FUTURE CHANGES IN HKFRS ACCOUNTING STANDARDS

At the date of authorisation of the Interim Financial Statements, the Group has not early adopted the new and revised HKFRS Accounting Standards that have been issued but are not yet effective. For revenue recognised over time under HKFRS 15, provided the outcome of the performance obligation can be reasonably measured, the Group applies the output method (i.e. based on the direct measurements of the value to the customer of the goods or services transferred to date relative to the remaining goods or services promised under the contract) to measure the progress towards complete satisfaction of the performance obligation because the method provides a faithful depiction of the Group's performance and reliable information is available to the Group to apply the method. Otherwise, revenue is recognised only to the extent of the costs incurred until such time that it can reasonably measure the outcome of the performance obligation.
