INSIDE INFORMATION

This announcement is made by Zall Smart Commerce Group Ltd. (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company and potential investors that, based on the preliminary assessment of the Group’s latest management accounts, it is expected that the Group may record a significant increase of over 6 times in the revenue for the six months ended 30 June 2018 as compared to those for the six months ended 30 June 2017.

Based on information currently available to the Board, the Board considers that the significant increase in revenue was primarily attributable to (i) completion of the acquisition of 50.6% equity interest in Shenzhen Sinoagri E-commerce Co., Ltd.* (深圳市中農網有限公司) (“**Shenzhen Sinoagri**”) in June 2017, resulting the consolidation of the financial results of Shenzhen Sinoagri for the full six months ended 30 June 2018 as compared to the consolidation of the financial results of less than one month upon completion of such acquisition in June 2017 during the six months ended 30 June 2017; and (ii) completion of the acquisition of 52.48% equity interest in HSH International Inc. (“**HSH International**”) in March 2018, resulting the consolidation of the financial results of HSH International since then.

The acquisitions of equity interest in Shenzhen Sinoagri and HSH International have driven a substantial growth in the revenue of the supply chain management business, trading and related value-added services of the Group (the “**Supply Chain Management and Trading Business**”), and also led to changes in the income portfolio of the Group. Nevertheless, as the Supply Chain Management and Trading Business is at initial development stage, it is expected that the Supply Chain Management and Trading Business will have a relatively low profit margin as compared to the other business segments of the Group and the revenue growth of the Supply Chain Management and Trading Business will not have significant impact on the Group’s profit for the six months ended 30 June 2018.

The Company has yet to finalize the interim results of the Group for the six months ended 30 June 2018. The information contained in this announcement is only based on a preliminary assessment by the management of the Company with reference to the information currently available including the management accounts, which have not been reviewed nor audited by the Company's auditors or the audit committee of the Company and are subject to possible adjustments upon further review. The actual results of the Group for the six months ended 30 June 2018 may be different from what is disclosed herein. The interim results announcement of the Company for the six months ended 30 June 2018 is expected to be published by the end of August 2018.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
