With reference to the Proposed Issue Mandate and the Proposed Repurchase Mandate, the Directors wish to state that they have no immediate plans to issue or repurchase any Shares pursuant thereto. As at the Latest Practicable Date, the number of Shares in issue is 982,250,000 Shares. Subject to the passing of the resolution granting the Proposed Issue Mandate and on the basis that no further Shares are issued or repurchased before the Annual General Meeting, the Company will be allowed to issue a maximum of 196,450,000 Shares upon exercise of the Proposed Issue Mandate in full.

In accordance with the Listing Rules, the Company is required to send to the Shareholders an explanatory statement containing all information reasonably necessary to enable Shareholders to make an informed decision on whether to vote for or against the granting of the Proposed Repurchase Mandate at the Annual General Meeting. The explanatory statement is set out in Appendix I to this circular.

Pursuant to Bye-law 87, at each annual general meeting of the Company, one-third of the Directors for the time being (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation. RESPONSIBILITY STATEMENT

This circular includes particulars given in compliance with the Listing Rules for the purpose of giving information with regard to the Company. The Directors collectively and individually accept full responsibility for the accuracy of the information contained in this circular and confirm, having made all reasonable enquiries, that to the best of their knowledge and belief there are no other facts the omission of which would make any statement herein misleading.

GENERAL INFORMATION

Your attention is drawn to the additional information set out in the Appendices to this circular.

Yours faithfully,
By order of the Board
Chan Wing Sun
Chairman

This Appendix contains the particulars required by the Listing Rules to be included in an explanatory statement to enable Shareholders to make an informed view on whether to vote for or against the resolution to be proposed at the Annual General Meeting in relation to the Proposed Repurchase Mandate.

(1) SHARE CAPITAL

As at the Latest Practicable Date, the issued ordinary share capital of the Company comprised 982,250,000 Shares. Subject to the passing of the resolution granting the Proposed Repurchase Mandate and on the basis that no further Shares are issued or repurchased before the Annual General Meeting, the Company would be allowed to repurchase a maximum of 98,225,000 Shares during the period ending on the earlier of the conclusion of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required to be held by law or the Bye-laws, or the date on which such authority is revoked or varied by an ordinary resolution of the Shareholders in general meeting.

(2) SOURCE OF FUNDS

Repurchases must be funded out of funds legally available for the purpose and in accordance with the Company's constitutive documents and the laws of the jurisdiction in which the Company is incorporated or otherwise established. Bermuda laws provide that funds used for a share repurchase may only be paid out of the capital paid up on the relevant shares, or the funds of the Company that would otherwise be available for dividend or distribution, or the proceeds of a fresh issue of shares made for the purpose. The amount of premium, if any, payable on a repurchase may only be paid out of either the funds of the Company that would otherwise be available for dividend or distribution or out of the share premium account of the Company before the shares are repurchased.

(3) REASONS FOR REPURCHASES

The Directors believe that it is in the best interests of the Company and the Shareholders as a whole to seek a general authority from Shareholders to enable the Company to repurchase its Shares on the Stock Exchange. Such repurchases may, depending on market conditions, and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and/or earnings per Share and will only be made when the Directors believe that such a repurchase will benefit the Company and the Shareholders as a whole.

The Directors have no present intention to repurchase any Shares and they would only exercise the power to repurchase in circumstances where they consider that the repurchase would be in the best interests of the Company. The Directors consider that there might be a material adverse impact on the working capital or gearing position of the Company (as compared with the position disclosed in the consolidated financial position of the Company as at 31 March 2009, being the date to which the latest published audited financial statements of the Company have been made up) in the event that the Proposed Repurchase Mandate is exercised in full. The Directors do not propose to exercise the Proposed Repurchase Mandate

to such an extent as would, in the circumstances, have a material adverse effect on the working capital of the Company or its gearing levels which in the opinion of the Directors are from time to time appropriate for the Company.

(4) SHARE PRICES

The following table shows the highest and lowest prices at which the Shares have been traded on the Stock Exchange in each of the last twelve months before the Latest Practicable Date.

TAKEOVERS CODE

If as a result of a repurchase of Shares, a Shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purposes of the Code. Accordingly, a Shareholder, or group of Shareholders acting in concert, depending on the level of increase of the Shareholders' interest, could obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rule 26 of the Code.

As at the Latest Practicable Date, Asian Wide Services Limited, Kenneth Hung, Dennis Kung, Hung Pui Kee Peggy and Hung Chung Yee Pamela, who were acting in concert together held 460,386,000 Shares, representing approximately 46.87% of the issued share capital of the Company. In the event that the Proposed Repurchase Mandate is exercised in full and no further Shares are issued during the Repurchase Period, their percentage of shareholding would be increased to approximately 52.08% of the issued share capital of the Company, and such an increase will give rise to an obligation to make a mandatory offer under Rule 26 of the Code.

As at the Latest Practicable Date, YGM Trading Limited held 201,200,000 Shares, representing approximately 20.48% of the issued share capital of the Company. In the event that the Proposed Repurchase Mandate is exercised in full and no further Shares are issued during the Repurchase Period, its percentage of shareholding would be increased to approximately 22.76% of the issued share capital of the Company.

Save as disclosed in above, the Directors are not aware of any other consequences which may arise under Rules 26 and 32 of the Code. The Directors do not intend to exercise the Repurchase Mandate to an extent which would, in the circumstances, trigger any potential consequences under the Code.

GENERAL

To the best of the knowledge of the Directors, having made all reasonable enquiries, none of the Directors nor any of their respective associates (as defined in the Listing Rules) has any present intention to sell any Shares to the Company in the event that the Proposed Repurchase Mandate is approved.

The Directors have undertaken to the Stock Exchange that, so far as the same may be applicable, they will exercise the Proposed Repurchase Mandate in accordance with the Listing Rules and the applicable laws of Bermuda.

No connected person, as defined in the Listing Rules, has notified the Company that he has a present intention to sell any Shares to the Company, or has undertaken not to do so in the event that the Proposed Repurchase Mandate is approved.

The Listing Rules prohibit a company from making repurchase on the Stock Exchange if the result of the repurchase would lead to the percentage of the Company's public float falling below 25% (or such other prescribed minimum percentage as determined by the Stock Exchange).
