As one of the relevant applicable percentage ratios (as defined under the GEM Listing Rules) in respect of the Aggregated Disposals, exceeds 5% but is less than 25%, the Aggregated Disposals constitute discloseable transactions for the Company under Chapter 19 of the GEM Listing Rules and are therefore subject to the notification and announcement requirements under Chapter 19 of the GEM Listing Rules.

THE DISPOSAL

The Board announces that after the Previous Disposals, on 24 October 2025 (New York time), the Group disposed of 6,280 CGI Shares for an aggregate cash consideration of approximately US$10,500 (equivalent to approximately HK$82,000) (excluding transaction costs) on the open market of the Nasdaq Stock Exchange.

As the Aggregated Disposals were made on the open market of the Nasdaq Stock Exchange, the Company is not aware of the identities of the counterparties to the Aggregated Disposals or their respective principal business activities (if applicable). To the best of the knowledge, information and belief of the Directors having made all reasonable enquiries, each of the counterparties to the Aggregated Disposals and (if applicable) their respective ultimate beneficial owners is an Independent Third Party.

Assets disposed of

The 373,432 CGI Shares disposed of by the Group under the Aggregated Disposals amounted to approximately 0.491% of the total issued shares of CGI as at 24 October 2025 (New York time).

Consideration

The aggregate cash consideration (excluding transaction costs) of the Aggregated Disposals amounted to approximately US$1,071,000 (equivalent to approximately HK$8,354,000). As each of the Aggregated Disposals was conducted on the open market of the Nasdaq Stock Exchange, the respective consideration for each of the Aggregated Disposals represented the prevailing market price of the CGI Shares at the time of each of the Aggregated Disposals.

Completion

Settlement of each of the Aggregated Disposals has taken place or will take place on the first trading day after the order regarding the relevant transaction has been made.

INFORMATION ON CGI

CGI is an exempted company incorporated in the Cayman Islands with limited liability and it is an investment holding company. CGI and its subsidiaries are principally engaged in the fintech digital remittance and airtime businesses in Southeast Asia. The CGI Shares are listed on the Nasdaq Stock Exchange (Nasdaq: CURR).

The audited consolidated financial information of CGI for each of the two financial years ended 31 December 2023 and 2024, prepared in accordance with accounting principles generally accepted in the United States of America, are set out below:

	For the year ended 31 December 2023 *US$*	**For the year ended 31 December 2024** *US$*
Loss before taxation	13,894,305 (equivalent to approximately HK$108,376,000)	38,248,459 (equivalent to approximately HK$298,338,000)
Loss after taxation	14,417,786 (equivalent to approximately HK$112,459,000)	38,826,762 (equivalent to approximately HK$302,849,000)

REASONS FOR AND BENEFITS OF THE AGGREGATED DISPOSALS

The Group is principally engaged in (i) provision of hospitality and related services in Australia; (ii) money lending business; and (iii) assets investments business.

The Directors consider that the Aggregated Disposals represented opportunities to realise the Group's investments in CGI for cash so as to improve the financial conditions of the Group. The aggregate gross proceeds from the Aggregated Disposals amounted to approximately US$1,071,000 (equivalent to approximately HK$8,354,000). The net proceeds from the Aggregated Disposals which amount to approximately US$1,064,000 (equivalent to approximately HK$8,299,000) have been and will be used by the Group as general working capital.

The Board expects to recognise an unaudited gain of approximately HK$2,600,000 from the Aggregated Disposals, being the difference between the aggregate consideration with respect to the Aggregated Disposals and the unaudited book value of the CGI Shares disposed of by the Group under the Aggregated Disposals as at the relevant dates (i.e. 30 August 2024 (date of acquisition of the CGI Shares by the Group), 31 December 2024 or 30 June 2025, as the case may be, depending on the actual date of disposal of each relevant batch of CGI Shares by the Group). The actual amount of the gain or loss as a result of the Aggregated Disposals to be recorded by the Group is subject to the audit to be performed by the Company's auditors.

As the Aggregated Disposals were made on the open market of the Nasdaq Stock Exchange, the Directors (including the independent non-executive Directors) consider that all the CGI Shares under the Aggregated Disposals were disposed of by the Group at the then prevailing market prices and each of the Aggregated Disposals is fair and reasonable, on normal commercial terms and in the interests of the Company and the shareholders of the Company as a whole.

IMPLICATIONS UNDER THE GEM LISTING RULES

As one of the relevant applicable percentage ratios (as defined under the GEM Listing Rules) in respect of the Aggregated Disposals, exceeds 5% but is less than 25%, the Aggregated Disposals constitute discloseable transactions for the Company under Chapter 19 of the GEM Listing Rules and are therefore subject to the notification and announcement requirements under Chapter 19 of the GEM Listing Rules.
