Notes:

- (a) According to the Company's Articles of Association, the Company is required to transfer 10% of its net profit, as determined in accordance with the PRC Accounting Rules and Regulations, to statutory surplus reserve until the reserve balance reaches 50% of the registered capital. The transfer to this reserve must be made before distribution of a dividend to shareholders.

Statutory surplus reserve can be used to make good previous years' losses, if any, and may be converted into share capital by the issue of new shares to shareholders in proportion to their existing shareholdings or by increasing the par value of the shares currently held by them, provided that the balance after such issue is not less than 25% of the registered capital. During the six-month period ended 30 June 2002, the Company transferred RMB450 million, being 10% of the current period's net profit determined in accordance with the PRC Accounting Rules and Regulations to this reserve.

- (b) According to the Company's Articles of Association, the Company is required to transfer 5% to 10% of its net profit, as determined in accordance with the PRC Accounting Rules and Regulations, to the statutory public welfare fund. This fund can only be utilised on capital items for the collective benefits of the Company's employees such as the construction of dormitories, canteen and other staff welfare facilities. This fund is non-distributable other than on liquidation. The transfer to this fund must be made before distribution of a dividend to shareholders.

Pursuant to the shareholders' approval at the Annual General Meeting on 13 June 2002, the Board of Directors was authorised to determine the amount of the transfer. During the six-month period ended 30 June 2002, the directors authorised the transfer of RMB450 million, being 10% of the current period's net profit determined in accordance with the PRC Accounting Rules and Regulations, to this fund.

- (c) According to the Company's Articles of Association, the amount of retained profits available for distribution to shareholders of the Company is the lower of the amount determined in accordance with the PRC Accounting Rules and Regulations and the amount determined in accordance with IFRS. At 30 June 2002, the amount of retained profits available for distribution was RMB13,610 million, being the amount determined in accordance with the PRC Accounting Rules and Regulations. Interim dividend of RMB0.02 per share totalling RMB1,734 million in respect of the year ending 31 December 2002 has not been provided for in the interim financial statement for the six-month period ended 30 June 2002.
- (d) Effective 1 January 2002, land use rights which are included in lease prepayments are carried at historical cost. Accordingly, the surplus on the revaluation of land use rights credited to revaluation reserve previously, net of minority interests, was eliminated during the period. The effect of this change did not have a material impact on the Group's financial condition and results of operations in the periods prior to the change. As a result of the tax deductibility of the revaluation surplus, a deferred tax asset, net of minority interests, is created with a corresponding increase in other reserves.

At 30 June 2002, lease prepayments which comprise of land use rights have been presented in a separate balance sheet caption. Accordingly, the comparative amount at 31 December 2001 which was previously included in property, plant and equipment was reclassified to conform with the current period's presentation.

Under the PRC Accounting Rules and Regulations, land use rights are carried at revalued amount.

- (e) The capital reserve represents (i) the difference between the total amount of the par value of shares issued and the amount of the net assets transferred from Sinopec Group Company in connection with the Reorganisation and (ii) the difference between the consideration paid over the amount of the net assets acquired from Sinopec National Star.
- (f) The application of the share premium account is governed by Sections 178 and 179 of the PRC Company Law.

The notes on pages 70 to 91 form part of these interim financial statements.
