VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

This announcement is made by Century Plaza Hotel Group (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis.

The Company is pleased to announce that it has initiated the establishment of a wholly-owned subsidiary (the "**New Subsidiary**"). The New Subsidiary will primarily focus on the design and production of robot bodies, as well as the research, development, production, and sales of core components, including motion control systems, intelligent perception and algorithms, dexterous manipulators, and modular joints. The New Subsidiary will also synergize with the Group's existing businesses, including but not limited to hotels, catering, cultural tourism, and entertainment ecosystems.

The New Subsidiary aims to develop general-purpose robots characterized by high precision, flexibility, and adaptability across multiple scenarios. These robots are expected to find applications in various fields and will also provide customers with complete hardware and software solutions, including technical consultancy and maintenance services for intelligent robots.

The Board believes that the establishment of the New Subsidiary will accelerate the research and promotion of new technologies, create effective synergies with the Group's existing businesses to explore broader development opportunities, and attract more talent to join the Group. This will lay a solid foundation for the Group's long-term development.
