Dear Sirs,

In accordance with your instructions to value the properties in which Yuanda China Holdings Limited (the “Company”) and its subsidiaries (hereinafter together referred to as the “Group”) have interests in the People’s Republic of China (the “PRC”) and various overseas countries, we confirm that we have carried out inspections, made relevant enquiries and searches and obtained such further information as we consider necessary for the purpose of providing you with our opinion of the capital values of the property interests as at 28 February 2011 (the “date of valuation”).

Our valuation of the property interests represents the market value which we would define as intended to mean “the estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm’s-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently, and without compulsion”.

We have valued the property interests of property nos. 8 to 14 in Group I and property no. 18 in Group III by direct comparison approach assuming sale of the property interest in its existing state with the benefit of immediate vacant possession and by making reference to comparable sales transactions as available in the relevant market.

Where, due to the nature of the buildings and structures of the property in the PRC and particular locations in which they are situated, there are unlikely to be relevant market comparables sales readily available, the property interests of property nos. 1 to 7 and 15 in Group I have been therefore valued on the basis of their depreciated replacement cost.

Depreciated replacement cost is defined as “the current cost of replacing an asset with its modern equivalent asset less deductions for physical deterioration and all relevant forms of obsolescence and optimization.” It is based on an estimate of the market value for the existing use of the land, plus the current cost of replacement (reproduction) of the improvements, less deductions for physical deterioration and all relevant forms of obsolescence and optimization. The depreciated replacement cost of the property interest is subject to adequate potential profitability of the concerned business.

In valuing the property interests in Group II which were under construction as at the date of valuation, we have assumed that it will be developed and completed in accordance with the latest development proposal provided to us by the Group. In arriving at our opinion of value, we have taken into account the construction cost and professional fees relevant to the stage of construction as at the date of valuation and the remainder of the cost and fees to be expended to complete the development.

We have attributed no commercial value to the property interests in Group IV, Group V and Group VI which are leased by the Group, due either to the short-term nature of the lease or the prohibition against assignment or sub-letting or otherwise due to the lack of substantial profit rent.

Our valuation has been made on the assumption that the seller sells the property interests in the market without the benefit of a deferred term contract, leaseback, joint venture, management agreement or any similar arrangement, which could serve to affect the values of the property interests.

No allowance has been made in our report for any charge, mortgage or amount owing on any of the property interests valued nor for any expense or taxation which may be incurred in effecting a sale. Unless otherwise stated, it is assumed that the properties are free from encumbrances, restrictions and outgoings of an onerous nature, which could affect their values.

In valuing the property interests, we have complied with all requirements contained in Chapter 5 and Practice Note 12 of the Rules Governing the Listing of Securities issued by The Stock Exchange of Hong Kong Limited; the RICS Valuation Standards (6th Edition) published by the Royal Institution of Chartered Surveyors; and the HKIS Valuation Standards on Properties published by the Hong Kong Institute of Surveyors; and the International Valuation Standards published by the International Valuation Standards Council.

As the Group is in compliance with paragraph 3(b) of Practice Note 16 of the Rules Governing the Listing of Securities issued by The Stock Exchange of Hong Kong Limited and section 6 of Companies Ordinance (Exemption of Companies and Prospectuses from Compliance with Provisions) Notice, the full details of the individual leased properties under operating lease have been excluded from the valuation certificates in our valuation report to this prospectus, of which summaries are included in the Summary of Values and the certificates for leased properties.

We have relied to a very considerable extent on the information given by the Group and have accepted advice given to us on such matters as tenure, planning approvals, statutory notices, easements, particulars of occupancy, lettings, and all other relevant matters.

We have been shown copies of various title documents including State-owned Land Use Rights Certificates, Building Ownership Certificates or Real Estate Title Certificates and official plans relating to the property interests and have made relevant enquiries. Where possible, we have examined the original documents to verify the existing titles to the property interests in the PRC and any material

encumbrance that might be attached to the property interests or any tenancy amendment. We have relied considerably on the advice given by the Company's PRC legal advisers – Jingtian & Gongcheng, concerning the validity of the property interests in the PRC and other overseas legal advisers of Qatar, Bahrain, Vietnam, India, Kuwait and the United Arab Emirates.

We have not carried out detailed measurements to verify the correctness of the areas in respect of the properties but have assumed that the areas shown on the title documents and official site plans handed to us are correct. All documents and contracts have been used as reference only and all dimensions, measurements and areas are approximations. No on-site measurement has been taken.

We have inspected the exterior and, where possible, the interior of the properties. However, we have not carried out investigation to determine the suitability of the ground conditions and services for any development thereon. Our valuation has been prepared on the assumption that these aspects are satisfactory and that no unexpected cost and delay will be incurred during construction. Moreover, no structural survey has been made, but in the course of our inspection, we did not note any serious defect. We are not, however, able to report whether the properties are free of rot, infestation or any other structural defect. No tests were carried out on any of the services.

We have had no reason to doubt the truth and accuracy of the information provided to us by the Group. We have also sought confirmation from the Group that no material factors have been omitted from the information supplied. We consider that we have been provided with sufficient information to arrive at an informed view, and we have no reason to suspect that any material information has been withheld.

Unless otherwise stated, all monetary figures stated in this report are in Renminbi (RMB). We adopted the currency exchange rates of US\$1=RMB6.58, EUR 1=RMB9.02, AED 1=RMB1.7906, SAR 1=RMB1.7532, GBR 1=RMB10.57, RUB 1=RMB0.2276, HK 1=RMB0.84, VND 1=RMB0.000314, AUD 1=RMB6.66, KER 1=RMB0.005854, CHF 1=RMB7.09, QAR1=RMB1.8052, KWD 1=RMB23.58, BHD 1=RMB17.43, Yen 1 = RMB0.08 and INR 1=RMB0.1454 at the date of valuation which were approximately the prevailing exchange rates as at the date of valuation.

Our valuation is summarized below and the valuation certificates are attached.

Yours faithfully,
for and on behalf of

Jones Lang LaSalle Sallmanns Limited

Notes:

1. Shenyang Yuanda Aluminium Industry Engineering Co., Ltd. (“Shenyang Yuanda Aluminium”) is a wholly owned subsidiary of the Company.
2. Pursuant to 3 State-owned Land Use Rights Grant Contracts – Shen Jing Tu Chu He Zi (2007) Di Nos. 03, 30 and No. 2101062009A1022 dated between 18 March 2007 and 19 February 2009, the land use rights of 2 parcels of land with a total site area of approximately 457,056.39 sq.m. were contracted to be granted to Shenyang Yuanda Aluminium for a term expiring on 17 March 2057 for industrial use. The total land premium was RMB221,423,905.62.
3. Pursuant to 2 State-owned Land Use Rights Certificates – Shen Kai Guo Yong (2009) Di Nos. 087 and 088, the land use rights of 2 parcels of land with a total site area of approximately 457,056.39 sq.m. have been granted to Shenyang Yuanda Aluminium for a term expiring on 17 March 2057 for industrial use.
4. Pursuant to 16 Building Ownership Certificates – Shen Fang Quan Zheng Jing Ji Ji Shu Kai Fa Zi Di Nos. 009353 to 009360, 009541 to 009544, 009881, 011977, Shen Fang Quan Zheng Shi Zhong Xin Zi Di No. N060060976 and Shen 013982 Fang Quan Zheng Jing Ji Ji Shu Kai Fa Qu Zi Di No. K160000024, 16 buildings with a total gross floor area of approximately 304,299.56 sq.m. are owned by Shenyang Yuanda Aluminium.
5. For the remaining building with a gross floor area of approximately 1,820.00 sq.m., we have not been provided with any title certificates.
6. According to 5 Tenancy Agreements, portions of the buildings with a total gross floor area of approximately 21,386.50 sq.m. are rented to 5 connected parties for various terms with the expiry date between 31 March 2011 and 31 December 2011 at a total annual rent of RMB2,134,650, exclusive of management fees, water and electricity charges.

7. According to 2 Tenancy Agreements, portions of the buildings with a total gross floor area of approximately 6,932.00 sq.m. are rented to Shenyang Yuanhai Trade Co., Ltd. and Shenyang Haihui Technology Investment Co., Ltd. (2 wholly owned subsidiaries of the Company) for a term commencing from 1 January 2011 and expiring on 31 December 2011 at an annual rent of RMB693,200, exclusive of management fees, water and electricity charges.
8. In the valuation of this property, we have attributed no commercial value to the building mentioned in note 5 which has not obtained proper title certificate. However, for reference purpose, we are of the opinion that the depreciated replacement cost of the building (excluding the land element) as at the date of valuation would be RMB827,000 assuming all relevant title certificates have been obtained and they could be freely transferred.
9. Pursuant to 2 Mortgage Agreements entered between The Export-Import Bank of China and Shenyang Yuanda Aluminium, portions of 2 parcels of the land with an apportioned site area of approximately 127,048.64 sq.m. and the buildings with a total gross floor area of approximately 94,308.91 sq.m. erected thereon are subject to a mortgage for maximum loan amount of RMB200,000,000.00.
10. Pursuant to a Mortgage Agreement entered between China Construction Bank Shenyang Dongling Branch and Shenyang Yuanda Aluminium, portions of a parcel of land with an apportioned site area of approximately 78,006.7 sq.m. and 2 buildings with a total gross floor area of approximately 49,490.99 sq.m. are subject to a mortgage for maximum loan amount of RMB100,000,000.00.
11. Pursuant to a Mortgage Agreement entered between China Construction Bank Shenyang Dongling Branch and Shenyang Yuanda Aluminium, portions of a parcel of land with an apportioned site area of approximately 72,423.19 sq.m. and a building with a total gross floor area of approximately 45,948.56 sq.m. are subject to a mortgage for a loan amount of RMB100,000,000.00.
12. We have been provided with a legal opinion regarding the property interest by the Company's PRC legal advisers, which contains, *inter alia*, the following:
 - a. The Group legally owns the land use rights and building ownership rights of the property mentioned in notes 3 and 4 and can legally occupy, use, transfer, lease, mortgage and otherwise dispose of them within the term stipulated in the State-owned Land Use Rights Certificates;
 - b. For the building without building ownership certificates mentioned in note 5, Shenyang Yuanda Aluminium is in the process of applying for the relevant Construction Completion documents and will apply for the building ownership certificate after obtaining construction completion documents;
 - c. The Tenancy Agreements of 6 buildings with a total gross area of 28,218.5 sq.m are legal, valid and binding on both signed parties, but relevant lease agreements have not been registered with relevant competent authorities, this situation does not affect the lease rights of relevant parties under the tenancy agreements. The relevant parties have the obligations to make the registration of the relevant tenancy agreements if renewing the invalid tenancy agreements after 1 February 2011, otherwise there is a risk of being fined by the relevant competent authorities; for the Tenancy Agreement of a building with a gross floor area of 100 sq.m. Shenyang Yuanda Aluminium has the rights to lease such property and the relevant tenancy agreement has been registered with relevant competent authorities. The risk of being fined for changing the nature of the leased building is very low and the tenant could use the building as the nature agreed in the tenancy agreement; and
 - d. Apart from the mortgage agreements mentioned in note 9, 10 and 11, the land use rights and building ownership rights of the property are not subject to mortgage, secure, seal up and any other encumbrances or other third party interests as confirmed by the Group.

Pursuant to 2 State-owned Land Use Rights Certificates – Shen Kai Guo Yong (2009) Di No.000109 and Shen Kai Guo Yong (2011) Di No.010, the land use rights of 2 parcels of land with a total site area of approximately 169,435.24 sq.m. have been granted to Shenyang Yuanda Aluminium for a term of 50 years expiring on 21 April 2059 and 31 August 2060 respectively for industrial use.
4. For the CIP, we have not been provided with any relevant construction work permits.
5. Pursuant to a Mortgage Agreement entered between China Construction Bank Shenyang Dongling Branch and Shenyang Yuanda Aluminium, a parcel of land with a site area of approximately 139,316.97 sq.m. is subject to a mortgage for a maximum loan amount of RMB47,500,000.00.
6. In the valuation of this property, we have attributed no commercial value to the CIP mentioned in note 4 which has not obtained any relevant construction work permits. However, for reference purpose, we are of the opinion that the depreciated replacement cost of the CIP (excluding the land element) as at the date of valuation would be RMB10,898,000 assuming relevant construction work permits have been obtained and it could be freely transferred.

7. We have been provided with a legal opinion regarding the property interest by the Company's PRC legal advisers, which contains, *inter alia*, the following:
 - a. The Group legally owns the land use rights of 2 parcels of land mentioned in note 3 and can legally occupy, use, transfer, lease, mortgage and otherwise dispose of them within the term stipulated in the State-owned Land Use Rights Certificates; and
 - b. For the CIP mentioned in note 4, Shenyang Yuanda Aluminium is in the process of applying for the relevant documents for the construction of the CIP.
