VOLUNTARY ANNOUNCEMENT IN RELATION TO THE ENTRY INTO COOPERATIVE FRAMEWORK AGREEMENT

This announcement is made by Data Union Capital International Holdings Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to provide the shareholders (the "**Shareholders**") and potential investors of the Company with updated information in relation to the latest business development of the Group.

The board (the "**Board**") of directors (the "**Directors**") of the Company is pleased to announce that, on 11 February 2026, New World Resources Trading – FZCO ("**New World Resources**"), an indirectly wholly owned subsidiary of the Company incorporated in the Emirate of Dubai, United Arab Emirates, has entered into a cooperative framework agreement (the "**Agreement**") with Cloudpotent Limited ("**Cloudpotent**"), a directly wholly owned subsidiary of WebX International Holdings Company Limited, the shares of which are listed on GEM of the Stock Exchange (Stock Code: 8521) ("**WebX**"), for the establishment of a framework for strategic cooperation in relation to the procurement and supply of cloud-based computing and internet traffic services (the "**Strategic Cooperation**").

Pursuant to the Agreement, New World Resources and Cloudpotent have agreed, among other things, that: (a) New World Resources shall, subject to further agreement, purchase cloud computing and internet traffic services (through itself or one or more designated affiliated entities) from Cloudpotent on a preferred basis on the condition that the terms are equal to or better than those offered by other service providers; and (b) Cloudpotent shall treat New World Resources as a core strategic customer and shall prioritise the computing power and internet traffic needs of New World Resources subject to, among other things, the availability of sufficient resources.

The specific terms and conditions in relation to the procurement and supply of cloud computing and internet traffic services will be set out in separate service agreements to be further agreed upon by both parties. The Agreement will be effective for a term of two years from the date of its execution by the parties thereto, with an option for renewal by mutual written agreement.

To the best of the knowledge, information and belief of the Board, having made all reasonable enquiries, each of Cloudpotent, WebX and their respective directors, chief executives, substantial shareholders, subsidiaries and associates is a third party independent of, and not connected with the Company and its connected persons (as defined in the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the "**GEM Listing Rules**")).

REASONS FOR AND BENEFITS OF THE STRATEGIC COOPERATION

The Board considers that the Strategic Cooperation marks a significant step forward for both parties and will be beneficial to the development of the respective businesses of the Group and WebX by leveraging their respective strengths in digital technology fields. In particular, it is expected that the Strategic Cooperation will enable the Group to ensure a stable supply of computing power and internet traffic services on more favourable commercial terms, thereby enhancing the consistency, quality and competitiveness of the software-as-a-service ("**SaaS**") solutions provided by the Group while reducing overall costs in support of the long-term development of its new SaaS solutions business, as more particularly described in the announcements of the Company dated 15 August 2025, 8 September 2025 and 21 January 2026, respectively. Accordingly, the Board is of the view that the Strategic Cooperation is in the interest of the Company and its Shareholders as a whole.

Further announcement(s) will be made by the Company to keep its Shareholders and potential investors informed of material developments in relation to the businesses of the Group as and when appropriate in accordance with the requirements of the GEM Listing Rules and applicable laws and regulations.

Shareholders and potential investors of the Company should note that the Strategic Cooperation may or may not materialise. Shareholders and potential investors of the Company should exercise caution when dealing in the securities of the Company.
