VOLUNTARY ANNOUNCEMENT LATEST BUSINESS DEVELOPMENT

This announcement is made by EDICO Holdings Limited (the “**Company**”, together with its subsidiaries, collectively the “**Group**”) on a voluntary basis to provide the shareholders (the “**Shareholders**”) and potential investors of the Company with an update on the latest business development of the Group.

BUSINESS UPDATE

The board (the “**Board**”) of directors (the “**Directors**”) is pleased to announce that the Group has established a new business segment principally engaged in the operation of a trading card game and sports card business. This new business is intended to diversify the Group’s revenue streams and broaden its business portfolio by capitalising on the strong growth momentum of the trading card game market in Hong Kong.

The new business segment is operated through Hong Kong Trading Card Game Limited (“**HKTCG**”), a non wholly-owned subsidiary of the Company. Its operations primarily include, among others, the provision of card deposit and consignment services, card authentication and grading services, market price tracking and comparison, and the wholesale, trading and resale of cards. HKTCG also offers collector engagement and experiential services at its flagship venue through membership-based access to the facilities for card battles and experiential activities, as well as the hosting of collector engagement events, tournaments and exhibitions, together with fan gatherings, autograph sessions, entertainment functions and promotional activities featuring celebrities or artists who are card enthusiasts.

The operation of HKTCG is currently in soft opening, during which its flagship venue of 21,000 square feet at iSQUARE in Tsim Sha Tsui and its online platform have commenced operation to facilitate card deposit and consignment services, the wholesale, trading and resale of cards, and the curation and display of collectible cards and related merchandise. The grand opening will be held on 4 July 2026.

REASONS FOR DEVELOPING BUSINESS IN THE TRADING CARD GAME AND SPORTS CARD MARKET

Through this strategic expansion, the Group aims to capture the growing market interest in trading card games and sports cards, underpinned by favourable market trends and increasing recognition of trading cards as mainstream cultural collectibles of appreciating value. It is observed that leading trading card game franchises (such as Pokémon and One Piece) have recorded strong growth in player engagement and collector demand over the past year, driven by their strong social attributes, a distinct trend toward esports and the appreciating market values of collectibles. Against this backdrop, the Group considers that HKTCG is well positioned to capitalise on the continued growth of this market, with a strategic objective of developing Hong Kong into a regional trading card and sports card hub in Asia.

The Group intends to leverage the extensive industry experience, operational know-how, market connections and resources of Mr. Cheung Derek (“**Mr. Cheung**”, a director and substantial shareholder of HKTCG) in the esports and gaming sectors to provide strategic insights and support to the development of the trading card game and sports card business. In particular, the Group believes that Mr. Cheung’s proven track record in building esports communities, event-driven fan engagement and gaming content platforms will be valuable in developing a differentiated trading card and sports card hub. The Group will continue to explore opportunities to integrate offline and online engagement channels, with a view to strengthening collector loyalty and expanding revenue sources.

The Directors believe that the new business will diversify its income streams and enhance value for the Shareholders, which is in the interests of the Company and the Shareholders as a whole. The development of the new business will be financed by the internal resources of the Group.
