VOLUNTARY ANNOUNCEMENT

This announcement is published by WLS Holdings Limited (the "**Company**"), together with its subsidiaries (the "**Group**") on a voluntary basis.

The Group is one of the major scaffolding service providers in Hong Kong. Following the massive blaze at Wang Fuk Court in Tai Po (the "**Event**"), the Group has proactively reviewed the certification of scaffolding materials used at our construction sites. We have already requested suppliers to re-issue test reports at a higher standard prior to any doubts being raised regarding the authenticity of the relevant documents. We also took samples of the materials for laboratory testing upon their arrival in Hong Kong. During the course of our examination, we were informed by one of our main contractors that they were unable to contact the testing center to obtain further information regarding the validity of the report. We immediately report the case to Hong Kong Police. The Group reserves the right to pursue corresponding rights and interests in accordance with the law should any violations be identified. For matters arising from related third parties, we will continue to cooperate with relevant authorities as needed.

The Group has consistently adhered strictly to its policies and procedures to carried out our project works in order to meet the standards as required by law. Subsequent to the Event, the Group is reviewing our procedures so as to further strengthen and enhance the quality control of our building materials.

The Group would like to extend its deepest condolences to those who have been affected by the Event.
