VOLUNTARY ANNOUNCEMENT
BUSINESS UPDATE

This announcement is made by China Ecological Land Management Holdings Group Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to provide the shareholders and prospective investors of the Company with the latest business update of the Group.

The board of directors (the "**Board**") of the Company is pleased to announce that on 3 November 2026, the Company entered into a strategic collaboration agreement (the "**Strategic Collaboration Agreement**") with Beijing Weilai Shangzhi Software Base Co., Ltd. (the "**Partner**") in relation to strategic collaboration between the parties in respect of the future prospecting and development of a newly discovered mineral dissociation-type rare earth mine in Northeast China.

Pursuant to the Strategic Collaboration Agreement, the parties agreed to collaborate in respect of the future prospecting and development of rare mineral resources in the target area, with the scope of collaboration covering project technical research; ecological environment assessment and management; mineral resource exploration, mining and smelting; ecological restoration; and assessment of permanent magnetic materials.

The Board considers that entering into the Strategic Collaboration Agreement enables the Group to participate in the early-stage prospecting and development of the newly discovered rare mineral resources in Northeast China, helps the Group seize the development opportunities of national strategic mineral resources, and is expected to generate synergies with the Group's proposed business expansion in the fields of ecological land management and ecological environment restoration, thereby injecting new momentum into the Group's long-term development and creating value for the Company's shareholders.

The Partner is a limited liability company established in the PRC, holding land use rights over approximately 600,000 square metres of industrial land with convenient transportation at a core location in the target area, and enjoys technical support from the World Academy of Sustainable Development Limited and multiple academicians. To the best of the Directors' knowledge, information and belief after having made all reasonable enquiries, the Partner and its ultimate beneficial owners are third parties independent of the Company and its connected persons (as defined in the GEM Listing Rules).

As at the date of this announcement, the Strategic Collaboration Agreement is a framework agreement and has only set out the preliminary arrangements and work plan for the parties to collaborate. Further formal agreements will be entered into upon agreement by parties in accordance with progress of collaboration with respect to investment amount, transaction structure, implementation terms and the rights and obligations of the parties in respect of specific projects. Should there be any progress in the relevant business direction, the Company will comply with the applicable requirements of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the "**GEM Listing Rules**") and will make further announcements in accordance with the GEM Listing Rules.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.

By Order of the Board
China Ecological Land Management Holdings Group Limited
Wu Qifeng
Chairman

Hong Kong, 3 November 2026
