DEUTSCHE BANK AG, SINGAPORE BRANCH

(Incorporated in the Federal Republic of Germany)
(Company Registration No.: S72FC2238G)

ACCEPTANCES OF THE OFFER (AS DEFINED HEREIN) SHOULD BE RECEIVED BY THE HONG KONG REGISTRAR (AS DEFINED HEREIN) AT SHOPS 1712-1716, 17TH FLOOR, HOPEWELL CENTRE, 183 QUEEN'S ROAD EAST, WANCHAI, HONG KONG BY CLOSE OF THE OFFER AT 5.30 P.M. (HONG KONG AND SINGAPORE TIME) ON 26 MAY 2014 OR SUCH LATER DATE(S) AS MAY BE ANNOUNCED FROM TIME TO TIME BY OR ON BEHALF OF SOUND INVESTMENT HOLDINGS PTE. LTD. (THE "OFFEROR")

* For identification purposes only.

According to the Offer Document (as defined herein), Credit Suisse (Hong Kong) Limited (“**Credit Suisse HK**”) and Morgan Stanley Asia Limited (“**Morgan Stanley HK**”, together with Credit Suisse HK, the “**Hong Kong Offeror Financial Advisers**”) are acting for and on behalf of the Offeror in relation to the Offer to the Hong Kong Registered Shareholders (as defined herein) and do not purport to advise the shareholders of the Company (as defined herein) or anyone else. In the context of the Offer to the Hong Kong Registered Shareholders, any references to the Offeror Financial Advisers in this Circular shall be deemed to be referring to the Hong Kong Offeror Financial Advisers.

The procedures for acceptance of the Offer by Hong Kong Registered Shareholders are set out in Appendix 2B to the Offer Document and in the accompanying HK FAT (as defined herein). An electronic copy of the Offer Document is available on the websites of the HKSE (as defined herein) at <http://www.hkexnews.hk> and the Company at <http://www.capitamallsasia.com>.

According to the Offer Document, the Offer Price (as defined herein) for each Offer Share is S\$2.22 in cash. The actual payment for valid acceptances by Hong Kong Registered Shareholders will be made in Hong Kong dollars using the prevailing exchange rate for Hong Kong dollars as at the trading day immediately prior to the date on which the relevant acceptance is received (such amount in Hong Kong dollars, “**HK\$ Equivalent Offer Price**”). The books closure date for determining entitlements to the FY2013 Final Dividend (as defined herein) is 5 May 2014 and the payment date is 16 May 2014. The ex-dividend date in respect of the FY2013 Final Dividend for the Shares (as defined herein) traded on HKSE was on 30 April 2014.

According to the Offer Document, assuming the Offer has become or been declared unconditional as to acceptances, if acceptances in respect of the Offer are tendered:

- (i) in time for the Offeror to be registered as a holder of the relevant Offer Shares in the Hong Kong Branch Register on 5 May 2014, the Offeror will receive the FY2013 Final Dividend (instead of the accepting Shareholder) and will pay the accepting Shareholder the HK\$ Equivalent Offer Price; and
- (ii) not in time for the Offeror to be registered as a holder of the relevant Offer Shares in the Hong Kong Branch Register on 5 May 2014, the Offeror will not receive the FY2013 Final Dividend (the accepting Shareholder will receive the FY2013 Final Dividend if he is registered as a holder of the relevant Offer Shares in the Hong Kong Branch Register on 5 May 2014) and will pay the accepting Shareholder the HK\$ Equivalent Offer Price less HK\$0.1085 per Share (being S\$0.0175 per Share converted at the exchange rate announced by the Company on 17 April 2014 for the purposes of paying the FY2013 Final Dividend to the Hong Kong Registered Shareholders in Hong Kong dollars).

Persons including, without limitation, custodians, nominees and trustees who would, or otherwise intend to, forward this Circular to any jurisdiction outside of Hong Kong should read the details in this regard which are contained in Section 14 of this Circular before taking any action in relation to the Offer. It is the responsibility of each Overseas Shareholder (as defined herein) who wishes to accept the Offer to satisfy himself as to the full observance of the laws of the relevant jurisdictions in that connection, including the obtaining of any governmental or other consent which may be required to transfer the Shares, or compliance with other necessary formalities or legal requirements.

An electronic copy of this Circular is available on the websites of the HKSE at <http://www.hkexnews.hk> and the Company at <http://www.capitamallsasia.com>.

In connection with the Company's secondary listing on HKSE, the Company had applied for, and the Securities and Futures Commission of Hong Kong had granted, a ruling that the Company should not be regarded as a “public company in Hong Kong” for the purposes of Section 4.1 of the Hong Kong Codes on Takeovers and Mergers and Share Buy-backs (the “**HK Code**”). According to the Offer Document, the Offer and the Offeror are therefore not required to comply with the HK Code.

According to the Offer Document, the intention of the Offeror is to delist the Company from the SGX-ST (as defined herein) and the HKSE and fully integrate it into the CapitaLand Group (as defined herein). The proposed withdrawal of listing from HKSE will be subject to HKSE being satisfied with the Company's compliance with the applicable requirements of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and all relevant laws and regulations of Singapore and the Listing Manual of the SGX-ST.

Any reference to a time of day in this Circular shall be a reference to Singapore and Hong Kong time (the two being in the same time zone) unless otherwise stated.

To: The Shareholders of CapitaMalls Asia Limited

Dear Sir / Madam,

VOLUNTARY CONDITIONAL CASH OFFER

1. INTRODUCTION

1.1 Offer Announcement. On 14 April 2014, the Offeror Financial Advisers, for and on behalf of the Offeror, announced that the Offeror intends to make a voluntary conditional cash offer for all the remaining Shares in the capital of the Company.

A copy of the Offer Announcement is available on the websites of the SGX-ST at www.sgx.com and HKSE at www.hkexnews.hk.

1.2 Offer Document. Shareholders should by now have received a copy of the Offer Document issued by the Offeror Financial Advisers, for and on behalf of the Offeror setting out, *inter alia*, the terms and conditions of the Offer. The principal terms and conditions of the Offer are set out on pages 8 to 11 of the Offer Document. **Shareholders are advised to read the terms and conditions of the Offer contained in the Offer Document carefully.**

1.3 Circular. The purpose of this Circular is to provide Shareholders with relevant information pertaining to the Offer and to set out the recommendation of the Independent Directors and the advice of the IFA to the Independent Directors in respect of the Offer.

Shareholders should read the Offer Document, this Circular and the IFA Letter carefully and consider the recommendation of the Independent Directors and the advice of the IFA to the Independent Directors in respect of the Offer before deciding whether or not to accept the Offer.

* For identification purposes only

If you are in any doubt about the Offer, you should consult your stockbroker, bank manager, solicitor or other professional adviser(s) immediately.

2. THE OFFER

Based on the Offer Document, the Offeror Financial Advisers, on behalf of the Offeror, have offered to acquire all the Offer Shares on the terms and subject to the conditions set out in the Offer Document and the Acceptance Forms.

Based on the information set out in Section 2 of the Offer Document, a summary of the terms of the Offer is set out below.

2.1 Offer Price. As set out in the Offer Document, the Offer Price made by the Offeror is:

For each Offer Share : S\$2.22 in cash

2.2 Offer Shares. According to the Offer Document, the Offer is extended to:

- (a) all the Shares in issue;
- (b) all new Shares unconditionally issued or to be issued pursuant to the vesting and release of any outstanding awards granted under the Restricted Stock Plan and Performance Share Plan of the Company ("**CMA Share Awards**"); and
- (c) all new Shares unconditionally issued or to be issued in payment of S\$287,974 of directors' fees payable to the Directors for the financial year ended 31 December 2013 ("**FY2013 Directors' Fees**")¹,

in each case including any Shares owned, controlled or agreed to be acquired by the Concert Parties (all such Shares, "**Offer Shares**")².

2.3 No Encumbrances. According to the Offer Document, the Offer Shares will be acquired:

- (a) fully paid;
- (b) free from all Encumbrances; and
- (c) together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all Distributions (if any) which may be announced, declared, paid or made by CMA on or after the Offer Announcement Date.

2.4 Adjustment for Distribution. As set out in the Offer Document, if any Distribution (including the FY2013 Final Dividend referred to below) is announced, declared, paid or made by the Company on or after the Offer Announcement Date, and the Offeror is not entitled to receive such Distribution in full in respect of any Offer Share tendered in acceptance of the Offer, the Offer Price payable in respect of such Offer Share will be reduced by the amount of such Distribution.

On 17 March 2014, the Board proposed the FY2013 Final Dividend of S\$0.0175 per Share. The FY2013 Final Dividend was approved by Shareholders at the FY2013 AGM. The books closure date for determining entitlements to the FY2013 Final Dividend was on 5 May 2014 (the "**Books Closure**").

¹ The new Shares to be issued in payment of the FY2013 Directors' Fees will be issued at the VWAP of the Shares traded on the SGX-ST over the 14 trading days from (and including) the ex-dividend date in respect of the FY2013 Final Dividend. As such, the number of such new Shares cannot yet be determined as at the Latest Practicable Date.

² But the Offer will not, for the avoidance of doubt, be extended to Shares owned, controlled or agreed to be acquired by CapitalLand.

Date) and the payment date is 16 May 2014. The ex-dividend date in respect of the FY2013 Final Dividend for the Shares traded on the SGX-ST is therefore 29 April 2014.³

According to the Offer Document, assuming the Offer has become or been declared unconditional as to acceptances, if acceptances in respect of the Offer are tendered:

- (a) in time for the Offeror to be registered as a holder of the relevant Offer Shares in the register of Shareholders of CMA on the Books Closure Date, the Offeror will receive the FY2013 Final Dividend (instead of the accepting Shareholder) and will pay the accepting Shareholder S\$2.22 in cash per Offer Share; and
- (b) not in time for the Offeror to be registered as a holder of the relevant Offer Shares in the register of Shareholders of CMA on the Books Closure Date, the Offeror will not receive the FY2013 Final Dividend (the accepting Shareholder will receive the FY2013 Final Dividend if he is registered as a holder of the relevant Offer Shares in the register of Shareholders on the Books Closure Date) and will pay the accepting Shareholder S\$2.2025 in cash per Offer Share.

As the Books Closure Date has already passed as at the date of this Circular:

- (i) if you are a Shareholder as at the Books Closure Date and you accept the Offer, you:
 - (1) will receive from the Offeror S\$2.2025 in cash per Share tendered (assuming the Offer becomes unconditional); and
 - (2) will receive from the Company the FY2013 Final Dividend of S\$0.0175 per Share; or
- (ii) if you became a Shareholder after the Books Closure Date (for example, if you purchased Shares on the SGX-ST after 28 April 2014) and you accept the Offer, you:
 - (1) will receive from the Offeror S\$2.2025 in cash per Share tendered (assuming the Offer becomes unconditional); and
 - (2) will not receive from the Company the FY2013 Final Dividend of S\$0.0175 per Share.

2.5 Conditional Offer. According to the Offer Document, the Offer is subject to the Offeror having received, by the close of the Offer, valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and its Concert Parties before or during the Offer, will result in the Offeror and its Concert Parties holding such number of Shares carrying more than 90% of the voting rights attributable to all Shares in issue as at the close of the Offer (the "**Acceptance Condition**").

Accordingly, the Offer will not become or be capable of being declared unconditional as to acceptances until the close of the Offer, unless at any time prior to the close of the Offer, the Offeror has received valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and its Concert Parties before or during the Offer, will result in the Offeror and its Concert Parties holding such number of Shares carrying more than 90% of the maximum potential issued share capital of CMA.⁴

The Offeror reserves the right to waive the Acceptance Condition or reduce such condition to a level below more than 90% (but in any event above 50%) of the voting rights attributable to all Shares in issue as at the close of the Offer, subject to the approval of the SIC.

³ The ex-dividend date in respect of the FY2013 Final Dividend for the Shares traded on HKSE is 30 April 2014.

⁴ For this purpose, the "**maximum potential issued share capital of CMA**" means the total number of Shares which would be in issue had all the new Shares issuable pursuant to the vesting and release of all the outstanding CMA Share Awards and all the new Shares issuable in payment of the FY2013 Directors' Fees been issued as at the date of the relevant declaration.

The Offer is not subject to any other condition. In particular, the Offer is not required to be approved by the shareholders of CapitaLand as noted in Section 2.4 of the Offer Document.

2.6 Warranty by accepting Shareholders. According to the Offer Document, a Shareholder who tenders his Offer Shares in acceptance of the Offer will be deemed to warrant that he sells such Offer Shares as or on behalf of the beneficial owner(s) thereof:

- (a) fully paid;
- (b) free from all Encumbrances; and
- (c) together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all Distributions (if any) which may be announced, declared, paid or made by the Company on or after the Offer Announcement Date.

2.7 Duration of the Offer. The information on the duration of the Offer is set out in paragraph 1 of Appendix 1 of the Offer Document, which is reproduced below. Unless otherwise defined, all terms and expressions used in the extract below and in the extracts in **Sections 3** (other than **Section 3.2**), **4, 5, 13, 14 and 15** of this Circular below shall have the same meanings as those defined in the Offer Document.

"1. DURATION OF THE OFFER

1.1 First Closing Date. *The Offer is open for acceptance by Shareholders for at least 28 days from the Despatch Date, unless the Offer is withdrawn with the consent of the SIC and every person released from any obligation incurred thereunder. Accordingly, the Offer will close at 5.30 p.m. (Singapore time) on 26 May 2014 or such later date(s) as may be announced from time to time by or on behalf of the Offeror.*

1.2 No Obligation to Extend Offer. *The Offeror is not obliged to extend the Offer if the condition specified in Section 2.4 of this Offer Document is not fulfilled by the Closing Date.*

1.3 Subsequent Closing Date(s). *If the Offer is extended and:*

1.3.1 *is not unconditional as to acceptances as at the date of such extension, the announcement of the extension must state the next Closing Date; or*

1.3.2 *is unconditional as to acceptances as at the date of such extension, the announcement of the extension need not state the next Closing Date but may state that the Offer will remain open until further notice. In such a case, the Offeror must give Shareholders at least 14 days' prior notice in writing before it may close the Offer.*

1.4 Offer to Remain Open for 14 Days after Becoming or Declared to be Unconditional as to Acceptances. *In order to give Shareholders who have not accepted the Offer the opportunity to accept the Offer after the Offer has become or is declared to be unconditional as to acceptances, the Offer will remain open for a period (the "Rule 22.6 Period") of not less than 14 days after the date on which it would otherwise have closed.*

This requirement does not apply if, before the Offer has become or is declared to be unconditional as to acceptances, the Offeror has given the Shareholders at least 14 days' notice in writing ("Shut-Off Notice") that the Offer will not be open for acceptance beyond a specified Closing Date, provided that:

1.4.1 *the Offeror may not give a Shut-Off Notice in a competitive situation; and*

1.4.2 *the Offeror may not enforce a Shut-Off Notice, if already given, in a competitive situation.*

For these purposes, a “competitive situation” shall be deemed to arise when either (i) a firm intention to make a competing offer for CMA is announced, whether or not subject to any preconditions; or (ii) the SIC determines that a competitive situation has arisen.

*If a declaration that the Offer is unconditional as to acceptances is confirmed in accordance with **Paragraph 4.2 (“Right of Withdrawal for Shareholders”)** of this **Appendix 1**, the Rule 22.6 Period will run from the date of such confirmation or the date on which the Offer would otherwise have closed, whichever is later.*

1.5 **Final Day Rule.** *The Offer (whether revised or not) will not be capable:*

1.5.1 *of becoming or being declared to be unconditional as to acceptances after 5.30 p.m. (Singapore time) on the 60th day after the Despatch Date; or*

1.5.2 *of being kept open after such 60-day period unless the Offer has previously become or been declared to be unconditional as to acceptances,*

*provided that the Offeror may extend the Offer beyond such 60-day period with the SIC’s prior consent (the “**Final Day Rule**”).*

1.6 **Revision.** *If the Offer is revised, the Offer will remain open for acceptance for at least 14 days from the date of despatch of the written notification of the revision to Shareholders. In any case, where the terms are revised, the benefit of the Offer (as so revised) will be made available to each of the Shareholders who have previously accepted the Offer.”*

2.8 **Details of the Offer.** Further details of the Offer are set out in Appendix 1 to the Offer Document in relation to (a) the duration of the Offer, (b) the settlement of the consideration for the Offer, (c) the requirements relating to the announcement of the level of acceptances of the Offer, and (d) the right of withdrawal of the acceptances of the Offer by Shareholders.

A copy of each of the Offer Announcement and the Offer Document is available on the websites of the SGX-ST at www.sgx.com and HKSE at www.hkexnews.hk.

2.9 **Procedures for Acceptance.** The procedures for acceptance of the Offer by:

(a) Singapore Registered Shareholders and CDP Depositors are set out in Appendix 2A to the Offer Document; and

(b) Hong Kong Registered Shareholders are set out in Appendix 2B to the Offer Document.

3. PROPOSALS FOR MANAGEMENT OF CMA GROUP

3.1 **Details of the Proposals for Management of CMA Group.** CapitaLand, the parent company of the Offeror, has proposed to offer employees of the CMA Group who are holders of the CMA Share Awards the right to be awarded ordinary shares in CapitaLand in order to preserve the alignment of interest between such holders and the CapitaLand Group. CapitaLand has also proposed the establishment of a retention scheme for certain Executive Officers who, by virtue of their leadership positions in the CMA Group, play critical roles in contributing to the continued success of the CMA Group. The details of these proposals have been extracted from the Offer Document and are set out below.

“12. PROPOSALS FOR MANAGEMENT OF CMA GROUP

12.1 CMA Share Awards. *CapitaLand proposes to offer holders of the CMA Share Awards the right to be awarded ordinary shares in CapitaLand in order to preserve the alignment of interest between such holders and the CapitaLand Group. These holders include the Executive Officers referred to below.*

Such holders will be offered the right to be awarded CapitaLand shares at a price equal to the VWAP per CapitaLand share traded on the SGX-ST over three trading days up to (and including) the Last Trading Day. The number of CapitaLand shares which may be awarded will be determined by dividing (a) the product of the number of Shares such holders are entitled to under their CMA Share Awards and the Offer Price by (b) such VWAP per CapitaLand share. If accepted, the CapitaLand shares taken up by the relevant holder will be released in accordance with the same release schedule currently applicable to the CMA Share Awards.

This proposal is subject to (i) the approval of the CMA board of directors (with the directors who are not considered independent in the context of the Offer abstaining), (ii) the Offer becoming or being declared unconditional, (iii) CMA having been delisted from the SGX-ST and (iv) the relevant holder remaining as an employee of the CMA Group at the relevant release date.

12.2 Management Retention. *CapitaLand is also proposing to establish a retention scheme for certain key executive officers of CMA, including the CMA CEO (“**Executive Officers**”), who, by virtue of their leadership position in the CMA Group, play a critical role in contributing to the continued success of the CMA Group.*

Under this scheme, an award of a certain notional amount, up to S\$0.5 million in the case of the CMA CEO and up to S\$1.7 million in total for all the Executive Officers (including the CMA CEO), will be made and will be converted into such number of CapitaLand shares as at a price equal to the VWAP per CapitaLand share traded on the SGX-ST over a certain price-reference period. The CapitaLand shares comprised in the awards will be vested and released to the Executive Officers in March 2017.

Based on the latest information available to the Offeror as at 15 April 2014, the total number of Shares held by the Executive Officers is approximately 2.0 million Shares, representing approximately 0.05% of all the Shares in issue.

As above, this proposal is subject to (a) the Offer becoming or being declared unconditional, (b) CMA having been delisted from the SGX-ST and (c) the relevant Executive Officer remaining as an employee of the CMA Group at the relevant release date.

The retention scheme is separate from, and does not affect, the terms of employment of the Executive Officers with the CMA Group.

12.3 SIC Ruling. *The SIC had ruled that the proposals above do not constitute a special deal, subject to disclosure of the relevant details of the proposals in the Offer Document and the independent financial adviser to be appointed by CMA stating publicly that in its opinion the arrangements in respect of the retention scheme are fair and reasonable.*

*In compliance with such ruling, the relevant details of the proposals relating to the CMA Share Awards and the retention scheme have been disclosed in **Sections 12.1 and 12.2** above. The view of the independent financial adviser of CMA in respect of the retention scheme will also be made available to you in due course.”*

3.2 Views of the IFA in respect of the Management Retention Scheme. After having regard to the considerations set out in the IFA Letter, the IFA has expressed their opinion that the terms of the Management Retention Scheme are fair and reasonable from a financial point of view in so far as the Independent Shareholders¹ are concerned. An extract of their opinion in respect of the Management Retention Scheme is set out below. Unless otherwise defined, all terms and expressions used in the extract below and in the extracts in **Sections 6 and 11** of this Circular below shall have the same meanings as those defined in the IFA Letter.

“We note that we have not been requested to and were not authorised to and did not take part in any discussions in relation to the formulation of or the negotiations on the terms of the Management Retention Scheme. We do not comment on the merits and/or risks (whether strategically, commercially or otherwise) of the Management Retention Scheme, or on the future trading prices or prospects of the Company and CapitaLand. We do not assume any responsibility to address the relative merits and/or risks of the Management Retention Scheme as compared to any other alternative scheme, or whether or not such alternatives could be achieved or are available. We are the financial advisers only and, accordingly, our advice on the Management Retention Scheme is based solely upon our evaluation, from a financial point of view, of the arrangements proposed to be put in place in relation to the Management Retention Scheme.

In arriving at our opinion, we have reviewed the Management Retention Scheme against, amongst others, (i) the Executive Officers' historical salaries and share awards, (ii) the current monthly salaries of the Executive Officers, (iii) precedent publicly disclosed takeover-related employee payments, and (iv) employee retention and/or guarantee packages as a proportion to monthly salary that is typically available to top executives in Singapore.

On the basis of and subject to the paragraphs set out below, it is our opinion that, as of the Latest Practicable Date, the terms of the Management Retention Scheme are fair and reasonable from a financial point of view in so far as the Independent Shareholders¹ are concerned.

We do not assume any responsibility to advise, and nothing in this letter shall be construed as advice to, any person (other than the Independent Directors) in relation to the Management Retention Scheme. In particular, but without prejudice to the generality of the foregoing, we express no opinion as to whether the Executive Officers should accept the Management Retention Scheme or as to how the Management Retention Scheme is to be administered or implemented.

Any opinion addressed to the Independent Directors in relation to the Management Retention Scheme is solely for the purpose of their consideration of the Offer and may not be relied upon for any other purpose.

The Independent Directors should note that economic, market and other conditions may change after the Latest Practicable Date and that developments after the Latest Practicable Date may affect our opinion and the contents of this letter and that we do not have any obligation to update, revise or reaffirm the contents of this letter. In particular, but without prejudice to the generality of the foregoing, we do not assume any responsibility to advise the Independent Directors, and express no opinion on, any decision they may take in the future in relation to the administration or implementation of the Management Retention Scheme. The Directors of the Company should seek separate advice in relation to the implementation of the Management Retention Scheme.

For the purposes of providing this letter and our evaluation of the terms of the Management Retention Scheme from a financial point of view, we have not received or relied on any financial projections or forecasts in respect of the Company or CapitaLand. We are not required to express,

¹ *“Independent Shareholders” to be defined as Shareholders other than the Offeror, the Executive Officers and their respective concert parties.*

and we do not express, an opinion on the future growth prospects and earnings potential of the Company or CapitaLand, or any part or division thereof. We are therefore not expressing any opinion herein as to the future value of the Shares or the shares in CapitaLand, or on the future performance of the Company, CapitaLand, or any part or division thereof.

In rendering our opinion, we have not had regard to any general or specific investment objectives, financial situations, risk profiles, tax status or positions or particular needs or constraints or other particular circumstances and we neither assume any responsibility for, nor hold ourselves out as advisers to, any Shareholder or other person other than the Independent Directors.

Our opinion is only based on a financial analysis and does not incorporate any assessment of commercial, legal, tax, regulatory or other matters. Such factors are beyond the ambit of our review and do not fall within our terms of reference in connection with the Management Retention Scheme.”

4. RATIONALE FOR THE OFFER

The full text of the rationale for the Offer and the Offeror's intentions relating to the Company have been extracted from the Offer Document and set out below. **Shareholders are advised to read the extract below carefully.**

“7. RATIONALE FOR THE OFFER

The intention of the Offer is to delist CMA and fully integrate it into the CapitaLand Group.

The Offer presents an opportunity for Shareholders to realise their investment in the Shares at a premium of 27.0% to the one-month VWAP of the Shares traded on the SGX-ST prior to the Offer Announcement Date and a premium of 20.7% to the NAV per Share of the CMA Group as at 31 December 2013.

The Offer also allows CapitaLand to achieve the following key objectives:

Fully integrating CMA significantly enhances CapitaLand's competitive strengths in integrated developments

The 'One CapitaLand' strategy seeks to harness the key strengths of its various business units to create differentiated real estate projects and enhance overall project returns. The development of integrated projects is core to the CapitaLand Group's business strategy, as evidenced by its many highly successful integrated projects such as its Raffles City projects in Singapore and China. The individual components of an integrated development complement one another to increase the overall attractiveness of the project. For example, the pre-sales of residential units help fund development costs and improve project cash flows whilst mall connectivity enhances the appeal to commercial tenants and serviced residence customers. Malls in integrated developments are likely to enjoy higher foot traffic and a captive catchment from integrated offices and serviced residences. CapitaLand's integrated developments are typically situated within close proximity to a major transportation hub, providing incremental foot traffic.

Delisting CMA enables greater alignment between CapitaLand's and CMA's business strategies by focusing resources on highest overall project returns. This strategy is expected to confer benefits including improving sourcing of opportunities, streamlining of operations and greater resource accessibility and mobility across strategic business units. CapitaLand will continue to grow its shopping mall business.

Simplify CapitaLand Group's organisational structure

The Offer reinforces CapitaLand's strategy to streamline the CapitaLand Group's organisational structure as the delisting of CMA removes one "listed developer" layer. The CapitaLand Group will benefit from a clearer structure – with a single listed developer integrated across all asset classes, and five key listed real estate investment trusts ("REITs")⁸ for capital recycling. This provides investors with a clear investment proposition as the CapitaLand Group will have a good balance between recurring income from REITs and investment properties, and development income from its development activities. Reduced organisational complexity would also provide sharper focus for the CapitaLand Group's operations and enhance competitiveness.

Increase CapitaLand's financial flexibility and scale

By delisting CMA, CapitaLand will have more flexibility to access and allocate capital across all of its strategic business units, enabling the CapitaLand Group to direct its resources across asset classes in a manner that best enhances shareholder returns. This is a significant competitive advantage for CapitaLand, given the large capital outlays required for integrated developments.

Increasing CapitaLand's ownership of CMA also expands the CapitaLand Group's scale. Its total assets⁹ increase by 13.4% on the basis of its effective share in its subsidiaries' assets as at 31 December 2013 on a pro forma basis. Furthermore, Singapore and China will continue to remain as the CapitaLand Group's core markets, constituting more than 80% of its effective share of total assets⁹ on a pro forma basis.

The combination of increased financial flexibility and scale allows the CapitaLand Group to better pursue business opportunities in its core markets.

Unlock shareholder value and achieve synergies

The transaction is expected to be immediately accretive for the CapitaLand shareholders.¹⁰ Based on the Offer terms, a full privatisation of CMA would raise the earnings per share of the CapitaLand Group for FY2013 by approximately 21.5% and improve the return on equity of the CapitaLand Group as at 31 December 2013 from 5.4% to approximately 6.7% on a pro forma basis.

As a listed entity, CMA has to incur listing, compliance and other related costs. If delisted, these costs would be saved and additional cost efficiencies would result from greater flexibility of mobilising services and resources among the CapitaLand Group's other unlisted strategic business units. Post-integration, CMA will have the flexibility to leverage on the capital base of the CapitaLand Group to optimise its funding costs and capitalise on growth opportunities.

Bring benefits to CMA's operations

CMA will be better positioned to face competitive threats as an integrated part of the CapitaLand Group due to:

- (i) increased financial strength as part of a larger group with greater access to, and ability to capitalise on, future development opportunities; and

⁸ i.e., CapitaCommercial Trust, CapitaMall Trust, CapitaRetail China Trust, CapitaMalls Malaysia Trust and Ascott Residence Trust.

⁹ Excluding treasury cash.

¹⁰ This statement, together with the immediately following statement relating to return on equity, should not be interpreted to mean that the future earnings per share for CapitaLand shareholders will necessarily be greater than those for FY2013.

- (ii) *greater focus on developing integrated projects as part of CapitaLand Group. CapitaLand believes that such positioning increases the overall demand for its projects and shopper traffic as CapitaLand's integrated projects such as Raffles City are often well connected to transportation hubs and brings shoppers from the residential, office and serviced residence components of the development."*

5. THE OFFEROR'S AND CAPITALAND'S INTENTIONS IN RELATION TO THE COMPANY

The Offer Document also sets out the intentions of the Offeror and CapitaLand in relation to the future plans for the Company, the delisting of the Company from the SGX-ST and the HKSE and the compulsory acquisition of Shares, as follows:

8. THE OFFEROR'S AND CAPITALAND'S INTENTIONS IN RELATION TO CMA

8.1 Offeror's and CapitaLand's Future Plans for CMA. *It is the current intention of the Offeror and CapitaLand for CMA to continue with its existing business in line with the objectives of the transaction as set out in **Section 7** above. The Offeror and CapitaLand have no current intention to (i) introduce any major changes to the business of CMA, (ii) re-deploy CMA's fixed assets, or (iii) discontinue the employment of any of the existing employees of the CMA Group.*

Nonetheless, the Offeror and CapitaLand retain the flexibility at any time to consider any options or opportunities which may present themselves and which they regard to be in the interests of the Offeror or CapitaLand.

8.2 Delisting. *The Offeror and CapitaLand intend to make CMA a wholly-owned subsidiary of CapitaLand and do not intend to preserve the listing status of CMA.*

Under Rule 1303(1) of the Listing Manual, if the Offeror and its Concert Parties succeed in holding more than 90% of the Shares in issue, whether through acceptances of the Offer or otherwise, the SGX-ST will suspend trading of the Shares on the SGX-ST at the close of the Offer.

*Separately, Rule 723 of the Listing Manual requires CMA to ensure that at least 10% of all the Shares in issue be held by the public ("**Free Float Requirement**"). If the Free Float Requirement is not met, the SGX-ST may allow CMA a period of three months, or such longer period as the SGX-ST may agree, to raise the percentage of Shares in public hands to at least 10%, failing which CMA may be delisted from the SGX-ST.*

In the event that the Free Float Requirement is not satisfied at the close of the Offer, and the trading of the Shares on the SGX-ST is suspended at the close of the Offer, the Offeror and CapitaLand do not intend to support any action or take any steps to maintain the listing status of CMA or to restore the free float of the Shares consistent with their intention to delist CMA from the SGX-ST.

8.3 Compulsory Acquisition. *Pursuant to Section 215(1) of the Companies Act, if the Offeror receives valid acceptances of the Offer or acquires such number of Offer Shares during the Offer period otherwise than through valid acceptances of the Offer in respect of not less than 90% of the total number of Shares in issue as at the Closing Date (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the Offer), the Offeror would be entitled to exercise the right to compulsorily acquire all the Offer*

Shares of the Dissenting Shareholders.

In such event, the Offeror intends to exercise its right to compulsorily acquire all the Offer Shares not acquired under the Offer. The Offeror and CapitaLand will then proceed to delist CMA from the SGX-ST.

Dissenting Shareholders have the right under and subject to Section 215(3) of the Companies Act, to require the Offeror to acquire their Shares in the event that the Offeror, its related corporations or their respective nominees acquire, pursuant to the Offer or otherwise, such number of Shares which, together with the Shares held by the Offeror, its related corporations or their respective nominees, comprise 90% or more of the total number of issued Shares as at the Closing Date. Dissenting Shareholders who wish to exercise such right are advised to seek their own independent legal advice.

8.4 *Delisting from HKSE.* *Consistent with the intention of the Offeror and CapitaLand to delist CMA from the SGX-ST, they also intend to delist CMA from the HKSE."*

6. LISTING STATUS OF THE COMPANY AFTER THE OFFER

6.1 Possible Consequences of the Offer on the Listing Status of the Company. Based on the Offeror's intentions to delist the Company as set out in **Section 5** of this Circular, Shareholders should note the implications set out in Section 7.8.5 of the IFA Letter as reproduced below.

"7.8.5 Implications of delisting for Shareholders

Shareholders who do not accept the Offer should note the following implications or consequences which may arise as a result of any suspension in, and/or delisting of the Shares:

- i. Shares of unquoted companies are generally valued at a discount to the shares of comparable listed companies as a result of lack of marketability;*
- ii. It is likely to be difficult for Shareholders to sell their Shares in the absence of a public market for the Shares as there is no arrangement for such Shareholders to exit their investments in the Shares. If the Company is delisted, even if such Shareholders were subsequently able to sell their Shares, they may receive a lower price than that of the Offer Price;*
- iii. Given the time taken for the Offeror to exercise its right to compulsorily acquire the remaining Shares or the time taken for Dissenting Shareholders to exercise any rights they may have to compel the Offeror to acquire their Shares under Section 215(3) of the Companies Act, the settlement date on compulsory acquisition is likely to be later than the settlement date had the Offer been accepted;*
- iv. As an unlisted company, the Company will no longer be obligated to comply with the listing requirements of the SGX-ST, in particular the continuing corporate disclosure requirements under Chapter 7 of the Listing Manual and Appendices 7.1 to 7.4 to the Listing Manual. Shareholders will no longer enjoy the same level of protection, transparency and accountability afforded by the Listing Manual. Nonetheless, as a company incorporated in Singapore, the Company will still need to comply with the Companies Act and its memorandum and articles of association and the interests of Shareholders who do not accept the Offer will be protected to the extent provided for by the Companies Act which includes, inter alia, the entitlement to be sent a copy of the profit and loss accounts and balance sheet at least fourteen (14) days before each annual general meeting, at which the accounts will be presented; and*

v. *There is no assurance that the Company will maintain its historical dividend payments in the future.*

7. EXEMPTION RELATING TO DIRECTORS' RECOMMENDATION

7.1 Independent Directors and SIC. Dr Loo Choon Yong, Mr Sunil Tissa Amarasuriya, Mr Bob Tan Beng Hai and Professor Tan Kong Yam are independent for the purposes of the Offer and are required to make a recommendation to the Shareholders in respect of the Offer. The SIC has ruled that the following Directors, namely Mr Ng Kee Choe, Mr Lim Ming Yan, Mr Lim Tse Ghaw Olivier, Tan Sri Amirsham A Aziz, Mrs Arfat Pannir Selvam and Mr Lim Beng Chee (the "**Relevant Directors**") are not considered independent for the purposes of the Offer under Rule 8.3 of the Code due to their relationships with CapitaLand, the parent company of the Offeror as follows:

- (a) Mr Ng Kee Choe is the Chairman and a Non-Independent Non-Executive Director of the Company. He is also currently the Chairman and Independent Non-Executive Director of CapitaLand;
- (b) Mr Lim Ming Yan is a Non-Independent Non-Executive Director of the Company. He is also an Executive Director and the President and Group Chief Executive Officer of CapitaLand, as well as a director of various entities within the CapitaLand Group;
- (c) Mr Lim Tse Ghaw Olivier is a Non-Independent Non-Executive Director of the Company. He is also the Group Deputy Chief Executive Officer of CapitaLand as well as a director of various entities within the CapitaLand Group;
- (d) Tan Sri Amirsham A Aziz is an Independent Non-Executive Director of the Company. He is also currently an Independent Non-Executive Director of CapitaLand⁵;
- (e) Mrs Arfat Pannir Selvam is an Independent Non-Executive Director of the Company. As at the Offer Announcement Date, she was an Independent Non-Executive Director of CapitaLand⁵; and
- (f) Mr Lim Beng Chee is the Chief Executive Officer of the Company, a major subsidiary of the CapitaLand Group. He is also considered a senior executive of the CapitaLand Group. Prior to his appointment as the Chief Executive Officer of the Company in 2008 and the listing of the Company on the Mainboard of the SGX-ST in 2009, he held various positions within the CapitaLand Group, including, but not limited to, Chief Executive Officer of CapitaRetail China Trust Management Limited (the manager of CapitaRetail China Trust), acting Finance Manager of CapitaMall Trust Management Limited (the manager of CapitaMall Trust) in 2004, and from 2004 to 2009, the Deputy Chief Executive Officer and thereafter the Chief Executive Officer of CapitaMall Trust Management Limited (the manager of CapitaMall Trust). Given his long working relationship with the CapitaLand Group and as a senior executive of the CapitaLand Group, he may reasonably be perceived to face a conflict of interest.

7.2 Scope of Responsibility. Accordingly, the Relevant Directors, being each of Mr Ng Kee Choe, Mr Lim Ming Yan, Mr Lim Tse Ghaw Olivier, Tan Sri Amirsham A Aziz, Mrs Arfat Pannir Selvam and Mr Lim Beng Chee, are parties presumed to be acting in concert with the Offeror and CapitaLand under the Code and would face, or may reasonably be perceived to face, a conflict of interest, that would render each of them inappropriate to join the Independent Directors in making a recommendation on the Offer to the Shareholders. They have therefore been exempted by the SIC from the requirement to make a recommendation to the Shareholders on the Offer. However, they still assume responsibility for the accuracy of the facts stated in the documents which the Company will send to Shareholders in connection with the Offer.

⁵ Tan Sri Amirsham A Aziz and Mrs Arfat Pannir Selvam are Independent Non-Executive Directors of the Company for the purposes of the Singapore Code of Corporate Governance.

8. NO IRREVOCABLE UNDERTAKINGS

According to Section 13.2.3 of the Offer Document, as at 21 April 2014, none of the Offeror and its Concert Parties has received any irrevocable undertaking from any person to accept, approve or reject the Offer in respect of any Relevant Securities.

9. INFORMATION ON THE OFFEROR AND CAPITALAND

Information on the Offeror and Capitaland is set out in **Appendix 3** of this Circular.

10. DIRECTORS' INTERESTS AND INTENTIONS

10.1 Interests in Shares and shares of the Offeror. Details of the Directors, including *inter alia*, the Directors' direct and deemed interests in the Shares and shares of the Offeror as at the Latest Practicable Date, are set out in **Appendix 2** to this Circular.

10.2 Intentions with regard to the Offer. The Relevant Directors who hold Shares intend to accept the Offer in full in respect of all their Shares. The Independent Directors who hold Shares intend to accept the Offer in full in respect of all their Shares only when the Offer turns unconditional.

11. ADVICE AND RECOMMENDATIONS

11.1 General. SHAREHOLDERS ARE ADVISED TO READ THE IFA LETTER SET OUT IN APPENDIX 1 OF THIS CIRCULAR CAREFULLY BEFORE DECIDING WHETHER TO ACCEPT OR REJECT THE OFFER.

11.2 Advice of the IFA to the Independent Directors. The Independent Directors have carefully considered the advice of the IFA in respect of the Offer, which is set out in **Appendix 1** of this Circular. The IFA's recommendation in respect of the Offer as extracted from Section 9 of the IFA Letter, is set out below and should be read in conjunction with, and in the context of, the full text of the IFA Letter. Unless otherwise stated, all terms and expressions used in the extract below shall have the meanings given to them in the IFA Letter.

"In arriving at our opinion on the Offer, we have taken into account the following key considerations in the context of a non-change of control transaction (which should be read in conjunction with, and in the context of, the full text of this letter):

9.1 Factors in favour of the Offer Price

9.1.1 *The Offer Price represents a significant premium of 23.0%, 27.0%, 25.5%, 20.5%, 17.4%, 20.1% and 17.7% over the last traded price on the Last Trading Day, 1-month, 3-month, 6-month, 1-year, 2-year, and since-IPO VWAP, respectively. The Net Offer Price represents a significant premium of 22.0%, 26.0%, 24.5%, 19.6%, 16.5%, 19.1% and 16.8% over the last traded price on the Last Trading Day, 1-month, 3-month, 6-month, 1-year, 2-year, and since-IPO VWAP, respectively;*

9.1.2 *The Offer Price and Net Offer Price represents a premium of approximately 18.7% and 17.8%, respectively, over the unaudited NAV per Share of the Company of S\$1.87 as at 31 March 2014;*

9.1.3 *In comparison with the Singapore Comparable Companies:*

i. The P/Book NAV ratio of CMA based on the

9.2 Factors against the Offer Price

9.2.1 *The Offer Price and Net Offer Price represents a premium of 4.7% and 3.9% to the IPO price, which is less than the NAV per share growth of 38% since the IPO;*

- iii. The Offer Price and Net Offer Price represents a premium of approximately 25.5% and 24.5%, respectively, over the 3-month VWAP. This compares to a median premium of 23.9% to the 3-month VWAP.*

9.1.7 *As compared to the relative performance of the market indices, the current market price and the trading volume of the Shares may have been underpinned by the Offer subsequent to the Offer Announcement Date. As such, there is no assurance that the market price and trading volume of the Shares will be maintained at the prevailing level as at the Latest Practicable Date after the close of the Offer.*

9.3 Other factors:

9.3.1 *As at the Latest Practicable Date, the Offeror and its Concert Parties holds approximately 70.4% of the Shares and the Company has confirmed that there is no alternative or competing offer available to the Shareholders. In the event of an alternative or competing offer, we note that unless the Offeror and its Concert Parties accept such alternative or competing offer, any offer made by any third parties would not be capable of becoming unconditional;*

9.3.2 *As at the Latest Practicable Date, if during the Offer, the Offeror and its Concert Parties acquires another 764,770,064 Shares representing approximately 19.6% of the Shares as at the Latest Practicable Date, the Free Float Requirement will not be met and the SGX-ST would have the right to suspend trading in the Shares following the close of the Offer;*

9.3.3 *The intention of the Offeror is to exercise any rights of compulsory acquisition in the event that the Offeror acquires not less than 90% of the total number of issued Shares as at the Closing Date (other than those already held by the Offeror, its related corporations or their respective*

nominees as at the date of the Offer). Between the Offer Announcement Date and the Latest Practicable Date, the Offeror acquired a total of 194,766,000 Shares in the open market at prices ranging from S\$2.20 to S\$2.22 per Share. As at the Latest Practicable Date, the Offeror and its Concert Parties owned, controlled or agreed to acquire an aggregate of 2,743,155,708 Shares representing approximately 70.4% of the share capital of the Company as at the Latest Practicable Date;

- 9.3.4 The intention of the Offeror not to maintain or support any action taken or to be taken to maintain the listing status of the Company if the Offeror is unable to exercise the right to compulsorily acquire all the Shares not acquired under the Offer and the Company does not meet the Free Float Requirement pursuant to Rule 723 of the Listing Manual;
- 9.3.5 The Share Price of CMA may fall below its current trading levels if the Offer fails; and
- 9.3.6 The Offeror has no present intention to make any major changes to the existing business of the Company.

For the purposes of providing this letter and our evaluation of the Offer for Shares from a financial point of view, we have not received or relied on any financial projections or forecasts in respect of the Company or the Group. We are not required to express, and we do not express, an opinion on the future growth prospects and earnings potential of the Company. We are therefore not expressing any opinion herein as to the price at which the Shares may trade whether or not the Offer is declared unconditional in all respects or on the future financial performance of the Company.

In rendering our opinion, we have not had regard to any general or specific investment objectives, financial situations, risk profiles, tax positions or particular needs or constraints of any specific Shareholder and we neither assume any responsibility for, nor hold ourselves out as advisers to any person other than the Independent Directors.

Our opinion is only based on a financial analysis and does not incorporate any assessment of commercial, legal, tax, regulatory or other matters. Our opinion also does not incorporate an assessment of the price at which the Shares may trade following the success or failure of the Offer. Such factors are beyond the ambit of our review and do not fall within our terms of reference in connection with the Offer.

We have considered the Factors in favour of the Offer Price and the Factors against the Offer Price in the context of a non-change of control transaction. We note that the Factors in favour of the Offer Price outweigh in number the Factors against the Offer Price. In particular, the Offer Price's valuation ratios are higher than the mean and median of the Comparable Companies which reflect the current market valuation of the Singapore and China property sectors and are higher than the mean and median of the Singapore Property Precedent Transactions which reflect the premiums paid previously for property privatisation transactions.

Based upon and subject to the foregoing, we are of the opinion that, as at the Latest Practicable Date the terms of the Offer are fair and reasonable from a financial point of view in the context of a non-change of control transaction.

We note that the Independent Directors may wish to consider advising Shareholders who:

- i. Wish to realise their investments in the Company at this time but are unable to sell their Shares in the open market at a price (after deduction of related expenses) higher than the Offer Price; and/or
- ii. Believe that the current market price of the Shares may decrease; and/or
- iii. Believe that even if the Company remains listed, trading liquidity may reduce materially; and/or
- iv. Believe that a higher offer may not be made; and/or

- v. Are uncertain of the longer term performance and prospects of the Company, either on status quo basis or under the stewardship of the Offeror,

that such Shareholders may wish to consider selling a portion or all of their Shares in the open market or tendering Shares pursuant to the Offer. If the Independent Directors make a recommendation to Shareholders to tender Shares in acceptance of the Offer or sell Shares in the open market, the Independent Directors may also wish to consider highlighting that there is no certainty that the Offer will or will not become unconditional in all respects, there is no assurance that the price of the Shares will remain at current levels after the close or lapse of the Offer and the current price performance of the Shares is not indicative of the future price performance levels of the Shares, which will be governed by factors such as, inter alia, the performance and prospects of the Company, prevailing and future economic conditions and outlook and market conditions and sentiments.

The Independent Directors may also wish to consider advising Shareholders who:

- i. Do not currently wish to realise their investments in the Company; and/or
- ii. Believe that the current market price of the Shares may increase; and/or
- iii. Believe that a higher offer may be made; and/or
- iv. Believe that there may be material incremental value to be realised in the future as a result of initiatives being executed by the Company; and/or
- v. Hold a favourable view of the Company's prospects and believe that they will be able to realise greater value from continuing to own their Shares,

that such Shareholders may wish to consider retaining a portion or all of their Shares. If the Independent Directors make a recommendation to Shareholders to retain their Shares, the Independent Directors may also wish to consider highlighting that there is no certainty that the Offer will become unconditional in all respects, there is no assurance that the prices of the Shares will remain at current levels after the close or lapse of the Offer; and the current price performance of the Shares is not indicative of the future price performance levels of the Shares, which will be governed by factors such as, inter alia, the performance and prospects of the Company, prevailing and future economic conditions and outlook and market conditions and sentiments.

Furthermore, the Independent Directors may wish to consider advising Shareholders who are considering retaining a portion or all of their Shares, that in the event the Company is delisted, such Shareholders would hold Shares in an unquoted company. We note that the Offeror's preference, as according to the Offer Document, is to delist the Company, although it has no obligation to do so. Accordingly, Shareholders may wish to consider selling a portion or all of their Shares if the Offer becomes unconditional."

11.3 Recommendation of the Independent Directors. The Independent Directors, having reviewed and carefully considered the terms of the Offer and the advice given by the IFA to the Independent Directors in the IFA Letter, concur with the advice of the IFA in respect of the Offer, that as at the Latest Practicable Date, the terms of the Offer *are fair and reasonable from a financial point of view in the context of a non-change of control transaction.*

The Independent Directors note that the IFA has considered the factors in favour of the Offer Price as set out in Section 9.1 of the IFA Letter and the factors against the Offer Price as set out in Section 9.2 of the IFA letter, in the context of a non-change of control transaction. The Independent Directors wish to highlight that the IFA notes that the factors in favour of the Offer Price outweigh in number the factors against the Offer Price. In particular, the IFA has noted on the basis of the analysis in the IFA Letter, that the Offer Price's valuation ratios are higher than the mean and median of the

Comparable Companies (as defined in the IFA Letter) which reflect the current market valuation of the Singapore and China property sectors and are higher than the mean and median of the Singapore Property Precedent Transactions (as defined and explained in the IFA Letter) which reflect the premiums paid previously for property privatisation transactions.

Shareholders who:

- i. **Wish to realise their investments in the Company at this time but are unable to sell their Shares in the open market at a price (after deduction of related expenses) higher than the Offer Price; and/or**
- ii. **Believe that the current market price of the Shares may decrease; and/or**
- iii. **Believe that even if the Company remains listed, trading liquidity may reduce materially; and/or**
- iv. **Believe that a higher offer may not be made; and/or**
- v. **Are uncertain of the longer term performance and prospects of the Company, either on status quo basis or under the stewardship of the Offeror,**

may wish to consider selling a portion or all of their Shares in the open market or tendering Shares pursuant to the Offer. The Independent Directors wish to highlight that Shareholders who tender Shares in acceptance of the Offer or sell Shares in the open market, should note that there is no certainty that the Offer will or will not become unconditional in all respects, there is no assurance that the price of the Shares will remain at current levels after the close or lapse of the Offer and the current price performance of the Shares is not indicative of the future price performance levels of the Shares, which will be governed by factors such as, *inter alia*, the performance and prospects of the Company, prevailing and future economic conditions and outlook and market conditions and sentiments.

Shareholders who:

- i. **Do not currently wish to realise their investments in the Company; and/or**
- ii. **Believe that the current market price of the Shares may increase; and/or**
- iii. **Believe that a higher offer may be made; and/or**
- iv. **Believe that there may be material incremental value to be realised in the future as a result of initiatives being executed by the Company; and/or**
- v. **Hold a favourable view of the Company's prospects and believe that they will be able to realise greater value from continuing to own their Shares,**

may wish to consider retaining a portion or all of their Shares. The Independent Directors wish to highlight that Shareholders who retain their Shares, should note that there is no certainty that the Offer will become unconditional in all respects, there is no assurance that the prices of the Shares will remain at current levels after the close or lapse of the Offer; and the current price performance of the Shares is not indicative of the future price performance levels of the Shares, which will be governed by factors such as, *inter alia*, the performance and prospects of the Company, prevailing and future economic conditions and outlook and market conditions and sentiments.

The Independent Directors also wish to highlight that Shareholders who are considering retaining a portion or all of their Shares, should note that in the event the Company is delisted, such Shareholders would hold Shares in an unquoted company. Accordingly, Shareholders may wish to consider selling a portion or all of their Shares if the Offer becomes unconditional. While it is the Offeror's preference, as according to the Offer Document, to delist the Company, it has no obligation to do so.

- 11.4 No Regard to Specific Objectives.** In making their recommendation, the Independent Directors have not had regard to the specific objectives, financial situation, tax status, risk profiles or unique needs and constraints of any individual Shareholder. Accordingly, the Independent Directors recommend that any individual Shareholder who may require advice in the context of his specific

investment portfolio should consult his stockbroker, bank manager, solicitor, accountant, tax adviser or other professional adviser immediately.

- 11.5 General.** Shareholders should consider carefully the recommendation of the Independent Directors and the advice of the IFA to the Independent Directors before deciding whether to accept or reject the Offer. Shareholders should note that the IFA's opinion and advice should not be relied upon by any Shareholder as the sole basis for deciding whether or not to accept the Offer.

12. ACTION TO BE TAKEN BY SHAREHOLDERS

- 12.1 Accepting the Offer.** Shareholders who wish to accept the Offer must do so not later than 5.30 p.m. (Singapore time) on 26 May 2014 or such later date(s) as may be announced from time to time by or on behalf of the Offeror, abiding by the procedures for the acceptance of the Offer as set out in Appendix 2A (in the case of Singapore Registered Shareholders and CDP Depositors) and Appendix 2B (in the case of Hong Kong Registered Shareholders) to the Offer Document, and the Acceptance Forms.

Shareholders who do not wish to accept the Offer need not take any action in respect of the Offer Document and the Acceptance Forms which have been sent to them.

13. HONG KONG REGISTERED SHAREHOLDERS

- 13.1 Hong Kong Registered Shareholders.** The Offer Document sets out certain information in relation to the Hong Kong Registered Shareholders, as follows:

"14. HONG KONG REGISTERED SHAREHOLDERS

*For the purposes of compliance with the SFO, this Offer is made to the Hong Kong Registered Shareholders by the licensed affiliates of the Joint Financial Advisers in Hong Kong, being Credit Suisse (Hong Kong) Limited and Morgan Stanley Asia Limited (collectively, "**Hong Kong Joint Financial Advisers**"), on behalf of the Offeror. The documents setting out the terms and conditions of the Offer despatched to the Hong Kong Registered Shareholders contain the same terms and conditions as set out herein, save and except that such documents include a front cover which identifies the Hong Kong Joint Financial Advisers as the joint financial advisers to the Offeror and contains certain specific statements required under the SFO.*

The Offer Document despatched to the Hong Kong Registered Shareholders is in English and Chinese versions. Should there be any inconsistency between the English and Chinese versions, the English version shall prevail."

14. OVERSEAS SHAREHOLDERS

- 14.1 Overseas Shareholders.** The Offer Document sets out certain information in relation to Overseas Shareholders, as follows:

"15. OVERSEAS SHAREHOLDERS

15.1 Overseas Shareholders. *The availability of the Offer to Shareholders whose addresses are outside Singapore, as shown on the Singapore Register, the Hong Kong Branch Register or in the records of CDP, as the case may be (each, an "**Overseas Shareholder**"), may be affected by the laws of the relevant overseas jurisdictions. Accordingly, all Overseas Shareholders should inform themselves about, and observe, any applicable requirements in*

their own jurisdictions. For the avoidance of doubt, the Offer is made to all Shareholders including those to whom this Offer Document and the relevant Acceptance Forms have not been, or will not be, sent.

15.2 Copies of Offer Document. *Shareholders and Overseas Shareholders may (subject to compliance with applicable laws) obtain copies of this Offer Document, the relevant Acceptance Forms and any related documents, during normal business hours up to the Closing Date from:*

15.2.1 *the Singapore Registrar (if he is a Singapore Registered Shareholder) at 50 Raffles Place, #32-01 Singapore Land Tower, Singapore 048623; or*

15.2.2 *CDP (if he is a CDP Depositor) at 9 North Buona Vista Drive, #01-19/20 The Metropolis, Singapore 138588.*

Alternatively, an Overseas Shareholder may (subject to compliance with applicable laws) write to:

(i) *the Singapore Registrar (if he is a Singapore Registered Shareholder) at Boardroom Corporate & Advisory Services Pte. Ltd. at 50 Raffles Place, #32-01 Singapore Land Tower, Singapore 048623; or*

(ii) *CDP (if he is a CDP Depositor) at The Central Depository (Pte) Limited at Robinson Road Post Office P.O. Box 1984 Singapore 903934,*

to request for this Offer Document, the relevant Acceptance Forms and any related documents to be sent to an address in Singapore by ordinary post at his own risk, up to three Market Days prior to the Closing Date.

15.3 Overseas Jurisdiction. *It is the responsibility of any Overseas Shareholder who wishes to accept the Offer to satisfy himself as to the full observance of the laws of the relevant jurisdictions in that connection, including the obtaining of any governmental or other consent which may be required to transfer the Shares, or compliance with other necessary formalities or legal requirements. Such Overseas Shareholder shall be liable for any such taxes, imposts, duties or other requisite payments payable and the Offeror and any person acting on its behalf (including the Joint Financial Advisers) shall be fully indemnified and held harmless by such Overseas Shareholder for any such taxes, imposts, duties or other requisite payments as the Offeror and/or any person acting on its behalf (including the Joint Financial Advisers) may be required to pay. In (i) requesting for this Offer Document, the relevant Acceptance Forms and any related documents and/or (ii) accepting the Offer, the Overseas Shareholder represents and warrants to the Offeror and the Joint Financial Advisers that he is in full observance of the laws of the relevant jurisdiction in that connection, and that he is in full compliance with all necessary formalities or legal requirements. If any Shareholder is in any doubt about his position, he should consult his professional adviser in the relevant jurisdiction.*

15.4 Notice. *The Offeror and the Joint Financial Advisers each reserves the right to notify any matter, including the fact that the Offer has been made, to any or all Shareholders (including Overseas Shareholders) by announcement to the SGX-ST and the HKSE or paid advertisement in a daily newspaper published and circulated in Singapore, in which case, such notice shall be deemed to have been sufficiently given notwithstanding any failure by any Shareholder (including an Overseas Shareholder) to receive or see such announcement or advertisement."*

15. INFORMATION PERTAINING TO CPFIS INVESTORS

The Offer Document sets out certain information pertaining to CPFIS Investors in Section 16.2 of the Offer Document, as follows:

“16.2 Information Pertaining to CPFIS Investors. *CPFIS Investors should receive further information on how to accept the Offer from their respective CPF Agent Banks shortly. CPFIS Investors are advised to consult their respective CPF Agent Banks should they require further information, and if they are in any doubt as to the action they should take, CPFIS Investors should seek independent professional advice. CPFIS Investors who wish to accept the Offer are to reply to their respective CPF Agent Banks by the deadline stated in the letter from their respective CPF Agent Banks. Subject to the Offer becoming or being declared to be unconditional as to acceptances, CPFIS Investors who accept the Offer will receive the Offer Price payable in respect of their Offer Shares in their CPF investment accounts.”*

16. RESPONSIBILITY STATEMENT

The Directors (including any who may have delegated detailed supervision of this Circular) have taken all reasonable care to ensure that the facts stated and all opinions expressed in this Circular (other than the IFA Letter, the 1Q Results Reports and the Valuation Reports) are fair and accurate, and they confirm, after having made all reasonable inquiries, that to the best of their knowledge, opinions expressed in this Circular (other than the IFA Letter, the 1Q Results Reports and the Valuation Reports) have been arrived at after due and careful consideration and there are no other facts not contained in this Circular, the omission of which would make any statement in this Circular misleading.

Where any information has been extracted or reproduced from published or otherwise publicly available sources (including, without limitation, the Offer Document), the sole responsibility of the Directors has been to ensure through reasonable enquiries that such information is accurately extracted from such sources or, as the case may be, reflected or reproduced in this Circular.

In respect of the IFA Letter, the 1Q Results Reports and the Valuation Reports, the sole responsibility of the Directors has been to ensure that the facts stated with respect to the Group are fair and accurate.

The Directors jointly and severally accept full responsibility accordingly.

Yours faithfully
For and on behalf of the
Board of Directors

Dr Loo Choon Yong
Lead Independent Non-Executive Director

LETTER FROM DEUTSCHE BANK TO THE INDEPENDENT DIRECTORS

9 May 2014

To: The Independent Board Committee
CapitaMalls Asia Limited
39 Robinson Road
#18-01 Robinson Point
Singapore 068911

Dear Sirs,

OFFER BY CREDIT SUISSE (SINGAPORE) LIMITED (“CREDIT SUISSE”) AND MORGAN STANLEY ASIA (SINGAPORE) PTE. (“MORGAN STANLEY”) FOR AND ON BEHALF OF SOUND INVESTMENT HOLDINGS PTE. LTD (THE “OFFEROR”), A WHOLLY-OWNED SUBSIDIARY OF CAPITALAND LIMITED (“CAPITALAND”), TO ACQUIRE ALL THE ISSUED ORDINARY SHARES IN THE CAPITAL OF CAPITAMALLS ASIA LIMITED (THE “COMPANY”)

For the purpose of this letter, capitalised terms not otherwise defined in this letter shall have the same meanings given to them in the circular issued by the Company to its shareholders dated 9 May 2014 in relation to the Offer (the “Circular”) and the offer document issued by the Offeror to the Company’s shareholders dated 28 April 2014 (the “Offer Document”) in relation to the Offer.

1 INTRODUCTION

On 14 April 2014 (the “Offer Announcement Date”), Credit Suisse and Morgan Stanley announced, for and on behalf of the Offeror, that the Offeror intends to make a voluntary conditional cash offer to acquire all the issued Shares, other than the 65.3% of the total number of issued Shares already owned by the Offeror at S\$2.22 in cash (the “Offer Price”) for each Share (the “Offer”). This Offer Price is subject to adjustment as detailed in section 2.3 of the Offer Document. As the date of this letter is after the ex-dividend date as indicated in section 2.3, any shareholders of the Company (the “Shareholders”) who accept the Offer at or after the date of this letter will receive a reduced Offer Price of S\$2.2025 in cash for each Share (“Net Offer Price”).

Deutsche Bank AG, Singapore Branch (“Deutsche Bank”) has been appointed by the Company as the independent financial adviser (the “IFA”) to the Directors who are considered independent (the “Independent Directors”) for the purpose of making a recommendation to the Shareholders in respect of the Offer.

This letter sets out, *inter alia*, our evaluation of the financial terms of the Offer and our advice thereon. It forms part of the Circular to Shareholders dated 9 May 2014 issued by the Company providing, *inter alia*, details of the Offer and the recommendations of the Independent Directors in respect thereof.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

2 TERMS OF REFERENCE

Deutsche Bank has been appointed to advise the Independent Directors on the Offer, from a financial point of view, in compliance with the Singapore Code on Take-overs and Mergers (the “Code”). We make no representations or warranties in relation to the merits or risks (if any) of the Offer other than to form an opinion for the purposes of Rules 7.1 and 24.1(b) of the Code. We have limited our evaluation to the terms of the Offer from a financial point of view and have not taken into account the strategic, commercial or financial risks or merits of the Offer. Our terms of reference do not require us to evaluate or comment on the strategic or long-term commercial merits of the Offer or on the prospects of the Group (i.e. the Company, its subsidiaries and associated companies) or any of its respective related companies (as defined in the Companies Act). Such evaluations or comments remain the responsibility of the Directors and management of the Company. However, we have drawn upon the views of the Directors and management of the Company in arriving at our views. We were also not requested or authorised to solicit any indications of interest from any third party with respect to the Shares (an “Alternative Offer”). We are not addressing the relative merits of the Offer as compared to any alternative transaction previously considered by the Company (or the Shareholders), or that otherwise may become available to the Company (or the Shareholders) currently or in the future, or as compared to any Alternative Offer that might otherwise be available.

We have held discussions with certain Directors and the management of the Company and have examined information provided by the Directors, the management, employees and advisors of the Company, information set out in the Circular and other publicly available information collated by us, upon which our view is based. We have not independently verified such information, whether written or verbal, and have assumed its truth, accuracy, completeness and adequacy. Accordingly, we cannot and do not make any representation or warranty (express or implied) in respect of, and do not accept any responsibility for, the truth, accuracy, completeness or adequacy of such information. We have nevertheless made enquiries and used our judgement as we deemed necessary or appropriate in assessing such information and are not aware of any reason to doubt the reliability of the information.

We have relied upon the assurances of the Directors (including those who may have delegated detailed supervision of the Circular) that they collectively and individually accept full responsibility for the accuracy and completeness of the information given in the Circular (other than this letter) and confirm after making all reasonable enquiries and to the best of their respective knowledge and belief, that the facts stated and all opinions expressed in the Circular are true, complete, fair and accurate in all material aspects and that no material facts have been omitted from the Circular, such omission of which would make any statement in the Circular misleading.

We have relied upon valuation reports provided by independent professional valuers, including CBRE Pte. Ltd., Colliers International (Hong Kong) Limited, DTZ Debenham Tie Leung International Property Advisers (Shanghai) Co., Ltd., DTZ Debenham Tie Leung Kabushiki Kaisha, Knight Frank Petty Limited and PPC International Sdn Bhd (collectively, the “Valuation Reports”) and a copy of each of the Valuation Reports is reproduced in Appendix 7 to the Circular. With respect to such Valuation Reports, we are not experts in the evaluation or appraisal of the assets concerned and we have placed sole reliance on these Valuation Reports for such asset appraisal and have not made any independent verification of the contents thereof in respect of the assets held by the Group and its subsidiaries nor have we evaluated the solvency of the Group under any applicable laws relating to bankruptcy, insolvency or similar matters. We have not made an independent evaluation or appraisal of the assets and liabilities of the Group and we have not been furnished with any such evaluation or appraisal, except for the Valuation Reports as stated above.

Accordingly, no representation or warranty, express or implied, is made and no responsibility is accepted by us concerning the accuracy, completeness or adequacy of all such information, provided or otherwise made available to us or relied on by us as described above.

In addition, we have assumed that the Offer will be consummated in accordance with the terms set forth in the Offer Document without any waiver, amendment or delay of any terms or conditions

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

and that no conditions or restrictions will be imposed that would have a material adverse effect on the contemplated benefits expected to be derived from the Offer.

Furthermore, our terms of reference do not require us to conduct a comprehensive independent review of the business, operations or financial condition of the Company or any of its respective related or associated companies, or express, and we do not express, an opinion on the future growth prospects of the Company, or any of its respective related or associated companies. We are therefore not expressing any opinion herein as to the future financial or other performance of those companies.

Our opinion, as set out in this letter, is based upon the financial, market, economic, industry, monetary, regulatory and other prevailing conditions on, and the information made available to us, as of 2 May 2014 (the "Latest Practicable Date"). We assume no responsibility to update, revise or reaffirm our opinion in light of any subsequent development after the Latest Practicable Date that may in any way affect our opinion contained herein. Shareholders of the Company should take note of any announcement relevant to their consideration of the Offer which may be released by or on behalf of the Company or the Offeror after the Latest Practicable Date.

In rendering our advice and giving our recommendation, we have not had regard to the specific investment objectives, financial situation, tax position, risk profile or individual circumstances of any Shareholder. As different Shareholders would have different investment objectives and profiles, we would advise the Independent Directors to recommend that any individual Shareholder who may require specific advice in relation to his investment portfolio should consult his stockbroker, bank manager, solicitor, accountant, tax adviser or other professional advisers immediately.

This letter and our opinion are solely for the use and benefit of the Independent Directors in connection with and for the purpose of their consideration of the Offer, and the recommendation made by them to the Shareholders shall remain the responsibility of the Independent Directors. This letter is not addressed to and may not be relied upon by any third party including, without limitation, Shareholders, holders of options or awards issued by the Company, employees or creditors of the Company. This letter does not constitute a recommendation to any Shareholder as to whether such Shareholder should accept or reject the Offer or any other matter.

The Company has been separately advised by its own professional advisors in the preparation of the Circular (other than this letter). We have had no role or involvement and have not provided any advice, financial or otherwise, whatsoever in the preparation, review and verification of the Circular (other than this letter).

Accordingly, we take no responsibility for, and express no views, express or implied, on the contents of the Circular (other than this letter).

3 THE OFFER

The following has been extracted from section 2 of the Offer Document and is set out in italics below. **Shareholders are advised to read the relevant section of the Offer Document, as extracted below, carefully.**

“2. TERMS OF THE OFFER

2.1 Offer Price. *On behalf of the Offeror, the Joint Financial Advisers hereby make the Offer for all the Offer Shares, in accordance with Section 139 of the SFA and the Code, on the following basis:*

For each Offer Share: S\$2.22 in cash

2.2 Offer Shares. *The Offer will be extended to:*

2.2.1 *all the Shares in issue;*

2.2.2 *all new Shares unconditionally issued or to be issued pursuant to the vesting and release of any outstanding awards granted under the Restricted Stock Plan and Performance Share Plan of CMA (“CMA Share Awards”); and*

2.2.3 *all new Shares unconditionally issued or to be issued in payment of S\$287,974 of directors’ fees payable to the directors of CMA for the financial year ended 31 December 2013 (“FY2013”) (“FY2013 Directors’ Fees”),*

in each case including any Shares owned, controlled or agreed to be acquired by the Concert Parties (all such Shares, “Offer Shares”).

2.3 Rights and Encumbrances. *The Offer Shares will be acquired:*

2.3.1 *fully paid;*

2.3.2 *free from all Encumbrances; and*

2.3.3 *together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all Distributions (if any) which may be announced, declared, paid or made by CMA on or after the Offer Announcement Date.*

If any Distribution (including the FY2013 Final Dividend referred to below) is announced, declared, paid or made by CMA on or after the Offer Announcement Date, and the Offeror is not entitled to receive such Distribution in full in respect of any Offer Share tendered in acceptance of the Offer, the Offer Price payable in respect of such Offer Share will be reduced by the amount of such Distribution.

On 17 March 2014, the CMA board of directors proposed a final one-tier dividend of S\$0.0175 per Share for FY2013 (“FY2013 Final Dividend”). The FY2013 Final Dividend was approved by the Shareholders at the annual general meeting of CMA held on 17 April 2014 (“CMA AGM”). The books closure date for determining entitlements to the FY2013 Final Dividend is 5 May 2014 and the payment date is 16 May 2014. The ex-dividend date in respect of the FY2013 Final Dividend for the Shares traded on the SGX-ST is therefore 29 April 2014.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

Accordingly, assuming the Offer has become or been declared unconditional as to acceptances, if acceptances in respect of the Offer are tendered:

- (i) in time for the Offeror to be registered as a holder of the relevant Offer Shares in the register of Shareholders on 5 May 2014, the Offeror will receive the FY2013 Final Dividend (instead of the accepting Shareholder) and will pay the accepting Shareholder S\$2.22 in cash per Offer Share; and
- (ii) not in time for the Offeror to be registered as a holder of the relevant Offer Shares in the register of Shareholders on 5 May 2014, the Offeror will not receive the FY2013 Final Dividend (the accepting Shareholder will receive the FY2013 Final Dividend if he is registered as a holder of the relevant Offer Shares in the register of Shareholders on 5 May 2014) and will pay the accepting Shareholder S\$2.2025 in cash per Offer Share.

2.4 Offer Condition. The Offer is subject to the Offeror having received, by the close of the Offer, valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and its Concert Parties before or during the Offer, will result in the Offeror and its Concert Parties holding such number of Shares carrying more than 90% of the voting rights attributable to all Shares in issue as at the close of the Offer (“**Acceptance Condition**”).

Accordingly, the Offer will not become or be capable of being declared unconditional as to acceptances until the close of the Offer, unless at any time prior to the close of the Offer, the Offeror has received valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and its Concert Parties before or during the Offer, will result in the Offeror and its Concert Parties holding such number of Shares carrying more than 90% of the maximum potential issued share capital of CMA.

The Offeror reserves the right to waive the Acceptance Condition or reduce such condition to a level below more than 90% (but in any event above 50%) of the voting rights attributable to all Shares in issue as at the close of the Offer, subject to the approval of the SIC.

The Offer is not subject to any other condition. In particular, the Offer is not required to be approved by the shareholders of CapitaLand, as noted in the announcement released by CapitaLand on the SGX-ST in relation to the Offer together with the Offer Announcement on the Offer Announcement Date.

2.5 Intention of Directors to Accept Offer.

2.5.1 Directors of CapitaLand. The directors of CapitaLand, who hold 429,074 Shares in aggregate as at the Latest Practicable Date, details of which are set out in **Appendix 5** to this Offer Document, have indicated their intention to accept the Offer in full in respect of all their Shares.

2.5.2 Directors of the Offeror. The directors of the Offeror, who hold 63,000 Shares in aggregate as at the Latest Practicable Date, details of which are set out in **Appendix 5** to this Offer Document, have indicated their intention to accept the Offer in full in respect of all their Shares.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

2.6 ***Warranty.** A Shareholder who tenders his Offer Shares in acceptance of the Offer will be deemed to warrant that he sells such Offer Shares as or on behalf of the beneficial owner(s) thereof:*

2.6.1 *fully paid;*

2.6.2 *free from all Encumbrances; and*

2.6.3 *together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all Distributions (if any) which may be announced, declared, paid or made by CMA on or after the Offer Announcement Date.”*

4 INFORMATION ON THE COMPANY

5 INFORMATION ON THE OFFEROR AND ITS PARENT, CAPITALAND

Please refer to Appendix 3 to the Circular for information and further disclosure on the Offeror and Capitaland.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

6 RATIONALE FOR THE OFFER

The following has been extracted from section 7 of the Offer Document and is set out in italics below.

Shareholders are advised to read the relevant section of the Offer Document, as extracted below, carefully.

“7. RATIONALE FOR THE OFFER

The intention of the Offer is to delist CMA and fully integrate it into the CapitaLand Group.

The Offer presents an opportunity for Shareholders to realise their investment in the Shares at a premium of 27.0% to the one-month VWAP of the Shares traded on the SGX-ST prior to the Offer Announcement Date and a premium of 20.7% to the NAV per Share of the CMA Group as at 31 December 2013.

The Offer also allows CapitaLand to achieve the following key objectives:

Fully integrating CMA significantly enhances CapitaLand’s competitive strengths in integrated developments

The ‘One CapitaLand’ strategy seeks to harness the key strengths of its various business units to create differentiated real estate projects and enhance overall project returns. The development of integrated projects is core to the CapitaLand Group’s business strategy, as evidenced by its many highly successful integrated projects such as its Raffles City projects in Singapore and China. The individual components of an integrated development complement one another to increase the overall attractiveness of the project. For example, the pre-sales of residential units help fund development costs and improve project cash flows whilst mall connectivity enhances the appeal to commercial tenants and serviced residence customers. Malls in integrated developments are likely to enjoy higher foot traffic and a captive catchment from integrated offices and serviced residences. CapitaLand’s integrated developments are typically situated within close proximity to a major transportation hub, providing incremental foot traffic.

Delisting CMA enables greater alignment between CapitaLand’s and CMA’s business strategies by focusing resources on highest overall project returns. This strategy is expected to confer benefits including improving sourcing of opportunities, streamlining of operations and greater resource accessibility and mobility across strategic business units. CapitaLand will continue to grow its shopping mall business.

Simplify CapitaLand Group’s organisational structure

The Offer reinforces CapitaLand’s strategy to streamline the CapitaLand Group’s organisational structure as the delisting of CMA removes one “listed developer” layer. The CapitaLand Group will benefit from a clearer structure – with a single listed developer integrated across all asset classes, and five key listed real estate investment trusts (“REITs”) for capital recycling. This provides investors with a clear investment proposition as the CapitaLand Group will have a good balance between recurring income from REITs and investment properties, and development income from its development activities. Reduced organisational complexity would also provide sharper focus for the CapitaLand Group’s operations and enhance competitiveness.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

Increase CapitaLand's financial flexibility and scale

By delisting CMA, CapitaLand will have more flexibility to access and allocate capital across all of its strategic business units, enabling the CapitaLand Group to direct its resources across asset classes in a manner that best enhances shareholder returns. This is a significant competitive advantage for CapitaLand, given the large capital outlays required for integrated developments.

Increasing CapitaLand's ownership of CMA also expands the CapitaLand Group's scale. Its total assets increase by 13.4% on the basis of its effective share in its subsidiaries' assets as at 31 December 2013 on a pro forma basis. Furthermore, Singapore and China will continue to remain as the CapitaLand Group's core markets, constituting more than 80% of its effective share of total assets on a pro forma basis.

The combination of increased financial flexibility and scale allows the CapitaLand Group to better pursue business opportunities in its core markets.

Unlock shareholder value and achieve synergies

The transaction is expected to be immediately accretive for the CapitaLand shareholders. Based on the Offer terms, a full privatisation of CMA would raise the earnings per share of the CapitaLand Group for FY2013 by approximately 21.5% and improve the return on equity of the CapitaLand Group as at 31 December 2013 from 5.4% to approximately 6.7% on a pro forma basis.

As a listed entity, CMA has to incur listing, compliance and other related costs. If delisted, these costs would be saved and additional cost efficiencies would result from greater flexibility of mobilising services and resources among the CapitaLand Group's other unlisted strategic business units. Post-integration, CMA will have the flexibility to leverage on the capital base of the CapitaLand Group to optimise its funding costs and capitalise on growth opportunities.

Bring benefits to CMA's operations

CMA will be better positioned to face competitive threats as an integrated part of the CapitaLand Group due to:

- (i) increased financial strength as part of a larger group with greater access to, and ability to capitalise on, future development opportunities; and*
- (ii) greater focus on developing integrated projects as part of CapitaLand Group. CapitaLand believes that such positioning increases the overall demand for its projects and shopper traffic as CapitaLand's integrated projects such as Raffles City are often well connected to transportation hubs and brings shoppers from the residential, office and serviced residence components of the development."*

Based on the above, we note the following:

- i. The Offer Price and Net Offer Price is at the upper end of the range of the daily last traded price of the Shares since IPO up to and including the Last Trading Day, which is between a low of S\$1.13 per Share and a high of S\$2.70 per Share;
- ii. The Offer Price and Net Offer Price represents a premium of approximately 23.0% and 22.0% over the last traded price on the Last Trading Day of S\$1.805, respectively;
- iii. The Offer Price represents a premium of approximately 27.0%, 25.5%, 20.5%, 17.4%, 20.1% and 17.7% over the 1-month, 3-month, 6-month, 1-year, 2-year, and since-IPO VWAP of the Shares, respectively;
- iv. The Net Offer Price represents a premium of approximately 26.0%, 24.5%, 19.6%, 16.5%, 19.1% and 16.8% over the 1-month, 3-month, 6-month, 1-year, 2-year, and since-IPO VWAP of the Shares, respectively;
- v. Between the Offer Announcement Date and the Latest Practicable Date, the Offer Price represents a premium of approximately 0.7% over the VWAP of the Shares of approximately S\$2.20. The Offer Price also represents a premium of approximately 0.5% to the last traded price of S\$2.21 on the Latest Practicable Date; and

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

- vi. Between the Offer Announcement Date and the Latest Practicable Date, trading liquidity of the Shares rose significantly to an average daily trading volume of approximately 55.2 million Shares, representing approximately 4.1% of the Company's free float, as compared to the average daily trading volume of approximately 6.5 million Shares over the 2-year period up to and including the Last Trading Day. Approximately 29.4% of the Shares traded during this period were attributable to open market purchases by the Offeror.

Shareholders are advised that the past trading performance of the Shares should not, in any way, be relied upon as an indication or a promise of its future trading performance.

7.2 Historical share price performance relative to market indices

To gauge the market price performance of the Shares relative to the general share price performance of the Singapore equity market and of real estate companies listed on the SGX-ST, we have compared the market price movement of the Shares against the following indices:

- i. The FTSE Straits Times Index (the "FSSTI"), which is a market capitalisation weighted index based on stocks of 30 representative companies listed on the Mainboard of the SGX-ST;
- ii. The FTSE Straits Times Real Estate Holding & Development Index (the "FSTREH"), which is a market capitalisation weighted index that measures the performance of real estate holding and development companies listed on the Mainboard of the SGX-ST;
- iii. The Hang Seng Properties Index ("HSP") is a capitalisation weighted index of all the stocks designed to measure the performance of the property sector of the Hang Seng Index; and
- iv. The FTSE EPRA/NAREIT Developed Index ("EPRA NAREIT") is a free float adjusted market capitalisation weighted index measuring the performance of listed real estate companies and REITs worldwide.

The market price performance of the Shares relative to the rebased FSSTI, FSTREH, HSP and EPRA NAREIT since IPO up to and including the Last Trading Day, is illustrated below in Exhibit 4:

Exhibit 4: Share price performance against the market indices (rebased) between IPO and Last Trading Day

Source: Bloomberg

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

We have also set out in Exhibit 5 below the market price performance of the last traded price of the Shares, the rebased FSSTI, FSTREH, HSP and EPRA NAREIT between the Last Trading Day and the Latest Practicable Date:

Exhibit 5: Share price performance against market indices (rebased) between Last Trading Day and Latest Practicable Date

Source: Bloomberg

Based on the above, we note the following:

- i. Between CMA's IPO in November 2009 and the Last Trading Day, its share price has generally under-performed the rebased FSSTI, the rebased FSTREH, the rebased HSP and the rebased EPRA NAREIT; and
- ii. Between the Last Trading Day and the Latest Practicable Date, CMA Shares significantly outperformed the rebased FSSTI, the rebased FSTREH, the rebased HSP and the rebased EPRA NAREIT, having increased 22.4% as compared to the increase of 1.7%, 6.2% and 2.9% for the rebased FSSTI, the rebased FSTREH and the rebased EPRA NAREIT and a decrease of 3.6% for the rebased HSP.

Based on the above observations, it appears likely that the market price and the trading volume of CMA Shares have been supported by the Offer subsequent to the Offer Announcement Date. As such, there is no assurance that the market price and trading volume of CMA Shares will be maintained at the prevailing level as at the Latest Practicable Date after the close of the Offer.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

7.3 NAV and historical trailing NAV per share of the Group relative to the Offer Price

Based on the Company's reviewed financial statements as at 31 March 2014, the Group's investment properties, properties under development and investments in associates and jointly controlled entities have an aggregate book value of S\$9,446 million which represents approximately 83.5% of the Group's total assets of S\$11,312 million.

Based on the annual report for FY2013 and the reviewed financial statements for 1Q2014 of the Company, we note that:

- i. The Offer Price and Net Offer Price represents a premium of approximately 18.7% and 17.8%, respectively, over the unaudited NAV per Share of the Company of S\$1.87 as at 31 March 2014;
- ii. The Offer Price and Net Offer Price represents a premium of approximately 20.7% and 19.7%, respectively, over the audited NAV per Share of the Company of S\$1.84 as at 31 December 2013; and
- iii. The Offer Price and Net Offer Price represents a premium of approximately 20.0% and 18.9%, respectively, over the unaudited NAV per Share adjusted for dividends of S\$1.85 as at 31 March 2014.

The Directors have confirmed to us that save as disclosed in the Circular and in the ordinary course of business, there have been no material acquisitions and disposals of assets by the Company since 31 March 2014 up to the Latest Practicable Date. The Directors have also confirmed that save for the sale of residential properties in the ordinary course of its business, the Group does not have any plans for an impending material disposal and/or conversion of the use of the Group's assets and/or material change in the nature of the Group's business as at the Latest Practicable Date. We also note from the Offer Document that the Offeror has no present intention to (a) propose any major changes to the businesses; (b) redeploy the fixed assets; or (c) discontinue the employment of the employees of the Group.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

We have also compared the historical market price of the Shares, the Offer Price and the Net Offer Price against the trailing NAV per Share (based on the Group's trailing announced NAV per Share for the applicable periods) since IPO up to and including the Last Trading Day prior to the Offer Announcement Date.

Exhibit 6: P/Book NAV since IPO

Source: Bloomberg, company filings

The mean, maximum and minimum daily premium or discount of the market price of the Shares to the corresponding NAV per Share for the various periods during the 1-year period up to and including the Last Trading Day is set out below:

Exhibit 7: Premium/(Discount) of historical market price over trailing NAV per Share

Periods up to and including the Last Trading Day	Premium/(Discount) to trailing NAV per Share		
	Mean	Maximum	Minimum
Since IPO	16.5%	98.5%	(29.4%)
1-year	7.4%	24.7%	(8.4)%
6-month	3.6%	16.2%	(8.4)%
3-month	(3.3)%	5.2%	(8.4)%
1-month	(5.7)%	(2.7)%	(8.4)%

Source: Bloomberg, company results announcement

From the above, we note that the Shares had traded between a premium and discount to the trailing NAV per Share since IPO up to and including the Last Trading Day, between a maximum premium of 98.5% to a maximum discount of 29.4%, with a mean of 16.5%. In contrast, the Offer Price and Net Offer Price represents a premium of approximately 18.7% and 17.8%, respectively, to the latest announced NAV per Share as at 31 March 2014.

Our eventual valuation range for CMA's Management Fee Business is based on a 10% range from the average mean valuation of the six valuation methodologies laid out above.

We further wish to highlight that underlying financial data used to calculate the multiples in our analysis have been extracted from the relevant companies' financials, Bloomberg and FactSet as at the Latest Practicable Date. Deutsche Bank has not independently verified (nor have we assumed responsibility or liability for independently verifying) or ascertained and makes no representations or warranties, expressed or implied, on the accuracy or completeness of such information.

We note as follows in relation to the Adjusted NAV for CMA:

- i. The analysis assumes the hypothetical sale of the assets (including those properties which have been revalued) of the Company as at the Latest Practicable Date. The Directors have confirmed to us that, save for the sale of the residential properties in the ordinary course of its business, as at the Latest Practicable Date, the Company does not have any plans for an impending material disposal and/or conversion of the use of the Company's assets and/or any material change in the nature of the Company's businesses; and
- ii. The Adjusted NAV figures per Share shown above include net estimated gain from sale of selected properties, which comprises net estimated gain of several unsold and/or uncompleted properties. The Company may not have fully earned or realised the gain on such assets as at the Latest Practicable Date. There is no assurance that any gain eventually recorded by the Company on such properties will be the same as that indicated above.

The Independent Directors may wish to advise Shareholders to read the above in conjunction with the Valuation Reports set out in Appendix 7 to the Circular.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

The Directors have confirmed to us that to the best of their knowledge and belief:

- i. Save for the properties which have been revalued above, there are no material differences between the realisable value of the property segments other assets and their respective book values as at 31 March 2014 which would have a material impact on the historical book NAV of the property business;
- ii. Save for those which have been disclosed publicly, there have been no material acquisitions and disposals of assets by CMA's property business between 31 March 2014 and the Latest Practicable Date; and
- iii. Other than that provided for in the Company's consolidated financial statements for the 3-month period ending 31 March 2014, there are no other contingent liabilities under the property group which are likely to have a material impact on the historical book NAV of the property business as at the Latest Practicable Date.

In addition, we wish to highlight that the Adjusted NAV per Share shown above includes the net estimated gain from several unsold and/or uncompleted properties. The Independent Directors should be aware that CMA has not fully earned or realised the gains on such properties as at the Latest Practicable Date. The Independent Directors may wish to refer to the table set out in this section for the net estimated gain from sale of residential properties and Westgate Tower. There is no assurance that the actual gains (if any) eventually recorded by CMA on such residential properties and Westgate Tower will be the same as estimated. Furthermore, the net effective share of valuation gain from selected investment properties net of tax are based on Valuation Reports. We have placed sole reliance on such information provided to us by the Company's management in relation to the asset appraisals and do not assume any responsibility to inquire about the bases of such valuations or if the contents thereof have been prepared in accordance with all applicable regulatory requirements including Rule 26 of the Code. Deutsche Bank has not independently verified (nor have we assumed responsibility or liability for independently verifying) or ascertained and makes no representations or warranties, expressed or implied, on the accuracy or completeness of such information.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

7.5 Valuation multiples of Singapore Comparable Companies and Hong Kong Comparable Companies which are considered to be broadly comparable to the Company in limited aspects

For the purpose of evaluating the financial terms of the Offer, we have made reference to the valuation ratios of selected Singapore-listed and Hong Kong-listed real estate development and holding companies which we consider to be broadly comparable to the Company in terms of having a primary focus on commercial property investment and development and having similar geographic markets (“Comparable Companies”), to get an indication of the current market expectations with regard to the perceived valuation of the Company.

We wish to highlight that the Comparable Companies are not exhaustive and we recognise that there is no Singapore-listed or Hong Kong-listed company which we consider to be identical to the Company in terms of, *inter alia*, geographical markets, composition of business activities, scale of business operations, risk profile, asset base, valuation methodologies adopted, accounting policies, track record, future prospects, market/industry size, political risk, competitive and regulatory environment, financial positions and other relevant criteria and that such businesses may have fundamentally different annual profitability objectives. The Independent Directors should note that any comparison made with respect to the Comparable Companies merely serve to provide an illustrative perceived market valuation of the Company as at the Latest Practicable Date.

In evaluating these companies, we have applied and used the following valuation ratios outlined below in Exhibit 14:

Exhibit 14: Description of valuation metrics

Trading multiples	Description
P/Book NAV	“P/Book NAV” or “Price-to-Book Net Asset Value” ratio illustrates the ratio of the market price of a company’s shares relative to its historical book NAV per share as recorded in its latest reported financial statements. Comparisons of companies using their book NAVs are affected by differences in their respective accounting policies, in particular their depreciation and asset valuation policies
P/Analyst RNAV	“P/Analyst RNAV” or “Price-to-Analyst-Revalued Net Asset Value” ratio illustrates the ratio of the market price of a company’s shares relative to mean NAV figure derived from analyst reports adjusting the value of a company’s key assets to their current market values, also referred to as “Analyst Revalued NAV”
P/E	“P/E” or “Price-to-Earnings” ratio illustrates the ratio of the market price of a company’s shares relative to its earnings per share. The P/E ratio is affected by, <i>inter alia</i> , the capital structure of a company, its tax position as well as its accounting policies relating to revenues recognition, depreciation and intangible assets
Price / Operating EPS	“P/ Op EPS” or “Price-to-Operating Earnings” ratio illustrates the ratio of the market price of a company’s shares relative to its operating earnings per share. Operating earnings reflects earnings adjusted for fair value gains / (losses) on investment properties. The P/Op EPS ratio is affected by, <i>inter alia</i> , the capital structure of a company, its tax position as well as its accounting policies relating to revenues recognition, depreciation, revaluation of investment properties and intangible assets

Based on the above, we note the following:

- i. The P/Book NAV ratio of CMA based on the Offer Price and Net Offer Price is 1.19x, which is higher than the range of the P/Book NAV ratios of the Singapore Comparable Companies, and higher than both the mean and median P/Book NAV ratio of 0.91x and 0.91x, respectively, in respect of the Singapore Comparable Companies;
- ii. The P/Analyst RNAV ratio of CMA based on the Offer Price and Net Offer Price is 0.83x, which is within the range of the P/Analyst RNAV ratios of the Singapore Comparable Companies, and higher than both the mean and median P/Analyst RNAV ratio of 0.77x and 0.74x, respectively, in respect of the Singapore Comparable Companies;
- iii. The LTM P/Op EPS ratio of CMA based on the Offer Price and Net Offer Price is 33.7x and 33.4x, respectively, which is higher than the range of the LTM P/Op EPS ratios of the Singapore Comparable Companies, and higher than both the mean and median LTM P/Op EPS ratio of 16.1x and 16.7x, respectively, in respect of the Singapore Comparable Companies; and

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

- iv. The LTM P/E ratio of CMA based on the Offer Price and Net Offer Price is 14.4x and 14.3x, respectively, which is within the range of the P/E ratios of the Singapore Comparable Companies, and higher than both the mean and median P/E ratio of 10.1x and 10.6x, respectively, in respect of the Singapore Comparable Companies.

Given the asset-intensive nature of CMA's core property development and investment business, we have considered the NAV-based valuation ratios such as P/Book NAV and P/Analyst RNAV as the primary measures whilst taking into account earnings-based valuation ratios such as LTM P/Op EPS and P/E in assessing the Offer Price and Net Offer Price. The earnings of property related companies may vary considerably over time and between companies due to factors such as the timing of project launches and development.

7.5.2 Valuation ratios of Hong Kong Comparable Companies

Based on the above, we note the following:

- i. The P/Book NAV ratio of CMA based on the Offer Price and Net Offer Price is 1.19x, which is higher than the range of the P/Book NAV ratios of the Hong Kong Comparable Companies, and higher than both the mean and median P/Book NAV ratio of 0.61x and 0.58x, respectively, in respect of the Hong Kong Comparable Companies;
- ii. The P/Analyst RNAV ratio of CMA based on the Offer Price and Net Offer Price is 0.83x, which is higher than the range of the P/Analyst RNAV ratios of the Hong Kong Comparable Companies, and higher than both the mean and median P/Analyst RNAV ratio of 0.53x and 0.55x, respectively, in respect of the Hong Kong Comparable Companies; and

acquired, the synergies (if any) to be gained by the acquirer from integrating the target company's businesses with its existing business, the possibility of significant revaluation of the assets to be acquired, the availability of substantial cash reserves, the liquidity in the trading of the target company's shares, the presence of competing bids for the target company, the form of consideration offered by an acquirer, the extent of control the acquirer already has in the target company and prevailing market conditions and expectations.

The Independent Directors should also note that the comparison is made without taking into consideration the relative efficiency of information or the underlying liquidity of the shares of the relevant companies, the performance of the shares of the companies or the quality of earnings prior to the relevant announcements and the market conditions, sentiments and expectations when the announcements were made.

The Selected Singapore Property Precedent Transactions are provided for illustrative purposes only. The Selected Singapore Property Precedent Transactions and the acquired companies may not be directly comparable with the Offer and the Company and may vary with respect to, amongst others, the acquisition of minority versus controlling stakes in the transactions, the liquidity of the underlying shares in the acquired companies and the prevailing market conditions at the time of the transactions, as well as the geographical spread of activities, business mix and model within the property industry, size of the addressable market for their products, scale of operations, asset intensity, financial leverage, accounting policies, risk profile, tax factors, track record and future prospects of the acquired companies. Accordingly, the Selected Singapore Property Precedent Transactions may not provide a meaningful basis for comparison.

We further wish to highlight that the underlying financial data used to calculate Offer Price/Book NAV and Offer Price/RNAV in our analysis have been extracted from the relevant companies' financials and filings as at the Latest Practicable Date. Deutsche Bank makes no representations or warranties, express or implied, on the accuracy, completeness or sufficiency of such information.

- (f) On 6 January 2011, Maybank IB Holdings Sdn. Bhd. ("Maybank") announced an offer to acquire Mr Roland Anthony Ooi Thean Yat and Yuanta Securities Asia Financial Services Limited's ("Yuanta") interest in Kim Eng Holdings Limited ("Kim Eng"). Agreements were entered into on 5 May 2011. The market premia is based on the share price on 16 December 2010, the day before Kim Eng announced it had received approaches from potential interested parties in relation to a possible acquisition
- (g) Market premia for 1 month and 3 month VWAP as there was no trading in the shares over these periods
- (h) On 26 July 2010, Integrated Healthcare Holdings Limited exercised its right to revise the terms of the partial offer so as to make a voluntary conditional cash general offer. The market premia is based on the share price on 26 May 2010, the day before the initial partial offer was announced

We note that the variance across premiums and discounts to VWAP for the Precedent Singapore Take-over Premia is large and that the offers above include outliers such as the offers for SC Global Developments Ltd and Allgreen Properties Limited. We also note that as shown in Exhibit 19, the offers for SC Global Developments Ltd and Allgreen Properties Limited were completed at Offer Price/Book NAV ratios lower than that implied by the Offer Price and Net Offer Price. Given these transactions, for purposes of our analysis, we have referred to the median of the Precedent Singapore Take-over Premia.

Based on Exhibit 20, we note that for the selected transactions where the offeror had majority control:

- i. The Offer Price and Net Offer Price represents a premium of approximately 23.0% and 22.0%, respectively, over the last traded price on the Last Trading Day. This compares to a median premium of 22.7% to the last traded price;
- ii. The Offer Price and Net Offer Price represents a premium of approximately 27.0% and 26.0%, respectively, over the 1-month VWAP. This compares to a median premium of 22.9% to the 1-month VWAP;
- iii. The Offer Price and Net Offer Price represents a premium of approximately 25.5% and 24.5%, respectively, over the 3-month VWAP. This compares to a median premium of 23.9% to the 3-month VWAP;
- iv. The Offer Price and Net Offer Price represents a premium of approximately 20.5% and 19.6%, respectively, over the 6-month VWAP. This compares to a median premium of 21.0% to the 6-month VWAP; and
- v. The Offer Price and Net Offer Price represents a premium of approximately 17.4% and 16.5%, respectively, over the 12-month VWAP. This compares to a median premium of 27.4% to the 12-month VWAP.

The Independent Directors should note that the level of premium (if any) an acquirer would normally pay in a general offer, merger or take-over transaction varies in different circumstances depending on, *inter alia*, the attractiveness of the underlying business to be acquired, the synergies (if any) to be gained by the acquirer from integrating the target company's businesses with its existing business, the possibility of significant revaluation of the assets to be acquired, the availability of substantial cash reserves, the liquidity in the trading of the target company's shares, the presence of competing bids for the target company, the form of consideration offered by an acquirer, the extent of control the acquirer already has in the target company and the prevailing market conditions and expectations.

The Independent Directors should also note that the comparison is made without taking into consideration the underlying liquidity of the shares of the relevant companies, the performance of the shares of the companies or the quality of earnings prior to the relevant announcement and the market conditions or sentiments when the announcements were made or the desire or relative need for control leading to compulsory acquisition. Moreover,

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

as the Company is not necessarily in the same industry and does not conduct the same businesses as the other target companies in Exhibit 20, it may not, therefore, be directly comparable to the target companies in terms of geographical spread of activities, composition of business activities, product lines, size of addressable market, scale of operations, asset intensity, financial leverage, risk profile, client base, accounting policies, track record, prospects and other relevant criteria. Accordingly, the Precedent Take-over Singapore Premia may not provide a meaningful basis for comparison.

(a) Date of price target is date of latest broker report prior to the Offer Announcement Date
Source: Broker reports as at the Offer Announcement Date

Based on Exhibit 21, we note that:

- i. The Offer Price and Net Offer Price is at a discount of 2.8% and 3.6% to the mean broker price target of S\$2.28 and a discount of 14.6% and 15.3% to the maximum broker price target of S\$2.60; and

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

- ii. The Offer Price and Net Offer Price is at a discount of 16.6% and 17.3% to the mean analyst RNAV of S\$2.66 and a discount of 27.9% and 28.5% to the maximum analyst RNAV of S\$3.08.

We wish to highlight that the above broker research report universe may not be exhaustive and price targets for the Shares and other statements and opinions contained in the reports within the universe used represent the individual views of the broker research analyst based on the circumstances (including, *inter alia*, market, economic, industry and monetary conditions as well as market sentiment and investor perceptions regarding the future prospects of the Company) prevailing at the date of the publication of the respective broker research reports. The opinions of the brokers may change over time as a result of, among other things, changes in market conditions, the Company's market development and the emergence of new information relevant to the Company. As such, the above price targets may not be an accurate prediction of future market prices of the Shares.

Any opinions or price targets expressed in such broker research reports represent the individual views of the respective brokers only.

7.8 Other relevant considerations which have a significant bearing on our assessment

7.8.1 Conditional Offer

As set out in section 2.4 of the Offer Document, the Offer will be conditional upon the Offeror having received, by the close of the Offer, valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and its Concert Parties before or during the Offer, will result in the Offeror and its Concert Parties holding such number of Shares carrying more than 90% of the voting rights attributable to all Shares in issue as at the close of the Offer ("Acceptance Condition"). Accordingly, the Offer will not become or be capable of being declared unconditional as to acceptances until the close of the Offer unless, at any time prior to the close of the Offer, the Offeror has received valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, when taken together with the Shares owned, controlled or agreed to be acquired by the Offeror and its Concert Parties before or during the Offer, will result in the Offeror and its Concert Parties holding such number of Shares carrying more than 90% of the maximum potential issued share capital of CMA. The Offeror reserves the right to waive the Acceptance Condition or reduce such condition to a level below more than 90% (but in any event above 50%) of the voting rights attributable to all Shares in issue as at the close of the Offer, subject to the approval of the Securities Industry Council of Singapore.

7.8.2 Offeror's and CapitaLand's Intentions Relating to the Company

The following has been extracted from section 8.1 of the Offer Document and is set out in italics below. **Shareholders are advised to read the relevant section of the Offer Document, as extracted below, carefully.**

"8.1 Offeror's and CapitaLand's Future Plans for CMA. *It is the current intention of the Offeror and CapitaLand for CMA to continue with its existing business in line with the objectives of the transaction as set out in **Section 7** above. The Offeror and CapitaLand have no current intention to (i) introduce any major changes to the business of CMA, (ii) re-deploy CMA's fixed assets, or (iii) discontinue the employment of any of the existing employees of the CMA Group.*

Nonetheless, the Offeror and CapitaLand retain the flexibility at any time to consider any options or opportunities which may present themselves and which they regard to be in the interests of the Offeror or CapitaLand."

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

7.8.3 Delisting and Suspension

The following has been extracted from section 8.2 of the Offer Document and is set out in italics below. **Shareholders are advised to read the relevant section of the Offer Document, as extracted below, carefully.**

“8.2 Delisting. *The Offeror and CapitaLand intend to make CMA a wholly-owned subsidiary of CapitaLand and do not intend to preserve the listing status of CMA.*

Under Rule 1303(1) of the Listing Manual, if the Offeror and its Concert Parties succeed in holding more than 90% of the Shares in issue, whether through acceptances of the Offer or otherwise, the SGX-ST will suspend trading of the Shares on the SGX-ST at the close of the Offer.

Separately, Rule 723 of the Listing Manual requires CMA to ensure that at least 10% of all the Shares in issue be held by the public (“Free Float Requirement”). If the Free Float Requirement is not met, the SGX-ST may allow CMA a period of three months, or such longer period as the SGX-ST may agree, to raise the percentage of Shares in public hands to at least 10%, failing which CMA may be delisted from the SGX-ST.

In the event that the Free Float Requirement is not satisfied at the close of the Offer, and the trading of the Shares on the SGX-ST is suspended at the close of the Offer, the Offeror and CapitaLand do not intend to support any action or take any steps to maintain the listing status of CMA or to restore the free float of the Shares consistent with their intention to delist CMA from the SGX-ST.”

The SGX-ST will suspend trading of the Shares on the SGX-ST following the close of the Offer (“Suspension”) if less than 10% of the total issued share capital of the Company is not held in public hands. In the event of a Suspension and as the Offeror has no intention to maintain or support any action taken or to be taken to meet the Free Float Requirement, trading in the Shares will remain suspended and, in such circumstances, Shareholders would not have any exit alternative. Further, pursuant to Rule 33.2 of the Code, as the Offeror may not, within six (6) months of the close of the Offer, acquire or make another offer to acquire Shares on terms better than the terms of the Offer, any exit offer if made by the Offeror pursuant to a voluntary delisting in accordance with Rules 1307 and 1309, would likely be on the same terms as the Offer.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

7.8.4 Compulsory acquisition

The following has been extracted from section 8.3 of the Offer Document and is set out in italics below. **Shareholders are advised to read the relevant section of the Offer Document, as extracted below, carefully.**

“8.3 Compulsory Acquisition. Pursuant to Section 215(1) of the Companies Act, if the Offeror receives valid acceptances of the Offer or acquires such number of Offer Shares during the Offer period otherwise than through valid acceptances of the Offer in respect of not less than 90% of the total number of Shares in issue as at the Closing Date (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the Offer), the Offeror would be entitled to exercise the right to compulsorily acquire all the Offer Shares of the Dissenting Shareholders.

In such event, the Offeror intends to exercise its right to compulsorily acquire all the Offer Shares not acquired under the Offer. The Offeror and CapitaLand will then proceed to delist CMA from the SGX-ST.

Dissenting Shareholders have the right under and subject to Section 215(3) of the Companies Act, to require the Offeror to acquire their Shares in the event that the Offeror, its related corporations or their respective nominees acquire, pursuant to the Offer or otherwise, such number of Shares which, together with the Shares held by the Offeror, its related corporations or their respective nominees, comprise 90% or more of the total number of issued Shares as at the Closing Date. Dissenting Shareholders who wish to exercise such right are advised to seek their own independent legal advice.”

7.8.5 Implications of delisting for Shareholders

Shareholders who do not accept the Offer should note the following implications or consequences which may arise as a result of any suspension in, and/or delisting of the Shares:

- i. Shares of unquoted companies are generally valued at a discount to the shares of comparable listed companies as a result of lack of marketability;
- ii. It is likely to be difficult for Shareholders to sell their Shares in the absence of a public market for the Shares as there is no arrangement for such Shareholders to exit their investments in the Shares. If the Company is delisted, even if such Shareholders were subsequently able to sell their Shares, they may receive a lower price than that of the Offer Price;
- iii. Given the time taken for the Offeror to exercise its right to compulsorily acquire the remaining Shares or the time taken for Dissenting Shareholders to exercise any rights they may have to compel the Offeror to acquire their Shares under Section 215(3) of the Companies Act, the settlement date on compulsory acquisition is likely to be later than the settlement date had the Offer been accepted;
- iv. As an unlisted company, the Company will no longer be obligated to comply with the listing requirements of the SGX-ST, in particular the continuing corporate disclosure requirements under Chapter 7 of the Listing Manual and Appendices 7.1 to 7.4 to the Listing Manual. Shareholders will no longer enjoy the same level of protection, transparency and accountability afforded by the Listing Manual. Nonetheless, as a company incorporated in Singapore, the Company will still need to comply with the Companies Act and its memorandum and articles of association and the interests of Shareholders who do not accept the Offer will be protected to the extent provided for by the Companies Act which includes, *inter alia*, the entitlement to be sent a copy of the profit and loss accounts and balance sheet at least fourteen (14) days before each annual general meeting, at which the accounts will be presented; and
- v. There is no assurance that the Company will maintain its historical dividend payments in the future.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

7.8.6 Alternative Offer

As at the Latest Practicable Date, the Directors have not received any competing offer or an enhancement or revision of the Offer and there is no publicly available evidence of an Alternative Offer for the Shares from any third party.

Shareholders should also note that, under the Code, except with the consent of the SIC, if the Offer becomes or is declared unconditional in all respects, neither the Offeror nor any person acting in concert with it may, within six (6) months of the closure of the Offer, make a second offer to, or acquire any Shares from, any Shareholder on terms better than those made available under the Offer.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

8 MANAGEMENT RETENTION

The following has been extracted from sections 12.2 and 12.3 of the Offer Document and is set out in italics below. **Shareholders are advised to read the relevant section of the Offer Document, as extracted below, carefully.**

“12.2 Management Retention. *CapitaLand is also proposing to establish a retention scheme for certain key executive officers of CMA, including the CMA CEO (“Executive Officers”), who, by virtue of their leadership position in the CMA Group, play a critical role in contributing to the continued success of the CMA Group.*

Under this scheme, an award of a certain notional amount, up to S\$0.5 million in the case of the CMA CEO and up to S\$1.7 million in total for all the Executive Officers (including the CMA CEO), will be made and will be converted into such number of CapitaLand shares as at a price equal to the VWAP per CapitaLand share traded on the SGX-ST over a certain price-reference period. The CapitaLand shares comprised in the awards will be vested and released to the Executive Officers in March 2017.

Based on the latest information available to the Offeror as at 15 April 2014, the total number of Shares held by the Executive Officers is approximately 2.0 million Shares, representing approximately 0.05% of all the Shares in issue.

As above, this proposal is subject to (a) the Offer becoming or being declared unconditional, (b) CMA having been delisted from the SGX-ST and (c) the relevant Executive Officer remaining as an employee of the CMA Group at the relevant release date.

The retention scheme is separate from, and does not affect, the terms of employment of the Executive Officers with the CMA Group.

12.3 SIC Ruling. *The SIC had ruled that the proposals above do not constitute a special deal, subject to disclosure of the relevant details of the proposals in the Offer Document and the independent financial adviser to be appointed by CMA stating publicly that in its opinion the arrangements in respect of the retention scheme are fair and reasonable.*

*In compliance with such ruling, the relevant details of the proposals relating to the CMA Share Awards and the retention scheme have been disclosed in **Sections 12.1 and 12.2** above. The view of the independent financial adviser of CMA in respect of the retention scheme will also be made available to you in due course.”*

We note that we have not been requested to and were not authorised to and did not take part in any discussions in relation to the formulation of or the negotiations on the terms of the Management Retention Scheme. We do not comment on the merits and/or risks (whether strategically, commercially or otherwise) of the Management Retention Scheme, or on the future trading prices or prospects of the Company and CapitaLand. We do not assume any responsibility to address the relative merits and/or risks of the Management Retention Scheme as compared to any other alternative scheme, or whether or not such alternatives could be achieved or are available. We are the financial advisers only and, accordingly, our advice on the Management Retention Scheme is based solely upon our evaluation, from a financial point of view, of the arrangements proposed to be put in place in relation to the Management Retention Scheme.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

In arriving at our opinion, we have reviewed the Management Retention Scheme against, amongst others, (i) the Executive Officers' historical salaries and share awards, (ii) the current monthly salaries of the Executive Officers, (iii) precedent publicly disclosed takeover-related employee payments, and (iv) employee retention and/or guarantee packages as a proportion to monthly salary that is typically available to top executives in Singapore.

On the basis of and subject to the paragraphs set out below, it is our opinion that, as of the Latest Practicable Date, the terms of the Management Retention Scheme are fair and reasonable from a financial point of view in so far as the Independent Shareholders⁶ are concerned.

We do not assume any responsibility to advise, and nothing in this letter shall be construed as advice to, any person (other than the Independent Directors) in relation to the Management Retention Scheme. In particular, but without prejudice to the generality of the foregoing, we express no opinion as to whether the Executive Officers should accept the Management Retention Scheme or as to how the Management Retention Scheme is to be administered or implemented.

Any opinion addressed to the Independent Directors in relation to the Management Retention Scheme is solely for the purpose of their consideration of the Offer and may not be relied upon for any other purpose.

The Independent Directors should note that economic, market and other conditions may change after the Latest Practicable Date and that developments after the Latest Practicable Date may affect our opinion and the contents of this letter and that we do not have any obligation to update, revise or reaffirm the contents of this letter. In particular, but without prejudice to the generality of the foregoing, we do not assume any responsibility to advise the Independent Directors, and express no opinion on, any decision they may take in the future in relation to the administration or implementation of the Management Retention Scheme. The Directors of the Company should seek separate advice in relation to the implementation of the Management Retention Scheme.

For the purposes of providing this letter and our evaluation of the terms of the Management Retention Scheme from a financial point of view, we have not received or relied on any financial projections or forecasts in respect of the Company or CapitaLand. We are not required to express, and we do not express, an opinion on the future growth prospects and earnings potential of the Company or CapitaLand, or any part or division thereof. We are therefore not expressing any opinion herein as to the future value of the Shares or the shares in CapitaLand, or on the future performance of the Company, CapitaLand, or any part or division thereof.

In rendering our opinion, we have not had regard to any general or specific investment objectives, financial situations, risk profiles, tax status or positions or particular needs or constraints or other particular circumstances and we neither assume any responsibility for, nor hold ourselves out as advisers to, any Shareholder or other person other than the Independent Directors.

Our opinion is only based on a financial analysis and does not incorporate any assessment of commercial, legal, tax, regulatory or other matters. Such factors are beyond the ambit of our review and do not fall within our terms of reference in connection with the Management Retention Scheme.

⁶ "Independent Shareholders" to be defined as Shareholders other than the Offeror, the Executive Officers and their respective concert parties.

9 RECOMMENDATION

In arriving at our opinion on the Offer, we have taken into account the following key considerations in the context of a non-change of control transaction (which should be read in conjunction with, and in the context of, the full text of this letter):

9.1 Factors in favour of the Offer Price

9.1.1 The Offer Price represents a significant premium of 23.0%, 27.0%, 25.5%, 20.5%, 17.4%, 20.1% and 17.7% over the last traded price on the Last Trading Day, 1-month, 3-month, 6-month, 1-year, 2-year, and since-IPO VWAP, respectively. The Net Offer Price represents a significant premium of 22.0%, 26.0%, 24.5%, 19.6%, 16.5%, 19.1% and 16.8% over the last traded price on the Last Trading Day, 1-month, 3-month, 6-month, 1-year, 2-year, and since-IPO VWAP, respectively;

9.1.2 The Offer Price and Net Offer Price represents a premium of approximately 18.7% and 17.8%, respectively, over the unaudited NAV per Share of the Company of S\$1.87 as at 31 March 2014;

9.1.3 In comparison with the Singapore Comparable Companies:

- i. The P/Book NAV ratio of CMA based on the Offer Price and Net Offer Price is 1.19x, which is higher than the range of the P/Book NAV ratios of the Singapore Comparable Companies, and higher than both the mean and median P/Book NAV ratio of 0.91x in respect of the Singapore Comparable Companies; and
- ii. The P/Analyst RNAV ratio of CMA based on the Offer Price and Net Offer Price is 0.83x, which is within the range of the P/Analyst RNAV ratios of the Singapore Comparable Companies, and higher than both the mean and median P/Analyst RNAV ratio of 0.77x and 0.74x, respectively, in respect of the Singapore Comparable Companies; and
- iii. The LTM P/Op EPS ratio of CMA based on the Offer Price and Net Offer Price is 33.7x and 33.4x, respectively, which is higher than the range of the LTM P/Op EPS ratios of the Singapore Comparable Companies, and higher than both the mean and median LTM P/Op EPS ratio of 16.1x and 16.7x, respectively, in respect of the Singapore Comparable Companies; and
- iv. The LTM P/E ratio of CMA based on the Offer Price and Net Offer Price is 14.4x and 14.3x respectively, which is within the range of the P/E ratios of the Singapore Comparable Companies, and higher than both the mean and median P/E ratio of 10.1x and 10.6x, respectively, in respect of the Singapore Comparable Companies.

9.2 Factors against the Offer Price

9.2.1 The Offer Price and Net Offer Price represents a premium of 4.7% and 3.9% to the IPO price, which is less than the NAV per share growth of 38% since the IPO;

9.2.2 The Offer Price and Net Offer Price represents a discount of 2.8% and 3.6% to the mean broker price target of S\$2.28 and a discount of 14.6% and 15.3% to the maximum broker price target of S\$2.60;

9.2.3 The Offer Price and Net Offer Price represents a discount of 16.6% and 17.3% to the mean analyst RNAV of S\$2.66 and a discount of 27.9% and 28.5% to the maximum analyst RNAV of S\$3.08;

9.2.4 The Offer Price and Net Offer Price represents a discount of approximately 2.5% to 5.4% and 3.3% to 6.2% to our Adjusted NAV of S\$2.28 to S\$2.35; and

9.2.5 In comparison with the Precedent Singapore Take-over Premia for selected transactions where the offeror had majority control:

- i. The Offer Price and Net Offer Price represents a premium of approximately 20.5% and 19.6%, respectively, over the 6-month VWAP. This compares to a median premium of 21.0% to the 6-month VWAP; and
- ii. The Offer Price and Net Offer Price represents a premium of approximately 17.4% and 16.5%, respectively, over the 12-month VWAP. This compares to a median premium of 27.4% to the 12-month VWAP.

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

9.1.4 In comparison with the Hong Kong Comparable Companies:

- i. The P/Book NAV ratio of CMA based on the Offer Price and Net Offer Price is 1.19x, which is higher than the range of the P/Book NAV ratios of the Hong Kong Comparable Companies, and higher than both the mean and median P/Book NAV ratio of 0.61x and 0.58x, respectively, in respect of the Hong Kong Comparable Companies;
- ii. The P/Analyst RNAV ratio of CMA based on the Offer Price and Net Offer Price is 0.83x, which is higher than the range of the P/Analyst RNAV ratios of the Hong Kong Comparable Companies, and higher than both the mean and median P/Analyst RNAV ratio of 0.53x and 0.55x, respectively, in respect of the Hong Kong Comparable Companies; and
- iii. The LTM P/E ratio of CMA based on the Offer Price and Net Offer Price is 14.4x and 14.3x, respectively, which is within the range of the P/E ratios of the Hong Kong Comparable Companies, and higher than both the mean and median P/E ratio of 7.2x and 6.1x, respectively, in respect of the Hong Kong Comparable Companies.

9.1.5 In comparison with the Selected Singapore Property Precedent Transactions:

- i. The P/Book NAV ratio of CMA based on the Offer Price and Net Offer Price is 1.19x, which is within the range of the P/Book NAV ratios of the Selected Singapore Property Precedent Transactions, and higher than both the mean and median P/Book NAV ratio of 1.09x and 0.99x, respectively, in respect of the Selected Singapore Property Precedent Transactions; and
- ii. The P/RNAV ratio of CMA based on the Offer Price and Net Offer Price is 0.83x, which is within the range of the P/RNAV ratios of the Selected Singapore Property Precedent Transactions, and higher than both the mean and median P/RNAV ratio of 0.80x and 0.80x, respectively, in respect of the Selected Singapore Property Precedent Transactions.

9.1.6 In comparison with the Precedent Singapore Take-over Premia for selected transactions where the offeror had majority control:

- i. The Offer Price and Net Offer Price represents a premium of approximately 23.0% and 22.0%, respectively, over the last traded price on the Last Trading Day. This compares to a median premium of 22.7% to the last traded price;
- ii. The Offer Price and Net Offer Price represents a premium of approximately 27.0% and 26.0%,

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

respectively, over the 1-month VWAP. This compares to a median premium of 22.9% to the 1-month VWAP; and

- iii. The Offer Price and Net Offer Price represents a premium of approximately 25.5% and 24.5%, respectively, over the 3-month VWAP. This compares to a median premium of 23.9% to the 3-month VWAP.

9.1.7 As compared to the relative performance of the market indices, the current market price and the trading volume of the Shares may have been underpinned by the Offer subsequent to the Offer Announcement Date. As such, there is no assurance that the market price and trading volume of the Shares will be maintained at the prevailing level as at the Latest Practicable Date after the close of the Offer.

9.3 Other factors:

- 9.3.1** As at the Latest Practicable Date, the Offeror and its Concert Parties holds approximately 70.4% of the Shares and the Company has confirmed that there is no alternative or competing offer available to the Shareholders. In the event of an alternative or competing offer, we note that unless the Offeror and its Concert Parties accept such alternative or competing offer, any offer made by any third parties would not be capable of becoming unconditional;
- 9.3.2** As at the Latest Practicable Date, if during the Offer, the Offeror and its Concert Parties acquires another 764,770,064 Shares representing approximately 19.6% of the Shares as at the Latest Practicable Date, the Free Float Requirement will not be met and the SGX-ST would have the right to suspend trading in the Shares following the close of the Offer;
- 9.3.3** The intention of the Offeror is to exercise any rights of compulsory acquisition in the event that the Offeror acquires not less than 90% of the total number of issued Shares as at the Closing Date (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the Offer). Between the Offer Announcement Date and the Latest Practicable Date, the Offeror acquired a total of 194,766,000 Shares in the open market at prices ranging from S\$2.20 to S\$2.22 per Share. As at the Latest Practicable Date, the Offeror and its Concert Parties owned, controlled or has agreed to acquire an aggregate of 2,743,155,708 Shares representing approximately 70.4% of the share capital of the Company as at the Latest Practicable Date;
- 9.3.4** The intention of the Offeror not to maintain or support any action taken or to be taken to maintain the listing status of the Company if the Offeror is unable to exercise the right to compulsorily acquire all the Shares not acquired under the Offer and the Company does not meet the Free Float Requirement pursuant to Rule 723 of the Listing Manual;
- 9.3.5** The Share Price of CMA may fall below its current trading levels if the Offer fails; and
- 9.3.6** The Offeror has no present intention to make any major changes to the existing business of the Company.

For the purposes of providing this letter and our evaluation of the Offer for Shares from a financial point of view, we have not received or relied on any financial projections or forecasts in respect of the Company or the Group. We are not required to express, and we do not express, an opinion on the future growth prospects and earnings potential of the Company. We are therefore not expressing any opinion herein as to the price at which the

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

Shares may trade whether or not the Offer is declared unconditional in all respects or on the future financial performance of the Company.

In rendering our opinion, we have not had regard to any general or specific investment objectives, financial situations, risk profiles, tax positions or particular needs or constraints of any specific Shareholder and we neither assume any responsibility for, nor hold ourselves out as advisers to any person other than the Independent Directors.

Our opinion is only based on a financial analysis and does not incorporate any assessment of commercial, legal, tax, regulatory or other matters. Our opinion also does not incorporate an assessment of the price at which the Shares may trade following the success or failure of the Offer. Such factors are beyond the ambit of our review and do not fall within our terms of reference in connection with the Offer.

We have considered the Factors in favour of the Offer Price and the Factors against the Offer Price in the context of a non-change of control transaction. We note that the Factors in favour of the Offer Price outweigh in number the Factors against the Offer Price. In particular, the Offer Price's valuation ratios are higher than the mean and median of the Comparable Companies which reflect the current market valuation of the Singapore and China property sectors and are higher than the mean and median of the Singapore Property Precedent Transactions which reflect the premiums paid previously for property privatisation transactions.

Based upon and subject to the foregoing, we are of the opinion that, as at the Latest Practicable Date the terms of the Offer are fair and reasonable from a financial point of view in the context of a non-change of control transaction.

We note that the Independent Directors may wish to consider advising Shareholders who:

- i. Wish to realise their investments in the Company at this time but are unable to sell their Shares in the open market at a price (after deduction of related expenses) higher than the Offer Price; and/or
- ii. Believe that the current market price of the Shares may decrease; and/or
- iii. Believe that even if the Company remains listed, trading liquidity may reduce materially; and/or
- iv. Believe that a higher offer may not be made; and/or
- v. Are uncertain of the longer term performance and prospects of the Company, either on status quo basis or under the stewardship of the Offeror,

that such Shareholders may wish to consider selling a portion or all of their Shares in the open market or tendering Shares pursuant to the Offer. If the Independent Directors make a recommendation to Shareholders to tender Shares in acceptance of the Offer or sell Shares in the open market, the Independent Directors may also wish to consider highlighting that there is no certainty that the Offer will or will not become unconditional in all respects, there is no assurance that the price of the Shares will remain at current levels after the close or lapse of the Offer and the current price performance of the Shares is not indicative of the future price performance levels of the Shares, which will be governed by factors such as, *inter alia*, the performance and prospects of the Company, prevailing and future economic conditions and outlook and market conditions and sentiments.

The Independent Directors may also wish to consider advising Shareholders who:

- i. Do not currently wish to realise their investments in the Company; and/or
- ii. Believe that the current market price of the Shares may increase; and/or
- iii. Believe that a higher offer may be made; and/or

APPENDIX 1 – LETTER FROM THE IFA TO THE INDEPENDENT DIRECTORS

- iv. Believe that there may be material incremental value to be realised in the future as a result of initiatives being executed by the Company; and/or
- v. Hold a favourable view of the Company's prospects and believe that they will be able to realise greater value from continuing to own their Shares,

that such Shareholders may wish to consider retaining a portion or all of their Shares. If the Independent Directors make a recommendation to Shareholders to retain their Shares, the Independent Directors may also wish to consider highlighting that there is no certainty that the Offer will become unconditional in all respects, there is no assurance that the prices of the Shares will remain at current levels after the close or lapse of the Offer; and the current price performance of the Shares is not indicative of the future price performance levels of the Shares, which will be governed by factors such as, *inter alia*, the performance and prospects of the Company, prevailing and future economic conditions and outlook and market conditions and sentiments.

Furthermore, the Independent Directors may wish to consider advising Shareholders who are considering retaining a portion or all of their Shares, that in the event the Company is delisted, such Shareholders would hold Shares in an unquoted company. Accordingly, Shareholders may wish to consider selling a portion or all of their Shares if the Offer becomes unconditional. We note that the Offeror's preference, as according to the Offer Document, is to delist the Company, although it has no obligation to do so.

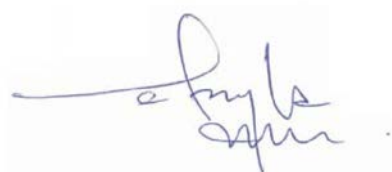

We wish to emphasise that we have been appointed to render our opinion as of the Latest Practicable Date. Our terms of reference do not require us to express, and we do not express, an opinion on the future growth prospects of the Company. This letter is addressed to the Independent Directors solely for their benefit in connection with the Offer and should not be relied on by any other party or for any other purpose. This opinion does not constitute and should not be relied on, as advice or a recommendation to, or confer any rights or remedies upon, any third party including, without limitation, any Shareholder. Nothing herein shall confer or be deemed or is intended to confer any right or benefit to any third party and the Contracts (Rights of Third Parties) Act, Chapter 53B of Singapore shall not apply. The recommendations made by the Independent Directors to the Shareholders in relation to the Offer remain the sole responsibility of the Independent Directors.

This letter is governed by, and construed in accordance with the laws and courts of Singapore, and is strictly limited to the matters stated herein and does not apply by implication to any other matter. No other person may use, reproduce, disseminate or quote this letter (or any part thereof) for any other purpose at any time and in any manner except with Deutsche Bank's prior written consent in each specific case.

Yours faithfully,

For and on behalf of

APPENDIX 2 – GENERAL INFORMATION

2. BACKGROUND INFORMATION

The Company is a company incorporated in Singapore on 12 October 2004 with its registered office at 39 Robinson Road, #18-01, Robinson Point, Singapore 068911. The Company is a public company incorporated in Singapore with a primary listing on the SGX-ST and a secondary listing on the HKSE.

The Group is one of the largest listed shopping mall developers, owners and managers in Asia by total property value of assets and geographic reach. The Group has an integrated shopping mall business model encompassing retail real estate investment, development, mall operations, asset management and fund management capabilities. As at the Latest Practicable Date, the Group has interests in and manages a pan-Asian portfolio of 104 shopping malls across 53 cities in the five countries of Singapore, China, Malaysia, Japan and India.

3. SHARE CAPITAL

- 3.1 Issued Shares.** As at the Latest Practicable Date, the Company has an issued share capital of S\$4,630,181,735 comprising 3,897,695,302 issued Shares. The Shares are quoted and listed on the Mainboard of the SGX-ST and the Main Board of the HKSE. As at the Latest Practicable Date, there are contingent and unvested awards granted under the Share Plans pursuant to which up to an aggregate of 27,601,281 Shares may be vested and released/issued (subject to fulfillment of the terms of the awards or otherwise in accordance with the terms of the Share Plans). As at the Latest Practicable Date, the Company does not have any outstanding instruments convertible into, rights to subscribe for, or options in respect of, Shares or securities which carry voting rights in the Company or which otherwise affect the Shares, and does not hold any treasury shares.

Pursuant to the resolution passed at the FY2013 AGM, the Company expects to issue 129,718 Shares ("**Expected Number of Shares**") (assuming that the volume-weighted average price of a share of the Company on the SGX-ST (rounded off to the nearest two decimal places) over the 14 trading days from (and including) 29 April 2014, being the ex-dividend date following the FY2013 AGM (the "**14-day VWAP Price**"), is the same as the Offer Price) on or around 3 June 2014 in payment of the FY2013 Directors' Fees, on such terms as the Board or a committee thereof may determine. The actual number of Shares to be issued will depend on the actual 14-day VWAP Price. If the 14-day VWAP Price is lower than the Offer Price, more Shares than the Expected Number of Shares will be issued, and if the 14-day VWAP Price is higher than the Offer Price, fewer Shares than the Expected Number of Shares will be issued.

From the end of FY2013 to the Latest Practicable Date, the Company has issued 5,202,085 new Shares as a result of the vesting of share awards under the Share Plans which rank *pari passu* with all Shares. The Company does not have any other class of share capital as at the Latest Practicable Date.

There is no restriction in the Articles of Association of the Company on the right to transfer any Shares, which has the effect of requiring the holders of Offer Shares, before transferring them, to offer them for purchase to members of the Company or to any other person.

- 3.2 Rights in Respect of Capital, Dividends and Voting.** The rights of Shareholders in respect of capital, dividends and voting in relation to the Shares are contained in the Articles of Association of the Company. For ease of reference, selected extracts of the Articles of Association of the Company in respect of capital, dividends and voting have been reproduced in **Appendix 6** to this Circular. Capitalised terms and expressions not defined in the extracts have the meanings ascribed to them in the Articles of Association of the Company.

APPENDIX 2 – GENERAL INFORMATION

B. Interests in Share Awards of the Share Plans

Mr Lim Beng Chee, the Executive Director, is also the Chief Executive Officer of the Company. Mr Lim was granted share awards under the Share Plans.

The interests of Mr Lim Beng Chee in the outstanding share awards under the Share Plans as at the Latest Practicable Date are set out below.

Share Awards	Shares under the Baseline Award	Number of Shares which may be released/issued
Contingent award of Performance Shares to be delivered after 2016	244,776	0 to 416,119 ⁽¹⁾
Contingent award of Performance Shares to be delivered after 2015	237,000	0 to 414,750 ⁽¹⁾
Contingent award of Performance Shares to be delivered after 2014	237,000	0 to 414,750 ⁽¹⁾

Unvested Restricted Shares to be delivered after 2012	60,000 ⁽⁴⁾	60,000 ⁽⁴⁾

Notes:

- (1) Unless otherwise determined in accordance with the Share Plans, the number of Shares, the vesting and release schedule and the related conditions are described in this footnote (1) as follows: the final number of Shares released/issued will depend on the achievement of pre-determined targets (i) over a three-year performance period (in respect of Performance Shares) or (ii) at the end of a one-year performance period and the release will be over a vesting period of three years (in respect of Restricted Shares). No Shares will be released/issued if the threshold targets are not met at the end of the relevant performance period. On the other hand, if superior targets are met, more Shares than the baseline award could be released/issued. For awards granted under the Company's Performance Share Plan, the maximum number of Shares released/issued will be 175% of the baseline award for 2012 and 2013 awards. From 2014 onwards, the maximum number of Shares released/issued will be 170% of the baseline award. For awards granted under the Company's Restricted Stock Plan, the maximum number of Shares released/issued will be 150% of the baseline award.
- (2) Unless otherwise determined in accordance with the Share Plans, on the final vesting, an additional number of Shares of a total value equal to the value of the accumulated dividends which are declared during each of the vesting periods and deemed foregone due to the vesting mechanism of the Company's Restricted Stock Plan, will also be released/issued.
- (3) Being the unvested two-thirds of the award, which shall vest in accordance with or as determined under the Share Plans.
- (4) Being the unvested one-third of the award, which shall vest in accordance with or as determined under the Share Plans.

APPENDIX 2 – GENERAL INFORMATION

7. MATERIAL CHANGES IN FINANCIAL POSITION OR INFORMATION

Save as disclosed in the unaudited consolidated financial statements of the Group for the three months ended 31 March 2014 and any other information on the Group which is publicly available (including without limitation, the announcements released by the Group on the SGX-ST), there have been no material changes to the financial position of the Group since 31 December 2013, being the date of the last published audited accounts of the Group.

Save as disclosed in this Circular and any other information on the Group and the Offer which is publicly available, there has been no material change in any information previously published by or

APPENDIX 2 – GENERAL INFORMATION

on behalf of the Company during the period commencing from the Offer Announcement Date and ending on the Latest Practicable Date.

8. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies of the Group which are disclosed in Note 2 of the audited consolidated financial statements of the Group for FY2013 are reproduced in **Appendix 4** to this Circular.

9. CHANGES IN ACCOUNTING POLICIES

Saved as disclosed in paragraphs 4 and 5 of the unaudited consolidated financial statements of the Group for the three months ended 31 March 2014 as reproduced in **Appendix 5** to this Circular, the Group has applied the same accounting policies and methods of computation as in the audited consolidated financial statements of the Group for FY2013. Save for the aforesaid, there is no change in the accounting policies of the Group which will cause the figures disclosed in this Circular not to be comparable to a material extent.

10. MATERIAL CONTRACTS WITH INTERESTED PERSONS

Save as disclosed below, as at the Latest Practicable Date, neither the Company nor any of its subsidiaries have entered into any material contracts with Interested Persons (other than those entered into in the ordinary course of business) (the “**Material Contracts**”) during the period commencing three years before the Offer Announcement Date and ending on the Latest Practicable Date. The Material Contracts are:

- (a) the joint venture agreement dated 27 June 2011 between (i) CMA Singapore Investments (4) Pte. Ltd. (a wholly-owned subsidiary of the Company) (“**CMA4**”), (ii) CMA Singapore Investments (5) Pte. Ltd. (a wholly-owned subsidiary of the Company) (“**CMA5**”), (iii) HSBC Institutional Trust Services (Singapore) Limited, as trustee of CapitaMall Trust (“**CMT Trustee**”), (iv) CL JM Pte. Ltd. (a wholly-owned subsidiary of CapitaLand) (“**CLJM**”) and (v) CL JO Pte. Ltd. (a wholly-owned subsidiary of CapitaLand) (“**CLJO**”, and together with CMA4, CMA5, the CMT Trustee and CLJM collectively, the “**JG Consortium**”) to regulate their rights and obligations in connection with, *inter alia*, the joint development of the land at Boon Lay Way, Singapore known as Lot 8630V MK 5 (“**Jurong Gateway Site**”). The Jurong Gateway Site was awarded at the tender price of approximately S\$969.0 million to the joint venture entities in which the Company, CapitaMall Trust and CapitaLand each holds an indirect interest of 50%, 30% and 20%, respectively;
- (b) the shared services agreement dated 29 December 2011 (the “**2011 Shared Services Agreement**”) between the Company and CapitaLand pursuant to which CapitaLand provides the Group with advisory and other services in relation to treasury functions, administration, information technology, human resource, tax, risk management and corporate communication services and marketing. The annual fee for the service is computed in accordance with a formula set out in the agreement, subject to a minimum fee of S\$2.5 million per annum;
- (c) the agreement dated 29 December 2011 (the “**2011 IT Infrastructure Agreement**”) between the Company and CapitaLand for use of CapitaLand’s information technology infrastructure by the Group. The consideration is calculated in accordance with the terms set out in the agreement, which was estimated to be approximately S\$9.04 million;
- (d) the administrative support services agreement dated 8 August 2011 between CapitaLand Commercial Limited (“**CCL**”), a wholly-owned subsidiary of CapitaLand, and the Company,

APPENDIX 2 – GENERAL INFORMATION

pursuant to which CCL provides the Company with certain administrative support services in consideration of a monthly fee equivalent to S\$74,500;

- (e) the shared services agreement dated 28 December 2012 between the Company and CapitaLand which renews the 2011 Shared Services Agreement on substantially the same terms (“**2012 Shared Services Agreement**”). Pursuant to the 2012 Shared Services Agreement, CapitaLand is to provide the Group with advisory and other services in relation to administration, corporate communications, human resource, information technology, marketing, risk management and treasury functions for the duration of the financial year ending 31 December 2013. The annual fee for the service is computed in accordance with a formula set out in the 2012 Shared Services Agreement, subject to a minimum fee of S\$2.5 million per annum;
- (f) the agreement dated 28 December 2012 between the Company and CapitaLand which renews the 2011 IT Infrastructure Agreement on substantially the same terms (the “**2012 IT Infrastructure Agreement**”). Pursuant to the 2012 IT Infrastructure Agreement, the Group may use CapitaLand’s information technology infrastructure for the duration of the financial year ending 31 December 2013. The consideration is calculated in accordance with the terms set out in the 2012 IT Infrastructure Agreement and is approximately S\$10.3 million;
- (g) the joint venture agreement dated 31 August 2012 between CMA China III Pte. Ltd. (a wholly-owned subsidiary of the Company), Casuarina Group Pte. Ltd. (a wholly-owned subsidiary of CapitaLand), Reknown City Holdings Limited (a joint venture between the Company and CapitaLand in which each holds a 50% interest), Singbridge CTM9 Pte. Ltd. (a wholly-owned subsidiary of Temasek) and Singbridge CTM1 Pte. Ltd. (a wholly-owned subsidiary of Temasek) to regulate their rights and obligations in connection with, among other things, the joint development of the site located at Chao Tian Men, Yuzhong District, Chongqing, China (the “**Chao Tian Men Site**”). The Chao Tian Men Site was awarded at the tender price of approximately S\$1,282.8 million to the joint venture entities, in which the Company, CapitaLand and Temasek each holds an interest of 31.25%, 31.25% and 37.5%, respectively;
- (h) the leasing services agreement dated 3 December 2012 between JG Trustee Pte. Ltd. (the “**JG Trustee**”) in its capacity as trustee of Infinity Mall Trust (the joint venture entity responsible for the development of the retail component of the Jurong Gateway Site) and CapitaLand Retail Management Pte. Ltd. (a wholly-owned subsidiary of the Company) (“**CRM**”) pursuant to which CRM provides to the joint venture leasing, marketing and corporate administration services in relation to the retail component of the development. The leasing commission payable by JG Trustee to CRM is calculated as follows: (a) for leases with a term of up to one year, a fee equivalent to half a month’s rental fees payable under such lease, pro rata to the term of such lease and (b) for leases with a term of more than one year, a fee equivalent to one month’s rental fees payable under such lease;
- (i) the services agreement dated 29 June 2012 between Brilliance Trustee Pte. Ltd. (the “**Brilliance Trustee**”) in its capacity as trustee of Brilliance Mall Trust (the joint venture entity responsible for the development of the site located at New Upper Changi Road/Bedok North Drive in Singapore (the “**Bedok Town Centre Site**”)) and CRM pursuant to which CRM provides to the joint venture project management and leasing services in respect of the retail component of the development. The fees payable for the project management services amount to 2.5% of the amount of the construction contract awarded to the main building contractor equivalent to S\$145.7 million, approximately S\$3.6 million. The leasing commission is calculated as follows: (a) for leases with a term of up to one year, a fee equivalent to half a month’s rental fees payable under such lease, pro rata to the term of such lease and (b) for leases with a term of more than one year, a fee equivalent to one month’s rental fees payable under such lease;

APPENDIX 2 – GENERAL INFORMATION

- (j) the project management service agreement dated 1 December 2011 between the JG Trustee in its capacity as trustee of Infinity Mall Trust and JG2 Trustee Pte. Ltd. in its capacity as trustee of Infinity Office Trust (the joint venture entities responsible for the development of the Jurong Gateway Site) and CapitaLand Retail Project Management Pte. Limited (“**CRPM**”) pursuant to which CRPM provides to the joint venture project management services in respect of the development. The lump sum fee for the project management services is approximately S\$7.2 million;
- (k) the shared services agreement dated 21 January 2014 between the Company and CapitaLand which renews the 2012 Shared Services Agreement on substantially the same terms (“**2013 Shared Services Agreement**”). Pursuant to the 2013 Shared Services Agreement, CapitaLand is to provide the Group with advisory and other services in relation to, amongst others, administration, corporate communications, human resource, information technology, marketing, risk management and treasury functions for the duration of the financial year ending 31 December 2014. Notes to the Financial Statements

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 27 February 2014.

1 DOMICILE AND ACTIVITIES

CapitaMalls Asia Limited (the "Company") is incorporated in the Republic of Singapore and has its registered office at 39 Robinson Road, #18-01, Robinson Point, Singapore 068911.

The principal activities of the Company are those of investment holding and provision of management services. The principal activities of the subsidiaries are set out in Note 32 to the financial statements.

The immediate and ultimate holding company is CapitaLand Limited which is incorporated in the Republic of Singapore.

The consolidated financial statements relate to the Company and its subsidiaries (the "Group") and the Group's interests in associates and jointly-controlled entities.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

(a) Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") issued by the Singapore Accounting Standards Council.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

(c) Functional and presentation currency

The financial statements are presented in Singapore dollars, which is the Company's functional currency. All financial information presented in Singapore dollars has been rounded to the nearest thousand, unless otherwise stated.

(d) Use of estimates and judgements

The preparation of financial statements in conformity with FRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Notes to the Financial Statements

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.1 Basis of preparation *(continued)*

(d) Use of estimates and judgements *(continued)*

Note 16 – Utilisation of tax losses

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

Note 4 – Determination of fair value of investment properties

Note 5 – Determination of fair value of properties under development

Note 11 – Recoverability of loans and receivables

Note 19 – Measurement of share-based payments

Note 29 – Determination of fair value of financial instruments

(e) Changes in accounting policies

(i) **Defined benefit plans and short-term or other long-term employee benefits definition**

FRS 19 *Employee Benefits* (2011), which became effective as of 1 January 2013, amended the classification of short-term and long-term employee benefits to be based on the expected timing of settlement rather than the employee's entitlement to the benefits. The amendments also require the employee benefits to be measured at the present value of the amount payable.

The Group currently has a bonus plan based on Economic Value Added ("EVA") that is being awarded to its key executives. During the financial year, the accrued EVA bonus is credited into the bonus account and one-third of the balance in the bonus account will be paid out annually. The bonus payable was previously measured on an undiscounted basis, the Group is now required to measure the bonus payable at the present value of the amount payable.

These amendments were applied retrospectively but there was no significant impact on the financial position or performance of the Group arising from the adoption of the amendments.

(ii) **Fair value measurement**

FRS 113 *Fair Value Measurement* establishes a single framework for measuring fair value and making disclosures about fair value measurements, when such measurements are required or permitted by other FRSs. In particular, it unifies the definition of fair value as the price at which an orderly transaction to sell an asset or to transfer a liability would take place between market participants at the measurement date. It also replaces and expands the disclosure requirements about the fair value measurements in other FRSs, including FRS 107 *Financial Instruments: Disclosures*.

From 1 January 2013, in accordance with the transitional provisions of FRS 113, the Group has applied the new fair value measurement guidance prospectively, and has not provided any comparative information for new disclosures. Notwithstanding the above, the change had no significant impact on the measurements of the Group's assets and liabilities. The additional disclosure necessary as a result of the adoption of this standard has been included in Note 30.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.1 Basis of preparation *(continued)*

(e) Changes in accounting policies *(continued)*

(iii) Presentation of items of other comprehensive income

From 1 January 2013, as a result of the amendments to FRS 1 *Presentation of Financial Statements*, the Group has modified the presentation of items of other comprehensive income in the statement of comprehensive income, to present separately items that would be reclassified to profit or loss in the future from those that would never be. Comparative information has also been re-presented accordingly. The adoption of the amendments to FRS 1 has no impact on the recognised assets, liabilities and comprehensive income of the Group.

2.2 Significant accounting policies

The accounting policies set out below have been applied consistently by the Group to all periods presented in these financial statements and have been applied consistently by the entities in the Group, except as explained in Note 2.1(e), which addresses changes in accounting policies.

(a) Basis of consolidation

(i) Business combinations

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

The Group measures goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree,

over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Notes to the Financial Statements

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(a) Basis of consolidation *(continued)*

(i) Business combinations *(continued)*

Any contingent consideration payable is recognised at fair value at the acquisition date and included in the consideration transferred. If the contingent consideration is classified as equity, it is not re-measured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognised in profit or loss. Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

For non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation, the Group elects on a transaction-by-transaction basis whether to measure them at fair value, or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the acquisition date. All other non-controlling interests are measured at acquisition date fair value, unless another measurement basis is required by FRS. If the business combination is achieved in stages, the Group's previously held equity interest in the acquiree is re-measured to fair value as at the acquisition date through profit or loss.

(ii) Subsidiaries

Subsidiaries are entities controlled by the Group. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

The Group's acquisition of those subsidiaries, which are special purpose vehicles established for the sole purpose of holding assets are primarily accounted for as acquisitions of assets.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as transactions with owners and therefore no adjustments are made to goodwill and no gain or loss is recognised in profit or loss. Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

(iii) Associates and jointly-controlled entities

Associates are those entities in which the Group has significant influence, but not control nor joint control, over their financial and operating policies. Significant influence is presumed to exist when the Group holds between 20% and 50% of the voting power of another entity. Jointly-controlled entities are those entities over whose activities the Group has joint control, established by contractual agreement and requiring unanimous consent for strategic financial and operating decisions.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(a) Basis of consolidation *(continued)*

(iii) Associates and jointly-controlled entities *(continued)*

Associates and jointly-controlled entities (collectively referred to as “equity-accounted investees”) are accounted for using the equity method and are recognised initially at cost. The cost of the investments includes transaction costs. The Group’s investments in equity-accounted investees include goodwill identified on acquisition, net of any accumulated impairment losses.

The consolidated financial statements include the Group’s share of the profit or loss and other comprehensive income of the equity-accounted investees, after adjustments to align the accounting policies of the equity-accounted investees with those of the Group, from the date that significant influence or joint control commences until the date that significant influence or joint control ceases.

When the Group’s share of losses exceeds its interest in an equity-accounted investee, the carrying amount of that interest is reduced to zero and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee.

(iv) Acquisitions of non-controlling interests

Acquisitions of non-controlling interests are accounted for as transactions with owners in their capacity as owners and therefore no goodwill is recognised as a result. Adjustments to non-controlling interests arising from transactions that do not involve the loss of control are based on a proportionate amount of the net assets of the subsidiary.

(v) Transactions eliminated on consolidation

Intra-group balances, and any unrealised income or expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group’s interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(vi) Accounting for subsidiaries and equity-accounted investees by the Company

Investments in subsidiaries and equity-accounted investees are stated in the Company’s statement of financial position at cost less accumulated impairment losses.

(b) Foreign currencies

(i) Foreign currency transactions

Items included in the financial statements of each entity in the Group are measured using the currency that best reflects the economic substance of the underlying events and circumstances relevant to that entity (the “functional currency”).

Transactions in foreign currencies are translated to the respective functional currencies of the Group’s entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are retranslated to the functional currency at the exchange rate at that reporting date.

Notes to the Financial Statements

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(b) Foreign currencies *(continued)*

(i) Foreign currency transactions *(continued)*

The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date on which the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical costs are translated using the exchange rate at the date of the transaction. Foreign currency differences arising from retranslation are recognised in profit or loss, except for differences arising from the retranslation of available-for-sale equity instruments, a financial liability designated as a hedge of the net investment in a foreign operation (see Note 2.2(b)(iii)), or qualifying cash flow hedges to the extent such hedges are effective, which are recognised in other comprehensive income.

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising from the acquisition, are translated to Singapore dollars at exchange rates prevailing at the end of the reporting period. The income and expenses of foreign operations are translated to Singapore dollars at exchange rates prevailing at the dates of the transactions. Goodwill and fair value adjustments arising from the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

Foreign currency differences are recognised in other comprehensive income, and presented in the foreign currency translation reserve ("translation reserve") in equity. However, if the operation is not a wholly-owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the non-controlling interests. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is transferred to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the Group disposes of only part of its investment in an associate or jointly-controlled entity that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation. These are recognised in other comprehensive income, and are presented in the translation reserve in equity.

(b) Foreign currencies *(continued)*

(iii) Hedge of a net investment in foreign operation

The Group applies hedge accounting to foreign currency differences arising between the functional currency of the foreign operation and the Company's functional currency (Singapore dollars), regardless of whether the net investment is held directly or through an intermediate parent.

Foreign currency differences arising on the retranslation of a financial liability designated as a hedge of a net investment in a foreign operation are recognised in other comprehensive income to the extent the hedge is effective, and presented within equity in the foreign currency translation reserve. To the extent that the hedge is ineffective, such differences are recognised in profit or loss. When the hedged net investment is disposed of, the relevant amount in the foreign currency translation reserve is transferred to profit or loss as part of the profit or loss on disposal.

(c) Plant and equipment

Plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset.

Subsequent expenditure relating to plant and equipment that has already been recognised is added to the carrying amount of the asset if it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Group and its cost can be measured reliably. All other subsequent expenditure is recognised as an expense in the period in which it is incurred.

Depreciation is recognised from the date that the plant and equipment are installed and are ready for use. Depreciation is recognised on a straight-line basis over the estimated useful lives of each component of an item of plant and equipment as follows:

Improvement to premises	–	3 to 5 years
Plant, machinery and other improvements	–	3 to 10 years
Motor vehicles	–	5 years
Furniture, fittings and equipment	–	2 to 5 years

The assets' residual values, useful lives and depreciation methods are reviewed at each reporting date, and adjusted if necessary.

(d) Investment properties and properties under development

Investment properties are properties held either to earn rental income or for capital appreciation or both. Properties under development are properties being constructed or developed for future use as investment properties. They are not for sale in the ordinary course of business, used in the production or supply of goods or services, or for administrative purposes.

Notes to the Financial Statements

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(d) Investment properties and properties under development *(continued)*

Investment properties and properties under development are initially recognised at cost, including transaction costs, and subsequently at fair value with any change therein recognised in profit or loss. Rental income from investment properties is accounted for in the manner described in Note 2.2(k). The fair value is determined based on internal valuation or independent professional valuation. Independent professional valuation is obtained at least once every three years.

When an investment property or property under development is disposed, the resulting gain or loss recognised in profit or loss is the difference between net disposal proceeds and the carrying amount of the property.

(e) Financial instruments

(i) Non-derivative financial assets

Non-derivative financial assets comprise available-for-sale investments, trade and other receivables and cash and cash equivalents.

Non-derivative financial assets are recognised initially at fair value plus, for financial assets not at fair value through profit or loss, any directly attributable transaction costs. Subsequent to initial recognition, non-derivative financial assets are measured as described below.

A financial asset is recognised if the Group becomes a party to the contractual provisions of the financial asset. Financial assets are derecognised if the Group's contractual rights to the cash flows from the financial assets expire or if the Group transfers the financial assets to another party without retaining control or transfers substantially all the risks and rewards of the assets. Regular way purchases and sales of financial assets are accounted for at trade date, i.e. the date that the Group commits itself to purchase or sell the asset.

Available-for-sale financial assets

The Group's investments in equity securities are classified as available-for-sale financial assets. Available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, available-for-sale financial assets are measured at fair value and changes therein, other than for impairment losses, and foreign exchange differences on available-for-sale monetary items (see Note 2.2 (b)), are recognised in other comprehensive income and presented within equity in the fair value reserve. When an investment is derecognised, the cumulative gain or loss in other comprehensive income is transferred to profit or loss.

Investment in equity securities whose fair value cannot be reliably measured are measured at cost less impairment loss.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses. Loans and receivables comprise cash and cash equivalents, and trade and other receivables.

(e) Financial instruments *(continued)*

(i) **Non-derivative financial assets** *(continued)*

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits. For the purpose of the statement of cash flows, pledged deposits are excluded whilst bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents.

(ii) **Non-derivative financial liabilities**

The Group initially recognises debt securities issued and subordinated liabilities on the date that they are originated. Financial liabilities for contingent consideration payable in a business combination are recognised at the acquisition date. All other financial liabilities (including liabilities designated at fair value through profit or loss) are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

Financial liabilities for contingent consideration payable in a business combination are initially measured at fair value. Subsequent changes in the fair value of the contingent consideration are recognised in profit or loss.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Group classifies its non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Other financial liabilities comprise loans and borrowings, trade and other payables and the following items in non-current liabilities – security deposits, amounts owing to non-controlling interests and other payables.

(iii) **Derivative financial instruments and hedging activities**

The Group holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if the economic characteristics and risks of the host contract and the embedded derivative are not closely related, a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative, and the combined instrument is not measured at fair value through profit or loss.

Notes to the Financial Statements

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(e) Financial instruments *(continued)*

(iii) Derivative financial instruments and hedging activities *(continued)*

On initial designation of the derivative as a hedging instrument, the Group formally documents the relationship between the hedging instrument and the hedged item, including the risk management objectives and strategy in undertaking the hedge transaction and the hedged risk, together with the methods that will be used to assess the effectiveness of the hedging relationship. The Group makes an assessment, both at the inception of the hedge relationship as well as on an ongoing basis, of whether the hedging instruments are expected to be “highly effective” in offsetting the changes in the fair value or cash flows of the respective hedged items attributable to the hedged risk, and whether the actual results of each hedge are within a range of 80%-125%. For a cash flow hedge of a forecast transaction, the transaction should be highly probable to occur and should present an exposure to variations in cash flows that could ultimately affect reported profit or loss.

Derivatives are recognised initially at fair value; attributable transaction costs are recognised in profit or loss when incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are accounted for as described below.

Cash flow hedges

When a derivative is designated as the hedging instrument in a hedge of the variability in cash flows attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction that could affect profit or loss, the effective portion of changes in the fair value of the derivative is recognised in other comprehensive income and presented in the hedging reserve in equity. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in profit or loss.

When the hedged item is a non-financial asset, the amount accumulated in equity is included in the carrying amount of the asset when the asset is recognised. In other cases, the amount accumulated in equity is reclassified to profit or loss in the same period that the hedged item affects profit or loss. If the hedging instrument no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, or the designation is revoked, then hedge accounting is discontinued prospectively. If the forecast transaction is no longer expected to occur, then the balance in equity is reclassified to profit or loss.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(e) Financial instruments *(continued)*

(iii) Derivative financial instruments and hedging activities *(continued)*

Fair value hedges

Changes in the fair value of a derivative hedging instrument designated as a fair value hedge are recognised in profit or loss. The hedged item is stated at fair value in respect of the risk being hedged, with any gain or loss being recognised in profit or loss.

Separable embedded derivatives

Changes in the fair value of separated embedded derivatives are recognised immediately in profit or loss.

Other non-trading derivatives

When a derivative financial instrument is not designated in a hedge relationship that qualifies for hedge accounting, all changes in its fair value are recognised immediately in profit or loss.

(iv) Financial guarantees

Financial guarantee contracts are classified as financial liabilities unless the Group or the Company has previously asserted explicitly that it regards such contracts as insurance contracts and accounted for them as such.

Financial guarantees classified as financial liabilities

Such financial guarantees are recognised initially at fair value and classified as financial liabilities. Subsequent to initial measurement, the financial guarantees are stated at the higher of (i) the amount that would be recognised if they were accounted for as contingent liabilities; and (ii) the initial fair value less cumulative amortisation. When financial guarantees are terminated before their original expiry date, the carrying amount of the financial guarantees is transferred to the profit or loss.

Financial guarantees classified as insurance contracts

These financial guarantees are accounted for as insurance contracts. Provision is recognised based on the Group's or the Company's estimate of the ultimate cost of settling all claims incurred but unpaid at the end of the reporting period.

The provision is assessed by reviewing individual claims and tested for adequacy by comparing the amount recognised and the amount that would be required to settle the guarantee contract.

Notes to the Financial Statements

2.2 Significant accounting policies *(continued)*

(e) Financial instruments *(continued)*

(v) Impairment of financial assets

A financial asset not carried at fair value through profit or loss, including an interest in an associate or jointly-controlled entity, is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event has a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

All individually significant financial assets are assessed for specific impairment on an individual basis. All individually significant financial assets found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. The remaining financial assets that are not individually significant are collectively assessed for impairment by grouping together such instruments with similar risk characteristics.

In assessing collective impairment, the Group uses historical trends of probability of default, timing of recoveries and the amount of loss incurred, adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or lesser than suggested by historical trends.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate. Losses are recognised in profit or loss and reflected as an allowance account against receivables. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

Impairment losses on available-for-sale financial asset are recognised by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and amortisation, and the current fair value, less any impairment loss recognised previously in profit or loss. Any subsequent recovery in the fair value of an impaired available-for-sale equity security is recognised in other comprehensive income.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 Significant accounting policies (continued)

(f) Impairment – non-financial assets

The carrying amounts of the Group's non-financial assets, other than investment properties, properties under development and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts are estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generate cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Impairment losses are recognised in profit or loss unless it reverses a previous revaluation credited to equity, in which case it is charged to equity. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a *pro-rata* basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Goodwill that forms part of the carrying amount of an investment in an equity-accounted investee is not recognised separately, and therefore is not tested for impairment separately. Instead, the entire amount of the investment in an equity-accounted investee is tested for impairment as a single asset when there is objective evidence that the investment in an equity-accounted investee may be impaired.

2.2 Significant accounting policies *(continued)*

(g) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

(h) Employee benefits

Long-term employee benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value, and the fair value of any related assets is deducted.

Short-term employee benefits

All short-term employee benefits, including accumulated compensated absences, are recognised in profit or loss in the period in which the employees render their services.

A provision is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. If employee benefits are payable more than 12 months after the reporting date, then they are discounted to their present value.

Defined contribution plans

Contributions to post-employment benefits under defined contribution plans are recognised as an expense in profit or loss in the period during which the related services are rendered by employees.

Share-based payments

For equity-settled share-based payment transactions, the fair value of the services received is recognised as an expense with a corresponding increase in equity, over the vesting period during which the employees become unconditionally entitled to the equity instrument. The fair value of the services received is determined by reference to the fair value of the equity instrument granted at the date of the grant. At each reporting date, the number of equity instruments that are expected to be vested are estimated. The impact on the revision of original estimates is recognised as an expense and as a corresponding adjustment to equity over the remaining vesting period, unless the revision to original estimates is due to market conditions. No adjustment is made if the revision or actual outcome differs from the original estimate due to market conditions.

For cash-settled share-based payment transactions, the fair value of the goods or services received is recognised as an expense with a corresponding increase in liability. The fair value of the services received is determined by reference to the fair value of the liability. Until the liability is settled, the fair value of the liability is re-measured at each reporting date and at the date of settlement, with any changes in fair value recognised as an expense for the period.

The proceeds received from the exercise of the equity instruments, net of any directly attributable transaction costs, are credited to share capital when the equity instruments are exercised.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(i) Provision

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

A provision for onerous contract is recognised when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

(j) Leases

When entities within the Group are lessees of an operating lease

Where the Group has the use of assets under operating leases, payments made under the leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised in profit or loss as an integral part of the total lease payments made. Contingent rentals are charged to profit or loss in the accounting period in which they are incurred.

When entities within the Group are lessors of an operating lease

Assets subject to operating leases are included in investment properties (see Note 2.2(d)).

(k) Revenue recognition

Rental and related income

Rental and related income receivable under operating leases is recognised in profit or loss on a straight-line basis over the term of the lease, except where an alternative basis is more representative of the pattern of benefits to be derived from the leased asset. Lease incentives granted are recognised as an integral part of the total rental income to be received. Contingent rentals are recognised as income in the accounting period in which they are earned.

Fee income

Fee income is recognised in profit or loss as and when services are rendered.

Dividends

Dividend income is recognised on the date that the Group's right to receive payment is established.

Interest income

Interest income is recognised as it accrues, using the effective interest method.

(l) Finance costs

Borrowing costs are recognised in profit or loss using the effective interest method in the period in which they are incurred, except to the extent that they are capitalised as being directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to be prepared for its intended use or sale.

Notes to the Financial Statements

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(m) Taxation

Taxation comprises current and deferred tax. Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries and equity-accounted investees to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

2.2 Significant accounting policies *(continued)*

(m) Taxation *(continued)*

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

(n) Earnings per share

The Group presents basic and diluted earnings per share (“EPS”) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to owners of the Company and the weighted average number of ordinary shares outstanding, adjusted for own shares held, and the effects of all dilutive potential ordinary shares, which comprise awards of performance and restricted shares granted to employees.

(o) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group’s other components. All operating segments’ results are reviewed and used by management for strategic decision making and resources allocation.

(p) Related parties

For the purposes of these financial statements, parties are considered to be related to the Group if the Group has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Notes to the Financial Statements

35 NEW ACCOUNTING STANDARDS AND INTERPRETATIONS NOT YET ADOPTED

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2013, and have not been applied in preparing these financial statements.

Applicable for the Group's 2014 financial statements

- Amendments to FRS 32 *Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities*, which clarifies the existing criteria for net presentation on the face of the statement of financial position.

Under the amendments, to qualify for offsetting, the right to set off a financial asset and a financial liability must not be contingent on a future event and must be enforceable both in the normal course of business and in the event of default, insolvency or bankruptcy of the entity and all counterparties.

The Group currently offsets receivables and payables due from/to the same counterparty if the Group has the legal right to set off the amounts when it is due and payable based on the contractual terms of the arrangement with the counterparty, and the Group intends to settle the amounts on a net basis. Based on the local laws and regulations in certain jurisdictions in which the counterparties are located, the set-off rights are set aside in the event of bankruptcy of the counterparties.

The amendments will be applied retrospectively and prior periods in the Group's 2014 financial statements will be restated. On adoption of the amendments, the Group will have to present the respective receivables and payables on a gross basis as the right to set-off is not enforceable in the event of bankruptcy of the counterparty.

The Group does not expect any material financial impact as the financial position from the adoption of this amendment.

- FRS 110 *Consolidated Financial Statements*, which changes the definition of control such that an investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power with the investee. FRS 110 introduces a single control model with a series of indicators to assess control. FRS 110 also adds additional context, explanation and application guidance based on the principle of control.

35 NEW ACCOUNTING STANDARDS AND INTERPRETATIONS NOT YET ADOPTED (continued)

Applicable for the Group's 2014 financial statements (continued)

The Group has re-evaluated its involvement with investees under the new control model. As a consequence, the Group would change its control conclusion in respect of its investment in CapitaMalls Malaysia Trust, which was previously accounted for as an associate using the equity method.

This standard will be applied retrospectively and prior periods in the Group's 2014 financial statements will be restated. Based on FY2013 financial information, the estimated effect of the application of FRS 110 is as follows:

	Group 2013 \$'000
Increase in Revenue	112,720
Increase in Profit for the Year	58,381
Increase in Non-Controlling Interest (Income Statement)	58,381
Increase in Total Assets	949,393
Increase in Total Liabilities	402,609
Increase in Non-Controlling Interest (Statement of Financial Position)	546,784
Increase in Total Equity	546,784

There is no change in Profit Attributable to Owners of the Company, Equity Attributable to Owners of the Company and Return on Equity.

- FRS 111 *Joint Arrangements*, which establishes the principles for classification and accounting of joint arrangements. The adoption of this standard would require the Group to re-assess and classify its joint arrangements as either joint operations or joint ventures based on its rights and obligations arising from the joint arrangements. Under this standard, interests in joint ventures will be accounted for using the equity method whilst interests in joint operations will be accounted for using the applicable FRSs relating to the underlying assets, liabilities, revenue and expense items arising from the joint operations.

As the Group is currently applying the equity method of accounting for its joint ventures, there will be no impact to the Group's financial statements when the Group adopts FRS 111 in 2014.

- FRS 112 *Disclosure of Interests in Other Entities*, which sets out the disclosures required to be made in respect of all forms of an entity's interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities. The adoption of this standard would result in more extensive disclosures being made in the Group's financial statements in respect of its interests in other entities.

As FRS 112 is primarily a disclosure standard, there will be no financial impact on the results and financial position of the Group and the Company upon adoption of this standard by the Group in 2014.

2014 FIRST QUARTER UNAUDITED FINANCIAL STATEMENTS ANNOUNCEMENT

1(a)(ii) Explanatory Notes to Income Statement – 1Q 2014 vs 1Q 2013 (Restated)

(A) Revenue

The higher revenue in 1Q 2014 was mainly contributed by higher property income from Olinas Mall in Japan and operating malls in China, coupled with higher property management fees from Singapore which was mainly attributable to Bedok Mall and Westgate that began operations in December 2013. The increase was partially offset by lower leasing commission and project management fees from China.

(B) Cost of Sales

Cost of sales in 1Q 2014 was higher mainly due to higher staff related costs from management companies in China, as well as higher operating expenses incurred by operating malls which was in line with the increase in revenue.

(C) Other Operating Income

	Group		
	1Q 2014 S\$'000	1Q 2013 S\$'000 (Restated)	Change %
Other Operating Income	9,707	16,544	(41.3)
Interest income	(i) 9,159	9,410	(2.7)
Other income	(ii) 548	7,134	92.3

(i) The lower interest income in 1Q 2014 was mainly due to decrease in loans extended to associates as compared to 1Q 2013.

(ii) 1Q 2013 included portfolio gain of S\$6.6 million relating to the transfer of two assets to CapitaMalls China Development Fund III ("CMCDF III").

(D) Administrative Expenses

	Group		
	1Q 2014 S\$'000	1Q 2013 S\$'000 (Restated)	Change %
Administrative Expenses	(35,839)	(32,028)	11.9
<u>Included in Administrative Expenses:-</u>			
Depreciation and amortization	(2,271)	(2,237)	1.5
(Allowance for) / reversal of doubtful receivables, net	(14)	520	N.M.

N.M.: Not meaningful

Administrative expenses comprised mainly staff and related costs, depreciation expenses, operating lease expenses and other administrative expenses.

Administrative expenses in 1Q 2014 were higher mainly due to increase in information technology ("IT") and staff related expenses.

(E) Finance Costs

The decrease in finance costs was primarily attributable to capitalisation of finance costs in properties under development, as well as the redemption of S\$125.0 million 3-year bonds in January 2014.

Finance costs, taxation and NCI	(iv) (26,778)	(24,831)	7.8

- (i) Property income was higher in 1Q 2014 primarily due to better performances from operating malls.
- (ii) The portfolio loss in 1Q 2014 was in relation to proportionate share of loss arising from the sale of Ito Yokado Eniwa (“IYE”) in Japan by the Japan fund.
- (iii) Others comprised mainly real estate investment trusts or property trusts’ fund management fees, administrative expenses, foreign exchange gains or losses and interest income from deposit placements.
- (iv) The increase in finance costs in 1Q 2014 was mainly due to recognition of finance costs for malls which commenced operations in 2013.

(G) Share of Results (net of tax) of Jointly-Controlled Entities (“JCE”)

Finance costs, taxation and NCI	(iii) (19,834)	(10,433)	90.1

* Net of finance costs and taxation

- (i) Property income was higher in 1Q 2014 largely attributable to new contributions from Bedok Mall and Westgate which began operations in December 2013, better results from ION Orchard, and improved performances from properties held through JCE in China.
- (ii) Residential profit in 1Q 2014 was in respect of profit recognition for units sold in Bedok Residences, while 1Q 2013 was in respect of profit from the sale of The Orchard Residences.
- (iii) The higher finance costs in 1Q 2014 was mainly due to recognition of finance costs for Bedok Mall and Westgate which commenced operations in December 2013.

Deferred tax	(184)	(350)	(47.4)

Taxation is based on the statutory tax rates of the respective countries in which the companies operate in and takes into account non-deductible expenses and temporary differences.

The increase in current taxation was mainly due to higher taxation on CMT's higher distribution as compared to 1Q 2013, arising from the advanced distribution made prior to 1Q 2013 in connection with the new units issued by CMT under the private placement completed in November 2012; coupled with higher taxation as a result of higher profits from Singapore's entities in 1Q 2014.

- (1) The increase was mainly due to additional shareholders' loans extended to subsidiaries for on-going investments.
- (2) The increase was mainly due to capital contributions made to CMCDF III and CapitaMalls China Income Fund, as well as the share of profits for YTD Mar 2014.
- (3) The increase was mainly due to capital contributions made to JCEs for on-going development projects in Suzhou and Singapore, as well as share of profits for YTD Mar 2014, partially offset by dividends received from a JCE.
- (4) For Company, the decrease was mainly due to partial repayment of short-term loans by subsidiaries.
- (5) The decrease was mainly due to redemption of S\$125.0 million 3-year bonds in January 2014 and capital injection into on-going development projects.
- (6) The increase was mainly due to translation of financial statements of foreign entities as a result of strengthening of RMB and USD against SGD.
- (7) The decrease in total Loans and Borrowings (current and non-current) was mainly due to redemption of the 3-year bonds in January 2014.

1(d)(ii) Changes in the Company's Issued Share Capital (cont'd)

Performance Shares

As at 31 March 2014, the number of shares awarded and outstanding under the Company's Performance Share Plan was 3,015,000 (31 March 2013: 2,870,700).

Under the Performance Share Plan, the final number of shares to be released will depend on the achievement of pre-determined targets over a three-year performance period. No shares will be released if the threshold targets are not met at the end of the performance period. On the other hand, if superior targets are met, more shares than the baseline award could be released. For awards granted prior to 2012, the maximum is 200% of the baseline award. From 2012, the maximum will be 175% of the baseline award.

Restricted Stock Plan

The number of shares comprised in contingent awards granted under the Company's Restricted Stock Plan are as follows :

	As at 31 March 2014			As at 31 March 2013		
	Equity-settled	Cash-settled	Total	Equity-settled	Cash-settled	Total
Final number of shares that has been determined but not released	6,004,712	1,185,486	7,190,198	6,170,862	1,507,676	7,678,538

Under the Restricted Stock Plan, the final number of the shares to be released will depend on the achievement of pre-determined targets at the end of a one-year performance period. No shares will be released if the threshold targets are not met at the end of the performance period. On the other hand, if superior targets are met, more shares than the baseline award could be delivered up to a maximum of 150% of the baseline award. The shares have a vesting period of three years. With effect from 2012, the cash-settled award plan for non-managerial employees has been replaced by a Restricted Cash Plan.

1(d)(iii) Treasury Shares

The Company did not hold any treasury shares as at 31 March 2014 and 31 March 2013. There were no sale, transfer, disposal, cancellation and/or use of treasury shares for the period ended 31 March 2014.

1(d)(iv) Purchase, sale or redemption of the Company's listed securities

During the period ended 31 March 2014, neither the Company nor its subsidiary had purchased, sold or redeemed any of the listed securities of the Company.

2014 FIRST QUARTER UNAUDITED FINANCIAL STATEMENTS ANNOUNCEMENT

2 **Whether the figures have been audited or reviewed, and in accordance with which auditing standard or practice**

The figures have been reviewed by our auditors, KPMG LLP.

3 **Where the figures have been audited or reviewed, the auditor's report (including any qualifications or emphasis of a matter)**

Please refer to Appendix II of this Announcement.

4 **Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied**

The Group has applied the same accounting policies and methods of computation in the financial statements for the current reporting period as that of the audited financial statements for the year ended 31 December 2013, except for the adoption of accounting standards (including its consequential amendments) and interpretations applicable for the financial period beginning 1 January 2014.

Financial Reporting Standards ("FRS") which became effective for the Group's financial period beginning 1 January 2014 are:

- (i) Amendments to FRS 32 Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities;
- (ii) FRS 110 Consolidated Financial Statements;
- (iii) FRS 111 Joint Arrangements; and
- (iv) FRS 112 Disclosures of Interests in Other Entities

4(a) **Amendments to FRS 32 Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities**

Amendments to FRS 32 clarify the existing criteria for net presentation on the face of the statement of financial position. The adoption of the amendments is applied retrospectively and there is no significant financial impact on the Group's financial position from the adoption of amendment to FRS 32.

4 **Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied (cont'd)**

4(b) **FRS 110 Consolidated Financial Statements**

FRS 110 establishes a single control model as the basis for determining the entities that will be consolidated. It also requires management to exercise significant judgement to determine which investees are controlled, and therefore are required to be consolidated by the Group. The Group has re-evaluated its involvement with investees under the new control model and concluded that it is required under FRS 110 to consolidate CapitaMalls Malaysia Trust, which was previously accounted for as an associate using the equity method.

In accordance with FRS 110, this change in accounting policy was applied retrospectively. The material effects of this on the previously reported numbers for 2013, subject to year-end audit, are set out below:

4 **Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied (cont'd)**

4(c) **FRS 111 Joint Arrangements**

FRS 111 establishes the principles for classification and accounting of joint arrangements. As the Group is currently applying the equity method of accounting for its joint ventures, there is no impact to the Group's profit or net assets.

4(d) **FRS 112 Disclosure of Interests in Other Entities**

FRS 112 sets out the disclosures required to be made in respect of all forms of an entity's interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities.

As FRS 112 is primarily a disclosure standard, there is no financial impact on the results and financial position of the Group and the Company upon adoption of this standard.

4(e) **Statement of reconciliation to International Financial Reporting Standards**

The unaudited financial results of the Group and the Company have been prepared in accordance with FRS, which differs in certain aspects from International Financial Reporting Standards ("IFRS"). With respect to the Group's operations, there are no material differences between FRS and IFRS.

5 **If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change**

Group Key Financial Highlights

S\$'000	1Q 2014	1Q 2013 (Restated)	Change %
Revenue Under Management	603,565	504,088	19.7
Revenue	125,003	119,313	4.8
Earnings before Interest and Tax ("EBIT")	118,203	113,578	4.1
Profit After Tax and Minority Interests ("PATMI")	75,288	73,233	2.8
Operating PATMI	77,165	66,658	15.8
Portfolio (Loss) / Gain	(1,877)	6,575	N.M.

1Q 2014 vs 1Q 2013

Revenue Under Management was 19.7% higher in 1Q 2014 mainly attributable to the commencement of operations at Bedok Mall and Westgate in December 2013, the opening of two malls under China funds in 2013, as well as improved rental revenue from operating malls.

Revenue was higher in 1Q 2014 by 4.8% as compared to 1Q 2013. This was mainly driven by higher property income of Olinas Mall in Japan and operating malls in China, coupled with higher property management fees from Singapore contributed by the opening of Bedok Mall and Westgate in December 2013, partially offset by lower leasing commission and project management fees from China.

EBIT and PATMI increased by 4.1% and 2.8% in 1Q 2014 to S\$118.2 million and S\$75.3 million respectively. Excluding portfolio gain or loss, the increase in EBIT and PATMI were largely due to better performances from China funds contributed by new malls that opened in 2013, new contributions from Bedok Mall and Westgate, profit recognition for units sold in Bedok Residences, share of higher rental revenue and lower finance costs of ION Orchard, improved property management fee business in Singapore, partially offset by lower contribution from management fee business in China.

The portfolio loss in 1Q 2014 was in relation to proportionate share of loss arising from sale of IYE mall in Japan. For 1Q 2013, the portfolio gain was attributable to the transfer of two assets to CMCDF III.

8 Review of the Group's Performance (cont'd)

Country Performance

Singapore

S\$'000	1Q 2014	1Q 2013	Change %
Revenue	29,265	27,183	7.7
PATMI	67,111	57,777	16.2

Revenue for 1Q 2014 was higher mainly attributable to leasing commission and property management fees from Bedok Mall and Westgate which began operations in December 2013.

PATMI for Singapore increased to S\$67.1 million largely due to new contributions from Bedok Mall and Westgate, profit recognition for units sold in Bedok Residences, share of higher rental revenue and lower finance costs of ION Orchard, as well as improved performance from property management fee business. The increase was partially offset by absence of profit from sale of The Orchard Residences in 1Q 2013.

China

S\$'000	1Q 2014	1Q 2013	Change %
Revenue	40,036	39,509	1.3
PATMI	25,859	27,979	(7.6)

Revenue for 1Q 2014 was higher compared to 1Q 2013 mainly due to higher rental revenue from operating malls, higher fund and property management fees due to higher property income from operating malls and two malls that commenced operations in 2013, partially offset by lower leasing commission and project management fees.

China's PATMI for 1Q 2014 was lower mainly due to absence of portfolio gain arising from the transfer of two assets to CMCDF III in 1Q 2013 and lower interest income from loans extended to associates. The decrease in PATMI was partially mitigated by better performances from China funds mainly contributed by two new malls that commenced operations in 2013, improved fund and property management fee business as a result of higher revenue as stated above.

Malaysia

S\$'000	1Q 2014	1Q 2013 (Restated)	Change %
Revenue	39,230	38,108	2.9
PATMI	9,066	10,085	(10.1)

Revenue for 1Q 2014 was higher largely contributed by higher rental income from CMMT and Queensbay Mall.

Despite the higher revenue, the decrease in PATMI for 1Q 2014 was mainly due to the weakening of RM against SGD.

Country Performance (cont'd)

Japan

S\$'000	1Q 2014	1Q 2013	Change %
Revenue	15,202	13,277	14.5
PATMI	3,019	6,185	(51.2)

The higher revenue in 1Q 2014 was mainly attributable to higher property income from Olinas mall, partially offset by the weakening of JPY against SGD.

The decrease in PATMI for 1Q 2014 was mainly due to proportionate share of portfolio loss in relation to the sale of IYE. The decrease was also due to realisation of foreign currency translation loss upon upstream of dividends .

India

S\$'000	1Q 2014	1Q 2013	Change %
Revenue	1,270	1,236	2.8
PATMI	(1,138)	(719)	58.3

Revenue for 1Q 2014 was comparable to the corresponding period last year.

The higher negative PATMI for 1Q 2014 was mainly due to share of higher losses from Horizon Realty Fund.

9 Variance from Prospect Statement

The current results are broadly in line with the prospect statement made in the fourth quarter 2013 financial results announcement.

Singapore

According to advance estimates by Ministry of Trade and Industry ("MTI"), the Singapore economy grew by 5.1% year-on-year in 1Q 2014. On a seasonally-adjusted quarter-on-quarter annualised basis, the economy grew by 0.1% moderating from the 6.1% expansion in the preceding quarter. MTI reported that the growth forecast for 2014 is maintained at between 2.0% and 4.0%.

The retail index (excluding motor vehicle sales) increased by 9.2% in January 2014 and decreased by 9.2% in February 2014, based on figures released by Singapore Department of Statistics.

10 Commentary on the significant trends and the competitive conditions of the industry in which the group operates in and any known factors or events that may affect the group in the next reporting period and the next 12 months (cont'd)

China

China's economy expanded 7.4% year-on-year in the first quarter of 2014. Retail sales grew 12.0% year-on-year for the first quarter to RMB 6.2 trillion, while Consumer Price Index rose 2.3% year-on-year.

The National Party Congress held in March 2014 further demonstrated China's commitment to growth stabilisation and social stability as the leaders set the 2014 GDP growth target at 7.5% for the third consecutive year. Inflation rate target is kept at 3.5%. The National Development and Reform Commission ("NDRC") under the Chinese State Council, maintains the forecast for total retail sales growth at 14.5%.

Malaysia

The Malaysian economy is expected to remain on a steady growth path, expanding by 4.5% - 5.5% (Source: Bank Negara Malaysia Annual Report 2013). The projection range was broadened to reflect heightened global uncertainties. The retail sales are estimated to grow by 6.0% this year (Source: Malaysia Retail Industry Report, March 2014).

Japan

The Bank of Japan (BOJ) projected that Japan's economy is expected to continue a moderate recovery as a trend, while it will be affected by the front-loaded increase and subsequent decline in demand prior to and after the consumption tax hike. BOJ maintain the projection of Japan's GDP growth for 2014 from 0.9% to 1.5% due to an increase in housing investment and resilient private consumption resulting from an overall improvement in the employment and income situation.

India

India's economy grew by 4.7% for the fourth quarter in 2013 (Source: Ministry of Statistics and Programme Implementation) and GDP expectations have now been revised to 4.7% for fiscal year 2013 (Source: Asia Pacific Consensus Forecasts). India's GDP is poised to accelerate to 5.5 % in fiscal year 2014 on the back of improved performance in industry and services and will inch up to 6% in 2015-16 as external demand improves due to the strength in advanced economies (Source: Asian Development Bank).

To the best of our knowledge, nothing has come to the attention of the Board of Directors which may render the unaudited interim financial results of the Group and the Company (comprising the statements of financial position, consolidated income statement, statement of comprehensive income, statement of changes in equity and consolidated statement of cash flows, together with their accompanying notes) as at 31 March 2014 and the results of the business, changes in equity and cash flows of the Group for the three months ended on that date, to be false or misleading in any material respect.

On behalf of the Board

Lim Beng Chee
Chief Executive Officer

BY ORDER OF THE BOARD

Choo Wei-Pin
Company Secretary
6 May 2014

As at the date of this announcement, the board of directors of the Company comprises Mr Ng Kee Choe (Chairman and non-executive director), Mr Lim Beng Chee as the executive director; Mr Lim Ming Yan and Mr Lim Tse Ghow Olivier as non-executive directors; and Mr Sunil Tissa Amarasuriya, Tan Sri Amirsham A Aziz, Dr Loo Choon Yong, Mrs Arfat Pannir Selvam, Mr Bob Tan Beng Hai and Professor Tan Kong Yam as independent non-executive directors.

This announcement may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental income, changes in operating expenses, including employee wages, benefits and training, property expenses and governmental and public policy changes. You are cautioned not to place undue reliance on these forward-looking statements, which are based on CMA's current view of future events. This announcement is originally prepared in English and has been translated for publication in both English and Chinese versions. Where any inconsistency or conflict exists between the two versions, the English version shall prevail.

1Q 2014 Financial Results May 2014

1Q 2014 vs 1Q 2013 (Restated)

- **Revenue Under Management was 19.7% higher in 1Q 2014 compared to 1Q 2013 (restated) mainly due to:**
 - (i) commencement of operations at Bedok Mall and Westgate in December 2013;
 - (ii) opening of two malls under China funds in 2013 (CapitaMall Meilicheng and CapitaMall Jinniu Phase II) and improved rental revenue from operating malls in China.
- **Revenue increased by 4.8% to S\$125.0 million in 1Q 2014 compared to 1Q 2013 (restated) mainly due to :**
 - (i) higher property income of Olinas Mall in Japan and operating malls in China;
 - (ii) higher property management fees from Singapore contributed by the opening of Bedok Mall and Westgate in December 2013; which was partially offset by
 - (iii) lower leasing commission and project management fees from China.
- **The Group's 1Q 2014 PATMI was S\$75.3 million, a 2.8% increase as compared to 1Q 2013. This was largely contributed by :**
 - (i) better performance from operating malls in China;
 - (ii) share of higher rental revenue and lower finance costs of ION Orchard;
 - (iii) improved property management fee business in Singapore;
 - (iv) new contributions from Bedok Mall and Westgate;
 - (v) profit recognition for units sold in Bedok Residences¹ (as of 31 March 2014, 562 residential units out of 583 units have been sold, with total profit of S\$34.5 million recognised from inception² to 31 March 2014 (based on 53.3% of work done); which was partially offset by
 - (vi) lower contribution from management fee business in China.

Notes:

1. There was no sale of units in The Orchard Residences in 1Q 2014. As at 31 March 2014, 165 units out of 175 units have been sold.

2. From the first year of profit recognition from the sale of units.

1Q 2014 Financial Results May 2014

Statement of Financial Position

1. The increase in Jointly-Controlled Entities ("JCEs") was mainly due to capital contributions made for on-going projects as well as share of profits for YTD March 2014, partially offset by dividends received from a JCE.
2. The increase in Associates was mainly due to capital contributions made to CapitaMalls China Development Fund III and CapitaMalls China Income Fund, as well as the share of profits for YTD March 2014.
3. The decrease in Cash and Cash Equivalents was mainly due to redemption of S\$125.0 million 3-year bonds due 2014 in January 2014 and capital injection into on-going development projects.
4. The decrease in Loans and Borrowings was mainly due to redemption of the 3-year bonds in January 2014.

Review of Interim Financial Information

The Board of Directors
CapitaMalls Asia Limited

Introduction

We have reviewed the accompanying interim financial information of CapitaMalls Asia Limited (the “Company”) and its subsidiaries (collectively, the “Group”), which comprise the statement of financial position of the Group as at 31 March 2014, the related income statement, statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the three-month period ended 31 March 2014 and certain explanatory notes, including financial information in Appendix 1 thereto, (the “Interim Financial Information”). Management is responsible for the preparation and presentation of this Interim Financial Information in accordance with Singapore Financial Reporting Standards (“FRS”) 34 *Interim Financial Reporting*. Our responsibility is to express a conclusion on this Interim Financial Information based on our review.

Scope of review

We conducted our review in accordance with the Singapore Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Information is not prepared, in all material respects, in accordance with FRS 34 *Interim Financial Reporting*.

Our work was undertaken so that we might report to you on the Interim Financial Information for the purpose of assisting the Company to meet the requirements of paragraph 3 of Appendix 7.2 of the Singapore Exchange Limited Listing Manual and for the purpose of complying with Rule 25 of the Singapore Code on Take-overs and Mergers. Our report is included in the Company’s announcement of its Interim Financial Information for the information of its members. We do not assume responsibility to anyone other than the Company for our work, for our report, or for the conclusion we have reached in our report.

Dear Sirs,

This letter has been prepared for inclusion in the Circular to Shareholders dated 9 May 2014 (“**Offeree Circular**”) and issued by CapitaMalls Asia Limited (the “**Company**”) in connection with the voluntary conditional cash offer (“**Offer**”) by Credit Suisse (Singapore) Limited and Morgan Stanley Asia (Singapore) Pte., acting on behalf of Sound Investment Holdings Pte. Ltd. (“**Offeror**”), a wholly-owned subsidiary of CapitaLand Limited (“**CapitaLand**”), for all the remaining ordinary shares in the capital of the Company (“**Shares**”) not owned, controlled or agreed to be acquired by CapitaLand.

On 6 May 2014, the Company announced its reviewed first quarter financial statements for the three months financial period ended 31 March 2014, which includes Appendix 1 thereto (“**Reviewed Interim Financial Results**”). The Interim Financial Results is solely the responsibility of the directors of the Company (“**Directors**”).

We have examined the Company’s review process and have held discussions with the management of the Company on the Reviewed Interim Financial Results. We have also considered the report dated 6 May 2014 addressed to the Independent Directors by the Company’s auditors, KPMG LLP, in relation to its review of the Company’s Interim Financial Results for the three months financial period ended 31 March 2014.

In rendering our opinion, we have relied on the accuracy and completeness of all information provided to, or discussed with us and have not verified the accuracy and completeness of such information for the purpose of rendering our opinion in this letter. Save as provided in this letter, we do not express any other opinion on the Interim Financial Results.

Based on the above, we are of the view that the Reviewed Interim Financial Results have been prepared by the Directors after due and careful enquiry.

This letter is addressed to the Directors for the sole purpose of complying with Rule 25 of the Singapore Code on Take-overs and Mergers and not for any other purpose. We do not accept any responsibility to any other person (other than to the Directors) in respect of, arising from or in connection with this letter.

Sincerely yours,

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

The rights of Shareholders in respect of capital, voting and dividends as set out in the Articles are as follows:

1. Rights of Shareholders in respect of Capital

“ISSUE OF SHARES

3. Subject to the Statutes and the provisions of these Articles, no shares may be issued by the Directors without the prior approval of the Company by Ordinary Resolution but subject thereto and to Article 7, and to any special rights attached to any shares for the time being issued, the Directors may allot and issue shares or grant options over or otherwise dispose of shares to such persons on such terms and conditions and for such consideration and at such time and subject or not to the payment of any part of the amount thereof in cash as the Directors may think fit, and any shares may be issued with such preferential, deferred, qualified or special rights, privileges, conditions or restrictions whether as regards dividend, return of capital, participation in surplus assets and profits, voting, conversion or otherwise, as the Directors may think fit. Preference shares may be issued which are or at the option of the Company are liable to be redeemed, the terms and manner of redemption being determined by the Directors, PROVIDED THAT:
- (a) (subject to any direction to the contrary that may be given by the Company in a General Meeting) any issue of shares for cash to members holding shares of any class shall be offered to such members in proportion as nearly as may be to the number of shares of such class then held by them and the provisions of the second sentence of Article 7(A) with such adaptations as are necessary shall apply;
 - (b) the rights attaching to shares of a class other than ordinary shares shall be expressed in the resolution creating the same and in the provisions of these Articles;
 - (c) where the Company issues shares which do not carry voting rights, the words “non-voting” shall appear in the designation of such shares and where the equity capital includes shares with different voting rights, the designation of each class of shares, other than those with the most favourable voting rights, must include the words “restricted voting” or “limited voting”;
 - (d) in the case of purchases of redeemable shares, purchases not made through the market or by tender shall, subject to the provisions of the Statutes, including the rules of any Securities Exchange on which the Company is listed, be limited to a maximum price and if purchases are by tender, tenders shall be available to all shareholders holding redeemable shares in the Company alike; and
 - (e) no share shall be issued to bearers.
4. (A) Preference shares may be issued subject to such limitation thereof as may be prescribed by any Securities Exchange upon which shares in the Company are listed, PROVIDED THAT the total number of issued preference shares shall not exceed the total number of issued ordinary shares issued at any time. Preference shareholders shall have the same rights as ordinary shareholders as regards receiving of notices, reports and balance sheets and attending General Meetings of the Company. Preference shareholders shall also have the right to vote at any meeting convened for the purpose of reducing the capital or winding-up or sanctioning a sale of the undertaking of the Company or where the proposal to be submitted to the meeting directly affects their rights and privileges or when the dividend on the preference shares is more than six Months in arrear.

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

- (B) The Company has power to issue further preference capital ranking equally with, or in priority to, preference shares already issued.
- (C) The Company may issue warrants or other rights and grant options to subscribe for any class of shares or securities of the Company with any rights or restrictions attached to them. Except as allowed by the Statutes, where warrants are issued to bearer, no new warrant shall be issued to replace one that has been lost unless the Directors are satisfied beyond reasonable doubt that the original has been destroyed and the Company has received an indemnity in such form as the Directors shall think fit with regard to the issue of any such new warrant.

VARIATION OF RIGHTS

- 5. (A) Whenever the share capital of the Company is divided into different classes of shares, the special rights attached to any class may, subject to the Statutes, be varied or abrogated either with the consent in writing of holders who represent at least three-quarters of the total voting rights of all the shares of that class or by a Special Resolution passed at a separate General Meeting of the holders of the shares of the class (but not otherwise) and may be so varied or abrogated either whilst the Company is a going concern or during or in contemplation of a winding-up. To every such separate General Meeting, all the provisions of these Articles relating to General Meetings of the Company and to the proceedings thereat shall mutatis mutandis apply, except that the necessary quorum shall be two persons at least holding or representing by proxy at least one-third of the total voting rights of all the shares of that class and that any holder of shares of the class present in person or by proxy may demand a poll and that every such holder shall on a poll have one vote for every share of the class held by him, PROVIDED THAT where the necessary majority for such a Special Resolution is not obtained at such General Meeting, consent in writing if obtained from holders who represent at least three-quarters of the total voting rights of all the shares of that class concerned within two Months of such General Meeting shall be as valid and effectual as a Special Resolution passed at such General Meeting. The foregoing provisions of this Article shall apply to the variation or abrogation of the special rights attached to some only of the shares of any class as if each group of shares of the class differently treated formed a separate class the special rights whereof are to be varied.
- (B) The repayment of preference capital other than redeemable preference capital, or any alteration of preference shareholders’ rights, may only be made pursuant to a Special Resolution of the preference shareholders concerned PROVIDED THAT where the necessary majority for such a Special Resolution is not obtained at the General Meeting, consent in writing if obtained from holders who represent at least three-quarters of the total voting rights of all the preference shares concerned within two Months of the General Meeting, shall be as valid and effectual as a Special Resolution carried at the General Meeting.
- (C) The special rights attached to any class of shares having preferential rights shall not, unless otherwise expressly provided by the terms of issue thereof, be deemed to be varied by the creation or issue of further shares ranking as regards participation in the profits or assets of the Company in some or all respects pari passu therewith but in no respect in priority thereto.

ALTERATION OF SHARE CAPITAL

- 6. The Company in General Meeting may from time to time by Ordinary Resolution increase its capital by the allotment and issue of new shares.

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

7. (A) Subject to the bye-laws or listing rules of the Securities Exchange upon which shares in the Company are listed or to any direction to the contrary that may be given by the Company in a General Meeting, all new shares shall, before issue, be offered to such persons who as at the date of the offer are entitled to receive notices from the Company of General Meetings in proportion, as far as the circumstances admit, to the number of the existing shares to which they are entitled. The offer shall be made by notice specifying the number of shares offered, and limiting a time within which the offer, if not accepted, will be deemed to be declined, and, after the expiration of that time, or on the receipt of an intimation from the person to whom the offer is made that he declines to accept the shares offered, the Directors may dispose of those shares in such manner as they think most beneficial to the Company. The Directors may likewise so dispose of any new shares which (by reason of the ratio which the new shares bear to shares held by persons entitled to an offer of new shares) cannot, in the opinion of the Directors, be conveniently offered under this Article 7(A).
- (B) Notwithstanding Article 7(A), the Company may by Ordinary Resolution in General Meeting give to the Directors a general authority, either unconditionally or subject to such conditions as may be specified in the Ordinary Resolution, to:
- (a) (i) issue shares in the capital of the Company whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “Instruments”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares; and
- (b) (notwithstanding the authority conferred by the Ordinary Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while the Ordinary Resolution was in force,
- provided that:-
- (1) the aggregate number of shares to be issued pursuant to the Ordinary Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to the Ordinary Resolution) shall be subject to such limits and manner of calculation as may be prescribed by the Securities Exchange upon which shares in the Company are listed;
- (2) in exercising the authority conferred by the Ordinary Resolution, the Company shall comply with the provisions of the listing rules of the Securities Exchange upon which shares in the Company are listed for the time being in force (unless such compliance is waived by the Securities Exchange upon which shares in the Company are listed) and these Articles; and
- (3) (unless revoked or varied by the Company in General Meeting) the authority conferred by the Ordinary Resolution shall not continue in force beyond the conclusion of the Annual General Meeting of the Company next following the passing of the Ordinary Resolution, or the date by which such Annual General Meeting of the Company is required by law to be held, or the expiration of such other period as may be prescribed by the Statutes (whichever is the earliest).
- (C) Except so far as otherwise provided by the conditions of issue or by the provisions of these Articles, all new shares shall be subject to the Statutes and the provisions of these Articles with reference to allotment, payment of calls, lien, transfer, transmission, forfeiture and otherwise.

APPENDIX 6 – EXTRACTS FROM THE COMPANY'S ARTICLES OF ASSOCIATION

8. The Company may by Ordinary Resolution:
- (a) consolidate and divide all or any of its shares;
 - (b) cancel any shares which, at the date of the passing of the resolution, have been forfeited and diminish the amount of its capital by the number of shares so cancelled;
 - (c) sub-divide its shares, or any of them in accordance with the Statutes and the bye-laws or listing rules of the Securities Exchange upon which shares in the Company are listed, and so that the resolution whereby any share is sub-divided may determine that, as between the holders of the shares resulting from such sub-division, one or more of the shares may, as compared with the others, have any such preferred, deferred or other special rights, or be subject to any such restrictions, as the Company has power to attach to unissued or new shares; or
 - (d) subject to the Statutes, convert any class of paid-up shares into any other class of paid-up shares.
9. (A) The Company may reduce its share capital or any reserve in any manner and with and subject to any incident authorised and consent required by law.
- (B) Subject to the Statutes and any applicable rules of the Securities Exchange (hereinafter, the "Relevant Laws"), the Company may purchase or otherwise acquire any of its issued shares (which expression as used in this Article includes redeemable shares) out of distributable profits of the Company or out of the proceeds of a fresh issues of shares made for the purposes of such purchase or acquisition on such terms and in such manner as the Company may from time to time think fit and in the manner prescribed by the Relevant Laws. If required by the Relevant Laws, any share which is so purchased or acquired by the Company, unless held as treasury shares in accordance with the Relevant Laws, shall be deemed to be cancelled immediately on purchase or acquisition by the Company. On the cancellation of any share as aforesaid, the rights and privileges attached to that share shall expire. In any other instance, the Company may hold or deal with any such share (including treasury shares) which is so purchased or acquired by it in accordance with the Relevant Laws.
10. Shares that the Company purchases or otherwise acquires may be held as treasury shares in accordance with the provisions of these Articles and the Act.
11. Where the shares purchased or otherwise acquired are held as treasury shares by the Company, the Company shall be entered in the Register of Members as the member holding the treasury shares.
12. The Company shall not exercise any right in respect of the treasury shares other than as provided by the Act. Subject thereto, the Company may hold or deal with its treasury shares in the manner authorised by, or prescribed pursuant to, the Act.

SHARES

13. Except as required by law, no person shall be recognised by the Company as holding any share upon any trust, and the Company shall not be bound by or compelled in any way (except by the Statutes or the provisions of these Articles) to recognise any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or any other right in respect of any share, except an absolute right to the entirety thereof in the person (other than the Depository or its nominee, as the case may be) entered in the Register of Members as the registered holder thereof or (as the case may be) a person whose name is entered in the Depository Register in respect of that share.

APPENDIX 6 – EXTRACTS FROM THE COMPANY'S ARTICLES OF ASSOCIATION

14. Without prejudice to any special rights previously conferred on the holders of any shares or class of shares for the time being issued, any share in the Company may be issued with such preferred, deferred or other special rights, or subject to such restrictions (as regards dividend, return of capital, voting or otherwise) as the Company may from time to time by Ordinary Resolution determine (or, in the absence of any such determination, as the Directors may determine) and subject to the Statutes, the Company may issue preference shares which are, or at the option of the Company, are liable to be redeemed.
15. Subject to the Statutes and the provisions of these Articles relating to authority, pre-emption rights and otherwise and of any resolution of the Company in a General Meeting passed pursuant thereto, all unissued shares shall be at the disposal of the Directors and they may allot (with or without conferring a right of renunciation), grant options over or otherwise dispose of them to such persons, at such times and on such terms as they think proper.
16. The Company may exercise the powers of paying commissions or brokerage on any issue of shares at such rate or amount and in such manner as the Directors may deem fit. Such commissions or brokerage may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in one way and partly in the other.
17. Subject to the terms and conditions of any application for shares, the Directors shall allot shares applied for within ten Market Days of the closing date (or such other period as may be approved by the Securities Exchange upon which shares in the Company are listed) of any such application. The Directors may, at any time after the allotment of any share but before any person has been entered in the Register of Members as the holder or (as the case may be) before that share is entered against the name of a Depositor in the Depository Register, recognise a renunciation thereof by the allottee in favour of some other person and may accord to any allottee of a share a right to effect such renunciation upon and subject to such terms and conditions as the Directors may think fit to impose.

STOCK

48. The Company may from time to time by Ordinary Resolution convert any paid-up shares into stock and may from time to time by like resolution reconvert any stock into paid-up shares.
49. The holders of stock may transfer the same or any part thereof in the same manner and subject to the same Articles and subject to which the shares from which the stock arose might previously to conversion have been transferred (or as near thereto as circumstances admit) but no stock shall be transferable except in such units as the Directors may from time to time determine.
50. The holders of stock shall, according to the number of stock units held by them, have the same rights, privileges and advantages as regards dividend, return of capital, voting and other matters, as if they held the shares from which the stock arose, but no such privilege or advantage (except as regards participation in the profits or assets of the Company) shall be conferred by any number of stock units which would not, if existing in shares, have conferred such privilege or advantage; and no such conversion shall affect or prejudice any preference or other special privileges attached to the shares so converted.

BONUS ISSUES AND CAPITALISATION OF PROFITS AND RESERVES

137. Subject to Article 3 and Article 7, the Directors may (A) issue bonus shares for which no consideration is payable to the Company to the persons registered as holders of shares in the Register of Members or (as the case may be) in the Depository Register at the close of business on the date of the Ordinary Resolution (or such other date as may be specified therein or determined as therein provided) or (in the case of an Ordinary Resolution passed pursuant to Article 7(B)) such

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

other date as may be determined by the Directors, in proportion to their then holdings of shares; and/or (B) capitalise any sum standing to the credit of any of the Company’s reserve accounts (including any undistributable reserve) or any sum standing to the credit of profit and loss account by appropriating such sum to the persons registered as holders of shares in the Register of Members or (as the case may be) in the Depository Register at the close of business on the date of the Ordinary Resolution (or such other date as may be specified therein or determined as therein provided) or (in the case of an Ordinary Resolution passed pursuant to Article 7(B)) such other date as may be determined by the Directors, in proportion to their then holdings of shares and applying such sum on their behalf in paying up in full unissued shares (or, subject to any special rights previously conferred on any shares or class of shares for the time being issued, unissued shares of any other class not being redeemable shares) for allotment and distribution credited as fully paid up to and amongst them as bonus shares in the proportion aforesaid. The Directors may do all acts and things considered necessary or expedient to give effect to any such bonus issue and/or capitalisation, with full power to the Directors to make such provisions as they think fit for any fractional entitlements which would arise on the basis aforesaid (including provisions whereby fractional entitlements are disregarded or the benefit thereof accrues to the Company rather than to the members concerned). The Directors may authorise any person to enter into an agreement with the Company on behalf of all the members interested, providing for any such bonus issue and/or capitalisation and matters incidental thereto and any agreement made under such authority shall be effective and binding on all concerned.

- 137A. In addition and without prejudice to the power to issue bonus shares and/or capitalise profits and other moneys provided for by Article 137, the Directors shall have power to issue shares for which no consideration is payable and/or to capitalise any undivided profits or other moneys of the Company not required for the payment or provision of any dividend on any shares entitled to cumulative or non-cumulative preferential dividends (including profits or other moneys carried and standing to any reserve or reserves) and to apply such profits or other moneys in paying up in full unissued shares on terms that such shares shall, upon issue, be held by or for the benefit of participants of any share incentive or option scheme or plan implemented by the Company and approved by shareholders in General Meeting in such manner and on such terms as the Directors shall think fit.”

2. Rights of Shareholders in respect of Voting

“PROCEEDINGS AT GENERAL MEETINGS

57. The Chairman of the Board, failing whom the Deputy Chairman of the Board, shall preside as chairman at a General Meeting. If there be no such Chairman or Deputy Chairman, or if at any meeting neither be present and willing to act within fifteen minutes after the time appointed for holding the meeting, the Directors present shall choose one of their number (or, if no Director be present or if all the Directors present decline to take the chair, the members present shall choose one of their number) to be chairman of the meeting.
58. No business other than the appointment of a chairman shall be transacted at any General Meeting unless a quorum is present at the time when the meeting proceeds to business. Save as herein otherwise provided, the quorum at any General Meeting shall be two or more members present in person or by proxy, PROVIDED THAT where (i) a proxy is representing more than one member such proxies shall count as only one member for the purpose of determining the quorum; and (ii) a member is represented by more than one proxy such proxies shall count as only one member for the purpose of determining the quorum.
59. If within thirty minutes from the time appointed for a General Meeting (or such longer interval as the chairman of the meeting may think fit to allow) a quorum is not present, the meeting, if convened on the requisition of members, shall be dissolved. In any other case, it shall stand adjourned to the same day in the next week (or if that day is a public holiday, then to the next business day following

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

that public holiday) at the same time and place or such other day, time or place as the Directors may by not less than ten days’ notice appoint. At the adjourned meeting, any one or more members present in person or by proxy shall be a quorum.

60. The chairman of any General Meeting at which a quorum is present may with the consent of the meeting (and shall if so directed by the meeting) adjourn the meeting from time to time (or sine die) and from place to place, but no business shall be transacted at any adjourned meeting except business which might lawfully have been transacted at the meeting from which the adjournment took place. Where a meeting is adjourned sine die, the time and place for the adjourned meeting shall be fixed by the Directors. When a meeting is adjourned for thirty days or more or sine die, not less than seven days’ notice of the adjourned meeting shall be given in like manner as in the case of the original meeting.
61. Save as hereinbefore expressly provided, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.
62. If an amendment shall be proposed to any resolution under consideration but shall in good faith be ruled out of order by the chairman of the meeting, the proceedings on the substantive resolution shall not be invalidated by any error in such ruling. In the case of a resolution duly proposed as a Special Resolution, no amendment thereto (other than a mere clerical amendment to correct a patent error) may in any event be considered or voted upon.
63. At any General Meeting, a resolution put to the vote of the meeting shall be decided by poll..
64. A poll on any question or matter other than the election of the chairman of the meeting or the adjournment of the meeting may be withdrawn only with the approval of the meeting. A poll shall be taken in such manner (including the use of ballot or voting papers or tickets) as the chairman of the meeting may direct, and the result of the poll shall be deemed to be the resolution of the meeting. The chairman of the meeting may (and if so directed by the meeting shall) appoint scrutineers and may adjourn the meeting to some place and time fixed by him for the purpose of declaring the result of the poll.
65. In the case of an equality of votes, the chairman of the meeting shall be entitled to a casting vote.
66. A poll on the choice of a chairman or on a question of adjournment shall be taken immediately. A poll on any other question shall be taken either immediately or at such subsequent time (not being more than thirty days from the date of the meeting) and place as the chairman may direct. No notice need be given of a poll not taken immediately. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the question on which the poll has been demanded.

VOTES OF MEMBERS

67. Each member who is a holder of ordinary shares in the capital of the Company shall be entitled to be present at any General Meeting. Subject and without prejudice to any special privileges or restrictions as to voting for the time being attached to any special class of shares for the time being forming part of the capital of the Company and to Article 12, each member entitled to vote may vote in person or by proxy. Every member who is present in person or by proxy shall have one vote for every share which he holds or represents. For the purpose of determining the number of votes which a member, being a Depositor, or his proxy may cast at any General Meeting on a poll, the reference to shares held or represented shall, in relation to shares of that Depositor, be the number of shares entered against his name in the Register of Members or Depository Register as at forty-eight hours before the time of the relevant General Meeting as certified by the Depository or the Hong Kong share registrar (as the case may be) to the Company.

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

- 67A. Where any member is, under the rules prescribed by any Securities Exchange on which the Company may be listed, required to abstain from voting on any particular resolution or restricted to voting only for or only against any particular resolution, any vote cast by or on behalf of such member in contravention of such requirement or restriction, except when such member is acting as proxy of another member and voting on that voting member's specific instruction, shall not be counted.
68. In the case of joint holders of a share, any one of such person may vote, and be reckoned in quorum at any General Meeting, either personally or by proxy or by attorney or in the case of a corporation by a representative as if he were solely entitled thereto, but if more than one of such joint holders is so present at any meeting, then the person present whose name stands first in the Register of Members or (as the case may be) the Depository Register in respect of the share shall alone be entitled to vote in respect thereof.
69. Where in Singapore or elsewhere, a receiver or other person (by whatever name called) has been appointed by any court claiming jurisdiction in that behalf to exercise powers with respect to the property or affairs of any member on the ground (however formulated) of mental disorder, the Directors may in their absolute discretion, upon or subject to production of such evidence of the appointment as the Directors may require, permit such receiver or other person on behalf of such member to vote in person or by proxy at any General Meeting or to exercise any other right conferred by membership in relation to meetings of the Company.
70. Any member shall be entitled to be present and to vote either personally or by proxy, at any General Meeting of the Company, in respect of any share or shares upon which all calls due to the Company have been paid, and shall be entitled to exercise any other right conferred by membership in relation to meetings of the Company. For the avoidance of doubt, no member shall, unless the Directors otherwise determine, be entitled in respect of shares held by him to vote at a General Meeting either personally or by proxy or to exercise any other right conferred by membership in relation to meetings of the Company if any call or other sum presently payable by him to the Company in respect of such shares remains unpaid.
71. No objection shall be raised as to the admissibility of any vote except at the meeting or adjourned meeting at which the vote objected to is or may be given or tendered and every vote not disallowed at such meeting shall be valid for all purposes. Any such objection shall be referred to the chairman of the meeting whose decision shall be final and conclusive.
72. Votes may be given personally or by proxy and a person entitled to more than one vote need not use all his votes or cast all the votes he uses in the same way.
73. (A) A member may appoint more than one proxy to attend and vote at the same General Meeting, PROVIDED THAT if the member is a Depositor (other than in the case of a clearing house), the Company shall be entitled and bound:
- (a) to reject any instrument of proxy lodged if the Depositor is not shown to have any shares entered against his name in the Depository Register as at forty-eight hours before the time of the relevant General Meeting as certified by the Depository or the Hong Kong share registrar (as the case may be) to the Company; and
 - (b) to accept as the maximum number of votes which in aggregate the proxy or proxies appointed by the Depositor is or are able to cast on a poll a number which is the number of shares entered against the name of that Depositor in the Depository Register as at forty-eight hours before the time of the relevant General Meeting as certified by the Depository or the Hong Kong share registrar (as the case may be) to the Company, whether that number is greater or smaller than the number specified in any instrument of proxy executed by or on behalf of that Depositor.

APPENDIX 6 – EXTRACTS FROM THE COMPANY'S ARTICLES OF ASSOCIATION

- (B) The Company shall be entitled and bound, in determining rights to vote and other matters in respect of a completed instrument of proxy submitted to it, to have regard to the instructions (if any) given by and the notes (if any) set out in the instrument of proxy.
 - (C) In any case where a form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
 - (D) A proxy need not be a member of the Company.
74. (A) An instrument appointing a proxy shall be in writing in any usual or common form or in any other form which the Directors may approve (provided that this shall not preclude the use of the two-way form) and:
- (a) in the case of an individual, shall be signed by the appointor or his attorney; and
 - (b) in the case of a corporation, shall be either given under its common seal or signed on its behalf by an attorney or a duly authorised officer of the corporation.
- (B) The signature on such instrument need not be witnessed. Where an instrument appointing a proxy is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy pursuant to Article 75, failing which the instrument may be treated as invalid.
75. An instrument appointing a proxy must be left at such place or one of such places (if any) as may be specified for that purpose in or by way of note to or in any document accompanying the notice convening the meeting (or, if no place is so specified, at the registered office of the Company) not less than forty-eight hours before the time appointed for the holding of the meeting or adjourned meeting or (in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) for the taking of the poll at which it is to be used, and in default shall not be treated as valid. The instrument shall, unless the contrary is stated thereon, be valid as well for any adjournment of the meeting as for the meeting to which it relates, PROVIDED THAT an instrument of proxy relating to more than one meeting (including any adjournment thereof) having once been so delivered for the purposes of any meeting shall not be required again to be delivered for the purposes of any subsequent meeting to which it relates.
76. An instrument appointing a proxy shall be deemed to include the right to demand or join in demanding a poll on any question or matter other than the election of the chairman of the meeting or the adjournment of the meeting, to move any resolution or amendment thereto and to speak at the meeting.
77. A vote cast by proxy shall not be invalidated by the previous death or insanity of the principal or by the revocation of the appointment of the proxy or of the authority under which the appointment was made PROVIDED THAT no intimation in writing of such death, insanity or revocation shall have been received by the Company at the registered office of the Company at least one hour before the commencement of the meeting or adjourned meeting or (in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting) the time appointed for the taking of the poll at which the vote is cast.
- 77A. Subject to these Articles and the Statutes, the Board may, at its sole discretion, approve and implement, subject to such security measures as may be deemed necessary or expedient, such voting methods to allow members who are unable to vote in person at any General Meeting the option to vote in absentia, including but not limited to voting by mail, electronic mail or facsimile.

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

- 77B. Where that shareholder and/or warrant holder is a recognised clearing house (within the meaning of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong)) or its nominee(s), it may authorise such person or persons as it thinks fit to act as its representative(s) or proxy(ies) at any shareholders' meetings or any meetings of any class of shareholders and/or warrant holders provided that, if more than one person is so authorised, the authorisation or proxy form must specify the number and class of shares and/or warrants in respect of which each such person is so authorised. The person so authorised will be deemed to have been duly authorised without the need of producing any documents of title, notarised authorisation and/or further evidence for substantiating the fact that it is duly authorised and will be entitled to exercise the same power on behalf of the recognised clearing house as that clearing house or its nominee(s) could exercise if it were an individual shareholder and/or warrant holder of the Company.”

3. Rights of Shareholders in respect of Dividends

“DIVIDENDS

125. The Company may by Ordinary Resolution declare dividends but no such dividends shall exceed the amount recommended by the Directors. No dividends may be paid, unless otherwise provided in the Statutes, to the Company in respect of treasury shares.
126. If and so far as in the opinion of the Directors the profits of the Company justify such payments, the Directors may declare and pay the fixed dividends on any class of shares carrying a fixed dividend expressed to be payable on fixed dates on the half-yearly or other dates prescribed for the payment thereof and may also from time to time declare and pay interim dividends on shares of any class of such amounts and on such dates and in respect of such periods as they think fit.
127. Unless and to the extent that the rights attached to any shares or the terms of issue thereof otherwise provide and except as otherwise permitted under the Statutes:
- (a) all dividends in respect of shares must be paid in proportion to the number of shares held by a member but where shares are partly paid all dividends must be apportioned and paid proportionately to the amounts paid or credited as paid on the partly paid shares; and
 - (b) all dividends must be apportioned and paid proportionately to the amounts so paid or credited as paid during any portion or portions of the period in respect of which dividend is paid.

For the purposes of this Article, no amount paid on a share in advance of calls shall be treated as paid on the share.

128. No dividend shall be paid otherwise than out of profits available for distribution under the Statutes.
129. No dividend or other moneys payable on or in respect of a share shall bear interest as against the Company.
130. (A) The Directors may retain any dividend or other moneys payable on or in respect of a share on which the Company has a lien and may apply the same in or towards satisfaction of the debts, liabilities or engagements in respect of which the lien exists.
- (B) The Directors may retain the dividends payable upon shares in respect of which any person is under the provisions as to the transmission of shares hereinbefore contained entitled to become a member, or which any person is under those provisions entitled to transfer, until such person shall become a member in respect of such shares or shall transfer the same.

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

- (C) The payment by the Directors of any unclaimed dividends or other moneys payable on or in respect of a share into a separate account shall not constitute the Company a trustee in respect thereof. All dividends and other moneys payable on or in respect of a share that are unclaimed after first becoming payable may be invested or otherwise made use of by the Directors for the benefit of the Company and any dividend or moneys unclaimed after a period of six Years from the date they are first payable may be forfeited and if so shall revert to the Company but the Directors may at any time thereafter at their absolute discretion annul any such forfeiture and pay the moneys so forfeited to the person entitled thereto prior to the forfeiture.
- (D) A payment by the Company to the Depository or a clearing house (as the case may be) of any dividend or other moneys payable to a Depositor shall, to the extent of the payment made, discharge the Company from any liability in respect of that payment. If the Depository or a clearing house (as the case may be) returns any such dividend or moneys to the Company, the relevant Depositor shall not have any right or claim in respect of such dividend or moneys against the Company if a period of six Years has elapsed from the date on which such other moneys are first payable.
131. The waiver in whole or in part of any dividend on any share by any document (whether or not under seal) shall be effective only if such document is signed by the shareholder (or the person entitled to the share in consequence of the death or bankruptcy of the holder) and delivered to the Company and if or to the extent that the same is accepted as such or acted upon by the Company.
132. The Company may upon the recommendation of the Directors by Ordinary Resolution direct payment of a dividend in whole or in part by the distribution of specific assets (and in particular of paid-up shares or debentures of any other company) and the Directors shall give effect to such resolution. Where any difficulty arises with regard to such distribution, the Directors may settle the same as they think expedient and in particular may issue fractional certificates, may fix the value for distribution of such specific assets or any part thereof, may determine that cash payments shall be made to any members upon the footing of the value so fixed in order to adjust the rights of all parties and may vest any such specific assets in trustees as may seem expedient to the Directors.
133. (A) Whenever the Directors or the Company in General Meeting have resolved or proposed that a dividend (including an interim, final, special or other dividend) be paid or declared on the ordinary share capital of the Company, the Directors may further resolve that members entitled to such dividend be entitled to elect to receive an allotment of ordinary shares credited as fully paid in lieu of cash in respect of the whole or such part of the dividend as the Directors may think fit. In such case, the following provisions shall apply:
- (a) the basis of any such allotment shall be determined by the Directors;
 - (b) the Directors shall determine the manner in which members shall be entitled to elect to receive an allotment of ordinary shares credited as fully paid in lieu of cash in respect of the whole or such part of any dividend in respect of which the Directors shall have passed such a resolution as aforesaid, and the Directors may make such arrangements as to the giving of notice to members, providing for forms of election for completion by members (whether in respect of a particular dividend or dividends or generally), determining the procedure for making such elections or revoking the same and the place at which and the latest date and time by which any forms of election or other documents by which elections are made or revoked must be lodged, and otherwise make all such arrangements and do all such things, as the Directors consider necessary or expedient in connection with the provisions of this Article;

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

- (c) the right of election may be exercised in respect of the whole of that portion of the dividend in respect of which the right of election has been accorded PROVIDED THAT the Directors may determine, either generally or in any specific case, that such right shall be exercisable in respect of the whole or any part of that portion; and
 - (d) the dividend (or that part of the dividend in respect of which a right of election has been accorded) shall not be payable in cash on ordinary shares in respect whereof the share election has been duly exercised (the “elected ordinary shares”) and in lieu and in satisfaction thereof ordinary shares shall be allotted and credited as fully paid to the holders of the elected ordinary shares on the basis of allotment determined as aforesaid and for such purpose and notwithstanding the provisions of Article 137, the Directors shall (i) capitalise and apply the amount standing to the credit of any of the Company’s reserve accounts or any sum standing to the credit of the profit and loss account or otherwise available for distribution as the Directors may determine, such sum as may be required to pay up in full the appropriate number of ordinary shares for allotment and distribution to and among the holders of the elected ordinary shares on such basis, or (ii) apply the sum which would otherwise have been payable in cash to the holders of the elected ordinary shares towards payment of the appropriate number of ordinary shares for allotment and distribution to and among the holders of the elected ordinary shares on such basis.
- (B)
 - (a) The ordinary shares allotted pursuant to the provisions of paragraph (A) of this Article shall rank *pari passu* in all respects with the ordinary shares then in issue save only as regards participation in the dividend which is the subject of the election referred to above (including the right to make the election referred to above) or any other distributions, bonuses or rights paid, made, declared or announced prior to or contemporaneous with the payment or declaration of the dividend which is the subject of the election referred to above, unless the Directors shall otherwise specify.
 - (b) The Directors may do all acts and things considered necessary or expedient to give effect to any capitalisation pursuant to the provisions of paragraph (A) of this Article, with full power to make such provisions as they think fit in the case of shares becoming distributable in fractions (including, notwithstanding any provision to the contrary in these Articles, provisions whereby, in whole or in part, fractional entitlements are disregarded or rounded up or down or whereby the benefit of the fractional entitlements accrues to the Company rather than the members).
- (C) The Directors may, on any occasion when they resolve as provided in paragraph (A) of this Article, determine that rights of election under that paragraph shall not be made available to the persons who are registered as holders of ordinary shares in the Register of Members or (as the case may be) in the Depository Register, or in respect of ordinary shares the transfer of which is registered, after such date as the Directors may fix subject to such exceptions as the Directors may think fit, and in such event the provisions of this Article shall be read and construed subject to such determination.
- (D) The Directors may, on any occasion when they resolve as provided in paragraph (A) of this Article, further determine that no allotment of shares or rights of election for shares under that paragraph shall be made available or made to members whose registered addresses entered in the Register of Members or (as the case may be) the Depository Register is outside Singapore or Hong Kong (as the case may be) or to such other members or class of members as the Directors may in their sole discretion decide and in such event the only entitlement of the members aforesaid shall be to receive in cash the relevant dividend resolved or proposed to be paid or declared.

APPENDIX 6 – EXTRACTS FROM THE COMPANY’S ARTICLES OF ASSOCIATION

- (E) Notwithstanding the foregoing provisions of this Article, if at any time after the Directors’ resolution to apply the provisions of paragraph (A) of this Article in relation to any dividend but prior to the allotment of ordinary shares pursuant thereto, the Directors shall consider that by reason of any event or circumstance (whether arising before or after such resolution) or by reason of any matter whatsoever it is no longer expedient or appropriate to implement that proposal, the Directors may at their absolute discretion and without assigning any reason therefor, cancel the proposed application of paragraph (A) of this Article.
134. Any dividend or other moneys payable in cash on or in respect of a share may be paid by cheque or warrant sent through the post to the registered address appearing in the Register of Members or (as the case may be) the Depository Register of a member or person entitled thereto (or, if two or more persons are registered in the Register of Members or (as the case may be) entered in the Depository Register as joint holders of the share or are entitled thereto in consequence of the death or bankruptcy of the holder, to any one of such persons) or to such person at such address as such member or person or persons may by writing direct. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent or to such person as the holder or joint holders or person or persons entitled to the share in consequence of the death or bankruptcy of the holder may direct and payment of the cheque or warrant by the banker upon whom it is drawn shall be a good discharge to the Company. Every such cheque or warrant shall be sent at the risk of the person entitled to the money represented thereby. Notwithstanding the foregoing provisions of this Article and the provisions of Article 136, the payment by the Company to the Depository or a clearing house (as the case may be) of any dividend payable to a Depositor shall, to the extent of the payment made to the Depository or a clearing house (as the case may be), discharge the Company from any liability to the Depositor in respect of that payment.
135. If two or more persons are registered in the Register of Members or (as the case may be) the Depository Register as joint holders of any share, or are entitled jointly to a share in consequence of the death or bankruptcy of the holder, any one of them may give effectual receipts for any dividend or other moneys payable or property distributable on or in respect of the share.
136. Any resolution declaring a dividend on shares of any class, whether a resolution of the Company in a General Meeting or a resolution of the Directors, may specify that the same shall be payable to the persons registered as the holders of such shares in the Register of Members or (as the case may be) the Depository Register at the close of business on a particular date and thereupon the dividend shall be payable to them in accordance with their respective holdings so registered, but without prejudice to the rights inter se in respect of such dividend of transferors and transferees of any such shares.”

General Comments	:	China's GDP has been growing steadily. In 2013, it grew by 7.7%. According to the International Monetary Fund (IMF) World Economic Outlook, China is anticipated to grow at an average rate of 7.5% in 2014. In the past decade, there was a growing demand for real estate assets due to the country's urbanisation and increasing affluence of the nation's population. In Tier-1 cities, as infrastructure improves and the city further expands, complex properties draw attention because these assets are more adaptable and comprehensive to the market which enhances the presence of urbanisation in these cities. Tier-2 cities will also attract investors because these cities are undergoing an upgrade of the residential, commercial and retail structure. Hence, there will be more high-end properties available to these markets leading to an expected mid-to-long term stable growth.
