## IMPORTANT INFORMATION FOR INVESTORS

Investors should note that an investment in the W.I.S.E. – CSI HK 100 Tracker™ (the “Sub-Fund”) is not the same as an investment in the constituent securities of the CSI Hong Kong 100 Index. The Sub-Fund’s returns may deviate from the CSI Hong Kong 100 Index due to factors such as the fees and expenses of the Sub-Fund, and the need for the Manager to adopt a representative sampling strategy. Investors’ attention is drawn to the “Investment Strategy of the Sub-Fund” section on pages 11 to 12. Investors should also read the “Risk Factors” sections on pages 13 to 18 carefully.

It is possible that the Units in the Sub-Fund may trade at a premium or at a discount to the Net Asset Value of the Units. Investors’ attention is drawn to paragraph (n) of the “Risk Factors” section on page 16.

This Prospectus has been prepared in connection with the offer in Hong Kong of Units in the W.I.S.E. – CSI HK 100 Tracker™, a sub-fund under the umbrella fund, World Index Shares ETFs (the “Fund”), and managed by **BOCI-Prudential Asset Management Limited** (the “Manager”).

The Manager accepts full responsibility for the information contained in this Prospectus as being accurate at the date of publication, and confirms having made all reasonable enquiries, that, to the best of its knowledge and belief, as at the date of publication, there are no other facts the omission of which would make any statement in this Prospectus misleading.

Neither the delivery of this Prospectus or the latest available Product Key Fact Statement nor the offer or issue of Units in the Sub-Fund shall under any circumstances constitute a representation that the information contained in this Prospectus is correct as of any time subsequent to such date. This Prospectus and the Product Key Fact Statement may from time to time be updated. Intending applicants for Units should ask the Manager if any supplements to this Prospectus or any later Prospectus or later Product Key Fact Statement have been issued. Investors should note that any amendment or addendum to this Prospectus and/or the Product Key Fact Statement will only be posted on the Manager’s website ([www.boci-pru.com.hk/english/etf/intro.aspx](http://www.boci-pru.com.hk/english/etf/intro.aspx) (for English), or [www.boci-pru.com.hk/chinese/etf/intro.aspx](http://www.boci-pru.com.hk/chinese/etf/intro.aspx) (for Chinese)).

Distribution of this Prospectus must be accompanied by a copy of the latest available Product Key Fact Statement, the latest available annual report and accounts of the Sub-Fund and any subsequent interim report. Units are offered on the basis only of the information contained in this Prospectus, the latest available Product Key Fact Statement, and (where applicable) the above-mentioned annual reports and accounts and interim reports. Any information given or representations made by any dealer, salesman or other person and (in either case) not contained in this Prospectus or the latest available Product Key Fact Statement should be regarded as unauthorized and accordingly must not be relied upon.

The Fund and the Sub-Fund have been authorized by the Securities and Futures Commission in Hong Kong. Authorization by the Securities and Futures Commission is not a recommendation or endorsement of the Fund or the Sub-Fund and nor does it guarantee the commercial merits of the Fund or the Sub-Fund or their performance. It does not mean the Fund or the Sub-Fund or is suitable for all investors nor is it an endorsement of their suitability for any particular investor or class of investors. The Securities and Futures

Commission takes no responsibility for the financial soundness of the Fund and the Sub-Fund or for the accuracy of any of the statements made or opinions expressed in this Prospectus.

No action has been taken to permit an offering of units or the distribution of this Prospectus (or any Product Key Fact Statement) in any jurisdiction other than Hong Kong where action would be required for such purposes. Accordingly, this Prospectus and the Product Key Fact Statement may not be used for the purpose of an offer or solicitation in any jurisdiction or in any circumstances in which such offer or solicitation is not authorized.

In particular:

- (a) Units in the Sub-Fund have not been registered under the United States Securities Act of 1933 (as amended) and, except in a transaction which does not violate such Act, may not be directly or indirectly offered or sold in the United States of America, or any of its territories or possessions or areas subject to its jurisdiction, or for the benefit of a US Person (as defined in Regulation S under such Act).
- (b) The Sub-Fund has not been and will not be registered under the United States Investment Company Act of 1940 as amended.
- (c) Units in the Sub-Fund may not, except pursuant to a relevant exemption, be acquired or owned by, or acquired with the assets of an ERISA Plan. An “ERISA Plan” is any retirement plan subject to Title 1 of the United States Employee Retirement Income Securities Act of 1974, as amended or any individual retirement account plan subject to section 4975 of the United States Internal Revenue Code of 1986, as amended.
- (d) Units in the Sub-Fund may not be acquired by any person who is not eligible to do so under the relevant rules issued by the United States Commodity Futures Trading Commission.

The Manager shall have the power to impose such restrictions as the Manager may think necessary for the purpose of ensuring that no Units in the Sub-Fund are acquired or held by an Unqualified Person (as defined in the “Definitions” section on pages 8 to 9).

### **US Person restrictions**

The Manager has determined that a US Person for FATCA purpose (as defined below) is not permitted to own Units.

### **What is Foreign Account Tax Compliance Act (FATCA)?**

FATCA was enacted by the US in March 2010 aiming to combat tax evasion by US taxpayers. The intention of FATCA is to require Foreign Financial Institutions to report details of US Unitholders holding assets to the US Internal Revenue Services (the “IRS”), as a safeguard against US tax evasion. The regulations will become effective in phases commencing 1 July 2014. To discourage “Foreign Financial Institutions” (“FFIs”) from choosing to remain outside of the regulations, on or after 1 July 2014, a FFI that does not enter the relevant agreement and comply with the FATCA regulations will be subject to a US tax withholding of 30% on their income from US investments and on their gross proceeds from US investments and also potentially revenues from other non-US investments (“FATCA

Withholding"). Through Notice 2015-66, the Department of Treasury and the IRS announced their intention to amend the regulations under chapter 4 (section 1473) to extend the start date of withholding on gross proceeds from 1 January 2017 to 1 January 2019, and to amend the regulations under chapter 4 (section 1471) to extend the start date of withholding of foreign passthru payments to provide that a participating FFI will not be required to withhold on a foreign passthru payment before the later of 1 January 2019 or the date of publication in the Federal Register of final regulations defining the term "foreign passthru payment".

The Sub-Fund is a Registered Deemed Compliant FFI and therefore falls within the scope of the FATCA regulations. In order to protect Unitholders from the effect of any penalty withholding, it is the intention of the Sub-Fund to be compliant with the FATCA regulations.

### **Intergovernmental Agreement ("IGA")**

On 13 November 2014, the Hong Kong Government and US signed a Model 2 Intergovernmental Agreement ("IGA") for implementation of the FATCA. The Sub-Fund intends to take any measures that may be required to ensure compliance under the terms of the IGA and local implementing regulations.

Under the terms of the IGA the Sub-Fund will be obliged to comply with the provisions of FATCA and abide by the requirements provided in the FFI agreement.

In order to comply with their FATCA obligations, the Sub-Fund will be required to obtain certain information from their Unitholders so as to ascertain the US tax status of the Unitholders. If the Unitholder is a specified US person, US owned non-US entity, non-participating FFI ("NPFFI") or does not provide the requisite documentation, the Sub-Fund may need to report information on these Unitholders to the appropriate tax authority, as far as legally permitted.

Other intergovernmental agreements similar to the IGA have been entered into or are under discussion by other jurisdictions with the United States. Unitholders holding investments via distributors or custodians that are not in Hong Kong or another IGA country should check with such distributor or custodian as to the distributor's or custodian's intention to comply with FATCA.

Additional information may be required by the Sub-Fund, the Custodian or any other service provider from certain Unitholders in order to comply with their necessary obligations under FATCA or under an applicable IGA. The scope and application of FATCA withholding and information reporting pursuant to the terms of FATCA and the IGAs is subject to review by the US, Hong Kong and other IGA governments, and the rules may change. Unitholders should contact their own tax advisers regarding the application of FATCA to their particular circumstances. For further information of FATCA you can visit the US IRS website at [www.irs.gov/FATCA](http://www.irs.gov/FATCA).

For this purpose, a "US Person" ("US Person for FATCA purpose") is defined as follows:

1. An individual who is a citizen of the US or a resident alien for US federal income tax purposes. In general, the term "resident alien" is defined for this purpose to include any individual who (i) holds an Alien Registration Card (a "green card") issued by the US Citizenship and Immigration Service or (ii) meets a "substantial presence" test.

The “substantial presence” test is generally met with respect to any calendar year if (a) the individual was present in the US on at least 31 days during such year and (b) the sum of the number of days in which such individual was present in the US during such year, 1/3 of the number of such days during the first preceding year, and 1/6 of the number of such days during the second preceding year, equals or exceeds 183 days; or

2. A corporation, an entity taxable as a corporation or a partnership created or organized in or under the laws of the US or any state or political subdivision thereof or therein, including the District of Columbia (other than a partnership that is not treated as a US person under Treasury Regulations); or
3. An estate the income of which is subject to US federal income tax regardless of the source thereof; or
4. A trust with respect to which a court within the US is able to exercise primary supervision over its administration and one or more US persons have the authority to control all of its substantial decisions, or certain electing trusts that were in existence on 20 August 1996 and were treated as domestic trusts on 19 August 1996; or
5. A Passive Non-Financial Foreign Entity (“Passive NFFE”) with “substantial US owner(s)” that are “Specified US Person(s)” (within the meaning of Treasury Regulations under the FATCA as set forth in Sections 1471 through 1474 of the US Internal Revenue Code (“IRC”)), where the country in which the relevant entity is formed or resident has not signed an IGA. A Passive NFFE is generally a non-US and non-financial institution entity that is neither a “publicly traded corporation” nor an “active NFFE” (within the meaning of Treasury Regulations under FATCA). A substantial US owner is generally a US Person (as described above under paragraphs 1 through 4) that owns, directly or indirectly, a more-than-10 percent interest in the Passive NFFE; however there are generally a number of exemptions with specified requirements including, but not limited to, the following types of entities: i) a regularly traded corporation on an established securities market or an affiliate; ii) an organization exempt from US tax under IRC Section 501(a); iii) an IRC Section 581 US bank; and iv) an IRC Section 851 regulated investment company; or
6. A “Non-U.S. Entity” with one or more “Controlling Persons” (within the meaning of an applicable IGA) that is a US Person (as described above under paragraph 1).

All parties meeting the above definition of US Person should note the requirements of FATCA. If Unitholders are in any doubt as to their status, they should consult their financial or other professional adviser.

If, subsequent to a Unitholder’s investment, the Unitholder becomes the aforementioned US Person or Unqualified Person, such Unitholder (i) will be restricted from making any additional subscriptions and (ii) as soon as practicable have its Units compulsorily redeemed (subject to the requirements of applicable law).

It should be noted that the Sub-Fund may exercise its right to:

- (a) completely redeem the holding of an affected Unitholder (at any time upon any or no

- notice) ; or
- (b) reject the investors' application; or
- (c) withhold on amounts otherwise distributable to the investor; or
- (d) compel the Unitholders to sell their interest

if the Unitholders fail to provide the Sub-Fund with the necessary information upon request to satisfy relevant requirements under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA obligations.

To comply with FATCA, the Sub-Fund may need to disclose the name, address, taxpayer identification number and investment information relating to certain US investors who are US Persons that own, directly or indirectly, an interest in certain entities, as well as certain other information relating to such interest, to the US Internal Revenue Service (IRS).

The extent to which the Sub-Fund is able to report to the US IRS will depend on each affected Unitholder in the Sub-Fund providing the Sub-Fund or its delegate with any information and consent that the Sub-Fund determines is necessary to satisfy such obligations.

Potential applicants for Units in the Sub-Fund should inform themselves as to (a) the possible tax consequences, (b) the legal requirements and (c) any foreign exchange restrictions or exchange control requirements which they might encounter under the laws of the countries of their incorporation, citizenship, residence or domicile and which might be relevant to the subscription, holding or disposal of Units in the Sub-Fund. Investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or any other matters and are recommended to consult their own professional advisers in advance of any acquisition, holding or disposal of Units.

### **Personal Data or Confidential Information**

- (1) Personal Data or Confidential Information (including information necessary to ascertain tax status, information for reporting of tax withholding and details of transaction) provided by a Unitholder will be used, shared, stored, processed, transferred and disclosed (within or outside Hong Kong) so that the Manager, the Trustee and their associated or affiliated companies, connected persons, delegates, contractors, authorised agents or service providers can carry out their obligations in respect of the Fund and/or the Sub-Fund or for other purposes including but not limited to (a) processing the subscription, redemption and switching of Units, completing the information on the Register of Unitholders, carrying out instructions or responding to Unitholder's enquiries, verifying data and providing administrative or other relevant services to the Unitholder (including the mailing of reports, notices or newsletters); (b) in compliance with any applicable law, regulation, statute, ordinance, rule, judgment, decree, code, guidelines, directive, circulars, sanctions regime, court order issued by other regulatory authorities of relevant jurisdiction, exchange or market, whether legal, regulatory, governmental, tax, law enforcement, self-regulatory, industry or others which apply in respect of the Fund and/or the Sub-Fund or the Unitholder's investments or bind or apply to the Manager or the Trustee of the Fund from time to time ("Relevant Laws") and meeting any demands, disclosure, notification or reporting requirements to which any recipient of the data is subject under the Relevant Laws, including but not limited to compliance with

obligations pursuant to the FATCA, verifying the identity of a Unitholder or establishing whether a Unitholder is a US Person for the purposes of FATCA (collectively, the “Regulatory Requirements”); (c) prevention, detection, sanction or investigation of crime, fraud, money laundering, corruption, tax evasion, terrorist financing and any other violation of laws or unlawful activities and fulfilling related Regulatory Requirements; (d) enforcing or defending the rights of the Manager and the Trustee; (e) fulfilling internal operational or compliance requirements of the Manager and the Trustee or their associated or affiliated companies or connected persons; and (f) maintenance or continuation of overall relationship with the Unitholder.

- (2) Failure to provide information may result in the Manager or the Trustee being unable to open/ maintain an account or provide/ continue to provide services to the Unitholder or taking appropriate action or reporting to the relevant authorities.
- (3) Unitholder has the right to request access to and correction of any personal data or to request the personal data not to be used for direct marketing purposes. Collection and use of personal data will be subject to the terms of the Personal Data (Privacy) Ordinance of Hong Kong.

**“US\$ or US dollars”** means the lawful currency of the United States of America;

**“UTMF Code”** means the SFC’s Code on Unit Trusts and Mutual Funds, as amended or supplemented from time to time; and

**“Valuation Point”** means the official close of trading on the SEHK, or such other time or times as determined by the Trustee, the Manager and the Participating Dealer(s) from time to time provided that there shall always be a Valuation Point on each Dealing Day other than where there is a suspension of determination of the Net Asset Value of the Sub-Fund pursuant to provisions of the Trust Deed.

## **THE FUND**

The Fund is a unit trust established by a trust deed dated 11 July 2007 (as may be amended, modified or supplemented from time to time) with BOCI-Prudential Asset Management Limited as the manager and BOCI-Prudential Trustee Limited as the trustee of the Fund. The Fund is established under and governed by the laws of Hong Kong.

The Fund is an umbrella fund under which index-tracking sub-funds will be established. The Sub-Fund is the second sub-fund of the Fund. Only one (1) class of Units is currently available in relation to the Sub-Fund.

### **Creation and Redemption of Units**

A Participating Dealer may apply to create or redeem Units directly with the Sub-Fund. Any investor, other than a Participating Dealer, may make a request to create or redeem Units through a Participating Dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with the Participating Dealer. However, investors should note that a Participating Dealer reserves the absolute right to refuse to accept a request from an investor to create or (under exceptional and limited circumstances) to redeem Units and can charge such fees as it may reasonably determine from time to time. Details of the procedures for creation and redemption of Units are set out on pages 23 to 30 of this Prospectus.

Investors should note that the dealing procedures for creation and redemption of Units through the Participating Dealer or a stockbroker may be different from those set out for the Sub-Fund in this Prospectus. For example, the dealing deadline set by the Participating Dealer(s) or the stockbroker may be earlier than that set out for the Sub-Fund in this Prospectus. Investors should therefore check the applicable dealing procedures with the relevant Participating Dealer or the stockbroker (as the case may be).

For the avoidance of doubt, the Manager may accept creation or redemption applications made by the Manager or its affiliates, whether or not on behalf of a third party investor.

### **Trading of Units on the SEHK**

Investors may buy or sell the Units of the Sub-Fund through an intermediary such as a stockbroker on the SEHK. Dealings on the SEHK of Units in the Sub-Fund commenced on

15 May 2008. The Units of the Sub-Fund have been accepted as eligible securities by the HKSCC for deposit, clearance and settlement in CCASS with effect from the date of commencement of dealing in the Units on the SEHK. Units in the Sub-Fund shall trade on the SEHK in board lots of 200 Units each. Settlement of transactions between participants of the SEHK is required to take place in CCASS on the second settlement day (as defined in the General Rules of CCASS) after the trading day of the relevant transactions. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time. Units are neither listed nor dealt on any other stock exchange and no application for such listing or permission to deal is being sought as at the date of this Prospectus. Application may be made in the future for listing of Units on one or more other stock exchanges.

If trading of the Units of the Sub-Fund, or trading generally, on the SEHK is suspended, then there will be no secondary market dealing for those Units.

### **INVESTMENT OBJECTIVES AND POLICIES OF THE SUB-FUND**

The Sub-Fund is an index-tracking fund which seeks to track the performance of the CSI HK 100. In order to achieve the investment objective of the Sub-Fund, the Sub-Fund will invest in a representative sample of the Index Securities selected by the Manager. The Sub-Fund may also invest in securities which are not Index Securities as the Manager considers appropriate. The CSI HK 100 is a diversified index consisting of 100 constituent securities listed on the SEHK compiled and managed by the China Securities Index Co., Ltd. The China Securities Index Co., Ltd. has granted to the Manager, by way of license and subject to the terms of an index license agreement between them, the right to use the CSI HK 100 in connection with the operation, marketing and promotion of the Sub-Fund. Details in respect of the CSI HK 100 are set out in Appendix I.

The risk profile of the Sub-Fund is generally regarded as high.

### **INVESTMENT STRATEGY OF THE SUB-FUND**

Indexing investment strategies are used by an index-tracking fund to fulfil the index-tracking investment objective. Replication strategy and representative sampling strategy are the two most common strategies.

#### *Replication Strategy*

An index-tracking fund which uses a replication strategy invests in substantially all the constituent securities of the underlying index in substantially the same weightings (i.e. proportions) as these stocks have in the underlying index. When a stock ceases to be a constituent security of the underlying index, rebalancing occurs which involves selling the outgoing stock and using the proceeds to acquire the incoming stock.

### *Representative Sampling Strategy*

An index-tracking fund which uses a Representative Sampling Strategy invests in a representative sample of constituent securities of the underlying index selected by the manager using quantitative analytical models in a technique known as “portfolio optimisation”, under which each stock is considered for inclusion in the index-tracking fund based on its capitalisation, industry and fundamental investment characteristics. The manager seeks to construct the portfolio of the index-tracking fund so that, its overall capitalisation, industry and fundamental investment characteristics are like those of the underlying index.

### *Investment Strategy Used by the Sub-Fund*

The Manager intends to pursue a representative sampling strategy for the Sub-Fund. As a result, the Sub-Fund may not from time to time hold all constituent securities of the CSI HK 100 and the Manager may overweight certain constituent securities relative to their respective weightings in CSI HK 100 on the condition that the maximum extra weighting in any constituent security of CSI HK 100 will not exceed four per cent (4%) under normal circumstances or such other percentage as determined by the Manager after consultation with the SFC. Any non-compliance with the said limits will be disclosed in the annual report and interim report of the Sub-Fund. However, investors should note that the representative sampling strategy is associated with certain additional risks, in particular a possible increased tracking error at the time of the switch as well as a possible increased tracking error in general, and investors should read the “Risk Factors” section below carefully.

## RISK FACTORS

**Investments involve risks. The Sub-Fund is subject to market fluctuations and to the risks inherent in all investments. The price of Units of the Sub-Fund and the income from them may go down as well as up. Investment in the Sub-Fund is not the same as investment in the constituent securities of CSI HK 100.**

**The performance of the Sub-Fund will be affected by a number of risk factors, including those set out below. Some or all of the risk factors may adversely affect the Sub-Fund's Net Asset Value, yield, total return and/or its ability to achieve its investment objective. There is no assurance that the Sub-Fund will achieve its investment objective. Investors should note that the following list does not purport to be an exhaustive list of the risk factors relating to an investment in the Sub-Fund. Investors should carefully consider the risks of investing in the Sub-Fund in light of their financial circumstances, knowledge, experience and other circumstances, and should seek independent professional advice as appropriate.**

- (a) Political, economic and social risks -- In tracking the CSI HK 100, the Sub-Fund will invest in securities of companies listed on the SEHK. Such companies may have substantial exposure to the risks in Hong Kong and/or the PRC. As a result, changes in political, economic and social conditions in Hong Kong and/or the PRC could adversely affect the value of investments.
- (b) Market risk -- Market risk includes such factors as changes in economic environment, consumption pattern and investors' expectations etc. which may have significant impact on the value of the investments. Usually, emerging markets tend to be more volatile than developed markets and may experience substantial price volatility. Any options, warrants and derivatives in the Sub-Fund may also expose the Sub-Fund significantly to the fluctuations in the market. Market movements may therefore result in substantial fluctuations in the Net Asset Value per unit of the Sub-Fund.
- (c) Sector concentration risk – To the extent that the CSI HK 100 concentrates in securities which belong to a particular industry or group of industries, the Manager may similarly concentrate the Sub-Fund's investments. The performance of the Sub-Fund could then depend heavily on the performance of that industry or group of industries. In addition, the Manager may invest a significant percentage or all of the assets of the Sub-Fund in a single issuer, and the performance of the Sub-Fund could be closely tied to that issuer and could be more volatile than the performance of other more diversified funds.
- (d) Passive management risk - The Sub-Fund is not actively managed. The Manager may not take an active role in defending the position of the Sub-Fund in declining markets. Hence, any fall in the CSI HK 100 will result in a corresponding fall in the value of the Sub-Fund.
- (e) Tracking error risk – The Sub-Fund's returns may deviate from the CSI HK 100 due to a number of factors. For example, the fees and expenses of the Sub-Fund, the need for the Manager to adopt a representative sampling strategy, rounding of share prices, changes to the CSI HK 100 and regulatory policies may affect the Manager's ability

to achieve close correlation with the CSI HK 100. Further, the Sub-Fund may receive income (such as interests and dividends) from its assets while the CSI HK 100 does not have such sources of income.

- (f) Portfolio management risk – Since the Sub-Fund will not fully replicate the CSI HK 100, there is a risk that as the implementation of the Manager’s investment strategy is subject to a number of constraints, the investment strategy may not produce the intended results.
- (g) Risks relating to the CSI HK 100 – The Sub-Fund may be subject to the following risks in relation to the CSI HK 100 :
- (i) The initial term of the license agreement between the Manager and the Index Provider is three (3) years, after which it will be automatically extended unless otherwise terminated in accordance with the license agreement. If the CSI HK 100 is discontinued or the Manager’s licence from the Index Provider under the relevant licence agreement is terminated, the Manager may, in consultation with the Trustee, seek the SFC’s prior approval to replace the CSI HK 100 with an index that is tradable and has similar objectives to the CSI HK 100. For the avoidance of doubt, index-tracking will remain the Sub-Fund’s investment objective. The Manager’s licence from the Index Provider may be terminated if (1) the license agreement is not extended after the expiry of the initial term; or (2) the Index Provider ceases to calculate and publish the CSI HK 100 and the Index Provider should give written notice to the Manager (i) not less than ninety (90) days before such cessation or the notice period stipulated by the relevant regulatory authorities, whichever is longer, or (ii) such shorter notice period as agreed between the Manager and the Index Provider. Unless otherwise agreed between the Manager and the Index Provider, the Index Provider may terminate the Manager’s licence by written notice under the following circumstances:
- if the Manager ceases to develop and manage investment products which track the CSI HK 100 and the Manager should give written notice to the Index Provider of not less than ninety (90) days before such cessation or such shorter notice period as agreed between the Manager and the Index Provider;
  - if the Manager breaches the licence agreement for the CSI HK 100 and fails to rectify the breach within thirty (30) days after the Index Provider has notified the Manager in writing of the breach;
  - if the size of the investment product which tracks the CSI HK 100 and is managed by the Manager is less than RMB100 million;
  - if any of the SFC and SEHK requests the Manager to cease developing and managing the investment product which tracks the CSI HK 100 or requests the Index Provider to terminate the license;
  - if the Manager commits a serious breach of the applicable laws or violates the rules of the stock exchanges; or
  - other circumstances specified by laws or regulations.

Either the Manager or the Index Provider may terminate the licence agreement by written notice under the following circumstances:

- if the licence agreement cannot be performed due to force majeure events;
  - if the Index Provider loses the relevant rights in the CSI HK 100; or
  - if the Manager ceases business operations is revoked or liquidated, or declares bankruptcy.
- (ii) There may be changes in the constituent securities of the CSI HK 100 from time to time. For example, the shares of a constituent company may be delisted or a new eligible company may be added to the CSI HK 100. In such circumstances, in order to achieve the investment objective of the Sub-Fund, the Manager may change the weighting or composition of the Basket(s) held by the Sub-Fund. The price of the Units may rise or fall as a result of these changes.
- (iii) The process and the basis of computing and compiling the CSI HK 100 and any of its related formulae, constituent companies and factors may also be changed or altered by the Index Provider at any time without notice. There is also no warranty, representation or guarantee given to the investors as to the accuracy or completeness of the CSI HK 100, its computation or any information related thereto.
- (h) Risk relating to listing – If the Units of the Sub-Fund are delisted from the SEHK, the Manager may, in consultation with the Trustee, seek the SFC’s prior approval to operate the Sub-Fund as an unlisted index fund (subject to any necessary amendments to the rules of the Sub-Fund) or terminate the Sub-Fund and will notify investors accordingly.
- (i) Trading in Units on the SEHK may be suspended – Investors will not be able to purchase or sell Units on the SEHK during any period that the SEHK suspends trading in the Units. The SEHK may suspend the trading of Units whenever the SEHK determines that it is appropriate in the interest of a fair and orderly market to protect investors. The creation and redemption of Units may also be suspended in the event that the trading of Units on the SEHK is suspended.
- (j) No assurance on continued listing status – There is no assurance that the Units of the Sub-Fund will continue to meet the listing requirements of the SEHK. If the Units of the Sub-Fund are delisted, the Manager may, in consultation with the Trustee, seek the SFC’s approval to operate the Sub-Fund as an unlisted index fund (subject to any necessary amendments to the rules of the Sub-Fund) or terminate the Sub-Fund and will notify investors accordingly.
- (k) Restrictions on creation and redemption of Units – Investors should note that the Sub-Fund is not like a typical retail investment fund offered to the public in Hong Kong (for which units can generally be purchased and redeemed directly from the manager). Units of the Sub-Fund may only be created and redeemed in Application Unit sizes directly by Participating Dealer(s) from the Manager and may not be created or redeemed directly by other investors from the Manager. Such other investors may only make a request (and if such investor is a retail investor, through a stockbroker which has opened an account with the Participating Dealer) to create or redeem Units in Application Unit sizes through a Participating Dealer which reserves the absolute right to refuse to accept a request from an investor to create or (under exceptional and

limited circumstances) redeem Units and can charge such fees as it may reasonably determine from time to time. Alternatively, investors may realize the value of their Units by selling their Units through an intermediary such as a stockbroker on the SEHK, and there is a risk that dealings on the SEHK may be suspended.

- (l) Risk of withdrawal of authorization - The Sub-Fund has been authorized as a collective investment scheme under the UTMF Code by the SFC pursuant to section 104 of the Securities and Futures Ordinance. SFC authorisation is not a recommendation or endorsement of the Sub-Fund nor does it guarantee the commercial merits of the Sub-Fund or its performance. It does not mean the Sub-Fund is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors. The SFC reserves the right to withdraw the authorization of the Sub-Fund, for example, if the SFC considers the CSI HK 100 no longer acceptable.
- (m) Suspension of creation and redemption – Dealings of Units on the SEHK may not necessarily be suspended when there is a temporary suspension of the creation and redemption of Units under the terms of the Trust Deed. If the creation and redemption of Units is temporarily suspended, the trading price of the Units may be adversely affected and differ from the market value of the Sub-Fund’s underlying assets.
- (n) Risk related to divergence between the market price of the Units and the Net Asset Value of the Sub-Fund – Investors should note that unlike a typical retail investment fund offered to the public in Hong Kong (the market price of the units of which is determined by the net asset value of the investment fund), the market price of the Units traded on the SEHK is determined not only by the Net Asset Value of the Sub-Fund but also by other factors such as the supply of and demand for the Units in the SEHK. Therefore, there is a risk that the market price of the Units traded on the SEHK may diverge significantly from the Net Asset Value of the Sub-Fund.
- (o) Risk of absence of active market – There can be no assurance that an active trading market in respect of the Units in the Sub-Fund will be developed or maintained. There is no certain basis for predicting the actual price levels at which, or the sizes in which, the Units in the Sub-Fund may trade. There can be no assurance that the Units in the Sub-Fund will experience trading or pricing patterns similar to those of other exchange traded funds which are issued by investment companies in other jurisdictions or are traded on the SEHK.
- (p) No assurance on performance – Past performance is not indicative of future returns of the Sub-Fund. There can be no assurance that the Sub-Fund’s investment objectives will be met. The level of fees and expenses payable by the Sub-Fund may fluctuate. Although the amounts of certain ordinary expenses of the Sub-Fund may be estimated, the returns of the Sub-Fund and its Net Asset Value cannot be estimated. Accordingly no assurance can be given as to the performance of the Sub-Fund or its level of expenses.
- (q) Single Country / Region Risk – the Sub-Fund that is launched which mainly focuses its investments on the business of one single region will increase the Sub-Fund’s vulnerability to the economic, political or regulatory developments of that region.

- (r) Securities risk – Each company has its unique factors affecting the value of its securities. These factors include the company’s management capability, capital structure, liquidity position, product composition and others.
- (s) Tax risk – Dividends and certain interests or other income paid to the Sub-Fund may be subject to tax on trading profits or on certain securities transaction, transfer or stamp duty or withholding tax which may negatively impact on the Sub-Fund’s performance and distributions (if applicable) that the Unitholders may receive from the Sub-Fund.
- (t) Risks relating to obligations of the Sub-Fund under FATCA Regulations

The Sub-Fund will endeavour to satisfy any obligations imposed under the FATCA regulations so as to avoid the imposition of FATCA withholding, however, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to FATCA withholding, the value of the Units held by the Unitholders may suffer material losses.

If the Unitholder or an intermediary through which it holds interest in the Sub-Fund fails to provide the Sub-Fund, its agents or authorised representatives with complete and accurate information that may be required by the Sub-Fund to comply with FATCA, the Unitholder may be subject to withholding on amounts otherwise distributable to the Unitholder, may be compelled to sell his interest in the Sub-Fund, or in certain situations, the Unitholders’ interest in the Sub-Fund may be sold involuntarily (provided that the Sub-Fund observes relevant legal requirements and acts in good faith).

In cases where Unitholders invest in the Sub-Fund through an intermediary, Unitholders are reminded to check whether such intermediary is FATCA compliant. If Unitholders are in any doubt, they should consult their tax advisor, stockbroker, bank manager, solicitor, accountant and other financial adviser regarding the possible implications of FATCA on the Unitholders and the Sub-Fund.

Unitholders, and intermediaries acting for Unitholders, should therefore take note that if they meet the definition of US Person for FATCA purpose then they will need to declare this to the Sub-Fund and submit any mandatory documentation.

- (u) Withholding Tax Risk

Investors should note that (i) the proceeds from the sale of securities in some markets or the receipt of any dividends or other income may be or may become subject to tax, levies, duties or other fees or charges imposed by the authorities in that market including taxation levied by withholding at source and/or (ii) the Sub-Fund’s investments may be subject to specific taxes or charges imposed by authorities in some markets. The FATCA rules generally impose a 30% withholding tax on (a) certain US source payments (including interest and dividends) and gross proceeds from the sale or other disposition of property that can produce US source interest or dividends (such as bonds or shares issued by a US issuer) (“withholdable payments”), and (b) “foreign passthru payments” (generally, payments that are attributable to

withholdable payments) made by certain non-US entities (collectively referred to as “passthru payments”). Under the FATCA rules, if the Sub-Fund does not or cannot report to the IRS information regarding a US Person that indirectly holds interests in the Sub-Fund, and to comply with certain other reporting, verification, due diligence and other requirements, the Sub-Fund generally would be subject to 30% withholding tax on passthru payments received by the Sub-Fund, which would reduce the Sub-Fund’s value. Although the Sub-Fund will attempt to satisfy any obligations imposed on it to avoid the imposition of the FATCA withholding tax, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to a withholding tax as a result of the FATCA regime, the value of the Units held by Unitholders may suffer material losses.

Even if the Sub-Fund is able to comply with the requirements under the FATCA rules, Unitholders that fail to comply with information requests (including information requests from certain non-US entities through which payments from the Sub-Fund may be made) or otherwise comply with the requirements of the FATCA rules may be subject to a 30% withholding tax on passthru payments made by the Sub-Fund. Additionally, the Sub-Fund may be required to withhold tax on passthru payments made by the Sub-Fund to certain non-US entities (for example, a Unitholder’s Hong Kong investment dealer) that are not in compliance with the FATCA rules, including certain non-US financial institutions through which distributions on the Units may be made.

The imposition of the 30% withholding tax under the FATCA rules could result in materially reduced investment returns for the Unitholders, including in circumstances where the withholding tax is imposed on passthru payments received by the Sub-Fund from the portfolio. The administrative costs arising from compliance with the FATCA rules may also cause an increase in the operating expenses of the Sub-Fund, thereby further reducing returns to Unitholders.

Unitholders should consult their independent tax advisor regarding the potential effect of the FATCA rules to an investment in the Sub-Fund.

- (v) Conflict of interest risk – The Manager and the Trustee and Custodian or their Connected Persons may, from time to time, act as manager, investment adviser, trustee or as custodian or in such other capacity in connection with or be otherwise involved in or with any other collective investment schemes separate and distinct from the Fund and the Sub Fund. It is possible that any of the Manager and the Trustee and Custodian or their Connected Persons may, in the course of business, have potential conflicts of interest with the Sub-Fund. Each of the Manager and the Trustee and Custodian or their Connected Persons will, at all times, have regard in such event to its obligations to the Sub Fund and the investors and will endeavour to ensure that such conflicts are resolved fairly. Please refer to the section on “Potential Conflict of Interest, Transactions with Connected Persons and Soft Commissions” on pages 35 to 36 for details.

## INVESTMENT AND BORROWING RESTRICTIONS

### Investment Restrictions

The Trust Deed imposes a number of restrictions and prohibitions on investment of the Sub-Fund. So long as the Sub-Fund is authorized by the SFC pursuant to the UTMF Code, the assets of the Sub-Fund may be invested only in the investments permitted under and in accordance with Chapters 7 and 8 of the UTMF Code issued by the SFC (as applicable).

A summary of the investment restrictions of the Sub-Fund is as follows :

- (1) No investment shall be purchased, made or added to if as a result thereof:
  - (a) the value of the Sub-Fund's latest holding of securities issued by any single issuer would exceed ten per cent (10%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made unless:
    - it is limited to a particular constituent security of the CSI HK 100 that accounts for more than ten per cent (10%) of the weighting of the CSI HK 100 and unless otherwise approved by the SFC, the weighting of that constituent security may not exceed that constituent security's weighting in the CSI HK 100, except where the weightings are exceeded as a result of changes in the composition of the CSI HK 100 and the excess is only transitional and temporary in nature; or
    - where the Sub-Fund adopts a representative sampling strategy which does not involve the full replication of the constituent securities of the CSI HK 100 in the exact weightings of the CSI HK 100, the Sub-Fund may overweight the underlying holdings of a particular constituent security's weighting in the CSI HK 100 provided that any such excess of weightings is subject to a maximum limit of 4% or such other percentage as determined by the Manager after consultation with the SFC having regard to the characteristics of the constituent security, its weighting, the investment objectives of the CSI HK 100 and any other suitable factors; or
    - otherwise approved by the SFC.
  - (b) the nominal amount of the Sub-Fund's holding of ordinary shares in the capital of any single issuer, when aggregated with the holdings of such ordinary shares held by all other sub-funds of the Fund, would exceed 10 per cent (10%) of the total nominal amount of all the ordinary shares in the capital of that issuer in issue;
  - (c) the value of the Sub-Fund's holding of units in Collective Investment Schemes would in aggregate exceed 10 per cent (10%) of the latest available Net Asset Value of the Sub-Fund as at the time investment is made PROVIDED THAT no investment may be made in any Collective Investment Scheme managed by the Manager or by a Connected Person of the Manager if such investment

would result in an increase in the overall total of Manager' fees and other costs and charges borne by the Unitholders or by the Sub-Fund; and

- (d) the value of the Sub-Fund's latest holding of securities neither listed nor quoted on a securities market would exceed fifteen per cent (15%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made.
- (2) Subject to 1(a) above, the value of the Sub-Fund's holding in Government and other public securities (as defined under Chapter 7 of the UTMF Code) of the same issue may exceed thirty per cent (30%) of the latest available Net Asset Value of the Sub-Fund at the time the investment is made. Further, subject to 1(a) above, the Manager may invest all of the assets of the Sub-Fund in Government and other public securities (as defined under Chapter 7 of the UTMF Code) in any number of different issues.
- (3) The Manager shall not on behalf of the Sub-Fund:
- (a) invest in a Security of any class in any company or body if any director or officer of the Manager individually owns more than 0.5 per cent (0.5%) of the total nominal amount of all the issued securities of that class, or collectively the directors and officers of the Manager own more than five per cent (5%) of those securities;
  - (b) invest in any type of real estate (including buildings) or interests in real estate (including options or rights, but excluding shares in real estate companies and interests in real estate investment trusts that are listed on a stock exchange);
  - (c) make short sales if it results in the Sub-Fund's liability to deliver Securities exceeding ten (10) per cent of the latest available Net Asset Value of the Sub-Fund or if the Security which is to be sold short is not actively traded on a market where short selling activity is permitted;
  - (d) write uncovered options;
  - (e) write a call option on investments if the aggregate exercise price of such call option and of all other unexpired call options written for the account of the Sub-Fund would exceed twenty five per cent (25%) of the latest available Net Asset Value of the Sub-Fund in terms of exercise price as at the time the investment is made;
  - (f) without the prior written consent of the Trustee, lend, assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person;
  - (g) enter into any obligation or acquire any asset which involves the assumption of any liability by the Trustee (in the capacity of the trustee of the Sub-Fund) which is unlimited;

- (h) invest in options and warrants for purposes other than hedging if the aggregate amount of premium paid exceeds fifteen per cent (15%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made; or
- (i) enter into futures contract on an unhedged basis if the net total aggregate value of contract prices, whether payable to or by the Sub-Fund under all outstanding futures contracts, together with the aggregate value of holdings of physical commodities and commodity based investments exceed twenty per cent (20%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made.
- (4) For the avoidance of doubt, if no authorization of the SFC is required under the Securities and Futures Ordinance in respect of the Sub-Fund, none of the provisions in (1) to (3) shall be applicable to the Sub-Fund.
- (5) Subject to the provisions of the Trust Deed, the Trustee may at the request of the Manager arrange for any Securities for the time being comprised in the Sub-Fund to be loaned by, or Securities to be loaned to, the Fund through the agency of or directly with any person acceptable to the Trustee (including the Manager or the Trustee or any Connected Person of either of them). The Trustee shall only arrange for any Securities for the time being comprised in a Sub-Fund to be loaned by the Fund if the Trustee has used reasonable endeavours to satisfy itself that the relevant counterparties are banks or other financial institutions of sound financial standing and that adequate collateral (including, but not limited to, treasury bills, bankers' acceptances, certificates of deposit, bonds, equities, letters of credit and cash collateral) will have been provided to the Fund by the borrower. Any income attributable to the Fund as a result of such loan shall, on receipt by the Trustee, be credited to the Sub-Fund. Where any loan has been arranged through the Manager or the Trustee or a Connected Person of either of them, the relevant entity shall be entitled to retain for its own use and benefit any fee or benefit it receives on a commercial basis in connection with such arrangement. The maximum level of Securities available for lending shall be limited to seventy-five per cent (75%) of the latest available Net Asset Value of the Sub-Fund or such other percentage as may from time to time be determined by the Manager.

### **Borrowing Restrictions**

The Manager may borrow up to 25% of the latest available net asset value of the Sub-Fund as at the time the investment is made for the following purposes :

- facilitating the creation or redemption of Units or defraying operating expenses;
- enabling the Manager to acquire investments for the account of the Sub-Fund; or
- any other purpose as may be agreed by the Manager and the Trustee from time to time.

The assets of the Sub-Fund may be charged or pledged as security for any such borrowings. For the avoidance of doubt, back-to-back loans will not be taken into account when determining whether or not the 25% limit mentioned above has been breached by the Sub-Fund.

## **General**

If any of the investment and borrowing restrictions are breached, the Manager shall as a priority objective take all steps necessary as soon as practicable to remedy the situation, having due regard to the interests of Unitholders. The Manager is not immediately required to sell applicable investments if any of the investment restrictions are exceeded as a result of changes in the value of the Sub-Fund's investments, reconstructions or amalgamations, payments out of the assets of the Sub-Fund or redemptions of Units but for so long as such limits are exceeded, the Manager shall not acquire any further investments which would result in such limit being further breached.

The HK Conversion Agency Services Limited will perform certain services in connection with the creation and redemption of Units by the Participating Dealer(s).

## **CREATION AND REDEMPTION OF UNITS**

### **Creation of Units**

Unless otherwise determined by the Manager, a Creation Application shall only be made by a Participating Dealer in accordance with the terms of the Trust Deed and the relevant Participation Agreement on a Dealing Day in respect of Units constituting an Application Unit size or whole multiples thereof. The dealing period on each Dealing Day commences at 12:00 noon and ends at the Dealing Deadline at 3:00 p.m., as may be revised by the Manager from time to time. A Creation Application once given cannot be revoked or withdrawn without the consent of the Manager (which consent shall not be unreasonably withheld). For the avoidance of doubt, the Manager may accept creation applications made by the Manager or its affiliates, whether or not on behalf of a third party investor.

### **Procedures for Creation of Units**

To be effective, a Creation Application must comply with the requirements in respect of creation of Units set out in the Trust Deed and the relevant Participation Agreement and be accompanied by such certifications and legal opinions as the Trustee and the Manager may require. Pursuant to a valid Creation Application accepted by the Manager, the Manager and/or any person appointed by the Manager for such purpose shall have the exclusive right to instruct the Trustee to create for the account of the Sub-Fund the Units in a class in Application Unit size in exchange for the transfer by the relevant Participating Dealer (or its agent), to or for the account of the Trustee, of:

- (a) in the Manager's absolute discretion,
  - (i) one or more Basket(s) for the relevant Units and a cash amount equivalent to any duties and charges payable; or

- (ii) a cash payment equivalent to the value of the relevant Basket(s) (which shall be accounted for as Deposited Property), in which case, the Manager shall be entitled in its absolute discretion to charge (for the account of the Sub-Fund) to the relevant Participating Dealer of any Units for which cash is paid in lieu of delivering the Basket(s) an additional sum which represents the appropriate provision for duties and charges; or
- (iii) a combination of (i) and (ii) above;

plus,

- (b) if the Cash Component is a positive value, a cash payment equivalent to the amount of the Cash Component; if the Cash Component is a negative value, the Trustee shall be required to make a cash payment equivalent to the amount of the Cash Component (expressed as a positive figure) to the relevant Participating Dealer. If the Sub-Fund has insufficient cash required to pay any Cash Component payable by the Sub-Fund, the Manager may instruct the Trustee to sell the Deposited Property of the Sub-Fund, or to borrow moneys to provide the cash required.

Where the Manager exercises its absolute discretion under paragraph (a) above, it shall take into account of the investment objective of the Sub-Fund.

Units are denominated in the Base Currency (unless otherwise determined by the Manager) and no fractions of a Unit shall be created or issued by the Trustee. Once Units are created, the Manager shall instruct the Trustee to issue, for the account of the Sub-Fund, the Units to the relevant Participating Dealer (or its agent) in accordance with the Operating Guidelines. In respect of each Creation Application, the Issue Price of a Unit of any class in the Sub-Fund shall be equal to one-hundredth (1/100th) of the closing level of the CSI HK 100 as at the close of the Initial Offer Period. After the close of the Initial Offer Period, the Issue Price of a Unit of any class in the Sub-Fund shall be the Net Asset Value per Unit of the relevant class as at the relevant Dealing Day rounded to the nearest fourth (4<sup>th</sup>) decimal place. Any commission, remuneration or other sum payable by the Manager to any agent or other person in respect of the issue or sale of any Unit shall not be added to the Issue Price of such Unit and shall not be paid by the Sub-Fund.

Where a Creation Application is received or deemed to be received and accepted before the Dealing Deadline on a Dealing Day, creation and issue of Units pursuant to that Creation Application shall be effected on that Dealing Day, but :

- (a) for valuation purposes only, Units shall be deemed to be created and issued after the Valuation Point on that Dealing Day; and
- (b) the Register shall be updated on the Settlement Day or (if the settlement period is extended) the Dealing Day immediately following the Settlement Day provided that the Trustee shall be entitled to refuse to enter (or allow to be entered) Units in the Register if at any time the Trustee is of the opinion that the issue of Units does not comply with the provisions of the Trust Deed.

Where a Creation Application is received on a day which is not a Dealing Day or is received after the Dealing Deadline on a Dealing Day, that Creation Application shall be carried

forward and deemed to be received at the opening of business on the next following Dealing Day, which shall be the Dealing Day for the purposes of that Creation Application.

In respect of each Creation Application, the Manager shall be entitled to, for the account and benefit of the Trustee, charge the Transaction Fee, which shall be paid by or on behalf of the relevant Participating Dealer and may be set off and deducted against any Cash Component due to the relevant Participating Dealer in respect of such Creation Application. The Manager shall have the right to revise the amount of the Transaction Fee it charges provided that the level of Transaction Fee charged to all Participating Dealers is the same.

### **Rejection of Creation of Units**

The Manager reserves the absolute right to reject a Creation Application and the Participating Dealer reserves the absolute right to reject a request from any third party investor to submit a Creation Application.

### **Certificates**

No certificates will be issued in respect of the Units of the Sub-Fund. All Units of the Sub-Fund will be registered in the name of the HKSCC Nominees Limited by the Registrar on the Register of Unitholders of the Sub-Fund, which is the evidence of ownership of Units. Beneficial interest of retail investors in the Units of the Sub-Fund will be established through an account with a participant in CCASS.

### **Cancellation of Creation Applications**

The Trustee shall cancel Units created and issued in respect of a Creation Application under the following circumstances :

- (a) if the title to the Basket(s)(and/or cash payment, as the case may be) deposited for exchange of Units has not been fully vested upon trust in the Trustee or to the Trustee's satisfaction, or evidence of title and instruments of transfer satisfactory to the Trustee have not been produced to or to the order of the Trustee by or on the relevant Settlement Day; or
- (b) the full amount of the Cash Component (if applicable) and any duties, fees and charges payable in respect of the Creation Application have not been received in cleared funds by or on behalf of the Trustee by such time on the Settlement Day as prescribed in the Operating Guidelines,

provided that the Manager may in its discretion, with the approval of the Trustee, extend the settlement period on such terms and conditions as the Manager may determine.

Upon cancellation of any Units created pursuant to a Creation Application as mentioned above or if a Participating Dealer withdraws a Creation Application other than in the circumstances contemplated in the Trust Deed, such Units shall be deemed for all purposes never to have been created and the relevant Participating Dealer shall have no right or claim against the Manager or the Trustee in respect of such cancellation provided that:

- (a) any Basket(s) deposited for exchange (or equivalent Securities of the same type) fully vested in the Trustee and any cash received by or on behalf of the Trustee in respect of such cancelled Units shall be redelivered to the relevant Participating Dealer (or its agent);
- (b) the Manager shall be entitled to charge the relevant Participating Dealer for the account and benefit of the Trustee an Application Cancellation Fee;
- (c) the Manager may at its absolute discretion require the relevant Participating Dealer to pay to the Trustee for the account of the Sub-Fund in respect of each cancelled Unit Cancellation Compensation, being the amount (if any) by which the Issue Price of each such Unit exceeds the Redemption Price which would have applied in relation to each such Unit if a Participating Dealer had, on the date on which such Units are cancelled, made a Redemption Application;
- (d) the Trustee shall for its own benefit be entitled to the Transaction Fee payable in respect of the Creation Application; and
- (e) no previous valuations of the Sub-Fund shall be re-opened or invalidated as a result of the cancellation of such Units.

### **Redemption of Units**

Unless otherwise determined by the Manager, a Redemption Application shall only be made by a Participating Dealer in accordance with the terms of the Trust Deed and the relevant Participation Agreement on a Dealing Day in respect of Units constituting an Application Unit size or whole multiples thereof. The dealing period on each Dealing Day commences at 12:00 noon and ends at the Dealing Deadline at 3:00 p.m., as may be revised by the Manager from time to time. A Redemption Application once given cannot be revoked or withdrawn without the consent of the Manager (which consent shall not be unreasonably withheld). For the avoidance of doubt, the Manager may accept redemption applications made by the Manager or its affiliates, whether or not on behalf of a third party investor.

To be effective, a Redemption Application must comply with the requirements in respect of redemption of Units set out in the Trust Deed and the relevant Participation Agreement and be accompanied by such certifications and legal opinions as the Trustee and the Manager may require. Pursuant to a valid Redemption Application accepted by the Manager, the Manager shall instruct the Trustee to redeem and cancel the relevant Units on the Settlement Day in accordance with the Operating Guidelines and to transfer to the relevant Participating Dealer (or its agent) the relevant Basket(s) (as the Manager considers appropriate) in respect of such Units, plus, where the Cash Component is a positive value, a cash payment equivalent to the amount of the Cash Component. If the Sub-Fund has insufficient cash to pay any Cash Component payable by the Sub-Fund, the Manager may instruct the Trustee to sell the Deposited Property of the Sub-Fund, or to borrow moneys, to provide the cash required. If the Cash Component is a negative value, the relevant Participating Dealer shall be required to make a cash payment equivalent to the amount of the Cash Component (expressed as a positive figure) to or to the order of the Trustee.

The Redemption Price of Units redeemed shall be the Net Asset Value per Unit of the relevant class rounded to the nearest fourth (4<sup>th</sup>) decimal place. Unless specifically requested

to do so by the relevant Participating Dealer, not later than one (1) month after the relevant Dealing Day, the Trustee shall be under no obligation to check the calculation of the Redemption Price in connection with any redemption of Units. Should the Manager be in any doubt as to the Redemption Price in connection with any redemption of Units, the Manager will request an independent third party to check the Redemption Price.

Under normal circumstances, the maximum interval between (i) the receipt of a properly documented Redemption Application and (ii) payment of redemption proceeds to the relevant investor may not exceed one (1) calendar month.

Under exceptional and limited circumstances, the Manager reserves the right to reject a Redemption Application and the relevant Participating Dealer reserves the right to reject a request from any third party to submit a Redemption Application provided that the Manager or the relevant Participating Dealer (as the case may be) must act reasonably and in good faith.

With a view to protecting the interests of Unitholders, the Manager is entitled, with the approval of the Trustee, to limit the number of Units of the Sub-Fund redeemed on any Dealing Day (whether by sale to the Manager or by cancellation by the Trustee) to twenty per cent (20%) of the latest available Net Asset Value of the Sub-Fund. In this event, the limitation will apply pro rata so that all Unitholders wishing to redeem Units in the Sub-Fund on that Dealing Day will redeem the same proportion by value of such Units, and Units not redeemed (but which would otherwise have been redeemed) will be carried forward and given priority for redemption, subject to the same limitation, on the next Dealing Day. If requests for redemption are so carried forward, the Manager will inform the Unitholders concerned.

Where a Redemption Application is received on a day which is not a Dealing Day or is received after the Dealing Deadline on a Dealing Day, that Redemption Application shall be carried forward and deemed to be received at the opening of business on the next following Dealing Day, which shall be the relevant Dealing Day for the purposes of that Redemption Application. For valuation purposes, the relevant Valuation Point shall be the Valuation Point for the Dealing Day on which the Redemption Application is deemed to be received.

In respect of each Redemption Application, the Manager shall be entitled to, for the account and benefit of the Trustee, charge the Transaction Fee which shall be paid by the relevant Participating Dealer and may be set off and deducted against any Cash Component due to the relevant Participating Dealer in respect of such Redemption Application. The Manager shall have the right to revise the amount of the Transaction Fee charged provided that the level of Transaction Fee charged to all Participating Dealers is the same.

The Manager shall be entitled to deduct from and set off against any Cash Component payable to a Participating Dealer on the redemption of Units a sum (if any) which represents the appropriate provision for duties and charges, the Transaction Fee and any other fees payable by the Participating Dealer. If the Cash Component is insufficient to pay such duties and charges, the Transaction Fee and any other fees payable on such redemption, the Participating Dealer shall promptly pay the shortfall to or to the order of the Trustee, and until such shortfall and any Cash Component, Transaction Fee and any fees and charges payable by the Participating Dealer are paid in full in cleared funds to or to the order of the Trustee, the Trustee shall not be obliged to deliver (and shall have a general lien over) the

relevant Basket(s) to be transferred (as the case may be) in respect of the relevant Redemption Application.

Upon redemption of Units pursuant to a valid Redemption Application,

- (a) the funds of the Sub-Fund shall be deemed to be reduced by the cancellation of such Units and, for valuation purposes, such Units shall be deemed to have been redeemed and cancelled after the Valuation Point as at the Dealing Day on which the Redemption Application is or is deemed to be received; and
- (b) the name of the Unitholder of such Units shall be removed from the Register on the relevant Settlement Day.

In respect of a Redemption Application, unless the requisite documents in respect of the relevant Units have been delivered to the Manager by such time on the Settlement Day as prescribed in the Operating Guidelines, the Redemption Application shall be deemed never to have been made except that the Transaction Fee in respect of such Redemption Application shall remain due and payable and once paid, shall be retained by and for the benefit of the Trustee, and in such circumstances :

- (a) the Manager shall be entitled to charge the Participating Dealer for the account and benefit of the Trustee an Application Cancellation Fee;
- (b) the Manager may at its absolute discretion require the Participating Dealer to pay to the Trustee, for the account of the Sub-Fund, Cancellation Compensation in respect of each Unit, being the amount (if any) by which the Redemption Price of each Unit is less than the Issue Price which would have applied in relation to each Unit if a Participating Dealer had, on the final day permitted for delivery of the requisite documents in respect of the Units which are the subject of the Redemption Application, made a Creation Application; and
- (c) no previous valuations of the Sub-Fund shall be re-opened or invalidated as a result of an unsuccessful Redemption Application,

provided that the Manager, with the approval of the Trustee, may at its discretion extend the settlement period on such terms and conditions as the Manager may determine.

**Manager's Discretion to Pay Cash for Redemption of Units**

The Manager shall have the right to determine in its absolute discretion that the Trustee shall pay cash out of the Sub-Fund equal to the market value at the Valuation Point for the relevant Dealing Day of the relevant Basket(s) (or part thereof) in lieu of delivering the relevant Basket(s) to the Participating Dealer (or its agent) if the Manager determines in its absolute discretion that the Basket(s) are unlikely to be available for delivery or likely to be available in insufficient quantity for delivery upon the Redemption Application by a Participating Dealer or if it is in the interests of the Sub-Fund to do so, provided that the Manager shall be entitled in its absolute discretion to charge (for the account of the Sub-Fund) to the relevant Participating Dealer redeeming any Units for which cash is paid in lieu of delivering the Basket(s) an additional sum which represents the appropriate provision for duties and charges.

Such duties and charges payable by the Participating Dealer may be set off and deducted from the cash payable in lieu.

### **Compulsory Redemptions under Certain Circumstances**

The Manager may compulsorily redeem a Unitholder's Units in the Sub-Fund (or any part thereof) upon reasonable notice as if the Unitholder had requested the redemption of such Units and close any accounts held by a Unitholder for the Unitholder's investments in the Sub-Fund if:

- (a) the Unitholder is or becomes or is holding the Units for the account of or benefit of (i) a US Person (as defined in Regulation S under the United States Securities Act of 1933 (as amended)); or (ii) a US Person for FATCA purpose; or (iii) any other Unqualified Person (as defined in the "Definitions" section on pages 8 to 9);
- (b) the Unitholder refuses or fails to provide in a timely manner any information or documents or other assistance as reasonably requested by the Manager and/or the Trustee for the purpose of meeting any demands, disclosure or reporting requirements as may be required under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA);
- (c) the Unitholder withdraws consent to the reporting or disclosure of any information or documents relating to the Unitholder or the Unitholder's investments as may be required under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA);
- (d) the continued holding of Units by the Unitholder will subject the Manager, the Trustee, the Sub-Fund and/or service providers of the Sub-Fund to any reporting or withholding requirements under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA); or
- (e) it is, in the opinion of the Manager, required for the purpose of complying with any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA).

The Manager has a right to withhold, set-off or deduct reasonable amounts from the redemption proceeds, provided that: (i) such withholding, set-off or deduction is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds.

The Manager will notify the Trustee and/or the other relevant service providers before any such redemption is made or any closing of account is done.

### **DETERMINATION OF NET ASSET VALUE**

The Net Asset Value of the Sub-Fund shall be determined at the Valuation Point on each Dealing Day (or at such other time as the Manager and the Trustee determined) by valuing the assets of the Sub-Fund and deducting the liabilities of the Sub-Fund in accordance with the terms of the Trust Deed.

The Trust Deed provides, inter alia, that the value of investments in the Sub-Fund shall be determined as follows:

- (a) the value of any investment quoted, listed or normally dealt in on a market (other than an interest in a Collective Investment Scheme) shall be calculated by reference to the price which appears to the Manager to be the last mark-to-market bid price on the relevant Dealing Day or (if no last mark-to-market bid price is available) midway between the latest available market offered price and the latest available market bid price (as at such time as shall be agreed between the Trustee and the Manager) on the market on which the investment is quoted, listed or ordinarily dealt in for such amount of such investment as the Manager may consider in the circumstances to provide a fair criterion, PROVIDED THAT:
  - (i) if an investment is quoted, listed or normally dealt in on more than one market, the Manager shall adopt the price or, as the case may be, middle quotation on the market which, in its opinion, provides the principal market for such investment;
  - (ii) in the case of any investment which is quoted, listed or normally dealt in on a market but in respect of which, for any reason, prices on that market may not be available at any relevant time, the value thereof shall be certified by such firm or institution making a market in such investment as may be appointed for such purpose by the Manager or, if the Trustee so requires, by the Manager after consultation with the Trustee;
  - (iii) there shall be taken into account interest accrued on interest-bearing investments up to (and including) the date as at which the valuation is made, unless such interest is included in the quoted or listed price;

and for the purpose of the foregoing provisions the Manager or the Trustee shall be entitled to use and to rely upon electronic price feeds from such source or sources as they may from time to time think fit with regard to the pricing of the investments on any market notwithstanding that the prices so used are not the last mark-to-market bid prices and references to valuation of investments or deposits on a particular day or at a particular time may, if such a system is used, mean the valuation on the system on that day or at that time notwithstanding it may have been taken at a time or times selected by the system and be prior to that day or time, and the Manager shall use

reasonable endeavours to ensure that such source or sources are, in its reasonable opinion, reliable and independent;

- (b) the value of any investment which is not quoted, listed or ordinarily dealt in on a market shall be the initial value thereof equal to the amount expended out of the Sub-Fund in the acquisition thereof (including in each case the amount of the stamp duties, commissions and other expenses incurred in the acquisition thereof and the vesting thereof in the Trustee) provided that the Manager may at any time with the approval of the Trustee and shall at such times or at such intervals as the Trustee may request, cause a revaluation to be made of any unquoted investment by a professional person approved by the Trustee as qualified to value such unquoted investment;
- (c) cash, deposits and similar investments shall be valued at their face value (together with accrued interest) unless, in the opinion of the Manager, any adjustment should be made to reflect the value thereof;
- (d) the value of each unit, share or other interest in any Collective Investment Scheme which is valued as at the same day as the Sub-Fund shall be the net asset value per unit or share in such Collective Investment Scheme as at that day or, if the Manager so determines, or if such Collective Investment Scheme is not valued as at the same day as the Sub-Fund, the value of such interest shall be the latest available net asset value per unit, share or other interest in such Collective Investment Scheme;
- (e) notwithstanding the foregoing, the Manager may, with the consent of the Trustee, adjust the value of any investment if, having regard to currency, applicable rate of interest, maturity, marketability and other considerations it deems relevant, it considers that such adjustment is required to reflect the fair value thereof. The Trustee may also carry out regular independent valuation of the investments as it deems appropriate; and
- (f) the value of any investment (whether of a Security or cash) otherwise than in the Base Currency shall be converted into the Base Currency at the rate (whether official or otherwise) which the Manager shall deem appropriate in the circumstances having regard to any premium or discount which may be relevant and to costs of exchange.

#### **SUSPENSION OF DEALING OR DETERMINATION OF NET ASSET VALUE**

The Manager may, after giving notice to the Trustee, declare on the website maintained by the Manager for the Sub-Fund or through such other means as the Manager considers appropriate a suspension of dealing or the determination of the Net Asset Value of the Sub-Fund for the whole or any part of any period during which:

- (a) there is a closure of or the restriction or suspension of trading on any securities market on which a substantial part of the investments of the Sub-Fund is normally traded or a breakdown in any of the means normally employed by the Manager or the Trustee (as the case may be) in ascertaining the prices of investments or determining the Net Asset Value or the Issue Price or Redemption Price of a Unit;

- (b) for any other reason, the prices of investments held or contracted for by the Manager for the account of the Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained;
- (c) in the opinion of the Manager, it is not reasonably practicable to realize any investments held or contracted for the account of the Sub-Fund or it is not possible to do so without seriously prejudicing the interests of Unitholders of the Sub-Fund;
- (d) the remittance or repatriation of funds which will or may be involved in the redemption of, or in the payment for, the investments of the Sub-Fund or the subscription or redemption of any classes of Unit is delayed or cannot, in the opinion of the Manager, be carried out promptly at normal exchange rates; or
- (e) the CSI HK 100 is not compiled or published.

Upon declaration of the suspension by the Manager, the suspension shall take effect. During the suspension,

- (a) there shall be no dealing or determination of the Net Asset Value of the Sub-Fund;
- (b) the Manager shall have the absolute discretion to suspend an Application received prior to the suspension;
- (c) the Manager shall be under no obligation to rebalance the Basket(s) held by the Sub-Fund;
- (d) no Applications shall be made by the Participating Dealers;
- (e) no Units shall be created and issued or redeemed for the account of the Sub-Fund.

The suspension shall terminate (a) when the Manager, after giving notice to the Trustee, declares the suspension at an end, or (b) in any event on the day following the first Business Day on which the condition giving rise to the suspension ceases to exist; and no other condition under which suspension shall be declared exists.

As soon as reasonably practicable after the termination of suspension, the Manager shall publish a notice of such termination on the website maintained by the Manager for the Sub-Fund or through such other means as the Manager considers appropriate.

The Manager shall notify the SFC as soon as reasonably practicable upon any suspension of creation or redemption of Units, or the determination of the Net Asset Value of the Sub-Fund, and shall publish a notice of suspension immediately following such suspension and at least once a month during the suspension on the website maintained by the Manager for the Sub-Fund and in one leading Hong Kong English language and one Chinese language daily newspaper or through such other means as the SFC considers appropriate.

A Participating Dealer may at any time after a suspension has been declared and before termination of such suspension withdraw an Application submitted prior to such suspension not otherwise accepted by the Manager by notice in writing to the Manager and the Manager shall promptly notify the Trustee accordingly. If the Manager has not received any such

notification of withdrawal of such Application before termination of such suspension, the Trustee shall, subject to and in accordance with the provisions of the Trust Deed, create and issue Units or redeem Units in respect of such Application and such Application shall be deemed to be received immediately following the termination of such suspension.

### **SUSPENSION OF DEALING IN UNITS ON THE SEHK**

Dealing in Units on the SEHK, or trading on the SEHK generally, may at any time be suspended by the SEHK subject to any conditions imposed by the SEHK if the SEHK considers it necessary for the protection of investors or for the maintenance of an orderly market or in such other circumstances as the SEHK may consider appropriate.

The Manager shall publish any announcement on suspension of dealing in Units on the SEHK in accordance with the rules of the SEHK.

### **DISTRIBUTION POLICY**

In respect of the Sub-Fund, the Manager may in its discretion make distributions to Unitholders in each financial year as the Manager considers appropriate, having regard to the net income of the Sub-Fund. Distributions are not guaranteed and the Manager may in its sole and absolute discretion decide not to make any distributions in a financial year.

### **CHARGES AND EXPENSES**

For details of the amount of fees and charges currently applicable to the Sub-Fund, please refer to Appendix III.

#### **Management Fee and Servicing Fee**

The Manager is entitled to receive a management fee for the Sub-Fund calculated as a percentage of the net asset value of the relevant class of Units of the Sub-Fund. The management fee will be deducted from the assets of the Sub-Fund. The maximum management fee the Manager may levy shall be 2.0% per annum of the net asset value of the Sub-Fund.

In addition, the Manager is entitled to receive a servicing fee for the Sub-Fund calculated as a percentage of the net asset value of the Sub-Fund. The servicing fee will be deducted from the assets of the Sub-Fund. The maximum servicing fee the Manager may levy is 1% per annum of the net asset value of the Sub-Fund.

Both the management fee and servicing fee are calculated and accrue on each Dealing Day and are paid monthly in arrears.

The Manager may at any time decrease the rate of management fee or servicing fee in respect of any class of Units of the Sub-Fund. The Manager may also increase the rate of management fee or servicing fee payable in respect of any class of Units of the Sub-Fund (up to the maximum rate as set out above) on giving not less than three (3) months' notice of such increase to affected Unitholders and the Trustee.

### **Trustee Fee**

The Trustee is entitled to receive a trustee fee in respect of the Sub-Fund calculated as a percentage of the Net Asset Value of the relevant class of Units of the Sub-Fund. The Manager shall pay the trustee fee chargeable by the Trustee out of the management fees received by it.

In addition, the Trustee is entitled to (i) transaction and processing fees in accordance with its normal scales as agreed with the Manager; (ii) subject to the agreement between the Trustee and the Manager, all or any part of Application Cancellation Fee and Transaction Fee charged to a Participating Dealer; (iii) inception fee of US\$10,000 for the establishment of the Fund and a further inception fee of US\$2,500 for the Sub-Fund (such inception fees represent the fees of the Trustee and are not part of the establishment costs of the Fund or the Sub-Fund); and (iv) such other fees as may be permitted under the Trust Deed.

### **Other Charges and Expenses**

The Sub-Fund shall bear the costs set out in the Trust Deed which are directly attributable to it. Where such costs are attributable to the Sub-Fund and other sub-funds of the Fund, the Sub-Fund will bear such costs in proportion to its respective net asset value or in such other manner as the Manager shall consider appropriate. Such costs include, but are not limited to, the costs incurred in the establishment, structuring, management and administration of the Fund and its sub-funds, the costs of investing and realizing the investments of the sub-funds, the fees and expenses of custodians and sub-custodians of the assets of the Fund, the fees and expenses of the auditors, valuation costs, legal fees, the costs incurred in connection with any listing or regulatory approval, the costs of holding meetings of Unitholders, the costs and expenses of licensing the CSI HK 100 in connection with the Sub-Fund and the costs incurred in the preparation and printing of any prospectus, any audited accounts or interim reports which are sent to the Unitholders.

In addition, the Sub-Fund shall bear a due proportion of the costs and expenses incurred by the Manager and the Trustee in establishing the Fund. These costs and expenses are estimated to be approximately HK\$500,000 and may be allocated to the Sub-Fund and other sub-funds of the Fund on equal basis and amortized over the first accounting period of the Fund after consultation with the auditors of the Fund. In the event that any sub-fund is terminated prior to the expiry of the amortization period, the balance of unamortized expenses will be apportioned amongst the other remaining sub-funds on equal basis unless the Trustee and the Manager agree otherwise after consultation with the auditors of the Fund. The first accounting period of the Sub-Fund is from the close of the Initial Offer Period to 31 December 2008. Subsequent accounting periods of the Sub-Fund are from 1 January to 31 December of each year. In addition to the above, Unitholders may be required to pay any requisite governmental tax, stamp duty, registration fee, custody and nominee charges as may be required in the purchase or sale of the Units in the Sub-Fund. Fees payable by retail investors dealing in the Units on the SEHK are set out under the "Fees Payable by Participating Dealers and Retail Investors" section in Appendix III.

## 2. Selection of Constituent Securities

### Stock Universe

Inclusion in the stock universe for the CSI HK 100 is subject to all of the following conditions:

- (1) the security is a common stock or a real estate investment trust primarily listed on the SEHK (main board or growth enterprise market);
- (2) the security has been listed for more than 3 months in the most recent year unless the daily average total market value of the security since listing is ranked among top 10 among all Hong Kong securities;
- (3) the daily average closing price of the security in the most recent year is not less than HK\$0.10;
- (4) the daily average closing price of the security in the most recent year is not less than HK\$0.50 and earnings per share of the security according to its most recent annual report is not less than zero;
- (5) the daily average turnover ratio of the security in the most recent three months is not less than 0.1%; and
- (6) the security is not considered as inappropriate by the Index Advisory Committee.

### Selection Methodology

The selection methodology is as follows:

- (a) calculate the daily average trading value and daily average total market capitalization during the most recent year (or in case of a new issue, during the time since its initial listing) for all securities in the stock universe;
- (b) rank the securities in the stock universe in descending order according to their average daily trading values of the most recent year, and exclude the bottom 50%;
- (c) rank the remaining securities in descending order according to their average daily market capitalization of the most recent year and select those which rank top 100 as constituent securities of the CSI HK 100.

### 3. Calculation of the CSI HK 100

#### Calculation Method

The CSI HK 100 is calculated using the Paasche weighted composite price index formula as follows :

$$\text{Current index} = \frac{\text{current adjusted market cap of constituents}}{\text{base period}} \times 1000$$

Where: adjusted market cap =  $\Sigma$  (price x adjusted number of shares x weight cap factor). The adjusted number of shares is obtained through using the category-weighted method. The weight cap factor is between 0 and 1 and is applied at the time of index review to cap the weight of each constituent security at 10%.

The category-weighted method is as shown in the following table:

Negotiable Market Cap Ratio (%)	≤15	(15, 20]	(20, 30]	(30, 40]	(40, 50]	(50, 60]	(60, 70)	(70, 80)	>80
Inclusion Factor (%)	Nearest higher percentage point	20	30	40	50	60	70	80	100

Example: A security with a negotiable market cap ratio (negotiable market cap /total market cap) of 11.4%, which is below 15%, the inclusion factor would be taken as the nearest higher percentage point, i.e. 12%. A security with a negotiable market cap ratio of 35% will belong to category (30, 40], and the corresponding inclusion factor is 40%, i.e. 40% of total number of shares will be used for index calculation. The negotiable market cap means the proportion of market cap remaining after excluding the following non-negotiable shares from the total market cap : (a) long term holdings by founders, families, and senior executives; (b) Government holdings; (c) holdings by strategic investors; (d) frozen shares; (e) restricted employee shares; and (f) cross-holdings.

#### 4. Index Maintenance

The CSI HK100 is maintained using the “divisor adjustment methodology”. In the event of a change in the list of constituents or in a constituent’s structure, or a change in the market capitalization of a constituent due to non-trading factors, the old divisor is adjusted by means of the divisor adjustment methodology. The adjustment formula is as follows:

$$\frac{\text{adjusted market cap before divisor adjustment}}{\text{old divisor}} = \frac{\text{adjusted market cap after divisor adjustment}}{\text{new divisor}}$$

Where: “adjusted market cap after divisor adjustment” = adjusted market cap before divisor adjustment + increase (decrease) in adjusted market cap. The new divisor (i.e. the adjusted divisor, also known as the new base period) is obtained from this formula and is used to calculate the CSI HK 100.

Circumstances under which maintenance of the CSI HK 100 is required include the following:

- ex-right: when there are bonus issues, rights issues, stock splits or stock consolidation for a constituent stock, the CSI HK 100 is adjusted the day before the issuance;
- for other corporate events, such as secondary offering or the exercise of warrants, if the cumulative change of constituent stocks is greater than or equal to 5%, the CSI HK 100 is adjusted prior to the date of the change; if the cumulative change of constituent stocks is less than 5%, the adjustment will be implemented in the next regular review;
- suspension of trading: if a constituent stock is suspended from trading, its last trading price is used to calculate the CSI HK 100, until trading is resumed;
- change in capital stock: whenever a change occurs in the capital stock of a CSI HK 100 constituent (e.g. due to the issue of new shares, the listing of a rights issue, the listing of employee shares, etc.), the CSI HK 100 is adjusted on the day before the change;
- when there is a periodic adjustment or an ad hoc adjustment of the list of constituent stocks of the CSI HK 100, the CSI HK 100 is adjusted prior to the effective date of the change.

#### 5. Adjustment to Constituent Securities

##### *Periodic Adjustment*

- (1) In principle, the constituent securities of the CSI HK 100 are adjusted once every six months. The adjustment shall be implemented on the next trading day after the close of the second Friday in June and December each year.

- (2) The number of constituent securities to be adjusted will generally not exceed 10% each time. A buffer zone rule is adopted, with new securities ranking among the top 80 in the universe being given priority to be added to the CSI HK 100, and old constituent securities ranking among the top 120 being given priority to remain in the CSI HK 100.

#### *Ad Hoc Adjustment*

There will also be ad hoc adjustments to the constituent securities of CSI HK 100 under the following circumstances :

- a newly issued security meeting the conditions for inclusion in the security universe and is ranked among the top 10 securities on the SEHK in terms of market capitalization, which results in triggering the rule of accelerated addition to the CSI HK 100 : under the rules of accelerated addition, the security is added to the CSI HK 100 after the end of the 10<sup>th</sup> trading day following its listing, and that the stock ranked lowest among the existing CSI HK 100 constituent securities in terms of average daily market capitalization during the most recent year period is deleted at the same time. However, if a newly issued security meets the conditions for accelerated addition to the CSI HK 100 but there are less than 20 trading days between the time of its listing and the effective date of the next periodic adjustment to the CSI HK 100 constituents, then the rules of accelerated addition to the CSI HK 100 will not be triggered and the addition will take place during the periodic adjustment;
- a merger between two or more constituent companies : the security of the new, post-merger company will continue to qualify as a CSI HK 100 constituent, and the vacancy or vacancies occurring in the CSI HK 100 will be filled by the stock or stocks ranked at the top of the reserve list. The original constituents will remain in the CSI HK 100 until the security of the new company is added;
