**ANNUAL RESULTS ANNOUNCEMENT
FOR THE YEAR ENDED 31 DECEMBER 2013**

FINANCIAL HIGHLIGHTS

- Turnover for the year ended 31 December 2013 amounted to approximately RMB6,951 million, representing an increase of approximately 9.5% compared with the year 2012.
- Gross profit margin for the year was 34.1%, as compared with 35.4% for the year 2012.
- Profit attributable to equity shareholders of the Company for the year amounted to approximately RMB1,026 million, representing an increase of approximately 24.6% compared with the year 2012.
- Net profit margin for the year was 15.6%, as compared with 13.7% for the year 2012.
- Basic earnings per share for the year was RMB42.16 cents, an increase of approximately 24.4% compared with the year 2012.
- The Board recommends a final dividend of HK10.7 cents (equivalent to approximately RMB8.49 cents) per share.

Chairman's Statement

Dear shareholders,

I am pleased to present to you on behalf of the board (the “Board”) of directors (the “Director(s)”) of Central China Real Estate Limited (the “Company”, together with its subsidiaries, the “Group”) the annual results for the year ended 31 December 2013.

During the reporting period, the global economy struggled to recover. China's economy transformed from investment-oriented to consumption-oriented with declining growth but moved steadily. In particular, Henan province, our strategic core market, has been benefited from the implementation of the three major national strategies, namely food production core zone, central China economic zone and Zhengzhou Aviation Port Economic Integration Trial Zone, as well as constant demographic growth, maintaining a faster economic growth of the region in 2013 with a year-on-year increase in GDP by 9.0%, which was 1.3 percentage points above the national growth rate.

In connection to the property market, property price in key Chinese cities had continued to increase in 2013 before such growth began to diminish after the announcement of the “Five Measures of the State Council”. Sales commodity housing in the nationwide property market was 1,305,510,000 sq.m. in 2013, representing a growth of 17.3%. A number of upstream economic indicators showed a downward trend, but the performance of one of the downstream industries, the property market, was impressive, demonstrating the macro driving force of urbanization and growing rigid demand in China.

As emphasized in the report on the work of the central government in the PRC, China will address the issue of the “3X100 million people” in the next period. China will grant urban residency to around 100 million rural people who have moved to cities, rebuild rundown city areas and villages inside cities that are home to 100 million people, and guide the urbanization of around 100 million rural residents of the central and western regions in cities there. Under the support of the demand from the 300 million people, the property market in China will enter a new golden period for at least 10 years. Henan has over 120 cities at prefecture or above level, in which some of them are capital cities with excellent economic conditions. From the mid-to-long term perspective, these cities shall become key markets of new type of urbanization. Thus, we are confident that the Group will gain the opportunities for development in the coming golden period as long as we have laid a concrete foundation of our business in Henan.

As a result of the above factors, the annual results of the Company achieved a significant growth as compared with the previous year. Contracted sales of the Company amounted to approximately RMB14 billion, representing an increase of 35%, while contracted sales GFA sales exceeded 2 million sq.m., representing a growth of 30%. In addition, the Company continued to gain grounds in integrated strengths, as it rose from the 28th in 2012 to the 26th among the “Top 500 Chinese Property Developers 2013,” while continuing to top the list of “Top 10 Chinese Property Developers in Regional Operations” for yet another year, being the only central China-based property developer among the top 30.

In the reporting period, the Company turned the page of a new chapter in several aspects. Capability of the Company in operational management has been further enhanced and reinforced, such as diversification of financing sources, standardization of product regime, scale of talent development as well as normalization of planning and control. Based on the breakthrough in sales of our Puyang subsidiary, the Company has commenced an era of “RMB1 billion sales” in the market of prefecture-level cities. Our considerable effort in delivering products and services was rewarded with such organic return and strategic outcome of a new stage.

Chairman's Statement (*Continued*)

In 2013, US\$400 million senior notes having 5-year term with interest rate of as low as 6.5% were issued by the Company in May 2013 subsequent to the issue of US\$200 million senior notes in January 2013. With the support of on-shore and off-shore financing platforms as well as substantial increase in operations capability, the Company was able to acquire land parcels as planned at a relatively low price, increasing our land reserves by approximately 5.30 million sq.m. in the year.

CCRE has elevated the quality standards of its products and services to a new level. The Company has launched our fourth-generation products as symbolized by the successful launch of "Tianzhu Project". Elements of green, modern, technology, boutiqueness have manifested the CCRE's insight on and direction of needs of future market. Meanwhile, in the first half of the year, the Supreme Card (至尊卡) was granted the "Payment Services Permit" by the People's Bank of China (the "Central Bank"), whereby it was officially admitted into the ranks of non-financial institutions approved by the central bank for payment services. In the second half of the year, the opening of Le Meridien Zhengzhou, an elegant and grand hotel in Zhengzhou, marked an important milestone of our hotel investment. In addition, the successful opening of Jianye Triumph Plaza in Luoyang, the first large-scale commercial complex operated solely by the Group in our history, has symbolized the transformation of our resources for services as our new competitive strength.

During the reporting period, market competition became increasingly intensive along with a transformation of the structure of the industry, and new challenges and inspirations were brought about by new type of commercial concept from time to time in the internet era. Upon our review on the Group's corporate strategies, we are of the view that the launch of the "Supreme Card" since 2008 marked the commencement of "CCRE mega service regime", further accelerating the emergence of our new corporate competitive strength of service orientation. In the event that the strategic planning is realized, CCRE will be further strengthened to compete with peers, establishing CCRE a stronger market position and exploring a bigger room for development.

To identify, satisfy, direct and create demand is the essence of corporate business operation. With increasing demand from customers and homogenization of products in the market, competition in property market has been extended to ancillary services of products and accelerated service innovation. CCRE considers CCRE's "Personal Tailor" shall be based on all service resources of the Company with an objective of satisfying those needs may be derived from new life style of our customers, providing all of our customers tailor-made services afresh. Our services shall include: 1. upgrade of community and property management organization to customer service centre for providing housework services, courier services of online purchase, online purchase or information services; 2. establishment of "CCRE Grocery Shop" in all community for regularly providing our customers "flower basket", "vegetable basket", "fruit basket", green food and etc.; 3. transformation of "9617777 call centre" to "services coordination centre" for centralising the allocation and coordination of service resources of the Company in Henan Province; 4. promotion of the "Supreme Card", a stored value instrument for payment, as a status symbol of customers, with which customers may pay for all service resources of the Company such as community, hotel, shopping mall, school, kindergarten, football field and home purchase centre; 5. organization of regular seminars and forums for the entrepreneurs of the corporate customers to share and exchange knowledge and experience with renowned leaders of domestic and international companies, well-known economists as well as experts on culture and health; and 6. initial establishment of "blind-spot free service network" covering all times, regions and functions.

Chairman's Statement (*Continued*)

As CCRE's "Personal Tailor" is a complicated and arduous project, every staff member of CCRE shall make effort for knowledge enhancement and participation in order to make progress. When CCRE's "Personal Tailor" services become mature, CCRE will transform itself from a property developer to a new life style service provider for sustainable development. Such value may determine the future of CCRE.

APPRECIATION

I would like to take this opportunity to express sincere gratitude to our management team and staff for their diligent work and contributions. In this era of change, the trust and recognition of shareholders remain the driving force for us to go forward. We will continue to maximise shareholders' value by acting as the facilitator of urbanisation and general social progress in Henan province, enhancing our contributions to the healthy and sustainable development of China's real estate industry as we head into the next decade of the Company's operation.

Wu Po Sum

Chairman

26 March 2014

ANNUAL RESULTS

The Board announces the consolidated results (the “Annual Results”) of the Group for the year ended 31 December 2013 with comparative figures for the preceding financial year, as follows:

Consolidated Income Statement

for the year ended 31 December 2013

(Expressed in Renminbi)

	Note	2013 RMB'000	2012 RMB'000
Turnover	4	6,951,125	6,345,527

Consolidated Cash Flow Statement (*Continued*)

for the year ended 31 December 2013

(Expressed in Renminbi)

	<i>Note</i>	2013 RMB'000	2012 RMB'000
Financing activities			
Proceeds from new bank loans		1,328,955	1,826,800
Repayment of bank loans		(1,069,250)	(1,856,960)
Proceeds from new other loans		1,110,000	2,443,282
Repayment of other loans		(1,027,502)	(980,770)
Net proceeds from issue of new shares		10,253	1,854
Net proceeds from senior notes		3,662,072	863,234
Early redemption of senior notes		(2,035,653)	–
Interest paid		(766,010)	(436,128)
Dividend paid		(260,085)	(289,048)
Dividend paid to non-controlling interests		(65,900)	(92,700)
Capital contribution from non-controlling interests		115,500	103,000
Partial redemption of convertible bonds		–	(70,411)
Net cash generated from financing activities		1,002,380	1,512,153
Net increase in cash and cash equivalents		929,679	716,874
Cash and cash equivalents at 1 January		3,949,775	3,255,528
Effect of foreign exchange rate changes		(66,879)	(22,627)
Cash and cash equivalents at 31 December		4,812,575	3,949,775

Cash and cash equivalents represent cash at bank and on hand.

Notes:

(Expressed in Renminbi)

1 GENERAL

Central China Real Estate Limited (“the Company”) is a limited liability company incorporated in the Cayman Islands on 15 November 2007. Its principal place of business is at Room 7701B–7702A, 77th Floor, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong and has its registered office at Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman, KY1-1111, Cayman Islands. The principle activity of the Company is investment holding and its subsidiaries are principally engaged in property development in Henan Province in the People’s Republic of China (“the PRC”).

2 SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards (“HKFRSs”), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited. A summary of the significant accounting policies adopted by the Group is set out below.

The HKICPA has issued certain new and revised HKFRSs that are first effective or available for early adoption for the current accounting period of the Group and the Company. Note 3 provides information on any changes in accounting policies resulting from initial application of these developments to the extent that they are relevant to the Group for the current and prior accounting periods reflected in these financial statements.

(b) Basis of preparation of the financial statements

(i) The consolidated financial statements for the year ended 31 December 2013 comprise the Company and its subsidiaries (together referred to as “the Group”) and the Group’s interest in associates and joint ventures. The consolidated financial statements are presented in Renminbi (“RMB”) rounded to the nearest thousand.

(ii) The measurement basis used in the preparation of the financial statements is the historical cost basis except that the following assets and liabilities are stated at their fair value as explained in the accounting policies set out below:

- investment property (see note 2(h));
- financial instruments classified as trading securities (see note 2(e)); and
- derivative financial instruments (see note 2(f)).

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Basis of preparation of the financial statements (Continued)

(ii) (Continued)

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of HKFRSs that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the future period are discussed in note 38.

(c) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the group has power, only substantive rights (held by the Group and other parties) are considered.

An investment in a subsidiary is consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances, transactions and cash flows and any unrealised profits arising from intra-group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Subsidiaries and non-controlling interests (Continued)

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated income statement and the consolidated statement of comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company. Loans from holders of non-controlling interests and other contractual obligations towards these holders are presented as financial liabilities in the consolidated statement of financial position in accordance with notes 2(q) or (r) depending on the nature of the liability.

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 2(e)) or, when appropriate, the cost on initial recognition of an investment in an associate or joint ventures (see note 2(d)).

In the Company's statement of financial position, an investment in a subsidiary is stated at cost less impairment losses (see note 2(k)).

(d) Associates and joint ventures

An associate is an entity in which the Group has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

A joint venture is an arrangement whereby the group or company and other parties contractually agree to share control of the arrangement, and have rights to the net assets of the arrangement.

An investment in an associate or a joint venture is accounted for in the consolidated financial statements under the equity method. Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment (see note 2(k)). Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated income statement, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of comprehensive income.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Associates and joint ventures (Continued)

When the Group's share of losses exceeds its interest in the associate or the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with the Group's long-term interests that in substance form part of the Group's net investment in the associate or the joint venture.

Unrealised profits and losses resulting from transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in an associate becomes an investment in a joint venture or vice versa, retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

In all other cases, when the Group ceases to have significant influence over an associate or joint control over a joint venture, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former investee at the date when significant influence or joint control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset (see note 2(e)).

(e) Other investments in equity securities

The Group's and the Company's policies for investments in equity securities, other than investments in subsidiaries, associates and joint ventures, are as follows:

Investments in equity securities are initially stated at fair value, which is their transaction price unless it is determined that the fair value at initial recognition differs from the transaction price and that fair value is evidenced by a quoted price in an active market for an identical asset or liability or based on a valuation technique that uses only data from observable markets. Cost includes attributable transaction costs, except where indicated otherwise below. These investments are subsequently accounted for as follows, depending on their classification:

Investments in securities held for trading are classified as current assets. Any attributable transaction costs are recognised in profit or loss as incurred. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in profit or loss. The net gain or loss recognised in profit or loss does not include any dividends or interest earned on these investments as these are recognised in accordance with the policies set out in notes 2(w)(v) and (vi).

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(e) Other investments in equity securities (Continued)

Investments in securities which do not fall into any of the above categories are classified as available-for-sale securities. At the end of each reporting period the fair value is remeasured, with any resultant gain or loss being recognised in other comprehensive income and accumulated separately in equity in the fair value reserve. As an exception to this, investments in equity securities that do not have a quoted price in an active market for an identical instrument and whose fair value cannot otherwise be reliably measured are recognised in the statement of financial position at cost less impairment losses (see note 2(k)). Dividend income from equity securities is recognised in profit or loss in accordance with the policies set out in note 2(w)(vi). Foreign exchange gains and losses resulting from changes in the amortised cost of debt securities are also recognised in profit or loss.

When the investments are derecognised or impaired (see note 2(k)), the cumulative gain or loss recognised in equity is reclassified to profit or loss. Investments are recognised/derecognised on the date the Group commits to purchase/sell the investments or they expire.

(f) Derivative financial instruments

Derivative financial instruments are recognised initially at fair value. At the end of each reporting period the fair value is remeasured. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss.

(g) Cash flow hedges

Where a derivative financial instrument is designated as a hedge of the variability in cash flows of a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk of a committed future transaction, the effective portion of any gains or losses on remeasurement of the derivative financial instrument to fair value are recognised in other comprehensive income and accumulated separately in equity in the hedging reserve. The ineffective portion of any gain or loss is recognised immediately in profit or loss.

If a hedge of a forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability, the associated gain or loss is reclassified from equity to be included in the initial cost or other carrying amount of the non-financial asset or liability.

If a hedge of a forecast transaction subsequently results in the recognition of a financial asset or a financial liability, the associated gain or loss is reclassified from equity to profit or loss in the same period or periods during which the asset acquired or liability assumed affects profit or loss (such as when interest income or expense is recognised).

For cash flow hedges, other than those covered by the preceding two policy statements, the associated gain or loss is reclassified from equity to profit or loss in the same period or periods during which the hedged forecast transaction affects profit or loss.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Cash flow hedges (Continued)

When a hedging instrument expires or is sold, terminated or exercised, or the entity revokes designation of the hedge relationship but the hedged forecast transaction is still expected to occur, the cumulative gain or loss at that point remains in equity until the transaction occurs and it is recognised in accordance with the above policy. If the hedged transaction is no longer expected to take place, the cumulative unrealised gain or loss is reclassified from equity to profit or loss immediately.

(h) Investment properties

Investment properties are land and/or buildings which are owned or held under a leasehold interest (see note 2(j)) to earn rental income and/or for capital appreciation. These include land held for a currently undetermined future use and property that is being constructed or developed for future use as investment property.

Investment properties are stated at fair value, unless they are still in the course of construction or development at the end of reporting period and their fair value cannot be reliably measured at that time. Any gain or loss arising from a change in fair value or from the retirement or disposal of an investment property is recognised in profit or loss. Rental income from investment properties is accounted for as described in note 2(w)(ii).

When the Group holds a property interest under an operating lease to earn rental income and/or for capital appreciation, the interest is classified and accounted for as an investment property on a property-by-property basis. Any such property interest which has been classified as an investment property is accounted for as if it were held under a finance lease (see note 2(j)), and the same accounting policies are applied to that interest as are applied to other investment properties leased under finance leases. Lease payments are accounted for as described in note 2(j).

(i) Property, plant and equipment

(i) *Property, plant and equipment*

The following items of property, plant and equipment are stated in the statement of financial position at cost less accumulated depreciation and impairment losses (see note 2(k)):

- buildings held for own use which are situated on leasehold land, where the fair value of the building could be measured separately from the fair value of the leasehold land at the inception of the lease (see note 2(j)); and
- other items of plant and equipment.

The cost of self-constructed items of property, plant and equipment includes the cost of materials, direct labor, the initial estimate, where relevant, of the costs of dismantling and removing the items and restoring the site on which they are located, and an appropriate proportion of production overheads and borrowing costs (see note 2(y)).

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Property, plant and equipment (Continued)

(i) *Property, plant and equipment (Continued)*

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight-line method over the estimated useful lives as follows:

- Buildings held for own use (including hotel properties) which are situated on leasehold land are depreciated over the shorter of the unexpired term of lease and their estimated useful lives, being no more than 30 years after the date of completion
- Furniture, fixtures and equipment 5 to 10 years
- Motor vehicles 5 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

(ii) *Construction in progress*

Construction in progress is stated at cost less impairment losses (see note 2(k)). Cost comprises direct costs of construction during the year of construction and installation. Capitalisation of these costs ceases and the construction in progress is transferred to property, plant and equipment when substantially all of the activities necessary to prepare the assets for their intended use are substantially complete, notwithstanding any delays in the issue of the relevant completion certificates by the relevant PRC authorities.

No depreciation is provided in respect of construction in progress until it is substantially complete and ready for its intended use.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Leased assets

An arrangement, comprising a transaction or a series of transactions, is or contains a lease if the Group determines that the arrangement conveys a right to use a specific assets or assets for an agreed period of time in return for a payment or a series of payments. Such a determination is made based on an evaluation of the substance of the arrangement and is regardless of whether the arrangement takes the legal form of a lease.

(i) *Classification of assets leased to the Group*

Assets that are held by group under leases which transfer to the Group substantially all the risks and rewards of ownership are classified as being held under finance leases. Leases which do not transfer substantially all the risks and rewards of ownership to the Group are classified as operating leases, with the following exceptions:

- property held under operating leases that would otherwise meet the definition of an investment property is classified as investment property on a property-by-property basis and, if classified as investment property, is accounted for as if held under a finance lease (see note 2(h)); and
- land held for own use under an operating lease, the fair value of which cannot be measured separately from the fair value of a building situated thereon at the inception of the lease, is accounted for as being held under a finance lease, unless the building is also clearly held under an operating lease. For these purposes, the inception of the lease is the time that the lease was first entered into by the Group, or taken over from the previous lessee.

(ii) *Operating lease charges*

Where the Group has the use of assets held under operating leases, payments made under the leases are charged to profit or loss in equal instalments over the accounting periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives received are recognised in profit or loss as an integral part of the aggregate net lease payments made. Contingent rentals are charged to profit or loss in the accounting period in which they are incurred.

The cost of acquiring land held under an operating lease is amortised on a straight-line basis over the period of the lease term except where the property is classified as an investment property (see note 2(h)) or properties for sale (see note 2(l)).

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Impairment of assets

(i) *Impairment of investments in equity securities and other receivables*

Investments in equity securities and other current and non-current receivables that are stated at cost or amortised cost are reviewed at the end of each reporting period to determine whether there is objective evidence of impairment. Objective evidence of impairment includes observable data that comes to the attention of the Group about one or more of the following loss events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; and
- a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

If any such evidence exists, any impairment loss is determined and recognised as follows:

- For investments in associates and joint ventures accounted for under the equity method in the consolidated financial statements (see note 2(d)), the impairment loss is measured by comparing the receivable amount of the investment as a whole with its carrying amount in accordance with note 2(k)(ii). The impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount in accordance with note 2(k)(ii).
- For unquoted equity securities carried at cost, the impairment loss is measured as the difference between the carrying amount of the financial asset and the estimated future cash flows, discounted at the current market rate of return for a similar financial asset where the effect of discounting is material. Impairment losses for equity securities are not reversed.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Impairment of assets (Continued)

(i) *Impairment of investments in equity securities and other receivables (Continued)*

- For trade and other current receivables and other financial assets carried at amortised cost, the impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition of these assets), where the effect of discounting is material. This assessment is made collectively where these financial assets share similar risk characteristics, such as similar past due status, and have not been individually assessed as impaired. Future cash flows for financial assets which are assessed for impairment collectively are based on historical loss experience for assets with credit risk characteristics similar to the collective group.

If in a subsequent period the amount of an impairment loss decreases and the decrease can be linked objectively to an event occurring after the impairment loss was recognised, the impairment loss is reversed through profit or loss. A reversal of an impairment loss shall not result in the asset's carrying amount exceeding that which would have been determined had no impairment loss been recognised in prior years.

Impairment losses are written off against the corresponding assets directly, except for impairment losses recognised in respect of trade receivables and bills receivable included within trade and other receivables, whose recovery is considered doubtful but not remote. In this case, the impairment losses for doubtful debts are recorded using an allowance account. When the Group is satisfied that recovery is remote, the amount considered irrecoverable is written off against trade receivables and bills receivable directly and any amounts held in the allowance account relating to that debt are reversed. Subsequent recoveries of amounts previously charged to the allowance account are reversed against the allowance account. Other changes in the allowance account and subsequent recoveries of amounts previously written off directly are recognised in profit or loss.

(ii) *Impairment of other assets*

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment;
- pre-paid interests in leasehold land classified as being held under an operating lease; and
- investments in subsidiaries in the Company's statement of financial position.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Impairment of assets (Continued)

(ii) *Impairment of other assets (Continued)*

If any such indication exists, the asset's recoverable amount is estimated.

— Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

— Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

— Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(iii) *Interim financial reporting and impairment*

Under the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited, the Group is required to prepare an interim financial report in compliance with HKAS 34, *Interim financial reporting*, in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition, and reversal criteria as it would at the end of the financial year (see notes 2(k)(i) and (ii)).

Impairment losses recognised in an interim period in respect of unquoted equity securities carried at cost are not reversed in a subsequent period. This is the case even if no loss, or a smaller loss, would have been recognised had the impairment been assessed only at the end of the financial year to which the interim period relates.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(l) Properties for sale

Properties for sale are carried at the lower of cost and net realisable value. Cost and net realisable values are determined as follows:

(i) *Properties held for future development and under development for sale*

The cost of properties held for future development and properties under development for sale comprises specifically identified cost, including the acquisition cost of land, aggregate cost of development, materials and supplies, wages and other direct expenses, and an appropriate proportion of overheads and borrowing costs capitalised (see note 2(y)). Net realisable value represents the estimated selling price less estimated costs of completion and costs to be incurred in selling the property.

(ii) *Completed properties held for sale*

In the case of completed properties developed by the Group, cost is determined by apportionment of the total development costs for that development project, attributable to the unsold properties. Net realisable value represents the estimated selling price less costs to be incurred in selling the property.

The cost of completed properties held for sale comprises all costs of purchase, costs of conversion and other costs incurred in bringing the properties to their present location and condition.

(m) Construction contracts

Construction contracts are contracts specifically negotiated with a customer for the construction of our asset or a group of assets, where the customer is able to specify the major structural elements of the design. The accounting policy for contract revenue is set out in note 2(w)(iv). When the outcome of a construction contract can be estimated reliably, contract costs are recognised as an expense by reference to the stage of completion of the contract at the end of the reporting period. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. When the outcome of a construction contract cannot be estimated reliably, contract costs are recognised as an expense in the period in which they are incurred.

Construction contracts in progress at the end of the reporting period are recorded in the statement of financial position at the net amount of costs incurred plus recognised profit less recognised losses and progress billings, and are presented in the statement of financial position as the “Gross amount due from customers for contract work” (as an asset) or the “Gross amount due to customers for contract work” (as liability), as applicable. Progress billings not yet paid by the customer are included in the statement of financial position under “Trade and other receivables”. Amounts received before the related work is performed are included in the statement of financial position, as a liability, as “Receipts in advance”.

(n) Trade and other receivables

Trade and other receivables are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method less allowance for impairment of doubtful debts (see note 2(k)), except where the receivables are interest-free loans made to related parties without any fixed repayment terms or the effect of discounting would be immaterial. In such cases, the receivables are stated at cost less allowance for impairment of doubtful debts.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(o) Convertible bonds with detachable warrants

Convertible bonds of the Company are issued with detachable warrants. Where the convertible bonds can be converted to equity share capital at the option of the holder and the number of shares that would be issued on conversion and the value of the consideration that would be received at that time do not vary, and where the warrants issued by the Company will be settled by exchange of the warrants and fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments, convertible bonds with detachable warrants are accounted for as compound financial instruments, which contain a liability component and an equity component.

At initial recognition the liability component is measured as the present value of the future interest and principal payments, discounted at the market rate of interest applicable at the time of initial recognition to similar liabilities that do not have a conversion option and warrants. Any excess of proceeds over the amount initially recognised as liability component and derivative financial instruments is recognised as the equity component.

Transaction costs that relate to the issue of the convertible bonds with detachable warrants, are allocated to the liability component and equity component and derivative financial instruments in proportion to allocation of proceeds. The portion of the transaction costs relating to the liability component and equity component is recognised initially as part of the liability and equity respectively.

The liability component is subsequently carried at amortised cost. The interest expense recognised in profit or loss on the liability component is calculated using the effective interest method. The equity component is recognised in the capital reserve until either the bonds are converted or redeemed.

If the bonds are converted, the respective capital reserve, together with the carrying amount of the liability component at the time of conversion, is transferred to share capital and share premium as consideration for the shares issued. If the bonds are redeemed, the respective capital reserve is released directly to retained profits. If the warrants are exercised, the respective capital reserve, together with the proceeds received at the time of exercise, is transferred to share capital and share premium as consideration for the shares issued. If the warrants are not exercised upon expiry, the respective capital reserve is released directly to retained profits.

(p) Senior notes

Senior notes of the Company are issued with early redemption clause at the option of the Company.

At initial recognition the redemption option is measured at fair value and presented as derivative financial instruments (see note 2(f)). Any excess of proceeds over the amount initially recognised as the derivative component is recognised as the liability component. Transaction costs that relate to the issue of the senior notes are allocated to the liability and derivative components in proportion to the allocation of proceeds. The portion of the transaction costs relating to the liability component is recognised initially as part of the liability. The portion relating to the derivative component is recognised immediately in profit or loss.

The derivative component is subsequently remeasured in accordance with note 2(f). The liability component is subsequently carried at amortised cost. The interest expense recognised in profit or loss on the liability component is calculated using the effective interest method.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(q) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between the amount initially recognised and redemption value being recognised in profit or loss over the period of the borrowings, together with any interest and fees payables, using the effective interest method.

(r) Trade and other payables

Trade and other payables are initially recognised at fair value. Except for financial guarantee liabilities measured in accordance with note 2(v)(i), trade and other payable are subsequently stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at cost.

(s) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

(t) Employee benefits

(i) *Short term employee benefits and contributions to defined contribution retirement plans*

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

Contributions to appropriate local defined contribution retirement schemes pursuant to the relevant labour rules and regulations in the PRC and the Hong Kong Mandatory Provident Fund Schemes Ordinance are expensed in the period in which they are incurred, except to the extent that they are included in properties under development for sale and investment properties under development not yet recognised as an expense.

(ii) *Share-based payments*

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in a capital reserve within equity. The fair value is measured at grant date using the binomial (Cox, Ross, Rubinstein) model, taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the capital reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the capital reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the capital reserve until either the option is exercised (when it is transferred to the share premium account) or the option expires (when it is released directly to retained profits).

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(u) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

Where investment properties are carried at their fair value in accordance with the accounting policy set out in note 2(h), the amount of deferred tax recognised is measured using the tax rates that would apply on sale of those assets at their carrying value at the reporting date unless the property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the property over time, rather than through sale. In all other cases, the amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantively enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(u) Income tax (Continued)

Additional income taxes that arise from the distribution of dividends are recognised when the liability to pay the related dividends is recognised.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

(v) Financial guarantees issued, provisions and contingent liabilities

(i) Financial guarantees issued

Financial guarantees are contracts that require the issuer (i.e. the guarantor) to make specified payments to reimburse the beneficiary of the guarantee (the “holder”) for a loss the holder incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Where the Group issues a financial guarantee, the fair value of the guarantee is initially recognised as deferred income within trade and other payables. The fair value of financial guarantees issued at the time of issuance is determined by reference to fees charged in an arm’s length transaction for similar services, when such information is obtainable, or is otherwise estimated by reference to interest rate differentials, by comparing the actual rates charged by lenders when the guarantee is made available with the estimated rates that lenders would have charged, had the guarantees not been available, where reliable estimates of such information can be made. Where consideration is received or receivable for the issuance of the guarantee, the consideration is recognised in accordance with the Group’s policies applicable to that category of asset. Where no such consideration is received or receivable, an immediate expense is recognised in profit or loss on initial recognition of any deferred income.

The amount of the guarantee initially recognised as deferred income is amortised in profit or loss over the term of the guarantee as income from financial guarantees issued. In addition, provisions are recognised in accordance with note 2(v)(ii) if and when (i) it becomes probable that the holder of the guarantee will call upon the Group under the guarantee, and (ii) the amount of that claim on the Group is expected to exceed the amount currently carried in trade and other payables in respect of that guarantee i.e. the amount initially recognised, less accumulated amortisation.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(v) Financial guarantees issued, provisions and contingent liabilities (Continued)

(ii) Other provisions and contingent liabilities

Provisions are recognised for other liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(w) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Provided it is probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised in profit or loss as follows:

(i) Sale of properties

Revenue arising from the sale of properties held for sale is recognised upon the later of signing of the sale and purchase agreement and the completion of the properties, which is taken to be the point in time when the risks and rewards of ownership of the property have passed to the buyer, and collectability of the related receivable is reasonably assured. Revenue from sales of properties with a repurchase clause is recognised when the Group no longer has the obligation to repurchase the properties. Revenue from sales of properties excludes business tax or other sales related taxes and is after deduction of any trade discounts. Deposits and instalments received on properties sold prior to the date of revenue recognition are included in the statement of financial position under "Receipts in advance".

(ii) Rental income from operating leases

Rental income receivable under operating leases is recognised in profit or loss in equal instalments over the periods covered by the lease term, except where an alternative basis is more representative of the pattern of benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivable.

Contingent rentals are recognised as income in the accounting period in which they are earned. Revenue from operating leases excludes business tax or other sales related taxes.

(iii) Hotel operations

Revenue arising from hotel operations is recognised on a basis that reflects the timing, nature and value when relevant services are provided.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(w) Revenue recognition (Continued)

(iv) Contract revenue

When the outcome of a construction contract can be estimated reliably, revenue from a cost plus contract appropriate proportion of the total fee, measured by reference to the proportion that costs incurred to date bear to the estimated total contract costs for the contract.

When the outcome of a construction contract cannot be estimated reliably, revenue is recognised only to the extent of contract costs incurred that it is probable will be recoverable.

Contract revenue excludes business tax or other sales related taxes.

(v) Interest income

Interest income is recognised as it accrues using the effective interest method.

(vi) Dividend income

- Dividend income from unlisted investments is recognised when the shareholder's right to receive payment is established.
- Dividend income from listed investments is recognised when the share price of the time investment goes ex-dividend.

(vii) Government grants

Government grants are recognised in the statement of financial position initially when there is reasonable assurance that they will be received and that the Group will comply with the conditions attaching to them. Grants that compensate the Group for expenses incurred are recognised as income in profit or loss on a systematic basis in the same periods in which the expenses are incurred. Where grants that compensate the Group for the cost of an asset the fair value is included in the statement of financial position under "Trade and other payables and accruals" and is released to profit or loss over the expected useful life of the relevant asset.

(x) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised on profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(x) Translation of foreign currencies (Continued)

The results of foreign operations are translated into RMB at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Statement of financial position items are translated into RMB at the closing foreign exchange rates at the end of the reporting period. The resulting exchange differences are recognised in other comprehensive income and accumulated separately in equity in exchange reserve.

On disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation is reclassified from equity to profit or loss when the profit or loss on disposal is recognised.

(y) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or complete.

(z) Related parties

(a) A person, or a close member of that person's family, is related to the Group if that person:

- (i) has control or joint control over the Group;
- (ii) has significant influence over the Group; or
- (iii) is a member of the key management personnel of the Group or the Group's parent.

(b) An entity is related to the Group if any of the following conditions applies:

- (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
- (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
- (iii) Both entities are joint ventures of the same third party.
- (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

Notes: (Continued)

(Expressed in Renminbi)

2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

(z) Related parties (Continued)

(b) (Continued)

- (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
- (vi) The entity is controlled or jointly controlled by a person identified in (a).
- (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

(aa) Segment reporting

Operating segments, and the amounts of each segment item reported in the financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

3 CHANGES IN ACCOUNTING POLICIES

The HKICPA has issued a number of new HKFRSs and amendments to HKFRSs that are first effective for the current accounting period of the Group and the company. Of these, the following developments are relevant to the Group's financial statements:

- Amendments to HKAS 1, *Presentation of financial statements — Presentation of items of other comprehensive income*
- HKFRS 10, *Consolidated financial statements*
- HKFRS 11, *Joint arrangements*
- HKFRS 12, *Disclosure of interests in other entities*
- HKFRS 13, *Fair value measurement*
- Amendments to HKFRS 7 — *Disclosures — Offsetting financial assets and financial liabilities*

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

Notes: (Continued)

(Expressed in Renminbi)

3 CHANGES IN ACCOUNTING POLICIES (Continued)

Amendments to HKAS 1, Presentation of financial statements — Presentation of items of other comprehensive income

The amendments to HKAS 1 require entities to present the items of other comprehensive income that would be reclassified to profit or loss in the future if certain conditions are met separately from those that would never be reclassified to profit or loss. The Group's presentation of other comprehensive income in these financial statements has been modified accordingly.

HKFRS 10, Consolidated financial statements

HKFRS 10 replaces the requirements in HKAS 27, *Consolidated and separate financial statements* relating to the preparation of consolidated financial statements and HK-SIC 12 *Consolidation — Special purpose entities*. It introduces a single control model to determine whether an investee should be consolidated, by focusing on whether the entity has power over the investee, exposure or rights to variable returns from its involvement with the investee and the ability to use its power to affect the amount of those returns.

As a result of the adoption of HKFRS 10, the Group has changed its accounting policy with respect to determining whether it has control over an investee. The adoption does not change any of the control conclusions reached by the Group in respect of its involvement with other entities as at 1 January 2013.

HKFRS 11, Joint arrangements

HKFRS 11, which replaces HKAS 31, *Interests in joint ventures*, divides joint arrangements into joint operations and joint ventures. Entities are required to determine the type of an arrangement by considering the structure, legal form, contractual terms and other facts and circumstances relevant to their rights and obligations under the arrangement. Joint arrangements which are classified as joint operations under HKFRS 11 are recognised on a line-by-line basis to the extent of the joint operator's interest in the joint operation. All other joint arrangements are classified as joint ventures under HKFRS 11 and are required to be accounted for using the equity method in the Group's consolidated financial statements. Proportionate consolidation is no longer allowed as an accounting policy choice.

As a result of the adoption of HKFRS 11, the Group has changed its accounting policy with respect to its interests in joint arrangements and re-evaluated its involvement in its joint arrangements. The Group has reclassified the investment from jointly controlled entity to joint venture. The investment continues to be accounted for using the equity method and therefore this reclassification does not have any material impact on the financial position and the financial result of the Group.

HKFRS 12, Disclosure of interests in other entities

HKFRS 12 brings together into a single standard all the disclosure requirements relevant to an entity's interests in subsidiaries, joint arrangements, associates and unconsolidated structured entities. The disclosures required by HKFRS 12 are generally more extensive than those previously required by the respective standards. To the extent that the requirements are applicable to the Group, the Group has provided those disclosures in notes 16 and 17.

Notes: (Continued)

(Expressed in Renminbi)

3 CHANGES IN ACCOUNTING POLICIES (Continued)

HKFRS 13, Fair value measurement

HKFRS 13 replaces existing guidance in individual HKFRSs with a single source of fair value measurement guidance. HKFRS 13 also contains extensive disclosure requirements about fair value measurements for both financial instruments and non-financial instruments. To the extent that the requirements are applicable to the Group, the Group has provided those disclosures in note 14. The adoption of HKFRS 13 does not have any material impact on the fair value measurements of the Group's assets and liabilities.

Amendments to HKFRS 7 — Disclosures — Offsetting financial assets and financial liabilities

The amendments introduce new disclosures in respect of offsetting financial assets and financial liabilities. Those new disclosures are required for all recognised financial instruments that are set off in accordance with HKAS 32, *Financial instruments: Presentation* and those that are subject to an enforceable master netting arrangement or similar agreement that covers similar financial instruments and transactions, irrespective of whether the financial instruments are set off in accordance with HKAS 32.

The adoption of the amendments does not have an impact on these financial statements because the Group has not offset financial instruments, nor has it entered into master netting arrangement or similar agreement which is subject to the disclosures of HKFRS 7.

4 TURNOVER

The principal activities of the Group are property development, property leasing and hotel operations.

Turnover represents income from sales of properties, rental income and revenue from hotel operations. The amount of each significant category of revenue recognised in turnover during the year is as follows:

	2013 RMB'000	2012 RMB'000
Income from sales of properties	6,867,893	6,301,823
Rental income	25,671	24,063
Revenue from hotel operations	57,561	19,641
	6,951,125	6,345,527

The Group's customer base is diversified and none of the customers of the Group with whom transactions have exceeded 10% of the Group's revenue.

Notes: (Continued)

(Expressed in Renminbi)

5 OTHER REVENUE AND OTHER NET INCOME/(LOSS)

	2013 RMB'000	2012 RMB'000
Other revenue		
Interest income	156,947	108,315
Dividend income from unlisted equity securities	1,405	1,411
Government grants	1,500	1,500
	159,852	111,226
Other net income/(loss)		
Net gain on disposals of property, plant and equipment	12,866	360
Net loss on deemed disposal of subsidiaries	–	(33,666)
Gain on disposal of subsidiaries (notes 37(b)(ii) and (c))	152,894	–
Gain on deemed disposal of a joint venture (note 21(d))	172,027	–
Loss on acquisition of additional interests in joint ventures	(1,383)	(3,689)
Net exchange gain	77,887	13,041
Unrealised gain on trading securities	6,273	21,463
Write down of properties for sale (note 20)	(37,588)	–
Loss on disposal of other financial asset (note 18)	(1,295)	–
Others	(2,456)	(2,296)
	379,225	(4,787)

Notes: (Continued)

(Expressed in Renminbi)

6 PROFIT BEFORE TAXATION

Profit before taxation is arrived at after charging/(crediting):

	2013 RMB'000	2012 RMB'000
(a) Finance costs		
Interest on bank loans		
— wholly repayable within five years	122,799	101,119
— wholly repayable after five years	17,103	—
	139,902	101,119
Interest on other loans	156,236	150,359
Interest on convertible bonds	97,262	68,987
Interest on senior notes	406,440	320,871
Other ancillary borrowing costs	3,836	5,930
	803,676	647,266
Less: Borrowing costs capitalised*	(238,477)	(294,126)
	565,199	353,140
Net change in fair value of derivatives embedded in convertible bonds	—	(52,286)
Net gain on modification of convertible bonds	—	(1,686)
Net loss on partial redemption of convertible bonds	—	5,498
Net change in fair value of derivatives embedded in senior notes (note 29)	7,600	(35,512)
Loss on early redemption of senior notes (note 29(a))	243,906	—
	816,705	269,154

* Borrowing costs have been capitalised at a rate of 2.65%–8.15% per annum (2012: 5.86%–12.80% per annum).

Notes: (Continued)

(Expressed in Renminbi)

6 PROFIT BEFORE TAXATION (Continued)

	2013 RMB'000	2012 RMB'000
(b) Staff costs		
Salaries, wages and other benefits	257,561	215,673
Including:		
— Retirement scheme contributions	19,502	17,618
— Equity settled share-based payment expenses (note 32(b)(ix))	7,487	4,821

Employees of the Company's subsidiaries in the PRC ("PRC subsidiaries") are required to participate in defined contribution retirement schemes which are administered and operated by the local municipal government. The PRC subsidiaries contribute funds which are calculated on certain percentage of the average employee salary as agreed by the local municipal government to the scheme to fund the retirement benefits of the employees.

The Group also participates in a Mandatory Provident Fund Scheme ("the MPF Scheme") for all qualifying employees in Hong Kong. The Group's and employee's contributions to the MPF Scheme are based on 5% of the relevant income of the relevant employee (up to a cap of monthly relevant income of HK\$25,000 (HK\$20,000 prior to June 2012)) and in accordance with the requirements of the Mandatory Provident Fund Schemes Ordinance and related regulations.

The Group has no other material obligation for the payment of retirement benefits associated with these schemes beyond the annual contributions described above.

	2013 RMB'000	2012 RMB'000
(c) Other items		
Depreciation and amortisation	76,187	37,263
Auditors' remuneration	4,697	4,288
Cost of properties sold	4,565,801	4,089,384
Operating lease charges in respect of properties	4,217	3,996
Rental income from investment properties less direct outgoings of RMB2,760,000 (2012: RMB2,134,000)	(10,625)	(12,594)
Rental income from properties for sale less direct outgoings of RMB608,000 (2012: RMB524,000)	(11,678)	(8,811)

Notes: (Continued)

(Expressed in Renminbi)

7 INCOME TAX IN THE CONSOLIDATED INCOME STATEMENT

(a) Taxation in the consolidated income statement represents:

	2013 RMB'000	2012 RMB'000
Current tax		
PRC Corporate Income Tax (<i>note 31(a)</i>)	487,376	448,968
PRC Land Appreciation Tax (<i>note 31(a)</i>)		
— Provision for the year	414,869	448,914
— Over-provision in prior years	(89,119)	—
Withholding tax (<i>note 31(a)</i>)	67,311	79,507
	<u>880,437</u>	<u>977,389</u>
Deferred tax		
Revaluation of properties (<i>note 31(b)</i>)	4,343	3,911
PRC Land Appreciation Tax (<i>note 31(b)</i>)	(30,238)	(5,032)
	<u>(25,895)</u>	<u>(1,121)</u>
	<u>854,542</u>	<u>976,268</u>

(i) Pursuant to the rule and regulations of the Cayman Islands, the Company is not subject to any income tax in the Cayman Islands.

(ii) No Hong Kong Profits Tax has been provided for as the Group has no estimated assessable profits in Hong Kong.

(iii) **PRC Corporate Income Tax (“CIT”)**

The provision for CIT is based on the respective applicable rates on the estimated assessable profits of the PRC subsidiaries as determined in accordance with the relevant income tax rules and regulations of the PRC.

Certain PRC subsidiaries were subjected to CIT calculated based on the deemed profit which represents 10% to 15% (2012: 10% to 15%) of their revenue in accordance with the authorised taxation method pursuant to the applicable PRC tax regulations. The tax rate was 25% (2012: 25%) on the deemed profit. Other PRC subsidiaries, which were subjected to the actual taxation method, were charged CIT at a rate of 25% (2012: 25%) on the estimated assessable profits for the year.

Notes: (Continued)

(Expressed in Renminbi)

7 INCOME TAX IN THE CONSOLIDATED INCOME STATEMENT (Continued)

(a) Taxation in the consolidated income statement represents: (Continued)

(iv) Land Appreciation Tax ("LAT")

Pursuant to the requirements of the Provisional Regulations of the PRC on LAT (《中華人民共和國土地增值稅暫行條例》) effective on 1 January 1994, and the Detailed Implementation Rules on the Provisional Regulations of the PRC on LAT (《中華人民共和國土地增值稅暫行條例實施細則》) effective from 27 January 1995, all income from the sale or transfer of state-owned land use rights, buildings and their attached facilities in the PRC is subject to LAT at progressive rates ranging from 30% to 60% of the appreciation value, with an exemption provided for property sales of ordinary residential properties (普通標準住宅) if their appreciation values do not exceed 20% of the sum of the total deductible items. Certain PRC subsidiaries were subjected to LAT which is calculated based on 1.5% to 4.5% (2012: 1.5% to 4.5%) of their revenue under the authorised taxation method.

(v) Withholding tax

Withholding taxes are levied on the Company's subsidiaries in Hong Kong ("Hong Kong subsidiaries") in respect of dividend distributions arising from profit of PRC subsidiaries earned after 1 January 2008 and interest on inter-company balance received by Hong Kong subsidiaries from PRC subsidiaries ranged from 5% to 12%.

(b) Reconciliation between tax expense and accounting profit at applicable tax rates:

	2013 RMB'000	2012 RMB'000
Profit before taxation	1,939,393	1,846,062
Tax on profit before tax calculated at 25% (2012: 25%)	484,848	461,516
Difference in tax rates for certain subsidiaries	69,388	27,747
Tax effect of non-taxable revenue	(220,002)	(85,747)
Tax effect of non-deductible expenses	173,260	145,887
Tax effect of unused tax losses not recognised	39,665	19,743
Utilisation of tax loss not recognised in prior years	(4,240)	(9,070)
Over-provision of LAT in prior years	(89,119)	–
Withholding tax	67,311	79,507
LAT	414,869	448,914
Tax effect of LAT	(81,438)	(112,229)
Income tax expense	854,542	976,268

Total	958	9,421	48	3,532	2,443	16,402

* Mr. Wang Tianye also resigned as the Group's Chief Executive Officer on 26 June 2012. Mr. Chen Jianye has been appointed as the Group's Chief Executive Officer with effect from 26 June 2012.

No emoluments were paid by the Group to the directors as an inducement to join or upon joining the Group or as compensation for loss of office for the current or prior years. No director has waived or agreed to waive any emoluments for the current or prior years.

Notes: (Continued)

(Expressed in Renminbi)

9 INDIVIDUALS WITH HIGHEST EMOLUMENTS

Of the five individuals with the highest emoluments, one (2012: two) is director whose emolument is disclosed in note 8. The aggregate of the emoluments in respect of the remaining four (2012: three) individuals are as follows:

	2013 RMB'000	2012 RMB'000
Salaries, allowances and benefits in kind	8,175	4,025
Discretionary bonuses	4,262	1,973
Share-based payments	1,582	142
Retirement scheme contributions	117	64
	14,136	6,204

The emoluments of these four (2012: three) individuals with the highest emoluments are within the following bands:

	2013	2012
RMB1,500,001 to RMB2,000,000	–	1
RMB2,000,001 to RMB2,500,000	2	2
RMB4,000,001 to RMB4,500,000	1	–
RMB5,000,001 to RMB5,500,000	1	–

10 PROFIT ATTRIBUTABLE TO EQUITY SHAREHOLDERS OF THE COMPANY

The consolidated profit attributable to equity shareholders of the Company includes a profit of RMB312,313,000 (2012: RMB313,348,000) which has been dealt with in the financial statements of the Company.

Details of dividends paid and payable to equity shareholders of the Company are set out in note 32(c).

Notes: (Continued)

(Expressed in Renminbi)

11 EARNINGS PER SHARE

(a) Basic earnings per share

The calculation of basic earnings per share is based on the profit attributable to ordinary equity shareholders of the Company of RMB1,025,930,000 (2012: RMB823,086,000) and the weighted average number of 2,433,707,441 ordinary shares (2012: 2,428,060,669 ordinary shares) in issued during the year, calculated as follows:

	2013 '000	2012 '000
Issued ordinary shares 1 January	2,429,230	2,428,000
Effect of exercised share options	4,477	61
Weighted average number of ordinary shares	2,433,707	2,428,061

(b) Diluted earnings per share

For the year ended 31 December 2013, the calculation of diluted earnings per share is based on the profit attributable to ordinary equity shareholder of the Company of RMB1,025,930,000 (2012: RMB823,447,000) and the weighted average number of ordinary shares of 2,438,924,510 shares (2012: 2,681,133,680 shares), calculated as follows:

(i) Profit attributable to ordinary equity shareholders of the Company (diluted)

	2013 RMB'000	2012 RMB'000
Profit attributable to equity shareholders	1,025,930	823,086
After tax effect of effective interest on the liability component of convertible bonds	–	60,549
After tax effect of gain recognised on derivatives embedded in convertible bonds	–	(60,188)
Profit attributable to equity shareholders (diluted)	1,025,930	823,447

Notes: (Continued)

(Expressed in Renminbi)

11 EARNINGS PER SHARE (Continued)

(b) Diluted earnings per share (Continued)

(ii) Weighted average number of ordinary shares (diluted)

	2013 '000	2012 '000
Weighted average number of ordinary shares at 31 December	2,433,707	2,428,061
Effect of conversion of convertible bonds	–	253,073
Effect of exercise of share options	5,218	–
Weighted average number of ordinary shares at 31 December (diluted)	2,438,925	2,681,134

The Company's convertible bonds and warrants as at 31 December 2013 and the Company's share options and warrants as at 31 December 2012 do not give rise to any dilution effect to the earnings per share.

12 SEGMENT REPORTING

(a) Services from which reportable segments derive their revenue

Information reported to the Group's chief operating decision maker for the purposes of resource allocation and assessment of segment performance is more focused on the Group as a whole, as all of the Group's activities are considered to be primarily dependent on the performance on property development. Resources are allocated based on what is beneficial for the Group in enhancing its property development activities as a whole rather than any specific service. Performance assessment is based on the results of the Group as a whole. Therefore, management considers there is only one operating segment under the requirements of HKFRS 8, *Operating segments*.

(b) Turnover from major services

The Group's turnover from its major services is set out in note 4.

(c) Geographical information

No geographical information is shown as the turnover and profit from operations of the Group is substantially derived from activities in Henan province in the PRC.

(Expressed in Renminbi)

14 INVESTMENT PROPERTIES (Continued)

(a) The analysis of fair value of investment properties is set out as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
In the PRC		
— long leases	237,100	223,100
— medium-term leases	128,400	120,500
	365,500	343,600

The Group's investment properties with carrying amount of RMB172,500,000 (2012: RMB162,600,000) were pledged as securities for a joint venture's other loan.

(b) Fair value measurement of investment properties

(i) Fair value hierarchy

The following table presents the fair value of the Group's investment properties measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

Notes: (Continued)

(Expressed in Renminbi)

14 INVESTMENT PROPERTIES (Continued)

(b) Fair value measurement of investment properties (Continued)

	Fair value at	Fair value measurements as at		
	31 December	31 December 2013 categorised into		
	2013	Level 1	Level 2	Level 3
	RMB'000	RMB'000	RMB'000	RMB'000
The Group				
Recurring fair value measurement				
Investment properties:				
— In the PRC	365,500	—	—	365,500

During the year ended 31 December 2013, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3. The Group's policy is to recognise transfers between levels of fair value hierarchy as at the end of the reporting period in which they occur.

All of the Group's investment properties were revalued as at 31 December 2013. The valuations were carried out by an independent firm of surveyors, Savills Valuation and Professional Services Limited, who have among their staff Fellows of the Hong Kong Institute of Surveyors with recent experience in the location and category of property being valued. The management has discussion with the surveyors on the valuation assumptions and valuation results when the valuation is performed at each interim and annual reporting date.

(ii) Information about Level 3 fair value measurements

	Valuation techniques	Unobservable input	Range	Weighted average
Investment properties	Income	Daily market	0.3 to 8.0	1.65
In the PRC	capitalisation approach	rent (RMB/sq.m.)		
		Capitalisation rates	2.5% to 7.0%	3.7%

In undertaking the valuation of investment properties, the independent firm of surveyors have mainly adopted the income capitalisation approach whereby the rental incomes of contractual tenancies are capitalised for the unexpired terms of tenancies. They have also taken into account the reversionary market rents after the expiry of tenancies in capitalisation. The fair value measurement is positively correlated to the market rent and negatively correlated to the capitalisation rates.

Notes: (Continued)

(Expressed in Renminbi)

14 INVESTMENT PROPERTIES (Continued)

(b) Fair value measurement of properties (Continued)

(ii) Information about Level 3 fair value measurements (Continued)

The movements during the year in the balance of these Level 3 fair value measurements are set out in note 14.

Fair value adjustment of investment properties is recognised in the line item “net increase of fair value of investment properties” on the face of the consolidated income statement.

All the gains recognised in profit or loss for the year arise from the properties held at the end of the reporting period date.

(c) Investment properties leased out under operating leases

The Group leases out its investment properties under operating leases. The leases typically run for an initial period of one to ten years, with an option to renew the lease after that date at which time all terms are renegotiated.

The Group’s total future minimum lease income under non-cancellable operating leases are receivable as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Within 1 year	10,148	10,148
After 1 year but within 5 years	36,117	47,825
After 5 years	22,123	23,623
	68,388	81,596

17 INTERESTS IN JOINT VENTURES (Continued)

Notes:

- (a) The English names of the Group's joint ventures in the PRC referred to above are translated by management only for the purpose of these financial statements as no English names have been registered or available.
- (b) The Group provided guarantee returns, ranged from 7.5% to 10.0% per annum, to other investors of these joint ventures. At 31 December 2013 and 2012, the directors consider that the actual and/or estimated return of the other investors of these joint ventures exceed the abovementioned guarantee returns.

The above joint ventures strengthen the Group's property development business in Henan, the PRC.

All of the above joint ventures are accounted for using the equity method in the consolidated financial statements.

21 TRADE AND OTHER RECEIVABLES (Continued)

Notes:

- (a) The ageing analysis of bills and trade receivables, based on the invoice date (or date of revenue recognition, if earlier) and all of which are neither individually nor collectively considered to be impaired, is as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Current	40,001	12,347
Less than 1 month overdue	–	172
1 to less than 3 months overdue	99	130
3 to less than 6 months overdue	–	384
6 months to less than 1 year overdue	633	592
More than 1 year overdue	8,602	13,709
	49,335	27,334

The Group's credit policy is set out in note 33(b).

Based on assessment, management believes that no impairment allowance is necessary in respect of the overdue balances and the balances are still considered fully recoverable. The Group does not hold any collateral over these balances.

- (b) The amounts due from related companies included an amount of RMB39,015,000 (2012: RMB39,015,000) in relation to sales of properties in previous years to a subsidiary of CapitaLand Limited, the ultimate holding company of a substantial shareholder of the Company. The amount is unsecured, interest-free and recoverable on demand.

The amount due from a related company of RMB267,740,000 (2012: RMB101,384,000) represents the prepaid expected basic return to the trust manager of joint ventures, Bridge Trust Company Limited, according to the cooperation agreements. The amount is unsecured, interest-free and has no fixed terms of repayment.

The amount due from a related company of RMB77,700,000 (2012: RMB77,700,000) represents the management fee paid on behalf of the trust manager of joint ventures, Bridge Trust Company Limited. The amount is unsecured, interest-free and has no fixed terms of repayment.

The remaining amounts due from related companies are unsecured, interest-free and have no fixed terms of repayment.

- (c) The amounts due from non-controlling interests included an amount of RMB15,300,000 (2012: RMB15,300,000) which is secured by the equity interests of a PRC subsidiary that partially owned by the non-controlling interest, interest-free and has no fixed terms of repayment, the remaining amounts due from non-controlling interests are unsecured, interest-free and have no fixed terms of repayment.

An amount due from a non-controlling interest of RMB17,001,000 at 31 December 2012 was secured by the equity interests of a PRC subsidiary that partially owned by the non-controlling interest, interest-free and fully recovered during the year.

- (d) In December 2013, the Group entered into an agreement with a joint venture partner in respect of the Group's residual interest and profit-sharing arrangement in the joint venture. Pursuant to the agreement, the Group surrendered its right to future profits (and obligation to future losses) and residual assets/liabilities in consideration for RMB501,721,000. The transaction has been accounted for as a deemed disposal of the Group's interest in that joint venture, and a gain of RMB172,027,000 was recognised in profit or loss (note 5). At 31 December 2013, the amount due from the abovementioned joint venture amounted to RMB251,721,000, which represented the remaining consideration to be settled. The amount due from a former joint venture included an amount of RMB241,521,000, which is unsecured, interest-free and recoverable within one year. The remaining amount due from the former joint venture is unsecured, interest-free and has no fixed terms of repayment. The Group remains to be a named venture party.

- (e) At 31 December 2012, the loan to non-controlling interests was unsecured, interest bearing at 13.5% per annum and fully recovered during the year.

22 DEPOSITS AND PREPAYMENTS

At 31 December 2013, the balance included deposits and prepayments for leasehold land of RMB5,096,544,000 (2012: RMB3,245,434,000).

24 BANK LOANS(Continued)

(b) (Continued)

At 31 December 2013, assets of the Group secured against bank loans are analysed as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Properties for sale	2,026,909	2,458,824
Restricted bank deposits (note 23)	–	106,951
Property, plant and equipment	1,022,697	683,743
	3,049,606	3,249,518

(c) The effective interest rates of bank loans of the Group at 31 December 2013 were ranged from 6.46%–8.00% (2012: 2.65%–8.31%) per annum.

(d) Certain banking facilities of the Group are subject to the fulfilment of covenants relating to certain of the Group's statement of financial position ratios, as are commonly found in lending arrangements with financial institutions. If the Group were to breach the covenants the drawn down facilities would become repayable on demand. The Group regularly monitors its compliance with these covenants. Further details of the Group's management of liquidity risk are set out in note 33(c). As at 31 December 2013 and 2012, none of the covenants relating to drawn down facilities had been breached.

25 OTHER LOANS

(a) At 31 December 2013, other loans were repayable as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Within 1 year	1,068,180	739,702
After 1 year but within 2 years	–	868,980
After 2 years but within 5 years	500,000	47,000
	500,000	915,980
	1,568,180	1,655,682

Notes: (Continued)

(Expressed in Renminbi)

25 OTHER LOANS (Continued)

(a) (Continued)

The other loans at 31 December 2013 included:

- (1) the loan from a joint venture, Bridge-CCRE Trust I, amounted to RMB80,000,000 (2012: RMB80,000,000), which is unsecured, interest bearing at 7.125% (2012: 7.125%) per annum and repayable within one year; and
- (2) the loan from a joint venture of RMB378,180,000 (2012: RMB526,942,000), which is unsecured, interest bearing at 12.8% (2012: 12.8%) per annum and repayable by 23 September 2014.

Other loans also included the loan from non-controlling interest of RMB39,740,000 at 31 December 2012, which was unsecured, interest bearing at 12% per annum and was fully settled during the year.

(b) At 31 December 2013, the other loans were secured as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Other loans		
— secured	910,000	979,000
— unsecured	658,180	676,682
	1,568,180	1,655,682

At 31 December 2013, assets of the Group secured against other loans are analysed as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Properties for sales	905,608	267,917
Property, plant and equipment	—	285,840
	905,608	553,757

(c) The effective interest rates of other loans of the Group at 31 December 2013 were ranged from 6.30%–12.80% (2012: 6.49%–14.95%) per annum.

Derivative financial instruments				
— held as cash flow hedging instrument (note 29 (b))	16,929	—	16,929	—
	13,298,126	8,218,322	91,188	60,750

At 31 December 2013, included in trade and other payables and accruals are retention payable of RMB53,629,000 (2012: RMB68,008,000) which are expected to be settled more than one year.

Notes:

(a) The ageing analysis of bills and trade payables is set out as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Due within 1 month or on demand	2,104,928	2,041,858
Due after 1 month but within 3 months	548,327	385,464
Due after 3 month but within 6 months	469,883	481,831
Due after 6 month but within 1 year	522,106	18,789
Due after 1 year	669,653	284,264
	4,314,897	3,212,206

(b) The amounts due to joint ventures, non-controlling interests and an associate are unsecured, interest-free and have no fixed terms of repayment.

27 RECEIPTS IN ADVANCE

Receipts in advance represent sale proceeds in connection with pre-sale of properties.

Notes: (Continued)

(Expressed in Renminbi)

28 CONVERTIBLE BONDS

On 31 August 2009, the Company issued unsecured convertible bonds with principal amount of HK\$765,000,000 due 2014 and 76,097,561 warrants. The convertible bonds are interest-bearing at 4.9% per annum and payable semi-annually in arrears. The maturity date of the convertible bonds is 31 August 2014. The convertible bonds can be converted to shares of the Company at HK\$3.1 per share, subject to anti-dilutive adjustment, from 28 February 2010 to 31 August 2014.

Detachable from the convertible bonds, each warrant may be exercised from the date of issue up to 31 August 2014 at the exercise price of HK\$4.1 per share, subject to anti-dilutive adjustment. Both the conversion option of the convertible bonds and the warrants are classified as equity financial instruments in accordance with the Group's accounting policies.

As a result of the rights issue of the Company on 28 June 2011, the conversion price of the convertible bonds and the exercise price of the warrants were adjusted to HK\$2.984 and HK\$3.947 respectively.

In addition to the above, the Company and the holders of the convertible bonds may early redeem all the convertible bonds from 31 August 2012 to 31 August 2014 at a pre-determined redemption prices.

In November 2012, one of the holders exercised its redemption option to early redeem the convertible bonds with principal amount of HK\$78,000,000, and surrendered its 7,758,967 warrants. In addition, the terms of the convertible bonds have been modified including the following:

- removal of the early redemption rights from the holders and Company;
- a guaranteed gross yield of 8% per annum from date of issuance to 31 August 2012 and 10.5% per annum from 1 September 2012 to maturity date, on an annual compounding basis; and
- certain adjustment on financial covenants.

Notes: (Continued)

(Expressed in Renminbi)

28 CONVERTIBLE BONDS (Continued)

The movements of different components of the convertible bonds/warrants are set out below:

The Group and the Company

	Liability component of the convertible bonds (Note 28(a)) RMB'000	Redemption call option RMB'000	Redemption put option RMB'000	Equity component of the convertible bonds (Note 28(b)) RMB'000	Warrant reserve (Note 28(b)) RMB'000	Total RMB'000
At 1 January 2012	549,665	(3,595)	132,959	43,166	11,906	734,101
Interest and transaction costs amortised	38,912	–	–	–	–	38,912
Change in fair value	–	(4,495)	(47,791)	–	–	(52,286)
Modification of convertible bonds	62,326	7,276	(76,873)	–	–	(7,271)
Partial redemption of convertible bonds	(57,812)	826	(8,728)	(4,401)	(1,214)	(71,329)
Exchange difference	(5,558)	(12)	433	–	–	(5,137)
At 31 December 2012	587,533	–	–	38,765	10,692	636,990
At 1 January 2013	587,533	–	–	38,765	10,692	636,990

29 SENIOR NOTES (Continued)

Liability component of the Senior Notes: (Continued)

(a) (Continued)

- (i) Liability component of senior notes represents the contractually determined stream of future cash flows discounted at the rate of interest determined by the market instruments of comparable credit status taken into account the business risk and financial risk of the Company. The effective interest rate of the liability component is 12.79% per annum.
- (ii) Redemption call option represents the fair value of the Company's option to early redeem the senior notes and was recorded as derivative financial instruments under "Trade and other receivables" (note 21) at 31 December 2012.

The assumptions applied in determining the fair value of the redemption call option at 31 December 2012 were set out as follows:

Credit spread	7.5%
---------------	------

- (b) On 11 April 2012, the Company issued another senior notes with principal amount of SGD175,000,000 due in 2016 ("SGD175m Senior Notes"). The senior notes are interest bearing at 10.75% per annum which is payable semi-annually in arrears. The maturity date of the senior notes is 18 April 2016. At any time prior to 18 April 2016, the Company may at its option redeem the senior notes, in whole but not in part, at a pre-determined redemption price. The details of the redemption price are disclosed in the relevant offering memorandum.

The Company entered into a foreign exchange rate swap contract to manage its exposure to foreign exchange rate risk of the SGD175m Senior Notes by swapping the SGD175m Senior Notes principal of SGD175 million into US\$137 million. The aggregate notional principal amounts of the foreign exchange rate swap contract is SGD175,000,000 and the contract will mature on 18 April 2016. The foreign exchange rate swap contract is accounted for at fair value at the end of each reporting period as derivative financial instrument in accordance with the accounting policies. As at 31 December 2013, the fair value of the foreign exchange rate swap contract (liability) amounted to RMB16,929,000 (note 26) (2012: asset of RMB17,267,000) (note 21) is measured based on market price quoted by brokers.

- (i) Liability component of senior notes represents the contractually determined stream of future cash flows discounted at the rate of interest determined by the market instruments of comparable credit status taken into account the business risk and financial risk of the Company. The effective interest rate of the liability component is 6.71% per annum.
- (ii) Redemption call option represents the fair value of the Company's option to early redeem the senior notes and is recorded as derivative financial instruments under "Trade and other receivables" (note 21).

The assumptions applied in determining the fair value of the redemption call option at 31 December 2013 are set out as follows:

Credit spread 5.4%

30 EQUITY SETTLED SHARE-BASED TRANSACTION

(a) Pre-IPO share option scheme

On 14 May 2008, the Company conditionally granted certain pre-IPO share options to the Company's directors, employees and consultants. The exercise of these share options would entitle five of the Company's directors and ninety employees and consultants of the Group to subscribe for an aggregate of 14,350,000 shares and 17,650,000 shares of the Company respectively. The exercise price is HK\$2.75 per share. The pre-IPO share option scheme was effective from the listing date of the Company's share on the Stock Exchange of Hong Kong Limited, i.e. 6 June 2008. Under the pre-IPO share option scheme, no pre-IPO share options are exercisable within the first year from the listing date. Not more than 20% of the share options are exercisable with the second year from the listing date and not more than 40% of the share options are exercisable in each of the third and fourth year from the listing date. Each option gives the holders the right to subscribe for one ordinary share of the Company.

On 28 June 2011, upon the rights issue of the Company, the exercise price of pre-IPO share options was adjusted to HK\$2.682 and the number of outstanding share options was adjusted from 28,150,000 to 28,859,380.

(b) Share options granted on 25 May 2010

On 25 May 2010, the Company conditionally granted certain share options to the Company's directors and employees. The exercise of these share options would entitle three of the Company's directors and seven employees of the Group to subscribe for an aggregate of 6,000,000 shares and 14,000,000 shares of the Company respectively. The exercise price is HK\$1.9 per share. Under the share option scheme, no share option is exercisable within first year from the date of grant. Not more than 20% of the share options are exercisable within the second year from the date of grant and not more than 40% of the share options are exercisable in each of the third and fourth year from the date of grant. Each option gives the holders the right to subscribe for one ordinary share of the Company.

On 28 June 2011, upon the rights issue of the Company, the exercise price of the share options granted on 25 May 2010 was adjusted to HK\$1.853 and the number of outstanding share options was adjusted from 20,000,000 to 20,504,000.

(c) Share options granted on 25 July 2011

On 25 July 2011, the Company conditionally granted certain share options to the Company's employees. The exercise of these share options would entitle six employees of the Group to subscribe for an aggregate of 12,500,000 shares of the Company. The exercise price is HK\$2.16 per share. The share option scheme was effective from 25 July 2011. Under the share option scheme, no share option is exercisable within first year from the date of grant. Not more than 20% of the share options are exercisable within the second year from the date of grant and not more than 40% of the share options are exercisable in each of the third and fourth year from the date of grant. Each option gives the holders the right to subscribe for one ordinary share of the Company.

Notes: (Continued)

(Expressed in Renminbi)

30 EQUITY SETTLED SHARE-BASED TRANSACTION (Continued)

(d) Share options granted on 27 March 2013

On 27 March 2013, the Company conditionally granted certain share options to the Company's director and employees. The exercise of these share options would entitle the Company's directors and employees of the Group to subscribe for an aggregated of 24,000,000 shares of the Company. The exercise price is HK\$2.56 per share. The share option scheme was effective from 27 March 2013. Under the share option scheme, no share option is exercisable within first year from the date of grant. Not more than 20% of the share options are exercisable within the second year from the date of grant and not more than 40% of the share options are exercisable in each of the third and fourth year from the date of grant. Each option gives the holders the right to subscribe for one ordinary share of the Company.

The weighted average value per share option granted during the year estimated at the date of grant using binomial (Coz, Ross, Rubinstein) model was HK\$0.962. The weighted average assumptions used are as follows:

Fair value at measurement date	HK\$0.962
Share price	HK\$2.56
Exercise price	HK\$2.56
Expected volatility	54%
Option life	10 years
Expected dividends	5%
Risk-free interest rate	1.16%

The expected volatility was based on statistical analysis of daily share average prices of group of listed companies in the similar industry over the one year immediately preceding the grant date, adjusted for any expected changes to future volatility based on publicly available information. Expected dividends were estimated based on the dividend policy of the Group. Changes in the subjective input assumptions could materially affect the fair value estimate.

Share options were granted under a service condition. This condition had not been taken into account in the grant date fair value measurement of the services received. There were no market conditions associated with the share option grants.

Notes: (Continued)

(Expressed in Renminbi)

30 EQUITY SETTLED SHARE-BASED TRANSACTION (Continued)

(e) The number and the weighted average exercise price of share options are as follows:

	2013		2012	
	Weighted average exercise price HK\$	Number of options	Weighted average exercise price HK\$	Number of options
Outstanding at 1 January	2.32	52,404,620	2.32	57,697,860
Granted during the year	2.56	24,000,000	—	—
Exercised during the year	2.12	(6,114,360)	1.85	(1,230,240)
Lapsed during the year	2.68	(25,045,980)	2.49	(4,063,000)
Outstanding at 31 December	2.28	45,244,280	2.32	52,404,620
Exercisable at 31 December	1.95	18,244,280	2.58	35,728,220

The weighted average share price at the date of exercise for share options exercised during the year was HK\$2.64 (2012: HK\$2.24).

The options outstanding at 31 December 2013 had a weighted average exercise price of HK\$2.28 (2012: HK\$2.32) and a weighted average remaining contractual life of 8.1 years (2012: 4.12 years).

32 CAPITAL, RESERVES AND DIVIDENDS

(a) Share capital

(i) Authorised and issued share capital

	2013		2012	
	No. of shares	Amount	No. of shares	Amount
	'000	HK\$'000	'000	HK\$'000
Authorised:				
Ordinary shares of HK\$0.1 each	10,000,000	1,000,000	10,000,000	1,000,000
Ordinary shares, issued and fully paid:				
At 1 January	2,429,230	242,923	2,428,000	242,800
Issued of shares under share option scheme	6,115	611	1,230	123
At 31 December	2,435,345	243,534	2,429,230	242,923
RMB'000 equivalent at 31 December		215,770		215,285

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

(ii) Issued of shares under share option scheme

During the year, options were exercised to subscribe for totally 6,114,360 ordinary shares in the Company at a total consideration of HK\$12,945,000 (equivalent to RMB10,253,000) of which HK\$611,000 (equivalent to RMB485,000) was credited to share capital and the balance of HK\$12,334,000 (equivalent to RMB9,768,000) was credited to the share premium account. HK\$3,495,000 (equivalent to RMB2,803,000) has been transferred from share-based compensation reserve to the share premium account in accordance with the Group's accounting policy set out in note 2(t)(ii).

In 2012, options were exercised to subscribe for 1,230,240 ordinary shares in the Company at a consideration of HK\$2,280,000 (equivalent to RMB1,854,000) of which HK\$123,000 (equivalent to RMB100,000) was credited to share capital and the balance of HK\$2,157,000 (equivalent to RMB1,754,000) was credited to the share premium account. HK\$919,000 (equivalent to RMB747,000) has been transferred from share-based compensation reserve to the share premium amount in accordance with policy set out in note 2(t)(ii).

Notes: (Continued)

(Expressed in Renminbi)

32 CAPITAL, RESERVES AND DIVIDENDS

(b) Reserves

(i) *Share premium*

The share premium account is governed by the Cayman Companies Law and may be applied by the Company subject to the provisions, if any, of its memorandum and articles of association in (a) paying distributions or dividends to equity shareholders; (b) paying up unissued shares of the Company to be issued to equity shareholders as fully paid bonuses shares; (c) the redemption and repurchase of shares (subject to the provisions of section 37 of the Cayman Companies Law); (d) writing-off the preliminary expenses of the Company; (e) writing-off the expenses of, or the commission paid or discount allowed on, any issue of shares or debentures of the Company; and (f) providing for the premium payable on redemption or purchase of any shares or debentures of the Company.

No distribution or dividend may be paid to the equity shareholders out of the share premium account unless immediately following the date on which the distribution or dividend is proposed to be paid, the Company will be able to pay its debts as they fall due in the ordinary course of business.

(ii) *Statutory reserve fund*

The statutory reserve fund is non-distributable and the transfer to this reserve is determined by the board of directors in accordance with the relevant laws and regulations of the PRC. This reserve can be used to offset accumulated losses and increase capital upon approval from the relevant authorities.

(iii) *Other capital reserve*

Other capital reserve includes the difference between the Group's considerations of acquisition of additional interests in subsidiaries from non-controlling interests and the difference between the nominal value of shares of the subsidiaries acquired over the nominal value of the shares issued by the Group in exchange thereafter.

(iv) *Exchange reserve*

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations which are dealt with in accordance with the accounting policies as set out in note 2(x).

(v) *Share-based compensation reserve*

Share-based compensation reserve represents the fair value of services in respect of share options granted under the share option schemes as set out in note 30.

(vi) *Property revaluation reserve*

In 2012, the property, plant and equipment with a carrying amount of RMB14,800,000 was transferred to investment properties. The difference between the carrying amount of RMB14,800,000 and the net book value of RMB8,321,000 was recognised directly in equity as property revaluation reserve.

(vii) *Hedging reserve*

The hedging reserve comprises the effective portion of the cumulative net change in the fair value of hedging instruments use in cash flow hedges pending subsequent recognition of the hedged cash flow in accordance with the accounting policy adopted for cash flow hedges in note 2(g).

Notes: (Continued)

(Expressed in Renminbi)

32 CAPITAL, RESERVES AND DIVIDENDS (Continued)

(b) Reserves (Continued)

(viii) Distributability of reserves

At 31 December 2013, the aggregate amounts of the Company's reserves available for distribution to equity shareholders of the Company at 31 December 2013 was RMB1,785,221,000 (2012: RMB1,704,441,000). After the end of the reporting period, the directors proposed a final dividend of HK\$10.7 cents, equivalent to RMB8.49 cents (2012: HK\$8.0 cents, equivalent to RMB6.45 cents) per ordinary share, amounting to RMB206,811,000 (2012: RMB156,970,000). This dividend has not been recognised as a liability at the end of the reporting period.

The Company relies on distributions or advances from its subsidiaries to pay any dividends. The ability of these subsidiaries to make distributions to the Company and the Company's ability to receive distributions are subject to applicable legal and other restrictions, including but not limited to restrictions on payment of dividends by PRC subsidiaries to non-PRC shareholders out of the PRC. These restrictions may impact the payment of distributions from the subsidiaries to the Company.

(ix) Movements in components of equity

The reconciliation between the opening and closing balances of each component of the Group's consolidated equity is set out in the consolidated statement of changes in equity. Details of the changes in the Company's individual components of equity between the beginning and the end of the year are set out below:

The Company

	Share capital (Note 32(a)) RMB'000	Share premium (Note 32(b)(i)) RMB'000	Exchange reserve (Note 32(b)(iv)) RMB'000	Share-based compensation reserve (Note 32(b)(v)) RMB'000	Hedging reserve (Note 32(b)(vii)) RMB'000	Equity component of convertible bonds (Note 28) RMB'000	Warrant reserve (Note 28) RMB'000	Retained profits RMB'000	Total RMB'000

(c) Dividends (Continued)

- (ii) *Dividends payable to equity shareholders of the Company attributable to the previous financial year, approved and paid during the year*

	2013 RMB'000	2012 RMB'000
Final dividend in respect of the previous financial year, approved and paid during the year, of HK\$8.0 cents (equivalent to RMB6.6 cents) per ordinary share (2012: HK\$10.0 cents (equivalent to RMB8.21 cents) per ordinary share)	159,840	199,343

(d) Capital management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for equity shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher equity shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

Consistent with industry practice, the Group monitors its capital structure on the basis of gearing ratio. This ratio is calculated as net debt divided by total equity of the Group. Net debt is calculated as total bank and other loans, convertible bonds and senior notes less cash and cash equivalents and restricted bank deposits secured against bank loans.

Notes: (Continued)

(Expressed in Renminbi)

32 CAPITAL, RESERVES AND DIVIDENDS (Continued)

(d) Capital management (Continued)

The gearing ratio at 31 December 2013 and 2012 was as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Current liabilities		
— Bank loans	538,745	675,000
— Other loans	1,068,180	739,702
— Convertible bonds	641,458	—
	2,248,383	1,414,702
Non-current liabilities		
— Bank loans	978,460	921,500

Net debt	3,370,111	2,513,578
Total equity	6,699,847	5,623,210
Gearing ratio	50.3%	44.7%

Notes: (Continued)

(Expressed in Renminbi)

33 FINANCIAL RISK MANAGEMENT AND FAIR VALUES

Exposure to interest rate, credit, liquidity and currency risks arises in the normal course of the Group's business. The Group is also exposed to equity price risk arising from its equity investments in other entities and movements in its own equity share price.

The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

(a) Interest rate risk

The Group's interest rate risk arises primarily from restricted bank deposits, cash and cash equivalents, bank loans and other loans. The Group does not carry out any hedging activities to manage its interest rate exposure.

At 31 December 2013, it is estimated that a general increase of 100 basis points in interest rates, with all other variables held constant, would increase the Group's profit and total equity by approximately RMB38,130,000 (2012: RMB31,920,000).

The analysis above has been determined assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to the exposure to interest rate risk for financial instruments in existence at that date. The analysis is performed on the same basis for 2012.

(b) Credit risk

The Group's credit risk is primarily attributable to trade and other receivables, restricted bank deposits and cash and cash equivalents. Management has a credit policy in place and the exposure to these credit risks are monitored on an ongoing basis.

In respect of trade receivables of mortgage sales, no credit terms will be granted to the buyers. The Group normally arranges bank financing for buyers of properties up to 70% of the total purchase price of the property and provides guarantee to secure repayment obligations of such buyers. The Group's guarantee periods commence from the dates of grants of relevant mortgage loans and end upon completion of construction and the mortgage registration documents are delivered to the relevant banks after the issue of the building ownership certificate.

If there is default in payments by these buyers, the Group is responsible to repay the outstanding mortgage loans together with any accrued interests and penalties owed by the defaulted buyers to banks. Under such circumstances, the Group is able to retain the customer's deposit, take over the ownerships of relevant properties and sell the properties to recover any amounts paid by the Group to the banks since the Group has not applied for individual building ownership certificates for these purchasers until full payment are received. Sales and marketing staff of the Group is delegated to determine credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the management reviews the recoverable amount of each debtor at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amounts, if any.

Notes: (Continued)

(Expressed in Renminbi)

33 FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(b) Credit risk (Continued)

In respect of other receivables, the Group assesses the financial abilities of the debtors before granting the facilities to them. The Group chases the debtors to settle outstanding balances and monitors the settlement progress on an ongoing basis. In respect of trade receivables arising from other sales and other receivables, the Group assesses the financial abilities of the purchasers/debtors before granting the instalment sales/facilities to them. The Group chases the debtors to settle outstanding balances and monitors the settlement progress on an ongoing basis. The Group would not apply individual property ownership certificates for the property buyers until the outstanding balances are fully settled. Other than that, normally, the Group does not obtain collateral from debtors. The impairment losses on bad and doubtful accounts are within management's expectation.

Restricted bank deposit and cash and cash equivalents are deposited with financial institutions with sound credit ratings to minimise credit exposure.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position after deducting any impairment allowance. There is no significant concentration of credit risk within the Group.

Notes: (Continued)

(Expressed in Renminbi)

33 FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(c) Liquidity risk

The Group's management reviews the liquidity position of the Group on an ongoing basis, including review of the expected cash inflows and outflows, sale/pre-sale results of respective property projects, maturity of loans and borrowings and the progress of the planned property development projects in order to monitor the Group's liquidity requirements in the short and longer terms.

The following table details the remaining contractual maturities at the end of the reporting period of the Group's financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computing using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group and the Company can be required to pay.

33 FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(d) Currency risk

The Group is exposed to currency risk primarily through bank deposits, senior notes and inter-company borrowings that are denominated in a currency other than the functional currency of the operations to which they related. The currencies giving rise to this risk are primarily Hong Kong Dollars, United States Dollars and Singapore Dollars.

The following table details the Group's exposure at 31 December 2013 to currency risk arising from recognised assets or liabilities denominated in a currency other than the functional currency of the entity to which they relate.

	The Group					
	2013			2012		
	Singapore Dollars '000	United States Dollars '000	Hong Kong Dollars '000	Singapore Dollars '000	United States Dollars '000	Hong Kong Dollars '000
Cash and cash equivalents	2	44,858	30,882	–	17	9,477
Senior notes	(172,289)	(595,521)	–	(171,563)	(294,907)	–
Inter-company borrowings	–	(30,000)	(160,000)	–	(30,000)	(160,000)
Gross exposure arising from recognised assets and liabilities						
and overall net exposure	(172,287)	(580,663)	(129,118)	(171,563)	(324,890)	(150,523)

In addition to the above, subsidiaries of the Company with functional currency of Hong Kong Dollars, have receivables of RMB3,332,095,000 (2012: RMB1,366,974,000) from PRC subsidiaries.

A reasonably possible increase/decrease of 5% (2012: 5%) in the foreign exchange rate of RMB against Hong Kong Dollars and United States Dollars would increase/decrease the Group's profit after tax and total equity by RMB154,960,000 (2012: RMB52,957,000). As Hong Kong Dollars are pegged to United States Dollars, the movement of exchange rate of Hong Kong Dollars against United States Dollars is considered insignificant. Moreover, the Group entered into a foreign exchange rate swap contract to manage its exposure to foreign exchange rate risk of SGD175m Senior Notes as discussed in note 29(b).

The above analysis has been determined assuming that the change in foreign exchange rates had occurred at the end of the reporting period and that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for 2012.

Notes: (Continued)

(Expressed in Renminbi)

33 FINANCIAL RISK MANAGEMENT AND FAIR VALUES (Continued)

(e) Equity price risk

The Group is exposed to equity price changes arising from equity investments classified as trading securities (see note 19).

The Group's listed investments are listed on the Stock Exchange of Hong Kong. Decisions to buy or sell trading securities are based on daily monitoring of the performance of individual securities other industry indications, as well as the Group's liquidity needs. Given that the volatility of the stock markets may not have a direct correlation with the Group's investment portfolio, it is impractical to determine the impact that the changes in stock market indices would have on the Group's portfolio of equity investments.

The Group is also exposed to equity price risk arising from changes in the Company's own share price to the extent that the Company's own equity instruments. As at the end of the reporting periods the Group is exposed to this risk through the conversion rights attached to the convertible bonds issued by the Company as disclosed in note 28.

A reasonably possible increase/decrease of 5% (2012: 5%) in the relevant stock market index (for trading securities) or the Company's own share price (for the conversion option of convertible bonds) as applicable, with all other variables held constant, the impact on the Group's and the Company's profit after tax and total equity is not expected to be material.

(f) Fair value measurement

(i) *Financial assets and liabilities measured at fair value*

Fair value hierarchy

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

Derivative financial instruments:				
— Redemption call option of US\$300m Senior Notes	35,112	—	35,112	—
— Foreign exchange swap contract	17,267	—	17,267	—

Valuation techniques and inputs used in Level 2 fair value measurements

The fair value of redemption call options of US\$200m Senior Notes and US\$400m Senior Notes in Level 2 are determined by assessing the difference between the fair value of the senior notes by quoted price and the pure bond value.

The fair value of forward exchange swap contract in Level 2 is determined by discounting the contractual forward price and deducting the current spot rate. The discount rate used is derived from the relevant interest rate swap and cross currency basis swap yield curve as at the end of the reporting period plus an adequate credit spread.

(ii) Fair values of financial instruments carried at other than fair value

The fair values of these financial instruments are assumed to approximate their carrying amounts due to the short-term maturities of these assets and liabilities.

All financial instruments are carried at amounts not materially different from their fair values as at 31 December 2013 and 2012. Amounts due from/(to) subsidiaries, associates, joint ventures, a former joint venture and non-controlling interests are either recoverable/(repayable) on demand or with no fixed repayment terms. Given these terms it is not meaningful to disclose fair values.

Notes: (Continued)

(Expressed in Renminbi)

34 COMMITMENTS

- (a) Capital commitments outstanding at 31 December 2013 not provided for in the financial statements are as follows:

	The Group	
	2013	2012
	RMB'000	RMB'000
Properties under development undertaken by the Group		
Authorised but not contracted for	16,691,802	16,155,114
Contracted but not provided for	4,182,206	2,993,503
	20,874,008	19,148,617
Properties under development undertaken by joint ventures attributable to the Group		
— Authorised but not contracted for	2,991,868	939,209
— Contracted but not provided for	514,787	344,308
	3,506,655	1,283,517

- (b) Commitments for operating leases

At 31 December 2013, the total future minimum lease payments under non-cancellable operating leases are payable as follows:

	2013	2012
	RMB'000	RMB'000
Within 1 year	4,588	2,135
After 1 year but within 5 years	6,716	662
	11,304	2,797

The Group is the lessee in respect of a number of properties under operating leases. The leases typically run for an initial period of two to five years, with an option to renew the lease when all terms are renegotiated. None of the leases includes contingent rentals.

Notes: (Continued)

(Expressed in Renminbi)

35 CONTINGENT LIABILITIES

(a) Guarantees given to financial institutions for mortgage facilities granted to buyers of the Group's and joint venture's properties

The Group provided guarantees in respect of mortgage facilities granted by certain banks in connection with the mortgage loans entered into by buyers of the Group's and joint ventures' properties. Pursuant to the terms of the guarantees, if there is default of the mortgage payments by these buyers, the Group is responsible to repay the outstanding mortgage loans together with any accrued interests and penalties owed by the defaulted buyers to banks. The Group's guarantee periods commence from the dates of grants of the relevant mortgage loans and end after the buyers obtain the individual property ownership certificate of the property purchased. The amount of guarantees given to banks for mortgage facilities granted to the buyers of the Group's and joint ventures' properties at 31 December 2013 is as follows:

	2013 RMB'000	2012 RMB'000
Guarantees given to banks for mortgage facilities granted to buyers of:		
— the Group's properties	5,442,865	5,369,372
— the joint ventures' properties (the Group's shared portion)	1,088,680	724,371
	6,531,545	6,093,743

The directors do not consider it probable that the Group will sustain a loss under these guarantees during the periods under guarantees as the Group and the joint ventures have not applied for individual building ownership certificates for these buyers and can take over the ownerships of the related properties and sell the properties to recover any amounts paid by the Group/joint ventures to the banks. The Group and joint ventures have not recognised any deferred income in respect of these guarantees as its fair value is considered to be minimal by the directors. The directors also consider that the fair market value of the underlying properties is able to cover the outstanding mortgage loans generated by the Group and joint ventures in the event the buyers default payments to the banks.

(b) Guarantees given to financial institutions for bank loans and other loans granted to joint ventures

The Group provided guarantees to bank loans and other loans of joint ventures amounting to RMB2,366,550,000 at 31 December 2013 (2012: RMB767,150,000). At the end of the reporting period date, the directors do not consider it probable that claims will be made against the Group under these guarantees. The Group has not recognised any deferred income in respect of these guarantees as their fair values cannot be reliably measured using observable market data and their transaction prices were RMBNil.

Notes: (Continued)

(Expressed in Renminbi)

36 MATERIAL RELATED PARTY TRANSACTIONS

In addition to the transactions and balances disclosed elsewhere in these consolidated financial statements, major related party transactions entered by the Group during the year ended 31 December 2013 are as follows:

	Note	2013 RMB'000	2012 RMB'000
Interest income from joint ventures	(a)	97,688	46,626
Interest income from non-controlling interests	(a)	7,206	3,562
Interest income from a related party	(a)	–	11,693
Project management fee income from joint ventures	(b)	66,345	54,102
Project management fee income from a related party	(b)	–	13,169
Interest expenses to joint ventures	(c)	(67,596)	(55,472)
Interest expenses to a non-controlling interest	(c)	(4,696)	(4,194)
Trust management fee expense to a related party	(d)	–	(21,246)

Notes:

- (a) The amounts represent interest income in relation to advances to joint ventures, non-controlling interests and a related party.
- (b) The amount represents project management fee received from joint ventures and a related party for the management of property development projects during the year.
- (c) The amounts represented interest expenses in relation to loans from joint ventures and non-controlling interests.
- (d) The amount represented trust management fee expense to the trust manager of joint ventures, Bridge Trust Company Limited, during the year.

Notes: (Continued)

(Expressed in Renminbi)

37 ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES

(a) Acquisition of subsidiaries

During the year, the Group has acquired equity interest in two entities which held property development projects. After the completion of the acquisition, these two entities become the Group's subsidiaries. Acquisition of these subsidiaries enables the Group to expand its land banks and strengthen the Group's property development business in Henan, the PRC. Acquisitions of subsidiaries during the year are summarised as follows:

Date of acquisition	Name of subsidiaries acquired	Percentage of equity interest acquired	Consideration RMB'000
3 April 2013	Henan Longyu Real Estate Development Company Limited ("Henan Longyu")	60%	275,948
7 August 2013	Henan Zhenghe Real Estate Development Company Limited	60%	34,800

The acquisitions of subsidiaries had the following combined effect on the Group's assets and liabilities upon the dates of acquisitions:

	Carrying amount RMB'000	Adjustments RMB'000	Recognised values on acquisitions RMB'000
Property, plant and equipment	57	–	57
Properties for sale	432,064	298,922	730,986
Deposits and prepayment	2,076	–	2,076
Cash and cash equivalents	176	–	176
Trade and other payables	(215,382)	–	(215,382)
Non-controlling interests	(87,596)	(119,569)	(207,165)
Net identified assets and liabilities	131,395	179,353	310,748
Total consideration paid			310,748
Total cash and cash equivalents acquired			(176)
Net cash outflow			310,572

Notes: (Continued)

(Expressed in Renminbi)

37 ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES (Continued)

(a) Acquisition of subsidiaries (Continued)

The above subsidiaries contributed an aggregate turnover of RMBNil and loss attributable to the equity shareholders of the Company of RMB1,303,000 to the Group for the year ended 31 December 2013. Should the acquisitions had occurred on 1 January 2013, the consolidated turnover and the consolidated profit attributable to the equity shareholders of the Company for the year ended 31 December 2013 would have been RMB6,951,125,000 and RMB1,117,163,000 respectively.

(b) Equity restructuring

On 17 June 2013, the Group entered into an equity restructuring agreement with a non-controlling interest to acquire additional 20% and 40% equity interests in Kaifeng Central China Real Estate Company Limited (“CCRE Kaifeng”) and Henan United Clubs Management Company Limited (“Henan United Clubs”) respectively at a total consideration of RMB21,497,000 and, to dispose all the equity interests in Kaifeng Central China Dahong Real Estate Company Limited (“CCRE Dahong”, the Group held 60% equity interest in CCRE Dahong before the disposal) and Central China Forest Peninsula (Kaifeng) Real Estate Company Limited (“Forest Peninsula”, the Group held 60% equity interest in Forest Peninsula before the disposal) at a total consideration of RMB288,000,000. Upon the completion of the above transaction, CCRE Kaifeng and Henan United Clubs become indirect wholly-owned subsidiaries, and the Group does not hold any equity interest in CCRE Dahong and Forest Peninsula.

(i) Acquisition of additional interests in subsidiaries

The excess of the total consideration paid in respect of the acquisition of additional interests in subsidiaries of RMB21,497,000 over the carrying amount of the non-controlling interests of RMB9,151,000 amounted to RMB12,346,000 is recognised in other capital reserve in accordance with the accounting policy set out in note 2(c).

Notes: (Continued)

(Expressed in Renminbi)

37 ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES (Continued)

(b) Equity restructuring (Continued)

(ii) Disposal of subsidiaries

The disposal of CCRE Dahong and Forest Peninsula had the following effect on the Group's financial position:

	<i>RMB'000</i>
Property, plant and equipment	(4,381)
Properties for sale	(569,547)
Trade and other receivables	(38,721)
Prepayments	(223,320)
Prepaid tax	(20,593)
Cash and cash equivalents	(347,012)
Bank loans	339,000
Other loan	170,000
Trade and other payables	162,078
Receipt in advance	319,484
Deferred tax liabilities	71
Non-controlling interests	69,483
Net gain on disposal of subsidiaries (<i>note 5</i>)	(144,542)
	<u>(288,000)</u>
Consideration received	288,000
Cash and cash equivalents disposed	(347,012)
	<u>(59,012)</u>

(c) Disposal of a subsidiary

On 21 January 2013, the Group disposed all the equity interest in Xuchang Fengtai Real Estate Company Limited ("Xuchang Fengtai", the Group held 60% equity interest in Xuchang Fengtai before the disposal) at a consideration of RMB37,760,000. Upon the completion of the above transaction, the Group does not hold any equity interest in Xuchang Fengtai.

(Expressed in Renminbi)

37 ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES (Continued)

(c) Disposal of a subsidiary (Continued)

The disposal of Xuchang Fengtai had the following effect on the Group's financial position.

	<i>RMB'000</i>
Property, plant and equipment	(217)
Prepayments	(101,801)
Prepaid tax	(265)
Cash and cash equivalents	(529)
Trade and other payables	53,798
Non-controlling interests	19,606
Gain on disposal of a subsidiary (note 5)	(8,352)
	<u>(37,760)</u>
Consideration received	37,760
Cash and cash equivalents disposed	(529)
	<u>37,231</u>

(d) Disposal of partial interest in a subsidiary

On 10 December 2013, the Group disposed 9.4% equity interest in Zhengzhou Yipin Tianxia Zhiye Company Limited ("Zhengzhou Yipin") at a consideration of RMB30,000,000. Upon the completion of the above transaction, the Group's equity interest in Zhengzhou Yipin decreased from 100% to 90.6%. The increase in carrying amount of non-controlling interest at the date of disposal is RMB8,899,000, and the excess of consideration of RMB30,000,000 over the carrying amount of non-controlling interest amounted to RMB21,101,000 is recognised in other capital reserve in accordance with the accounting policy set out in note 2(c).

38 CRITICAL ACCOUNTING JUDGEMENTS IN APPLYING THE GROUP'S ACCOUNTING POLICIES

Estimates and judgements used in preparing the financial statements are evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal to the related actual results. The estimates and assumptions that may have a significant effect on the carrying amounts of assets and liabilities mainly include those related to property development activities.

(a) Impairment for buildings and construction in progress

As explained in note 2(k), the Group makes impairment for the buildings and construction in progress taking into account the Group's estimates of the recoverable amount from such properties. The recoverable amounts have been determined based on value-in-use calculations, taking into account the latest market information and past experience. These calculation and valuations require the use of judgement and estimates.

Notes: (Continued)

(Expressed in Renminbi)

38 CRITICAL ACCOUNTING JUDGEMENTS IN APPLYING THE GROUP'S ACCOUNTING POLICIES (Continued)

(a) Impairment provision for buildings and construction in progress (Continued)

Given the volatility of the PRC property market, the actual recoverable amount may be higher or lower than that estimated at the end of the reporting period. Any increase or decrease in the provision would affect profit or loss in future years.

(b) Provision for properties for sale

As explained in note 2(l), the Group's properties for sale are stated at the lower of cost and net realisable value. Based on the Group's recent experience and the nature of the subject properties, the Group makes estimates of the selling prices, the costs of completion in case for properties under development for sale, and the costs to be incurred in selling the properties based on prevailing market conditions.

If there is an increase in costs to completion or a decrease in net sales value, the net realisable value will decrease and this may result in provision for properties for sale. Such provision requires the use of judgement and estimates. Where the expectation is different from the original estimate, the carrying value and provision for properties in the periods in which such estimate is changed will be adjusted accordingly.

In addition, given the volatility of the PRC property market and the unique nature of individual properties, the actual outcomes in terms of costs and revenue may be higher or lower than that estimated at the end of the reporting period. Any increase or decrease in the provision would affect profit or loss in future years.

(c) Impairment for trade and other receivables

The Group estimates impairment losses for trade and other receivables resulting from the inability of the customers to make the required payments. The Group assesses the estimates on the ageing of the trade and other receivable balance, customer credit-worthiness, and historical write-off experience. If the financial conditions of the customers were to deteriorate, actual provisions would be higher than that estimated.

(d) Recognition of deferred tax assets

Deferred tax assets in respect of tax losses carried forward are recognised and measured based on the expected manner of realisation or settlement of the carrying amount of the assets, using tax rates enacted or substantively enacted at the end of the reporting period. In determining the carrying amounts of deferred assets, expected taxable profits are estimated which involves a number of assumptions relating to the operating environment of the Group and require a significant level of judgement exercised by the directors. Any change in such assumptions and judgement would affect the carrying amounts of deferred tax assets to be recognised and hence the net profit in future years.

(e) CIT and LAT

As disclosed in note 7, the Group is subject to CIT and LAT under both authorised taxation method or actual taxation method in different jurisdictions. Significant judgement is required in determining the level of provision, as the calculations of which depend on the assessment and assumption of ultimate tax liability and are subject to uncertainty. The adoption of different methods may also affect the level of provision. When the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax provision in the period in which such assessment is made.

Notes: (Continued)

(Expressed in Renminbi)

38 CRITICAL ACCOUNTING JUDGEMENTS IN APPLYING THE GROUP'S ACCOUNTING POLICIES (Continued)

(f) Recognition and allocation of construction cost on properties under development

Development costs of properties are recorded as properties under development during construction stage and will be transferred to profit or loss upon the recognition of the sale of the properties. Before the final settlement of the development costs and other costs relating to the sale of the properties, these costs are accrued by the Group based on management's best estimate.

When developing properties, the Group typically divides the development projects into phases. Specific costs directly related to the development of a phase are recorded as the cost of such phase. Costs that are common to phases are allocated to individual phases based on the estimated market value of each phase as a percentage of the total estimated market value of the entire project, or if the above is not practicable, the common costs are allocated to individual phases based on saleable area.

Where the final settlement of costs and the related cost allocation is different from the initial estimates, any increase or decrease in the development costs and other costs would affect the profit or loss in future years.

(g) Valuation of investment properties

All investment properties of the Group are revalued as at the end of the reporting period by independent professionally qualified valuers, on an open market value basis calculated by reference to the net rental income with allowance for reversionary income potential.

The assumptions adopted in the property valuations are based on the market conditions existing at the end of the reporting period, with reference to current market sale prices for similar properties in the same location and condition and an appropriate capitalisation rate. Any change in assumptions of the valuation would affect the value of the investment properties significantly, and profit or loss in future years.

(h) Estimation of fair value of derivative financial instruments

Redemption call options embedded in senior notes of the Group are classified as derivative financial instruments and stated at fair value at the end of each reporting period. The fair value of these options is measured based on the assumptions set out in note 29. Any change in assumptions of the valuation would affect the value of these options significantly, and profit or loss in future years.

Notes: (Continued)

(Expressed in Renminbi)

39 NON-ADJUSTING EVENTS AFTER THE REPORTING PERIOD

- (a) After the end of the reporting period the directors proposed a final dividend. Further details are disclosed in note 32(c)(i).
- (b) On 13 January 2014, the Group entered into a guarantee agreement with a bank, pursuant to which the Group agreed to provide guarantee for bank loan granted to a joint venture of RMB1,000,000,000.

On 14 February 2014, the Group entered into a guarantee agreement with a financial institution, pursuant to which the Group agreed to provide guarantee for other loan granted to a joint venture of RMB500,000,000.

On 27 February 2014, the Group entered into a guarantee agreement and equity pledge agreement with Bridge Trust Company Limited (the trust manager of joint ventures), pursuant to which the Group agreed to provide guarantee for other loan granted to a joint venture of RMB400,000,000, and the Group also agreed to pledge all its equity interest in that joint venture (i.e. 49% equity interest) against that other loan.

For details of the above non-adjusting events, please refer to the announcement of the Company dated 13 January 2014, 14 February 2014 and 27 February 2014 respectively.

- (c) On 20 January 2014, the Group entered into an acquisition agreement with a non-controlling interest, pursuant to which the Group agreed to acquire the remaining 40% equity interest in Henan Longyu (see note 37(a)) at the consideration of RMB250,000,000. Upon the completion of the acquisition, Henan Longyou becomes an indirect wholly-owned subsidiary. Please refer to the announcement of the Company dated 20 January 2014 for details.

Notes: (Continued)

(Expressed in Renminbi)

40 POSSIBLE IMPACT OF AMENDMENTS, NEW STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE FOR THE YEAR ENDED 31 DECEMBER 2013

Up to the date of issue of these financial statements, the HKICPA has issued a few amendments and a new standard which are not yet effective for the year ended 31 December 2013 and which have not been adopted in these financial statements. These include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
Amendments to HKAS 32, <i>Offsetting financial assets and financial liabilities</i>	1 January 2014
Amendments to HKAS 39, <i>Novation of derivatives and continuation of hedge accounting</i>	1 January 2014
HKFRS 9, <i>Financial instruments</i>	Note

Note: The original effective date of 1 January 2015 is removed and the new mandatory effective date is to be determined.

The Group is in the process of making an assessment of what the impact of these amendments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements.

Management Discussion and Analysis

REVIEW OF OPERATIONS

(I) Market and Operations Review

1. *The macro-economic environment*

In 2013, the global economy struggled to recover and China's economic conditions at home and abroad were intricate. As economy continued its downward trend, the PRC government launched a series of policies and measures for effective expansion of domestic demand, promotion of transformation and upgrade as well as intensification of reform and opening up policy. In 2013, China's GDP amounted to RMB56.88 trillion, representing a year-on-year growth of 7.7%.

In 2013, Henan implemented the policies and measures issued by the PRC government thoroughly, such as "Stabilizing growth, adjusting structure and facilitating reform", by fully developing the three major national strategies, namely food production core zone, central China economic zone and Zhengzhou Aviation Port Economic Integration Trial Zone, maintaining a faster economic growth of the region. In 2013, Henan recorded GDP of RMB3.22 trillion, representing a year-on-year growth of 9.0%, which was 1.3 percentage points above the national growth rate.

2. *The property market*

In 2013, China stressed the continuity of property control policies with a change in mindset towards market-orientation and differentiation, resulting in increases in sales volume and price of commodity housing and further expansion of the property market during the year. In 2013, sales of commodity housing in the nationwide property market amounted to 1,305,510,000 sq.m., a year-on-year growth of 17.3%, and average selling price was RMB6,237 per sq.m., a year-on-year growth of 7.7%.

As the principal market for the Company's business development, the Henan property market again outperformed the national average level in 2013 due to a robust housing demand from end-users driven by rapid industrialisation and urbanisation in the region. In 2013, sales of commodity housing in Henan property market amounted to 73,100,000 sq.m., a year-on-year growth of 22.5%, and average selling price was RMB4,205 per sq.m., a year-on-year growth of 9.8%.

(II) Project Development

During the reporting period, the Company insisted its operating strategy of turnover acceleration, intensified the collective effects of cost reduction and explored product innovation and upgrade. As a result, the Company has consolidated and enhanced its professional capacity as well as diversified its products and services in addition to gradual growth in our performance and continual improvement in market position.

During the reporting period, the Company commenced projects with an aggregate GFA of 2,833,334 sq.m. and completed projects with an aggregate GFA of 2,950,962 sq.m. During the reporting period, the Company completed sales/pre-sales of projects with an aggregate GFA of 2,048,318 sq.m. for a total amount of RMB14 billion, representing increases of 30% and 35% as compared to the same period last year, respectively.

Management Discussion and Analysis (Continued)

(1) Development schedule

During the reporting period, the Company commenced construction of 33 projects/phases with newly commenced GFA of 2,833,334 sq.m., representing an increase of 25% over the same period last year.

Geographical breakdown of newly commenced projects for 2013

Location	Newly commenced GFA (sq.m.)
Zhengzhou	350,806
Other cities in Henan province	2,482,528
Total	2,833,334

As at 31 December 2013, the Company had 38 projects/phases under development with total GFA of approximately 3,199,630 sq.m., including 3 projects/phases in Zhengzhou and 35 projects/phases in other cities of Henan.

Geographical breakdown of projects under development as at 31 December 2013

Location	GFA under development (sq.m.)
Zhengzhou	419,080
Other cities in Henan province	2,780,550
Total	3,199,630

Management Discussion and Analysis (Continued)

During the reporting period, the Company completed 37 projects/phases with total completed GFA of 2,950,962 sq.m. Out of the saleable GFA of 2,337,757 sq.m., 1,748,476 sq.m. were sold, representing a sales ratio of 75%.

Note: 20,979 sq.m. out of total GFA of 203,430 sq.m. of Luoyang Jianye Triumph Plaza were saleable GFA, the remainder was self-owned by the Company.

Management Discussion and Analysis (Continued)

(2) Sales Schedule

The aggregate GFA sold/pre-sold by the Group during the reporting period was 2,048,318 sq.m., with an aggregate amount of RMB14 billion received from sale/pre-sale, representing increases of 30% and 35%, respectively, over the same period last year.

Geographical breakdown of GFA sold/pre-sold as at 31 December 2013

Location	Approximate saleable GFA sold (sq.m.)	Approximate total amount (RMB'000)
Zhengzhou	241,405	3,837,560
Other cities in Henan province	1,806,913	10,189,420
Total	2,048,318	14,026,980

(III) Land reserves

In 2013, the Group acquired land reserves with a GFA of 0.7 million sq.m. through equity acquisitions and land reserves with a GFA of 4.56 million sq.m. through public land auctions. As at 31 December 2013, the Group had land reserves with a total GFA of 17.82 million sq.m. with 14.75 million sq.m. equity-owned. Details of the public land auctions and equity acquisitions in 2013 and up to the date of this announcement are set out as follows:

1. Public Land Auctions

On 18 January 2013, Zhengzhou Jiandong Zhiye Company Limited* (鄭州建東置業有限公司), a 60%-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the south of Jicheng Road and the north of Shangde Street in Zhengzhou in a listing for sale process held by Zhengzhou City Land and Resources Bureau* (鄭州市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB100 million. The land parcel has a site area of 13,159 sq.m. and a mandatory detailed planned plot ratio of not more than 3.0.

On 25 January 2013, Yuzhou New Plaza Construction & Development Company Limited* (禹州新天地建設開發有限公司), a 75%-owned subsidiary of the Company, acquired the land use rights of three land parcels located respectively at the north and south of Jianshe Road and the east of Hougong Road in Shenhui Town, Yuzhou City in a listing for sale process held by Yuzhou City Land and Resources Bureau* (禹州市國土資源局) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB4 million, RMB1 million and RMB5 million, respectively. Land parcel No. (2012)041 has a site area of 2,869 sq.m. and a mandatory detailed planned plot ratio of 1.0–1.5; land parcel No. (2012)042 has a site area of 475 sq.m. and a mandatory detailed planned plot ratio of 1.0–1.5; land parcel No. (2012)043 has a site area of 3,471 sq.m. and a mandatory detailed planned plot ratio of 1.0–1.5.

Management Discussion and Analysis (Continued)

On 1 February 2013, Central China Tihome (Henan) Real Estate Company Limited* (河南建業泰宏置業有限公司), a subsidiary held as to 51% by the Company, acquired the land use rights of a land parcel located at the south of Ganqu South Road and both sides of Daxue South Road in Erqi District, Zhengzhou in a listing for sale process held by Zhengzhou City Land and Resources Bureau* (鄭州市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB596 million. The land parcel has a site area of 194,170 sq.m. and a mandatory detailed planned plot ratio of not more than 3.5 for city and township residential sites and not more than 4.9 for commercial and service business sites in connection with commodity housing development.

On 27 February 2013, Shangqiu Central China Real Estate Company Limited* (商丘建業住宅建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the east of Guide Road and north of Songcheng Road in Shangqiu City in a listing for sale process held by Shangqiu City Land and Resources Bureau* (商丘市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB135 million. The land parcel has a site area of 75,245 sq.m. and a mandatory detailed planned plot ratio of 1.0–3.0.

On 20 March 2013, Anyang Central China City Construction Company Limited* (安陽建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the junction of Wenfeng East Road and Haixing Road in Anyang City in a listing for sale process held by Anyang City Public Resources Trading Centre* (安陽市公共資源交易中心) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB106 million. The land parcel has a site area of 85,311 sq.m. and a mandatory detailed planned plot ratio of 1.5–3.0.

On 17 April 2013, Xinyang Central China Tianming Real Estate Company Limited* (信陽建業天明住宅建設有限公司), a 50%-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the east of Ershier Avenue and north of Xinwu Road in Yangshan New District, Xinyang City in a listing for sale process held by Xinyang City Land and Resources Bureau* (信陽市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB116 million. The land parcel has a site area of 61,471 sq.m. and a mandatory detailed planned plot ratio of 2.2–2.8.

On 22 April 2013, Jiyuan Central China City Construction Company Limited* (濟源建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of two land parcels located respectively at the northwestern end of the junction of Jidu Avenue and Wenchang Road in Jiyuan City in a listing for sale process held by Jiyuan City Land and Resources Bureau* (濟源市國土資源局) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB90 million and RMB101 million, respectively. Land parcel No. 2013-06 has a site area of 66,667 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.2; land parcel No. 2013-07 has a site area of 74,582 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.2.

On 26 April 2013, Yanshi Central China City Construction Company Limited* (偃師建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of two land parcels located respectively at the east of Yingbin Road, south of Nanjing Road and west of Wenhua Road in Yanshi City in a listing for sale process held by Yanshi City Land and Resources Bureau* (偃師市國土資源局) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB47 million and RMB61 million, respectively. Land parcel No. 2013-06 has a site area of 35,126 sq.m. and a mandatory detailed planned plot ratio of 1.0–3.0; land parcel No. 2013-07 has a site area of 44,869 sq.m. and a mandatory detailed planned plot ratio of 1.0–3.0.

Management Discussion and Analysis (Continued)

On 18 June 2013, Xiping Central China City Development Company Limited* (西平建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of three land parcels located respectively at the north of Zhongcheng Avenue, south of Weilai Avenue, west of Xuesong Road and east of Zijing Road in Xixin District, Xiping County in a listing for sale process held by Xiping County Public Resources Trading Centre* (西平縣公共資源交易中心) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB64 million, RMB56 million and RMB77 million, respectively. Land parcel No. XP-2013-1 has a site area of 44,556 sq.m. and a mandatory detailed planned plot ratio of 1.2–3.0; land parcel No. XP-2013-2 has a site area of 48,849 sq.m. and a mandatory detailed planned plot ratio of 1.2–3.0; land parcel No. XP-2013-3 has a site area of 66,664 sq.m. and a mandatory detailed planned plot ratio of 1.2–3.0.

On 19 June 2013, Xinyang Tianheng Real Estate Company Limited* (信陽天恒置業有限公司), a 50%-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the east of the north extension section of Xinliu Avenue in Yangshan New District, Xinyang City in a listing for sale process held by Xinyang City Land and Resources Bureau* (信陽市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB254 million. The land parcel has a site area of 198,681 sq.m. and a mandatory detailed planned plot ratio of 1.8–2.5.

On 18 July 2013, Hebi Central China Real Estate Company Limited* (鶴壁山城建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the south of Hongqi Road and the west of Shancheng Road in Hebi City in a listing for sale process held by Hebi City Land and Resources Bureau* (鶴壁市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB38 million. The land has a site area of 48,640 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.3.

On 23 August 2013, Changge Central China City Development Company Limited * (長葛建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of two land parcels located at the north of Weier Road in Changge City in a listing for sale process held by Changge City Land and Resources Bureau* (長葛市國土資源局) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB58 million and RMB57 million, respectively. Land parcel No. 2013-16 has a site area of 42,000 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.0; land parcel No. 2013-17 has a site area of 41,327 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.0.

On 28 August 2013, Shangqiu Central China Real Estate Company Limited* (商丘建業住宅建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the west of He Road, the south of Guihua Road and the north of Songcheng Road in Shangqiu City in a listing for sale process held by Shangqiu City Land and Resources Bureau* (商丘市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB76 million. The land parcel has a site area of 42,021 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.5.

On 9 September 2013, Pingdingshan Central China City Development Company Limited* (平頂山建業城市發展有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of two land parcels located at the northwestern end of the junction of Changan Avenue and Xiageng Road in Pingdingshan City in a listing for sale process held by Pingdingshan City Land and Resources Trading Centre* (平頂山市國土資源交易中心) for transfer of state-

Management Discussion and Analysis (Continued)

owned land use rights. The purchase prices for the acquisitions were approximately RMB93 million and RMB94 million, respectively. The first land parcel has a site area of 50,328 sq.m. and a mandatory detailed planned plot ratio of not more than 3.0; the second land parcel has a site area of 52,642 sq.m. and a mandatory detailed planned plot ratio of not more than 2.5.

On 27 September 2013, Zhengzhou Central China Real Estate Company Limited* (鄭州建業住宅建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the east of Jinping Road and the north of Jinjiang Road in Shangjie District of Zhengzhou City in a listing for sale process held by Shangjie District Land and Resources Bureau* (鄭州市上街區國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB173 million. The land parcel has a site area of 161,298 sq.m. and a mandatory detailed planned plot ratio of 1.0–3.0.

On 25 October 2013, Pingdingshan Central China City Development Company Limited* (平頂山建業城市發展有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of three land parcels located at the northwestern end of the junction of Changan Avenue and Xiageng Road in Pingdingshan City in a listing for sale process held by Pingdingshan City Land and Resources Trading Centre* (平頂山市國土資源交易中心) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB63 million, RMB97 million and RMB91 million, respectively. The first land parcel has a site area of 40,690 sq.m. and a mandatory detailed planned plot ratio of not more than 1.5; the second land parcel has a site area of 43,477 sq.m. and a mandatory detailed planned plot ratio of not more than 3.0; the third land parcel has a site area of 40,616 sq.m. and a mandatory detailed planned plot ratio of not more than 3.0.

On 23 December 2013, Anyang Central China City Construction Company Limited* (安陽建業城市建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the junction of Wenfeng East Road and Haixing Road in Anyang City in a listing for sale process held by Anyang Public Resources Trading Centre* (安陽市公共資源交易中心) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB194 million. The land parcel has a site area of 157,281 sq.m. and a mandatory detailed planned plot ratio of 1.5–3.0.

2. *Equity acquisitions*

On 3 April 2013, the Group entered into an investment cooperation agreement with Xuchang Hengda Real Estate Group Limited* (許昌恒達房地產集團有限公司) to acquire 60% equity interest in Henan Longyu Real Estate Development Limited* (河南龍宇房地產開發有限公司) for an approximate consideration of RMB276 million. Henan Longyu Real Estate Development Limited* (河南龍宇房地產開發有限公司) owns the land use rights of a land parcel located at Jinshui District, Zhengzhou City with a site area of 34,176 sq.m. and a mandatory detailed planned plot ratio of not more than 5.5.

On 25 September 2013, the Group entered into an investment cooperation agreement with Xinyang Yuantong Decoration Engineering Company Limited* (信陽元通裝飾工程有限公司) to acquire 60% equity interest in Henan Zhenghe Real Estate Development Company Limited* (河南政和房地產開發有限公司) for an approximate consideration of RMB35 million. Xinyang Yuantong Decoration Engineering Company Limited* (信陽元通裝飾工程有限公司) owns the land use rights of a land parcel located at the south of Shihe in Shihe District, Xinyang City with a site area of 205,045 sq.m..

Management Discussion and Analysis (Continued)

3. *Land reserves acquired after the reporting period*

The Group acquired further land reserves after the reporting period but before the date of this announcement through public land auctions, details of which are set out as follows:

On 3 January 2014, Shangqiu Central China Real Estate Company Limited* (商丘建業住宅建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the east to Guihua Road, west to Xueyuan Road, south to Yuhong Road and north to Houxun Road in Shangqiu City in a listing for sale process held by Shangqiu City Land and Resources Bureau* (商丘市國土資源局) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB76 million. The land parcel has a site area of 31,491 sq.m. and a mandatory detailed planned plot ratio of 1.0–3.0.

On 8 January 2014, Jiaozuo Central China Real Estate Company Limited* (河南建業置地焦作有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the north of Guihua Longyuan Road, south of Taichi Sports Centre, west of Wengjian River and east of Sewage Treatment Plant in Jiaozuo City in a listing for sale process held by Jiaozuo City Public Resources Trading Centre* (焦作市公共資源交易中心) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB511 million. The land parcel has a site area of 130,886 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.35.

On 17 January 2014, Puyang Central China City Construction Company Limited* (濮陽建業住宅建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of two land parcels located at the north of Dianchang Road, the south of Zhannan Road, the west of Beiguan Road, the east of Huangbin Village in a listing for sale process held by Puyang County Real Estate Trading Centre* (濮陽縣地產交易中心) for transfer of state-owned land use rights. The purchase prices for the acquisitions were approximately RMB82 million and RMB103 million, respectively. Land parcel No. 2013-12 has a site area of 54,405 sq.m., a mandatory detailed planned plot ratio of 2.8–3.2 (for commercial and residential use) and a mandatory detailed planned plot ratio of 2.2–2.7 (for residential use); land parcel No. 2013-13 has a site area of 68,807 sq.m. and a mandatory detailed planned plot ratio of 2.8–3.2.

On 21 January 2014, Zhumadian Central China Real Estate Company Limited* (駐馬店建業住宅建設有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the southeastern end of the junction of Tongshan Avenue and Jinque Road in Zhumadian City in a listing for sale process held by Zhumadian City Public Resources Trading Centre* (駐馬店市公共資源交易中心) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB99 million. The land parcel has a site area of 49,672 sq.m. and a mandatory detailed planned plot ratio of 2.8–4.5.

On 24 January 2014, Central China Real Estate Group (Lingbao) Company Limited* (建業住宅集團(靈寶)置業有限公司), a wholly-owned subsidiary of the Company, acquired the land use rights of a land parcel located at the northeastern end of the junction of Shuangtian Road and Chuangye Road in Lingbao City in a listing for sale process held by Lingbao City Real Estate Trading Centre* (靈寶市地產交易中心) for transfer of state-owned land use rights. The purchase price for the acquisition was approximately RMB39 million. The land parcel has a site area of 29,132 sq.m. and a mandatory detailed planned plot ratio of 1.0–2.5.

Management Discussion and Analysis (*Continued*)

(IV) Product Research and Development

Under the general principles of serialisation, standardisation and commercialisation, we continued to launch innovative products in traditional market in a bid to adapt to changing market and enhance the competitiveness of its products. With the implementation of our development strategies, the Company continued to drive the research and development of its fourth-generation products, large-scale urban complex (the series of Jianye Eighteen Cities) and large residential projects in suburban area during the reporting period, while progress was made on green architecture in a timely manner according to a planned schedule.

1. *Architectural design*

The Company has expanded its scope of design and management gradually with full implementation of our provincial strategy regime. To adapt to new landscape, the Company has upheld the principles of “delicacy, process streamlining and cost optimizing” on design during the reporting period, focusing on holistic control and coordination of, inter alia, design quality, design spotlight and new energy development. Not only could persistent enhancement of design management ensure smooth completion of every step of our projects, but effectively control design quality, allowing the Group’s products generally to be in line with the state strategic directions of energy efficiency and emission reduction.

2. *Serialization and standardization of our Products*

During the reporting period, the Company firmly facilitated serialisation, standardisation and commercialisation of products. Serialisation, standardisation and commercialisation of products have been accelerated; supervision of the serialisation and standardisation has further been tightened during the year. Communications and feedback on serialisation and standardisation have optimized the outcome which has been consistently applied to other quality projects in Henan, pursuing excellence in our products.

In addition, outstanding results of our efforts in research, development and construction of the fourth-generation products of the Company under the name of “Tianzhu Project” have been achieved, providing increasingly diverse product lines.

3. *Application of green construction*

The Company has long been a champion of the “green, low-carbon and energy-saving” philosophy for property development, as underscored by its relentless efforts to drive the research and implementation of green architecture and fully-furnished houses. By maximising resources efficiency, environmental protection, minimising pollution and exploring new green philosophy and industrial development trend, we have created architecture in harmony with nature. During the reporting period, six of our projects in Zhengzhou, Nanyang, Anyang and Shangqiu were constructed in accordance with the green building standards in China, and we will further apply the green building standards to our projects in future.

Management Discussion and Analysis (Continued)

(V) Customer Service and Customer Relationship

In 2013, our efforts in implementing the strategy of “mega service regime” were paid off. The Company focused on **customer satisfaction** and **attention to customer needs** as two fundamental areas of concern with an aim to improve **service quality** and **service innovation**. With the core strategic aim of building a mega service regime, we adopted a series of measures, such as establishing “networking community” and launching a “CCRE Goodwill Visit” program, capitalising the Supreme Card (至尊卡) and 9617777 call centre and integrating the Group’s service resources, to maintain a close relationship with our customers.

In relation to customer satisfaction, a professional survey consultant, who is a third party, has been commissioned for assessing customer satisfaction with our products and services, the Company has enhanced customer satisfaction progressively under planning with reference to the survey results. Furthermore, homebuyers have been provided pre-handover inspection prior to acceptance, such service is part of our internal supervision as well as accountability in customer services. In addition to enhancement of customer satisfaction, we are committed to providing flawless products which represent our brand, our strategies as well as services to our customers.

During the reporting period, the Company was also committed to improving its customer service standards, and all divisions of the Company were issued a standardised “Customer Service Manual” in the first half of the year. By integrating internal and external resources, such as community services, call centre, the Supreme Card, football, education, commerce, hotel, cultural travel and green base, the Company has provided and will provide our customers all kinds of services in respect of lifestyle, health, education, business travel and culture, in an attempt to enhance customer satisfaction on all fronts.

In connection with attention to customer needs, the Company has launched an internal-based community service project, a **model of cross-line innovative services** riding on the popular applications of the Internet of Things, Mobile Internet and smart terminals. Community residents were the target users of the project, integrating resources of mega service regime with relevant resources of house-owners, community and its periphery, providing our customers communication services and menu-driven convenience services. By trial of the project, the Company not only could upgrade the hardware standards of our products, but also create a sense of security, happiness and belonging to customers, satisfying their needs on all fronts and thus increasing their better life index significantly.

Meanwhile, the Company launched a “CCRE Goodwill Visit” program to show gratitude for our customers’ support. As a key part and a bold trial of the mega service regime for expressing our gratitude to customers, approximately 300,000 customers in 60 districts spanning 18 cities throughout the province have been invited to join the program, providing them a pleasant experience. Such program has established the importance of word-of-mouth in building corporate image, exerting wide influence within and beyond the enterprise.

Management Discussion and Analysis (Continued)

BUSINESS OUTLOOK

(I) Market Outlook

1. *The macro-economic environment*

In 2014, the recovery of the global economy will be upset by a number of uncertainties and instabilities. Lately, the Chinese government has expressly stated to further open up its economy by intensifying reforms in all aspects, so as to maintain steady growth in economy. The Company expects China's economy will grow steadily in 2014.

With detailed implementation of three major national strategies, influx of large-scale cooperative projects and investments of leading companies, laying a more concrete foundation for Henan, leaving it a large room for further development and enhancing competitiveness and strengths for development in the region. The Company expects the growth of economy in Henan province will continue to be higher than the average of China in 2014.

2. *The property market*

As the PRC government has intensified reforms in all aspects and urged new type of urbanisation, market orientation will promote long-term healthy development of the property market in China. The Company expects the property market in China will maintain an upward trend in 2014 as a whole, but individual cities will be subject to risk exposure of short-term market fluctuation as a result of adjustment in home-purchase credit policy by financial institutions and on-going control measures on real estate market.

As a consequence of the unceasing economic growth and acceleration of urbanisation of Henan, the property market in the region has been flourished; rigid demand for housing has been pushed forward, bolstering the market to grow in the long run. The Company expects the property market in Henan province will continue to achieve fast yet steady growth in 2014.

(II) Business planning

In 2014, the Company will further emphasise on the planning of core markets, speed up innovation and upgrade of products, intensify establishment of services regime, enhance operation efficiency and accelerate turnover with an aim to achieve healthy and stable growth.

- (1) *In 2014, the Group expects to commence construction of a total of 43 projects or phases, with a GFA of 4,192,534 sq.m.*

Geographical breakdown of commencement of construction in 2014

Location	GFA of new construction (sq.m.)
Zhengzhou	591,943
Other cities in Henan province	3,600,591
Total	4,192,534

Management Discussion and Analysis (Continued)

(2) Completion plan

The Group expects to complete 41 projects (phases) with an expected completed GFA of 2,378,437 sq.m. in 2014.

City	Project	Expected completed GFA (sq.m.)

Management Discussion and Analysis (Continued)

FINANCIAL REVIEW

Turnover: Our turnover increased by 9.5% to approximately RMB6,951 million in 2013 from approximately RMB6,346 million in 2012, primarily due to an increase in sold area in property sales and revenue from hotel operations.

- **Income from sales of properties:** Turnover from property sales increased by 9.0% to approximately RMB6,868 million in 2013 from approximately RMB6,302 million in 2012, due to a 11.3% increase in sold area to 1,261,691 sq.m. in 2013 from 1,133,485 sq.m. in 2012, but the average selling price decreased to RMB5,478 per sq.m. in 2013 from RMB5,667 per sq.m. in 2012. The decrease in average selling price was primarily the result of the change of the product mix.
- **Rental income:** Turnover from property leasing slightly increased to approximately RMB26 million in 2013 from approximately RMB24 million in 2012.
- **Revenue from hotel operation:** Turnover from hotel operation increased by 193.1% to approximately RMB57 million in 2013 from approximately RMB20 million in 2012. The increase was due to the opening of two hotels: *Four Points by Sheraton Luohe* and *Le Meridien Zhengzhou* in 2013.

Cost of sales: Our cost of sales increased by 11.8% to approximately RMB4,582 million in 2013 from approximately RMB4,100 million in 2012. The increase in cost of sales is in substantially line with the 11.3% increase in sold area in property sales as mentioned above.

Gross profit: As a result of the aforesaid changes in turnover and cost of sales, our gross profit increased by 5.5% to approximately RMB2,369 million in 2013 from approximately RMB2,246 million in 2012, while our gross profit margin decreased from 35.4% in 2012 to 34.1% in 2013.

Other revenue: Our other revenue increased by 43.7% to approximately RMB160 million in 2013 from approximately RMB111 million in 2012. This was primarily due to an increase in interest income from advances to our joint ventures.

Other net income/(loss): Our other net income was approximately RMB379 million in 2013 compared to other net loss of approximately RMB5 million in 2012. This net income in 2013 was primarily due to the gain on disposal of subsidiaries and a joint venture of RMB325 million and exchange gain of RMB78 million, as compared to a loss on deemed disposal of subsidiaries of RMB34 million and exchange gain of RMB13 million in 2012.

Selling and marketing expenses: Our selling and marketing expenses increased by 40.9% to approximately RMB313 million in 2013 from approximately RMB222 million in 2012. This increase was primarily due to increased advertising and promotional expenses associated with our new projects and hotel operation, and the increased salaries, other benefits and commissions paid to our sales and marketing staff.

General and administrative expenses: Our general and administrative expenses increased by 34.8% to approximately RMB537 million in 2013 from approximately RMB398 million in 2012. This increase was primarily due to an increase in salaries and other benefits paid to our administrative staff as well as depreciation of our fixed assets due to commencement of hotel operation.

Other operating income: Other operating income amounted to approximately RMB80 million in 2013 compared to approximately RMB47 million in 2012. The increase was mainly due to an increase in the consultancy fee charged to joint ventures for managing their property projects. The increase in consultancy fee was the result of the increase in the area constructed by joint ventures in 2013, as compared with 2012.

Management Discussion and Analysis (Continued)

Share of losses of associates: Our share of losses of associates increased by 51.3% to approximately RMB3 million in 2013 from approximately RMB2 million in 2012. The RMB3 million loss in 2013 primarily represented our share of loss for operating expenses incurred by St. Andrews Golf Club (Zhengzhou) Company Limited, one of our associates.

Share of profits less losses of joint ventures: Our share of profits less losses of joint ventures increased by 87.6% to approximately RMB601 million in 2013 from approximately RMB321 million in 2012, primarily due to an increase in the recognition of revenue of joint ventures, primarily including Henan Coal Chemical Central China Real Estate Development Investment Company Limited* (河南煤化建業房地產開發投資有限公司), Henan United New Town Real Estate Company Limited* (河南聯盟新城置業有限公司), Central China Real Estate Nanyang Company Limited* (建業住宅集團南陽置業有限公司) and Henan Yuanda Real Estate Company Limited* (河南遠達置業有限公司). The revenue of the Group's joint ventures amounted to approximately RMB5,985 million, representing sales of 669,644 sq.m. during 2013, in which revenue of RMB3,202 million, representing sales of 349,871 sq.m., was attributable to the Group.

Finance costs: Our finance costs increased by 203.4% to approximately RMB817 million in 2013 from approximately RMB269 million in 2012. This significant increase was primarily due to (1) the loss of RMB244 million in relation to the early redemption of the US\$300 Million Senior Notes (as defined below) and (2) the interest expense in relation to the US\$200 Million Senior Notes (as defined below) and the US\$400 Million Senior Notes (as defined below) issued in 2013.

Net increase in fair value of investment properties: We recorded an increase of approximately RMB19 million in fair value of our investment properties in 2013, as compared to an increase of approximately RMB17 million in 2012.

Income tax: Income tax comprises corporate income tax, land appreciation tax ("LAT") and withholding tax payable on dividend declared by PRC enterprises to non-PRC resident enterprises. Our income tax decreased by 12.5% from RMB976 million in 2012 to RMB855 million in 2013. Effective tax rate decreased from 52.8% in 2012 to 44.1% in 2013. The decrease in income tax and effective tax rate over this period was primarily due to decrease in gross profit margin and the provision reversal of LAT.

Profit for the year: As a result of the foregoing, our profit for the year increased by 24.7% to approximately RMB1,085 million in 2013 as compared to approximately RMB870 million in 2012.

Financial resources and utilisation: As at 31 December 2013, the Group's cash and cash equivalents amounted to approximately RMB4,813 million (31 December 2012: approximately RMB3,950 million). During the year, the Group distributed a final dividend of RMB160 million to the shareholders of the Company in relation to profit attributable to the year ended 31 December 2012 and an interim dividend of approximately RMB100 million in relation to profit attributable to the six months ended 30 June 2013.

Management Discussion and Analysis (Continued)

Structure of Borrowings and Deposits

We continue to adopt a prudent financial policy and centralise our funding and financial management. Therefore, we are able to continue to maintain a high cash-on-hand ratio and a reasonable level of gearing. During the year, we successfully issued the US\$200 Million Senior Notes (as defined below) at a coupon rate of 8.0% due 2020 and the US\$400 Million Senior Notes (as defined below) at a coupon rate of 6.5% due 2018. As at 31 December 2013, the repayment schedule of the Group's bank and other borrowings was as follows:

Repayment Schedule	As at 31 December 2013 RMB'000	As at 31 December 2012 RMB'000
Bank loans		
Within one year	538,745	675,000
More than one year, but not exceeding two years	398,500	412,000
More than two years, but not exceeding five years	348,000	447,500
Exceeding five years	231,960	62,000
	1,517,205	1,596,500
Other loans		
Within one year	1,068,180	739,702
More than one year, but not exceeding two years	–	868,980
More than two years, but not exceeding five years	500,000	47,000
	1,568,180	1,655,682
Convertible bonds		
Within one year	641,458	–
More than one year, but not exceeding two years	–	587,533
	641,458	587,533
Senior notes		
More than two years, but not exceeding five years	3,243,818	2,730,589
Exceeding five years	1,212,025	–
	4,455,843	2,730,589
Total borrowings	8,182,686	6,570,304
Deduct:		
Cash and cash equivalents	(4,812,575)	(3,949,775)
Restricted bank deposits secured bank loans	–	(106,951)
Net borrowings	3,370,111	2,513,578
Total equity	6,699,847	5,623,210
Net gearing ratio (%)	50.3%	44.7%

Management Discussion and Analysis (*Continued*)

Pledge of assets: As at 31 December 2013, we had pledged completed properties, properties under development, properties for future development, property, plant and equipment and bank deposits with an aggregate carrying amount of approximately RMB3,955 million (2012: approximately RMB3,803 million) to secure general bank credit facilities and other loans granted to us.

Financial guarantees: As at 31 December 2013, we provided guarantees of approximately RMB6,531 million (2012: approximately RMB6,094 million) to banks in favor of customers in respect of the mortgage loans provided by the banks to these customers for the purchase of the developed properties of our Group as well as those of our joint ventures. We also provided guarantees to bank loans and other loans of joint ventures amounting to approximately RMB2,367 million as at 31 December 2013 (2012: approximately RMB767 million).

Capital commitment: As at 31 December 2013, we had contractual commitments undertaken by subsidiaries and joint ventures attributable to our Group, the performance of which was underway or ready, in respect of property development amounting to approximately RMB4,697 million (2012: approximately RMB3,338 million), and we had authorised, but not yet contracted for, a further approximately RMB19,684 million (2012: approximately RMB17,094 million) in expenditure in respect of property development.

Foreign exchange risk: Our businesses are principally conducted in RMB. The majority of our assets are denominated in RMB. As at 31 December 2013, our major non-RMB assets and liabilities are (i) bank deposits and borrowings and convertible bonds denominated in H.K. dollar and (ii) the senior notes denominated in U.S. dollar and SGD. We are subject to foreign exchange rate risk arising from future commercial transactions and recognised assets and liabilities which are denominated in non-RMB currencies. The majority of our foreign currency transactions and balances are denominated in H.K. dollar, U.S. dollar and SGD. Our foreign currency hedging policy is stated in note 2 to the financial statements.

Interest rate risks: The interest rates for a portion of our loans were floating. Upward fluctuation in interest rates will increase the interest cost of new and existing loans. We currently do not use derivative instruments to hedge its interest rate risks.

Human resources and remuneration policy: As at 31 December 2013, we had 1,951 employees (31 December 2012: 1,489 employees). Staff remuneration is determined on the basis of individual performance, experience and prevailing industry practices. We review our remuneration policy and arrangements on a regular basis and staff may be rewarded with bonuses and cash payments depending on individual performance appraisals. Our policies for insurance and provident fund are in compliance with national and local laws and regulations on labour affairs and social welfare. At the date of this announcement, there was no significant labor dispute which had or might have an adverse impact on our business operations.

Management Discussion and Analysis *(Continued)*

EVENTS AFTER THE REPORTING PERIOD

Save as disclosed in note 39 to the financial statements, there are no significant events subsequent to 31 December 2013 which would materially affect the Group's operating and financial performance as of the date of this announcement.

SENIOR NOTES

(a) Issuance of Senior Notes

On 21 January 2013, the Company issued secured senior notes due 2020 with principal amount of US\$200,000,000 at a coupon rate of 8.0% per annum (the "US\$200 Million Senior Notes") for financing new and existing property projects (including land premium), repaying existing indebtedness and general corporate purposes. Further details relating to the issue of the US\$200 Million Senior Notes are disclosed in the announcements of the Company dated 21 and 22 January 2013.

On 22 May 2013, the Company issued secured senior notes due 2018 with principal amount of US\$400,000,000 at a coupon rate of 6.5% per annum (the "US\$400 Million Senior Notes") for redeeming or repurchasing the US\$300 Million Senior Notes (as defined below) in full, funding new and existing property projects (including land premium) and general corporate purposes. Further details relating to the issue of the US\$400 Million Senior Notes are disclosed in the announcements of the Company dated 22 and 23 May 2013.

(b) Redemption of US\$300,000,000 Senior Notes due 2015

The Company redeemed all outstanding US\$300,000,000 12.25% senior notes due 2015 (the "US\$300 Million Senior Notes") in full on 21 June 2013 (the "Redemption Date") at the redemption price equal to 100% of the principal amount of the US\$300 Million Senior Notes, which is US\$300 million, plus the applicable premium of US\$30 million as of, and accrued and unpaid interest of US\$6 million to (but not including), the Redemption Date, totalling US\$336 million. For details, please refer to the announcements of the Company dated 23 May 2013 and 24 June 2013.

FINAL DIVIDEND

The Board has recommended the payment of a final dividend for 2013 at HK10.7 cents (equivalent to approximately RMB8.49 cents) (2012: HK8.0 cents) to the shareholders whose names appear on the register of members on Thursday, 22 May 2014. Subject to the shareholders' approval of the proposed final dividend at the annual general meeting to be held on Friday, 16 May 2014 (the "2014 AGM"), the dividend cum-date and ex-date will be Monday, 19 May 2014 and Tuesday, 20 May 2014 respectively, and the final dividend will be paid to the shareholders on or about Friday, 6 June 2014. The proposed final dividend has not been reflected in the financial statements as at 31 December 2013.

Management Discussion and Analysis (*Continued*)

CLOSURE OF REGISTER OF MEMBERS

For the purposes of determining shareholders' eligibility to attend and vote at the 2014 AGM, the register of members of the Company will be closed from Wednesday, 14 May 2014 to Friday, 16 May 2014 (both days inclusive), during which period no transfer of shares will be registered. All properly completed share transfer forms accompanied by the relevant share certificates must be lodged with the Company's Hong Kong branch share registrar, Computershare Hong Kong Investor Services Limited at Room 1712–1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, no later than 4:30 p.m. on Tuesday, 13 May 2014, for registration.

For the purposes of determining the entitlement to the proposed final dividend, the register of members of the Company will be closed on Thursday, 22 May 2014, during that day no transfer of shares will be registered. All properly completed share transfer forms accompanied by the relevant share certificates must be lodged with the Company's Hong Kong branch share registrar, Computershare Hong Kong Investor Services Limited at Room 1712–1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong, no later than 4:30 p.m. on Wednesday, 21 May 2014, for registration.

CORPORATE GOVERNANCE

The Company has always valued the superiority, steadiness and rationality of having a sound system of corporate governance and is committed to continuously improve its corporate governance and disclosure practices. For the year ended 31 December 2013, the Company complied with all code provisions and, where appropriate, adopted the recommended best practices set out in the Corporate Governance Code (the "Corporate Governance Code") in Appendix 14 to the Listing Rules with the exception of code provisions A.4.1, A.6.7 and E.1.2 as addressed below.

1. Code provision A.4.1 — This code provision stipulates that all non-executive Directors should be appointed for a specific term, subject to re-election.

Mr. Hu Yongmin ("Mr. Hu"), a non-executive Director, was not appointed for a specific term. Mr. Hu was nominated by an investor who subscribed for convertible bonds and warrants issued by the Company on 31 August 2009 to the Board and was appointed as a non-executive Director on 3 September 2009. No service contract was entered into between Mr. Hu and the Company and he did not and will not receive any remuneration as a non-executive Director from the Company. The said investor will continue to have the right to nominate a person to be appointed as a non-executive Director as long as it has an interest in 5% or more of the issued share capital of the Company.

Save for Mr. Hu, all other non-executive Directors and independent non-executive Directors were appointed for a specific term. Since all Directors (including Mr. Hu) are subject to re-election by shareholders of the Company at annual general meetings and at least once every three years on a rotation basis in accordance with the articles of association of the Company, the Company considers that there are sufficient measures to ensure the corporate governance of the Company complies with the same level to that required under the Corporate Governance Code.

Management Discussion and Analysis (*Continued*)

2. Code provision A.6.7 — This code provision stipulates that independent non-executive Directors and other non-executive Directors, as equal Board members, should give the Board and any committees on which they serve the benefit of their skills, expertise and varied backgrounds and qualifications through regular attendance and active participation. They should also attend general meetings and develop a balanced understanding of the views of shareholders.

All Directors have given the Board and the committees on which they serve the benefit of their skills, expertise and varied backgrounds and qualifications through regular attendance and active participation.

Mr. Lim Ming Yan, Mr. Leow Juan Thong Jason, Mr. Hu Yongmin and Ms. Wu Wallis (alias Li Hua), all being non-executive Directors, and Mr. Wang Shi and Mr. Xin Luo Lin, being independent non-executive Directors, were unable to attend the annual general meeting of the Company held on 20 May 2013 (the “2013 AGM”) as they were out of town for other businesses. Mr. Wang Shi subsequently resigned as an independent non-executive Director with effect from 31 July 2013.

3. Code provision E.1.2 — This code provision requires the Chairman to invite the chairmen of the audit, remuneration and nomination committees to attend the annual general meetings.

Mr. Xin Luo Lin, an independent non-executive Director and the chairmen of the remuneration committee of the Company, was unable to attend the 2013 AGM as he was out of town for other business.

In his absence, the other members of the remuneration committee, Mr. Wu Po Sum and Mr. Cheung Shek Lun, attended the 2013 AGM and answered questions raised at the meeting.

DIRECTORS’ SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model Code”) in Appendix 10 to the Listing Rules as the code of conduct for the Directors in their dealings in the Company’s securities. Having made specific enquires with each Director, the Company confirmed that the Directors had complied with the required standard as set out in the Model Code for the year ended 31 December 2013, except for the following deviations:

Model Code Provision A.3(a)

This code provision stipulates that a director must not deal in any securities of the listed issuer on any day which its financial results are published and during the period of 60 days immediately preceding the publication date of the annual results or, if shorter, the period from the end of the relevant financial year up to the publication date of the results.

The Company published its annual results for the financial year ended 31 December 2012 on 25 March 2013 and therefore, the Directors were not permitted to deal in any securities of the Company during the period commencing from 24 January 2013 until 25 March 2013 (the “Black-out Period”).

On 4 February 2013, each of Mr. Leow Juan Thong Jason (“Mr. Leow”) (a non-executive Director) and Mr. Lucas Ignatius Loh Jen Yuh (“Mr. Loh”), the alternate director to Mr. Lim Ming Yan (a non-executive Director), purchased US\$250,000 of the US\$200 Million Senior Notes. As the US\$200 Million Senior Notes are listed on the Singapore Exchange Securities Trading Limited and the said purchases were made within the Black-out Period, the purchases of the US\$200 Million Senior Notes by both Mr. Leow and Mr. Loh are regarded as deviations from Model Code Provision A.3(a).

PURCHASE, REDEMPTION OR SALE OF LISTED SECURITIES OF THE COMPANY

During the year ended 31 December 2013, neither the Company nor any of its subsidiaries and its joint ventures purchased, redeemed or sold any of the Company's listed securities.

AUDIT COMMITTEE

The audit committee of the Company reviewed the Group's consolidated annual results for the year ended 31 December 2013, including the accounting principles and practices adopted by the Group, and discussed auditing, internal control and financial reporting matters as well as the audited financial statements for the year ended 31 December 2013 with the management.

PUBLICATION OF THE ANNUAL RESULTS ANNOUNCEMENT AND THE ANNUAL REPORT

This Annual Results announcement is published on the HKExnews website of the Stock Exchange at www.hkexnews.hk and the Company's website at www.centralchina.com. The Company's annual report for the year ended 31 December 2013 will be published on both websites and will be despatched to the shareholders of the Company in due course.

By Order of the Board
Central China Real Estate Limited
Wu Po Sum
Chairman

Hong Kong, 26 March 2014

For the purpose of this announcement, unless otherwise indicated, the conversion of RMB into HK\$ is based on the exchange rate of RMB1.00 = HK\$1.26. Such rate is for the purpose of illustration only and does not constitute a representation that any amount in question in RMB or HK\$ has been or could have been or may be converted at such or another rate or at all.

As at the date of this announcement, the Board comprises nine Directors, of which Mr. Wu Po Sum and Ms. Yan Yingchun are executive Directors, Mr. Lim Ming Yan (alternate director: Mr. Lucas Ignatius Loh Jen Yuh), Mr. Leow Juan Thong Jason, Mr. Hu Yongmin and Ms. Wu Wallis (alias Li Hua) are non-executive Directors, Mr. Cheung Shek Lun, Mr. Muk Kin Yau and Mr. Xin Luo Lin are independent non-executive Directors.
