INFORMATION ABOUT THE PARTIES

CEA Holding is a wholly PRC state-owned enterprise and the controlling shareholder of the Company holding directly or indirectly approximately 59.94% of the Company's issued share capital as at the date of this announcement. It is principally engaged in managing all the state-owned assets and equity interest formed and invested by the state in CEA Holding, its group companies and its invested enterprises.

CES Finance is principally engaged in investment in industry, real estate development, investment management, corporate property trust management, investment consultant (excluding broker), metal materials, chemical products (excluding hazardous products), sales of edible agricultural products and import and export of cargo and technology.

CES Global is a company incorporated in Hong Kong, and an indirectly wholly-owned subsidiary of CEA Holding. Its principal activities are the sale of air tickets and investment holdings.

The Company is principally engaged in the business of civil aviation and incorporated in the PRC whose H Shares, A Shares and American depository shares are listed on the Stock Exchange, the Shanghai Stock Exchange and the New York Stock Exchange, Inc., respectively.

REASONS FOR AND BENEFITS OF THE SUBSCRIPTIONS

In 2011, the international aviation market was affected by the slow recovery of the global economy, the intensified political situation in certain regions and the natural disasters in Japan, which led to the downturn of international aviation services. Despite the above situations and a decrease in growth rate compared to 2010, market demand for domestic aviation services remained robust as a result of the stable PRC economy and continuous growth of domestic consumption. Currently, the Company is facing a series of adverse factors such as slowdown in growth of the industry, intensified market competition among its peers, fast development of high-speed railways, increased aviation fuel cost and expectation of a slowdown in RMB appreciation. As a result of the challenging market environment, the Company has proactively adopted effective measures and strove to overcome difficulties by optimizing the replanning of flight routes and flight arrangements, fostering construction of its hub network and increasing the marketing network, enhancing its management capability and services quality, and actively improving on the Company's profit model. However, there are constraints on the Company's operation and implementation of its future strategy due to the high debt to equity ratio and relatively large scale of absolute liabilities, which has adversely affected the Company's ability to enhance its resistance to risks.

As a result of the above, the Company's operating and financial condition is under enormous pressure. The continuous fluctuations in global financial markets make it difficult for the Company to obtain financial support in the short run.

Further, the subscription price for A Shares Subscription is determined pursuant to 《上市公司證券發行管理辦法》 (Administrative Measures in relation to Issuance of Shares by Listed Companies) which requires that the subscription price for the A Shares Subscription shall not be less than 90% of the average trading price of A Shares during the Fixed Price Period. The subscription price for H Shares Subscription, being the closing price of H Shares on the trading day (being 5 September 2012) immediately prior to the date of suspension of trading of the H Shares on the Stock Exchange (being 6 September 2012), is determined pursuant to PRC Company Law which requires that the subscription price of H Share cannot be below its par value and only reflects a discount of approximately 1.28% as compared to the average closing price of HK\$2.35 per H Share for the last 5 consecutive trading days of H Shares immediately prior to the suspension of trading of H Shares on the Stock Exchange on 6 September 2012.

Through the Subscriptions, the Company believes it will improve the financial position of the Company and in the long term, enhance the Company's competitiveness and help to improve its operational position.

The terms and conditions of the Subscriptions are agreed after arm's length negotiations between the parties. Considering all these factors, the Directors believe that the terms and conditions of the Subscriptions are fair and reasonable and in the interests of the Shareholders as a whole.

RECENT FUND RAISING ACTIVITIES AND USE OF PROCEEDS

The Company has not conducted any fund raising activities on any issue of equity securities within the 12 months immediately prior to the date of this announcement. The total proceeds of the Subscriptions will be approximately RMB3,621,797,976 before deduction of expenses. After deduction of relevant expenses for the Subscriptions, the total proceeds are intended to be used to repay existing financial institution loans and/or to supplement the working capital of the Company.

RISKS ASSOCIATED WITH THE SUBSCRIPTIONS

There are certain risks that are associated with the Subscriptions, including market risk, business and operation risk, financial risk, management risk, supervisory policy risk and other risks. Investors are advised to exercise caution when dealing in the shares of the Company.

IMPLICATIONS UNDER THE LISTING RULES

Since CEA Holding is the controlling shareholder of the Company, and hence a connected person of the Company, the issue of new A Shares to CEA Holding pursuant to the A Shares Subscription Agreement constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that Chapter. Also, since CES Finance is a wholly-owned subsidiary of CEA Holding, and hence a connected person of the Company, the issue of new A Shares to CES Finance pursuant to the A Shares Subscription Agreement constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that Chapter. Further, since CES Global is an indirectly wholly-owned subsidiary of CEA Holding, and hence a connected person of the Company, the issue of new H Shares to CES Global pursuant to the H Shares Subscription Agreement constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to reporting, announcement and independent shareholders' approval requirements under that Chapter. Thus, an Independent Board Committee comprising the independent non-executive Directors of the Company will be formed to advise the Independent Shareholders on the terms of the Subscriptions. An independent financial advisor will, in accordance with the Listing Rules, be appointed to advise the Independent Board Committee and the Independent Shareholders on the same.

The issue of new A Shares and new H Shares pursuant to the A Shares Subscription Agreement and the H Shares Subscription Agreement respectively will be conducted under the general mandate granted to the Board at the annual general meeting of the Company held on 28 June 2012 and subject to the approvals from the relevant regulatory authorities. That general mandate has not been used by the Company since the date of its grant.

Pursuant to the relevant PRC laws and regulations and articles of association of the Company, the issue of such new A Shares and new H Shares are required to be subject to approvals of Shareholders by way of special resolution at a general meeting of the Company. Voting on the general meeting will be taken by way of poll. CEA Holding and its associates will abstain from voting at the general meeting convened for the purpose of approving the issue of new A Shares and new H Shares.

A circular containing further details of the Subscriptions as well as other related matters, together with notices of the Shareholders' meeting, will be issued and despatched by the Company to its Shareholders as soon as possible but no later than 4 October 2012 (i.e. within 15 trading days after the publication of this announcement). In relation to the Subscriptions, certain consequential changes to the articles of association of the Company will have to be made. However, the proposed amendments to the articles of association of the Company have not been finalized yet. It is proposed that once such proposed amendments to the articles of association of the Company are finalized, they will be disclosed in the circular to be issued by the Company, or, in subsequent announcement(s) to be published by the Company.
