The Company and its subsidiaries (together referred to as the “**Group**”) are principally engaged in the production and trading of books and paper products.

2. BASIS OF PREPARATION

2.1 Basis of preparation of condensed consolidated financial statements

This interim financial report has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on GEM of the Stock Exchange of Hong Kong Limited, including compliance with Hong Kong Accounting Standard (“**HKAS**”) 34, *Interim financial reporting*, issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”).

The interim financial report has been prepared in accordance with the same accounting policies adopted in the 2025 annual financial statements, except for the accounting policy changes that are expected to be reflected in the 2026 annual financial statements. Details of any changes in accounting policies are set out in Note 3.

This interim financial report contains condensed consolidated financial statements and selected explanatory notes. The notes include an explanation of events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the 2025 annual financial statements. The condensed consolidated interim financial statements and notes thereon do not include all of the information required for a full set of financial statements prepared in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”).

The interim results are unaudited but have been reviewed by the audit committee of the Company.

The financial information relating to the financial year ended 31 December 2025 that is included in the interim financial report as comparative information does not constitute the Company’s statutory annual consolidated financial statements for that financial year but is derived from those financial statements. Further information relating to these statutory financial statements disclosed in accordance with section 436 of the Hong Kong Companies Ordinance (Cap. 622) is as follows:

The Company has delivered the financial statements for the year ended 31 December 2025 to the Registrar of Companies as required by section 662(3) of, and Part 3 of Schedule 6 to, the Companies Ordinance. The Company’s auditor has reported on those financial statements.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2. BASIS OF PREPARATION (CONTINUED)

2.2 Going concern basis

The Group sustained a loss of approximately HK\$9.8 million for the six months ended 30 June 2026, and as of that date, the Group had net current liabilities of approximately HK\$125.3 million and bank loans and overdrafts amounting to approximately HK\$132.0 million which are due for repayment within one year. The Group's bank balance and cash amounted to approximately HK\$0.1 million as at 30 June 2026. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern.

In order to improve the Group's financial position, the directors of the Company have undertaken and will implement various measures detailed as follows:

1. the Group will actively explore and look for other opportunities to expand and diversify the income streams of the Group;
2. the Group will closely monitor its operations and implement cost control on operating costs and administrative expenses with an aim to attain positive and sustainable cash flow from operations;
3. the Group has been actively negotiating with its bankers to renew or/and extend its existing banking facilities;
4. the Group will dispose of certain properties;
5. the Group has obtained new other borrowing of approximately HK\$2.1 million; and
6. the Group will actively and regularly review its capital structure and source additional capital by raising new debt financing or, issuing new shares, where appropriate.

This interim financial report has been prepared on a going concern basis, the validity of which depends upon the successful implementation and outcome of the above measures to be undertaken by the Group. The directors of the Company are of the opinion that, taking into account the above measures, the Group will have sufficient working capital to meet its financial obligations as and when they fall due in the next twelve months from 30 June 2026.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

2. BASIS OF PREPARATION (CONTINUED)

2.3 Prior period adjustment

During the preparation of the condensed consolidated financial statements for the six months ended 30 June 2026, Directors identified the following accounting errors in the condensed consolidated financial statements for the six months ended 30 June 2025:

Omission of accrual of bank loan interests

The Directors discovered that the Group had omitted the accrual of interest expense for bank loans for the six months ended 30 June 2025.

As a result of this oversight:

- Interest payables included in bank loans as at 30 June 2025 was understated by approximately HK\$1,500,000; and
- Finance cost for the six months ended 30 June 2025 was understated by approximately HK\$1,500,000, resulting in accumulated losses being understated by the same amount as at 30 June 2025.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND FUTURE PROSPECTS

The Group is a provider of printing products to Hong Kong-based print brokers with customers in overseas markets and to international publishers. The products comprise mainly books and other paper-related products. Paper and ink are the principal raw materials of the Group. The Group's revenue increased by approximately 735.8% from approximately HK\$1.2 million for the Prior Period to approximately HK\$10.3 million for the Current Period. The Group recorded a loss of approximately HK\$9.8 million for the Current Period, as compared with a loss of approximately HK\$27.9 million for the Prior Period. The reduction in the loss was principally attributable to the return to a gross profit, the decrease in administrative expenses and the decrease in finance costs.

The Group's Shenzhen Factory has discontinued operation in June 2024. For details, please refer to the announcement dated 31 May 2024 and 19 June 2024.

The Group's Hong Kong Factory discontinued operation as the site of operation has been surrendered to a commercial bank, the details of which are set out in the announcement dated 11 November 2024. After delivery of vacant possession, the Group intends to maintain office in Hong Kong and allocate all the customer orders to Huizhou Factory (as defined in the announcement dated 30 October 2024) which was partially owned by the Group through joint venture arrangement as disclosed in the announcement dated 30 October 2024, and/or other sub-contractors in mainland PRC.

The remaining business operation of the Group after Shenzhen Factory's discontinuance ("**Remaining Group**") will continue to be principally engaged in the business of provision of printing services, while the Remaining Group will switch part of its business model from self-production through its own factory in PRC to outsourcing printing and binding to Huizhou Factory or other external sub-contractors in PRC. As disclosed in the announcement dated 30 October 2024, the Company and JV Party entered into JV Agreement with respect to the Huizhou Factory. As disclosed in the announcement dated 29 November 2024, the Huizhou Factory has commenced operation and has received sub-contracting orders for binding from the Group. In May 2025, the Huizhou Factory obtained the printing licence for printing. The Remaining Group remain responsible for design, color match, sample printing check, quality check and logistic.

Latest development

Subsequent to the end of the Current Period, Mr. Tsoi Wai Kuen was appointed as an executive Director with effect from 17 August 2026. Mr. Tsoi has over 20 years of experience in product design, product development, commercial printing, print production, purchasing and project management in Hong Kong and the PRC, and is responsible for expanding the printing business of the Group and for exploring ancillary printing design-related services. Further details of his appointment are set out in the Company's announcement dated 17 August 2026.

MANAGEMENT DISCUSSION AND ANALYSIS

The Board expects that Mr. Tsoi's appointment will strengthen the Group's business development capability and assist the Group in identifying and approaching a wider range of sales leads. Since his appointment, the Group has commenced negotiations with a number of potential new customers. The Board nevertheless considers that the Group is well placed to draw on Mr. Tsoi's experience and on his network within the printing and design industry in order to broaden the Group's customer base, and the Group will continue to pursue that objective alongside the streamlined business model described below.

Building on Mr. Tsoi's expertise, the Group intends to place greater emphasis on its product design and design-related services as a core value-added component of its offering, rather than positioning itself solely as a commercial printing provider. By integrating creative design, product development and pre-production consultancy with its production capabilities, the Group aims to offer customers a more comprehensive, end-to-end solution, to enhance the value delivered on each project and to capture higher-margin business. The Board believes that strengthening these design capabilities will differentiate the Group from conventional printing operators, deepen customer relationships and support the diversification of the Group's income streams.

Looking forward, the Group will strive to maintain its operation by adapting a streamlined business model through the Huizhou Factory and other subcontractors. However, the business environment remains challenging, and there are certain risks that the Group will face in further development such as challenges from the uncertainty of economies by reason of, among others, the global economy uncertainty, Russia-Ukraine war, the U.S.-China trade dispute, technological advancements in publishing and new forms of information dissemination. The Group was established in Hong Kong in 1992 and had a long established presence in printing industry, and will strive to take advantage of its competitiveness such as adherence to international standards, strong and stable project management skills so as to source orders from overseas customers which can be undertaken by factory in mainland of PRC and outsource its printing and binding to Huizhou Factory or other sub-contractors in mainland of PRC which the Group maintain responsible for design, quality control and logistics for a profit margin, which the Company believes will significantly reduce the Company's fixed overhead costs in order to improve its cashflow. On the other hand, the Company will explore and look for other opportunities in more technologically advanced printing and relevant printing business, media services and product range, so as to expand and diversify the income streams of the Group. In order to be in line with the Group's business model, the Company will seek for additional technologically advanced printing factories for cooperation.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

The Group generates revenue primarily from the provision of printing products to Hong Kong-based print brokers with customers in overseas markets and to international publishers. The revenue increased by approximately 735.8% from approximately HK\$1.2 million for the Prior Period, to approximately HK\$10.3 million for the Current Period. The increase was primarily due to increase in sales order in financial printing.

Cost of sales

The cost of sales primarily consists of sub-contracting fees. The cost of sales increased by approximately 497.2% from approximately HK\$1.3 million for the Prior Period to approximately HK\$7.7 million for the Current Period. The increase was primarily attributable to the increase in revenue and as a result of the increase in customer order.

Gross profit (loss) and gross profit (loss) margin

The Group recorded a gross profit of approximately HK\$2.6 million for the Current Period, representing a gross profit margin of approximately 25.6%, as compared with a gross loss of approximately HK\$51,000, representing a gross loss margin of approximately 4.1%, for the Prior Period. The return to a gross profit and the improvement in gross profit margin were principally attributable to reduced fixed manufacturing overheads and staff costs, which improved cost flexibility, and enhanced overall cost efficiency, resulting in an improvement in gross margin.

Other income and loss

The Group's other income and loss increased by approximately 559.1% from approximately HK\$0.1 million for the Prior Period to approximately HK\$0.8 million for the Current Period. The increase was principally due to the one-off income recognised in the Current Period in relation to the settlement of a trade payable.

Distribution costs

The Group recorded distribution expenses of nil for the Current Period and approximately HK\$0.3 million for the Prior Period. The decrease was due to the reclassification to administrative expense.

Administrative expenses

The administrative expenses decreased by approximately 65.8% from approximately HK\$14.5 million for the Prior Period to approximately HK\$5.0 million for the Current Period. The decrease was principally due to the decrease in staff costs and benefits and in the Directors' emoluments.

Finance costs

The Group recorded finance costs of approximately HK\$8.0 million for the Current Period, as compared with approximately HK\$13.1 million for the Prior Period.

MANAGEMENT DISCUSSION AND ANALYSIS

Income tax

Loss for the period

As a result of the foregoing, the Group recorded a loss of approximately HK\$9.8 million for the Current Period, as compared with a loss of approximately HK\$27.9 million for the Prior Period. The loss for the Current Period was principally attributable to the Group's finance costs.

All of which are repayable within one year on fixed terms. These short-term facilities are denominated in HKD, carry fixed interest rates, and were obtained from a third-party financial institution and various individuals. The net increase of approximately HK\$25.1 million is primarily due to the non-cash assignment of an amount due to shareholders to a third-party financial institution.

As disclosed in the Company's announcement dated 30 June 2026, the Company reached a preliminary understanding with a bank in June 2026 regarding the principal framework of a proposed restructuring and repayment arrangement in respect of the Group's indebtedness. The Company has complied with the principles and applicable code provisions of the CG Code for the Current Period, except the deviation from CG Code provision C.2.1 as set out below.

Chairman and Chief Executive Officer

Code provision C.2.1 of the CG Code stipulates that the roles of chairman and chief executive officer should be separated and should not be performed by the same individual.
