# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

*For the year ended 31 December 2018 (in HK Dollars)*

## 1. BASIS OF PREPARATION

### Statement of compliance

The financial information relating to the years ended 31 December 2018 and 2017 included in this preliminary announcement of annual results does not constitute the Company's statutory annual consolidated financial statements for those years but is derived from those financial statements. Further information relating to these statutory financial statements required to be disclosed in accordance with section 436 of the Hong Kong Companies Ordinance (Cap. 622) is as follows:

The Company has delivered the financial statements for the year ended 31 December 2017 to the Registrar of Companies as required by section 662(3) of, and Part 3 of Schedule 6 to, the Hong Kong Companies Ordinance (Cap. 622) and will deliver the financial statements for the year ended 31 December 2018 in due course.

The Company's auditor has reported on the financial statements of the Group for both years. The auditor's reports were unqualified; did not include a reference to any matters to which the auditor drew attention by the way of emphasis without qualifying its reports; and did not contain a statement under sections 406(2), 407(2) or 407(3) of the Hong Kong Companies Ordinance (Cap. 622).

These financial statements have been prepared in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs"), which collective term includes all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

The Group has not applied any new standards or interpretations that are not yet effective for the current accounting year.

### 3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

#### New and amendments to HKFRSs that are mandatorily effective for the current year

The Group has applied the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time in the current year:

|                        |                                                                                       |
|------------------------|---------------------------------------------------------------------------------------|
| HKFRS 9                | Financial Instruments                                                                 |
| HKFRS 15               | Revenue from Contracts with Customers                                                 |
| HK(IFRIC)-Int 22       | Foreign Currency Transactions and Advance Consideration                               |
| Amendments to HKFRS 2  | Classification and Measurement of Share-based Payment Transactions                    |
| Amendments to HKFRS 4  | Applying HKFRS 9 <i>Financial Instruments</i> with HKFRS 4 <i>Insurance Contracts</i> |
| Amendments to HKFRS 15 | Clarifications to HKFRS 15 <i>Revenue from Contracts with Customers</i>               |
| Amendments to HKAS 28  | As part of the Annual Improvements to HKFRSs 2014–2016 Cycle                          |
| Amendments to HKAS 40  | Transfers of Investment Property                                                      |

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material impact on the Group’s financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

#### 3.1 HKFRS 15 *Revenue from Contracts with Customers*

The Group has applied HKFRS 15 for the first time in the current year. HKFRS 15 superseded HKAS 18 *Revenue*, HKAS 11 *Construction Contracts* and the related interpretations.

The Group has applied HKFRS 15 retrospectively with the cumulative effect of initially applying this standard recognised at the date of initial application, 1 January 2018. Any difference at the date of initial application is recognised in the opening retained profits (or other components of equity, as appropriate) and comparative information has not been restated. Furthermore, in accordance with the transition provisions in HKFRS 15, the Group has elected to apply the standard retrospectively only to contracts that are not completed at 1 January 2018.

The Group recognises revenue from the investment properties rental and hotel operations.

There is no impact of transition to HKFRS 15 on retained profits as at 1 January 2018.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 31 December 2018 (in HK Dollars)

### 3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

New and amendments to HKFRSs that are mandatorily effective for the current year (continued)

#### 3.2 HKFRS 9 *Financial Instruments*

In the current year, the Group has applied HKFRS 9 *Financial Instruments*, and the related consequential amendments to other HKFRSs. HKFRS 9 introduces new requirements for 1) the classification and measurement of financial assets and financial liabilities, 2) expected credit losses (“ECL”) for the financial assets and finance lease receivables and 3) general hedge accounting.

The Group has applied HKFRS 9 in accordance with the transition provisions set out in HKFRS 9, i.e. applied the classification and measurement requirements (including impairment under ECL model) retrospectively to instruments that have not been derecognised as at 1 January 2018 (date of initial application) and has not applied the requirements to instruments that have already been derecognised as at 1 January 2018. The difference between carrying amounts as at 31 December 2017 and the carrying amounts as at 1 January 2018 are recognised in the opening retained profits and other components of equity, without restating comparative information.

Accordingly, certain comparative information may not be comparable as comparative information was prepared under HKAS 39 *Financial Instruments: Recognition and Measurement* (“HKAS 39”).

##### *Classification and measurement of financial assets*

All financial assets and financial liabilities continue to be measured on the same bases as were previously measured under HKAS 39.

##### *Impairment under ECL model*

The Group applies the HKFRS 9 simplified approach to measure ECL when uses a lifetime ECL for all trade receivables from initial recognition. To measure the ECL, trade receivables have been grouped based on shared credit risk characteristics and the days past due.

ECL for other financial assets at amortised cost, including bank balances, other receivables and rental deposits paid, are assessed on 12-month ECL (“12m ECL”) basis as there had been no significant increase in credit risk since initial recognition.

The directors considered that the measurement of ECL has no material impact to the Group’s retained earnings at 1 January 2018.

#### HKFRS 16 Leases

HKFRS 16 introduces a comprehensive model for the identification of lease arrangements and accounting treatments for both lessors and lessees. HKFRS 16 will supersede HKAS 17 *Leases* and the related interpretations when it becomes effective.

HKFRS 16 distinguishes lease and service contracts on the basis of whether an identified asset is controlled by a customer. In addition, HKFRS 16 requires sales and leaseback transactions to be determined based on the requirements of HKFRS 15 as to whether the transfer of the relevant asset should be accounted as a sale. HKFRS 16 also includes requirements relating to subleases and lease modifications.

Distinctions of operating leases and finance leases are removed for lessee accounting, and is replaced by a model where a right-of-use asset and a corresponding liability have to be recognised for all leases by lessees, except for short-term leases and leases of low value assets.

### 3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

#### New and amendments to HKFRSs in issue but not yet effective (continued)

##### HKFRS 16 Leases (continued)

The right-of-use asset is initially measured at cost and subsequently measured at cost (subject to certain exceptions) less accumulated depreciation and impairment losses, adjusted for any remeasurement of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at that date. Subsequently, the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications, amongst others. For the classification of cash flows, the Group currently presents upfront prepaid lease payments as investing cash flows in relation to leasehold lands for owned use and those classified as investment properties while other operating lease payments are presented as operating cash flows. Upon application of HKFRS 16, lease payments in relation to lease liability will be allocated into a principal and an interest portion which will be presented as financing cash flows by the Group.

Under HKAS 17, the Group has a prepaid lease payments for leasehold lands where the Group is a lessee. The application of HKFRS 16 may result in potential changes in classification of these assets depending on whether the Group presents right-of-use assets separately or within the same line item at which the corresponding underlying assets would be presented if they were owned.

Other than certain requirements which are also applicable to lessor, HKFRS 16 substantially carries forward the lessor accounting requirements in HKAS 17, and continues to require a lessor to classify a lease either as an operating lease or a finance lease.

Furthermore, extensive disclosures are required by HKFRS 16.

As at 31 December 2018, the Group has non-cancellable operating lease commitments of approximately HK\$224,000. A preliminary assessment indicates that these arrangements will meet the definition of a lease. Upon application of HKFRS 16, the Group will recognise a right-of-use asset and a corresponding liability in respect of all these leases unless they qualify for low value or short-term leases.

In addition, the Group currently considers refundable rental deposits paid of approximately HK\$223,000 and refundable rental deposits received of approximately HK\$2,394,000 as rights and obligations under leases to which HKAS 17 applies. Based on the definition of lease payments under HKFRS 16, such deposits are not payments relating to the right to use the underlying assets, accordingly, the carrying amounts of such deposits may be adjusted to amortised costs. Adjustments to refundable rental deposits paid would be considered as additional lease payments and included in the carrying amount of right-of-use assets. Adjustment to refundable rental deposits received would be considered as advance lease payments.

The application of new requirements may result in changes in measurement, presentation and disclosure as indicated above. The Group intends to elect the practical expedient to apply HKFRS 16 to contracts that were previously identified as leases applying HKAS 17 and HK(IFRIC)-Int 4 *Determining whether an Arrangement contains a Lease* and not apply this standard to contracts that were not previously identified as containing a lease applying HKAS 17 and HK(IFRIC)-Int 4. Therefore, the Group will not reassess whether the contracts are, or contain a lease which already existed prior to the date of initial application. Furthermore, the Group intends to elect the modified retrospective approach for the application of HKFRS 16 as lessee and will recognise the cumulative effect of initial application to opening retained profits without restating comparative information.

### 3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

New and amendments to HKFRSs in issue but not yet effective (continued)

#### HK(IFRIC)-Int 23 *Uncertainty over Income Tax Treatments*

HK(IFRIC)-Int 23 sets out how to determine the accounting tax position when there is uncertainty over income tax treatments. The interpretation requires an entity to determine whether uncertain tax positions are assessed separately or as a group; and assess whether it is probable that a tax authority will accept an uncertain tax treatment used, or proposed to be used, by an entity in its income tax filings.

#### Amendments to HKFRS 10 and HKAS 28 *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments to HKFRS 10 *Consolidated Financial Statements* and HKAS 28 *Investments in Associates and Joint Ventures* deal with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. Specifically, the amendments state that gains or losses resulting from the loss of control of a subsidiary that does not contain a business in a transaction with an associate or a joint venture that is accounted for using the equity method, are recognised in the parent's profit or loss only to the extent of the unrelated investors' interests in that associate or joint venture. Similarly, gains or losses resulting from the remeasurement of investments retained in any former subsidiary (that has become an associate or a joint venture that is accounted for using the equity method) to fair value are recognised in the former parent's profit or loss only to the extent of the unrelated investors' interests in the new associate or joint venture.

#### Amendments to HKAS 28 *Long-term Interests in Associates and Joint Ventures*

The amendments clarify that an entity applies HKFRS 9, including the impairment requirements, to long-term interests in an associate or joint venture to which the equity method is not applied that form part of the net investment in the investee. Furthermore, in applying HKFRS 9 to long-term interests, an entity does not take into account adjustments to their carrying amount required by HKAS 28 (i.e. adjustments to the carrying amount of long-term interests arising from the allocation of losses of the investee or assessment of impairment in accordance with HKAS 28).

#### Amendments to HKFRSs *Annual Improvements to HKFRSs 2015-2017 Cycle*

The annual improvement packages amended the following four standards.

##### HKAS 12 *Income Taxes*

The amendments clarify that an entity should recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised the transactions that generated the distributable profits. This is the case irrespective of whether different tax rates apply to distributed and undistributed profits.

##### HKAS 23 *Borrowing Costs*

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings.

New and amendments to HKFRSs in issue but not yet effective (continued)

Amendments to HKFRSs *Annual Improvements to HKFRSs 2015-2017 Cycle* (continued)

#### HKFRS 3 *Business Combinations*

The amendments clarify that when an entity obtains control of a business that is a joint operation, the entity applies the requirements for a business combination achieved in stages, including remeasuring its previously held interest in the joint operation at fair value. The previously held interest to be remeasured includes any unrecognised assets, liabilities and goodwill relating to the joint operation.

#### HKFRS 11 *Joint Arrangements*

The amendments clarify that when a party that participates in, but does not have joint control of, a joint operation that is a business obtains joint control of such a joint operation, the entity does not remeasure its previously held interest in the joint operation.

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for the year ended 31 December 2017.

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the “Bill”) which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2 million of profits of the qualifying group entity will be taxed at 8.25%, and profits above HK\$2 million will be taxed at 16.5%. The profits of group entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Accordingly, starting from the current year, the Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million.

No provision for Hong Kong Profits Tax has been made in the consolidated financial statements as the Company and its Hong Kong subsidiaries did not have any assessable profits for the year (2017: Nil).

Under the Law of the People’s Republic of China on Enterprise Income Tax (the “EIT Law”) and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% for both years.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Business Review**

For the year ended 31 December 2018, the Group recorded net profit attributable to owners of the Company approximately HK\$9.42 million (2017: Approximately HK\$7.95 million). The Group's substantial growth in net profit is mainly attributable to (i) the increase of around 11.70% in revenue from hotel operations for the year ended 31 December 2018 as compared to the revenue from hotel of approximately HK\$29.75 million for the year ended 31 December 2017; (ii) increase in profit contribution from associated companies during the year and (iii) the higher gains arising on change in fair value of investment properties for the year 2018 when compared to the corresponding financial year.

The turnover of the Group for the year ended 31 December 2018 amounted to approximately HK\$39.15 million, representing an increase of approximately 9.26% from approximately HK\$35.83 million in the previous year. The increase is mainly due to the increase in business volume of star-rated hotel operation during the year under review.

Given our good balance sheet status and cash generation ability, our financial position continues to be strong. As at 31 December 2018, the gearing ratio (dividing non-current liabilities by equity plus non-current liabilities multiplied by 100 which results in a percentage) of the Group was 1% (2017: 1.05%).

### **Operational Review**

#### **A. Star-rated hotel operation**

In 2018, the hotel introduced new management model by carrying out professional manager system reform, successfully restored the title of four-star by passing verification and was also awarded the honor of "the Top 100 Conference Hotel of China".

Star-rated hotel operation is the main source of revenue for the Group. For the year ended 31 December 2018, the turnover of the hotel operation was approximately HK\$33.23 million (2017: HK\$29.75 million), representing an increase of approximately 11.70% from the previous year.

For the year under review, the average occupancy rate was approximately 80.12% (2017: 68.82%), representing an increase of 16.42% over the previous year. Average daily rate (ADR) was approximately RMB298 (2017: RMB285) representing an increase of 4.6% over the previous financial year.

#### *Accommodation revenue*

The accommodation revenue was mainly determined by the number of available rooms, occupancy rate and ADR of the Group's hotel. During the year under review, the accommodation revenue of star-rated hotel was approximately HK\$20.04 million, representing an increase of approximately 29% over the corresponding period of 2017, which is mainly due to accommodation reserve income for year ended 31 December 2018.

#### *Catering revenue*

Starting from 2015, the Group made a major effort to develop the catering business through the hotel. During the year under review which generating revenue of approximately HK\$8.61 million representing approximately 26% of the hotel operation's turnover.

Increasing costs arising from the operating environment, especially from increasing wages, remains the key challenge for the hotel industry. To overcome these adversities, the Group will continue to implement tight cost control measures and seek further improvement in operational efficiency to minimise the adverse impacts.

Improved customer services and better hotel facilities are core competitive advantages to seize the growth opportunity in local tourism and restaurant industries. The Board believes that the hotel business in Xiamen will contribute positively to the Group. Meanwhile, the hotel management is enhancing sales force regarding wedding banquet, catering and related services as well.

#### *Rental revenue*

In order to stabilise the income of the hotel operation, the hotel leased out the shopping centre in the Group's hotel. This contributed to approximately HK\$3.69 million in rental revenue during the year under review, representing approximately 11% of the hotel operation's turnover.

## **Operational Review (Continued)**

### **B. Hong Kong properties held by the Group**

As at 31 December 2018, all properties in Hong Kong held by the Group were 100% rented out, which brought a steady rental income to the Group.

During the year under review, the rental income of the properties in Hong Kong was approximately HK\$5.92 million, representing a decrease of approximately 2.69%. The decrease is mainly due to certain units being vacant during the period under review and searching for new tenants with better return. Such units were leased out in July of 2018. The Group recorded approximately HK\$6.08 million in rental income of properties in Hong Kong for the corresponding period of last year.

With the support of the stable Hong Kong economy growth, increase in rental from rental renewal and stable occupancy will drive the revenue growth for the Group's properties.

### **C. Piano Manufacturing**

The Group diversified its business into piano manufacturing by acquiring a 25% equity interest in Fuzhou Harmony Piano Co. Ltd. ("Harmony Piano") in 2005. This business interest has brought a steady profit to the Group for the past few years. For the year under review, the Group recorded a share of loss from its interest in Harmony Piano approximately HK\$0.21 million (2017: Profit of approximately HK\$0.54 million). Loss from the interest in Harmony Piano is mainly attributable to diminished gross profit margin.

### **D. Finance Leasing**

For the year ended 31 December 2018, the interest in joint venture contributed approximately HK\$3.33 million profit for the period.

## **Future Development**

Looking forward into 2019, the Group will adhere to the corporate strategy using investment management and operation management as a core method for achieving continuous value-based growth. On the one hand, the Group will continue its searches for assets with healthy profitability and excellent growth potential as long-term investment through investment management. On the other hand, it will establish a group-level multi-dimensional operation-supporting system covering among others, brand operation, management information, human resources and supply chain to advance operation efficiency, lower costs and enhance brand influence.

We are aware that during the past year, China's hotel industry has maintained a relatively speedy growth and has been constantly changing. However, the nature of China's hotel industry remained unchanged. The increase of disposable income per capita, the rise of urbanization level and the accelerating pace of life remained the base driving forces behind the long-term and constant growth of China's hotel industry.

The Group will strive to seize the opportunity presented by the reform of state-owned assets, give full play to the strengths of FTDC as "Top 20 advantage Tourism Group in China" and actively seek breakthroughs in the field of tourism-related and other business areas, together with accelerate the reform in the area of institutional mechanisms, integrate the industry chains of hotel, tourism and other businesses. Meanwhile, we will expand into industries such as finance, high technology, intelligent technology, etc. to achieve diversification of our income source, so as to further increase our overall asset return and enterprise value.

## Financial Review (Continued)

### Exposure to Fluctuation in Exchange Rate and Related Hedges

There has been no significant change in the Group's policy in terms of exchange rate exposure. The Group operates mainly in Hong Kong and the PRC. Most of the transactions and cash and cash equivalents are denominated in Hong Kong dollars ("HK\$") and in Renminbi ("RMB"). The Group is exposed to foreign currency risk due to the exchange rate fluctuation of RMB against HK\$. Moderate fluctuation of RMB against HK\$ was expected. The Group considered the foreign currency risk exposure is acceptable. However, management of the Group will monitor foreign exposure closely and consider the use of hedging instruments when necessary.

As most of the Company's business operations are located in Hong Kong and Mainland China, the Company faces foreign currency risks due to exchange gain/loss from exchange rate fluctuations as well as currency conversion risk due to converted net asset value fluctuations of investment projects in Mainland China. To effectively manage foreign currency risk, the Company closely monitors foreign exchange markets, and utilises multiple strategic approaches, such as optimising cash management strategy and project finance instruments, to manage foreign exchange risk.

### Material acquisitions and disposals

During the year under review, there were no material acquisition or disposal of any subsidiary or associate of the Group.

### Capital Commitments

## **COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE**

Adapting and adhering to recognised standards of corporate governance principles and practices has always been one of the top priorities of the Company. The Board of Directors (the “Board”) believes that good corporate governance is one of the areas that leads to the success of the Company and balances the interests of shareholders, customers and employees, and the Board is devoted to ongoing enhancements of the efficiency and effectiveness of such principles and practices.

The Company has fully complied throughout the year 2018 with the applicable provisions set out in the Corporate Governance Code (the “Code”) contained in Appendix 14 to the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

In the opinion of the Directors, the Company has complied all code provisions as contained in the Code during the year ended 31 December 2018.

## **RISK MANAGEMENT**

The Company’s management believes that risk management is an essential component of the Group’s administrative structure. The management assists the Board in evaluating material risk exposure existing in the Group’s business, including investment risk, interest rate risk, liquidity risk etc, and participates in designing and formulating appropriate risk management and internal control measures, and to ensure its implementation in daily operational management.

The management considers that the investment risk management measures provide guarantee to the Group through its way of seeking new development opportunities, as to secure reasonable return in every investment, to reduce investment risks and to avoid possible loss attributable to investments.

The Group’s risk management towards liquidity aims to ensure that under all circumstances there exists sufficient capital to fulfill repayment obligations of all debts due, to maintain good creditworthiness, to finance reasonable investment opportunities and to fuel business development. The Group’s accounting department is responsible for daily financial activities and monitoring liquidity position from time to time to cope with business operation of the Company.

The Board had conducted a review on the effectiveness of the Group’s internal control and risk management systems once during the year ended 31 December 2018 which covered financial, operational, compliance procedural and risk management functions and had considered the adequacy of resources, staff qualifications and experience, training programmes and budget of the Company’s accounting and financial reporting function. In light of the size and scale of the Group’s businesses, the Board is also delegated with the responsibilities for the internal control of the Group and for reviewing its effectiveness. As such, the Group currently does not have an internal audit team. The Board will review and consider to establish such department as and when it thinks necessary.

## **RISK MANAGEMENT (CONTINUED)**

The Group believes that good corporate governance practices are very important for maintaining and promoting investor confidence and for the sustainable growth of the Group. The Group has therefore made continued efforts to uplift its quality of corporate governance. It has established a highly effective system of internal controls and adopted a series of measures to ensure its safety and effectiveness. As a result, the Group is able to safeguard its assets and protect the interests of its Shareholders.

The Board is of the view that the systems of internal control and risk management are effective and there are no irregularities, improprieties, frauds or other deficiencies that suggest material deficiency in the effectiveness of the Group's internal control system.
