LISTING RULES IMPLICATIONS

Since the JV Company is not a subsidiary of the Company, the transaction under the Loan Arrangement constitutes financial assistance under Chapter 14 of the Listing Rules.

Since (1) the Loan Agreement was entered into by the parties on 19 August 2015 (within 12 months from the signing date of the Capital Increase Agreement), and (2) the Loan Agreement and the Capital Increase Agreement, together lead to substantial involvement by the Company in AMOLED technologies related business which did not previously form part of the Company's principal business activities, the transactions under the Loan Agreement and the Capital Increase Agreement have been aggregated.

As certain applicable percentage ratios of the transaction under the Loan Agreement and that under the Capital Increase Agreement, on an aggregate basis, are more than 5% but less than 25%, the transaction under the Loan Agreement constitutes a discloseable transaction of the Company under the Listing Rules and is subject to the reporting and announcement requirements under the Listing Rules.

REASONS FOR AND BENEFITS OF ENTERING INTO THE LOAN ARRANGEMENT

The Company considers that AMOLED is very likely to be the mainstream technology for the next generation displays. The provision of the Loan under the Loan Agreement will enable the JV Company to enhance its working capital in a timely manner to satisfy its construction of AMOLED products manufacturing line and to facilitate the Company's strategic objective in relation to the new generation display technology.

Accordingly, the Board considers that it is in the interests of the Group to enter into the Loan Agreement. The Directors, including the independent non-executive Directors, consider that the Loan Agreement has been entered into on normal commercial terms and the terms of the Loan Agreement are fair and reasonable and in the interests of the Shareholders as a whole.

As no Director has a material interest in the Loan Agreement, none of the Directors has abstained from voting on the relevant board resolution approving the Loan Agreement.

It is expected that the JV Company might enter into loan agreement(s) with commercial banks to further finance the construction of AMOLED products manufacturing line and the Company might provide guarantee accordingly. Once the JV Company has obtained the loan from the commercial banks, the JV Company will use part of the loan to repay the Loan. As at the date of this announcement, the JV Company is still negotiating with the commercial banks on the further financing but no definitive agreements have been entered into. The Company will comply with the Listing Rules and make further announcement(s) in connection with any additional financial assistance to the JV Company as and when appropriate or if required under the Listing Rules.
