Flydoo Technology Holding Limited
飛道旅遊科技有限公司
(Incorporated in the Cayman Islands with limited liability)
(Stock Code: 8069)

PROFIT WARNING

This announcement is made by Flydoo Technology Holding Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 17.10(2) of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the "**GEM Listing Rules**") and the Inside Information Provisions (as defined under the GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the "**Board**") of directors (the "**Directors**") of the Company wishes to inform the shareholders (the "**Shareholders**") and potential investors of the Company that, based on the information currently available and preliminary assessment of the unaudited consolidated management accounts of the Group for the year ended 31 March 2026 ("**FY2025/26**"), the Group is expected to record an increase in net losses of FY2025/26 by approximately 750% as compared to the net losses of approximately HK$1.3 million for the year ended 31 March 2025 ("**FY2024/25**").

The Board considers that the expected increase in losses for FY2025/26 is mainly attributable to (i) a substantial decrease in revenue generated from the Group's travel related products and services of more than 15% compared to the revenue generated during FY2024/25, (ii) the expenditure on business development and (iii) losses incurred in clearing stock related to discontinued retail operations.

The increase in losses is mainly driven by a substantial decrease in revenue from the Group's travel-related products and services. In particular, tourism demand to Japan was adversely affected first by unfounded disaster rumors related to a Japanese manga artist's earthquake prediction in July 2025, which led travellers, to delay or cancel trips, and later by widely reported concerns about a bear attack in Japan that further weakened package tour bookings. As Japan is the Group's key outbound destination, reduced bookings for Japan departures led to significant declines in both revenue and gross profit.

Other factors include a shift by Hong Kong residents toward travelling to Mainland China driven by greater convenience (including improved connectivity) and value for money, as well as disruptions following the late February 2026 US and Israel joint military operation against Iran, which reduced demand for tours to Dubai and Turkey.

Additionally, losses were affected by expenditure on developing school tour products and other travel-related promotional activities. Inventory clearance losses were also incurred due to discontinued retail operations, where remaining inventories were sold at a gross loss to support the wind-down process.

The information above is based only on management's preliminary assessment of the unaudited consolidated management accounts of the Group for FY2025/26 and the information currently available, which has not been audited or reviewed by the auditor or the Audit Committee of the Company. The Company is in the process of finalising the Group's financial results for FY2025/26, which is expected to be published before the end of June 2026 in accordance with the GEM Listing Rules.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.

By order of the Board
Flydoo Technology Holding Limited
Cheng Kim
Chief Executive Officer and Executive Director

Hong Kong, 18 June 2026

As at the date of this announcement, the executive Directors are Mr. Cheng Kim and Mr. Liu Ying Shun the non-executive director is Mr. Ng Yuk Lam and the independent non-executive Directors are Ms. Rebecca Kristina Glauser, Mr. Juan Ruiz-Coello and Mr. Wong Chak Man.
