Dear Sirs

Company : Midas Holdings Limited (the "Company")

Subject : First Delisting Stage

We refer to the Company's trading suspension on 8 February 2018 and its subsequent announcements and submissions.

We are writing to inform you that we have decided to place the Company in the first delisting stage under Practice Note 17 to the Listing Rules, and imposed conditions for trading resumption on the Company as set out in paragraph 10 below.

Background

Subsequently, the Company uncovered additional undisclosed loans, guarantees and bank discrepancies (collectively, the "Identified Issues").
- To date, the Company has uncovered 7 legal cases with a total claim of RMB520 million. It also uncovered bank balances shortfall of over RMB330 million in each of 2016 and 2017, and certain undisclosed bank accounts and transactions. 3. Three of the Company's principal subsidiaries¹ are currently under judicial management. As a result, the Company's access to the financial accounts or premises of two of these subsidiaries was denied by the judicial manager. The Company submitted that while it still retains "*nominal*" control over two other principal subsidiaries², both of them are under litigations and envisaged to come under judicial management inevitably. In addition, some of the shares held by the Company in two principal subsidiaries and an associate³ were frozen by the PRC Court. The Company submitted that the board is awaiting the regulators and law enforcement agencies to act.
4. All of the then executive directors of the Company (i.e. Mr. Chew Patrick Hwa Kwang and Mr. Chen Wei Ping) had resigned on 22 March and 2 April 2018 respectively. Two independent non-executive directors of the Company (i.e. Mr. Tong Din Eu and Mr. Xu Wei Dong) have been re-designated as executive directors since 3 April 2018.
5. The auditors advised the Company on 26 April 2018 that based on the findings and recent development of the Company, the auditors' reports for the financial years ended 31 December 2012 to 2016 may no longer be relied upon.
6. The Company announced on 4 May 2018 that the board opined that the Company cannot operate as a going concern after assessing the current situation.

First delisting stage and our concerns

7. Rule 13.24 requires the issuer to carry out a sufficient level of operations or have tangible assets of sufficient value or intangible assets for which a sufficient potential value can be demonstrated to warrant the continued listing of the issuer's securities on the Exchange. Issuers failing to demonstrate its compliance with Rule 13.24 will be placed into a three-stage delisting procedures under Practice Note 17. According to Practice Note 17, characteristics of issuers which are unable to comply with rule 13.24 include (i) financial difficulties to an extent which seriously impairs an issuer's ability to continue its business or which has led to the suspension of some or all of its operations; and/or (ii) issuers which have net liabilities as at their balance sheet date (i.e. issuers whose liabilities exceed their assets).
8. Based on the Company's recent development and circumstances as disclosed and submitted, we concluded that the Company has failed to maintain a sufficient level of operation or assets required under Rule 13.24 to warrant its continued listing. Accordingly, we have decided to place the Company in the first delisting stage under Practice Note 17 to the Listing Rules. We have considered the following:-

¹ Jilin Midas Aluminium Industries Co., Ltd., Jilin Midas Light Alloy Co., Ltd., and Jilin Midas Investments Co., Ltd.

² Dalian Huicheng Aluminium Co., Ltd. and Luoyang Midas Aluminium Industries Co., Ltd.

³ Luoyang Midas Aluminium Industries Co., Ltd., Dalian Huicheng Aluminium Co., Ltd. and CRRC Nanjing Puzhen Rail Transport Co., Ltd.

- (i) The Company appears to have lost control over most of its principal subsidiaries which are currently under judicial management, and has been denied access by the judicial manager to premises or financial accounts of some of these subsidiaries. It envisaged that the other principal subsidiaries will come under judicial management in light of the litigations. The Company is currently awaiting actions by regulators and law enforcement agencies;
 - (ii) The Company appears to be in serious financial difficulties and has defaulted the interest obligation of its medium term note. It is currently faced with substantial legal claims and other liabilities and has identified material shortfall in its bank accounts as compared to its financial statements. In this regard, the Company's board has taken the view that the Company cannot operate as a going concern; and
 - (iii) All the executive directors of the Company at the time of suspension had resigned. The current executive directors were formerly independent non-executive directors who were not involved in the management and daily operation of the Group's business.
9. Moreover, the Identified Issues called into question about the reliability of the Company's books and records and the accuracy of its financial statements. In this regard, the Company's auditors have advised that the auditors' reports for 2012 to 2016 may no longer be relied upon. In addition, the Identified Issues raise serious concerns about the adequacy of the Company's internal controls to safeguard its assets and protect the interests of shareholders. They also cast doubt on the integrity of the Group's management, in particular whether there were any misconducts by the directors.

Resumption conditions

10. In light of the Company's circumstances, we consider it appropriate to impose on the Company the following resumption conditions:
- (i) demonstrate that the Company has a sufficient level of operations or assets required under Rule 13.24;
 - (ii) conduct forensic investigations on the Identified Issues, disclose the findings and take appropriate rectification actions;
 - (iii) publish outstanding results and address any audit qualifications;
 - (iv) conduct an independent internal control review and demonstrate that the Company has put in place adequate internal control systems;
 - (v) demonstrate that there is no reasonable regulatory concern about the management integrity; and
 - (vi) inform the market of all material information.

We may modify the above and/or impose further conditions if the situation changes.

16. We will rely on the Submission and/or the directors' confirmation under section 384 of the Securities and Futures Ordinance such that the Company and its directors will be liable for criminal prosecution if any of the Submission is knowingly or recklessly false or misleading in a material particular.

Your right to review
