### How much will you receive upon occurrence of a Mandatory Call Event?

A Mandatory Call Event occurs when the Spot Price is:

- (a) in the case of a series of callable bull contracts, at or below the Call Price; or
- (b) in the case of a series of callable bear contracts, at or above the Call Price,

at any time during the Observation Period.

“**Spot Price**” means:

- (a) in respect of a continuous trading session of the Stock Exchange, the price per Unit concluded by means of automatic order matching on the Stock Exchange as reported in the official real-time dissemination mechanism for the Stock Exchange during such continuous trading session in accordance with the Rules of the Exchange (“**Trading Rules**”), excluding direct business (as defined in the Trading Rules); and
- (b) in respect of a pre-opening session or a closing auction session (if applicable) of the Stock Exchange, (as the case may be), the final Indicative Equilibrium Price (as defined in the Trading Rules) of the Unit (if any) calculated at the end of the pre-order matching period of such pre-opening session or closing auction session (if applicable), (as the case may be), in accordance with the Trading Rules, excluding direct business (as defined in the Trading Rules),

subject to such modification and amendment prescribed by the Stock Exchange from time to time.

“**Observation Period**” means the period commencing from and including the Observation Commencement Date up to and including the close of trading (Hong Kong time) on the Trading Day immediately preceding the Expiry Date. “**Trading Day**” means any day on which the Stock Exchange is scheduled to open for trading for its regular trading sessions.

Subject to Product Condition 2.3(b), we must terminate our CBBCs upon the occurrence of a Mandatory Call Event, and you may receive an amount called the Residual Value (net of exercise expense) per Board Lot in Hong Kong dollars calculated by us in accordance with the following formula:

- (i) In the case of a series of callable bull contracts:

$$\text{Residual Value per Board Lot} = \frac{\text{Entitlement} \times (\text{Minimum Trade Price} - \text{Strike Price}) \times \text{one Board Lot}}{\text{Number of CBBCs per Entitlement}}$$

where:

“**Minimum Trade Price**” means the lowest Spot Price of the Units (subject to any adjustment to such Spot Price as may be necessary to reflect any event as contemplated in Product Condition 3 such as capitalisation, rights issue, distribution or the like) during the MCE Valuation Period (being the period commencing from and including the moment upon which the Mandatory Call Event occurs and up to the end of the following trading session on the Stock Exchange subject to any potential extension);

- (ii) In the case of a series of callable bear contracts:

$$\text{Residual Value per Board Lot} = \frac{\text{Entitlement} \times (\text{Strike Price} - \text{Maximum Trade Price}) \times \text{one Board Lot}}{\text{Number of CBBCs per Entitlement}}$$

where:

“**Maximum Trade Price**” means the highest Spot Price of the Units (subject to any adjustment to such Spot Price as may be necessary to reflect any event as contemplated in Product Condition 3 such as capitalisation, rights issue, distribution or the like) during the MCE Valuation Period (being the period commencing from and including the moment upon which the Mandatory Call Event occurs and up to the end of the following trading session on the Stock Exchange subject to any potential extension).

If the Residual Value (net of exercise expense) is at or below zero, you will lose all your investment in the CBBCs.

### How much will you receive at expiry?

If no Mandatory Call Event occurs during the Observation Period, the CBBCs will be automatically exercised on the Expiry Date. You will receive a Cash Settlement Amount (net of exercise expense) per Board Lot in Hong Kong dollars calculated by us in accordance with the following formula:

(a) In the case of a series of callable bull contracts:

$$\text{Cash Settlement Amount per Board Lot} = \frac{\text{Entitlement} \times (\text{Closing Price} - \text{Strike Price}) \times \text{one Board Lot}}{\text{Number of CBBCs per Entitlement}}$$

(b) In the case of a series of callable bear contracts:

$$\text{Cash Settlement Amount per Board Lot} = \frac{\text{Entitlement} \times (\text{Strike Price} - \text{Closing Price}) \times \text{one Board Lot}}{\text{Number of CBBCs per Entitlement}}$$

For the avoidance of doubt, if the Cash Settlement Amount is a negative figure, it shall be deemed to be zero.

“**Closing Price**” means the official closing price of one Unit (as derived from the daily quotation sheet of the Stock Exchange, subject to any adjustments to such closing price as may be necessary to reflect any event as contemplated in Product Condition 3 such as capitalisation, rights issue, distribution or the like) as of the Valuation Date.

### Listing of the CBBCs

## IMPORTANT INFORMATION

### *Unsecured nature of the CBBCs*

The CBBCs constitute our general unsecured contractual obligations and of no other person. You are relying upon our creditworthiness and have no rights under the CBBCs against any trustee or manager of any Trust. If we become insolvent or default on our obligations under the CBBCs, you may not be able to recover all or even part of the amount due under the CBBCs (if any).

### *Issuer*

We are a licensed bank regulated by, among others, the Hong Kong Monetary Authority.

Our credit ratings are:

<i>Rating Agency</i>	<i>Rating as of Launch Date</i>
Moody's Investors Service Inc.	A3 (negative outlook)
S&P Global Ratings	A (negative outlook)

### *Investment risk*

The price of the CBBCs may fall in value as rapidly as it may rise and you may sustain a total loss of your investment. If the Cash Settlement Amount payable at expiry or upon the occurrence of a Mandatory Call Event (as the case may be) is less than or equal to zero, you will lose all of your investment in the CBBCs.

We or the Liquidity Provider may be the only market participant for the CBBCs. The secondary market for the CBBCs may be limited.

You must:

- carefully study the risk factors set out in the relevant Listing Documents;
- fully understand the potential risks and rewards and independently determine whether the CBBCs are appropriate for you given your objectives, experience, financial and operational resources, and other relevant circumstances; and
- consult with such advisers as you deem necessary to assist yourself in making these determinations.
