects.

The Cyber Security Act 2024 (the "Act") has come into force on 26 August 2024 in Malaysia. Together with four subsidiary regulations, the Act aims to strengthen Malaysia's cyber defences and enhance the country's resilience against emerging threats by putting the necessary measures in place. A key concept introduced under the Act is the National Critical Information Infrastructure ("NCII"). This refers to a computer or system that, if disrupted, would be detrimental to key national and government functions, public safety or public order of Malaysia.

\* English for identification purpose only.

# Management Discussion and Analysis

In response to the Act, the Group is committed to obtaining the necessary licenses for related services. This compliance ensures that our offerings meet the regulatory standards set forth by Malaysian authorities, providing clients with confidence in our certified services. Furthermore, we will assist NCII entities in adhering to the Act's mandates, such as conducting annual cybersecurity risk assessments and biennial audits, as specified in the Cyber Security (Period for Cyber Security Risk Assessment and Audit) Regulations 2024. To support our clients in meeting these requirements, we have engaged experts and vendors to ensure timely and thorough evaluations aligned with regulatory expectations. Strategic partnerships remain integral to our approach, as we collaborate with global cybersecurity vendors and cloud service providers to deliver cutting-edge solutions. Investments in emerging technologies, such as blockchain-based identity verification and quantum-resistant encryption, will further enhance our service offerings, ensuring that clients are equipped to meet both current and future cybersecurity challenges.

As industries including finance, healthcare, critical infrastructure, and government face increasing regulatory scrutiny and evolving cyber threats, we are dedicated to tailoring our services to address sector-specific requirements. By focusing on innovation, compliance, and strategic collaboration, we aim to drive sustainable growth in 2025 and beyond, empowering businesses to navigate the complexities of the digital landscape securely.

We believe that the continuous development of digital solutions and implementation of the Act will bring new business opportunities to the Group. Looking forward, we will continually and actively explore synergistic opportunities and flexibly change its business strategies to enhance its business growth according to the market conditions with an aim to maximising the value for our Shareholders.

## FINANCIAL REVIEW

### Revenue

The major revenue streams of the Group were derived from the provision of the cyber security solutions and IT software development business and the SaaS business. For FY2024, the Group recorded a total revenue of approximately HK\$15,190,000 (*FY2023: approximately HK\$12,688,000*), of which was generated from the cyber security solutions and IT software development business of approximately HK\$13,252,000 (*FY2023: approximately HK\$9,506,000*) and the SaaS business of approximately HK\$1,938,000 (*FY2023: approximately HK\$3,182,000*).

The increase in revenue from the provision of the cyber security solutions and IT software development business was mainly due to which was mainly due to security of strategic cyber security solutions related projects, growth in VMS clientele and new revenue stream from SCMS; whereas the decrease in revenue from the SaaS business was mainly due to decrease in service fee charged and decrease in demand of the VAT Invoice Issuance Service resulting from the intense market competition.

### Cost of inventories sold

The Group's cost of inventories sold increased from approximately HK\$5,074,000 for FY2023 to approximately HK\$6,736,000 for FY2024. The increase was mainly due to the increase in the number of purchases of hardware components and in line with the increase in revenue in the cyber security solutions and IT software development business.

### Cost of services

Amount primarily consisted of subcontracting fees for technology vendors and individual service providers, and other service-related costs. In FY2024, the Group recorded an increase in costs from approximately HK\$541,000 for FY2023 to approximately HK\$4,716,000 for FY2024. Such increase was mainly due to (i) increase in subcontracting fee to approximately HK\$4,229,000 for FY2024 (*FY2023: approximately HK\$541,000*) due to the increase in demand on subcontracting services; and (ii) introduction of rental of hardware of approximately HK\$477,000 (*FY2023: Nil*) for cyber security solutions projects.

# Management Discussion and Analysis

## Staff costs and related expenses

For FY2024, the Group recorded staff costs and related expenses of approximately HK\$6,838,000 (*FY2023: approximately HK\$5,696,000*). The increase was mainly due to newly employment of employees with higher remuneration package and increment in remuneration for existing employees.

## Impairment loss on intangible assets

The Group carries out an annual impairment test for intangible assets with definite useful lives and indefinite useful lives by comparing their respective recoverable amounts to their respective carrying amounts at the end of each reporting period. Impairment loss on intangible assets of approximately HK\$3,859,000 was recognised for FY2024 (*FY2023: Nil*). Details of the impairment assessment on intangible assets are set out in Note 14 to the consolidated financial statements in this report.

## Impairment loss on trade and other receivables, net

The Group assessed impairment loss on trade receivables by simplified approach in calculating expected credit loss ("ECL") for trade receivables and recognises a loss allowance based on lifetime ECL at each reporting date and specifically estimated the ECL for each debtor by reference to its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Impairment on other receivables is measured on 12-month ECL and reflects the short maturities of the exposures.

Reversal of impairment loss on trade and other receivables, net of approximately HK\$34,000 was recognised for FY2024 (*FY2023: provision for impairment loss of approximately HK\$748,000*). Details of the impairment assessment on trade receivables and other receivables are set out in Note 28 to the consolidated financial statements in this report.

## Impairment loss on goodwill

At 31 December 2024 and 2023, the Group had goodwill arising from the Acquisition. The Group assessed the recoverable amount of the cash generating unit with reference to a value-in-use calculation based on cash flow projection of WerkDone, which is based on financial budgets approved by directors covering a 5-year period.

No impairment loss on goodwill was recognised for FY2024 (*FY2023: approximately HK\$2,770,000*). Details of the impairment assessment on goodwill are set out in Note 15 to the consolidated financial statements in this report.

## Write down of inventories

Write down of inventories amounted at approximately HK\$2,315,000 (*FY2023: approximately HK\$3,229,000*) was recognised for FY2024. Those inventories represented obsolete IT facilities to be sold together with cyber security solutions and IT software development business, which product life-cycle are short.

## General and administrative expenses

The amount of general and administrative expenses increased from approximately HK\$3,181,000 for FY2023 to approximately HK\$5,222,000 for FY2024. The increase was primarily due to a general rise in expenditure associated with the expansion of cyber security solutions and IT software development segment.

## Loss for the year

The Group recorded an increase in loss for the year from approximately HK\$13,415,000 for FY2023 to approximately HK\$15,517,000 for FY2024. The increase in loss was mainly due to the aggregate impact of (i) decrease in reportable segment results (Adjusted EBITDA) in the SaaS segment; (ii) increase in reportable segment results (Adjusted EBITDA) in the cyber security solutions and IT software development segment as analysed above; and (iii) decrease in recognition of depreciation and amortisation from approximately HK\$2,597,000 for FY2023 to approximately HK\$871,000 for FY2024.

# Management Discussion and Analysis

## Liquidity and financial resources

As at 31 December 2024, the Group had current assets of approximately HK\$19,989,000 (2023: approximately HK\$32,926,000) including bank balances and cash of approximately HK\$10,613,000 (2023: approximately HK\$17,597,000) which are principally denominated in Hong Kong dollars ("HK\$"), Malaysian ringgit ("RM"), Singapore dollars ("SG\$"), Renminbi ("RMB") and United States Dollars ("US\$"), and the Group did not have any bank borrowings and debts. Total assets were approximately HK\$25,897,000 (2023: approximately HK\$40,814,000) and total liabilities were approximately HK\$9,597,000 (2023: approximately HK\$8,428,000). The gearing ratio is not available, since the Group had no bank borrowings and no debts as at 31 December 2024 and 2023.

## Share capital

As at 31 December 2024 and 2023, the authorised share capital of the Company was HK\$60,000,000 divided into 6,000,000,000 shares of HK\$0.01 each, the issued share capital of the Company was HK\$8,877,600 divided into 887,760,000 ordinary shares of HK\$0.01 each (the "Share(s)").

## Treasury policy

The Group has adopted a prudent financial management approach towards its treasury policies and had maintained a healthy liquidity position throughout the reporting period. To manage liquidity risk, the Board closely monitors the Group's liquidity position to ensure that the liquidity structure of the Group's assets, liabilities and commitments can meet its funding requirements from time to time.

## Foreign exchange exposure

The exposure of the Group's transactional currency to foreign currency risk was minimal as most of the financial assets and liabilities held by group entities of the Group are denominated in the respective functional currency of the respective group entities.

The Group currently has no foreign currency hedging policy and the management monitors the foreign exchange exposure by closely monitoring the movement of foreign currency rates. Nevertheless, the Group will consider hedging significant foreign currency exposure by using derivative contracts should the need arise.

## Contingent liabilities

The Group did not have any material contingent liabilities as at 31 December 2024 and 2023.

## Management Discussion and Analysis

### Use of proceeds from the Placing

On 13 October 2023, the Company issued 147,960,000 Shares by way of placing, at a placing price of HK\$0.024 per new share of the Company (the "Placing"). The net proceeds from the Placing after deducting related expenses were approximately HK\$3,434,000. Up to 31 December 2024, the net proceeds from the Placing had been applied as follows:

|                                      | Use of net<br>proceeds<br>HK\$'000 | Actual use of net<br>proceeds from<br>the Completion<br>Date and up to<br>31 December<br>2024<br>HK\$'000 |
|--------------------------------------|------------------------------------|---|
| General working capital of the Group | 3,434                              | 2,468   |

For the unutilised net proceeds from the Placing up to 31 December 2024 amounting to approximately HK\$966,000, the Company intends to use them as general working capital of the Group and the Company is expected to make use of the unutilised amount by 30 June 2025.

As at the date of this report, the unutilised net proceeds from the Placing were placed in an authorised licensed bank in Hong Kong.

### Significant events

#### Disposal of subsidiaries

On 21 December 2023 (after trading hours), Nexion Global Investments Limited entered into a sale and purchase agreement (the "Agreement") with an independent third party (the "Purchaser") to dispose the entire equity interests in Netsis Group at a total consideration of approximately US\$250,000 (*approximately HK\$1,950,000*) (the "Disposal"). The Disposal was completed on 29 February 2024 (the "Completion").

Netsis BVI, a company incorporated in the British Virgin Islands with limited liability, was an indirect wholly-owned subsidiary of the Company. It is principally engaged in investment holding. Netsis (S), the sole wholly-owned subsidiary of Netsis BVI is a company incorporated in Singapore with limited liability and is principally engaged in the cyber infrastructure solutions services business.

Taking into account of the current financial position and business operation of the Group, the Directors believe that the Disposal represents a good opportunity for the Company to realise the value of the net assets of the Target Group at a reasonable price and the net proceeds derived from the Disposal amounting to approximately US\$247,500 (*approximately HK\$1,911,000*) will enable the Group to re-allocate more financial resources for future potential investment opportunities when arise and/or general working capital of the Group.

Having considered the above, the Directors are of the view that the terms of the Agreement are on normal commercial terms that are fair and reasonable, and the Disposal is in the interests of the Company and the Shareholders as a whole.

As the highest applicable percentage ratio calculated pursuant to Chapter 19 of the GEM Listing Rules in respect of the transactions contemplated under the Agreement exceeded 5% but is less than 25%, the Disposal therefore constituted a discloseable transaction of the Company under Chapter 19 of the GEM Listing Rules and was therefore subject to the reporting and announcement requirement under Chapter 19 of the GEM Listing Rules. Details of the Disposal are set out in the Company's announcements dated 21 December 2023, 29 December 2023, 12 January 2024, 31 January 2024 and 29 February 2024.

# Management Discussion and Analysis

During FY2023, the Group discontinued the cyber infrastructure solutions services in another subsidiary of the Group. Upon the Completion, the Group has no longer engaged in the cyber infrastructure solutions services business. Accordingly, the segment of cyber infrastructure solutions was classified as a discontinued operation (the “Discontinued Operation”) during FY2024 and FY2023. Details of the Discontinued Operation are set out in Note 19 to the consolidated financial statements in this report.

## Event after reporting period

Up to the date of this report, the Group does not have event after reporting period.

## Future plan for material investment and capital assets

Save as disclosed in this report, the Group does not have any plans for material investment or acquisition of capital assets as at the date of this report. The Company will make further announcement in accordance with the GEM Listing Rules, where applicable, if any investments and acquisition opportunities materialise.

## Final dividends

The Board did not recommend the payment of final dividend for FY2024 (*FY2023: Nil*).

There is no arrangement that a shareholder of the Company has waived or agreed to waive any dividend.

## Charges on the Group’s assets

There was no charge on the Group’s assets as at 31 December 2024 and 2023.

## Employee and remuneration policy

As at 31 December 2024, the Group had a total of 16 employees (*2023: 22 employees*) (including executive Director). During FY2024, the total staff costs amount to approximately HK\$6,838,000 (*FY2023: approximately HK\$5,696,000*), representing an increase of approximately HK\$1,142,000 over the year. The salaries and benefits of the Group’s employees were kept a market level and employees were rewarded on a performance-related basis within the general framework of the Group’s salary and bonus system, which is reviewed annually.

The Group contributed defined contribution scheme to employees. The Group companies in Hong Kong have participated in the Mandatory Provident Fund Scheme (the “MPF Scheme”) which is registered under the Mandatory Provident Fund Schemes Ordinance in Hong Kong for all qualifying employees in Hong Kong. The assets of the MPF Scheme are held in a separately administered fund. The Group contributes 5% of relevant monthly salaries of employees with a cap of monthly contributions of HK\$1,500 to the MPF Scheme. The Group’s contributions to the MPF Scheme vest fully and immediately with the employees. Accordingly, there were no forfeited contributions available for the Group to reduce its existing level of contributions to the MPF Scheme as at 31 December 2024 and 2023. For FY2024, the total amount contributed by the Group to the MPF Scheme was approximately HK\$14,000 (*FY2023: approximately HK\$18,000*).

The Group company in Malaysia participated in the Employees Provident Fund Scheme (the “EPF Scheme”) under the Employees Provident Fund Act 1991 for qualifying employees in Malaysia. The Group has contributed at 13% of relevant monthly salaries for the employees who render monthly salaries of RM5,000 or below; and 12% of relevant monthly salaries for the employees who render monthly salaries of more than RM5,000 to the EPF Scheme. The Group’s contributions to the EPF Scheme vest fully and immediately with the employees. Accordingly, there were no forfeited contributions which arose upon employees leaving the scheme before their interests in the Group’s contribution became fully vested and thus there were no such forfeited contributions which were available to reduce the Group’s existing level of contributions to the EPF Scheme as at 31 December 2024 and 2023. For FY2024, the total amount contributed by the Group to the EPF Scheme was approximately HK\$110,000 (*FY2023: approximately HK\$108,000*).

## Management Discussion and Analysis

The Group companies in Singapore have participated in the Central Provident Fund Scheme (the “CPF Scheme”) which is registered under Central Provident Fund Act in Singapore for all qualifying employees in Singapore. The Group contributes to the CPF Scheme based on certain percentages of relevant monthly salaries of employees, subject to a certain ceiling, as stipulated by the relevant regulations. The Group has no further payment obligation once the contributions have been paid. The Group’s contributions to the CPF Scheme vest fully and immediately with the employees. Accordingly, there were no forfeited contributions available for the Group to reduce its existing level of contributions to the CPF Scheme as at 31 December 2024 and 2023. FY2024, the total amount contributed by the Group to the CPF Scheme was approximately HK\$336,000 (FY2023: approximately HK\$272,000).

The Group companies in the PRC have participated in defined contribution retirement plans and other employee social security plans including pension, medical, other welfare benefits (the “Defined Contribution Plans in the PRC”), which are organised and administered by the relevant governmental authorities for all qualifying employees in the PRC. The Group contributes to these plans based on certain percentages of relevant monthly salaries of its employees, subject to ceiling, as stipulated by the relevant regulations. The Group has no further payment obligation once the contributions have been paid. The Group’s contributions to the Defined Contribution Plans in the PRC vest fully and immediately with the employees. Accordingly, there were no forfeited contributions available for the Group to reduce its existing level of contributions to the Defined Contribution Plans in the PRC as at 31 December 2024 and 2023. For FY2024, the total amount contributed by the Group to the Defined Contribution Plans in the PRC was approximately HK\$103,000 (FY2023: approximately HK\$132,000).

# Environmental, Social and Governance Report

## INTRODUCTION AND MESSAGE FROM THE BOARD

The Group is pleased to present the Environmental, Social and Governance (“ESG”) report (the “ESG Reporting”), highlighting the ESG performance, with disclosure reference to the Environmental, Social and Governance Reporting Guide (“ESG Reporting Guide”) and its upcoming amendments, as set out in Appendix C2 of the GEM Listing Rules. The information stated in this report covers the period from 1 January 2024 to 31 December 2024 (the “Reporting Period”) which aligns with the financial year as the 2024 annual report of the Group. The ESG Report covers the Company and its principal subsidiaries, being primarily engaged in provision of cyber security solutions and IT software development and SaaS.

In addition to strive for interest of the Shareholders, the Group also holds the environment, society, different stakeholders and its employees, in high regard. The Group understands the importance of undertaking its social responsibility, which has always been one of its objectives for achieving sustainable development. The Group is pleased to present the ESG Report to provide an overview of the Group’s management of significant issues affecting the operation, including ESG issues.

The Group welcomes stakeholders’ feedback on our ESG approach and performance. Please give your suggestions or share your views with us through our website at <http://nexion.com.hk/contact-us/>.

## PREPARATION SCOPE AND PRINCIPLES

The content of the ESG Report is determined by materiality review of the Company through stakeholder engagement and other assessment processes, which includes identifying ESG-related issues, communicating with stakeholders, assessing the relevance and materiality of the issues and preparing and validating the information reported. All statistics of environmental and social key performance indicators (“KPI”) disclosed in the ESG Report are organised and calculated according to a series of standardised methodologies.

To enhance comparability of the ESG performance among years, the Group has strived to adopt consistent KPI and calculation methodologies as far as reasonably practicable. There is no change in KPI and methodologies applied in the ESG report for FY2024.

The Group will continue to optimise and improve its business operation according to the latest disclosure requirements. The Directors confirmed that the Company has complied with all applicable provisions as stated in Appendix C2 to the GEM Listing Rules and effective ESG risk management and internal control systems are in place.

## STAKEHOLDERS ENGAGEMENT

Stakeholders are prioritised from time to time in view of the Group's roles and duties, strategic plan and business initiatives. In order to identify the most significant aspects for the Group to report on for this ESG report, the Company has regular communication with different stakeholders and review aspects of attention which gives the Company the best references to continuously improve its ESG performance.

The table below sets out our main communication channels with the Groups stakeholders:

| Stakeholders                          | Communication channel  |
|---------------------------------------|--|
| Community                             | Community activities, volunteer work   |
| Customers and Business Partners       | Advertisement, marketing events, company website, regular meetings, email and phone communications |
| Employees                             | Daily communication and performance appraisal, Training, paid annual leave                         |
| Government and Regulatory Authorities | On-site inspections and checks, industry collaboration   |
| Shareholders and Investors            | Board of directors, information disclosure, website, mail and phone communications                 |
| Suppliers                             | Supplier procurement procedure, annual evaluation  |

# Environmental, Social and Governance Report

## SUSTAINABILITY MISSION

The Group's mission is to conduct business in a way that actively contribute the sustainable development of society. We aimed at creating the sustainable lifestyle by the following ways:

- Green – The Group is putting strong effort on protecting the environment by using advanced and environmental friendly technologies, optimising the use of natural resources, and emphasising the importance of environmental protection to the employees;
- Harmony – We truly believe a harmonious working environment could retain competent employees and improve their morale to the Group. The Group is promoting the importance of harmonious working environment by organising more employees' events and enhancing the employees' rights and benefits; and
- Technology – We review and enhance the existing technologies regularly and employ advanced technologies upon carrying out the principal businesses of the Group. This enables the Group to enhance the profitability and business efficiency and mitigate any potential adverse impact on the environment at the same time.

## ENVIRONMENTAL ASPECTS

### A1. Emissions

The Group's environmental policy encompasses our general approach towards controlling environmental impacts of our business operation. The Group's most significant environmental impact is the indirect emissions from energy consumptions in offices in Malaysia, Singapore and the PRC, and overseas business travelling by employees of the Group during FY2024 and FY2023. In line with the Group's policy to minimise emissions, we have implemented energy saving practices which are mentioned in the sections headed "Waste management" and "Use of resources" so as to reduce the emissions.

The Group's operations in Malaysia, Singapore and the PRC have fully complied with the relevant environmental laws and regulations in respective country in its daily operations, including but not limited to the following:

- Laws of Malaysia Energy Commission Act 2001 (Malaysia);
- Laws of Environmental Quality Act 1974 (Malaysia);
- Environmental Protection and Management Act (Chapter 94A) (Singapore);
- Environmental Pollution Control Act, 1999 (Singapore);
- Environmental Protection Law of the PRC;
- Air Pollution Prevention and Control Law of the PRC;
- Prevention and Control of Environmental Pollution by Solid Wastes of the PRC; and
- Water Pollution Prevention and Control Law of the PRC.

# Environmental, Social and Governance Report

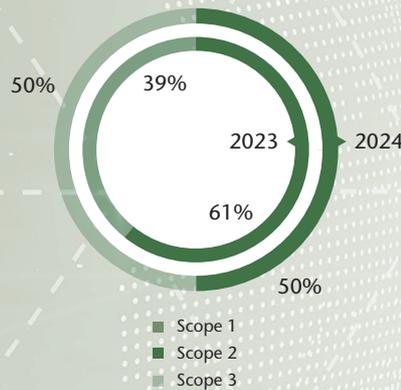

## Air Pollutant Emission

The major sources of the generation of nitrogen oxides, sulphur oxides and respiratory suspended particles (also known as Particulate Matters), which are the key air pollutants to the city, is mainly from the fossil fuel consumption, which are commonly used in motor vehicles, marine vessels, power plants and production factories. During FY2024 and FY2023, the Group does not own any motor vehicles or ships and does not involve in business activities with heavy use of the fossil fuel. The Directors consider this aspect is not sufficiently material to be reported.

## Greenhouse Gas (“GHG”) Emission

Global warming is one of the major issues of climate change nowadays, which is closely associated with the GHG emission from human activities. The risks associated with climate change are imminent. There is broad scientific and policy consensus that actions must be taken to further quantify and assess the risks. The Group shares the same concerns with the scientists and the government by putting effort on utilising energy in a sustainable and environmental friendly way so as to reduce GHG emissions. The Group has adopted energy saving initiatives that are mentioned in the sections headed “Waste management” and “Use of resources”.

The total GHG emission data, which is the aggregate emission of Scope 1, 2 and 3 during FY2024 and FY2023, is illustrated as follows:

### Notes:

- Scope 1 – Direct GHG emissions from operations that are owned or controlled by the Group;
- Scope 2 – Energy indirect GHG emissions resulting from the generation of purchased or acquired electricity, heating, cooling and steam consumed within the Group; and
- Scope 3 – All other indirect GHG emissions that occur inside the Group, including both upstream and downstream emissions.

# Environmental, Social and Governance Report

The Group considered the emission under Scope 1 is not sufficiently important to be reported because the Group does not involve in the combustion of fuels in stationary sources (excluding electrical equipment) to generate electricity, heating, cooling or steam nor mobile sources, such as motor vehicles and ships, controlled by the Group. Scope 2 emission is mainly from the electricity supplied by SP Group to the offices in Singapore for the period from 1 January 2024 to 29 February 2024; upon completion of the Disposal and by Tenaga Nasional Berhad to the office in Malaysia for FY2024. Scope 3 emission is mainly from the overseas business travelling by employees of the Group.

| GHG Emission (in CO <sub>2</sub> ) | Unit | 2024  | 2023   |
|------------------------------------|------|-------|--------|
| Scope 1                            | Kg   | 0     | 0      |
| Scope 2                            | Kg   | 2,294 | 6,184  |
| Scope 3                            | Kg   | 2,278 | 3,890  |
|                                    |      | 4,572 | 10,074 |

## Waste Management

In daily operations, the Group generates domestic wastes, such as papers, aluminum cans and plastic bottles. The Group encouraged all employees to print and copy in double-side papers and have implemented recycling scheme for paper waste. For other domestic wastes, the Group plans to place recycling bins in offices and seek suitable recycling companies to collect the wastes. The Group does not involve in production of hazardous wastes and the amount of non-hazardous wastes is not significant. The Group has greatly reduced the paper usage with our effort mentioned above, all papers, aluminium cans and plastic bottles are properly recycled instead of disposed of as the unrecyclable wastes during FY2024 and FY2023.

## A2. Use of Resources

The Group advocates the importance of environmental protection and sustainability development to our employees. We adopted a number of environmental friendly practices as listed below:

- Using air conditioners with thermostats and sensors to maintain constant and reasonable room temperature;
- Replacing the traditional light bulb with light-emitting diode bulb, which gives higher efficiency;
- Encouraging double-side printing and photocopying;
- Reducing the use of petroleum related products, such as plastics and foam cups by replacing with biodegradable products;
- Decreasing the number of overseas business travelling by using video-conference or telephone-conference meetings instead; and
- Reminding all employees to turn off unnecessary electrical appliances.

# Environmental, Social and Governance Report

The Group’s major resource consumption during FY2024 and FY2023 is summarised in the table below:

| Categories                  | 2024      |                                 | 2023      |                                 |
|-----------------------------|-----------|---------------------------------|-----------|---------------------------------|
|                             | Amount    | Intensity                       | Amount    | Intensity                       |
| Electricity Consumption     |           |                                 |           |                                 |
| – Office in Singapore       | 344 kWh   | 1 kWh per floor area (sq ft)    | 8,350 kWh | 8.97 kWh per floor area (sq ft) |
| – Office in Malaysia        | 5,255 kWh | 3.12 kWh per floor area (sq ft) | 8,319 kWh | 4.94 kWh per floor area (sq ft) |
| Diesel Consumption          | –         | –                               | –         | –                               |
| Gasoline Consumption        | –         | –                               | –         | –                               |
| LPG/Natural Gas Consumption | –         | –                               | –         | –                               |

Since the Group does not own any motor vehicles or ships and its business activities do not consume a significant amount of water, in addition, its offices use the public water tap shared by other occupants of the building, the Directors considered that the gas, oil and water consumptions are not sufficiently important to report.

The Group purchases necessary hardware and software components from third parties with the combination of its core technical know-how and IT software in the cyber infrastructure (discontinued) and cyber security and IT software development projects. There is no material repackaging of the hardwares and software components before delivery to the customers. Therefore, the Group considered the amount of packaging materials used was insignificant.

### A3. The Environment and Natural Resources

The Group is committed to the protection of the environment, which aims to save natural resources by enhancing the awareness among all employees and reviewing the efficiency of business operations regularly. Regarding the business operations, the Group is not aware of any significant impacts of activities on the environment and natural resources. With the integration of policy and measures mentioned in sections headed “Waste management” and “Use of resources” in this ESG Report, the Group strives to minimise the impacts of its business development on the environment and natural resources.

### A4. Climate Change

Climate change has been a worldwide growing issue in recent years. Climate change poses potential physical and transition risks to the Group’s businesses. Acute physical risk can arise from extreme weather conditions such as flooding and storms and chronic physical risk can arise from sustained high temperature, while transition risk may result from the change in environmental-related regulations or change in customer preferences.

To minimise life, property and financial losses, precautionary measures on flexible working arrangement have been taken by the Group under different extreme weather scenarios of typhoon and flooding. To reduce emissions and energy consumption, the Group has implemented various environmental protection measures. Please refer to sections of “Emissions” and “Use of Resources” in this ESG Report.

It is expected that potential extreme weather conditions and change in environmental-related regulations do not directly impose material threat to the Group’s operations. Nevertheless, the Group will continue to monitor the climate-related risks and implement relevant measures to minimise the potential impact of climate change.

## SOCIAL ASPECTS

### B1. Employment

The Group believes that employees are our paramount assets and foundation of success, the Group spares no effort in caring their needs and always strives for their benefits. Under the Group's sound policy, an equal employment environment is fostered in which there is no workplace discrimination on the basis of ethnicity, nationality, age, gender, religion, disability, marital status, pregnancy, social orientation and other factors. The Group values the contribution of our employees and actively shares the achievements with them, by regularly reviewing its remuneration policy to ensure competitive remuneration packages, including basic salary, commission, bonus and other welfares and allowances, are offered to our employees.

As our business spans over a variety of countries and cities, all employees are entitled to the number of leaves, including maternity leaves, in accordance with the applicable laws of different jurisdictions. We advocate work-life balance among our employees by introducing reasonable working hours and number of paid leaves, which is not only beneficial to their health, but also to their morale and foster their sense of belonging to the Group.

The Group believes every contribution deserves its reward, we adopt performance-based remuneration packages. Under such policy, performance evaluation is conducted on a yearly basis to appraise the performance of all employees, offering them recognitions and rewards according to their respective individual performance.

On top of this, we also developed comprehensive human resources policies and guidelines to govern compensation, dismissal, recruitment and promotion processes, in which no case of inequality has been reported during FY2024 and FY2023. Besides, all employees are welcomed to express their opinions through various well-established channels, including the monthly regular meetings, emails and anonymous opinion box, at any time, in which the opinions of the employees could be expressed and fostered to the management, and the Group can always undertake improvement measures for the benefits of the employees.

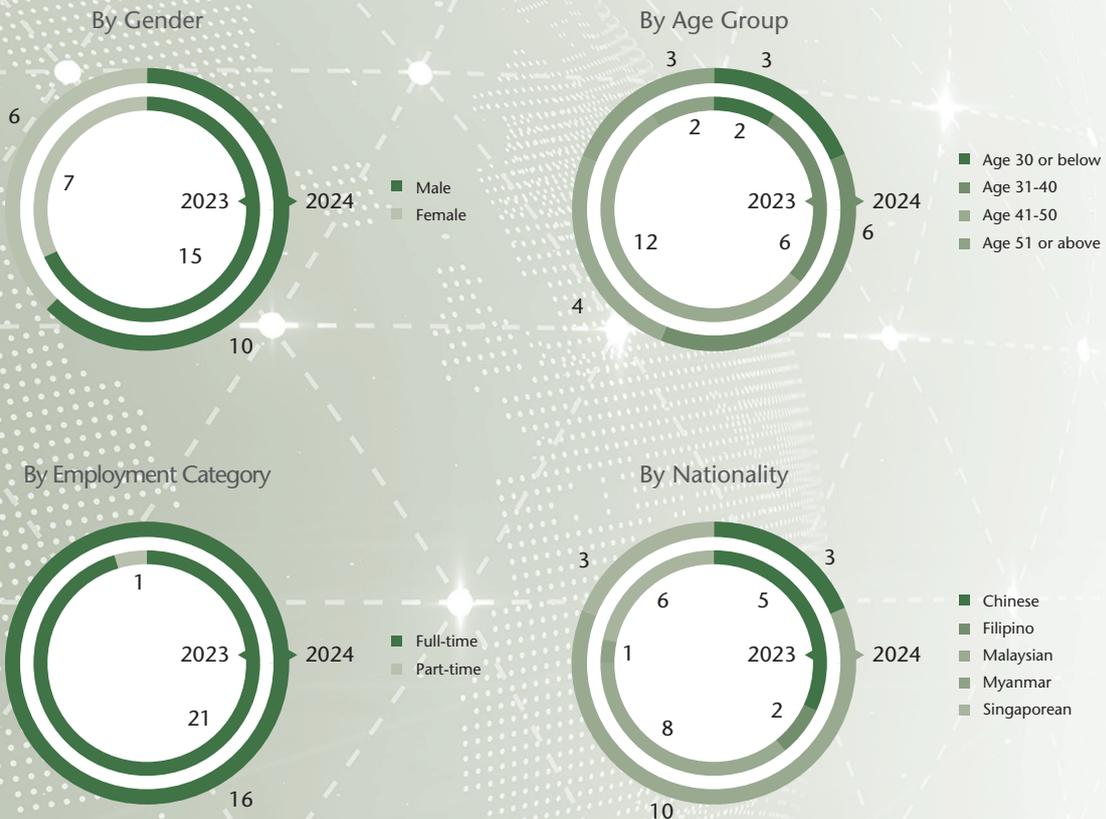

The Group is committed to comply with relevant labour standards and employment laws and regulation which are applicable to our business and employment, including but not limited to the following:

- Employment Ordinance (Chapter 57 of the laws of Hong Kong);
- Employees' Compensation Ordinance (Chapter 282 of the laws of Hong Kong);
- Employment Act 1955 (Malaysia);
- Employees Provident Fund Act 1991 (Malaysia);
- Employees Social Security Act 1969 (Malaysia);
- Employment Act (Singapore);
- Central Provident Fund Act (1953) (Singapore);
- Employment of Foreign Manpower Act (1990) (Singapore);
- Workplace Safety and Health Act (2006) (Singapore); and
- Labour Law of the PRC.

# Environmental, Social and Governance Report

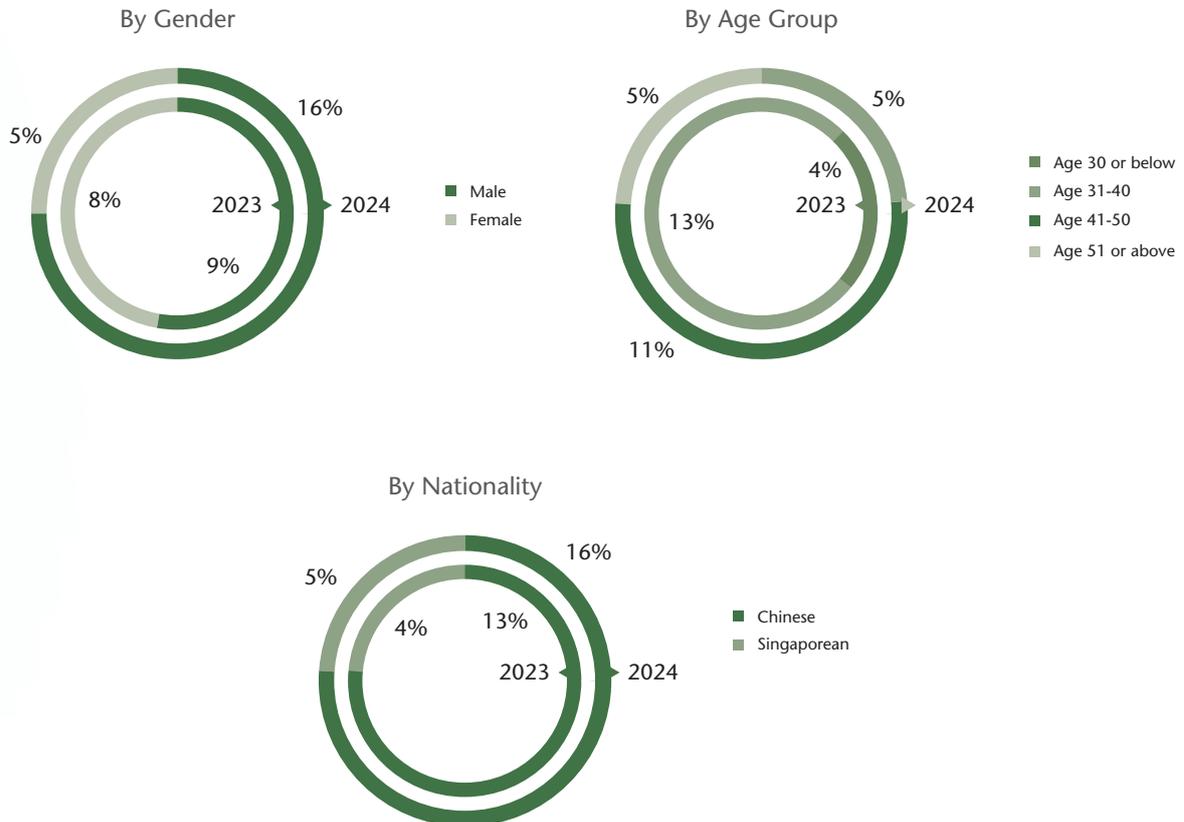

During FY2024 and FY2023, the Group had no issue of non-compliance or violation in respect of labour affairs.

As at 31 December 2024, the Group had 16 employees (2023: 22 employees) (including executive Director). Below is the detailed breakdown of the number of employees by gender, age group, employment category and nationality.

## B3. Development and Training

The development of the Group relies on the quality of our employees. Therefore, we place emphasis on the employees' trainings, which are led by human resources department of the Company. The executive directors of the Company are responsible for the corresponding approval and designing relevant training contents in accordance with the latest market trend. The training needs of the employees can be revealed by annual performance appraisal and latest market development.

All new employees have to attend relevant technical and operational training courses which ensure that they get trained with the required skills and knowledge, while on-going trainings are also prepared for all existing employees. The Group arranges trainings relating to international sanctions for the directors of the Company, senior management members and other relevant personnel to assist them in evaluating the potential international sanctions risk in the Group's daily operations. The Group also regularly updates the latest information of corporate governance, bribery, extortion, fraud and money-laundering via emails with its employees, which could draw the attention on the importance of ethics among the employees. The Group also promotes lifelong learning among its employees. They are also encouraged to take part in relevant external seminars and trainings in an active manner for continuing advancement.

The vocational training arranged by the Group to employees during FY2024 and FY2023 are summarised in the table below:

## B4. Labour Standards

The Group abides by the relevant laws and regulations in regard to the prevention of child and forced labour, according to which such practices are strictly prohibited throughout the Company with several effective means. To avoid the employment of child labour, the Group checks and verifies the identity cards or other identification documents of the candidates in the course of recruitment. The Group fully carries out the labour contracts and relevant well-established internal labour policies, under which a transparent system and corresponding reporting channels are in place to ensure no unfair labour practice is adopted. During FY2024 and FY2023, the Group did not violate any relevant laws and regulations in respect of the prevention of child or forced labour.

## OPERATING PRACTICES

### B5. Supply Chain Management

|  | 2024      | 2023      |
|--|-----------|-----------|
| <b>Total number of suppliers by geographical regions</b> |           |           |
| Malaysia   | 47        | 33        |
| Singapore  | 12        | 25        |

| Others   | 1         | 7         |
|  | <b>62</b> | <b>68</b> |

Neither the nature of our business nor our suppliers involve significant risk to the environment and society, the Group regularly reviews its list of suppliers to ensure their compliance with our internal regulations and relevant national and local laws. The Group also encourage our suppliers to be certified by different management systems or frameworks to standardise their performance. Before placing procurement from new suppliers, the Group will assess its corporate conditions, credibility and the quality of products so as to maintain the quality of services and products provided to our customers. After engaging with the new suppliers, the technical support team of the Group will regularly check on the components supplied. Also, the Group will develop an open dialogue with the suppliers to address the concerns and needs from both parties. In case of the observation of any misconduct from the suppliers, the Group will terminate the trading relationship should the needs arise.

The Group commences pre-installation procedures before undertaking project installation. Pre-installation quality control procedures refer to procedures put in place by the Group to check that the hardware and/or software components required for the implementation of the Group's cyber infrastructure solutions (discontinued) and cyber security solutions and IT software development are in accordance with the proper specifications and quantities ordered by customers.

The technical support team of the Group is responsible for the checking of all hardware and software components supplied by the providers to ensure the components come with proper warranty and/or a back-to-back return policy arrangement such that any products that are defective or do not comply with the stated product specifications within the warranty period will be replaced by the suppliers. In addition, the technical support team of the Group also checks for any damage to the physical packaging of the products before installing the cyber infrastructure solutions (discontinued) and/or cyber security solutions and IT software development. A "burn-in" test will be conducted which typically involves the running of the hardware up to 24 hours to ensure that all components are functioning properly before the delivery of the hardware to the customers.

## B6. Product Responsibility

The quality of services and products is always at the key focus in our operations. The Group works with technology vendors and subcontractors that act in an environmentally, socially and ethically responsible manner. The Group takes the initiative to interact with technology vendors and subcontractors to raise their awareness on sustainability. To ensure the quality of services and products, those technology vendors and subcontractors which the Group cooperated containing qualifications and facilities which fulfill industry standards, such as servers, network equipment, testers, probes, security features and electromagnetic shields. Through cooperation with our professional engineers, the Group's products and services could achieve higher standard of industry requirements and satisfy the certification requirements of the industry which centre on the performance, stability, usability, environmental and health impact, life cycle and security of a product. Besides, the electromagnetic shields can provide the Group with a conducive environment for the development of new and existing solutions and products. During FY2024 and FY2023, no product sold or shipped subject to recalls for safety and health reasons. Besides, the Group did not receive any complaints on its services and products.

The Group is certified ISO27001 by SOCOTEC Certification Singapore Pte. Ltd. for provision of IT services, software including business process automation and outsourcing solutions.

### *Intellectual Property Rights*

The Group respects and protects intellectual property rights by all means. Intellectual property rights of the Group include all processes, procedures, programs, discoveries, ideas, formulae, improvements, developments, technologies, designs and inventions conceived or developed by its employees in the course of their employment or service. The Group relies primarily on intellectual property laws and contractual arrangements to protect its intellectual property rights. The employees under research and development department are required to enter into employment agreements or service contracts, under which they are required to keep all information relating to the intellectual property of the Group confidential. In addition, the Group has taken active steps to protect its trademarks and other intellectual property rights by necessary filing or registration.

The Group obtains Data Protection Trustmark (DPTM), a voluntary enterprise-wide certification for organisations to demonstrate accountable data protection practices, which was certified by Infocomm Media Development Authority (IMDA) in Singapore.

### *Protection of Personal Data*

All information of customers and suppliers are considered highly sensitive and are kept in a safe and confidential manner under a designated system. The Group has taken proper measures to safeguard data integrity by avoiding and restricting any unauthorised access and data leakage. All employees also have to comply with the internal guidelines and employment contracts containing relevant clauses to ensure the confidentiality of such information. This avoids the possible leakage of any personal or private information. Moreover, exit interviews with resigned employees have come into practice, in which they have to sign the relevant declaration which protects the confidentiality of personal data after the termination of employment.

During FY2024 and FY2023, neither non-compliance nor violation in respect of product responsibility was reported.

## **B7. Anti-Corruption**

The Group adopts a policy of zero tolerance towards bribery, extortion, fraud and money-laundering. All employees must fully comply with the Prevention of Bribery Ordinance (Chapter 201 of the Laws of Hong Kong), Anti-Corruption Commission Act 2009 in Malaysia, Prevention of Corruption Act in Singapore and Criminal Law of the PRC, as well as our internal policies on the prevention of corruption. In order to promote integrity in the workplace, an employee handbook was formulated to set out standards of conduct to which all employees are required to adhere. The Group has also established a whistleblowing policy to encourage reporting of bribery, extortion, fraud and money laundering, under which all employees have a responsibility to report to their supervisor or senior management any suspected violations, malpractice or impropriety within the Group. We also strengthen the sense of anticorruption among the employees by updating them with the latest guidance from relevant authorisations in Hong Kong, Malaysia, Singapore and the PRC regularly.

During FY2024 and FY2023, the Group did not aware of any non-compliance or violation of any relevant laws and regulations in respect of anti-corruption.

## **B8. COMMUNITY INVESTMENT**

The Group has taken an active part in fulfilling the corporate social responsibility. We strive for engaging with the local community and extending our reach to people in need.

In order to build a harmonious and prosperous society, the Group supports and encourages all employees to take part in volunteer works or charity activities. The employees could also swap the working schedules with others for joining volunteering work under the consent of their supervisors or the management.

The management understands that charitable organisation plays a key part in extending assistance and help for the needy or underprivileged in society. Monetary support has been offered for a number of worthy charitable organisations. The Group believes that by helping to enrich community, both materially and spiritually, it will also meet the expectations of shareholders, and stakeholders, including customers, suppliers, subcontractors and employees. During FY2024, the Group made donations at approximately HK\$1,000 (*FY2023: Nil*).

By creating an atmosphere of caring, the employees will become our representatives to spread and share with society the love that we always emphasise.

# Corporate Governance Report

## INTRODUCTION

The Directors are pleased to present the corporate governance report of the Company for FY2024 in accordance with the requirement under Rule 18.44(2) of the GEM Listing Rules.

The Directors consider that incorporating the core elements of good corporate governance in the management structure and internal control procedures of the Group would help to balance the interest of the Shareholders, customers and employees of the Company. The Board has adopted the principles and the code provisions of the Corporate Governance Code contained in Appendix C1 of the GEM Listing Rules (the “CG Code”) to uphold a high standard of ethics, transparency, responsibility and integrity in all aspects of business, and to ensure that affairs are conducted in accordance with applicable laws and regulations.

## CORPORATE GOVERNANCE PRACTICES

The Board is responsible for performing the corporate governance duties in the CG Code, which includes developing and reviewing the Company’s policies and practices on corporate governance, training and continuous professional development of directors, and reviewing the Company’s compliance with the code provision in the CG Code and disclosures in this report. The Company has complied with the principles and applicable code provisions of the CG Code for FY2024, except the deviation from code provision C.2.1 of the CG Code as set out below.

### Chairman and chief executive officer of the Company

Code provision C.2.1 of the CG Code stipulates that the roles of chairman and chief executive should be separated and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established and set out in writing.

Mr. Ong is the Chairman, an executive Director and the Chief Executive Officer. It is considered that he has in-depth knowledge and experience in the information technology and computer industry and familiarity with the operations of the Group, that all major decisions are made in consultation with members of the Board and relevant Board committees, and that there are three independent non-executive Directors in the Board offering independent perspectives, the Board is therefore of the view that there are adequate safeguards in place to ensure sufficient balance of powers and authorities between the Board and the management of the Company and that it is in the best interest of the Group to have Mr. Ong taking up both roles.

Accordingly, the Company has not segregated the roles of the Chairman and the Chief Executive Officer as suggested by code provision C.2.1 of the CG Code.

## CORPORATE PURPOSE, VALUE AND STRATEGY

With the purpose to become one of the most influential leading players and preferred value-added partner in cyber security solutions, digital transformation area and smart technology industry, and to facilitate its business growth according to the market conditions with an aim to maximise the value for the Shareholders, the Group embraces “integrity, innovation, collaboration, diversity and foresight” in its core values, which create a positive and progressive culture for the Group to achieve its purpose and to maintain a long-term sustainable growth.

Details of the Group’s strategy to fulfill and achieve its purpose are set out in section headed “Business Review” on pages 9 to 11 in this report. The Board reviews the implementation and strategic planning in support of its purpose annually.

## DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted Rules 5.48 to 5.67 of the GEM Listing Rules ("Model Code") as the code of conduct for securities transactions by the Directors in respect of the Shares (the "Code of Conduct"). Having made specific enquiries to all directors of the Company, each of them has confirmed that he/she has fully complied with the required standard of dealings and its code of conduct regarding to directors' securities transactions during FY2024.

## BOARD OF DIRECTORS

The Board currently has five Directors comprising of one executive Director, one non-executive Director and three independent non-executive Directors. The functions and duties of the Board include convening shareholders' meetings, reporting on the Board's work at these meetings, implementing the resolutions passed on these meetings, determining business and investment plans, formulating the Group's annual budget and final accounts, and formulating the Group's proposals for profit distributions and for the increase or reduction of registered capital. In addition, the Board is responsible for exercising other powers, functions and duties in accordance with the second amended and restated memorandum and articles of association of the Company which adopted by a special resolution passed on 20 May 2022 (the "Articles").

The composition of the Board during FY2024 and up to the date of this report is set out as follows.

### Executive Director

Mr. Ong Gim Hai (*Chairman*)

### Non-executive Director

Mr. Roy Ho Yew Kee

### Independent non-executive Directors

Ms. Lim Joo Seng

Mr. Tang Chak Lam Gilbert

Mr. Yeung Chun Yue David

To the best knowledge of the Board, there is no financial, business, family or other material/relevant relationship among any members of the Board as of the date of this report.

The Board has delegated to the Chief Executive Officer and through him, to the senior management the authority and responsibility for the day-to-day management and operation of the Group.

In addition, the Board has established Board committees and has delegated to these Board committees various responsibilities as set out in their respective terms of reference. Further details of these committees are set out in section headed "Board Committees" on pages 41 to 47 in this report.

The Board reserves for its decision all major matters relating to policy matters, strategies and budgets, internal control and risk management, material transactions (in particular those that may involve conflict of interests), financial information, appointment of directors and other significant operational matters of the Company. Responsibilities relating to implementing decisions of the Board, directing and coordinating the daily operation and management of the Company are delegated to the management.

## Corporate Governance Report

All the Directors, including non-executive Director and independent non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning. The biographical details of each Director of the Company are set out in the section headed "Biographical Details of Directors and Senior Management" on pages 6 to 8 in this report.

All Directors have access to all the information of the Company as well as the services and advice of the company secretary and senior management. The Directors may, upon request, seek independent professional advice in appropriate circumstances, at the Company's expenses for discharging their duties to the Company. All the Directors shall ensure that they carry out duties in good faith, in compliance with applicable laws and regulations, and in the interest of the Company and the Shareholders at all times.

The CG Code requires the Directors to disclose the number and nature of offices held in public companies or organisations and other significant commitments as well as their identity and the time involved to the issuer. The Directors have agreed to disclose their commitments to the Company in a timely manner and the Board regularly reviews the contribution required from each Director to perform his/her responsibilities to the Company. Further details of these disclosures are set out in section headed "Biographical Details of Directors and Senior Management" on pages 6 to 8 in this report.

The Board has also monitored the corporate governance policies and practices of the Company in compliance with all requirements under GEM Listing Rules and CG Code.

## INDEPENDENT NON-EXECUTIVE DIRECTORS

In compliance with Rules 5.05A, 5.05(1) and 5.05(2) of the GEM Listing Rules, the Company has appointed three independent non-executive Directors representing at least one-third of the Board and at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise. As such, the independent non-executive Directors will bring independent judgment to the decision making process of the Board.

The Company has entered into a letter of appointment with each of the independent non-executive Directors for a term of three years commencing from date of appointment which may be terminated by either party by giving three months' written notice.

The Company has received an annual confirmation of independence from each independent non-executive Directors as regards each of the factors referred to in Rule 5.09 of the GEM Listing Rules and considers the independent non-executive directors are independent as at the date of this report.

## TERMS OF APPOINTMENT AND RE-ELECTION OF DIRECTORS

In accordance with code provision B.2.2 of the CG Code, each of the Directors has entered into a service contract or a letter of appointment with the Company for a term of three years commencing from date of appointment, which may be terminated by not less than three months' notice in writing served by either party on the other and is subject to termination provisions therein and provisions on retirement by rotation of the Directors as set out in the Articles. Each of the Directors should be subject to retirement by rotation at least once every three years.

The Directors shall have power at any time and from time to time to appoint any person to be a Director, either to fill a casual vacancy or as an addition to the existing directors. Any Director so appointed shall hold office only until the next general meeting of the Company and shall then be eligible for re-election at that meeting.

## Corporate Governance Report

At every annual general meeting (“AGM”) of the Company, pursuant to article 16.18 of the Article, one-third of the Directors for the time being, or, if their number is not three or a multiple of three, then the number nearest to, but not less than, one-third, shall retire from office by rotation, provided that every director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years. A retiring Director shall retain office until the close of the meeting at which he retires and shall be eligible for re-election thereat. The Company at any AGM at which any directors retire may fill the vacated office by electing a like number of persons to be Directors. Furthermore, pursuant to code provision B.2.2 of the CG Code, every Director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every three years. The Directors retiring by rotation at the 2025 AGM are Mr. Ong Gim Hai, the executive Director and Mr. Tang Chak Lam Gilbert, the independent non-executive Director. They will retire and, being eligible, offer themselves for re-election as Directors at the 2025 AGM.

### DIRECTORS TRAINING AND PROFESSIONAL DEVELOPMENT

Pursuant to the code provision C.1.4 of the CG Code, all Directors of the Company should participate in continuous professional development to develop and refresh their knowledge and skills, which is to ensure that their contribution to the Board remains informed and relevant.

During FY2024, the Directors have been provided with regular updates on Company’s performance, position and prospects to enable the Board as a whole and each Director to discharge their duties. The Directors are also briefed on the latest development and changes in the GEM Listing Rules and other relevant regulatory requirements timely. All Directors confirmed that they have had suitable training throughout FY2024. The Company has maintained the training record in respect of each Director. There are also arrangements in place for providing continuing briefing and professional development to its directors by the Company whenever necessary.

A summary of continuous professional development of each Director of the Company participated during FY2024, according to the records provided, is set out below:

## BOARD COMMITTEES

The Board has established three committees, namely as the Audit Committee, the Remuneration Committee and the Nomination Committee with specific written terms of reference which deal clearly with the committee's authority and duties. It is required for the committees to report the improvements and recommendations in respect to any identified matters to the Board.

### Audit Committee

The Company has established the Audit Committee pursuant to a resolution of the Directors passed on 31 May 2017. The Audit Committee has written terms of reference in compliance with Rule 5.28 and Rule 5.29 of the GEM Listing Rules and the CG Code. The terms of reference of the Audit Committee are of no less exacting terms than those set out in the code provision D.3.3 and D.3.7 of the CG Code.

The primary duties of the Audit Committee are mainly to make recommendations to the Board on the appointment and removal of external auditor, review the financial statements and information and provide advice in respect of financial reporting and oversee risk management and internal control systems of the Group.

As at the date of this report, the Audit Committee comprises three independent non-executive Directors, namely Ms. Lim Joo Seng (Chairman), Mr. Tang Chak Lam Gilbert and Mr. Yeung Chun Yue David.

Four Audit Committee meetings was held throughout FY2024. Details of members' attendance record of the Audit Committee meetings are set out as follow:

| <b>Name of members</b>               | <b>Attendance/<br/>Number of<br/>meetings held</b> |
|--------------------------------------|--|
| Ms. Lim Joo Seng ( <i>Chairman</i> ) | 4/4  |
| Mr. Tang Chak Lam Gilbert            | 4/4  |
| Mr. Yeung Chun Yue David             | 4/4  |

The summary of the work of the Audit Committee at the said meetings or by way of written resolutions is as follows:

- (i) reviewed the final results and annual report of the Group for FY2023, the interim results and report for the six months ended 30 June 2024, the quarterly results for the periods ended 31 March 2024 and 30 September 2024 with a recommendation to the Board for approval and monitored the integrity of such consolidated financial statements;
- (ii) reviewed the Group's financing and accounting policies; and
- (iii) reviewed and recommended appointment of external auditor and independent internal control consultant, improvements on the Group's internal and compliance control system and risk management functions.

On 25 March 2025, the Group's results for FY2024 have been reviewed by the Audit Committee.

## Remuneration Committee

The Company has established the Remuneration Committee pursuant to a resolution of the Directors passed on 31 May 2017. The Remuneration Committee has written terms of reference in compliance with Rule 5.34 of the GEM Listing Rules and the CG Code. The terms of reference of the Remuneration Committee are of no less exacting terms than those set out in the code provision E.1.2 of the CG Code.

The primary duties of the Remuneration Committee are to make recommendation to the Board on the overall remuneration policy and structure relating to all Directors and senior management of the Group, review performance-based remuneration and ensure none of the Directors determine their own remuneration.

As at the date of this report, the Remuneration Committee has three members comprising of two independent non-executive Directors and one non-executive Director, namely Mr. Tang Chak Lam Gilbert (Chairman), Mr. Roy Ho Yew Kee and Mr. Yeung Chun Yue David.

One Remuneration Committee meeting was held throughout FY2024. Details of members' attendance record of the Remuneration Committee meeting are set out as follow:

| Name of members                               | Attendance/<br>Number of<br>meeting held |
|---|--|
| Mr. Tang Chak Lam Gilbert ( <i>Chairman</i> ) | 1/1                                      |
| Mr. Roy Ho Yew Kee                            | 1/1                                      |
| Mr. Yeung Chun Yue David                      | 1/1                                      |

The summary of the work of the Remuneration Committee is as follows:

- (i) made recommendations to the Board on the Company's remuneration policy of Directors and senior management;
- (ii) reviewed the remuneration packages of Directors and senior management in relation to the performance and financial position of the Company; and
- (iii) made recommendations to the Board on the remuneration of independent non-executive Directors.

## *Remuneration of Directors and senior management*

Particulars in relation to Directors' remuneration and the five highest paid employees as required to be disclosed pursuant to Rule 18.30 of the GEM Listing Rules are set out in Notes 7 and 8 to the consolidated financial statements in this report. Pursuant to code provision E.1.5 of the CG Code, the remuneration of executive Director and the members of senior management by band for FY2024 is set out below:

| <b>Remuneration Band</b>       | <b>Number of executive Directors and senior management</b> |
|--------------------------------|--|
| Nil to HK\$1,000,000           | 2  |
| HK\$1,000,001 to HK\$1,500,000 | 1  |

## **Nomination Committee**

The Company has established the Nomination Committee pursuant to a resolution of the Directors passed on 31 May 2017. The Nomination Committee has written terms of reference in compliance with the CG Code. The terms of reference of the Nomination Committee are of no less exacting terms than those set out in the code provision B.3.1 of the CG Code.

The primary duties of the Nomination Committee are to review the structure, size and composition (including the skills, knowledge and experience) of the Board on a regular basis and make recommendations to the Board on any proposed changes to the Board to complement the Group's corporate strategy, identify individuals suitably qualified to become Board members, assess the independence of independent non-executive Directors and make recommendations to the Board on the appointment or reappointment of Directors and succession planning for Directors, in particular the Chairman and the chief executives.

As at the date of this report, the Nomination Committee has three members comprising of two independent non-executive Directors and one executive Director, namely Mr. Tang Chak Lam Gilbert (Chairman), Ms. Lim Joo Seng and Mr. Ong Gim Hai. The Nomination Committee is chaired by an independent non-executive Director and comprising a majority of independent non-executive Directors.

One Nomination Committee meeting was held throughout FY2024. Details of members' attendance record of the Nomination Committee meeting are set out as follow:

| <b>Name of members</b>                        | <b>Attendance/ Number of meeting held</b> |
|---|---|
| Mr. Tang Chak Lam Gilbert ( <i>Chairman</i> ) | 1/1                                       |
| Ms. Lim Joo Seng                              | 1/1                                       |
| Mr. Ong Gim Hai                               | 1/1                                       |

# Corporate Governance Report

The summary of the work of the Nomination Committee is as follows:

- (i) reviewed the structure, size and composition (including the skills, knowledge and experience) of the Board;
- (ii) assessed the independence of independent non-executive Directors;
- (iii) made recommendations on the retiring directors at the AGM of the Company; and
- (iv) considered the candidate's integrity, qualifications, experience, independence and other relevant criteria necessary to complement the corporate strategy and achieve Board diversity on selection of candidates for directorship of the Company.

## **Nomination policy**

Pursuant to the nomination policy adopted by the Company, the Nomination Committee shall nominate suitable candidates to the Board for it to consider and make recommendations to shareholders for election as directors at general meetings or appoints as directors to fill casual vacancies.

Selection of proposed candidates shall be based on a range of criteria in assessing their suitability, including but not limited to, reputation of integrity, qualifications, commitment in respect of available time and relevant interest, the board diversity policy adopted by the Company, and whether the candidates would be considered independent with reference to the independence guidelines as set out in the Listing Rules under the case of selection of independent non-executive directors.

For filling a casual vacancy, the Nomination Committee shall make recommendations for the Board's consideration and approval. For proposing candidates to stand for election at a general meeting, the Nomination Committee shall make nominations to the Board for its consideration and recommendation. As there may be more candidates than the vacancies available, and the "gross-vote" method will be used to determine who shall be elected as a director, shareholder proposed resolutions shall therefore take the same form as the resolutions proposed for the candidates recommended by the Board.

## **Board Diversity Policy**

The Board adopted a board diversity policy (the "Board Diversity Policy") in accordance with the requirement set out in the CG Code. The Board Diversity Policy aims to set out the approach to maintain diversity on the Board for long term sustainable development. The Company recognises and embraces the benefits of having a diverse Board. All Board appointments shall be made on a meritocracy, and candidates shall be considered against objective criteria, having due regard for the benefits of diversity on the Board. Selection of candidates shall be based on a range of diversity perspectives, including but not limited to, gender, age, cultural and educational background or professional experience. The ultimate decision shall be based on merit and contribution that the selected candidates shall bring to the Board.

The Board recognises the importance and benefits of gender diversity at the Board level and workforce throughout the Group and shall continue to take initiatives to identify female candidate(s) to enhance the gender diversity of the Group.

As at 31 December 2024, the Board comprised five Directors, one of which was female. The Group had 16 employees (2023: 22 employees) (including executive Director) in total comprising of 6 females and 10 males (2023: 7 females and 15 males) as at 31 December 2024, that is, a female-to-male ratio of approximately 0.60:1 (2023: 0.47:1). We will continue with our endeavor to achieve gender equality in the Group.

# Corporate Governance Report

For the purpose of implementation of the Board Diversity Policy, the following measurable objectives have been adopted:

- (i) The Company should comply with the requirements on board composition in the GEM Listing Rules from time to time;
- (ii) The number of independent non-executive Directors should be not less than three and one-third of the Board;
- (iii) At least one Director is female;
- (iv) At least one Director shall have obtained accounting or other professional qualifications; and
- (v) At least one Director should be the professional or have intensive experience of the industry on which the business of the Group is.

For FY2024, all measurable objectives have been fulfilled.

The Board and the Nomination Committee review the implementation and effectiveness of the Board Diversity Policy on an annual basis. The implementation and effectiveness of the Board Diversity Policy of the Company for FY2024 have been reviewed by the Board and the Nomination Committee and considered it to be effective.

As at the date of this report, the Group had five Directors in the Board. Set out below is the detailed breakdown of the number of Directors by age, professional experience, nationality and gender.

# Corporate Governance Report

The Board has also reviewed and considered that the following mechanisms are effective during FY2024 in ensuring that independent views and input are provided to the Board:

- (i) Long serving independent non-executive Directors (i.e. independent non-executive Directors serving more than nine years) to be eligible for nomination by the Board to stand for re-election by the Shareholders;
- (ii) Independent non-executive Directors receive fixed fee(s) for their role as members of the Board and the Board committee(s) as appropriate, and are not entitled to participate in the share award scheme of the Company, if any;
- (iii) In assessing suitability of the candidates, review their profiles based on a range of diversity perspectives, including but not limited to, gender, age, cultural and educational background or professional experience;
- (iv) The Board reviews each Director's time commitment to the Group's business annually;
- (v) Independent non-executive Directors' independence is assessed upon appointment, annually, and at any other time where the circumstances warrant reconsideration;
- (vi) The Company adopts the Model Code as the Code of Conduct and provides guidance to Directors and committee members of the Company on avoiding conflicts of interest and on the circumstances under which appropriate action(s) shall be taken by the Director in conflict; and
- (vii) To facilitate proper discharge of their duties, all Directors are entitled to seek advice from the Company Secretary as well as from independent professional advisers at the Group's expense.

## Dividend Policy

The Board adopted a dividend policy (the "Dividend Policy") in accordance with the requirement set out in the code provision, which aimed to provide stable and sustainable returns to the Shareholders. Pursuant to the Dividend Policy, the Board has the sole discretion to propose and determine the declaration and payment of dividends and the manner or form in which it shall be paid.

Determination on dividend distribution shall be taken into account of the financial position of the Group, the Group's actual and future operations and liquidity position, the Group's expected working capital requirements and future expansion plans, the Group's debt to equity ratios and the debt level, any restrictions on payment of dividends that may be imposed by the Group's lenders, the accumulated profits and other distributable reserves of the Company and each of the members of the Group, the shareholders' and investors' expectation and industry's norm, the general market conditions, and any other factors that the Board deems appropriate.

The Board did not recommend the payment of final dividend for FY2024 (*FY2023: Nil*).

# Corporate Governance Report

## Corporate Governance

The Board is also responsible for the corporate governance functions under code provision A.2.1 of the CG Code. During FY2024, the summary of the work of the Board is as follows:

- (i) developed, reviewed and recommended to the Board on the Company's policies and practices on corporate governance;
- (ii) reviewed and monitored the training and continuous professional development of directors and senior management of the Company;
- (iii) reviewed and monitored the Company's policies and practices on compliance with legal and regulatory requirements;
- (iv) developed, reviewed and monitored the code of conduct applicable to employees and directors; and
- (v) reviewed the Company's compliance with the CG Code and disclosure in the corporate governance report.

## EMOLUMENT POLICY OF DIRECTORS AND SENIOR MANAGEMENT

The remuneration policy of the Group is to ensure the competitiveness of total remuneration to Directors and senior management in the market. It will be generally determined with reference to the skills, experience, knowledge and roles of them. Except for the abovementioned criteria, the Group will also consider the Company's performance and the prevailing market conditions for the emoluments of executive Directors and efforts and time dedicated to the participation in Company affairs for the emoluments of non-executive Director, independent non-executive Directors and senior management.

## FINANCIAL REPORTING

The Directors acknowledge their responsibility for the preparation of the consolidated financial statements for FY2024 which give a true and fair view of the state of affairs of the Group in accordance with the statutory requirements and accounting standards and other financial disclosure requirements under the GEM Listing Rules. The financial results of the Group are announced in a timely manner in accordance with statutory and/or regulatory requirements.

The Directors are not aware of material uncertainties relating to events or conditions that may cast significant doubt on the Company's ability to continue as going concern. Therefore, the consolidated financial statements are prepared in going concern basis.

## RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for the Group's internal control and has conducted a review of the effectiveness of the internal control of the Group annually during FY2024 by:

- (i) identifying, assessing and managing the risks associated with the Group's operations from time to time to ensure due compliance with laws and regulations applicable to the Group;
- (ii) overseeing the implementation of relevant internal control policies; and
- (iii) reviewing the effectiveness of the Group's risk management and internal control system.

## Corporate Governance Report

In addition to the Code of Conduct for the Directors, the Company has also established written guidelines no less exacting than the Model Code for any employee or director of the Group or the holding company of the Company who, because of his office or employment, is likely to possess inside information in relation to the Company or its securities employees in respect of their dealings in the Company's securities, and the procedures and internal controls for handling and dissemination of inside information.

As the corporate and operation structure of the Group is not complex and a separate internal audit department may divert resources of the Group, the Group currently does not have an internal audit department. However, the Group has engaged an independent internal control consultant to, on an annual basis, review and provide recommendations on improving its internal control system in order to manage our business risks and to ensure our smooth operation. The review covered certain operational procedures. No significant control failings or weakness have been identified by the consultant during the review. The Board and the Audit Committee would review the need for an internal audit function on an annual basis.

The management has reported to the Board and the Audit Committee on the effectiveness of the risk management and internal control systems for FY2024. The Board and the Audit Committee considered the risk and management and internal control systems effective and adequate. No significant areas of concern that might affect shareholders were identified.

It should be acknowledged that the Group's risk management and internal control system are designed to manage rather than eliminate the risk of failure to achieve business objectives at the reasonable level, but not absolute assurance against material misstatement or loss.

### AUDITOR'S REMUNERATION

The consolidated financial statements for the years ended 31 December 2024 and 2023 have been audited by independent auditor, Forvis Mazars CPA Limited ("Forvis Mazars", formerly known as Mazars CPA Limited).

For FY2024 and FY2023, the remuneration paid or payable to Forvis Mazars is set out below:

|                    | 2024<br>HK\$'000 | 2023<br>HK\$'000 |
|--------------------|------------------|------------------|
| Audit services     | 860              | 900              |
| Non-audit services | 60               | —*               |
|                    | <b>920</b>       | <b>900</b>       |

\* The non-audit services for attending the AGM and agreed-upon procedures on preliminary announcement of annual results, which are not significant, are covered within audit services fee for the annual audit for FY2023.

The Audit Committee has expressed its views to the Board that the level of fees paid/payable to the Company's external auditor for annual audit services is reasonable. There has been no major disagreement between the auditor and the management of the Company during FY2024.

The responsibilities of the external auditor about its financial reporting are set out in the independent auditor's report attached to the Company's consolidated financial statements for FY2024 in this report.

## Report of the Directors

### CONNECTED/RELATED PARTIES TRANSACTIONS

The Company had not entered into any connected transaction during FY2024 which is required to be disclosed under the GEM Listing Rules. Related party transactions entered into by the Group during FY2024, which constitute fully exempt connected transactions or continuing connected transactions under Chapter 20 of the GEM Listing Rules are disclosed in Note 27 to the consolidated financial statements in this report.

### SHARE CAPITAL

Details of the movements in the share capital of the Company during FY2024 are set out in Note 22 to the consolidated financial statements in this report.

### PRE-EMPTIVE RIGHTS

There is no provisions for pre-emptive rights under the Articles or the laws of the Cayman Islands which would oblige the Company to offer new shares on a pro rata basis to its existing shareholders of the Company.

### SHARE OPTION SCHEME

The following is a summary of principal terms of the share option scheme (the "Scheme") which was conditionally approved by a resolution of the shareholders of the Company passed on 31 May 2017 and became unconditional upon the listing of the Company's shares on the Stock Exchange. The principal terms of the Scheme are set out in the paragraph headed "Share Option Scheme" under the section headed "Statutory and General Information" of the Prospectus.

The purpose of the Scheme is to reward any directors (including executive directors, non-executive directors and independent non-executive directors) and employees of the Group and any advisors, consultants, distributors, contractors, suppliers, agents, customers, partners, joint venture business partners, promoters or service providers of any member of the Group who the Board considers, in its sole discretion, have contributed or will contribute to the Group (the "Participants"), who have contributed to the Group and to encourage Participants to work towards maximising the value of the Company and the shares for the benefit of the Company and the Shareholders as a whole.

The maximum number of Shares which may be issued upon the exercise of all options to be granted under the Scheme and any other Schemes of the Group shall not in aggregate exceed 10% of the total number of Shares in issue as at Listing Date, which amounts to 60,000,000 shares. As at the date of this report, the total number of shares available for issue in respect of which options may be granted under the Scheme (including the share options granted but yet to be issued) is 60,000,000 shares, representing approximately 6.76% of the issued shares of the Company as at the date of this report. No options may be granted to any Participant of the Scheme such that the total number of Shares issued and to be issued upon exercise of the options granted and to be granted to that person in any twelve-month period up to the date of the latest grant exceeds 1% of the Company's issued shares from time to time. Any further grant of share option in excess of this limit must be separately approved by Shareholders in general meeting.

## Report of the Directors

An option may be exercised in accordance with the terms of the Scheme at any time during a period as determined by the Board and not exceeding ten years from the date of the grant under the Scheme. The offer of the grant of the share option (the "Offer") is deemed to be accepted when the Company receives from the Participants who accepts an Offer in accordance with the terms of the Scheme, or (where the context so permits) a person entitled to any such option in consequence of the death of the original grantee, or the personal representative of such person (the "Grantee"), the offer letter signed by the Grantee specifying the number of the Shares in respect of which the Offer is accepted, and a remittance to the Company of HK\$1 as consideration for the grant of the option. There is no minimum period for which an option must be held before it can be exercised. The exercise price of the options is determined by the Board in its absolute discretion and shall not be less than the higher of:

- (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotations sheet on the date on which the option is granted, which date must be a business day;
- (ii) the average closing price of the Company's shares as stated in the Stock Exchange's daily quotations sheets for the five business days immediately preceding the date on which the option is granted; and
- (iii) the nominal value of the Company's share on the date on which the option is granted.

The Scheme shall be valid and effective for a period of ten years commencing from the adoption date, which is 31 May 2017. The Company may, by ordinary resolution in a general meeting or, the Board, on such date as the Board determines, terminate the Scheme at any time without prejudice to the exercise of options granted prior to such termination.

During FY2024 and FY2023, no share option was granted, cancelled, exercised or lapsed pursuant to the Scheme and none of the Directors or chief executive of the Company or their respective spouses or children under 18 years of age were granted or exercised any right to subscribe for any equity or debt securities of the Company or any of its associated corporations within the meaning of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the "SFO"). There was no share option outstanding as at 31 December 2024 and 2023.

### **PURCHASE, SALE OR REDEMPTION OF THE SHARES**

Neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the shares of the Company (including sale of treasury shares) during FY2024. As at 31 December 2024, there were no treasury shares (as defined under the GEM Listing Rules) held by the Company.

## DIRECTORS' EMOLUMENTS AND TOP FIVE HIGHEST PAID INDIVIDUALS

Details of the Directors' emoluments and top five highest paid individuals are set out in Notes 7 and 8 to the consolidated financial statements respectively in this report.

No Directors or the top five highest paid individuals have waived or agreed to waive any emoluments during FY2024 (FY2023: Nil).

## HUMAN RESOURCES AND EMOLUMENT POLICY

The Group's remuneration policies are formulated based on the performance of individual employees and are reviewed in a regular basis. The Group may also provide a discretionary bonus to employees as an incentive for their contribution to the Group in accordance with the Group's performance during FY2024.

The Remuneration Committee is set up for reviewing the Group's emolument policy and structure of all remuneration of the Directors and senior management of the Group, having regard to the Group's operating results, individual performance and comparable market practices.

The Company maintains a share option scheme to attract and retain individuals with experience and ability and/or to reward them for their past contributions. Please refer to the paragraphs headed "Share Option Scheme" in this report for details of such scheme.

The Group recognises the importance of good relationship with employees. The Directors believe that the working environment and benefits offered to the employees have contributed to building good staff relations and retention. The Group continues to provide training for new staff and existing staff to enhance their technical knowledge, which are believed to increase the productivity and efficiency.

## CONTRIBUTIONS TO THE RETIREMENT BENEFITS SCHEME

Details of contributions to the retirement benefits scheme of the Group are set out in "Employee and remuneration policy" under section headed "Management Discussion and Analysis" on pages 15 to 16, Notes 2 and 6 to the consolidated financial statements in this report.

## CONTROLLING SHAREHOLDERS' INTERESTS IN CONTRACT OF SIGNIFICANCE

Save as otherwise disclosed, no contract of significance to which the Company, its holding companies, or any of its subsidiaries was a party, and in which the controlling shareholders of the Company or any of its subsidiaries had a material interest, either directly or indirectly, subsisted at the end of the year or at any time during FY2024.

## Report of the Directors

### MAJOR CUSTOMERS AND SUPPLIERS

For FY2024, the Group made approximately 56.8% (FY2023: approximately 54.7%) of its entire sales to Group's five largest customers and sales to the largest customer included therein amounted to approximately 23.0% (FY2023: approximately 17.5%). Purchases from the Group's five largest suppliers accounted for approximately 35.7% (FY2023: approximately 59.4%) of the total purchases for the year and purchases from the largest supplier included therein amounted to approximately 10.6% (FY2023: approximately 41.1%).

None of the Directors, their close associates, or any shareholder of the Company (which to the knowledge of the directors own more than 5% of the issued shares of the Company) had an interest in the Group's five largest customers and suppliers.

### INTERESTS IN COMPETING BUSINESS

During FY2024 and up to the date of this report, the Directors were not aware of any of Directors, substantial shareholders of the Company and their respective associates (as defined in the GEM Listing Rules) had any interest in any business that directly or indirectly competed or might compete with the business of the Group.

### CORPORATE GOVERNANCE

Details of the corporate governance practices adopted by the Company are set out in the Corporate Governance Report on pages 36 to 51 in this report.

### CODE OF CONDUCT REGARDING SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted a code of conduct regarding securities transactions by the Directors on terms no less strict than the required standard of dealings as set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the Code of Conduct. The Company also made specific enquiry with Directors and the Company was not aware of any non-compliance with the required standard as set out in the Code of Conduct from the Listing Date to 31 December 2024.

### COMPLIANCE WITH LAW AND REGULATIONS

To the best of the Directors' knowledge, information and belief, and having made all reasonable enquiries, the Group has complied with all relevant laws and regulations in Hong Kong, Malaysia, Singapore and the PRC during FY2024. The Group also complies with the requirements under the Companies Law of the Cayman Islands, the GEM Listing Rules and the SFO for the disclosure of information and corporate governance.

### AUDITOR

The consolidated financial statements for FY2024 and FY2023 have been audited by independent auditor, Forvis Mazars, who will retire, and being eligible, offer themselves for re-appointment. A resolution for Forvis Mazars's re-appointment as the auditor of the Company will be proposed at the 2025 AGM.

## OPINION

We have audited the consolidated financial statements of Nexion Technologies Limited (the "Company") and its subsidiaries (collectively referred to as the "Group") set out on pages 69 to 126, which comprise the consolidated statement of financial position of the Group as at 31 December 2024, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the year then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Group as at 31 December 2024, and of its financial performance and cash flows for the year then ended in accordance with IFRS Accounting Standards issued by the International Accounting Standards Board (the "IASB") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

## BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA's") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| <p><b><i>Recoverability assessment of trade and other receivables</i></b></p> <p><i>Refer to principal accounting policy and critical accounting estimate and judgement in Note 2, the disclosures of trade and other receivables in Note 18 and the disclosures of the financial risk management – credit risk in Note 28 to the consolidated financial statements</i></p> <p>At 31 December 2024, the Group had trade and other receivables of approximately HK\$9,008,000, net of loss allowances of approximately HK\$1,835,000.</p> <p>Management performed credit evaluations for the Group’s debtors and assessed expected credit losses of trade and other receivables. These assessments were focused on the debtors’ settlement record and their current repayment ability, and also took into account information specific to respective debtor as well as pertaining to the economic environment in which the debtor operates.</p> <p>We identified this matter as a key audit matter because the balances are material to the Group and significant degree of judgements were made by the management in assessing the credit standing of the Group’s debtors and therefore the estimation of expected credit losses of trade and other receivables.</p> | <p>Our procedures, among others, included:</p> <ul style="list-style-type: none"> <li>a) understanding, evaluating and validating management’s key controls over the expected credit losses assessment process;</li> <li>b) obtaining management’s assessment of expected credit losses of trade and other receivables and assessed the reasonableness of the key underlying information referenced by the management;</li> <li>c) assessing the appropriateness of methodology and reasonableness of significant assumptions used in ECL assessment of trade and other receivables;</li> <li>d) checking and assessing, on a sample basis, whether the loss allowance was properly supported by considering available forward-looking information, the debtors’ ageing analysis, settlement record and history of default; and</li> <li>e) in respect of receivables of individual debtors which had not been identified by management as potentially impaired, corroborating management’s assessment with the external evidence obtained (e.g. public information available to us), our examination of the debtors’ payment records during the current year and subsequent to the end of the reporting period, as well as the historical collection records.</li> </ul> |

## **Independent Auditor's Report**

### **OTHER INFORMATION**

The directors of the Company are responsible for the other information. The other information comprises the information included in the 2024 annual report of the Company, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRS Accounting Standards issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with our agreed terms of engagement and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

# Independent Auditor's Report

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the Company.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

## Independent Auditor's Report

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 1. CORPORATE INFORMATION

Nexion Technologies Limited (the “Company”) was incorporated as an exempted company with limited liability in the Cayman Islands on 22 June 2016. The Company’s shares are listed on GEM of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The address of the Company’s registered office is PO Box 309, Uglan House, Grand Cayman, KY1-1104, Cayman Islands. On 1 March 2024, the principal place of business of the Company in Singapore was ceased and moved to Malaysia and situated at A-2-3, Block A, Jalan Pju 1A/3J, Taipan 1, Ara Damansara, 47301 Petaling Jaya, Selangor Darul Ehsan, Malaysia.

The principal activity of the Company is investment holding. The Company together with its subsidiaries (the “Group”) are principally engaged in provision of cyber infrastructure solutions services (discontinued), provision of cyber security solutions services and Information Technology (“IT”) software development, and software as a service (“SaaS”).

## 2. PRINCIPAL ACCOUNTING POLICIES

### Statement of compliance

These consolidated financial statements have been prepared in accordance with IFRS Accounting Standards issued by the International Accounting Standards Board (the “IASB”), which collective term includes all applicable individual IFRS Accounting Standards, IAS Standards and IFRIC Interpretations issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance. These consolidated financial statements also comply with the applicable disclosure requirements of the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”).

All amounts have been rounded to the nearest thousand, unless otherwise indicated.

These consolidated financial statements have been prepared on a basis consistent with the accounting policies adopted in the 2023 consolidated financial statements except for the adoption of the following new/revised IFRS Accounting Standards that are relevant to the Group and effective from the current year.

### Change in presentation currency

Prior to 1 January 2024, United States Dollar (“US\$”) was chosen as the presentation currency of the Company and the consolidated financial statements were also presented in US\$. Having considered that the Company’s shares are listed on the Stock Exchange and its stock is traded in Hong Kong Dollar (“HK\$”), the Board of Directors believes that it is more appropriate to use HK\$ as the presentation currency, which is also the functional currency of the Company, as it enables the shareholders and potential investors of the Company to have a picture of the Group’s financial performance that is expressed in the currency of the primary economic environment in which the Company operates. Accordingly, the Company’s presentation currency for its consolidated financial statements has been changed from US\$ to HK\$ from 1 January 2024. The change in presentation currency was accounted for in accordance with IAS 21 *The Effects of Changes in Foreign Exchange Rates*. Comparative figures have been restated to reflect the change in the Group’s presentation currency.

For the purpose of re-presentation of the consolidated financial statements of the Group from US\$ to HK\$, the assets and liabilities are translated into HK\$ at the closing rate as of the respective reporting dates. Income and expenses are translated at the average exchange rates for the respective periods/years. Share capital, share premium and reserves are translated at the exchange rate at the date when the respective amounts were determined (i.e. historical exchange rates).

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### Adoption of new/revised IFRS Accounting Standards

The Group has applied, for the first time, the following new/revised IFRS Accounting Standards, that are relevant to the Group:

|                                |   |
|--------------------------------|---|
| Amendments to IAS 1            | Classification of Liabilities as Current or Non-current |
| Amendments to IAS 1            | Non-current Liabilities with Covenants                  |
| Amendments to IAS 7 and IFRS 7 | Supplier Finance Arrangements                           |
| Amendments to IFRS 16          | Lease Liability in a Sale and Leaseback                 |

### *Amendments to IAS 1: Classification of Liabilities as Current or Non-current*

The amendments aim to promote consistency in applying the requirements by helping companies determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially due to be settled within one year) or non-current. The amendments include clarifying the classification requirements for debt a company might settle by converting it into equity.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

### *Amendments to IAS 1: Non-current Liabilities with Covenants*

The amendments specify that covenants to be complied with after the reporting date do not affect the classification of debt as current or non-current at the reporting date. Instead, the amendments require a company to disclose information about these covenants in the notes to the consolidated financial statements.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

### *Amendments to IAS 7 and IFRS 7: Supplier Finance Arrangements*

The amendments introduce new disclosure requirements to enhance the transparency of supplier finance arrangements and their effects on an entity's liabilities, cash flows and exposure to liquidity risk.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

### *Amendments to IFRS 16: Lease Liability in a Sale and Leaseback*

The amendments require a seller-lessee to subsequently determine lease payments arising from a sale and leaseback in a way that it does not recognise any amount of the gain or loss that relates to the right of use it retains. The new requirements do not prevent a seller-lessee from recognising in profit or loss any gain or loss relating to the partial or full termination of a lease.

The adoption of the amendments does not have any significant impact on the consolidated financial statements.

### **Basis of measurement**

The measurement basis used in the preparation of these consolidated financial statements is historical cost.

### **Basis of consolidation**

The consolidated financial statements comprise the financial statements of the Company and all of its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company using consistent accounting policies.

All intra-group balances, transactions, incomes and expenses and profits and losses resulting from intra-group transactions are eliminated in full. The results of subsidiaries are consolidated from the date on which the Group obtains control and continue to be consolidated until the date that such control ceases.

Non-controlling interests are presented, separately from owners of the Company, in the consolidated statement of profit or loss and other comprehensive income and within equity in the consolidated statement of financial position. The non-controlling interests in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation, are measured initially either at fair value or at the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. This choice of measurement is made on an acquisition-by-acquisition basis. Other types of non-controlling interests are initially measured at fair value, unless another measurement basis is required by IFRS Accounting Standards.

### ***Allocation of total comprehensive income***

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to the owners of the Company and the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

### ***Changes in ownership interest***

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest determined at the date when control is lost and (ii) the carrying amount of the assets (including goodwill) and liabilities of the subsidiary, and any non-controlling interests at the date when control is lost. The amounts previously recognised in other comprehensive income in relation to the disposed subsidiary are accounted for on the same basis as would be required if the parent had directly disposed of the related assets or liabilities. Any investment retained in the former subsidiary and any amounts owed by or to the former subsidiary are accounted for as a financial asset, associate, joint venture or others as appropriate from the date when control is lost.

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Subsidiaries

A subsidiary is an entity that is controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control.

In the Company's statement of financial position as set out in Note 30 to the consolidated financial statements, investments in subsidiaries are stated at cost less impairment loss, if any. The carrying amount of the investment is reduced to its recoverable amount on an individual basis, if it is higher than the recoverable amount. The results of subsidiaries are accounted for by the Company on the basis of dividends received and receivable.

### Goodwill

Goodwill arising on an acquisition of a business is measured at the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree (if applicable) and the fair value of any previously held equity interest in the acquiree over the acquisition date amounts of the identifiable assets acquired and the liabilities assumed of the acquired business.

Goodwill on acquisition of business is recognised as a separate asset and is carried at cost less accumulated impairment losses, which is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. For the purpose of impairment test and determination of gain or loss on disposal, goodwill is allocated to cash-generating units. An impairment loss on goodwill is not reversed.

On the other hand, any excess of the acquisition date amounts of identifiable assets acquired and the liabilities assumed of the acquired business over the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree (if applicable) and the fair value of the acquirer's previously held interest in the acquiree, if any, after reassessment, is recognised immediately in profit or loss as an income from bargain purchase.

Any resulting gain or loss arising from remeasuring the previously held equity interests in the acquiree at the acquisition-date fair value is recognised in profit or loss or other comprehensive income, as appropriate.

### Non-current assets held for sale and discontinued operation

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs to sell.

A discontinued operation is a component of the Group that comprises operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the Group. It represents a separate major line of business or geographical area of operations, or is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations, or is a subsidiary acquired exclusively with a view to resale. Classification as a discontinued operation occurs upon disposal or when the operation meets the criteria to be classified as held for sale, if earlier. It also occurs when the operation is abandoned.

### Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Depreciation is provided to write off the cost of property, plant and equipment, over their estimated useful lives at the useful lives as set out below from the date on which they are available for use and after taking into account their estimated residual values, using the straight-line method. Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis and depreciated separately:

|  |             |
|--|-------------|
| Computer equipment                       | 2 – 5 years |
| Furniture, fixtures and office equipment | 2 – 3 years |

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in profit or loss in the period in which the item is derecognised.

### Intangible assets

#### *Research and development costs – finite useful lives*

Research costs are expensed as incurred. Costs incurred on development activities, which involve the application of research findings to a plan or design for the production of new or substantially improved products and processes, are capitalised if the product or process is technically and commercially feasible and the Group has sufficient resources to complete the development. The expenditure capitalised includes the cost of materials, direct labour and an appropriate proportion of overheads. Other development expenditure is recognised in profit or loss as an expense as incurred. When the asset is available for use, the capitalised development costs are amortised on a straight-line basis over a period of 3 years. For intangible assets yet to be available for use, they are stated at cost less any accumulated impairment losses.

#### *Research and development costs – indefinite useful lives*

The initial cost of internally developed technologies is capitalised. Internally developed technologies with indefinite useful lives are carried at cost less accumulated impairment losses as the directors of the Company consider that there is no foreseeable limit on the period of time over which the internally developed technologies can be used to generate economic benefits.

#### *Purchased software copyrights – finite useful lives*

The initial cost of acquiring software copyrights is capitalised. Software copyrights are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is provided on the straight-line basis over their estimated useful lives of 3 years.

### Financial instruments

#### *Financial assets*

##### *Recognition and derecognition*

Financial assets are recognised when and only when the Group becomes a party to the contractual provisions of the instruments and on a trade date basis.

A financial asset is derecognised when and only when (i) the Group's contractual rights to future cash flows from the financial asset expire or (ii) the Group transfers the financial asset and either (a) it transfers substantially all the risks and rewards of ownership of the financial asset, or (b) it neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset but it does not retain control of the financial asset.

##### *Classification and measurement*

Financial assets (except for trade receivables without a significant financing component) are initially recognised at their fair value plus, in the case of financial assets not carried at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial assets. Such trade receivables are initially measured at their transaction price.

On initial recognition, a financial asset is classified as (i) measured at amortised cost; (ii) debt investment measured at fair value through other comprehensive income; (iii) equity instrument measured at fair value through other comprehensive income; or (iv) measured at FVPL.

The classification of financial assets at initial recognition depends on the Group's business model for managing the financial assets and the financial asset's contractual cash flow characteristics. Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing them, in which case all affected financial assets are reclassified on the first day of the first annual reporting period following the change in the business model.

#### *1) Financial assets measured at amortised cost*

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVPL:

- (i) it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses arising from impairment, derecognition or through the amortisation process are recognised in profit or loss.

The Group's financial assets at amortised cost include trade and other receivables and bank balances and cash.

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### Financial instruments *(Continued)*

#### *Financial liabilities*

##### *Recognition and derecognition*

Financial liabilities are recognised when and only when the Group becomes a party to the contractual provisions of the instruments.

A financial liability is derecognised when and only when the liability is extinguished, that is, when the obligation specified in the relevant contract is discharged, cancelled or expires.

##### *Classification and measurement*

Financial liabilities are initially recognised at their fair value plus, in the case of financial liabilities not carried at FVPL, transaction costs that are directly attributable to the issue of the financial liabilities.

The Group's financial liabilities include trade and other payables and lease liabilities. All financial liabilities are recognised initially at their fair value and subsequently measured at amortised cost, using the effective interest method, unless the effect of discounting would be insignificant, in which case they are stated at cost.

#### *Impairment of financial assets and other items*

The Group recognises loss allowances for expected credit losses ("ECL") on financial assets that are measured at amortised cost to which the impairment requirements apply in accordance with IFRS 9. Except for the specific treatments as detailed below, at each reporting date, the Group measures a loss allowance for a financial asset at an amount equal to the lifetime ECL if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial asset has not increased significantly since initial recognition, the Group measures the loss allowance for that financial asset at an amount equal to 12-month ECL.

##### *Measurement of ECL*

ECL is a probability-weighted estimate of credit losses (i.e. the present value of all cash shortfalls) over the expected life of the financial instrument.

For financial assets, a credit loss is the present value of the difference between the contractual cash flows that are due to an entity under the contract and the cash flows that the entity expects to receive.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument while 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Where ECL is measured on a collective basis, the financial instruments are grouped based on the following one or more shared credit risk characteristics:

- (i) past due information
- (ii) nature of instrument
- (iii) nature of collateral
- (iv) industry of debtors
- (v) geographical location of debtors

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### *Financial instruments (Continued)*

#### *Impairment of financial assets and other items (Continued)*

##### *Measurement of ECL (Continued)*

Loss allowance is remeasured at each reporting date to reflect changes in the financial instrument's credit risk and loss since initial recognition. The resulting changes in the loss allowance are recognised as an impairment gain or loss in profit or loss with a corresponding adjustment to the carrying amount of the financial instrument.

##### *Definition of default*

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Group may not receive the outstanding contractual amounts in full if the financial instrument that meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group); or
- (ii) there is a breach of financial covenants by the counterparty.

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### *Assessment of significant increase in credit risk*

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument at the reporting date with the risk of a default occurring on the financial instrument at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. In particular, the following information is taken into account in the assessment:

- the debtor's failure to make payments of principal or interest on the due dates;
- an actual or expected significant deterioration in the financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- actual or expected changes in the technological, market, economic or legal environment that have or may have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial instrument has increased significantly since initial recognition when contractual payments are more than 30 days past due.

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### Financial instruments *(Continued)*

#### Impairment of financial assets and other items *(Continued)*

##### Low credit risk

A financial instrument is determined to have low credit risk if:

- (i) it has a low risk of default;
- (ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and
- (iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

No financial instruments are determined to have low credit risk.

##### Simplified approach of ECL

For trade receivables without a significant financing components or otherwise for which the Group applies the practical expedient not to account for the significant financing components, the Group applies a simplified approach in calculating ECL. The Group recognises a loss allowance based on lifetime ECL at each reporting date and has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

##### Credit-impaired financial asset

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower.
- (b) a breach of contract, such as a default or past due event.
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider.
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.
- (e) the disappearance of an active market for that financial asset because of financial difficulties.
- (f) the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

##### Write-off

The Group writes off a financial asset when the Group has no reasonable expectations of recovering the contractual cash flows on a financial asset in its entirety or a portion thereof. The Group has a policy of writing off the gross carrying amount based on historical experience of recoveries of similar assets. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities under the Group's procedures for recovery of amounts due, taking into account legal advice if appropriate. Any subsequent recovery is recognised in profit or loss.

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Cash equivalents

For the purpose of the consolidated statement of cash flows, cash equivalents represent short-term highly liquid investments which are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

### Revenue recognition

#### *Revenue from contracts with customers within IFRS 15*

#### *Nature of goods or services*

The nature of the goods or services provided by the Group is as follows:

- Cyber infrastructure solutions (discontinued)
- Cyber security solutions and IT software development
- SaaS

#### *Identification of performance obligations*

At contract inception, the Group assesses the goods or services promised in a contract with a customer and identifies as a performance obligation each promise to transfer to the customer either:

- (a) a good or service (or a bundle of goods or services) that is distinct; or
- (b) a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

A good or service that is promised to a customer is distinct if both of the following criteria are met:

- (a) the customer can benefit from the good or service either on its own or together with other resources that are readily available to the customer (i.e. the good or service is capable of being distinct); and
- (b) the Group's promise to transfer the good or service to the customer is separately identifiable from other promises in the contract (i.e. the promise to transfer the good or service is distinct within the context of the contract).

#### *Timing of revenue recognition*

Revenue is recognised when (or as) the Group satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Group transfers control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (a) the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- (b) the Group's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (c) the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### Revenue recognition *(Continued)*

#### *Revenue from contracts with customers within IFRS 15 (Continued)*

##### *Timing of revenue recognition (Continued)*

If a performance obligation is not satisfied over time, the Group satisfies the performance obligation at a point in time when the customer obtains control of the promised asset. In determining when the transfer of control occurs, the Group considers the concept of control and such indicators as legal title, physical possession, right to payment, significant risks and rewards of ownership of the asset, and customer acceptance.

If contracts involve sales of multiple elements, transaction price will be allocated to each performance obligation in proportion to their relative stand-alone selling prices of the goods or services underlying each of those performance obligation at contract inception.

Revenue from cyber infrastructure solutions, cyber security solutions and IT software development and SaaS includes sales of hardware and software and/or service components. Generally, engagements of this nature involve multiple elements and revenue is recognised at a point in time upon satisfaction of each performance obligation, which the customer obtains the control of the promised assets and / or services.

##### *Interest income*

Interest income from financial assets is recognised using the effective interest method. For financial assets measured at amortised cost that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the assets while it is applied to the amortised cost (i.e. the gross carrying amount net of loss allowance) in case of credit-impaired financial assets.

##### *Foreign currency translation*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The Company's functional currency is HK\$ and the consolidated financial statements are presented in HK\$.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Foreign currency translation (Continued)

The results and financial position of all the group entities that have a functional currency different from the presentation currency ("foreign operations") are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the end of the reporting period.
- income and expenses for each statement of profit or loss and other comprehensive income are translated at average exchange rate.
- all resulting exchange differences arising from the above translation and exchange differences arising from a monetary item that forms part of the Group's net investment in a foreign operation are recognised as a separate component of equity.
- on the disposal of a foreign operation, which includes a disposal of the Group's entire interest in a foreign operation and a disposal involving the loss of control over a subsidiary that includes a foreign operation, the cumulative amount of the exchange differences relating to the foreign operation that is recognised in other comprehensive income and accumulated in the separate component of equity is reclassified from equity to profit or loss when the gain or loss on disposal is recognised.
- on the partial disposal of the Group's interest in a subsidiary that includes a foreign operation which does not result in the Group losing control over the subsidiary, the proportionate share of the cumulative amount of the exchange differences recognised in the separate component of equity is re-attributed to the non-controlling interests in that foreign operation and are not reclassified to profit or loss.
- on all other partial disposals, the proportionate share of the cumulative amount of exchange differences recognised in the separate component of equity is reclassified to profit or loss.

### Inventories

Inventories are stated at the lower of cost and net realisable value. Cost, which comprises all costs of purchase and, where applicable, other costs that have been incurred in bringing the inventories to their present location and condition, is calculated using the first in, first out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised. The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period of the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### Impairment of other assets

At the end of each reporting period, the Group reviews internal and external sources of information to assess whether there is any indication that the Group's property, plant and equipment, right-of-use assets and intangible assets and the Company's investments in subsidiaries may be impaired or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less costs of disposal and value in use. In addition, the Group tests its intangible assets that are yet to be available for use for impairment by estimating their recoverable amount on an annual basis and whenever there is an indication that those assets may be impaired. If any such indication exists, the recoverable amount of intangible assets not yet available for use is estimated, based on the higher of its fair value less costs of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. a cash-generating unit).

If the recoverable amount of an asset or a cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense in profit or loss immediately.

A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior periods. Reversal of impairment loss is recognised as an income in profit or loss immediately.

### Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the years necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, the fair value is recognised as a deduction from the carrying amount of the relevant asset and is released to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

### Leases

The Group assesses whether a contract is, or contains, a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### *As lessee*

The Group applies the recognition exemption to short-term leases and low-value asset leases. Lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Group has elected not to separate non-lease components from lease components, and accounts for each lease component and any associated non-lease components as a single lease component.

The Group accounts for each lease component within a lease contract as a lease separately. The Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component.

Amounts payable by the Group that do not give rise to a separate component are considered to be part of the total consideration that is allocated to the separately identified components of the contract.

The Group recognises a right-of-use asset and a lease liability at the commencement date of the lease.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Leases (Continued)

#### As lessee (Continued)

The right-of-use asset is initially measured at cost, which comprises:

- (a) the amount of the initial measurement of the lease liability;
- (b) any lease payments made at or before the commencement date, less any lease incentives received;
- (c) any initial direct costs incurred by the Group; and
- (d) an estimate of costs to be incurred by the Group in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequently, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any remeasurement of the lease liability. Depreciation is provided on a straight-line basis over the shorter of the lease term and the estimated useful lives of the right-of-use asset (unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise a purchase option – in which case depreciation is provided over the estimated useful life of the underlying asset) as follows:

|                 |                        |
|-----------------|------------------------|
| Office premises | Over the term of lease |
|-----------------|------------------------|

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date of the contract.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- (a) fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- (b) variable lease payments that depend on an index or a rate;
- (c) amounts expected to be payable under residual value guarantees;
- (d) exercise price of a purchase option if the Group is reasonably certain to exercise that option; and
- (e) payments of penalties for terminating the lease, if the lease term reflects the Group exercising an option to terminate the lease.

The lease payments are discounted using the interest rate implicit in the lease, or where it is not readily determinable, the incremental borrowing rate of the lessee.

Subsequently, the lease liability is measured by increasing the carrying amount to reflect interest on the lease liability and by reducing the carrying amount to reflect the lease payments made.

The lease liability is remeasured using a revised discount rate when there are changes to the lease payments arising from a change in the lease term or the reassessment of whether the Group will be reasonably certain to exercise a purchase option.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### Leases *(Continued)*

#### *As lessee (Continued)*

The lease liability is remeasured by using the original discount rate when there is a change in the residual value guarantee, the in-substance fixed lease payments or the future lease payments resulting from a change in an index or a rate (other than floating interest rate). In case of a change in future lease payments resulting from a change in floating interest rates, the Group remeasures the lease liability using a revised discount rate.

The Group recognises the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset. If the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the remeasurement in profit or loss.

A lease modification is accounted for as a separate lease if

- (a) the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- (b) the consideration for the lease increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

When a lease modification is not accounted for as a separate lease, at the effective date of the lease modification,

- (a) the Group allocates the consideration in the modified contract on the basis of relative stand-alone price as described above.
- (b) the Group determines the lease term of the modified contract.
- (c) the Group remeasures the lease liability by discounting the revised lease payments using a revised discount rate over the revised lease term.
- (d) for lease modifications that decrease the scope of the lease, the Group accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease and recognising any gain or loss relating to the partial or full termination of the lease in profit or loss.
- (e) for all other lease modifications, the Group accounts for the remeasurement of the lease liability by making a corresponding adjustment to the right-of-use asset.

### Employee benefits

#### Short term employee benefits

Salaries, annual bonuses, paid annual leave and the cost of non-monetary benefits are accrued in the period in which the associated services are rendered by employees.

#### Defined contribution plans

The obligations for contributions to defined contribution retirement scheme are recognised as an expense in profit or loss as incurred. The assets of the scheme are held separately from those of the Group in an independently administered fund.

### Taxation

The charge for current income tax is based on the results for the period as adjusted for items that are non-assessable or disallowed. It is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, any deferred tax arising from initial recognition of goodwill, or other asset or liability in a transaction other than a business combination that at the time of the transaction affects neither the accounting profit nor taxable profit or loss is not recognised.

The deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is recovered or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, tax losses and credits can be utilised.

Deferred tax is provided on temporary differences arising on investment in subsidiaries, except where the timing of the reversal of the temporary differences is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

### Related parties

A related party is a person or entity that is related to the Group.

- (a) A person or a close member of that person's family is related to the Group if that person:
- (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of the holding company of the Group.

### Related parties *(Continued)*

- (b) An entity is related to the Group if any of the following conditions applies:
- (i) the entity and the Group are members of the same group (which means that each holding company, subsidiary and fellow subsidiary is related to the others).
  - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) both entities are joint ventures of the same third party.  
  
one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - (iv) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group.
  - (v) the entity is controlled or jointly controlled by a person identified in (a).
  - (vi) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a holding company of the entity).
  - (vii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the holding company of the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of that person or that person's spouse or domestic partner.

In the definition of a related party, an associate includes subsidiaries of the associate and a joint venture includes subsidiaries of the joint venture.

### Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the consolidated financial statements provided regularly to the Group's most senior executive management for the purpose of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individual material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

## 2. PRINCIPAL ACCOUNTING POLICIES *(Continued)*

### **Critical accounting estimates and judgements**

Estimates and assumptions concerning the future and judgements are made by the management in the preparation of the consolidated financial statements. They affect the application of the Group's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. Where appropriate, revisions to accounting estimates are recognised in the period of revision and future periods, in case the revision also affects future periods.

### ***Critical judgements made in applying accounting policies***

#### *Identification of leases*

At the inception of a contract, the Group assesses whether a contract is, or contains, a lease based on the requirements of IFRS 16 and all the relevant facts and circumstances. In particular, the Group assesses whether the contract involves the use of an identified asset by applying the concept of substantive substitution right. Also, the Group assesses whether the Group or the customer has the right to direct the use of the identified asset with reference to determination of which party has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In cases where such decisions are predetermined, the right to operate the asset or the incorporation of such decisions by means of designing the asset are considered.

#### *Revenue recognition*

The Group recognised revenue from cyber infrastructure solutions, cyber security solutions and IT software development and SaaS at point in time upon satisfaction of each performance obligation, which the customer obtains the control of the promised assets and / services. The identification and completion of each performance obligation for each contract requires the use of judgement and estimates.

### ***Key sources of estimation uncertainty***

#### *Useful lives of property, plant and equipment, right-of-use assets and intangible assets*

The management determines the estimated useful lives of the Group's property, plant and equipment, right-of-use assets and intangible assets based on the experience of actual useful lives of assets of similar nature and functions or expected useful lives of assets, after taking into account of estimated technology life cycle. The estimated useful lives could be different as a result of technical innovations which could affect the related depreciation and amortisation charges included in profit or loss.

#### *Impairment of property, plant and equipment, right-of-use assets and intangible assets*

The management determines whether the Group's property, plant and equipment, right-of-use assets and intangible assets are impaired when an indication of impairment exists or when annual impairment testing is required. This requires an estimation of the recoverable amount of the property, plant and equipment, right-of-use assets and intangible assets, which is equal to the higher of fair value less costs of disposal or the value in use. Estimating the value in use requires the management to make an estimate of the expected future cash flows from the property, plant and equipment, right-of-use assets and intangible assets, and also to choose a suitable discount rate in order to calculate the present value of those cash flows. Any impairment will be charged to profit or loss.

#### *Discount rates for calculating lease liabilities – as lessee*

The Group uses the lessee's incremental borrowing rates to discount future lease payments since interest rates implicit in the leases are not readily determinable. In determining the discounts rates for its leases, the Group refers to a rate that is readily observable as the starting point and then applies judgement and adjusts such observable rate to determine the incremental borrowing rate.

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Critical accounting estimates and judgements (Continued)

#### Key sources of estimation uncertainty (Continued)

##### Loss allowance for ECL

The Group's management estimates the loss allowance for trade and other receivables by using various inputs and assumptions including risk of a default and expected loss rate. The estimation involves high degree of uncertainty which is based on the Group's historical information, existing market conditions as well as forward-looking estimates at the end of each reporting period. Where the expectation is different from the original estimate, such difference will impact the carrying amount of trade and other receivables. Details of the key assumption and inputs used in estimating ECL are set out in Note 28 to the consolidated financial statements.

##### Income taxes

The Group is subject to income taxes in several jurisdictions. Significant estimates are required in determining the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business, where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impair the current income tax and deferred tax provision in the period in which such determination is made.

##### Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the recoverable amount of the CGU to which the goodwill is allocated. Estimating the recoverable amount requires the management to choose a suitable valuation model and make estimation of the key valuation parameter and other relevant business assumptions. Details of the estimates used to calculate the recoverable amount are given in Note 15 to the consolidated financial statements.

### Future changes in IFRS Accounting Standards

At the date of authorisation of these consolidated financial statements, the IASB has issued the following new / revised IFRS Accounting Standards that are not yet effective for the current year, which the Group has not early adopted.

|  |  |
|--|--|
| Amendments to IAS 21                             | Lack of Exchangeability <sup>1</sup>   |

| Annual Improvements to IFRS Accounting Standards | Volume 11 <sup>2</sup>   |
| Amendments to IFRS 9 and IFRS 7                  | Contracts Referencing Nature-dependent Electricity <sup>2</sup>                                    |
| IFRS 18  | Presentation and Disclosure in Financial Statements <sup>3</sup>                                   |
| IFRS 19  | Subsidiaries without Public Accountability: Disclosures <sup>3</sup>                               |
| Amendments to IFRS 10 and IAS 28                 | Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>4</sup> |

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2025

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2026

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2027

<sup>4</sup> The effective date to be determined

The management of the Group do not anticipate that the adoption of these new/revised IFRS Accounting Standards in future periods will have any material impact on the Group's consolidated financial statements.

## 3. SEGMENT INFORMATION

The executive directors of the Company have been identified as the chief operating decision-makers. The executive directors of the Company review the Group's internal reports in order to assess performance and allocate resources. Management has determined the operating segments based on these reports.

Based on the products, solutions and services offered by the Group to the customers, the executive directors of the Company consider that the operating segments of the Group comprise (i) cyber infrastructure solutions (discontinued); (ii) cyber security solutions and IT software development; and (iii) SaaS.

The measure used for reporting segment results is "Adjusted EBITDA" (i.e. "adjusted earnings before interest, taxes, depreciation and amortisation"). To arrive at the Adjusted EBITDA, the Group's earnings before interest, taxes, depreciation and amortisation are further adjusted for items not specifically attributed to individual segments, such as directors' and auditor's remuneration and other head office or corporate administrative costs.

No analysis of the Group's assets and liabilities by operating segments is presented as it is not regularly provided to the chief operating decision-makers for review.

The group entities established in the Cayman Islands and the British Virgin Islands (the “BVI”) are exempted from income tax. No provision for Hong Kong profits tax has been made as the Group had no assessable profits arising in or derived from Hong Kong during the years ended 31 December 2024 and 2023.

The Group’s subsidiaries established in the PRC are subject to enterprise income tax (“EIT”) at 25% of the estimated assessable profits for the year based on the existing legislation, interpretations and practices in respect thereof. No provision for EIT has been made for the year ended 31 December 2023 as those subsidiaries established in the PRC incurred a loss for taxation purposes.

Singapore corporate income tax (“CIT”) is calculated at 17% (2023: 17%) of the estimated assessable profits with a CIT rebate of 50% of the corporate tax payable, capped at Singapore Dollars (“SG\$”) 40,000, during the year ended 31 December 2024 (2023: no CIT rebate). Singapore-incorporated companies can also enjoy a 75% tax exemption on the first SG\$10,000 of normal chargeable income and a further 50% tax exemption on the next SG\$190,000 of normal chargeable income during the years ended 31 December 2024 and 2023.

Malaysia CIT is calculated at 24% of the estimated assessable profits for the years ended 31 December 2024 and 2023. Malaysia incorporated entities with paid-up capital of Malaysian Ringgit (“RM”) 2.5 million or less enjoy tax rate of 15% on the first RM150,000, 17% from RM150,001 to RM600,000 and remaining balance of the estimated assessable profits at tax rate of 24% for the years ended 31 December 2024 and 2023.

## 10. LOSS PER SHARE

The calculation of basic and diluted loss per share attributable to equity holders of the Company are based on the following information:

|   | 2024<br>HK\$'000 | 2023<br>HK\$'000<br>(restated) |
|---|------------------|--------------------------------|
| Loss for the period / year attributable to the owners of the Company, used in basic and diluted loss per share calculation: |                  |                                |
| From continuing operations  | (14,395)         | (11,163)                       |
| From discontinued operation   | (300)            | (2,580)                        |
| Loss attributable to equity holders of the Company  | (14,695)         | (13,743)                       |

|   | Number of shares ('000) |         |
|---|-------------------------|---------|
|   | 2024                    | 2023    |
| Weighted average number of ordinary shares for basic and diluted loss per share calculation | 887,760                 | 772,230 |

The weighted average number of ordinary shares of 772,229,589 for the year ended 31 December 2023 is derived from 887,760,000 shares in issue after taking into account the effect of issue of 147,960,000 shares upon completion of placing (Note 22) on 13 October 2023.

Diluted loss per share was the same as the basic loss per share for the years ended 31 December 2024 and 2023 as there are no dilutive potential ordinary shares in existence.

## 14. INTANGIBLE ASSETS *(Continued)*

### Impairment assessments

#### *(i) Intangible assets with finite useful lives and already in use*

The Group carried out impairment test for intangible assets with finite useful lives and already in use where an indicator of impairment appears by comparing their recoverable amounts to their carrying amounts at the end of each reporting period.

At 31 December 2024 and 2023, the management is of the view that the internally developed technologies with finite useful lives and already in use were not impaired as their recoverable amounts as included in the value-in-use (“VIU”) calculation on the Smart Technology CGU (as defined and detailed in Note 15 to the consolidated financial statement) exceed their carrying amounts.

The intangible assets with finite useful lives included Visitor Management System (“VMS”) and Senior Care Management System (“SCMS”). The remaining amortisation period of VMS and SCMS at 31 December 2024 is up to 35 months (2023: 35 months) and 35 months (2023: 35 months), with carrying amount of approximately HK\$828,000 (2023: approximately HK\$454,000) and approximately HK\$1,036,000 (2023: approximately HK\$681,000) respectively.

VMS enables customers to eliminate slow check-in processes with online appointment booking system allowing onsite and / or pre-registration, while SCMS streamlines senior care operations through a comprehensive management platform with automation and assistive technology to enhance client management, activity scheduling, finance functions, and more.

#### *(ii) Intangible assets with indefinite useful lives*

Such intangible asset is developed specifically for the Group to manage its SaaS business and the Group has registered the copyright of such intangible asset. The intangible asset is determined to have an indefinite useful life as the directors of the Company consider that there is no foreseeable limit on the period of time over which the internally developed technologies can be used to generate economic benefits.

The Group carries out annual impairment test for intangible assets with indefinite useful lives by comparing their recoverable amounts to their carrying amounts at the end of each reporting period.

At 31 December 2023, the recoverable amount of intangible assets with indefinite useful lives were assessed on the value-in-use calculations using pre-tax cash flow projections which is approved by management covering a 5-year period. Cash flows beyond the 5-year period have been extrapolated using a 2% long-term growth rate and 14% discount rate. The estimated revenue and costs for each individual intangible asset were based on management expectation, and the management determined the growth rate based on past performance and the expectation of market development. Projected cash flows are discounted at a suitable pre-tax discount rate to reflect the specific risks involved over the forecasted period. At 31 December 2023, the management is of the view that the intangible assets with indefinite useful lives were not impaired as their recoverable amounts exceed their carrying amounts.

## 14. INTANGIBLE ASSETS (Continued)

### Impairment assessments (Continued)

#### (ii) Intangible assets with indefinite useful lives (Continued)

During the year ended 31 December 2024, due to unexpected significant increase in market competition, the revenue and results of SaaS business has significant deteriorated. Although the Group is under negotiations with the PRC government to explore future cooperation, the management considered that the uncertainties associated in concluding any cooperation in the coming year and the difficulties to estimate the future income stream of SaaS business. Accordingly, the recoverable amount of intangible assets with indefinite useful lives became minimal and the management has fully impaired such intangible assets of approximately HK\$3,859,000 at 31 December 2024.

On 5 May 2021, the Company acquired entire equity interests in WerkDone Pte. Ltd. (“WerkDone”), at a consideration of SG\$1,167,000 (equivalent to approximately HK\$6,863,000). WerkDone is engaged in provision of smart technology services in workspace, community and cloud, and retail sale of security and fire-fighting equipment (the “Smart Technology CGU”), which is under the segment of cyber security solutions and IT software development. The excess of the consideration over the acquisition date fair value of the identifiable assets acquired and the liabilities assumed of approximately HK\$5,515,000 was recognised as goodwill.

At 31 December 2024 and 2023, the Group assessed the recoverable amount of the Smart Technology CGU with reference to VIU calculation based on cash flow projection of WerkDone. The calculation uses cash flow projection based on financial budgets approved by directors covering a 5-year period. Cash flows beyond the 5-year period have been extrapolated using a 2% (2023: 2%) long-term growth rate. This growth rate is based on the inflation rate in Singapore and capped by the growth rate for the relevant industry.

At 31 December 2024, the recoverable amount of the Smart Technology CGU based on the value-in-use calculation exceeded its carrying amount of non-current assets allocated to the Smart Technology CGU (including property, plant and equipment, intangible assets and goodwill). Hence, no impairment loss was recognised on the non-current assets allocated to the Smart Technology CGU for the year ended 31 December 2024.

# Notes to the Consolidated Financial Statements

Year ended 31 December 2024

## 15. GOODWILL (Continued)

The estimated revenue in future periods in the VIU calculations is projected based on each of the ongoing projects and projects in tender. In light of the unfulfillment of profit guarantee of resulted from the challenging business environment in the Smart Technology CGU which is facing a more competitive market and thus worsen of financial results during the year ended 31 December 2023, less projects are estimated to be obtained from tendering in the coming years. As a result, the recoverable amount of the Smart Technology CGU based on the value-in-use calculation was approximately HK\$2,770,000. Accordingly, having compared with the carrying amount of the Smart Technology CGU, impairment loss of approximately HK\$2,770,000 was recognised against the goodwill associated with the Smart Technology CGU for the year ended 31 December 2023.

### Key assumption used and approach in determining the key assumptions

|                             | 2024 | 2023 |
|-----------------------------|------|------|
| Average gross profit margin | 70%  | 65%  |
| Average growth rate         | 8%   | 17%  |
| Long-term growth rate       | 2%   | 2%   |
| Discount rate               | 12%  | 14%  |

Management determined the budgeted gross profit margin and growth rate based on past performance and the expectation of market development. The discount rate used is pre-tax and reflects specific risks relating to the Smart Technology CGU.

### Sensitivity of key assumptions

The management identified the following key assumptions in which a reasonably possible change on an individual basis would cause any or additional impairment loss.

Reasonably possible changes that individually cause additional impairment loss on goodwill for the year ended 31 December 2023:

|                             | Change      | Increase of<br>impairment<br>HK\$'000<br>(restated) |
|-----------------------------|-------------|---|
| Average gross profit margin | Decrease 1% | 920   |
| Average growth rate         | Decrease 1% | 835   |
| Discount rate               | Increase 1% | 530   |

The management considered that any reasonably possible change in the key assumptions used in the VIU calculation on Smart Technology CGU would not cause an impairment loss at 31 December 2024.

## 19. DISCONTINUED OPERATION

On 21 December 2023, the Group entered into a sale and purchase agreement with an independent third party (the "Purchaser"), pursuant to which the Group agreed to sell, and the Purchaser agreed to purchase the entire issued share capital of Netsis Technology (BVI) Limited and its subsidiary, Netsis Technology (S) Pte. Ltd. (collectively, the "Netsis Group"), at a cash consideration of US\$250,000 (approximately HK\$1,950,000) (the "Disposal"). The Netsis Group would cease to be subsidiaries of the Group upon the completion of the Disposal. The Disposal was completed on 29 February 2024.

Accordingly, the segment of cyber infrastructure solutions was classified as a discontinued operation (the "Discontinued Operation") during the years ended 31 December 2024 and 2023. The results of the Discontinued Operation have been presented separately in the consolidated statement of profit or loss and comprehensive incomes.

The results of the Discontinued Operation for the period from 1 January 2024 to 29 February 2024 and year ended 31 December 2023 are analysed as follows:

| <b>At the end of the reporting period</b>   | <b>1,270</b>     | <b>110</b>                     |

Included in the amount of transaction price allocated to the remaining performance obligations that are unsatisfied (or partially unsatisfied) at 31 December 2024 is approximately HK\$1,270,000 (2023: approximately HK\$110,000), which is expected to be recognised as revenue within 1 year.

- (c) During the year ended 31 December 2020, the Group had acquired several software copyrights with a total consideration of HK\$13,260,000 which recognised as "Intangible Assets". Up to 31 December 2024, consideration of HK\$1,230,000 (2023: HK\$1,230,000) is remained unsettled and repayable on demand (2023: repayable on demand).

## 21. DEFERRED TAX

### Unrecognised deferred tax assets

At the end of the reporting period, the Group had unrecognised deferred tax assets arising from unused tax losses of approximately HK\$11,541,000 (2023: approximately HK\$5,602,000) available for set-off against future taxable profit.

The Group has not recognised deferred tax assets in respect of the tax losses, as set out below, because it is not probable that future taxable profit will be available against which the Group can utilise the benefits therefrom. The unrecognised tax losses will expire as follows:

## 23. RESERVES

### Share premium

It represents the excess of the net proceeds from issuance of the Company's shares over its par value. Under the law of the Cayman Islands and the Company's Articles of Association, it is distributable to the Company's shareholders provided that the Company is able to pay its debts as they fall due in the ordinary course of business.

### Capital reserve

For the consolidated statement of financial position of the Group, it represents the aggregate amount of the issued and paid-up share capital of the entities now comprising the Group before completion of the reorganisation, which carried out in preparation for the listing of the Company's shares, less consideration paid to acquire the relevant interests (if any) upon completion of the reorganisation.

For the statement of financial position of the Company, it represents the combined net assets value of Nexion Global Investments Limited and its subsidiaries upon the execution of share swap, which was acquired by the Company by way of allotment of the Company's share through share swap, less the nominal value of the Company's share issued.

### Exchange reserve

Exchange reserve has been set up and is dealt with in accordance with the accounting policies adopted for foreign currency translation as set out in Note 2 to the consolidated financial statements.

Further details of the directors' remuneration are set out in Note 7 to the consolidated financial statements.

### 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise lease liabilities and bank balances and cash. The main purpose of these financial instruments is to raise and maintain finance for the Group's operations. The Group has various other financial instruments such as trade and other receivables / payables which arise directly from its business activities.

The main risks arising from the Group's financial instruments are credit risk, foreign currency risk and liquidity risk. The Group does not have any written risk management policies and guidelines. However, the management generally adopts conservative strategies on its risk management and limits the Group's exposure to these risks to a minimum level as follows:

#### Credit risk

Credit risk refers to the risk that debtors will default on their obligations to repay the amounts due to the Group, resulting in a loss to the Group. The Group's credit risk is mainly attributable to trade and other receivables. The Group limits its exposure to credit risk by selecting the counterparties with reference to their past credit history and / or market reputation. The Group's maximum exposure to the credit risk is summarised as follows:

|                             | 2024<br>HK\$'000 | 2023<br>HK\$'000<br>(restated) |

## 28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (Continued)

### Credit risk (Continued)

#### Trade receivables

The Group trades with recognised and creditworthy third parties. Before accepting any new customer, the Group assesses the potential customer's credit quality and defines credit limits for the customer. The receivable balances are monitored on an ongoing basis by senior management and the Group's exposure to bad debts is not significant.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The default risk of the industry and country in which customers operate also has an influence on credit risk but to a lesser extent. Credit quality of a customer is assessed based on an extensive credit rating and individual credit limit assessment which is mainly based on the Group's own trading records.

At 31 December 2024, the Group had a concentration of credit risk as approximately 17% (2023: approximately 40%) of the total trade receivables was due from the Group's largest trade debtor and approximately 59% (2023: approximately 80%) of the total trade receivables was due from the Group's five largest trade debtors.

The trade receivables are categorised by common risk characteristics that are representative of the customers' abilities to pay all amounts due in accordance with the contractual terms. The Group applies a simplified approach in calculating ECL for trade receivables and recognises a loss allowance based on lifetime ECL at each reporting date and specifically estimated the ECL for each debtor by reference to its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. There was no change in the estimation techniques or significant assumptions made during the year.

The information about the exposure to credit risk and ECL for trade receivables using a provision matrix at 31 December 2024 and 2023 is summarised below.

The Group does not hold any collateral over the trade receivables at 31 December 2024 and 2023.

#### Other receivables

Other receivables include deposits and other receivables. Impairment on other receivables is measured on 12-month ECL and reflects the short maturities of the exposures.

In estimating the ECL, the Group has taken into account the financial position of the counterparties by reference to, among others, its management or audited accounts and available press information, adjusted for forward-looking factors that are specific to the counterparties and general economic conditions of the industry in which the counterparties operate, in estimating the probability of default of the financial asset, as well as the loss upon default. There was no change in the estimation techniques or significant assumptions made during the year.

#### Bank balances and cash

The management considers the credit risk in respect of bank balances and cash is minimal because the counter-parties are authorised financial institutions with high credit ratings.

#### Foreign currency risk

The Group's transactions are mainly denominated in HK\$, SG\$, RMB, RM and US\$.

At 31 December 2024 and 2023, the Group had a minimal exposure to foreign currency risk as most of its business transactions, assets and liabilities were principally denominated in the respective functional currencies used by the respective group entities, except for certain financial assets and financial liabilities of the Group are denominated in currencies other than the functional currency of the respective group entities and therefore, exposed to foreign currency risk. The carrying amounts of those financial assets and liabilities at 31 December 2024 and 2023 are analysed as follows:

The sensitivity analysis has been determined assuming that the changes in foreign exchange rates had occurred at the end of each reporting period and had been applied to the Group's exposure to currency risk for financial instruments in existence at that date, and that all other variables, in particular interest rates, remain constant.

The stated changes represent management's assessment of reasonably possible changes in foreign exchange rates over the year until the end of the next reporting period.

In the opinion of the management, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the reporting period.

The Group does not have a foreign currency hedging policy in respect of its foreign currency assets and liabilities. The Group will closely monitor its foreign currency exposure and will consider using hedging instruments in respect of significant foreign currency exposure as and when appropriate.

#### Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility. The Group has no specific policy for managing its liquidity. The undiscounted contractual maturity profile of the Group's financial liabilities at the end of the reporting period, based on the earliest date on which the Group is required to settle, are repayment on demand or less than 1 year.

#### Fair value

The carrying amount of the financial assets and liability carried at amortised cost in the consolidated financial statements approximate their fair values due to the relative short-term maturity of these financial instruments.

## 29. CAPITAL MANAGEMENT

The objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to provide returns for equity owners. The Group manages its capital structure and makes adjustments, including payment of dividends to equity owners, issue of new shares or sale of assets to reduce debts. No changes were made in the objectives, policies or processes during the years ended 31 December 2024 and 2023.
