NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Period ended 30 September 2002

1. ACCOUNTING POLICIES AND BASIS OF PRESENTATION

The unaudited condensed consolidated interim financial statements are prepared in accordance with the Hong Kong Statement of Standard Accounting Practice ("SSAP") No. 25 "Interim Financial Reporting" issued by the Hong Kong Society of Accountants and Appendix 16 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). The accounting policies and basis of presentation used in the preparation of these interim financial statements are the same as those used in the latest audited financial statements for the year ended 31 March 2002, except that the following new and revised SSAPs have been adopted for the first time in the preparation of the current period's condensed consolidated interim financial statements.

- SSAP 1 (Revised): "Presentation of Financial Statements"
- SSAP 11 (Revised): "Foreign Currency Translation"
- SSAP 15 (Revised): "Cash Flow Statements"
- SSAP 33: "Discontinuing Operations"
- SSAP 34: "Employee Benefits"

A summary of the major effects of these SSAPs are as follows:

SSAP 1 (Revised) prescribes the basis for the presentation of financial statements and sets out guidelines for their structure and minimum requirements for the contents thereof. The main revision to this SSAP is to change the requirements from presenting a statement of recognised gains and losses to a statement of changes in equity. The unaudited condensed consolidated statement of changes in equity for the current interim period and the comparative amounts have been presented in accordance with the revised SSAP.

簡明綜合財務報表 附註

截至二零零二年九月三十日止期間

1. 會計政策及呈列基準

- 會計實務準則第1條(經修訂):「財務報表之呈列方式」
- 會計實務準則第11條(經修訂): 「外幣換算」
- 會計實務準則第15條(經修訂):「現金流量報表」
- 會計實務準則第33條 「終止經營業務」
- 會計實務準則第34條: 「僱員福利」

採納該等會計實務準則對本賬目之主要 影響概述如下:

會計實務準則第1條(經修訂)訂明呈列財務表之基準,並列明有關內容之結構及最低要求之指引。此項會計實務準則主要修訂為改變呈列經確認收益及虧損報表之規定為呈列股東權益變動報表。於本期間之未經審核簡明綜合股東權益變動報表及有關比較數字經已按照經修訂之會計實務準則呈列。

1. ACCOUNTING POLICIES AND BASIS OF PRESENTATION (Continued)

SSAP 11 (Revised) prescribes the basis for the translation of foreign currency transactions and financial statements. The principal impact of this revised SSAP on the condensed consolidated financial statements is that the profit and loss account of subsidiaries operating in Mainland China and overseas are translated at an average rate for the period on consolidation, rather than translated at the applicable rates of exchange ruling at the balance sheet date as was previously required. This SSAP is required to be applied retrospectively. The Group has adopted the transitional provision of this SSAP that where the calculation of a prior year adjustment is impractical, these changes in policy are applied only to current and future financial statements and the effect on the results of the current period is not significant.

SSAP 15 (Revised) prescribes the provision of information about the historical changes in cash and cash equivalents by means of a cash flow statement which classifies cash flows during the period into operating, investing and financing activities. The unaudited condensed consolidated cash flow statement for the current interim period and the comparative amounts have been presented in accordance with the revised SSAP.

SSAP 33 prescribes the basis for reporting information about discontinuing/discontinued operations. This SSAP has had no major impact on these condensed consolidated financial statements.

SSAP 34 prescribes the accounting treatment and disclosures for employee benefits. This SSAP has had no major impact on these condensed consolidated financial statements.

TURNOVER

Turnover represents the net invoiced value of goods sold, after allowances for returns and trade discounts, rental income, proceeds from the trading of marketable securities, income from the provision of photo-finishing services, subscription income from the provision of property information and professional valuation services through websites, and income from hotel operations.

During the period, the Group ceased to engage in the provision of photo-finishing services. As the contributions by this activity to the Group's turnover and results were not significant, no classification of discontinued operation has been made in these interim financial statements.

6. TAX

No provision for Hong Kong and overseas profits tax has been made as there were no assessable profits earned in, or derived from Hong Kong and elsewhere during the period (2001: Nil).

7. LOSS PER SHARE

The calculation of basic loss per share is based on the unaudited net loss from ordinary activities attributable to shareholders for the period of HK\$11,674,000 (2001: HK\$135,456,000) and the weighted average number of 546,821,582 (2001: 474,253,276) shares in issue as at 30 September 2002.

Pursuant to an annual general meeting held on 23 September 2002, a resolution relating to the adoption of the new share option scheme and the termination of the original share option scheme was duly passed by the shareholders. The diluted loss per share for the periods ended 30 September 2002 and 30 September 2001 are not shown because the Group did not have shares options outstanding throughout these periods.

8. DIVIDEND

The directors do not recommend the payment of any interim dividend for the six months ended 30 September 2002 (Six months ended 30 September 2001: Nil).

In prior years, the Group acquired the entire issued shares of a company which had paid a deposit of Ringitt Malaysia ("RM") 20,000,000 (equivalent to approximately HK\$41,000,000) to acquire a property situated in Malaysia. The Group is required to pay the remaining construction cost of RM31,500,000 (equivalent to approximately HK\$64,712,000) upon completion. The amount of the deposit paid has been accounted for as the cost of property under development, which is stated at cost less any provision for permanent diminution at 31 March 2001. In April 2001, it came to the directors' attention that the property's site plan and its usage had been altered by the principal developer without obtaining the prior consent of the management of the Group. The directors are seeking advice from a legal counsel in Malaysia to see if any action is necessary to recover the above-mentioned deposit paid for the acquisition of the property under development.

As at 31 March 2002, an impairment provision against the carrying value of the property under development of HK\$41,000,000 was provided by the directors of the Company in light of the prevailing market conditions.

於二零零二年三月三十一日,本集團董事按當時市況就發展中物業賬面值作出 41,000,000港元之減值撥備。

11. TRADE RECEIVABLES, PREPAYMENTS AND DEPOSITS

Trading terms with customers are mostly on credit, except for retail customers and hotel customers, where sales transactions are normally made on a cash basis. Invoices are normally payable within 30 days of issuance, except for certain wellestablished customers, where the terms are extended to 90 days. Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables and has a credit control department to minimize credit risk. Overdue balances are regularly reviewed by senior management. The aged analysis below shows trade receivables, net of provisions, based on the invoice date when the goods are delivered and services are rendered.

11. 應收貿易賬款、預付款項及按金

與顧客間之貿易條款除零售顧客及酒店 顧客之銷售交易一般以現金支付外,大 部分以信貸形式進行。除若干已建立深 厚關係之顧客,還款期可延長至90日, 發票通常須於發出後30 日內繳清。每一 顧客均有信貸上限。本集團已力求對過 期之應收賬款加以嚴緊控制,並設立信 貸控制部門將信貸風險減低。高層管理 人員會定期查察過期之款項。以下為應 收貿易賬款扣除撥備後,根據發票日期 (即貨品付運及提供服務之日期)之賬齡 分析。
