MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

Overview

The Group is one of the leading overseas studies consultancy services providers in Hong Kong. Our network consists of overseas education providers from all over the world. Nevertheless, we mainly serve local students who are mainly seeking secondary education and higher education studies in the United Kingdom ("UK"), Australia, Canada and the United States of America (the "USA"). During the six months ended 30 September 2025, the Group's principal business remained the provision of overseas studies consultancy services in Hong Kong. Commission income generated from the placements of students from the UK and Australia remained as the main driver of the Group's revenue.

PROSPECTS AND STRATEGIES

Prospects and Strategies

To enhance the Group's brand presence, we continued to allocate resources to digital marketing channels through online platforms during the six months ended 30 September 2025. These platforms are accessible beyond Hong Kong, enabling the Group to attract students and parents from a broader geographic base. Additionally, the Group is developing an online service system to facilitate efficient and timely processing of enquiries and school applications. This system aims to provide direct and responsive support to prospective students and their families.

While the Group intends to expand its services to new markets, our primary focus remains on Hong Kong. We continue to seek qualified counselors and strategic partners to enhance the quality and reach of our overseas education services. The Directors are committed to maintaining the Group's competitiveness and improving service delivery amid a challenging business environment.

On the other hand, the Group kept on exploring the feasibility of developing education related or ancillary business, such as, organizing tuition courses to assist students in upgrading the students' academic results and examination techniques for attaining the admission requirements of overseas universities or colleges. Students are eager to achieve sound academic results and are willing to pay for tuition courses which may assist them in advancing their techniques in studies and examination. Due to serious competition in the overseas education consultancy services as a result of the decrease in number of school-age students and the economic conditions for overseas education studies, the Group considers it an appropriate time to develop ancillary businesses that may generate new streams of income.

The Directors will keep on trying their best endeavours to maintain the Group's competitiveness and will strive to improve the Group's services for enhancing the Group's growth in the present difficult business environment. On this basis, the Directors believe the Group's performance can be improved in the foreseeable future.

MANAGEMENT DISCUSSION AND ANALYSIS

Principal Risks and Uncertainties

1. *Regulatory Changes*

Risk: Changes in immigration and education policies in key destination countries can impact student mobility and our service offerings.

Mitigation: Stay abreast of regulatory developments and maintain flexibility in our service offerings. Develop contingency plans and diversify markets to reduce dependency on any single country.

2. *Competitive Landscape*

Risk: The overseas education consultancy industry is highly competitive, with many players vying for market share.

Mitigation: Differentiate our services through innovation, quality, and customer satisfaction. Continuously improve our service offerings and invest in staff training to maintain a competitive edge.

3. *Economic Downturns*

Risk: Economic recessions and financial instability can reduce the disposable income of families, affecting their ability to afford overseas education.

Mitigation: Offer flexible payment plans and financial aid counseling to support students and families. Diversify our service offerings to include more affordable options and alternative educational pathways.

By leveraging these prospects and strategies while managing the identified risks and uncertainties, we are confident in our ability to navigate the challenges ahead and achieve sustainable growth.

FINANCIAL REVIEW

Revenue

Revenue for the six months ended 30 September 2025 was approximately HK\$5.1 million, a decrease of approximately 26.2% from approximately HK\$6.9 million for the same period in 2024. The decline was mainly due to a reduction in commission income from student placements in the UK as well as in Canada and the USA for the six months ended 30 September 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

UK

Commission income from UK placements decreased to approximately HK\$2.1 million (2024: HK\$3.4 million), representing 40.4% of total revenue (2024: 48.7%). The decline was primarily due to a decrease in the number of students who emigrated to the UK via study route during the six months ended 30 September 2025 as compared to the six months ended 30 September 2024.

Australia

Commission income from Australia placements was approximately HK\$2.2 million (2024: HK\$2.3 million), accounting for 43.1% of total revenue (2024: 33.3%). The slight decrease was due to a lower number of successful placements for the six months ended 30 September 2025 as compared to the six months ended 30 September 2024.

Canada and the USA

Commission income from Canada and the USA decreased to approximately HK\$0.6 million (2024: HK\$1.0 million), representing 11.1% of total revenue (2024: 14.6%). The decline was due to decrease in the number of students attaining their studies in both countries for the six months ended 30 September 2025 as a result of their government policies on international students.

Other Income

Other income increased to approximately HK\$5.8 million (2024: HK\$3.9 million), mainly due to a net foreign exchange gain of approximately HK\$4.4 million for the six months ended 30 September 2025 (2024: HK\$1.9 million).

Marketing Costs

Marketing costs decreased to approximately HK\$1.1 million (2024: HK\$1.4 million), reflecting a continued shift towards more cost-effective digital marketing strategies for the six months ended 30 September 2025.

MANAGEMENT DISCUSSION AND ANALYSIS

Employee Benefits Expenses

Staff costs decreased to approximately HK\$4.1 million (2024: HK\$6.3 million), mainly due to the Group's effective costs control by allocating and shifting the number of staff members from Hong Kong office to Malaysia and Taiwan offices for the six months ended 30 September 2025.

Other Expenses

Other expenses increased to approximately HK\$6.2 million (2024: HK\$4.9 million), largely due to higher foreign exchange gains for the six months ended 30 September 2025.

Income Tax Expense

Income tax expense decreased to approximately HK\$65,000 (2024: HK\$97,000), reflecting lower assessable profits in certain subsidiaries for the six months ended 30 September 2025.

Loss for the Period

The Group reported a loss of approximately HK\$0.1 million for the six months ended 30 September 2025, as compared to a loss of approximately HK\$1.4 million for the six months ended 30 September 2024. The reduction in loss was mainly attributable to an increase in other income as explained above.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

The Group's liquidity and capital requirements during the six months ended 30 September 2025 were primarily funded through operating activities and existing cash reserves.

As at 30 September 2025, the Group had total cash and bank balances of approximately HK\$43.5 million (31 March 2025: HK\$35.7 million). The increase was mainly due to no time deposits as at 30 September 2025 and an improved cash flow from operations.

MANAGEMENT DISCUSSION AND ANALYSIS

As at 30 September 2025, the share capital and total equity attributable to equity holders of the Company amounted to approximately HK\$17.5 million and HK\$47.1 million, respectively (31 March 2025: HK\$17.5 million and HK\$47.5 million).

The gearing ratio of the Group as at 30 September 2025 was nil (31 March 2025: Nil). The Group did not employ any financial instruments for hedging during the period.
