VOLUNTARY ANNOUNCEMENT
LAUNCH OF DeepTrade AI Agent (A SMART TRADING SYSTEM)

This announcement is published by TradeGo FinTech Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis, for the purpose of keeping its shareholders (the "**Shareholders**") and potential investors informed of the latest development of the Group.

The board (the "**Board**") of directors (the "**Directors**", and each a "**Director**") of the Company is pleased to announce that on 19 September 2025, the Group officially launched DeepTrade AI Agent ("**DeepTrade**"), an artificial intelligence ("**AI**")-based smart trading robot. Leveraging the Group's years of accumulation in financial big data, DeepTrade aims to break through traditional trading limits with AI technology, providing investors with an open and efficient automated trading solution.

By integrating deep learning with an efficient execution framework, DeepTrade builds a full chain intelligent agent loop covering "stock selection – backtesting – execution – risk control – analysis". Its core grid trading function enables users to flexibly configure parameters, automatically capture volatility of returns, and achieve both cost dilution of holdings and risk management and control. The system features multi-market, multi-product, and multi-strategy coordinated execution capabilities, and integrates micro-market data resources. With deep learning to analyse market characteristics, it provides users with long-term trading tools and platform support across markets and products.

DeepTrade responds to the trend of 5x24 trading in stock exchanges worldwide, and supports the configuration of specific AI agents via natural language commands, which drive the generation of automated trading strategies, significantly lowering the threshold for professional trading.

The Board believes that, armed with advanced AI technology and long-term accumulated data assets, the Group will not only empower investors with institutional-level smart tools, but also support TradeGo Markets Limited, an indirectly wholly-owned subsidiary of the Company, in building an asset management platform with DeepTrade as its core tool, thereby promoting business synergies and upgrades. This initiative will help strengthen the Group's competitive advantages in the fintech sector, seize development opportunities arising from AI and round-the-clock trading trends, so as to create long-term value for the Shareholders.

By order of the Board
TradeGo FinTech Limited
LIU Yong
Chairman and Executive Director

Hong Kong, 19 September 2025

As at the date of this announcement, the Board comprises Mr. LIU Yong, Mr. WAN Yong and Mr. ZHANG Wenhua as executive Directors; Mr. LIN Hung Yuan and Mr. WANG Haihang as non-executive Directors; and Ms. JIAO Jie, Mr. MAN Kong Yui and Mr. HENG Victor Ja Wei as independent non-executive Directors.

This announcement, for which the Directors collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

This announcement will remain on the "Latest Listed Company Information" page of the GEM website at www.hkgem.com for a minimum period of seven days from the date of its publication and on the website of the Company at www.tradegomart.com.
