
STRUCTURE OF THE GLOBAL OFFERING

THE GLOBAL OFFERING

This prospectus is published in connection with the Hong Kong Public Offering as part of the Global Offering. The Global Offering comprises of:

- (a) the Hong Kong Public Offering of initially 70,612,000 Shares (subject to reallocation) in Hong Kong as described below in the section headed “— The Hong Kong Public Offering;” and
- (b) the International Offering of initially 635,494,000 Shares (subject to reallocation and the Over-allotment Option) outside the United States in reliance on Regulation S and in the United States to QIBs in reliance on Rule 144A or other available exemption from the registration requirements of the US Securities Act.

Investors may apply for Hong Kong Offer Shares under the Hong Kong Public Offering or apply for or indicate an interest in International Offer Shares under the International Offering, but may not do both.

References in this prospectus to applications, Application Forms, application monies or the procedure for application relate solely to the Hong Kong Public Offering.

THE HONG KONG PUBLIC OFFERING

Number of Shares Initially Offered

We are initially offering 70,612,000 Hong Kong Offer Shares, representing approximately 10% of the total number of Offer Shares initially available under the Global Offering, at the Offer Price for subscription by the public in Hong Kong. Subject to the reallocation of Shares between (i) the International Offering, and (ii) the Hong Kong Public Offering, the Hong Kong Offer Shares will represent approximately 2.5% of our Company’s enlarged issued share capital immediately after completion of the Global Offering assuming that the Over-allotment Option is not exercised and no Shares are issued under the Pre-IPO Share Option Scheme and Post-IPO RSU Scheme.

The Hong Kong Public Offering is open to members of the public in Hong Kong as well as to institutional and professional investors. Professional investors generally include brokers, dealers and companies (including fund managers) whose ordinary business involves dealing in shares and other securities, and corporate entities which regularly invest in shares and other securities.

Completion of the Hong Kong Public Offering is subject to the conditions as set out in the section headed “— Conditions of the Hong Kong Public Offering.”

Allocation

Allocation of Shares to investors under the Hong Kong Public Offering will be based solely on the level of valid applications received under the Hong Kong Public Offering. The basis of allocation may vary, depending on the number of Hong Kong Offer Shares validly applied for by applicants. Such allocation could, where appropriate, consist of balloting, which would mean that some applicants may receive a higher allocation than others who have applied for the same number of Hong Kong Offer Shares, and those applicants who are not successful in the ballot may not receive any Hong Kong Offer Shares.

The total number of Hong Kong Offer Shares available under the Hong Kong Public Offering (after taking account of any reallocation referred to below) will be divided into two pools for allocation purposes: Pool A and Pool B, with any odd board lots being allocated to Pool A.

Pool A: The Hong Kong Offer Shares in Pool A will be allocated on an equitable basis to applicants who have applied for Hong Kong Offer Shares with a total subscription price of HK\$5 million (excluding the brokerage, SFC transaction levy and the Stock Exchange trading fee payable) or less.

STRUCTURE OF THE GLOBAL OFFERING

Poor B: The Hong Kong Offer Shares in Pool B will be allocated on an equitable basis to applicants who have applied for Hong Kong Offer Shares with a total subscription price of more than HK\$5 million (excluding the brokerage, SFC transaction levy and the Stock Exchange trading fee payable) and up to the total value of pool B.

For the purpose of this sub-section only, the “subscription price” for Hong Kong Offer Shares means the price payable on application (without regard to the Offer Price as finally determined).

Applicants should be aware that applications in Pool A and applications in Pool B may receive different allocation ratios. If Hong Kong Offer Shares in one (but not both) of the two pools are undersubscribed, the surplus Hong Kong Offer Shares will be transferred to the other pool to satisfy demand in that other pool and be allocated accordingly.

Applicants can only receive an allocation of Hong Kong Offer Shares from either Pool A or Pool B, but not from both pools. Multiple or suspected multiple applications and any application for more than 35,306,000 Hong Kong Offer Shares will be rejected.

Reallocation

Paragraph 4.2 of Practice Note 18 of the Listing Rules requires a clawback mechanism to be put in place, which would have the effect of increasing the number of Hong Kong Offer Shares to certain percentages of the total number of Offer Shares offered in the Global Offering if certain prescribed total demand levels in the Hong Kong Public Offering are reached. In the event of over-applications in the Hong Kong Public Offering, the Joint Global Coordinators shall apply a clawback mechanism following the closing of the application lists on the following basis:

- If the number of the Offer Shares validly applied for under the Hong Kong Public Offering represents 15 times or more but less than 50 times the number of the Offer Shares initially available for subscription under the Hong Kong Public Offering, then the Offer Shares will be reallocated to the Hong Kong Public Offering from the International Offering, so that the total number of the Offer Shares available under the Hong Kong Public Offering will be 211,832,000 Shares, representing approximately 30% of Offer Shares initially available under the Global Offering.
- If the number of the Offer Shares validly applied for under the Hong Kong Public Offering represents 50 times or more but less than 100 times the number of the Offer Shares initially available for subscription under the Hong Kong Public Offering, then the number of Offer Shares to be reallocated to the Hong Kong Public Offering from the International Offering will be increased so that the total number of the Offer Shares available under the Hong Kong Public Offering will be 282,444,000 Shares, representing approximately 40% of the Offer Shares initially available under the Global Offering.
- If the number of the Offer Shares validly applied for under the Hong Kong Public Offering represents 100 times or more the number of the Offer Shares initially available for subscription under the Hong Kong Public Offering, then the number of Offer Shares to be reallocated to the Hong Kong Public Offering from the International Offering will be increased, so that the total number of Offer Shares available under the Hong Kong Public Offering will be 353,054,000 Shares, representing approximately 50% of Offer Shares initially available under the Global Offering.

The Offer Shares to be offered in the Hong Kong Public Offering and the International Offering may, in certain circumstances, be reallocated as between these offerings at the discretion of the Joint Global Coordinators. Subject to the foregoing paragraph, the Joint Global Coordinators may in their discretion reallocate Shares from the International Offering to the Hong Kong Public Offering to satisfy valid applications under the Hong Kong Public Offering. In addition, if the Hong Kong Public Offering is not fully subscribed, the Joint Global Coordinators will have the discretion (but shall not be under any obligation) to reallocate to the International Offering all or any unsubscribed Hong Kong Offer Shares in such amounts as they deem appropriate.

STRUCTURE OF THE GLOBAL OFFERING

Applications

Each applicant under the Hong Kong Public Offering will also be required to give an undertaking and confirmation in the application submitted by him that he and any person(s) for whose benefit he is making the application has not applied for or taken up, or indicated an interest in, and will not apply for or take up, or indicate an interest in, any International Offer Shares under the International Offering, and such applicant's application is liable to be rejected if the said undertaking and/or confirmation is breached and/or untrue (as the case may be) or it has been or will be placed or allocated International Offer Shares under the International Offering.

Applicants under the Hong Kong Public Offering are required to pay, on application, the maximum price of HK\$2.60 per Offer Share in addition to the brokerage, SFC transaction levy and the Stock Exchange trading fee payable on each Offer Share, equal to a total of HK\$5,252.42 for one Board Lot of 2,000 Shares. If the Offer Price, as finally determined in the manner described in the section headed “— Pricing and Allocation” below, is less than the maximum price of HK\$2.60 per Offer Share, appropriate refund payments (including the brokerage, SFC transaction levy and the Stock Exchange trading fee attributable to the surplus application monies) will be made to successful applicants, without interest. Further details are set out below in the section headed “How to Apply for Hong Kong Offer Shares.”

THE INTERNATIONAL OFFERING

Number of Offer Shares Offered

Subject to the reallocation as described above, the number of Offer Shares to be initially offered under the International Offering will be 635,494,000, representing approximately 90% of the total number of Offer Shares initially available under the Global Offering. Subject to the reallocation of the Offer Shares between the International Offering and the Hong Kong Public Offering, the number of Offer Shares initially offered under the International Offering will represent approximately 22.5% of our Company's enlarged issued share capital immediately after completion of the Global Offering, assuming that the Over-allotment Option is not exercised.

Allocation

Pursuant to the International Offering, the International Offer Shares will be conditionally placed on behalf of our Company by the International Purchasers or through selling agents appointed by them. International Offer Shares will be selectively placed with certain professional and institutional investors and other investors anticipated to have a sizeable demand for such Offer Shares in Hong Kong and other jurisdictions outside the United States in offshore transactions in reliance on Regulation S and in the United States to QIBs as defined in Rule 144A. The International Offering is subject to the Hong Kong Public Offering being unconditional.

Allocation of Offer Shares pursuant to the International Offering will be effected in accordance with the “book-building” process described in the section headed “— Pricing and Allocation” below and based on a number of factors, including the level and timing of demand, total size of the relevant investor's invested assets or equity assets in the relevant sector and whether or not it is expected that the relevant investor is likely to buy further, and/or hold or sell, Shares, after the listing of our Shares on the Stock Exchange. Such allocation is intended to result in a distribution of the Shares on a basis which would lead to the establishment of a solid shareholder base to the benefit of our Company and our shareholders as a whole.

The Joint Global Coordinators (on behalf of the Underwriters) may require any investor who has been offered Offer Shares under the International Offering and who has made an application under the Hong Kong Public Offering, to provide sufficient information to the Joint Global Coordinators so as to allow them to identify the relevant applications under the Hong Kong Public Offering and to ensure that they are excluded from any application of Offer Shares under the Hong Kong Public Offering.

STRUCTURE OF THE GLOBAL OFFERING

Reallocation

The total number of Offer Shares to be issued or sold pursuant to the International Offering may change as a result of the clawback arrangement described in the section headed “— The Hong Kong Public Offering — Reallocation” above, the exercise of the Over-allotment Option in whole or in part described in the section entitled “— Over-allotment Option,” and any reallocation of unsubscribed Offer Shares originally included in the Hong Kong Public Offering and/or any Offer Shares from the International Offering to the Hong Kong Public Offering at the discretion of the Joint Global Coordinators.

OVER-ALLOTMENT OPTION

In connection with the Global Offering, it is expected that the Over-allotment Option Grantors will grant the Over-allotment Option to the International Underwriters, which will be exercisable by the Joint Global Coordinators on behalf of the International Underwriters.

Pursuant to the Over-allotment Option, the International Underwriters have the right, exercisable by the Joint Global Coordinators on behalf of the International Underwriters at any time from the Listing Date to the 30th day after the last day for lodging applications under the Hong Kong Public Offering, to require the Over-allotment Option Grantors to sell and transfer or allot and issue up to 105,914,000 Shares, representing approximately 15% of the total number of Offer Shares initially available under the Global Offering, at the Offer Price under the International Offering, to cover over-allocations in the International Offering, if any.

If the Over-allotment Option is exercised in full, the additional International Offer Shares to be sold and transferred or allotted and issued, as applicable, pursuant thereto will represent approximately 3.74% of our Company’s enlarged issued share capital immediately following the completion of the Global Offering and the exercise of the Over-allotment Option. In the event that the Over-allotment Option is exercised, a public announcement will be made.

STABILIZING ACTION

Stabilization is a practice used by underwriters in some markets to facilitate the distribution of securities. To stabilize, the underwriters may bid for, or purchase, the securities in the secondary market, during a specified period of time, to curb and, if possible, prevent any decline in the market price of the securities below the offer price. It may be effected in jurisdictions where it is permissible to do so and subject to all applicable laws and regulatory requirements. In Hong Kong, the price at which stabilization is effected is not permitted to exceed the Offer Price.

In connection with the Global Offering, the Stabilizing Manager or any person acting for it, on behalf of the Underwriters, may over-allocate or effect short sales or any other stabilizing transactions with a view to stabilizing or maintaining the market price of the Offer Shares at a level higher than that which might otherwise prevail in the open market. Short sales involve the sale by the Stabilizing Manager of a greater number of Shares than the Underwriters are required to purchase in the Global Offering. “Covered” short sales are sales made in an amount not greater than the Over-allotment Option. The Stabilizing Manager may close out the covered short position by either exercising the Over-allotment Option to purchase additional Offer Shares or purchasing Shares in the open market. In determining the source of the Offer Shares to close out the covered short position, the Stabilizing Manager will consider, among other things, the price of Offer Shares in the open market as compared to the price at which they may purchase additional Offer Shares pursuant to the Over-allotment Option. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or curbing a decline in the market price of the Offer Shares while the Global Offering is in progress. Any market purchases of our Offer Shares may be effected on any stock exchange, including the Stock Exchange, any over-the-counter market or otherwise, provided that they are made in compliance with all applicable laws and regulatory requirements. However, there is no obligation on the Stabilizing Manager or any person acting for it to conduct

STRUCTURE OF THE GLOBAL OFFERING

any such stabilizing action. Such stabilizing activity, if commenced, will be done at the absolute discretion of the Stabilizing Manager and may be discontinued at any time.

Any such stabilizing activity is required to be brought to an end within 30 days of the last day for the lodging of applications under the Hong Kong Public Offering. The number of the Offer Shares that may be over-allocated will not exceed the number of the Shares that may be sold under the Over-allotment Option, namely, 105,914,000 Offer Shares, which is approximately 15% of the number of Offer Shares initially available under the Global Offering, and cover such over-allocations by exercising the Over-allotment Option or by making purchases in the secondary market at prices that do not exceed the Offer Price or through stock borrowing arrangements or a combination of these means.

In Hong Kong, stabilizing activities must be carried out in accordance with the Securities and Futures (Price Stabilizing) Rules. Stabilizing actions permitted pursuant to the Securities and Futures (Price Stabilizing) Rules include:

- (a) over-allocating for the purpose of preventing or minimizing any reduction in the market price of our Shares;
- (b) selling or agreeing to sell the Shares so as to establish a short position in them for the purpose of preventing or minimizing any reduction in the market price of the Shares;
- (c) purchasing or subscribing for, or agreeing to purchase or subscribe for, our Shares pursuant to the Over-allotment Option in order to close out any position established under (a) or (b) above;
- (d) purchasing, or agreeing to purchase, any of the Shares for the sole purpose of preventing or minimizing any reduction in the market price;
- (e) selling or agreeing to sell any of our Shares in order to liquidate any position established as a result of those purchases; and
- (f) offering or attempting to do anything as described in (b), (c), (d) or (e) above.

Stabilizing actions by the Stabilizing Manager, or any person acting for it, will be entered into in accordance with the laws, rules and regulations in place in Hong Kong on stabilization.

As a result of effecting transactions to stabilize or maintain the market price of the Shares, the Stabilizing Manager, or any person acting for it, may maintain a long position in the Shares. The size of the long position, and the period for which the Stabilizing Manager, or any person acting for it, will maintain the long position is at the discretion of the Stabilizing Manager and is uncertain. In the event that the Stabilizing Manager liquidates this long position by making sales in the open market, this may lead to a decline in the market price of the Shares.

Stabilizing action by the Stabilizing Manager, or any person acting for it, is not permitted to support the price of the Shares for longer than the stabilizing period, which begins on the day on which trading of the Shares commences on the Hong Kong Stock Exchange and ends on the 30th day after the last day for the lodging of applications under the Hong Kong Public Offering. The stabilizing period is expected to end on May 2, 2014. As a result, demand for the Shares, and their market price, may fall after the end of the stabilizing period. These activities by the Stabilizing Manager may stabilize, maintain or otherwise affect the market price of the Shares. As a result, the price of the Shares may be higher than the price that otherwise may exist in the open market. Any stabilizing action taken by the Stabilizing Manager, or any person acting for it, may not necessarily result in the market share of the Shares staying at or above the Offer Price either during or after the stabilizing period. Bids for or market purchases of the Shares by the Stabilizing Manager, or any person acting for it, may be made at a price at or below the Offer Price and therefore at or below the price paid for the Shares by purchasers. A public announcement in compliance with the Securities and Futures (Price Stabilizing) Rules will be made within seven days of the expiration of the stabilizing period.

STRUCTURE OF THE GLOBAL OFFERING

STOCK BORROWING ARRANGEMENT

In order to facilitate the settlement of over-allocations in connection with the Global Offering, the Joint Global Coordinators (or its Affiliate(s)) may choose to borrow Shares from shareholders of our Company under stock borrowing arrangements, or acquire Shares from other sources, including the exercise of the Over-allotment Option.

The Stabilizing Manager will enter into the Stock Borrowing Agreement with Stmoritz Investment Limited, whereby the Stabilizing Manager may borrow Shares from Stmoritz Investment Limited on the following conditions:

- (a) the stock borrowing will only be effected by the Stabilizing Manager for the settlement of over-allocations in connection with the International Offering;
- (b) the maximum number of Shares borrowed from Stmoritz Investment Limited will be limited to 105,914,000 Shares, being the maximum number of Shares which may be allotted and issued by the Company upon full exercise of the Over-allotment Option;
- (c) the same number of Shares borrowed from Stmoritz Investment Limited must be returned to it or its nominees (as the case may be) no later than the third Business Day following the earlier of (i) the last day on which the Over-allotment Option may be exercised; (ii) the date on which the Over-allotment Option is exercised in full and the Shares to be allotted and issued upon exercise of the Over-allotment Option have been allotted and issued; or (iii) such earlier time as may be agreed in writing between Stmoritz Investment Limited and the Stabilizing Manager;
- (d) the stock borrowing arrangement will be effected in compliance with all applicable listing rules, laws and other regulatory requirements; and
- (e) no payments will be made to Stmoritz Investment Limited by the Stabilizing Manager in relation to such stock borrowing arrangement.

The Stock Borrowing Agreement will be effected in compliance with all applicable laws, rules and regulatory requirements. The Stock Borrowing Arrangement is not subject to the restrictions of Rule 10.07(1)(a) of the Listing Rules provided that it complies with the requirements set forth in Rule 10.07(3) of the Listing Rules. No payment will be made to Stmoritz Investment Limited by the Stabilizing Manager or its agent in relation to such stock.

PRICING AND ALLOCATION

Determining the Offer Price

The International Underwriters will be soliciting from prospective investors' indications of interest in acquiring Offer Shares in the International Offering. Prospective professional and institutional investors will be required to specify the number of Offer Shares under the International Offering they would be prepared to acquire either at different prices or at a particular price. This process, known as "book-building," is expected to continue up to, and to cease on or around, the last day for lodging applications under the Hong Kong Public Offering.

Pricing for the Offer Shares for the purpose of the various offerings under the Global Offering will be fixed on the Price Determination Date, which is expected to be on or about April 3, 2014 and in any event no later than April 8, 2014, by agreement between the Joint Global Coordinators (on behalf of the Underwriters) and our Company and the number of Offer Shares to be allocated under the various offerings will be determined shortly thereafter.

Offer Price Range

The Offer Price per Offer Share under the Hong Kong Public Offering will be identical to the Offer Price per Offer Share under the International Offering based on the Hong Kong dollar price per Offer Share under the International Offering, as determined by the Joint Global Coordinators (on behalf of the Underwriters) and our Company.

STRUCTURE OF THE GLOBAL OFFERING

The Offer Price will not be more than HK\$2.60 per Offer Share and is expected to be not less than HK\$2.00 per Offer Share, unless otherwise announced by the Company no later than the morning of the last day for lodging applications under the Hong Kong Public Offer, as further explained below. Prospective investors should be aware that the Offer Price to be determined on the Price Determination Date may be, but is not expected to be, lower than the indicative Offer Price range stated in this prospectus.

Price Payable on Application

Applicants under the Hong Kong Public Offering are required to pay, on application, the Maximum Offer Price of HK\$2.60 per each Hong Kong Offer Share (plus 1% brokerage, 0.003% SFC transaction levy and 0.005% Stock Exchange trading fee). If the Offer Price is less than HK\$2.60, appropriate refund payments (including the brokerage, SFC transaction levy and the Hong Kong Stock Exchange trading fee attributable to the surplus application monies, without any interest) will be made to successful applications.

If, for any reason, our Company and the Joint Global Coordinators (on behalf of the Underwriters) are unable to reach agreement on the Offer Price on or before April 8, 2014, the Global Offering will not proceed and will lapse.

Reduction in Indicative Offer Price Range and/or Number of Offer Shares

The Joint Global Coordinators, on behalf of the Underwriters, may, where considered appropriate, based on the level of interest expressed by prospective professional and institutional investors during the book-building process, and with the consent of our Company, reduce the number of Offer Shares and/or the indicative Offer Price range as stated in this prospectus at any time on or prior to the morning of the last day for lodging applications under the Hong Kong Public Offering. In such case, we will, as soon as practicable following the decision to make such reduction, and in any event not later than the morning of the day which is the last day for lodging applications under the Hong Kong Public Offering, cause to be published in the South China Morning Post (in English) and the Hong Kong Economic Times (in Chinese) and on the website of the Stock Exchange at www.hkexnews.hk and the Company at www.baioo.com.hk, notices of the reduction. Upon issue of such a notice, the revised number of Offer Shares and/or indicative Offer Price range will be final and conclusive and the Offer Price, if agreed upon by the Joint Global Coordinators, on behalf of the Underwriters, and our Company, will be fixed within such a revised Offer Price range. Such notice will also include confirmation or revision, as appropriate, of the working capital statement and the Global Offering statistics as currently set out in the prospectus, use of proceeds, and any other financial information which may change materially as a result of such reduction.

Before submitting applications for the Hong Kong Offer Shares, applicants should have regard to the possibility that any announcement of a reduction in the number of Offer Shares and/or the indicative Offer Price range may not be made until the day which is the last day for lodging applications under the Hong Kong Public Offering. In the event of a reduction in the number of Offers Shares and/or indicative Offer Price range, if the applicants have already submitted an application for the Hong Kong Offer Shares before the last day for lodging applications under the Hong Kong Public Offering, they will be allowed to subsequently withdraw their applications. In the absence of any such notice so published, the number of Offer Shares will not be reduced and/or the Offer Price, if agreed upon by the Joint Global Coordinators (on behalf of the Underwriters) and our Company, will under no circumstances be set outside the indicative Offer Price range as stated in this prospectus.

In the event of a reduction in the number of Offer Shares, the Joint Global Coordinators may, at their discretion, reallocate the number of Offer Shares to be offered in the Hong Kong Public Offering and the International Offering.
