

Kith Holdings Limited implements stringent quality control on package printing products, which commenced from the quality control on printing ink. By adopting the computerized automatic ink dispensing system, the Group is capable of ensuring superlative colour consistency for each batch of products. In addition, the majority of products manufactured by **Kith Holdings Limited** apply at least two or more printing methods, including gravure, offset, flexographic and silkscreen printing, so as to achieve excellent package printing technology level.

僑威集團 包裝印刷產品的質量管理，從油墨品管開始，採用電腦自動調墨系統，以保證每批次產品的色彩都一致。此外，**僑威集團** 大部份產品皆採用了最少兩個或以上的印刷方式，包括凹印、膠

印、柔印及絲印，以達至卓越的包裝印刷水平。
