REASONS FOR THE PLACING

The Board is of the view that the Placing represents an opportunity for the Company to broaden its shareholder base, and further strengthen the capital base and financial position of the Group for its business development without any interest burden and within a relatively shorter time frame and at lower costs when compared with other means of fund raising.

The Directors consider that the terms of the Placing (including the Placing Price) contained in the Placing Agreement, which were arrived at after arm's length negotiations between the Company and the Placing Agents, are fair and reasonable and in the overall interests of the Company and the Shareholders.

USE OF PROCEEDS

On the assumption that all the Placing Shares were successfully placed, the maximum gross proceeds of the Placing would be HK\$288 million.

Based on estimated expenses of approximately HK\$5.56 million for the Placing, the net proceeds to be raised from the Placing would be approximately HK\$282.44 million. On this basis, the net price per Placing Share is approximately HK\$0.314.

The net proceeds of the Placing, if successfully raised, is intended to be used for potential investments in the future as and when such opportunities arise and for general working capital of the Group (to the extent that the net proceeds are not applied for investment purposes).

EFFECTS ON SHAREHOLDING STRUCTURE
