#### FINANCIAL PERFORMANCE

The revenue of the Company and its subsidiaries (collectively "**Group**") for the year ended 31 July 2017 was HK\$264,119,000 (2016: HK\$313,217,000) and the gross profit of the Group was HK\$169,092,000 (2016: HK\$186,834,000).

The retail environment of the "Garment and Related Accessories Business" segment with bases in Hong Kong and Macau was gloomy in the year ended 31 July 2017. The segment revenue slumped by 20% to HK\$208,811,000 (2016: HK\$259,438,000) with a loss of HK\$57,081,000 (2016: HK\$49,560,000). The increase in loss amid a drop of revenue was mitigated by the tight cost control and improvement in operational efficiency.

The rental revenue generated by the "Property Investment and Letting Business" segment was HK\$55,308,000 for the year ended 31 July 2017 (2016: HK\$53,779,000). As the ambience of the property market resumed its momentum after the last year's consolidation, the fair value gains on investment properties increased significantly to HK\$114,721,000 as at 31 July 2017 (2016: HK\$39,444,000).

Having taken into account the results of the two business segments above with the share of profit of an associate of HK\$9,852,000 (2016: HK\$2,843,000) and the exchange loss arising on translation of foreign operations of HK\$1,988,000 (2016: HK\$11,388,000), the total comprehensive income attributable to the owners of the Company was HK\$86,130,000 for the year ended 31 July 2017 (2016: expense of HK\$10,933,000).

#### FINAL DIVIDEND

The board of directors of the Company ("**Board**") has resolved not to recommend the payment of a final dividend for the year ended 31 July 2017 (2016: Nil).

#### **OPERATIONS IN HONG KONG AND MACAU**

Though the recent governmental statistics showed glimmers of recovery in the retail sector, the "Garment and Related Accessories Business" segment faced difficulties in the year ended 31 July 2017.

Following the appreciation of United States dollars from November 2016 to February 2017, spending more "expensive" Hong Kong currency, under the pegging system, became less attractive to both Hong Kong and overseas customers. Coupled with the factors of an early Lunar New Year and a pretty warm weather during the winter time, it dampened the sales of winter merchandises with high margins of the "Garment and Related Accessories Business" segment in the traditional golden retail period.

To pare the above adversities, the Group continued to enhance its operational efficiencies. The Group has reorganised its shop portfolio and enhanced the ratio of sales-to-rent through bargaining with the landlords upon lease renewals. As at 31 July 2017, the Group operated 18 (2016: 21) shops for Crocodile line and 8 (2016: 6) shops for Lacoste line. The Group has also streamlined the back-office structure and workflow to rein the overheads.

On the other hand, the Group rationalised its merchandise mix to cater for the changes in market appetite as a result of tourist weighting shifted from the Mainland of China ("**Mainland**") to other regions, such as Southeast and Northern Asia.

The "Property Investment and Letting Business" segment generated rental revenue of HK\$55,308,000 (2016: HK\$53,779,000) for the year ended 31 July 2017 and the fair value gains on investment properties were HK\$114,721,000 as at 31 July 2017 (2016: HK\$39,444,000).

#### **OPERATIONS IN THE MAINLAND**

Against the backdrop of rapidly changing consumer habits and economic conditions in the Mainland for the recent years, the "Garment and Related Accessories Business" segment had gone through an erratic and choppy period. Accordingly, the Group has implemented an overwhelming sales channel restructuring. Non-performing shops have been closed, and the franchisee network and e-commerce platforms have been reorganised. As at 31 July 2017, there were a total of 16 (2016: 41) shops in the Mainland, including self-operated shops of 3 (2016: 7) and those operated by the Group's franchisees of 13 (2016: 34). The revenue from this segment was decreased to HK\$11,830,000 for the year ended 31 July 2017 (2016: HK\$40,507,000). To counter the negative side-effect of transforming the sales framework, the Group had simplified its product mix and design to strengthen the procurement flow and shorten the inventory turnover period.

Benefitting from the licensing of the prestige brand "Crocodile" in the Mainland, royalty income of over HK\$20 million was generated for the year ended 31 July 2017 and was the major other income.

#### PROSPECTS

The worldwide economic condition remains challenging. Any trade confrontations between the United States and the Mainland, the world's top two economies, will hit the global economic growth and the consumer sentiment severely. The Group's "Garment and Related Accessories Business" segment will suffer from the plunge in spending desires of Hong Kong local people and visitors. The shrinking in its massive balance sheet by the United States Federal Reserve and the tapering of stimulus measures of the European Union will stifle the fuel for property and financial markets and cause a downside adjustment in the values of investment properties and financial assets held by the Group. Consequentially, the performances of the Group's segments on "Property Investment and Letting Business" and "Others" will deteriorate. Moreover, the geopolitical tension in Northeast Asia, the lingering doubt on debt default by the United States government, and the possible hard Brexit could result in far-reaching and enormous rippling effects, to name but a few lurches which could shake the whole world unexpectedly.

To overcome the hurdles in front of the "Garment and Related Accessories Business" segment, the Group will adhere to its long-term strategy of fortifying "Crocodile" as a premier brand by developing high value-formoney merchandises of distinctive functionalities and personalities. In the medium-term strategy, the Group pursues to orchestrate the sales network to magnify operational efficiency and streamline the supply chain to restrain the inventory level.

Having the supply of office premises in Eastern Kowloon, Hong Kong accelerated recently, the Groups' rental income will be under pressure. The Group will improve the leasing potential of its investment properties to optimise the rental income of its "Property Investment and Letting Business" segment.

Encountering the drainage of liquidity emanated from the United States and European Union, the Group will cautiously manage the investment portfolios of its "Property Investment and Letting Business" and "Others" segments to monitor the risk exposure.

The Group will also solidify its financial capability to maintain its vibrancy under any mind-bogging complexities of the volatile international capital markets.

#### **CONTINGENT LIABILITIES**

As at 31 July 2017, the Group had no material contingent liabilities.

# LIQUIDITY, FINANCIAL RESOURCES, FOREIGN EXCHANGE RISK EXPOSURE, GEARING, CHARGES ON ASSETS AND CAPITAL COMMITMENTS

The Group's financing and treasury activities are centrally managed and controlled at the corporate level. The main objective is to utilise the funding efficiently and to manage the financial risks effectively.

The Group maintains a conservative approach in treasury management by constantly monitoring its interest rates and foreign exchange exposure. Except for financial assets at fair value through profit or loss, letters of credit and trust receipt loans, the Group has not employed other financial instruments for the year ended 31 July 2017.

# LIQUIDITY, FINANCIAL RESOURCES, FOREIGN EXCHANGE RISK EXPOSURE, GEARING, CHARGES ON ASSETS AND CAPITAL COMMITMENTS (continued)

The Group mainly earns revenue and incurs cost in Hong Kong dollars, Renminbi and United States dollars. The Group considers the impact of foreign exchange risks is not significant as the Group will consider the foreign exchange effect of the terms of purchase and sale contracts dealt with foreign enterprises and will not bear unforeseeable foreign currency exchange risks.

Cash and cash equivalents held by the Group amounted to HK\$125,908,000 as at 31 July 2017 (2016: HK\$152,787,000) and were mainly denominated in Hong Kong dollars and Renminbi. The pledged bank deposits of approximately HK\$14,199,000 (2016: HK\$4,367,000) represent deposits pledged to banks to secure margin loans and are therefore classified as current assets. The cash and cash equivalent denominated in Renminbi as at 31 July 2017 were equivalent to HK\$33,035,000 (2016: HK\$33,839,000) which is not freely convertible into other currencies. However, under the Mainland's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange Renminbi for other currencies in respect of approved transactions through banks authorised to conduct foreign exchange business.

As at 31 July 2017, the total outstanding borrowings including margin loans of the Group amounted to HK\$599,076,000. The total outstanding borrowings comprised secured short-term bank trust receipt loans of HK\$11,211,000, secured bank mortgage loan of HK\$23,447,000, secured margin loans of HK\$11,588,000, secured long-term bank loan of HK\$253,320,000 and secured short-term bank revolving loans of HK\$299,510,000. Short-term bank loans were repayable within a period not exceeding one year. The secured bank mortgage loan above was repayable by instalments with its current portion of HK\$2,656,000 repayable within one year and long-term portion of HK\$20,791,000 repayable in the second to eleventh years.

Interest on bank borrowings is charged at floating rates. All the bank borrowings of the Group are denominated in Hong Kong dollars. No financial instruments for hedging purposes were employed by the Group for the year ended 31 July 2017.

As at 31 July 2017, the Group had mortgaged certain of its investment properties with carrying values of HK\$1,685,000,000 and created floating charges on its certain assets to its bankers to secure banking facilities granted to the Group.

The Group's gearing revealed by the debt to equity ratio at 31 July 2017 was 37%, expressed as a percentage of total bank borrowings and margin loans payable to total net assets. In view of the possible rises in interest rates, the Group will consider any funding sources available in order to keep its gearing at a reasonable level and control its interest expenses while further developing its business.

As at 31 July 2017, the Group had the capital commitments, contracted but not provided for, in respect of the land lease payments in the Mainland of HK\$4,009,000 and acquisition and construction of property, plant and equipment in the Mainland of HK\$2,088,000.

#### MAJOR INVESTMENTS, ACQUISITIONS AND DISPOSALS

The Group had no significant investments, material acquisitions or disposals in the year ended 31 July 2017.

#### **EMPLOYEES AND REMUNERATION POLICIES**

The total number of employees of the Group, including part-time sales staff, was 306 as at 31 July 2017 (2016: 300). Pay rates of the employees are largely based on industry practice and the performance of individual employee. In addition to salary and bonus payments, other staff benefits include share option scheme, subsidised medical care, free hospitalisation insurance plans, provident fund benefits, staff discount on purchases, internal training for sales staff and external training programme subsidies.

#### APPRECIATION

On behalf of the Board, I would like to thank all members of staff and management for their dedication and continuous support and look forward to sharing the prosperous future of Crocodile with them and all the shareholders and customers.

Four Executive Directors including Dr. Lam Kin Ming, Ms. Lam Wai Shan, Vanessa, Dr. Lam Kin Ngok, Peter and Mr. Lam Kin Hong, Matthew held shareholding interests and/or other interests and/or directorships in companies/entities engaged in the businesses of manufacture, retail and wholesale of fashions in Hong Kong, Macau and/or Mainland China, and/or property investment and letting in Hong Kong and/or Mainland China.

However, the Board is independent from the boards of directors/governing committees of the aforesaid companies/entities and none of the Interested Directors can personally control the Board. Further, each of the Interested Directors is fully aware of, and has been discharging, his/her fiduciary duty to the Company and has acted and will continue to act in the best interest of the Company and the Shareholders as a whole. Therefore, the Group is capable of carrying on its businesses independent of, and at arm's length from, the businesses of such companies/entities.

#### SHARE OPTION SCHEMES

On 15 December 2015, the Shareholders approved the adoption of a new share option scheme ("**2015 Scheme**") and the termination of the share option scheme which was adopted by the Company on 22 December 2006 ("**2006 Scheme**") to the effect that no more share options will be granted under the 2006 Scheme. Also as at 15 December 2015, no share option is valid and outstanding under the 2006 Scheme.

The 2015 Scheme which became effective on 18 December 2015 remains in force for a period of 10 years commencing on its adoption date. The maximum number of the Company's shares ("**Shares**") issuable pursuant to the 2015 Scheme is 94,754,369 Shares, being 10% of the total issued Shares on the date of the approval of the 2015 Scheme. Details of the 2015 Scheme are set out in the circular of the Company dated 13 November 2015.

As at 31 July 2017 and the date of this Report, the Company has a total of 2,900,000 underlying Shares comprised in options outstanding under the 2015 Scheme (representing approximately 0.31% of the total issued Shares as at those dates).

The movements of the share options granted under the 2015 Scheme during the Year are as follows:

Category/Name of participants	Date of grant (dd/mm/yyyy) (Note 1)	As at 1 August 2016	Granted during the Year	Lapsed during the Year	As at 31 July 2017	Exercise period (dd/mm/yyyy)	Exercise price per Share (HK\$) (Note 2)

Notes:

1. The above share options were vested on the date of grant.

2. The exercise price of the share options is subject to adjustment in the case of rights or bonus issues, or other specific changes in the Company's share capital.

3. The closing price of each Share immediately before the date on which the share options were granted (i.e. 16 January 2017) was HK\$1.00 per Share.

Save as disclosed above, no share options had been granted, exercised, cancelled, or lapsed in accordance with the terms of the 2015 Scheme during the Year. Further details of the 2015 Scheme are disclosed in Note 32 (b) to the Consolidated Financial Statements.

#### **DIRECTORS' INTERESTS**

The following Directors and chief executive of the Company who held office on 31 July 2017 and their respective close associates (as defined in the Listing Rules) were interested, or were deemed to be interested, in the following long or short positions in the shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance, Chapter 571 of the Laws of Hong Kong (**\*SFO**\*)) on that date (a) as required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests and short positions, if any, which they were taken or deemed to have under such provisions of the SFO); or (b) as recorded in the register required to be kept by the Company pursuant to Section 352 of the SFO (**\*Register of Directors and Chief Executive**\*); or (c) as notified to the Company and the Stock Exchange pursuant to the Code of Practice for Securities Transactions by Directors and Designated Employees adopted by the Company (**\*Securities Code**\*); or (d) as otherwise known by the Directors:

Notes:

- 1. The total number of issued Shares as at 31 July 2017 (947,543,695 Shares) has been used in the calculation of the approximate percentage.
- 2. Dr. KM Lam was deemed to be interested in the 472,200,000 Shares owned by RPL by virtue of his 100% shareholding interest in RPL. Please also refer to "Directors' Interests" section above for further details.

*Dr. KM* Lam was personally interested in 5,539,000 Shares and was granted an option by the Company on 16 January 2017 to subscribe for 900,000 Shares (details of which are shown in the section headed "Share Option Schemes" of this Report).

3. Based on the disclosure of interests notices received by the Company, as at 31 July 2017, Mr. Thomas was deemed to be interested in the 47,386,000 Shares owned by WCAVF by virtue of his 100% shareholding interest in Wykeham Capital Limited (which is the investment manager of WCAVF).

Save as disclosed above, the Directors are not aware of any other corporation or individual (other than a Director or the chief executive of the Company) which/who, as at 31 July 2017, had the Voting Entitlements or 5% or more interests or short positions in the Shares or underlying Shares as recorded in the Register of Shareholders.

#### **CONTROLLING SHAREHOLDER'S INTERESTS IN SIGNIFICANT CONTRACTS**

Save as disclosed in Note 36 to the Consolidated Financial Statements headed "*Related Party Transactions*", at no time during the Year had the Company or any of its subsidiaries, and the controlling shareholder (as defined in the Listing Rules) or any of its subsidiaries entered into any contract of significance or any contract of significance for the provision of services by the controlling shareholder or any of its subsidiaries to the Company or any of its subsidiaries.

#### CONTINUING CONNECTED TRANSACTION

The related party transactions as disclosed in Note 36 to the Consolidated Financial Statement for the Year constituted de minimis continuing connected transactions of the Company ("**CCTs**") and are fully exempt from the reporting, annual reviews, announcement and independent Shareholders' approval requirements under Chapter 14A of the Listing Rules.

Therefore, Deloitte Touche Tohmatsu, Certified Public Accountants ("**Deloitte**", the Company's independent auditor ("**Independent Auditor**")), has not been engaged to report on the Group's CCT in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information". No letter is prepared by Deloitte with reference to Practice Note 740 "Auditor's letter on Continuing Connected Transactions under the Hong Kong Listing Rules" issued by the HKICPA.

#### **RELATED PARTY TRANSACTIONS**

Details of the significant related party transactions undertaken in the normal course of business of the Group during the Year are provided under Note 36 to the Consolidated Financial Statements.

#### SEGMENT INFORMATION

An analysis of the Group's revenue and contribution to results by businesses and geographical areas of the operations for the Year is set out in Note 7 to the Consolidated Financial Statements.

#### **PROPERTY, PLANT AND EQUIPMENT AND INVESTMENT PROPERTIES**

Details of the movements in the property, plant and equipment and investment properties of the Group during the Year are set out in Notes 16 and 17 to the Consolidated Financial Statements, respectively. Further details of the Group's investment properties are set out in "*Particulars of Investment Properties*" section in this Annual Report.

#### SHARES ISSUED IN THE YEAR

Details of the ordinary shares issued by the Company during the Year are set out in Note 31 to the Consolidated Financial Statements.

#### DISTRIBUTABLE RESERVES

As at 31 July 2017, the Company had reserves available for distribution to the Shareholders, in accordance with the provision of Section 297 of the Companies Ordinance, amounted to approximately to HK\$1,174,365,000.

#### SUFFICIENCY OF PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, at least 25% of the total issued Shares was held by the public (i.e. the prescribed public float applicable to the Company under the Listing Rules) during the Year and up to the date of this Report.

#### PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

During the Year, neither the Company nor any of its subsidiaries had purchased, sold or redeemed the Company's listed securities.

#### DISCLOSURES PURSUANT TO RULE 13.21 OF THE LISTING RULES

During the Year, the Company has entered into certain banking facility agreements, pursuant to which, the Company has undertaken to ensure that Dr. KM Lam and his family should at all times maintain not less than 50% direct or indirect beneficial shareholding with the Company. The aggregate outstanding balance of the relevant facilities as at 31 July 2017 was HK\$484,041,000, of which HK\$241,401,000 were repayable within 12 months and HK\$242,640,000 were repayable more than 12 months.

#### **PRE-EMPTIVE RIGHTS**

There are no provisions for pre-emptive rights under the Articles of Association or the Laws of Hong Kong which would oblige the Company to offer new shares on a pro-rata basis to its existing Shareholders.

#### **BANK BORROWINGS**

Details of the bank borrowings of the Group as at 31 July 2017 are set out in Note 27 to the Consolidated Financial Statements.

#### CHARITABLE CONTRIBUTIONS

During the Year, the Group made charitable contributions totalling approximately HK\$685,000 (2016: HK\$12,000).

#### MAJOR CUSTOMERS AND SUPPLIERS

The turnover attributable to the Group's five largest customers accounted for less than 30% of the Group's total turnover for the Year.

Purchases attributable to the Group's five largest suppliers and the largest supplier accounted for 46.6% and 18.8%, respectively of the Group's total purchases for the Year.

None of the Directors or any of their close associates (as defined in the Listing Rules) or any Shareholders (whom to the best knowledge and belief of the Directors, own more than 5% of the total issued Shares) had any beneficial interest in the Group's five largest suppliers and customers for the Year.

#### **CORPORATE GOVERNANCE**

Particulars of the Company's corporate governance practices are set out in the Corporate Governance Report on pages 28 to 42 of this Annual Report.

#### EQUITY-LINK AGREEMENT

For the Year, the Company has not entered into any equity-link agreement, save for options to be granted under the above section of *"Share Option Schemes"* of this Report.

#### **REVIEW BY AUDIT COMMITTEE**

The Audit Committee of the Company currently comprises three INEDs, namely Messrs. Leung Shu Yin, William (Chairman), Chow Bing Chiu and Yeung Sui Sang. The Audit Committee has reviewed with the management of the Company the audited Consolidated Financial Statements for the Year.

#### **INDEPENDENT AUDITOR**

The Consolidated Financial Statements for the Year have been audited by Deloitte who will retire and, being eligible, offer itself for re-appointment at the forthcoming AGM. Having approved by the Board upon the Audit Committee's recommendation, a resolution for the re-appointment of Deloitte as the Independent Auditor for the ensuing year will be put to the forthcoming AGM for Shareholder's approval.

On Behalf of the Board

Lam Kin Ming Chairman, Executive Director and Chief Executive Officer

Hong Kong 27 October 2017

The Company is committed to achieving and maintaining high standards of corporate governance and has established policies and procedures for compliance with the principles and code provisions set out from time to time in the Corporate Governance Code ("**CG Code**") contained in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("**Listing Rules**" and "**Stock Exchange**", respectively).

#### (1) CORPORATE GOVERNANCE PRACTICES

The Company has complied with all applicable code provisions set out in the CG Code throughout the year ended 31 July 2017 ("**Year**") save for the deviations from code provisions A.2.1, A.4.1 and A.5.1 as follows:

*Under code provision A.2.1 of the CG Code, the roles of the chairman and the chief executive officer should be separate and should not be performed by the same individual.* 

In view of the present composition of the board of directors of the Company ("**Board**" and "**Directors**" respectively), the in-depth knowledge of the Chairman (who is also the Chief Executive Officer) of the Company's operations and the garment and fashion industry in general, his extensive business network and connections, and the scope of operations of the Company, the Board believes that it is in the best interest of the Company for Dr. Lam Kin Ming to assume the roles of both the Chairman and the Chief Executive Officer.

## *Under code provision A.4.1 of the CG Code, non-executive directors should be appointed for a specific term and subject to re-election.*

None of the existing non-executive Directors ("**NEDs**", including the independent non-executive Directors ("**INEDs**")) is appointed for a specific term. However, all Directors are subject to the retirement provisions of the Articles of Association of the Company ("Articles of Association"), which require that the Directors for the time being shall retire from office by rotation once every three years since their last election by shareholders of the Company ("Shareholders") and the retiring Directors are eligible for re-election. In addition, any person appointed by the Board (including a NED) will hold office only until the next following general meeting of the Company ("AGM") (in the case of an addition to the Board) and will then be eligible for re-election at that meeting. Further, in line with the relevant code provision of the CG Code, each of the Directors appointed to fill a casual vacancy has been/will be subject to election by the Shareholders at the first general meeting after his/her appointment. In view of these, the Board considers that such requirements are sufficient to meet the underlying objective of the said code provision A.4.1 and therefore, does not intend to take any remedial steps in this regard.

#### (1) CORPORATE GOVERNANCE PRACTICES (continued)

Under code provision A.5.1 of the CG Code, a nomination committee comprising a majority of the independent non-executive directors should be established and chaired by the chairman of the board or an independent non-executive director.

The Company has not established a nomination committee whose functions are assumed by the full Board. Potential new Directors will be recruited based on their knowledge, skills, experience and expertise and the requirements of the Company at the relevant time and candidates for the INEDs must meet the independence criterion set out in Rule 3.13 of the Listing Rules. The process of identifying and selecting appropriate candidates for consideration and approval by the Board has been, and will continue to be, carried out by the executive Directors ("**Executive Directors**"). As the above selection and nomination policies and procedures have already been in place and the other duties of the nomination committee as set out in the CG Code have long been performed by the full Board effectively, the Board does not consider it necessary to establish a nomination committee at the current stage.

#### (2) BOARD OF DIRECTORS

#### (2.1) Responsibilities and Delegation

The Board oversees the overall management of the Company's businesses and affairs. The Board's primary duty is to ensure the viability of the Company and to ascertain that it is managed in the best interests of the Shareholders as a whole while taking into account the interests of other stakeholders.

The Board has established specific committees with written terms of reference to assist it in the efficient implementation of its functions, namely the Executive Committee, the Audit Committee and the Remuneration Committee. Specific responsibilities have been delegated to the above Committees.

The Board has delegated the day-to-day management of the Company's businesses to the management and the Executive Committee, and focuses its attention on matters affecting the Company's long-term objectives and plans for achieving these objectives, the overall business and commercial strategy of the Company and its subsidiaries ("**Group**") as well as overall policies and guidelines.

Decisions relating to the aforesaid matters and any acquisition or disposal of businesses, investments, or transactions or commitments of any kind where the actual or potential liability or value exceeds the threshold for discloseable transactions for the Company (as defined in the Listing Rules from time to time) are reserved for the Board; whereas decisions regarding matters set out in the terms of reference of the Executive Committee and those not specifically reserved for the Board are delegated to the Executive Committee and the management of the Company.

From April 2012 onwards, all Directors have been provided, on a monthly basis, with the Group's management information updates, giving a balanced and understandable assessment of the Group's performance, position, recent developments and prospects in sufficient detail to keep them abreast of the Group's affairs and facilitate them to discharge their duties under the relevant requirements of the Listing Rules.

#### (2) BOARD OF DIRECTORS (continued)

#### (2.2) Composition of the Board

The Board currently comprises nine members, of whom five are Executive Directors, one is NED and the remaining three are INEDs, in compliance with the minimum number of INEDs required under Rule 3.10(1) of the Listing Rules. The Company has also complied with Rule 3.10A of the Listing Rules with INEDs representing at least one-third of the Board. The Board will review the management structure regularly to ensure that it continues to meet the Group's objectives and is in line with the industry practices.

The Directors who served the Board during the Year and up to the date of this Report are as follows:

#### **Executive Directors**

Dr. Lam Kin Ming (*Chairman and Chief Executive Officer*) Ms. Lam Wai Shan, Vanessa (*Deputy Chief Executive Officer*) Dr. Lam Kin Ngok, Peter Mr. Lam Kin Hong, Matthew Mr. Wan Edward Yee Hwa

#### Non-executive Director

Ms. Lam Suk Ying, Diana

#### Independent Non-executive Directors

Mr. Chow Bing Chiu Mr. Leung Shu Yin, William Mr. Yeung Sui Sang

An updated list of Directors and their respective roles and functions can also be found on the Company's website at www.crocodile.com.hk and the Stock Exchange's website at www.hkexnews.hk. The brief biographical particulars of the existing Directors are set out in the section headed "*Biographical Details of Directors and Senior Management*" of the Report of the Directors on pages 16 to 19.

Dr. Lam Kin Ming (Chairman, Executive Director and Chief Executive Officer) is the father of Ms. Lam Wai Shan, Vanessa (Executive Director and Deputy Chief Executive Officer) and the elder brother of Ms. Lam Suk Ying, Diana (NED), Dr. Lam Kin Ngok, Peter and Mr. Lam Kin Hong, Matthew (both Executive Directors).

Save as aforesaid and as disclosed in the "*Biographical Details of Directors and Senior Management*" section of the Report of the Directors, none of the Directors has any financial, business, family or other material/relevant relationships with one another.

#### (2) **BOARD OF DIRECTORS** (continued)

#### (2.3) Independent Non-executive Directors

The Company has complied with the requirements under Rules 3.10(1) and (2) of the Listing Rules. The former Rule requires that every board of directors of a listed issuer must include at least three INEDs and the latter Rule requires that at least one of the INEDs must have appropriate professional qualifications or accounting or related financial management expertise. The Company has received from each of the INEDs a written annual confirmation of his independence for the Year pursuant to Rule 3.13 of the Listing Rules. The Board considers that all INEDs are independent. Further, up to the date of this Report, the Board has not been aware of the occurrence of any events which would cause it to believe that their independence has been impaired.

#### (2.4) Directors' and Officers' Liabilities Insurance

The Company has arranged appropriate directors' and officers' liabilities insurance coverage for the Directors and officers of the Company.

#### (3) DIRECTORS' INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT

On appointment to the Board, each Director receives a comprehensive induction package covering business operations, policy and procedures of the Company as well as the general, statutory and regulatory obligations of being a Director to ensure that he/she is sufficiently aware of his/her responsibilities under the Listing Rules and other relevant regulatory requirements.

The Directors are regularly briefed on the amendments to or updates on the relevant laws, rules and regulations. In addition, Directors and senior executives are encouraged to enroll in a wide range of professional development courses and seminars relating to the Listing Rules, companies ordinance/act and corporate governance practices organised by professional bodies, independent auditors and/or law firms in Hong Kong so that they can continuously update and further improve their relevant knowledge and skills.

From time to time, Directors are provided with written training materials to develop and refresh their professional skills; and seminars on the latest development of applicable laws, rules and regulations will be organised and arranged for the Directors to assist them in discharging their duties. Directors are requested to provide records of training they received to the Company Secretary of the Company ("**Company Secretary**") for records. During the Year, the Company has arranged for the INEDs to attend a seminar organised by an external auditor.

# (3) DIRECTORS' INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT (continued)

According to the records maintained by the Company, the current Directors received the following training with an emphasis on the roles, functions and duties of a director of a listed company in compliance with the CG Code's requirement on continuous professional development during the Year:

#### (4) **BOARD COMMITTEES**

The Executive Committee comprising members appointed by the Board amongst the Executive Directors was established on 18 November 2005 with written terms of reference to assist the Board in monitoring the on-going management of the Company's businesses and in implementing the Company's objectives in accordance with the strategy and policies approved by the Board. The Board has also delegated its authority to the following Committees to assist it in the implementation of its functions:

#### (4.1) Remuneration Committee

On 18 November 2005, the Board established a Remuneration Committee which currently comprises four members, including three INEDs, namely Messrs. Leung Shu Yin, William (Chairman), Chow Bing Chiu and Yeung Sui Sang and an Executive Director, Mr. Wan Edward Yee Hwa.

#### (4) **BOARD COMMITTEES** (continued)

#### (4.1) Remuneration Committee (continued)

The Remuneration Committee has adopted the operation model where it performs an advisory role to the Board, with the Board retaining the final authority to approve the remuneration packages of Directors and senior management of the Company. The terms of reference of the Remuneration Committee setting out its authority, duties and responsibilities are available on both the websites of the Company and the Stock Exchange.

(a) Duties of the Remuneration Committee

The Remuneration Committee has been charged with the responsibility of making recommendations to the Board, in consultation with the Chairman of the Board, on an appropriate policy and framework for all aspects of remuneration of all Directors and senior management of the Company, including but not limited to Directors' fees, salaries, allowances, bonuses, share options, benefits in kind and pension rights, to ensure that the level of remuneration offered by the Company is competitive and sufficient to attract, retain and motivate personnel of the required quality to manage the Company successfully.

(b) Work Performed by the Remuneration Committee

The Remuneration Committee held a meeting during the Year to discuss the Company's remuneration-related matters. All members of the Remuneration Committee had also deliberated on matters relating to the director's fee of INEDs, the remuneration package of, payment of bonuses and grant of share options to certain Executive Directors and senior management of the Company by way of circular resolutions during the Year. No Director was involved in deciding his own remuneration at the meeting/written resolutions of the Remuneration Committee.

#### (4.2) Audit Committee

On 31 March 2000, the Board established an Audit Committee which currently comprises three INEDs, namely Messrs. Leung Shu Yin, William (Chairman), Chow Bing Chiu and Yeung Sui Sang. The Company has complied with Rule 3.21 of the Listing Rules, which requires that at least one of the members of the Audit Committee (which must comprise a minimum of three members and must be chaired by an independent non-executive director) is an INED who possesses appropriate professional qualifications or accounting or related financial management expertise. All members of the Audit Committee have appropriate skills and experience in reviewing financial statements as well as addressing significant control and financial issues of the Company.

#### (4) **BOARD COMMITTEES** (continued)

#### (4.2) Audit Committee (continued)

#### (a) Duties of the Audit Committee

The Audit Committee is principally responsible for, among other things, monitoring the integrity of periodical financial statements of the Company, reviewing significant financial reporting judgements contained in them before submission to the Board for approval, reviewing and monitoring the external auditor's independence and objectivity as well as the effectiveness of the audit process in accordance with applicable standards.

The Board believes that good corporate governance is essential to the success of the Group and the enhancement of Shareholders' value. While recognising corporate governance is the collective responsibility of all of its members, the Board has delegated the corporate governance functions to the members of Audit Committee who are considered to be better positioned to provide an objective and independent guidance on governance-related matters.

On 27 March 2012, the Board formalised the governance-related policies and procedures, established on the foundations of accountability, transparency, fairness and integrity and adopted by the Group for years, into a set of corporate governance policy ("**CG Policy**"). The Audit Committee has been delegated with the responsibilities to develop, review, monitor, and make recommendations to the Board (as appropriate) in respect of the Company's policies and practices of corporate governance (including the compliance with the CG Code and the relevant disclosures in the Company's interim and annual reports), the practices in compliance with legal and regulatory requirements, and the training and continuous professional development of the Directors and senior management of the Company.

In compliance with new requirements relating to risk management and internal control stipulated in the CG Code, which came into effect for accounting periods beginning on 1 January 2016, the Board has delegated the duties of overseeing and reviewing the Company's risk management and internal control systems to the Audit Committee in March 2016. The terms of reference setting out the Audit Committee's authority, duties and responsibilities are available on both the websites of the Company and the Stock Exchange.

#### (4) **BOARD COMMITTEES** (continued)

#### (4.2) Audit Committee (continued)

(b) Work Performed by the Audit Committee

The Audit Committee held two meetings during the Year. It has reviewed the audited final results of the Group for the year ended 31 July 2016, the unaudited interim results of the Group for the six months ended 31 January 2017 and other matters related to the financial and accounting policies and practices of the Company as well as the nature and scope of the audit for the Year. Further, it has reviewed the Group's internal control review report, the risk management policy and a report on risk assessment prepared by Annie Chiu & Co., Certified Public Accountants (Practising) (an independent advisor of the Company ("ACC" or "Independent Advisor")); and put forward relevant recommendations to the Board for approval.

On 27 October 2017, the Audit Committee reviewed the draft audited consolidated financial statements of the Group as well as the accounting principles and policies for the Year with the Company's management in the presence of the representatives of Deloitte Touche Tohmatsu, Certified Public Accountants (the Company's independent auditor ("**Deloitte**" or "**Independent Auditor**")). It also reviewed this Corporate Governance Report and an internal control review report and a report on enterprise risk management on the Company prepared by the Independent Advisor.

#### (6) CHAIRMAN AND CHIEF EXECUTIVE

The CG Code provides that the roles of the chairman and the chief executive should be separate and performed by different individuals.

During the Year and up to the date of this Report, as explained in Paragraph (1) above, Dr. Lam Kin Ming assumed the roles of the Chairman and the Chief Executive Officer of the Company simultaneously.

#### (7) NON-EXECUTIVE DIRECTORS

As explained in Paragraph (1) above, none of the existing NEDs (including INEDs) was appointed for a specific term.

#### (8) NOMINATION OF DIRECTORS

As explained in Paragraph (1) above, the Company does not establish a nomination committee. The policies and procedures for the selection and nomination of Directors, and arrangements for the performance of other duties of the nomination committee have also been disclosed therein. No candidate has been proposed for appointment as a Director during the Year.

#### (9) BOARD DIVERSITY POLICY

The Company has adopted a board diversity policy ("**Policy**") in July 2013 which sets out its approach to achieve and maintain diversity on the Board in order to enhance the effectiveness of the Board.

The Company recognises the benefits of Board diversity and endeavours to ensure that the Board has the appropriate balance and level of skills, experience and perspectives required to support the execution of its business strategies. The Company seeks to achieve Board diversity through the consideration of a number of factors, including professional qualifications and experience, cultural and educational background, race and ethnicity, gender, age and length of service. The Company will also take into consideration factors based on its own business model and specific needs from time to time in determining the optimum composition of the Board.

On recommendation from the Executive Directors, the Board has set measurable objectives (in terms of gender, skills and experience) to implement the Policy and review such objectives from time to time to ensure their appropriateness and ascertain the progress made towards achieving those objectives. The Executive Directors will review the Policy, as appropriate, to ensure its continued effectiveness from time to time.

A copy of the Policy has been published on the Company's website for public information.

The Company considers that the current composition of the Board, two out of its nine members being women, is characterised by diversity, whether considered in terms of gender, professional background and skills.

#### (10) SECURITIES TRANSACTIONS BY DIRECTORS AND DESIGNATED EMPLOYEES

The Company has adopted a Code of Practice for Securities Transactions by Directors and Designated Employees ("Securities Code") on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers in Appendix 10 to the Listing Rules. The Company has made specific enquiry of all Directors and they have confirmed in writing their compliance with the required standard set out in the Securities Code throughout the Year, save for the below.

# (10) SECURITIES TRANSACTIONS BY DIRECTORS AND DESIGNATED EMPLOYEES (continued)

On 2 September 2016, Mr. Wan Edward Yee Hwa ("**Mr. Wan**") (an Executive Director) notified the Company that he has made certain securities transactions during June and August 2016 to dispose of an aggregate of 290,000 shares of the Company ("**Shares**") without having first notified in writing and received a dated written acknowledgement from the designated Director in accordance with the Securities Code. The transactions were made by his authorised person before the commencement of the black out period for the publication date of the Company's annual results for the year ended 31 July 2016. Mr. Wan had not possessed or made use of any unpublished inside information of the Company and confirmed that he had no intention of not complying with the relevant provisions of the Securities Code.

With a view to avoiding such recurrence, Mr. Wan has been reminded by the Company his obligation under the Securities Code.

#### (11) DIRECTORS' RESPONSIBILITY FOR PREPARING THE FINANCIAL STATEMENTS

The Directors acknowledge that they are responsible for overseeing the preparation of the financial statements which give a true and fair view of the financial position of the Group and of the financial performance and cash flows for such reporting period. In doing so, the Directors select suitable accounting policies and apply them consistently and make accounting estimates that are appropriate in the circumstances. With the assistance of the accounting and finance staff, the Directors ensure that the financial statements of the Group are prepared in accordance with statutory requirements and appropriate financial reporting standards. The Directors are also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group.

More detailed descriptions of the changes in accounting policies and the related financial impacts are included in the audited consolidated financial statements of the Group for the Year.

#### (12) INDEPENDENT AUDITOR'S REPORTING RESPONSIBILITY

The statement by the Independent Auditor about its reporting and auditing responsibilities for the financial statements is set out in the Independent Auditor's Report contained in this Annual Report.

#### (13) INDEPENDENT AUDITOR'S REMUNERATION

The fees in respect of the audit and non-audit services provided to the Group by the Independent Auditor for the Year amounted to approximately HK\$865,000 and HK\$55,000, respectively. The non-audit services mainly consisted of the reporting on the agreement with the preliminary announcement of results of the Group for the Year and the agreed-upon-procedures for the monthly gross sale turnover of shops of the Group for the Year.

#### (14) RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges that it is responsible for the risk management and internal control systems of the Group, and the effective risk management and internal control systems enhance the Group's ability in achieving business objectives, safeguarding assets, complying with applicable laws and regulations and contribute to the effectiveness and efficiency of its operations. As such, the Group's internal control procedures include a comprehensive budgeting, information reporting and performance monitoring system. The risk management and internal control systems are designated to manage rather than to eliminate the risk of failure in order to achieve the Group's business objectives, and can only serve as reasonable, but not absolute, assurance against material misstatement or loss.

The periodic reviews have covered all material controls, including financial, operational and compliance controls and risk management functions of the Group. During the Year, ACC has been engaged to assist the Board in evaluating (i) the various components of the internal control system of the Group under the framework of control environment, risk assessment, control activities, information and communication, and monitoring activities; and (ii) the property, plant and equipment, and cash cycles of the Group. Appropriate recommendations for further enhancing the internal control system have been adopted. The relevant report from the Independent Advisor was presented to and reviewed by the Audit Committee and the Board. Appropriate recommendations for further enhancing the internal control system have been adopted. The adopted. The Board considers that the Group's internal control system for the Year was effective and adequate.

In March 2016, the Audit Committee has been delegated with the responsibilities to review the effectiveness of the Company's risk management system annually in compliance with code provision C.2.1 of the CG Code. ACC has been engaged to expand its engagement to include risk management services and the matters incidental thereto in order to facilitate the Audit Committee in the discharge of its duties and responsibilities.

A risk management policy which setting out, includes but not limited to, the Group's approach and methodology in establishing the risk assessment mechanism and managing risks in order to protect the Group from those risks of significant impact and vulnerability had been adopted by the Board during the Year.

During the Year, ACC has assisted the Company's management to carry out an entity-level risk assessment which includes identification, evaluation and prioritisation of risk factors that the Group is facing. ACC completed the risk assessment and submitted on 27 October 2017 the assessment results contained in a report on enterprise risk management of the Company to the Company's management for review and reported to the Audit Committee and the Board for approval. The Board will put in place to address the identified area that shall be enhanced and the Board considered that the Group's risk management system was effective and adequate.

#### (15) COMPANY SECRETARY

The Company Secretary is an employee of the Company appointed by the Board. During the Year, the Company Secretary has complied with the relevant professional training requirement under Rule 3.29 of the Listing Rules.

#### (16) COMMUNICATION WITH SHAREHOLDERS

#### (16.1) Shareholders' Communication Policy

On 27 March 2012, the Board adopted a Shareholders' Communication Policy reflecting mostly the current practices of the Company for communication with its Shareholders. Such policy aims at providing the Shareholders and potential investors with ready and timely access to balanced and understandable information of the Company. It will be reviewed regularly to ensure its effectiveness and compliance with the prevailing regulatory and other requirements.

The Company has established a number of channels for maintaining an on-going dialogue with its Shareholders as follows:

- (i) corporate communications such as annual reports, interim reports and circulars are issued in printed form and are available on the Company's website at www.crocodile.com.hk and the Stock Exchange's website at www.hkexnews.hk;
- (ii) periodic announcements are made through the Stock Exchange and published on the respective websites of the Company and the Stock Exchange;
- (iii) corporate information is made available on the Company's website and the Articles of Association of the Company is made available on the respective websites of the Company and the Stock Exchange;

#### (17) SHAREHOLDERS' RIGHTS

#### (17.1)Procedures for Shareholders to Call a GM

Pursuant to the Articles of Association and Section 566 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) ("**Companies Ordinance**"), registered Shareholders representing at least 5% of the total voting rights of all Shareholders having a right to vote at GMs ("**GM Requisitionists**") can deposit a written request to call a GM at the registered office of the Company ("**Registered Office**"), which is presently situated at the 11th Floor, Lai Sun Commercial Centre, 680 Cheung Sha Wan Road, Kowloon, Hong Kong for the attention of the Company Secretary.

The GM Requisitionists must state in their request(s) the general nature of the business to be dealt with at the GM and such request(s) must be authenticated by all the GM Requisitionists and may consist of several documents in like form.

The Registrar will verify the GM Requisitionists' particulars in the GM Requisitionists' request. Promptly after confirmation from the Registrar that the GM Requisitionists' request is in order, the Company Secretary will arrange with the Board to call a GM by serving sufficient notice to all registered Shareholders in accordance with all the relevant statutory and regulatory requirements. On the contrary, if the GM Requisitionists' request is verified not in order, the GM Requisitionists will be advised of the outcome and accordingly, a GM will not be called as requested.

The GM Requisitionists, or any of them representing more than one-half (50%) of the total voting rights of all of them, may themselves call a GM if within twenty-one (21) days of the deposit of the GM Requisitionists' request, the Board does not proceed duly to call a GM for a day not more than twenty-eight (28) days after the date on which the notice calling the GM is given, provided that any GM so called is held within three (3) months from the date of the original GM Requisitionists' request. Any reasonable expenses incurred by the GM Requisitionists by reason of the Board's failure to duly call a GM shall be repaid to the GM Requisitionists by the Company.

#### (17.2) Procedures for Putting Forward Proposals at AGM

Pursuant to Sections 615 and 580 of the Companies Ordinance, either any number of the registered Shareholders representing at least 2.5% of the total voting rights of all Shareholders who have a right to vote on the resolution at the AGM or at least 50 registered Shareholders who have a right to vote on the resolution at the AGM ("**Requisitionists**") can request the Company in writing to (a) give to the Shareholders entitled to receive notice of the AGM notice of any resolution which may properly be moved and is intended to be moved at that meeting; and (b) circulate to the Shareholders entitled to receive notice of any statement of not more than 1,000 words with respect to the matter referred to in any proposed resolution or the business to be dealt with at that meeting.

The requisition duly signed by the Requisitionists must be authenticated by the person or persons making it and sent to the Company at its Registered Office stated in paragraph (17.1) above no later than six (6) weeks before the AGM in case of a requisition requiring notice of a resolution or not less than one (1) week before the GM in case of a requisition requiring circulation of statement.

#### (17) SHAREHOLDERS' RIGHTS (continued)

#### (17.2)Procedures for Putting Forward Proposals at AGM (continued)

Pursuant to the Companies Ordinance, the Company that is required under Sections 615 and 580 of the Companies Ordinance to give notice of a resolution/circulate a statement (as the case may be) must send a copy of it at the Company's own expense to each Shareholder entitled to receive notice of the AGM in the same manner as the notice of the meeting; and at the same time as, or as soon as reasonably practicable after, it gives notice of the meeting.

#### (17.3)Procedures for Proposing a Person for Election as a Director

#### QUALITY WORKPLACE (continued)

#### Health and Safety

The Group prides itself on providing a safe, effective and congenial work environment. Sufficient arrangements, training programmes and guidelines are implemented to ensure the working environment is both healthy and safe. The Group provides a communication channel for employees to present the information on occupational health and safety issues, and raise their awareness thereof.

The Group values the health and well-being of our staffs. In order to provide employees with health coverage, they are entitled to medical insurance benefits as well as other health awareness programmes.

The management teams across various business sectors will continuously seek to manage and control the health and safety risks which the employees are exposed to during their work, while ensuring that all health and safety issues that are present at the premises are fully addressed and will not affect our customers, guests and patrons. The Group will continue to identify potential risks in its operations and will maintain zero tolerance to work-related incidents and fatalities.

#### **Development and Training**

The Group believes that employees are the valuable assets of an enterprise, and regards human resources as part of the corporate wealth. The Group provides on-the-job training and development opportunities to facilitate our employees' career progression. Through different kinds of training, staff's professional knowledge on corporate operations, occupational and management skills are enhanced.

#### Labour Standards

The Groups considers it imperative to safeguarding the rights of its employees. Improper use of labour in the form of child labour and forced labour is strictly prohibited in all business sectors. For operations in Hong Kong, the Group ensures full compliance to relevant regulations and refers to the Employment of Children Regulations (Chapter 57B of the Laws of Hong Kong).

For the Group's operations in Mainland China, it ensures full compliance to relevant laws and regulations in the Labour Law of the People's Republic of China and the Labour Contract Law of the People's Republic of China which stipulate the prevention of the use of child labour of ages under 16 and the prevention of any unlawful way of forced labour. Labour rights are protected and there will be no forced overtime work. Should overtime work be required, workers will be paid as per relevant legal requirements.

The Group has equally stringent requirements for its contractors who are required to observe and comply with the same applicable regulations at the relevant jurisdictions.

#### **OPERATING PRACTICES**

#### Supply Chain Management

The Group adheres to the principle that both the quality of our products and the stable business relationship with our premier suppliers are essential to maximise the "Crocodile" brand value in the long-term. Hence, the Group has adopted a stringent approach in procurement by conducting a preliminary assessment on the potential suppliers' credentials to ascertain their backgrounds, production facilities and goodwill.

After assessing the potential suppliers' credentials preliminarily, the Group will select the suppliers by further scrutinising the qualities of their fabrics, yarns, manufacturing parts and delivery capabilities, and examining whether the materials and/or products supplied comply with the relevant safety and environmental standards.

#### **Product Responsibility**

The Group requires all suppliers and manufacturers of its packaging and products to comply with the Group's policy. The Group keeps its sourcing protocols reviewed regularly and up-to-date in order to maintain the high quality and safety standards of its products and customer's satisfaction.

#### Service Responsibility

The Group cherishes customers' feedbacks for improving its services. The Group always takes customer ideas seriously by establishing a set of procedures for handling customer opinions. The Sales Department is responsible for handling customer suggestions in relation to the products and services to ensure timely responses to customers' enquiries and comments.

#### **Intellectual Property Rights**

The Group respects and protects intellectual property rights and ensures that appropriate security measures and confidentiality agreements are observed. Across all business segments and within the Group, agreements on collaborations with third parties are reviewed by its legal team to minimise opportunities for infringement.

The Group is committed to ensuring the intellectual property rights of all creative works and ensures compliance with all intellectual property laws and regulations, including but not limited to the Trade Marks Ordinance (Chapter 559 of the Laws of Hong Kong) and the Prevention of Copyright Piracy Ordinance (Chapter 544 of the Laws of Hong Kong). The producers and the team for garment segment of the Group are aware of the procedures to clear the rights for any creative works prior to using or referencing such in the Company's productions. In case there is any perceived infringement, the Company will take immediate action to clear the rights or address relevant issues.

#### **OPERATING PRACTICES** (continued)

#### **Privacy Protection**

It is the Group's prominent code of conduct that all employees need to protect the Group's assets and uphold the privacy of confidential information, including personal information of employees and customers, intellectual properties such as copyrights, trademarks, and proprietary information. All employees are required to sign a non-disclosure undertaking in the beginning of their employment. Superiors are responsible for ensuring their subordinates fully understand and comply with the code of conduct. The Group also provides a channel for staffs to report any potential breach of the code.

During the year ended 31 July 2017, the Group had not received of any noticeable cases of unauthorised use of/access to intellectual properties, personal information of employees and customers' private information.

#### Anti-corruption

Doing business honestly and ethically is the Group's core value. It is the Group's paramount policy that all staffs are not allowed to receive or offer any advantages such as money, gift, loan, reward, contract and service from or to any business associates. Investigation will be carried out promptly for any suspected incident of frauds and staff will be dismissed if found to have committed fraud; and the case will be reported to the respective authority when necessary. The Group also has a whistle-blowing policy which encourages reporting of any suspected corruption issues. The Group invited the Independent Commission Against Corruption to provide an anti-corruption talk to our employees to reinforce their knowledge regarding the importance of anti-corruption in January 2017.

All employees are required to confirm or declare whether there is a conflict of interest when they sign the employment agreements. If there are any cases of conflict of interest afterward, the concerning staff is required to update and notify, based on his/her seniority, the management or the board of directors.

During the year ended 31 July 2017, the Group was not aware of any corruption, frauds and money laundry within the operations.

#### COMMUNITY INVOLVEMENT

The Group is committed to supporting community events and has made donations to charitable organisations for the improvement of social services and the well-being of the community. During the year ended 31 July 2017, donations and sponsorships had been provided to certain charitable and social organisations such as Yan Chai Hospital, Tsuen Wan District Civic Education Committee, Lifeline Express Hong Kong Foundation, Act Plus Education Foundation and Caritas Day Care Centre for Elderly-Tsuen Wan.

The Group believes that by encouraging staff to participate in a wide range of charitable events, the concern for the community will be raised, which would inspire more people to take part in serving the community. The Group has engaged in a number of community services or activities with staff participation from time to time, such as visiting Yan Chai Hospital for Christmas and assisting the tour of children with special educational needs to the Hong Kong Disneyland led by Yan Chai Hospital.

#### TO THE MEMBERS OF CROCODILE GARMENTS LIMITED

(incorporated in Hong Kong with limited liability)

#### Opinion

We have audited the consolidated financial statements of Crocodile Garments Limited (the "**Company**") and its subsidiaries (collectively referred to as "**the Group**") set out on pages 56 to 127, which comprise the consolidated statement of financial position as at 31 July 2017, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 July 2017, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("**HKFRSs**") issued by the Hong Kong Institute of Certified Public Accountants ("**HKICPA**") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

#### **Basis for Opinion**

We conducted our audit in accordance with Hong Kong Standards on Auditing ("**HKSAs**") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("**the Code**"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Key audit matters

#### **Provision for inventories**

We identified the provision for inventories as a key audit matter because of the significant degree of management judgement and estimation associated with the determination of the provision for inventories.

As disclosed in notes 5 and 23 to the consolidated financial statements, the carrying amount of inventories (net of provision of HK\$22,654,000) is HK\$48,054,000 as at 31 July 2017.

Management reviewed the inventories listing at 31 July 2017, and recognised a provision for obsolete and slow-moving inventory items identified based on the age and conditions of the inventories, together with the economic circumstances on the marketability of such inventories. Moreover, management also carried out the assessment of provision for inventories by comparing the carrying amounts of inventories with their net realisable values, primarily based on the latest selling prices.

#### How our audit addressed the key audit matters

Our procedures in relation to the provision for inventories included:

- Obtaining an understanding of the process and the information used by management to determine the provision;
- Testing the accuracy of the inventory ageing analysis, on a sample basis, to supporting documents;
- Evaluating the basis of provision for inventories by comparing the provision for inventories made by the management to the subsequent sales of inventories; and
- Assessing the reasonableness of the management's estimates of the net realisable values of the inventories by tracing the latest selling prices of the inventories to the sales invoices, on a sample basis.

#### Key audit matter

#### Valuation of investment properties

We identified the valuation of investment properties as a key audit matter due to the significance of the balance to the consolidated statement of financial position as a whole, combined with the judgments associated with determining the fair value of the investment properties.

As disclosed in notes 5 and 17 to the consolidated financial statements, the fair value of the Group's investment properties amounted to HK\$1,745,655,000 as at 31 July 2017 with the increase in fair value of investment properties of HK\$114,721,000 recognised in profit or loss for the year then ended.

The fair value of the Group's investment properties as at 31 July 2017 are determined based on valuations carried out on that date by an independent qualified professional valuer (the "Valuer"). The valuations are dependent on the valuation techniques and key inputs to the models that involves judgement made by the management. The fair value of the investment properties were determined either based on income capitalisation approach or direct comparison approach. For those determined based on the income capitalisation approach, the Valuer considers the key inputs including capitalisation rate, reversionary yield and reversionary rent. For those determined based on direct comparison approach, the Valuer considers the key inputs including market observable transactions of similar properties and taking into account of the differences in the location, size, age and maintenance of the investment properties.

#### How our audit addressed the key audit matter

Our procedures in relation to valuation of investment properties included:

- Obtaining an understanding of the valuation process including the valuation techniques and the key inputs to the models;
- Evaluating the competence, capabilities and objectivity of the Valuer;
- Evaluating the valuation techniques and the reasonableness of the key inputs to determine the fair values by comparing to relevant market information on monthly market rent per square foot and capitalisation rates; and
- Comparing a selection of relevant market observable transactions of similar properties within comparable locations.

#### **Other Information**

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Chong Kwok Shing.

#### 1. GENERAL

Crocodile Garments Limited (the "**Company**") is a company incorporated in Hong Kong with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited ("**Stock Exchange**"). The addresses of the registered office and principal place of business of the Company are disclosed in the "Corporate Information" section to this Annual Report.

The Company and its subsidiaries (collectively referred to as the "**Group**") were principally engaged in the sale of garments and property investment and letting.

The consolidated financial statements are presented in Hong Kong dollars ("**HK**\$"). Other than the Group's subsidiaries established in the People's Republic of China (the "**PRC**") whose functional currencies are Renminbi ("**RMB**"), the functional currencies of the Company and other subsidiaries are HK\$.

In the opinion of the directors of the Company (the "**Directors**"), Rich Promise Limited, a company incorporated in the British Virgin Islands, is considered as the parent and ultimate parent company of the Company. Its sole shareholder is Dr. Lam Kin Ming, who is also the Chairman, an Executive Director and the Chief Executive Officer of the Company and the ultimate controlling shareholder of the Company.

#### 2. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

In preparing the consolidated financial statements of the Company, the Directors have given careful consideration to the future liquidity of the Group in light of the fact that the Group's current liabilities exceeded its current assets by approximately HK\$56,204,000 as at 31 July 2017.

In the opinion of the Directors, the Group will be able to continue as a going concern at least in the coming twelve months taking into consideration that the Group is able to renew banking facilities from various banks in full upon their maturity for the operation requirements of the Group based on the fair value of the related investment properties being pledged as security for the banking facilities, the past history of renewal and the good relationships of the Group with the banks.

Based on the aforesaid factors, the Directors are satisfied that the Group will have sufficient financial resources to meet in full its financial obligations as and when they fall due for the foreseeable future. Accordingly, the consolidated financial statements have been prepared on a going concern basis.

For the year ended 31 July 2017

#### 3. APPLICATION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

#### Amendments to HKFRSs that are mandatorily effective for the current year

The Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (the "**HKICPA**") for the first time in the current year:

Amendments to HKFRS 11 Amendments to Hong Kong	Accounting for Acquisitions of Interests in Joint Operations Disclosure Initiative
Accounting Standard ("HKAS") 1	
Amendments to HKAS 16	Clarification of Acceptable Methods of Depreciation
and HKAS 38	and Amortisation
Amendments to HKFRSs	Annual Improvements to HKFRSs 2012 — 2014 Cycle
Amendments to HKAS 16	Agriculture: Bearer Plants
and HKAS 41	
Amendments to HKFRS 10,	Investment Entities: Applying the Consolidation Exception
HKFRS 12 and HKAS 28	

The application of the amendments to HKFRSs in the current year has had no material impact on the Group's financial performance and positions for the current/prior years and/or on the disclosures set out in these consolidated financial statements.

#### Amendments to HKAS 1 "Disclosure Initiative"

The Group has applied the amendments to HKAS 1 "Disclosure Initiative" for the first time in the current year. As regards the structure of the consolidated financial statements, the amendments to HKAS 1 provide examples of systematic ordering or grouping of the notes.

The Group has applied these amendments retrospectively. The information on capital risk management and financial instruments have been reordered in notes 38 and 39 to give prominence to the areas of the Group's activities that management considers to be most relevant to an understanding of the Group's financial performance and financial position. Furthermore, certain comparative figures on the consolidated statement of profit or loss and other comprehensive income were reclassified to "other gains or losses" to conform with the current year presentation. Other than the above, the application of the amendments to HKAS 1 has not resulted in any impact on the financial performance or financial position of the Group in these consolidated financial statements.

For the year ended 31 July 2017

# 3. APPLICATION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

<sup>4</sup> Effective for annual periods beginning on or after 1 January 2017

<sup>5</sup> Effective for annual periods beginning on or after 1 January 2017 or 1 January 2018, as appropriate

#### **HKFRS 9 "Financial Instruments"**

HKFRS 9 introduces new requirements for the classification and measurement of financial assets, financial liabilities, general hedge accounting and impairment requirements for financial assets.

Key requirements of HKFRS 9 which are relevant to the Group are:

all recognised financial assets that are within the scope of HKFRS 9 are required to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. Debt instruments that are held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets, and that have contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are generally measured at fair value through other comprehensive income ("FVTOCI"). All other debt investments and equity investments are measured at their fair value at the end of subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognised in profit or loss.

For the year ended 31 July 2017

# 3. APPLICATION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

#### HKFRS 9 "Financial Instruments" (continued)

- with regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss is presented in profit or loss.
- in relation to the impairment of financial assets. HKFRS 9 requires an expected credit loss model, as
  opposed to an incurred credit loss model under HKAS 39 "Financial Instruments: Recognition and
  Measurement". The expected credit loss model requires an entity to account for expected credit losses
  and changes in those expected credit losses at each reporting date to reflect changes in credit risk since
  initial recognition. In other words, it is no longer necessary for a credit event to have occurred before
  credit losses are recognised.

Based on the Group's financial instruments and risk management policies as at 31 July 2017, the Directors anticipate that the application of the expected credit loss model of HKFRS 9 may result in earlier recognition of credit losses on the Group's financial assets measured at amortised cost taking into account the estimated credit risk of customers and other debtors the Group has business with and the actual impairment of receivables experienced. However, it is not practicable to provide a reasonable estimate of the effect of HKFRS 9 until the Group performs a detailed review. On the other hand, the management will assess the business model in relation to the Group's investment portfolio at initial application of HKFRS 9.

#### HKFRS 15 "Revenue from Contracts with Customers"

HKFRS 15 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. HKFRS 15 will supersede the current revenue recognition guidance including HKAS 18 "Revenue", HKAS 11 "Construction Contracts" and the related interpretations when it becomes effective.

The core principle of HKFRS 15 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligations in the contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

# 3. APPLICATION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

#### HKFRS 15 "Revenue from Contracts with Customers" (continued)

Under HKFRS 15, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in HKFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by HKFRS 15.

In 2016, the HKICPA issued clarifications to HKFRS 15 in relation to the identification of performance obligations, principal versus agent considerations, as well as licensing application guidance.

The Directors anticipate that the application of HKFRS 15 in the future may result in more disclosures, however, the Directors do not anticipate that the application of HKFRS 15 will have a material impact on the timing and amounts of revenue recognised in the respective reporting periods.

#### HKFRS 16 "Leases"

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 "Leases" and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents upfront prepaid lease payments as investing cash flows in relation to leasehold lands for owned use while other operating lease payments are presented as operating cash flows. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing and operating cash flows except for the short-term lease payments, payments for leases of low-value assets and variable lease payments not included in the measurement of the lease liability which will be presented as operating cash flows.

Under HKAS 17, the Group has already recognised prepaid lease payments for leasehold lands where the Group is a lessee. The application of HKFRS 16 may result in potential changes in classification of these assets depending on whether the Group presents right-of-use assets separately or within the same line item at which the corresponding underlying assets would be presented if they were owned.

For the year ended 31 July 2017

# 3. APPLICATION OF HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (continued)

#### HKFRS 16 "Leases" (continued)

In contrast to lessee accounting, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease either as an operating lease or a finance lease.

Furthermore, extensive disclosures are required by HKFRS 16.

As at 31 July 2017, the Group has non-cancellable operating lease commitments of approximately HK\$101,400,000 as disclosed in note 34. A preliminary assessment indicates that these arrangements will meet the definition of a lease under HKFRS 16, and hence the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases upon the application of HKFRS 16. In addition, the application of new requirements may result changes in measurement, presentation and disclosure as indicated above.

#### Amendments to HKAS 7 "Disclosure Initiative"

The amendments require an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities including both changes arising from cash flows and non-cash changes. Specially, the amendments require the following changes in liabilities arising from financing activities to be disclosed: (i) changes from financing cash flows; (ii) changes arising from obtaining or losing control of subsidiaries or other businesses; (iii) the effect of changes in foreign exchange rates; (iv) changes in fair values; and (v) other changes.

The amendments apply prospectively for the Group for annual period beginning on 1 July 2017. The application of the amendments will result in additional disclosures on the Group's financing activities, specifically reconciliation between the opening and closing balances in the consolidated statement of financial position for liabilities arising from financing activities will be provided on application.

Except as described above, the Directors do not expect that the application of other new and amendments to HKFRSs and interpretations will have material impact on the Group's consolidated financial statements.

#### 4. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange.

The consolidated financial statements have been prepared on the historical cost basis except for investment properties and certain financial instruments, which are measured at fair values, as explained in the accounting policies set out below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

For the year ended 31 July 2017

#### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 or value in use in HKAS 36.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

#### **Basis of consolidation**

68

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

For the year ended 31 July 2017

#### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Basis of consolidation (continued)

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

#### Investment in an associate

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of an associate are incorporated in these consolidated financial statements using the equity method of accounting. Any retained portion of an investment in an associate that has not been classified as held for sale shall be accounted for using the equity method. The financial statements of the associate used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances. Under the equity method, investment in an associate is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate.

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The requirements of HKAS 39 are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group's investment in an associate. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with HKAS 36 *Impairment of Assets* as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with HKAS 36 to the extent that the recoverable amount of the investment subsequently increases.

Where a group entity transacts with its associate, profits and losses resulting from the transactions with the associate are recognised in the Group's consolidated financial statements only to the extent of the interests in the associate that are not related to the Group.

For the year ended 31 July 2017

#### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue is recognised when the amount of revenue can be reliably measured; when it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities, as described below.

Revenue from the sale of goods is recognised when goods are delivered and titles have passed.

Rental income from operating leases is recognised in the profit or loss on a straight-line basis over the terms of the relevant leases.

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement. Royalties determined on a time basis are recognised on a straight-line basis over the period of the agreement.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

#### Property, plant and equipment

Property, plant and equipment including buildings and leasehold land (classified as finance leases) held for use in the supply of goods or for administrative purposes are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets, less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

If a property (including the related prepaid lease payments) becomes an investment property because its use has changed as evidenced by end of owner-occupation, any difference between the carrying amount and the fair value of that item at the date of transfer is recognised in other comprehensive income and accumulated in asset revaluation reserve. On the subsequent sale or retirement of the asset, the relevant revaluation reserve will be transferred directly to retained profits.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

For the year ended 31 July 2017

#### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair values. All of the Group's property interests held under operating leases to earn rentals or for capital appreciation purposes are classified and accounted for as investment properties and are measured using the fair value model. Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss in the period in which the property is derecognised.

#### Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

#### The Group as lessor

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease.

#### The Group as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

#### Leasehold land and building

When a lease includes both land and building elements, the Group assesses the classification of each element as finance or operating lease separately based on the assessment as to whether substantially all the risks and rewards incidental to ownership of each element have been transferred to the Group, unless it is clear that both elements are operating leases in which case the entire lease is classified as an operating lease. Specifically, the minimum lease payments (including any lump-sum upfront payments) are allocated between the land and the building elements in proportion to the relative fair values of the leasehold interests in the land element and building element of the lease at the inception of the lease.

To the extent the allocation of the lease payments can be made reliably, interest in leasehold land that is accounted for as an operating lease is presented as "land lease prepayments" in the consolidated statement of financial position and is amortised over the lease term on a straight-line basis except for those that are classified and accounted for as investment properties under the fair value model.
For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

### **Foreign currencies**

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on settlement of monetary items and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. HK\$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of translation reserve.

On the disposal of a foreign operation, all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

### **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the year in which they are incurred.

### **Retirement benefits costs**

Payments to the state-managed retirement benefit scheme, defined contribution retirement benefit plans and the Mandatory Provident Fund Scheme are recognised as an expense when employees have rendered services entitling them to the contributions.

### Share-based payment arrangements

Equity-settled share-based payment transactions

Share options granted to directors

Equity-settled share-based payments to the Directors are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share option reserve).

At the end of the reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to share option reserve.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

### Share-based payment arrangements (continued)

Equity-settled share-based payment transactions (continued) Share options granted to directors (continued) For share options that vest immediately at the date of grant, the fair value of the share options granted is expensed immediately to profit or loss.

When share options are exercised, the amount previously recognised in share option reserve will be transferred to share capital. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share options reserve will be transferred to retained profits.

### Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on the taxable profit for the year. Taxable profit differs from "profit before tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and an associate, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

### Taxation (continued)

For the purposes of measuring deferred tax liabilities or deferred tax assets for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Current and deferred tax is recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

### Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

### Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

#### **Onerous contracts**

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

### **Financial instruments**

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss ("**FVTPL**") are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

#### Financial assets

Financial assets are classified into the following specified categories: financial assets at FVTPL, availablefor-sale financial asset and loans and receivables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

#### Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Interest income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL, of which interest income is included in net gains or losses.

### Financial assets at FVTPL

Financial assets at FVTPL of the Group are financial assets held for trading.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is part of an identified portfolio of financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

Financial assets at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss includes any dividend or interest earned on the financial assets and is included in the "other gains and losses" line item. Fair value is determined in the manner described in note 39(c).

#### Available-for-sale financial asset

Available-for-sale financial asset is non-derivative that is either designated or not classified as financial asset at FVTPL, loans and receivables or held-to-maturity investments.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

### Financial instruments (continued)

### Financial assets (continued)

### Available-for-sale financial asset (continued)

Equity and debt securities held by the Group that are classified as available-for-sale financial assets and are traded in an active market are measured at fair value at the end of each reporting period. Changes in the carrying amount of available-for-sale monetary financial assets relating to interest income calculated using the effective interest method are recognised in profit or loss. Dividends on available-for-sale equity instruments are recognised in profit or loss when the Group's right to receive the dividends is established. Other changes in the carrying amount of available-for-sale financial assets are recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

Available-for-sale equity investments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are measured at cost less any identified impairment losses at the end of each reporting period (see the accounting policy in respect of impairment loss on financial assets below).

### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Subsequent to initial recognition, loans and receivables (including trade and other receivables and deposits, amount due from an associate, pledged bank deposits and bank balances and cash) are carried at amortised cost using the effective interest method, less any impairment (see accounting policy on impairment of financial assets below).

Interest income is recognised by applying the effective interest rate, except for short-term receivables where the recognition of interest would be immaterial.

### Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the financial assets have been affected.

For all other financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- breach of contract, such as default or delinquency in interest and principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

Financial assets (continued)

Impairment of financial assets (continued)

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the credit period, observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the financial asset's original effective interest rate.

For financial assets carried at cost, the amount of the impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade and other receivables, where the carrying amounts are reduced through the use of an allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss. When trade and other receivables are considered uncollectible, they are written off against the allowance account. Subsequent recoveries of amounts previously written off are credited to profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

### Financial liabilities and equity instruments

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. Obligation that will be settled in cash upon the occurrence of future events which are not wholly within the control of the Group are classified as financial liabilities.

### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

### Financial instruments (continued)

Financial liabilities and equity instruments (continued)

### Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

### Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liabilities are designated as at FVTPL on initial recognition.

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and HKAS 39 permits the entire combined contract (asset or liability) to be designated as at FVTPL.

Financial liabilities at FVTPL are measured at fair value, with any gains or losses arising on remeasurement recognised in profit or loss and included in the 'other gains and losses' line item. Fair value is determined in the manner described in note 39(c).

### Other financial liabilities

Other financial liabilities including margin loans payable, trade and other payables and deposits received, amounts due to related companies and bank borrowings are subsequently measured at amortised cost, using the effective interest method.

### Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the assets expire.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

For the year ended 31 July 2017

### 4. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Financial instruments (continued)

Impairment losses on tangible assets

At the end of the reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro-rata to the other assets of the unit. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

## 5. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies which are described in note 4, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

For the year ended 31 July 2017

### 5. KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

The followings are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

### Estimation of fair value of investment properties

As disclosed in note 17, the fair value of the investment properties was determined based on the direct comparison approach and income capitalisation approach, which involve certain assumptions of market conditions. Favourable or unfavourable changes to these assumptions would result in changes in the valuation of the Group's investment properties. As at 31 July 2017, the fair values of investment properties were approximately HK\$1,745,655,000 (2016: HK\$1,632,793,000).

#### Provision for obsolete and slow-moving inventories

The Group's inventories are stated at the lower of cost and net realisable value. The Group makes provisions based on estimates of the realisable value with reference to the age and conditions of the inventories, together with the economic circumstances on the marketability of such inventories. Inventories are reviewed semiannually for obsolete and slow-moving inventory items, if appropriate. For the year ended 31 July 2017, the carrying amount of inventories of the Group was approximately HK\$48,054,000 (2016: HK\$73,336,000), net of allowance for inventories of approximately HK\$22,654,000 (2016: HK\$25,335,000).

#### Impairment loss on property, plant and equipment

The property, plant and equipment are reviewed for impairment when events or circumstances indicate the carrying amount may not be recoverable. Factors that would indicate impairment may include, but are not limited to, operating losses of individual store, any significant change in economic environment and operating cash flows associated with the cash-generating unit.

The impairment loss on property, plant and equipment are recognised for the amounts by which the carrying amounts exceed their recoverable amounts, in accordance with the Group's accounting policy. The recoverable amounts of property, plant and equipment have been determined based on the higher of fair value less costs of disposals and its value in use. The value in use calculation requires the Group to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate the present value. During the year ended 31 July 2017, impairment loss recognised in respect of property, plant and equipment was approximately HK\$2,300,000 (2016: nil). Where the actual future cash flows are less or more than expected, or changes in events and circumstances which result in revisions of the estimated future cash flows for the purpose of determining the value in use, further impairment loss or reversal of impairment loss may arise.

For the year ended 31 July 2017

### 5. KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

### Impairment loss on deposits for land lease prepayments

In determining the recoverability and possible write-back of the deposits for land lease prepayments, as appropriate, the Directors have taken into account the likelihood of the Group to obtain the land use right certificate and the ability of the Group to collect the refund as detailed in note 21. Where the outcomes of whether the Group could obtain the land use right certificate and/or the creditworthiness to the counterparty change from that expected, a material impairment loss or reversal of impairment loss may arise.

As at 31 July 2017, the carrying amount of deposits for land lease prepayments was approximately HK\$16,034,000 (2016: HK\$16,172,000), net of impairment of approximately HK\$17,076,000 (2016: HK\$17,224,000).

### Estimated impairment of trade and other receivables

The Group makes impairment based on assessment of the recoverability of trade and other receivables. The Group makes estimates based on the aging of trade and other receivables balances, debtors' creditworthiness, and historical write-off experience. If the financial condition of debtors was deteriorated, and resulted in an impairment of their ability to make payments, additional impairment loss may be required. As at 31 July 2017, the carrying amounts of trade receivables of the Group was approximately HK\$8,006,000 (2016: HK\$7,431,000), net of allowance for bad and doubtful debts of approximately HK\$9,854,000 (2016: HK\$7,394,000).

As at 31 July 2017, the carrying amounts of other receivables of the Group was approximately HK\$43,220,000 (2016: HK\$40,893,000), and net of allowance for doubtful debts of the Group of approximately HK\$28,613,000 (2016: HK\$21,871,000).

### Income tax

As at 31 July 2017, deferred tax asset in relation to unused tax losses of HK\$376,198,000 (2016: HK\$415,273,000) (see note 30) were not recognised in the consolidated statement of financial position due to the unpredictability of future profit streams. The realisation of the deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future. In cases where the expectation for future profit streams changes, recognition of deferred tax assets may arise, which would be recognised in the profit or loss for the period in which such recognition takes place.

For the year ended 31 July 2017

### 5. KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

### Provision for onerous contracts

The Group makes provision based on assessment of the unavoidable costs of meeting the obligations under the lease agreement exceed the economic benefits expected to be received from garment and related accessories business. The provision is calculated based on discounted cash flows to the end of the lease period. Estimating these future losses involves a number of assumptions about the future operating performance of the garment and related accessories business. As at 31 July 2017, the provision for onerous contracts was approximately HK\$11,000,000 (2016: nil).

### 6. REVENUE AND OTHER INCOME

Revenue represents sales of garments and related accessories and rental income.

### 7. SEGMENT INFORMATION

Information reported to the executive directors of the Company, being the chief operating decision maker, for the purposes of resources allocation and assessment of segment performance focuses in types of goods or services delivered or provided and nature of operations.

The Group has three operating segments, namely i) garment and related accessories business, ii) property investment and letting business, and iii) trading of securities, of which the former two are also reportable segments. The operating segments are managed separately as each business line offers different products and services and requires different business strategies.

#### Segment revenues and results

The following is an analysis of the Group's revenue and results by reportable segment.

For the year ended 31 July

Note: The income excludes bank interest income.

The accounting policies of the operating segments are the same as the Group's accounting policies described in note 4. Segment (loss) profit represents the (loss from) profit earned by each segment without allocation of bank interest income, finance costs and corporate expenses. This is the measure reported to the chief operating decision maker for the purpose of resource allocation and assessment of segment performance.

For the year ended 31 July 2017

### 12. DIRECTORS' AND CHIEF EXECUTIVE'S REMUNERATION (continued)

Notes:

(a) The executive directors' emoluments shown above were for their services in connection with the management of the affairs of the Company and the Group.

(b) The independent non-executive directors' emoluments shown above were for their services as directors of the Company.

(c) The amounts represent the share-based payment during the year ended 31 July 2017 for share option scheme, details of which are set out in note 32.

Dr. Lam Kin Ming is also the chief executive officer of the Company and his emoluments disclosed above include those for services rendered by him as the chief executive.

During each of the two years ended 31 July 2017 and 2016, (i) no emoluments were paid by the Group to the Directors as an inducement to join or upon joining the Group or as compensation for loss of office, (ii) none of the Directors waived any emoluments.

For the year ended 31 July 2017

### 13. FIVE HIGHEST PAID EMPLOYEES' REMUNERATION

The five highest paid employees during the year included two (2016: two) directors, details of whose remuneration are set out in note 12. The remunerations of the remaining three (2016: three), highest paid employees are as follows:

### 16. PROPERTY, PLANT AND EQUIPMENT (continued)

The above items of property, plant and equipment are depreciated at the following rates per annum on a straight-line basis:

Leasehold land	Over the term of the lease		
Leasehold buildings	2% to 4.5% or over the lease terms, whichever		
	is shorter		
Plant and machinery	10%		
Furniture and fixtures, including	10% to 20% or over the lease terms, whichever		
leasehold improvements	is shorter		
Computer equipment	20%		
Motor vehicles	20%		

The management reviewed the impairment of leasehold improvements on individual store basis when events or circumstances indicate the carrying amount may not be recoverable. Impairment assessment is performed on stores with operating losses which is considered as an impairment indicator for the years ended 31 July 2017 and 2016. The review led to the recognition of an impairment loss of HK\$2,300,000 for the year ended 31 July 2017 (2016: nil), which has been recognised in profit or loss. The recoverable amount of the relevant assets has been determined on the basis of their value in use. Other key assumptions for the value in use calculations relate to the estimation of cash inflows/outflows which include budgeted sales and gross margin, such estimation is based on the past performance of each cash generating units and management's expectations for the market development.

The Group has pledged leasehold land and buildings with a carrying value of approximately HK\$43,462,000 (2016: HK\$44,915,000) to secure general banking facilities granted to the Group (note 33).

### 17. INVESTMENT PROPERTIES (continued)

All of the Group's properties interests held under operating leases to earn rentals or for capital appreciation purposes are measured using the fair value model and are classified and accounted for as investment properties. On 28 February 2006, the Company, Lai Sun Garment (International) Limited ("LSG") and Unipress Investments Limited ("Unipress"), a wholly-owned subsidiary of LSG, entered into a conditional development agreement (the "Development Agreement") in connection with the redevelopment of an investment property situated at 79 Hoi Yuen Road, Kwun Tong, Kowloon (the "KT Property"). Further details of the redevelopment were included in the Company's circular dated 29 April 2006. LSG is a related company to the Group as Dr. Lam Kin Ming, the Chairman, an Executive Director and Chief Executive officer of the Company, is also the Chairman of LSG.

Unipress started in 2007 to redevelop the KT Property and the redevelopment was completed in September 2009. The KT Property was renamed as Crocodile Center upon the completion of the redevelopment. Pursuant to the Development Agreement, upon the completion of the redevelopment, the Group assigned the retail and restaurant portions of the Crocodile Center to Unipress and all the car parking spaces to Mass Energy Limited, in which the Group holds 50% equity interest and accounted for it as an associate (note 20(b)).

The fair value of the Group's investment properties as at 31 July 2017 and 31 July 2016 has been arrived at on the basis of a valuation carried out on the respective dates by Messrs Savills Valuation and Professional Services Limited, independent qualified professional valuers not connected to the Group.

The fair value of the investment properties of the Group were determined either based on income capitalisation approach or direct comparison approach. For those determined based on the income capitalisation approach, the market rentals of all lettable units of the properties under current leases are assessed and discounted at the market yield expected by investors and provision for the reversionary potential for this type of properties. The market rentals for reversionary potential purposes are assessed by reference to the market rentals achieved in the lettable units of the properties as well as other lettings of similar properties in the neighbourhood. The discount rate is determined by reference to the yields derived from analysing the sales transactions of similar respective retail, office and industrial properties in Hong Kong and the PRC and adjusted transaction price to reflect location, size, age and maintenance to the Group's investment properties. For those determined based on direct comparison approach, the fair value of the investment properties were determined by reference the market transaction prices of similar properties in the neighbourhood, and adjusted based on the location, size, age and maintenance to the properties in the neighbourhood, and adjusted based on the location, size, age and maintenance of the properties in the neighbourhood, and adjusted based on the location, size, age and maintenance of the properties in the neighbourhood, and adjusted based on the location, size, age and maintenance of the properties in the neighbourhood, and adjusted based on the location, size, age and maintenance of the properties in the neighbourhood, and adjusted based on the location, size, age and maintenance of the property. There has been no change from the valuation technique used in the prior year.

In estimating the fair value of the properties, the highest and best use of the properties is their current use. The chief financial officer of the Group determines the appropriate valuation techniques and inputs for fair value measurements. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model.

All of the fair value measurements of the Group's investment properties were categorised into Level 3. There were no transfers into or out of Level 3 during the year.

At 31 July 2017, certain investment properties of approximately HK\$1,685,000,000 (2016: HK\$1,570,200,000) of the Group were pledged to banks to secure the bank loans granted to the Group, details of which are set out in note 33.

For the year ended 31 July 2017

For the year ended 31 July 2017

### 19. PARTICULARS OF PRINCIPAL SUBSIDIARIES OF THE COMPANY (continued)

Except for Crocodile (China) Limited and Pure Goal Limited which are directly held by the Company, all other principal subsidiaries are indirectly held.

None of the subsidiaries had issued any debt securities subsisting at the end of both years or at any time during both years. The above summary lists the principal subsidiaries of the Group which, in the opinion of the Directors, principally affected the results for the year or formed a substantial portion of the net assets and liabilities of the Group. To give details of other subsidiaries would, in the opinion of the Directors, result in particulars of excessive length.

### 20(a). AMOUNT DUE FROM AN ASSOCIATE

The amount due from an associate is unsecured, interest bearing at 5% per annum and not repayable within 12 months. In the opinion of the Directors, the amount is not expected to be settled twelve months after the end of the reporting period and therefore the amount is classified as non-current asset.

### 20(b). INTEREST IN AN ASSOCIATE

Details of the associate as at 31 July 2017 and 2016 are as follows:

Name	Form of business structure	Place of incorporation/ operation	Class of shares held	Principal activity	Percentage of ownership interests/ voting rights/ profit share
Mass Energy Limited	Corporation	Hong Kong	Ordinary	Investment holding of car parking spaces	50% (Note)

Note: The Group holds 50% of the issued share capital of Mass Energy Limited, however, the Group does not have joint control or control over Mass Energy Limited as LSG directs relevant activities of Mass Energy Limited. The Directors consider that the Group exercises significant influence over Mass Energy Limited and it is therefore classified as an associate of the Group.

According to the Development Agreement as disclosed in note 17, the titles of all car parking spaces of Crocodile Center were assigned to Mass Energy Limited, a company which is owned in equal proportions by LSG and the Group. In the opinion of the Directors, the investment is strategically beneficial to the Group.

For the year ended 31 July 2017

### 20(b). INTEREST IN AN ASSOCIATE (continued)

### Summarised financial information of the associate

Summarised financial information in respect of the Group's associate is set out below. The summarised financial information below represents amounts shown in the associate's financial statements prepared in accordance with HKFRSs.

The associate is accounted for using the equity method in these consolidated financial statements.

### 21. DEPOSITS FOR LAND LEASE PREPAYMENTS

In accordance with the agreements dated 22 June 2006 (the "Agreements") entered into by the Group, Zhongshan Hong Feng Real Property Consultancy Company Limited (中山市宏豐房地產諮詢服務有限公司) (the "Vendor") and Zhongshan Sanxiang Town Local Government (the "Local Government"), the Group paid RMB14,721,000 (equivalent to HK\$17,076,000 (2016: HK\$17,224,000)) to the Vendor (the "Vendor Deposit") and RMB13,822,000 (equivalent to HK\$16,034,000 (2016: HK\$16,172,000)) to a company owned by the Local Government (the "Government Deposit") as deposits for land lease prepayments (the "Land Lease Prepayments") to acquire the land use rights of a piece of land in the PRC (the "Land").

In October 2010, April 2011 and October 2011, various letters had been issued by the Local Government which acknowledged (i) the receipt of the Government Deposit; (ii) the progress of the application for the issuance of the land use rights certificate; and (iii) the undertaking by the Local Government to compensate and refund the deposits (including the Vendor Deposit and the Government Deposit) to the Group in case the land use rights certificate cannot be obtained by the Group (the "**Undertaking**").

In October 2012, the Vendor and the Local Government each issued a letter to the Group respectively which acknowledged (i) their respective receipt of the deposit from the Group; (ii) their respective responsibility to assist the Group in obtaining the land use rights certificate of the Land; and (iii) their respective obligation to refund the respective deposit received with interest to the Group upon the request from the Group in the event that the Group fails to obtain the land use rights certificate of the Land. However, the letter issued by the Local Government in October 2012 did not undertake the refund of the Vendor Deposit.

In October 2012, the Group obtained legal opinion from an independent PRC law firm (the "Lawyer") and received the legal advice that whilst the other letters had not specified or confirmed the amount of the Land Lease Prepayments (i.e. the Government Deposit together with the Vendor Deposit) or the timing of commitment by the Local Government to refund, however, based on the Undertaking, the Group would have reasonable grounds to recover the amount of the Land Lease Prepayments paid with interest from the Local Government, regardless of whether the Vendor is able to refund the Vendor Deposit or not, despite the associated risk and uncertainty which may exist during the course of legal action taken. The Lawyer further advised that appropriate legal action should be taken within a valid time bar under the PRC law and regulations, which was before the end of February 2013, in order to secure and support the Group's right to recover the amount of the Land Lease Prepayment.

On 26 October 2012, the date on which the consolidated financial statements of the Group for the year ended 31 July 2012 were approved by the Directors, the Directors resolved not to take immediate legal action but to further negotiate with the Local Government and the Vendor with a view to obtain the land use rights certificate of the Land in near future, as the Directors believed that there had been appreciation in the value of the Land, though that it may exceed the valid time bar to recover the amount of the Land Lease Prepayments with interest from the Local Government if legal action was to be taken later on. The Directors believed that the Group would either be able to recover such amount of the Land Lease Prepayments or to obtain the relevant land use rights certificate in the near future. No impairment loss on the deposits paid was then considered necessary by the Directors for the year ended 31 July 2012.

For the year ended 31 July 2017

### 21. DEPOSITS FOR LAND LEASE PREPAYMENTS (continued)

Up to 25 October 2013, the date of approval of the consolidated financial statements for the year ended 31 July 2013, no legal action was taken by the Group against the Local Government and the Vendor because the negotiation with the Local Government and the Vendor to obtain the land use rights certificate of the Land was still in progress.

In September 2013, the Local Government further issued a letter to the Group which acknowledged (i) its receipt of the Government Deposit from the Group; (ii) its responsibility to assist the Group in obtaining the land use rights certificate of the Land; and (iii) its obligation to refund the Government Deposit received with interest to the Group upon the request from the Group in the event that the Group fails to obtain the land use rights certificate of the Land. The Vendor had not issued any letter to the Group to acknowledge the receipt of the Vendor Deposit subsequent to the October 2012 letter.

Since the valid time bar under the PRC law and regulations to take legal action to recover the Vendor Deposit from the Local Government has expired during the year ended 31 July 2013 and the Group had not received any acknowledgement from the Vendor in 2013, the Directors have performed a detailed assessment on the recoverability of the carrying amount of the Vendor Deposit as at 31 July 2013. On the basis of the assessment, an impairment loss on the Vendor Deposit had been recognised and charged to the consolidated statement of profit or loss and other comprehensive income for the year ended 31 July 2013 as the management opined that the impairment loss was incurred in the year ended 31 July 2013 due to the Group's option to recover the Vendor Deposit from the Local Government was legally expired at the end of February 2013 and as a result of the assessment of the financial position of the Vendor.

The Group assessed the recoverability of the Government Deposit and no impairment loss is considered necessary by the Directors for the years ended 31 July 2017 and 31 July 2016.

### 22. AVAILABLE-FOR-SALE FINANCIAL ASSET

The available-for-sale financial asset represents investment in a private limited partnership established in Hong Kong.

An aggregate amount of approximately HK\$28,160,000 was invested in the private limited partnership including HK\$1,794,000 which was additionally invested during the year ended 31 July 2016. During the year ended 31 July 2016, the private limited partnership has fully disposed of its underlying investments and the capital contributed by the Group of HK\$28,160,000 was returned to the Group.

For the year ended 31 July 2017

### 23. INVENTORIES

### Notes:

104

(a) As at 31 July 2017, royalty receivables of the Group of approximately HK\$40,052,000 (2016: HK\$37,076,000) is included in the other receivables, where payments are required semi-annually.

(b) As at 31 July 2017, land lease prepayments of the Group of approximately HK\$324,000 (2016: HK\$327,000) are included in the current portion of deposits and prepayments.

For the year ended 31 July 2017

### 24. TRADE AND OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS (continued)

Other than cash sales made at retail outlets of the Group, trading terms with wholesale customers are largely on credit, except for new customers, where payment in advance is normally required. Invoices are normally payable within 30 days of issuance, except for certain well-established customers, where the term is extended to 90 days. Each customer has been set with a maximum credit limit. The Group does not hold any collateral over these balances.

The Group seeks to maintain strict control over its outstanding receivables to minimise credit risk. Overdue balances are regularly reviewed by senior management.

The following is an aging analysis of trade receivables (net of allowance for doubtful debts), presented based on the invoice date which approximated the respective revenue recognition date as at the end of the reporting period:

	2017 HK\$'000	2016 HK\$'000
0 to 90 days	6,221	4,173
91 to 180 days	1,249	2,114
181 to 365 days	536	1,144
	8,006	7,431

The movements in the allowance for doubtful debts for trade and other receivables during the year, including both specific and collective loss components, are as follows:

	2017 HK\$'000	2016 HK\$'000
At the beginning of the year	29,265	29,175
Allowance provided, net	9,267	1,977
Exchange realignment	(65)	(1,887)
At the end of the year	38,467	29,265

Included in allowance for doubtful debts of the Group are individually impaired trade and other receivables with an aggregate balance of approximately HK\$38,467,000 (2016: HK\$29,265,000). The impaired trade and other receivables related to customers that were in financial difficulties and consequently, specific allowance for doubtful debts was fully recognised.

For the year ended 31 July 2017

#### 24. TRADE AND OTHER RECEIVABLES, DEPOSITS AND PREPAYMENTS (continued)

An aging analysis of trade receivables based on payment due date that is past due but not impaired as at the end of the reporting period is as follows:

	2017 HK\$'000	2016 HK\$'000
Past due but not impaired		
Within 60 days	5,262	3,240
61 days to 150 days	1,249	2,114

Included in the Group's trade receivables balance is a debtor with a carrying amount of approximately HK\$217,000 (2016: nil), with Big Honor Asia Limited, a related company of which Dr. Lam Kin Ming has control and is one of the key management personnel members of the related company.

Write-off of royalty receivables with a carrying amount of approximately HK\$1,156,000 (2016: nil) was due to liquidation of a debtor and recognised in other gains and losses in the consolidated statement of profit or loss and other comprehensive income.

Trade receivables that were past due but not impaired relate to a number of independent customers that have a good track record with the Group. Based on past experience, the Directors believe that no allowance for doubtful debts is necessary in respect of these balances as there has not been a significant change in the credit quality and the balances are still considered fully recoverable.

Trade receivables that were neither past due nor impaired related to a wide range of customers that have no recent history of default payment.

### 25. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

The above financial assets at FVTPL are classified as held for trading. The fair values of the Group's investments in listed securities have been determined by reference to their quoted bid prices at the reporting date. The fair value of unlisted equity securities was based on the value quoted based on underlying investment value by the brokers at the end of the reporting period. The fair value of the unlisted debt securities was determined by the brokers, using discounted cash flow of estimated future cash flows arising from fixed incomes of debts and using quoted bid prices in an active market at the end of the reporting period.

Changes in fair value of financial assets at FVTPL are recognised in other gains and losses in the consolidated statement of profit or loss and other comprehensive income.

At 31 July 2017, certain financial assets at FVTPL of approximately HK\$115,442,000 (2016: HK\$119,419,000) of the Group were pledged to banks to secure the margin loans payable of approximately HK\$11,588,000 (2016: HK\$22,990,000), details of which are set out in note 28.
For the year ended 31 July 2017

### 26. PLEDGED BANK DEPOSITS AND BANK BALANCES AND CASH

	2017 HK\$'000	2016 HK\$'000
Bank balances and cash	101,348	148,946
Short-term time deposits	24,560	3,841
	125,908	152,787
Pledged bank deposits	14,199	4,367

The RMB is not freely convertible into other currencies. However, under Mainland China's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB to other currencies in respect of approved transactions through banks authorised to conduct foreign exchange business.

The pledged bank deposits of the Group carry interest at market rates and are therefore exposed to cash flow interest rate risk. There was no fixed rate pledged bank deposit of the Group as at 31 July 2017 and 31 July 2016.

Pledged bank deposits amounting to approximately HK\$14,199,000 (2016: HK\$4,367,000) have been pledged to secure margin loans payable and are therefore classified as current assets.

Cash at banks earn interest at floating rates based on daily bank deposit rates. Short-term time deposits were made for varying terms between one week and three months depending on the immediate cash requirements of the Group, and earned interest at the respective short-term time deposit rates.

# 29. TRADE AND OTHER PAYABLES AND DEPOSITS RECEIVED AND OTHER CURRENT LIABILITY

### a. Trade and other payables and deposits received

The following is an aging analysis of trade payables as at the end of the reporting period, based on the date of receipt of goods, and the details of balances of advance from customers, deposits received, other payables and accruals:

	2017 HK\$'000	2016 HK\$'000
Trade payables:		
0 to 90 days	9,268	6,180
91 to 180 days	118	
181 to 365 days	915	431
Over 365 days	2,166	2,236
	12,467	8,847
Advance from customers	5,115	6,511
Provision for onerous contracts	11,000	,
Deposits received	14,008	13,141
Other payables and accruals	30,444	32,505
	73,034	61,004

The credit period for purchase of goods is between 30 and 90 days. The Group has financial risk management policies in place to ensure that all payables are settled within the credit timeframe.

### The movement in the provision for onerous contracts during the year is as follows:

	2017 HK\$'000	2016 HK\$'000
At the beginning of the year Provision for onerous contracts		
At the end of the year	11,000	

Provision for onerous contracts are made based on assessment of the unavoidable costs of meeting the obligations under the lease agreement exceed the economic benefits expected to be received from garment and related accessories business. The provision is calculated based on discounted cash flows to the end of the lease period. As at 31 July 2017, the provision for onerous contracts was approximately HK\$11,000,000 (2016: nil).

### b. Other current liability

During the year ended 31 July 2013, the Group entered into a loan agreement with an independent third party (the "**Investor**"). Pursuant to the agreement, the Investor agreed to lend HK\$15,000,000 to the Group and the loan is interest-free, unsecured and shall not be repayable or become due for repayment until the date when the Group disposed of one of its investment properties, which is located at Ground Floor, Hennessy Road Court, 219 Hennessy Road, Wan Chai, Hong Kong. Upon disposal of the said investment property, 50% on disposal gain or loss will be shared with the Investor and will be added to or subtracted from the principal amount of the loan to be repaid. The loan is designated and measured as financial liability at FVTPL with any gains or losses arising on remeasurement recognised in profit of loss. No fair value change is recognised in respect of the liability for the current year since there has been no change in fair value of the relevant investment property.

For the year ended 31 July 2017

#### **30. DEFERRED TAX**

For the purpose of presentation in the consolidated statement of financial position, all deferred tax assets and liabilities have been offset.

	2017 HK\$'000	2016 HK\$'000
Deferred tax assets Deferred tax liabilities	8,494 (11,965)	5,844 (10,567)
	(3,471)	(4,723)

The following are the major deferred tax assets (liabilities) recognised and movements thereon during the current and prior years:

	Losses available for offsetting against future taxable profits HK\$'000	Accelerated tax depreciation HK\$'000	<b>Total</b> HK\$'000
At 1 August 2015	3,426	(9,170)	(5,744)

At 31 July 2016	5,844	(10,567)	(4,723)
Credit (charge) to profit or loss	2,650	(1,398)	1,252
At 31 July 2017	8,494	(11,965)	(3,471)

As at 31 July 2017, the Group has unutilised Hong Kong and PRC tax losses of approximately HK\$427,677,000 (2016: HK\$450,696,000). Tax losses in Hong Kong are available for offsetting against future taxable profits of the companies in which the losses arose for an indefinite period. The PRC tax loss unutilised of approximately HK\$55,475,000 (2016: HK\$94,652,000) may be carried forward for maximum five years.

At the end of the reporting period, the Group has deductible temporary differences of HK\$13,300,000 (2016: nil). No deferred tax asset has been recognised in relation to such deductible temporary differences as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

Deferred tax asset has been recognised in respect of approximately HK\$51,479,000 (2016: HK\$35,423,000) of such losses arising from Hong Kong. No deferred tax asset has been recognised in respect of the remaining Hong Kong and PRC tax losses of approximately HK\$376,198,000 (2016: HK\$415,273,000) in aggregate due to the unpredictability of future profit streams.

For the year ended 31 July 2017

### 30. DEFERRED TAX (continued)

Under the EIT Law of PRC, withholding tax is imposed on dividends declared in respect of profits earned by the PRC subsidiaries from 1 January 2008 onwards. No deferred taxation had been provided for in the consolidated financial statements since the temporary difference attributable to retained profits of the PRC subsidiaries is nil (2016: nil).

### 32. SHARE-BASED PAYMENT TRANSACTIONS

### (a) Share option scheme adopted on 22 December 2006 (the "2006 Scheme")

The Company's 2006 Scheme, was adopted pursuant to a resolution passed on 22 December 2006 for the primary purpose of providing incentives to directors, eligible employees, agents or consultants of any member of the Group and any employee of the shareholder or any member of the Group or any holder of any securities issued by any member of the Group. Under the 2006 Scheme, the board of Directors may grant options to eligible participants for their contribution or would-be contribution to the Group and/or to enable the Group to recruit and retain high calibre employees and attract human resources that are valuable to the Group.

The total number of shares in respect of which options may be granted under the 2006 Scheme not permitted to exceed 10% of the shares of the Company in issue on 22 December 2006 and the maximum number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2006 Scheme and any share option schemes of the Company must not exceed 30% of the number of shares of the Company in issue from time to time, without prior approval from the Company's shareholders. The number of shares issued and to be issued in respect of which options granted and may be granted to any individual in any one year is not permitted to exceed 1% of the shares of the Company in issue at any point in time, without prior approval from the Company in issue at any point in time, without prior approval from the Company in issue at any point in time, without prior approval from the Company's shareholders.

Options granted under the 2006 Scheme must be taken up within 28 days from the date of grant, upon payment of HK\$1 per option. Options may be exercised at any time within a period from the date of grant of the share option to the expiry date of the 2006 Scheme. The exercise price is determined by the Directors, and will not be less than the higher of (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheet on the date of grant, (ii) the average closing prices of the Company's shares for the five business days immediately preceding the date of grant; and (iii) the nominal value of the Company's share.

For the year ended 31 July 2017

During the year ended 31 July 2015, options were granted on 20 July 2015. The estimated fair value of the options granted was HK\$854,000. The options vested immediately. No share options was granted during the year ended 31 July 2016.

The fair value was calculated using the Black-Scholes pricing model. The inputs into the model were as follows:

	Granted on 20 July 2015
Grant date share price	HK\$0.800
Exercise price	HK\$0.850
Expected volatility	62.75%
Expected life	3 years
Expected dividend yield	0%
Risk free rate	0.717%

Expected volatility was determined by using the historical volatility of the Company's share price over the previous 3 years. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations. Risk free rate was determined with reference to the yield to maturity of Hong Kong Exchange Fund Bills and Notes with tenor close to the expected life of the options.

The variables and assumptions used in computing the fair value of the share options are based on the management's best estimate. The value of an option varies with different variables of a number of subjective assumptions. Any change in the variables so adopted may materially affect the estimation of the fair value of an option.

For the year ended 31 July 2017

#### 32. SHARE-BASED PAYMENT TRANSACTIONS (continued)

#### (b) Share option scheme adopted on 15 December 2015 (the "2015 Scheme")

The Company terminated the 2006 Scheme and adopted a new share option scheme pursuant to a resolution passed by its shareholders on 15 December 2015 for the purpose of providing incentives or rewards to any employee of the Group, any director, officer or consultant of the Group and any other group or classes of participants which the Directors (hereinafter collectively referred as the "**Eligible Participants**"), in their absolute discretion, consider to have contributed or will contribute, whether by way of business alliance or other business arrangement, to the development and growth of the Group. Under the 2015 Scheme, the board of Directors may grant options to the Eligible Participants as defined in the 2015 Scheme to subscribe for shares in the Company.

Under the 2015 Scheme, the board of Directors may grant options to the Eligible Participants for their contribution or would-be contribution to the Group and/or to enable the Group to recruit and retain high calibre employees and attract human resources that are valuable to the Group.

As 31 July 2017, the number of shares in respect of which options had been granted and remained outstanding under the 2015 Scheme was 2,900,000 (31 July 2016: nil), representing 0.31% of the shares of the Company in issue at that date). The total number of shares in respect of which options may be granted under the 2015 Scheme is not permitted to exceed 10% of the shares of the Company in issue on 15 December 2015 and the maximum number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the 2015 Scheme and any share option schemes of the Company must not exceed 30% of the number of shares of the Company in issue from time to time, without prior approval from the Company's shareholders. The number of shares issued and to be issued in respect of which options granted and may be granted to any individual in any one year is not permitted to exceed 1% of the shares of the Company in issue at any point in time, without prior approval from the Company's shareholders. Since the adoption of the 2015 Scheme, no more share options will be granted under the 2006 Scheme.

Options granted under the 2015 Scheme must be taken up within 30 days from the date of grant respectively, upon payment of HK\$1 per option. Options may be exercised at any time within a period from the date of grant of the share option to the expiry date of the 2015 Scheme. The exercise price is determined by the Directors, and will not be less than the higher of (i) the closing price of the Company's shares as stated in the Stock Exchange daily quotation sheet on the date of grant and (ii) the average closing prices of the Company's shares as stated in the Stock Exchange daily quotation sheets for the five business days immediately preceding the date of grant.

### 32. SHARE-BASED PAYMENT TRANSACTIONS (continued)

### (b) Share option scheme adopted on 15 December 2015 (the "2015 Scheme") (continued)

The variables and assumptions used in computing the fair value of the share options are based on the management's best estimate. The value of an option varies with different variables of a number of subjective assumptions. Any change in the variables so adopted may materially affect the estimation of the fair value of an option.

The Group recognised the total expenses of HK\$1,401,000 for the year ended 31 July 2017 (2016: nil) in relation to share options granted by the Company.

### 33. PLEDGE OF ASSETS

The Group and the Company have pledged the assets with the following carrying amounts to secure the borrowings, margin loans payable and banking facilities granted to the Group:

	2017	2016
	HK\$'000	HK\$'000
Leasehold land and building	43,462	44,915

Pledged bank deposits	14,199	4,367
	1,858,103	1,738,901

### 34. OPERATING LEASE ARRANGEMENTS

#### As lessor

Gross property rental income earned during the year was approximately HK\$55,308,000 (2016: HK\$53,779,000). The Group leases out its investment properties (note 17) under operating lease arrangements, with leases negotiated for terms ranging from three to four years. The terms of the leases generally require the tenants to pay security deposits. During the year, the investment properties generated rental yields of 3.2% (2016: 3.3%).

At the end of the reporting period, the Group had future minimum lease receivables under non-cancellable operating leases contracted with tenants as follows:

	2017 HK\$'000	2016 HK\$'000
Within one year	51,889	35,991
In the second to fifth years, inclusive	47,758	41,124
	99,647	77,115

For the year ended 31 July 2017

### 34. OPERATING LEASE ARRANGEMENTS (continued)

#### As lessee

The Group leases its office properties, warehouses and retail outlets under operating lease arrangements. Leases for properties are negotiated for terms ranging from one to three years.

At the end of the reporting period, the Group had commitments for future minimum lease payments under non-cancellable operating leases as follows:

	2017 HK\$'000	2016 HK\$'000
Within one year	61,950	66,713
In the second to fifth years, inclusive	39,450	42,367
	101,400	109,080

Included in the Group's commitments for future minimum lease payments are operating lease arrangements with related parties with an aggregate amount of approximately HK\$4,785,000 (2016: HK\$8,761,000).

The operating lease rentals of certain retails shops are charged on the higher of fixed rental or contingent rent based on sales of the retail shops pursuant to the terms and conditions as set out in the respective rental agreements. As the future sales in these retail shops could not be accurately determined at this stage, the relevant contingent rent has not been estimated and included in the analysis above in which only the minimum lease commitments are included.

### **35. COMMITMENTS**

In addition to the operating lease commitments disclosed in note 34 above, the Group had the following capital commitments at the end of the reporting period:

	2017 HK\$'000	2016 HK\$'000
Contracted, but not provided for:		
Land lease prepayments in the PRC Acquisition and construction of property,	4,009	4,043

	16,815	15,242

Further details of directors' remuneration are included in note 12.

### **37. RETIREMENT BENEFITS SCHEMES**

The Group operates a Mandatory Provident Fund Scheme for all qualifying employees in Hong Kong. The assets of the scheme are held separately from those of the Group, in funds under the control of trustees. The Group contributes 5% of the relevant payroll costs and up to maximum of HK\$1,500 per month for each employee to the scheme, to which the same amount of contribution is matched by employees.

As stipulated by the rules and regulations in the PRC, the Group contributes to the retirement funds scheme managed by local social security bureau in the PRC. The Group contributes certain percentage of the basic salaries of its employees to the retirement fund in accordance with the rule and regulations in the PRC.

The only obligation of the Group with respect to the retirement benefit plans is to make the statutory specified contributions. During the year ended 31 July 2017, the total retirement benefits scheme contributions charged to the consolidated statement of profit or loss and other comprehensive income amounted to approximately HK\$2,118,000 (2016: HK\$2,223,000).

For the year ended 31 July 2017

### 38. CAPITAL RISK MANAGEMENT

The Group manages the capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balances. The overall strategy of the Group and the Company remained unchanged from the prior year.

The capital structure of the Group consists of bank borrowings, margin loans payable and amounts due to related companies disclosed in notes 27, 28 and 36 respectively and equity attributable to owners of the Company, comprising issued share capital and reserves.

The Directors review the capital structure on a semi-annual basis. As part of this review, the Directors consider the cost of capital and the risks associated with each class of capital. Based on the recommendations of the Directors, the Group expects to maintain a suitable capital structure through the issue of new shares as well as the undertaking of new debts or the redemption of existing debts.

The gearing ratio at the end of the reporting period was as follows:

	2017 HK\$'000	2016 HK\$'000
Debts (i)	599,076	595,326
Equity (ii)	1,638,915	1,551,384
Debt to equity ratio	36.6%	38.4%

(*i*) Debt is defined as bank borrowings and margin loans payable as detailed in notes 27 and 28.

*<sup>(</sup>ii)* Equity includes all capital and reserves of the Group.

For the year ended 31 July 2017

### **39. FINANCIAL RISK MANAGEMENT**

#### a. Categories of financial instruments

The carrying amounts of the Group's financial assets and financial liabilities as recognised at 31 July 2017 and 2016 are categorised as follows:

	2017 HK\$'000	2016 HK\$'000
Financial assets		
FVTPL — Held for trading	153,982	140,299
Loans and receivables (including pledged		
bank deposits and bank balances and cash)	223,906	235,111
	377,888	375,410
Financial liabilities		
Designated at FVTPL	15,000	15,000
Amortised cost	656,298	665,719
	671,298	680,719

#### b. Financial risk management objectives and policies

The Group's major financial instruments include financial assets at FVTPL, trade and other receivables and deposits, amount due from an associate, pledged bank deposits, bank balances and cash, amount due from a related company, trade and other payables and deposits received, other current liability, bank borrowings, margin loans payable and amounts due to related companies. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

#### Market risk

#### Foreign currency risk

The Group was exposed to foreign currency risk in relation to financial assets at FVTPL, pledged bank deposits and bank balances and cash and margin loans payable as disclosed in notes 25, 26 and 28 respectively, the Directors consider that the Group did not have significant exposure to risk resulting from changes in foreign currency exchange rates.

For the year ended 31 July 2017

### 39. FINANCIAL RISK MANAGEMENT (continued)

### b. Financial risk management objectives and policies (continued)

### Market risk (continued)

### Interest rate risk

The Group was exposed to cash flow interest rate risk in relation to variable-rate bank borrowings, margin loans payable, bank balances and pledged bank deposits. Details of bank balances and pledged bank deposits, bank borrowings and margin loans payable are disclosed in notes 26, 27 and 28 respectively. It is the Group's policy to keep its bank balances and pledged bank deposits, bank borrowings and margin loans payable at floating rate of interests so as to minimise the fair value interest rate risk. Debt securities included in the financial assets at FVTPL, amounts due to related companies, amount due from an associate and short-term time deposits carried at fixed rates expose the Group to fair value interest rate risk.

The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of the HIBOR arising from the Group's Hong Kong dollar denominated bank borrowings.

### Sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. The analysis is prepared assuming the financial instruments outstanding at the end of the reporting period were outstanding for the whole year. A 100 basis point (2016: 100 basis points) increase or decrease is used which represents management's assessment of the reasonably possible change in interest rates. Bank balances are excluded from sensitivity analysis as the Directors consider that the exposure of cash flow interest rate risk arising from variable-rate bank balance is insignificant.

If interest rates had been 100 (2016: 100) basis points higher/lower and all other variables were held constant, the Group's post-tax profit for the year ended 31 July 2017 would decrease/increase by HK\$4,884,000 (2016: post-tax loss would increase/decrease by HK\$3,952,000).

### Other price risk

The Group is exposed to price risk mainly through its investment in listed and unlisted securities. The management manages this exposure by maintaining a portfolio of investments with different risk and return profiles. The Group's price risk is mainly concentrated on equity securities operating in real estate and energy sectors quoted in the Stock Exchange and resources sector quoted in Singapore Exchange Limited, the Stuttgart Stock Exchange, the Frankfurt Stock Exchange and the New York Stock Exchange.

### Price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to price risk at the end of the reporting period.

If the prices had been 10% higher/lower while holding all other variables constant:

Post-tax profit for the year ended 31 July 2017 would increase/decrease by approximately HK\$518,000 (2016: increase/decrease by HK\$1,892,000). This is mainly due to the change in fair value of held-for-trading investments.

For the year ended 31 July 2017

### 39. FINANCIAL RISK MANAGEMENT (continued)

### b. Financial risk management objectives and policies (continued)

#### Credit risk

The Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position. There are policies in place to ensure that goods are sold to customers with appropriate credit history and the Group performs credit evaluation of its customers. The Group also has policies that limit the amount of credit exposure to any financial institution.

In respect of trade receivables, individual credit evaluation is performed on all customers requiring credit over a certain amount. This evaluation focuses on the customer's past history of making payments when due and its current ability to pay, and take into account information specific to the customer as well as the economic environment in which it operates. Trade receivables are due within 30 to 90 days from the date of billing. Debtors with balances that are more than 6 months past due are requested to settle all outstanding balances before any further credit is granted. Normally, the Group does not obtain collateral from the customer.

The Group has no significant concentration of credit risk as at 31 July 2017, as the exposure spread over a number of counterparties. As at 31 July 2016, the Group's concentration of credit risk by geographical locations is mainly in the PRC, which accounted for 60.2% of the total trade receivables.

Credit risk arising on debt securities and perpetual securities was mitigated by investing primarily in high credit rating instruments, any exception to which was approved by the management.

The credit risk on liquid funds is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

#### Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, the Group aims to maintain flexibility in funding by keeping committed credit lines available.

Individual operating entities within the Group are responsible for their own cash management, including the short-term investment of cash surpluses and the raising of loans to cover expected cash demands, subject to approval by the Company's board when the borrowings exceed certain predetermined levels of authority.

The following table details the Group's contractual maturity for its financial liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows of financial liabilities at the earliest date on which the Group can be required to pay. The maturity dates for other financial liabilities are based on the agreed repayment dates.

#### c. Fair values

This note provides information about how the Group determines fair values of various financial assets and financial liabilities.

The Group's financial assets at fair value through profit or loss are measured at fair value at the end of each reporting period. The fair values of the Group's investments in listed securities have been determined by reference to their quoted bid prices at the end of the reporting period. The fair value of unlisted investments was based on the value quoted by the brokers at the end of the reporting period (see note 25 for details). The fair value of the Group's financial liability at FVTPL, being the other current liability, is disclosed in note 29(b).

There were no transfers between the three levels during both years.

#### Fair value hierarchy as at 31 July 2017 and 2016

	31 July 2017					
	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000
