# NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE TWELVE MONTHS ENDED 31 DECEMBER 2025

## 1. GENERAL

The Company was incorporated as an exempted company and registered in the Cayman Islands with limited liability under the Cayman Companies Law on 24 October 2014. The shares of the Company have been listed on the GEM (“GEM”) of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) by way of placing on 11 July 2016 (the “Listing”). The address of the Company’s registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The address of the Company’s principal place of business in Hong Kong is Flat 09, 12/F., Kwong Sang Hong Centre, 151-153 Hoi Bun Road, Kwun Tong, Hong Kong.

The directors of the Company considered THAC Group (BVI) Limited as the ultimate parent of the Company.

The Company is an investment holding company and its subsidiaries are principally engaged in restaurant operations in Hong Kong.

The unaudited condensed consolidated financial statements are presented in Hong Kong Dollars (“HK\$”), which is also the functional currency of the Company.

## 2. BASIS OF PREPARATION AND PRESENTATION

The unaudited condensed consolidated financial statement for the twelve months ended 31 December 2025 has been prepared in accordance with the Hong Kong Accounting Standards (“HKAS”) 34 “Interim financial reporting” issued by the Hong Kong Institute of Certificate Public Accountants (“HKICPA”) and the disclosure requirements of the Hong Kong Companies Ordinance. The unaudited condensed consolidated financial statements also comply with the applicable disclosure requirements of Chapter 18 of the GEM Listing Rules.

The unaudited consolidated financial statements have not been audited by the Company’s auditors, but have been reviewed by the audit committee of the Company (the “Audit Committee”). The Audit Committee agreed with the accounting principles and practices adopted by the Company.

## **2. BASIS OF PREPARATION AND PRESENTATION (Continued)**

### **Going concern assumption**

The Group incurred a loss of approximately HK\$8,687,000 for the period ended 31 December 2025. As of 31 December 2025, the Group was in a cash position, comprising bank balances and cash, of approximately HK\$3,803,000 only in light of total current liabilities of approximately HK\$21,828,000. It is still facing uncertainties to the future prospect of the Hong Kong economy in general as well as the craze of going north for spending that affects the catering industry. As a result, for the purpose of assessing the appropriateness of the use of the going concern basis in the preparation of the condensed consolidated financial statements, the directors of the Company have prepared a cash flow forecast covering the next 12 months from the end of reporting period (“Cash Flow Forecast”). In preparing the Cash Flow Forecast, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and the Group’s available sources of financing in assessing whether the Group will have sufficient financial resources to continue as a going concern.

Accordingly, the directors of the Company considered that there would be sufficient financial resources to finance the Group’s operations and to meet its financial obligations as and when they fall due. It is appropriate to prepare the condensed consolidated financial statements on a going concern basis.

Should the Group be unable to operate as a going concern, adjustments would have to be made to reduce the carrying values of the Group’s assets to their net realisable amounts, to provide for further liabilities which might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effect of these adjustments has not been reflected in the condensed consolidated financial statements.

## **3. PRINCIPAL ACCOUNTING POLICIES**

The condensed consolidated financial statements have been prepared on the historical cost basis.

Other than changes in accounting policies resulting from application of new and amendments to HKFRS Accounting Standards, the accounting policies and methods of computation used in the condensed consolidated financial statements for the twelve months ended 31 December 2025 are the same as those followed in the preparation of the financial statements for the year ended 31 December 2024.

#### **4. ADOPTION OF HKFRS ACCOUNTING STANDARDS**

In the current period, the Group has adopted all new and revised HKFRS Accounting Standards issued by the HKICPA that are mandatorily effective for the accounting period beginning on or after 1 January 2025.

The adoption of these new and revised HKFRS Accounting Standards did not have any significant effect on the unaudited condensed consolidated financial statement of the Group.

#### **5. REVENUE AND SEGMENT INFORMATION**

Revenue represents the amounts received and receivable for services provided and goods sold and net of discount, during the period.

The financial information was reported to executive directors of the Company, being the chief operating decision maker, for the purpose of assessment of segment performance and resources allocation focuses on types of services rendered and goods delivered. No operating segments identified by the chief operating decision maker have been aggregated in arriving at the reportable segments of the Group.

The Group's operation and reportable segments are as follows:

- Western casual restaurant operation ("Western Casual")

This segment derives its net revenue from the operation of Western-style casual restaurant and bakery shops, in which customers would place orders at the front desk and basic table service would be provided by the delivery of ordered food to the table. The western casual restaurants aim to provide a Western-style food and relaxing atmosphere.

- Chinese casual restaurant operation ("Chinese Casual")

This segment derives its net revenue from the operation of Chinese-style casual restaurant, in which customers place orders by themselves and basic table service would be provided by the delivery of ordered food to the table. ## MANAGEMENT DISCUSSION AND ANALYSIS

### Industry Overview

The business environment of the food and beverage industry in Hong Kong remains challenging, dynamic, and competitive. Pressure from rising food costs, rental expenses, utilities expenses and labour costs is enduring, which further squeezed our profit margin. Against the backdrop of Hong Kong and global economic uncertainty, customers are more budget conscious and price sensitive to the amounts they spend on dining out. Besides, the northward movement of customers during weekend and holidays trend has adverse effect on customers' demands and consumption. The management believes the difficult situation may continue and affect the food and beverage industry and the Group's business performance.

Nevertheless, the Group has implemented different measures including but not limited to closing those underperformance restaurants, minimising the staff costs, restructuring the food supplies chains, develop and diversity new brands to increase number of customers and their recognitions. Operating in such a difficult macroeconomic environment, we need to be agile, flexible and adaptive. We will embrace changes with flexible marketing strategies and efficient operational discipline, continue to reshape our business model and make decisions necessary to enhance the profitability of the Group.

### Business Overview

"Classified" restaurants, under Western casual restaurant operation segment, are a collection of casual European cafés specializing in artisan breads, cheeses and boutique wines, and are renowned for their breakfast and all day dining menu. Offering casual seating areas in most locations, Classified encourages neighbourhood street-level interaction. In December 2020, we have created a new modern bakery brand, "Rise by Classified", a sub-brand of "Classified". With a selection of pastries, a dine-in area for comfort food, an exhaustive list of beverages, and a collection of locally sourced retail products, "Rise by Classified" focuses on providing a local dining experience that can be enjoyed in the restaurant or at home. During the twelve months ended 31 December 2025, Classified recorded revenue of approximately 26.6 million (31 December 2024: HK\$35.7 million), representing a decrease of approximately 25.5 % as compared to the last corresponding period.

The Group had developed a new brand "Jasmine Harbour", which specializes in traditional handmade dim sum and dedicated to the development of Chinese catering business, is under Chinese casual restaurant operation segment. The restaurant was opened in September 2025 in Tuen Mun. In addition to its signature dim sum, it also offers Cantonese cuisine, combining the characteristics of traditional restaurants and modern dining. During the twelve months ended 31 December 2025, Jasmine Harbour recorded revenue of approximately 16.6 million (31 December 2024: Nil).

## FUTURE PROSPECTS

The food and beverage industry in Hong Kong has always been a challenging industry with intense competition and high operating costs, such as rising rental expenses, food costs and labour costs. The Group's success is therefore heavily dependent on the dining concepts and economic conditions of Hong Kong.

Our Group's key risk exposures and uncertainties are summarised as follows:

- (1) business risks relating to customers' changing patterns of spending by consumers, including refraining from dining out, northbound travel trends and consumers making budget conscious choices;
- (2) our Group may fail to find commercially attractive locations for new restaurants and/or renew existing leases on commercially acceptable terms, and the aforesaid potential failure would have a material adverse effect on the Group's business and future development;
- (3) the operation of the Group may be affected by the price of the food ingredients, including the price of the imported food ingredients which will be affected by the fluctuating exchange rate; and
- (4) there may be labour shortage in the future and competition for qualified individuals in the food and beverage industry may be intense.

Further details on the risks and uncertainties faced by the Group are set out in the section headed "Risk Factors" of the prospectus of the Company dated 30 June 2016 (the "Prospectus").

To manage the Group's risks and to improve the Group's overall business performance, we intend to:

- (1) expand the take-away product line and increase marketing efforts and sales stimulating measures;
- (2) enhance and upgrade our existing restaurant facilities to attract more customers;
- (3) closely monitor the pricing of our suppliers of raw materials and consider to have a vertical integration of its supplies chains; and
- (4) open different style restaurants to diversify business risks.

We believe our ongoing enhancement plans will improve our market share while we will continue to refine our business strategy to cope with the continuing challenges. We will also proactively seek potential business opportunities that will broaden our sources of revenue and enhance value to our shareholders.
