Our talent 我們的人才

Developing talent

We are committed in developing a capable team. As a company that provides IT solutions, the skills and knowledge of our employees are closely linked to the quality of what we deliver, client satisfaction and sustainability of our business. Under our Training Program, employees are regularly provided with opportunities to attend formal training programs that benefit their career developments, including overseas training opportunities.

We encourage continuing education. To incentivize our employees to take role-related trainings and qualification assessments organized by external parties, we offer financial sponsor as stated in our “Education Subsidy Policy”. The response has been overwhelming. In 2016, some of our technical employees have awarded the Microsoft Certified Solutions Associate Certificate. Some administrative employees took part in trainings offered by the HKU SPACE, The Chamber of Hong Kong Listed Companies (“CHKLC”), and The Hong Kong Institute of Directors (“HKIoD”) on corporate finance, corporate governance, and regulatory requirements. Others have attended soft skills training such as managerial skills. This reporting year alone, we have subsidized over HK\$120,000 to support our employees to attend over 1,000 hours of training.

Learning forum

Talents grow together by exchanging knowledge. “Learning Forums” are organized for employees in the different technical teams to exchange their knowledge. Selected employees meet regularly at the forum, and discuss any job-related topics. The latest news of the IT industry, new knowledge acquired and client serving experiences are discussed in the forums. By facilitating such interaction, employees are inspiring one another.

人才發展

我們致力發展幹練的團隊。作為提供資訊科技解決方案的公司，我們僱員的技能及知識，與本公司產品及服務質素，客戶滿意度及業務可持續性息息相關。根據我們的培訓計劃，僱員可定期參與專業培訓，包括海外培訓機會，有助其事業發展。

我們鼓勵持續教育。為了鼓勵僱員參加由外界舉辦並與其職銜相關的培訓課程及資歷評審，我們按照「教育資助政策」提供財政津貼，僱員反應非常熱烈。於二零一六年，我們的部分技術僱員獲得微軟認證解決方案技術師證書。部分行政僱員參加香港大學專業進修學院、香港上市公司商會及香港董事學會舉辦的企業財務、企業管治及規管要求培訓課程。其他僱員則參加管理技巧等軟技能培訓課程。僅在本報告年度，我們已提供超過120,000港元的資助，支持僱員參與超過1,000小時的培訓。

學習論壇

知識交流推動人才共同成長。我們為各技術團隊的僱員組織「學習論壇」，交流知識技能。個別人員定期於論壇聚會並討論各類工作相關話題。資訊科技業最新消息、掌握的新知識及客戶服務經驗等亦在論壇討論之列。透過推動上述互動交流，僱員得以相互啟迪，獲益良多。

A structured orientation training is provided to new joiners for a smooth and quick adaptation to the new working environment. The orientation training covers an introduction to our values, business operations and employee rights.

Promoting health and safety

Health and well-being of our employees at work is a priority to us. A “Health and Safety Policy” has been formulated to govern the management of employee health and safety. Where our employees work in offices and with display screen of computers, our major focus on maintain workplace health and safety include maintaining a good housekeeping, promoting work ergonomics with display screens, and keeping the workplace adequately ventilated by fresh air. The policy is well communicated to our employees, who embrace ownership for their own safety and for visitors. To treat minor injury incidents at office, sufficient first aid facilities have been provided.

Clear evacuation maps with location of fire extinguishers are posted at prominent locations in our offices for emergency response. Exit signs are illuminated at all time, and we conduct regular inspections to ensure the evacuation routes are cleared.

Our health and safety performance is satisfactory during the reporting year. Zero fatalities were recorded among our employees. There was one work-related injury resulting in a total lost of 40 business days during the year. This has, however, not caused any significant impact to our productivity.

我們亦為新僱員提供系統化的入職培訓，令彼等順利及快速地適應新的工作環境。入職培訓涵蓋有關本公司價值觀、業務營運及僱員權利的簡介。

推廣健康及安全

僱員的健康與福祉是我們的首要考慮因素。我們已制訂「健康與安全政策」以規管僱員健康及安全管理。鑒於我們的僱員主要在辦公室內面對電腦顯示屏幕工作，因此在促進辦公室的健康及安全方面，我們重點關注保持室內整潔、推廣採用人體工學顯示屏幕，以及確保辦公室有充足的新鮮空氣流通等。我們已向僱員清楚說明有關政策，而彼等亦有責任維護自身及訪客的安全。我們已提供充足的急救設備，為在辦公室發生輕傷的僱員提供及時救治。

我們在辦公室顯眼位置張貼標註滅火器存放位置的清晰火警疏散圖，以作緊急應變。其出口標誌亦作長期照明，並會定期檢查緊急疏散通道，以確保逃生路線暢通無礙。

於本報告年度，我們的健康及安全表現令人滿意，並無僱員死亡記錄。儘管在年內有一宗因工受傷事故而導致我們損失了40個工作天，但並無對我們的生產能力造成任何重大影響。

Our responsibilities 我們的責任

We have dedicated customer service teams to take care our clients' needs by providing professional and high quality support. Hotlines are set up to allow clients to reach us directly to make enquiries or complaints. It is our target to respond to our clients and resolve their issues in a timely manner.

Upholding ethical conduct

We do not tolerate any corrupt practices. To mitigate bribery and corruption risk, we have outlined our operating principles in our "Code of Business Conduct Policy". The policy provides guidance on the appropriate practice when dealing with our suppliers, contractors, business partners and other external parties. Our expectations to conduct of employees have been well stated in the Employee Handbook. In 2016, we have invited an instructor from the Independent Commission Against Corruption to deliver an anti-corruption training at our office. 89 employees attended the training.

Under our "Whistleblowing Policy", we offer anonymous whistleblowing channels for our employees to report any suspected case of misconduct. All reports will be brought to our internal auditor for investigation, which is overseen by C&T's Audit Committee.

No confirmed corruption-related incidents were recorded in our operations in 2016.

Protecting IP rights and data privacy

Our "Code of Business Conduct Policy" sets our basic principles to guide our behaviors and practices when conducting business to ensure the compliance of local law and regulation. The policy commits us and our employees to maintain a high standard of integrity and ethics.

The policy requires our employees respect and protect intellectual property rights in our day-to-day operation. This includes the careful handling and usage of trade secrets, patents, trademarks and copyrights, as well as business, marketing and service plans, engineering ideas, design and databases.

秉持道德操守

我們不容忍任何舞弊行為。為減低賄賂及舞弊風險，我們制訂「業務操守政策守則」，說明我們的營運宗旨。政策針對與供應商、承辦商、業務夥伴及其他外聘方進行交易的適當做法提供指引。至於我們對僱員操守的期望，已清楚載列於僱員手冊。於二零一六年，我們曾邀請香港廉政公署的指導員前往我們的辦公室提供反貪培訓，共有89名僱員出席。

根據我們的「舉報政策」，我們為僱員提供匿名告密渠道，以舉報任何可疑的違反操守事件。所有舉報將交予內部核數師調查，並由科聯的審核委員會全程監督。

於二零一六年的業務營運中，本公司並無發生任何經證實的舞弊相關事件。

保護知識產權及資料私隱

我們的「業務操守政策守則」列明我們的基本原則，就我們進行業務的行為及做法提供指引，確保遵守本地法律及規定。政策確保本公司及僱員維持高度誠信和道德操守。

政策規定我們的僱員須於日常營運中尊重及保護知識產權，包括謹慎處理及使用商業秘密、專利、商標及版權，以及業務、市場推廣及服務計劃、設計概念、設計和數據庫。

As we are often entrusted with trade secrets or proprietary information of clients, protecting confidential information is a high priority for an IT company like us. By establishing a stringent "Information Security Policy", we minimize any risk of information leakage. We require each and every employee to follow the guidance outlined in our policy. It clearly states that employees who have access to or are in control of such information have the full responsibility to protect the information from unauthorized disclosure or use. In 2016, we are compliant with the Personal Data (Privacy) Ordinance and there is no incident of information leakage.

Our relationship with the environment

As a socially responsible citizen, we are concerned about the quality of the environment. While conducting business, we strive to minimize our impact to the environment. Our determination to promote environmental well-being is reflected in the introduction of our "Environmental Policy". The policy documents our commitment to protecting the environment, minimizing the environmental impact of our business operation, and promoting sustainability through our solutions. On top of complying with the relevant legislation and regulatory requirements, the policy offers guidance for our management and staff to follow in the daily operations. It touches upon our environmental strategies in energy conservation, greenhouse gas emissions reduction, waste minimization and green purchasing. This Policy is available to all personnel in C&T and it will be updated regularly.

In 2016, we were compliant with all applicable environmental regulations.

由於客戶經常委託我們處理商業秘密或專有資料，對我們這一類資訊科技公司而言，資料保密工作為首要重任。透過建立嚴格的「資料保密政策」，我們可盡量減低任何資料外洩的風險。我們規定每名僱員須根據我們政策中的指引行事，當中清楚列明有權取得或控制有關資料的僱員須全權負責保護資料免遭未經授權披露或使用。於二零一六年，我們完全遵守個人資料（私隱）條例，且並無任何資料外洩事件。

我們與環境的關係

身為善盡社會責任的公民，我們密切關注環境質素。在進行業務時，我們努力降低對環境的影響。我們制訂的「環保政策」彰顯我們提高環境質素的決心。政策表明我們致力於環境保護，盡力減低業務營運對環境的影響，以及透過我們的解決方案推動可持續發展的決心。除遵守相關法例及監管要求外，政策亦為我們的管理層及僱員提供日常營運指引，其中包括我們在節能、減少溫室氣體排放、減少廢物及綠色採購方面的環保政策。政策可供科聯全體僱員查閱，並定期更新。

於二零一六年，我們已遵守所有適用環保規例。

Our environment

我們的環境

Providing environmental solutions for customers

One of the important components in our “Environmental Policy” is our solution offerings that promote sustainability. With our vision “To build a better world with Information Technology”, we have developed IT solutions that can help our clients to enhance their environmental performance.

Our e-tendering solution is one of the notable examples. We have delivered the Internet-based e-tendering system for clients to process activities including tender requisition, requests for quotation and proposal. While streamlining the tendering process and increasing the cost-effectiveness in procurement expenditure, the electronic system allows our clients to go paperless. Our IT solution therefore can benefit the efficient use of material and reduce the reliance to natural resources.

我們的電子投標解決方案為其中一個重要範例，為客戶提供網上電子投標系統以進行業務，包括徵集投標、要求報價及提交建議書。在精簡投標程序及提高採購開支成本效益的同時，電子系統更可讓客戶實行無紙化營運。因此我們的資訊科技解決方案有助善用物料，並減少對天然資源的依賴。

The ePROS e-tender system of Airport Authority Hong Kong (“AA”) is a green procurement initiative developed by C&T for reducing paper consumption and processing time in AA’s procurement management. Since its launch in 2015, the ePROS has helped reduce paper consumption of over hundred thousand pieces and carbon emission generated by document transportation to achieve environment-friendly procurement process.

香港機場管理局(「機管局」)的ePROS電子招投標系統，是由科聯開發的綠色採購系統，用以減省機管局採購過程中的耗紙量及處理時間。自二零一五年推出以來，ePROS電子招投標系統已協助機管局減少逾十萬份紙張應用及運送文件過程中的碳排放，以達至環保節能的採購程序。

為客戶提供環保解決方案

我們所提供之可持續發展解決方案乃「環保政策」的重要組成部分。以「善用資訊科技 構建美好世界」為願景，我們已開發各種資訊科技解決方案幫助客戶提升環保表現。

Another example that help clients to reduce their environmental impacts is our flagship software product, VITOVA. It is a document management software that allows our clients to share and access documents through the internet anytime, anywhere and with any interface. By helping our clients to digitalized and managed documentation efficiently, the software has also enabled our clients to achieve a paperless work environment.

另一款可幫助客戶減少對環境影響的產品，是我們的旗艦軟件產品VITOVA。作為一個企業信息管理軟件，VITOVA可讓客戶隨時隨地以任何界面透過互聯網分享及讀取文件，幫助客戶將文件數碼化及作出有效管理，該軟件亦有助客戶營造無紙工作環境。

Construction Industry Council entrusted C&T to integrate its three cycles of training management operation, recruitment, training and placement, into one single e-platform that runs for sustainability. This transforms its paper-based and semi-automated management processes to reduce paper consumption and improve efficiency and data accuracy.

建造業議會委託科聯將其招聘、培訓與就業三大範疇整合為一個電子平台，作持續發展。轉型後，過往使用紙張進行的半自動化程序得以改進，耗紙量下降，而效率及數據準確性亦得以提高。

Our efforts in improving environmental performance

On the other hand, we have implemented a number of initiatives in our Hong Kong office to improve our environmental performance. Focusing on paper and energy consumption, our “Green Guidelines” serve as an operational manual for our employees to follow. We encourage our staff to cut their paper use by communicating through emails, utilizing draft paper and printing on both sides. We further reduce avoidable paper consumption by adopting pull printing. Used toners are returned to our suppliers for recycling. For hazardous waste, we dispose of them with reference to relevant guidelines to ensure compliance.

Apart from paper recycling, our office also places recycling bins to collect used metal, plastic and batteries.

除廢紙回收外，我們的辦公室亦擺放回收箱，收集報廢的金屬、塑膠及電池。

In terms of energy conservation, we attempt to avoid unnecessary consumption. Our staff are reminded to switch off lights, air-conditioning system and all the electronic devices after use or work. We have also put in place a time zone system for lighting where all non-essential lights in the public areas are turned off after 6pm on working days. A time switch on power supply is further applied to our water and beverage dispensers to reduce energy wastage. Taking part in the government’s Energy Saving Charter on “No ILB” (incandescent light bulbs), we have replaced traditional fluorescent tubes and light bulbs with energy-efficient LED, and T5 fluorescent tubes. We have also retired less energy-efficient electronic appliances for more efficient ones in our Hong Kong office. If our staff foresee the use of air-conditioning in the office at weekend, they are required to obtain their division heads’ approval. These initiatives have enhanced our office’s energy performance.

Despite less significant to our operation, we look into measures to reduce our water use. We have installed water-saving devices and regularly examined the water pipes in our office to prevent from leakage. By adopting these eco-friendly practices in our operation, we strive for a greener future.

我們致力改善環保表現

另一方面，我們已於香港辦公室實施若干措施以改善我們的環保表現。我們為僱員提供「綠色指引」手冊，著重於管理紙張及能源消耗。我們鼓勵僱員透過電子郵件溝通、善用草稿紙及雙面打印以節省紙張使用。我們採用截取打印的方式進一步減少可避免的紙張消耗。經使用的碳粉匣會交由供應商回收。至於處理危險廢物方面，我們會參考相關指引以確保合規。

就節約能源而言，我們會盡量避免不必要的消耗，例如提醒僱員在使用後或下班時關掉照明、空調系統以及所有電子設備。辦公室照明亦已安裝定時開關，於公共空間的所有非必要照明均會於工作日下午六時後熄滅。食水機及飲料裝置亦已安裝了定時開關以減少浪費能源。我們已參與政府的「不要鎢絲燈泡節能約章」，以較具能源效益的LED燈及T5光管取代傳統光管及燈泡。我們於香港的辦公室亦已採用更具能源效益的電器，以取代能源效益較低的裝置。倘我們的僱員預期須於週末使用空調系統，須先取得部門主管的批准。以上措施均有助提升我們辦公室的節能績效。

儘管耗水量對我們業務運作的影響較少，我們亦不斷尋求減少使用食水的措施。我們已安裝節水裝置並定期檢測辦公室的水管以預防滲漏。我們已經在業務運作中採取上述環保措施，希望為綠色未來略盡綿力。

Our environment 我們的環境

Monitoring different environmental metrics allows us to continuously improve the environmental performance of our operation. We have been keeping track of our electricity and water consumption, paper use and carbon emissions. The data are useful for us to review our environmental performance and devise improvement measures.

我們會監察不同的環保指標，以便持續改善我們業務營運中的環保表現。我們一直密切監察我們的電力及食水消耗、用紙及碳排放情況。數據有助我們檢討環保表現及制定改進措施。

In small quantities, we are phasing out unwanted electronic products. For any electronic waste generated from our Hong Kong office, they are sold to qualified electronic waste recyclers.

我們正逐步少量淘汰不必要的電子產品。香港辦公室所棄置的任何電子廢物，均會出售予合資格電子廢物回收商。

Raising our employees' awareness of the importance of environmental protection is also essential to realize our environmental commitment. Other than inviting our employees to participate in the aforementioned initiatives, we disseminate "Green Guidelines and News" regularly through our intranet and email system to promote environmental protection.

提高僱員對環保重要性的認知，對實現我們的環保承諾亦至關重要。除邀請我們的僱員參與上述措施外，我們亦定期於內聯網及電郵系統發放「綠色指引及最新消息」，以宣揚環保理念。

Our green procurement practices

Our commitment to the environment can also be observed in our procurement practices. We purchase electronic and paper products to support our operation. These products exert environmental impact throughout their life-cycles. This urged us to develop our Green Procurement Policy, which governs the purchasing practices in our day-to-day business. We prefer purchasing products that have an energy label and are compliant with Restriction of Hazardous Substances Directive (RoHS) of Europe. As a way of saving cost, the Policy also encourages our staff to purchase products with less packing and greater durability. The Green Procurement Policy is reviewed regularly to ensure it meets our needs and legal requirements.

我們的綠色採購常規

我們對環境的承諾亦可從我們的採購常規中體現。我們需購買電子及紙張產品支援我們的業務運作，而此等產品在其生命週期中會對環境造成影響。受此推動，我們訂立綠色採購政策，規管我們於日常業務中的購買常規。我們傾向購買附有能源標籤及合乎歐洲危害性物質限制指令的產品。為節省成本，政策亦鼓勵僱員購買較少包裝及更耐用的產品。綠色採購政策會定期檢討以確保其符合我們的需要及法律規定。

² Electricity consumption report included electricity consumed by central air-conditioning, lighting and other electrical devices in our Hong Kong office.

² 電力消耗報告內容包括香港辦公室中央空調、照明及其他電子設備所消耗的電力。

³ We are accounting for Scope 2 carbon emission (indirect emission from consumption of purchased electricity) only. Our operation involves insignificant direct emission from consumption of vehicle fuels. According to the Sustainability Reports published by HK Electric, the carbon footprint per kWh of electricity sold in 2015 and 2016 were 0.78kg and 0.79kg, respectively.

³ 我們僅計入範圍2碳排放(使用已購買電力所產生的間接排放)。我們的業務營運涉及使用汽車燃油所產生的少量直接排放。根據港燈公佈的可持續發展報告，二零一五年每已售千瓦時電力的碳足跡為0.78公斤，而二零一六年則為0.79公斤。

As a company committed to bringing a better future for the society, we are attached to our social responsibilities. We believe that business success is not measured only by how much a company can gain but also the efforts it pays to give back to the community. Through a wide variety of charitable and fund-raising activities, we take the initiative to help those in need, particularly the disabled and elderly. While giving our care to the community, these experiences are rewarding to our staff volunteers.

Our contribution to community

We took part in a number of charitable activities in 2016, including Oxfam Rice Event 2016 by Oxfam Hong Kong, and Sowers Action Challenging 12 Hours Charity Marathon 2016 by Sowers Action. On top of supporting social purpose organizations, we have participated in activities organized by green organizations, such as Elderly Organic Community Garden by Produce Green Foundation.

Besides taking part as event participants, we encourage our staff to reach out to the community as volunteers. We have volunteered for the flag-selling day by Fu Hong Society. We have also joined the Hong Kong Movie Star Sports Association Charities Limited in their elderly visits during festivals. In 2016, our employees devoted 339 volunteering hours for the betterment of the society.

本公司致力於為社會塑造更美好的未來，重視切實履行企業社會責任。我們相信，業務上的成就並非單以公司盈利為標準，亦須視乎企業在回饋社區方面的努力。透過各類慈善及籌款活動，我們主動地幫助有需要人士，尤其是殘障及長者。對我們的義工團隊而言，上述活動不但可向社區傳遞關愛，亦是難能可貴的經驗。

我們對社區的貢獻

我們在二零一六年參與多項慈善活動，包括香港樂施會舉辦的「樂施米2016」及苗圃行動舉辦的「苗圃挑戰12小時慈善越野馬拉松2016」。在支持社會服務組織以外，我們亦參與環保機構舉辦的各項活動，例如綠田園基金舉辦的「金耆•友伴行」。

除了積極參與活動外，我們鼓勵僱員踏入社區做義工。我們的義工曾參與扶康會賣旗日及香港影視明星體育協會慈善基金在節日舉辦的探訪長者活動。我們的僱員在二零一六年有關社會公益的義工服務時數達339小時。

Our community 我們的社區

科聯員工參與「苗圃挑戰12小時慈善越野馬拉松2016」，籌款幫助中國弱勢或殘疾學童就學。
3. Our employees and their families visited and spent time with seniors in the mid-autumn festival.

4. To support underprivileged individuals in our society, our employees and their families participate The 13th Charity Walkathon organized by Fu Hong Society.
為支持社會上的弱勢人士，我們的員工與家屬參與扶康會第十三屆「甜蜜心連心」步行籌款。

In addition to participating fund-raising activities, we support good cause and the needy through donations. In 2016, we donated close to HK\$16,000. We hope our contribution can foster Hong Kong's social integration and promote the environmental quality.

除了參與籌款活動外，我們透過捐款支持公益及有需要人士。二零一六年的捐款額接近16,000港元。我們希望透過慈善義舉造福社區，推動香港社會共融並改善環境質素。

Our business as a pioneering IT employer also allows us to give back to our community other than using these conventional ways. In 2016, we were invited by the HKU Graduate Association Education Foundation to provide career advice to secondary school students in the "Life & Career Education Forum 2016". Two of our managements delivered presentations at the forum where they gave an introduction of the IT industry and the possible career opportunities. Hoping to guide and inspire students in their career planning, they have also led a workshop to answer and discuss with students their thoughts and queries. Besides, we have been taking part in the 2016/17 Life & Career Education Mentorship Project, where our mentoring staff share with the participating students their personal experiences and career advice in hope of helping the students to create their future.

作為資訊科技界的先驅，我們亦可透過非傳統方式回饋社會。在二零一六年，香港大學畢業同學會教育基金邀請我們出席「2016人生及事業教育論壇」，向中學生提供就業意見。本公司兩名管理層成員在論壇發表演說，介紹資訊科技業的情況及就業機會，指導及啟發學生展開就業規劃，並主持工作坊探討及解答學生的意見和提問。此外，我們參與「2016/17人生及事業學長計劃」，由僱員以學長身份分享個人經驗及就業意見，協助學生創建未來。

Our community 我們的社區

Our efforts in community work have been well-received. Besides receiving certificates of appreciation from the charitable organizations, since 2014, we have been recognized as a Caring Company by the Hong Kong Council of Social Service with our dedication in community involvement and commitment to social responsibility. Looking ahead, we will continue to arrange more social and charitable activities to benefit the wider community and those in need.

我們對社區工作的努力備受好評。除了屢獲慈善團體頒發感謝狀之外，我們自二零一四年起也獲得香港社會服務聯會的「商界展關懷」嘉許，表揚我們熱心參與社會公益，肩負社會責任。我們在未來將繼續安排更多社會公益及慈善活動，協助社會上各階層有需要人士。
