ii. The following glossary contains explanations of certain terms used in connection with products of the Bank to facilitate the understanding of investors

**E-loan**: The Bank provides "one-stop" loan services for its customers via mobile phones. By using the WeChat public account "CEB Personal Loans", customers can handle personal loan business and have access to value-added services.

**Reassuring Loan**: A smart network loan brand. It is intended to apply big data and artificial intelligence (AI) to consumption scenarios, with a view to offering all customers the network loan services which are convenient, fast and intelligent.

**Sunshine e-Petty Loan**: A short-term revolving loan product. It supports such functions as online application, automatic approval, and online contract signing, drawdown and repayment. It is mainly targeted at the existing high-quality small and micro-sized enterprise customers of the Bank. While granting this type of loans, the Bank will make analysis and decisions with reference to the internal and external data, including those on the assets and transactions of enterprises and their legal representatives.

**Colorful Sunshine**: A net-value wealth management system launched by the Bank. It uses the seven colors of sunshine (red, orange, yellow, green, blue, indigo, and purple) to represent the following seven categories of asset allocation: stock, hybrid strategy, fixed income, cash management, alternative assets, private equity, and structured investment and financing. It conforms to the new regulations on asset management and wealth management.

Monthly Interest Pal: A personal large-amount certificate of deposit (CD) product launched by the Bank. It pays interest on a monthly basis, and pays principal in one lump sum upon maturity.

**Sunshine Refactoring**: A product that enables factoring companies/bank factors to transfer their receivables obtained from the delivery of factoring services as well as all rights thereof to the Bank in exchange for such comprehensive financial services as trade financing, receivables management, receivables collection, and bad debt guarantee.

**Sunshine e-Link**: A product through which the Bank can employ such electronic means as online banking, bank-corporate direct linkage, or third-party supply-chain financial platform to directly or indirectly obtain the background information of both trading sides and the information on transfer of mutual creditor's rights for the upstream or downstream transactions of the supply chain, and to provide online factoring services throughout the whole process.

**Sunshine Supply Chain**: A financial brand of the Bank. It deals with trade finance and supply chain. It is an integrated transaction banking business platform and service system that supports on-and-off-balance-sheet items, home and foreign currencies, settlement and financing, interest rate and exchange rate, business within and outside free trade zones (FTZ), domestic and overseas institutions, and online and offline operations.

**Bank-yi**: The name of Everbright Supermarket. In addition to commercial banking business, the supermarket also offers businesses and products of other companies of China Everbright Group, manifesting the Banks's vision of "Everbright, forever".

#### **II. SIGNIFICANT RISK WARNING**

The Bank has disclosed herein the major risks involved in its operations and proposed risk management measures accordingly. Please refer to the "Discussion and Analysis of Operations" for details.

### **Company Profile**

### **II. INTRODUCTION**

China Everbright Bank (hereinafter referred to as "CEB" or "the Bank"), which was established in August 1992 and headquartered in Beijing, is a national joint-stock commercial bank approved by the State Council of China and the People's Bank of China (Central Bank). The Bank was listed on the Shanghai Stock Exchange (SSE) in August 2010 (stock code 601818) and the Hong Kong Exchanges and Clearing Limited (HKEX) in December 2013 (stock code 6818).

With continuous reform and innovation in optimizing its products design, channel development and service models, the Bank forged a strong competitive edge in its major product and business lines such as asset management, investment banking business, e-banking and credit card. Therefore, it has achieved balanced growth of all business lines, with improved risk management and enhanced innovation capabilities.

As at the end of the reporting period, the Bank had established 1,252 branches and outlets nationwide, which managed to cover all provincial administrative regions and extended its business reach to 136 economic center cities across the country. Closely following up with the Belt and Road Initiative and expanding its international presence at a faster pace, the Bank put Hong Kong Branch, Seoul Branch, CEB International Investment Corporation Limited, China Everbright Bank (Europe) S.A., and Luxembourg Branch into operation successively. At the same time, the Bank's long-term sponsorship for "Water Cellar for Mothers", a public charity program, demonstrated CEB's ever-growing commitment to its social responsibilities, which was well recognized by the Chinese society. The Bank was ranked No.39 in the "Top 1,000 World Banks" by The Banker, a U.K. magazine, in 2018, 10 notches up over the previous year.

Over the years, along with the evolution of Chinese economy and the growth of Chinese financial sector, the Bank managed to improve its brand image and market value continuously. While rendering its customers and the public with quality financial services, it also secured a good business performance. Now the Bank is an influential listed bank with sound compliance.

#### **III. HONORS AND AWARDS**

- 1. The Bank won the Annual Poverty Alleviation Award on 11 January 2018 when the New Era, New Responsibility-themed Release Ceremony of the 12<sup>th</sup> CSR Excellence Awards was hosted by people.cn.

LI Xiaopeng Chairman

## Message from the Chairman

2018 was an extraordinary year witnessing the 40th anniversary of China's Reform and Opening-Up, and marking China Everbright Bank's first year implementing the strategy of "building a leading wealth management bank". Faced with profound changes in the internal and external environment, CEB has stayed true to the overall principle of pursuing progress while maintaining stability, and achieving profitability while ensuring quality. As a result, CEB has delivered satisfactory results through orderly operations. Operating revenue exceeded the RMB100 billion threshold, reflecting significantly improved profitability; assets and liabilities realized steady growth, attesting to an improving structure; risk management bottom line was firmly guarded, ensuring asset quality under control.

As the year wraps up, I am genuinely proud of CEB's impressive take-off in 2018.

During the past year, CEB integrated enhancing the Party's leadership with improving corporate governance, and advanced top-tier bank building by first-class Party building. We welcomed suggestions and opinions, benchmarked against our peers and conducted strategic optimization to form consensus and find the right direction. We promoted our culture characterized by "family, sunshine, pro-business and responsibility" to foster cohesion and invigorate morale. We also stimulated potential and enhanced unity through programs, such as "Voices from Employees" and "CEB Talents". Moreover, we accelerated our human resource reform and launched the "CEB Talent Pavilion" to attract talents.

Over the past year, CEB provided quality services for private enterprises in order to support the real economy. We boosted innovation in products and mechanisms, and were the first to use the RRR reduction to launch marketoriented debt-for-equity programs. We created a credit risk mitigation warrant, and undertook multiple measures to address the difficulties private enterprises face. In addition, we promoted inclusive credit financing factory, advanced the development of inclusive finance, and cleared the "last mile" hurdle in financing for small- and microenterprises. We also fulfilled our social responsibilities by strengthening our financial support for targeted poverty alleviation.

In 2018, CEB focused on strategic connotations, clarified the strategic vision and diligently pushed the construction of Wealth Management 3.0. We implemented the transformation of asset management business and continuously improved the "Sunshine" brand image. We created the Cloud Fee Payment, the largest open payment platform in China, to build an inclusive and convenient ecosystem. We rolled out CEB supermarket, "Bank-yi", to explore a new mode of synergized marketing across different business segments. Furthermore, we enhanced technological innovation, fully leveraged the Internet Plus concept and built "financial brain" in an effort to drive the Bank's financial development with the latest technology.

CEB's performance attracted notable attention from many areas of the financial world. In May, Moody's lifted our rating outlook from "stable" to "positive"; in July, CEB was enlisted as 39th in the Top 1000 World Banks selected by Britain's *The Banker* magazine, up by 10 from last year; CEB ranked 40th in the "2018 Brand Finance Banking 500", up by 4 places from last year; CEB also ranked 7th amongst China commercial banks in 2018 "GYROSCOPE" appraisal system by the China Banking Association, 5 places higher than the previous year.

As we sail into 2019, I look forward to groundbreaking success amidst all challenges.

2019 is the Year of Deepening Strategy and the Year of Value Creation for CEB. While carrying out the vision of "building a leading wealth management bank", we will firmly implement China's national strategy and continuously improve our ability to serve the real economy. We will roll out well-regarded and innovative products, and integrate channels and resources to advance the E-SBU. We will also deepen institutional reform and refine the market-based operating mechanism, and at the same time seize opportunities to expand an international presence with CEB characteristics.

As the journey goes on, our dream goes on. We at CEB will always have the drive, the courage and the capability to fight for a brighter future and repay our shareholders and society with an outstanding performance.

**GE Haijiao** President

## Message from the President

In 2018, CEB implemented the new strategy of "building a leading wealth management bank". Guided by this objective, we achieved a balance between progress and stability, as well as quality and profitability. CEB delivered remarkable operating performance, recording operating revenue of RMB110,386 million and net profit of RMB33,721 million, an increase of 19.96% and 6.67% respectively.

We firmly safeguarded our risk management bottom-line across the board and strengthened credit risk management. As of the end of the year, our NPL ratio was 1.59%, basically on par with that of the previous year, our Special Mention Loan ratio was down by 0.56 percentage point to 2.41%, and our provision coverage ratio was up by 17.98 percentage points to 176.16%. We enhanced liquidity risk management, internal controls and compliance management, and fin-tech risk management, and adhered to safe and stable operations.

We undertook special effort on the "two adjustments and two transformations" – adjusting 1) deposit structure and 2) loan structure, while promoting the optimization of 1) branches/sub-branches and 2) income structure. As a result, our general deposits and core deposits maintained steady growth, net interest margin improved, capacity and service quality at outlets continued to increase, and net fees grew by 19.89% from last year.

Furthermore, we accelerated business and technological transformation. Centered on the strategic vision of "building a leading wealth management bank", we pushed forward the transformation and innovation of the three main businesses of corporate banking, retail and asset management, in an effort to serve the real economy and create wellregarded products and outlets. We also promoted the digitalization of businesses. Our internet finance developed at top speed and cloud fee payments maintained a leading position in the industry.

In 2019, we will continue to maintain stable operations and make progress in a practical and innovative manner. Embarking on a new journey, we will not only strive to achieve the goals for the present year, but also create favorable conditions for the medium- to long-term optimization of systems and mechanisms. Steadily and unremittingly, we will improve corporate governance, realize the Year of Value Creation, seek quality development and march unswervingly toward the goal of "building a leading wealth management bank" in 2019 and beyond.

Notes:

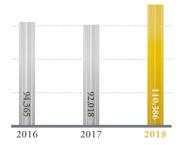

- 1. It only includes provision for impairment of loans measured at amortized cost.
- 2. Net assets per share attributable to ordinary shareholders of the Bank = (net assets attributable to equity shareholders of the Bank preference shares of other equity instruments)/total number of ordinary shares at the end of the period.
- 3. Basic earnings per ordinary share = net profit attributable to ordinary shareholders of the Bank/weighted average number of ordinary shares outstanding; net profit attributable to ordinary shareholders of the Bank = net profit attributable to equity shareholders of the Bank – dividends of the preference shares declared during the period.
- 4. Diluted earnings per share = (net profit attributable to ordinary shareholders of the Bank + effect of dilutive potential ordinary shares on net profit attributable to ordinary shareholders of the Bank)/(weighted average number of ordinary shares outstanding + weighted average number of dilutive potential ordinary shares converted into ordinary shares).
- 5. Return on weighted average net assets = net profit attributable to ordinary shareholders of the Bank/weighted average net assets attributable to ordinary shareholders of the Bank.
- 6. Provision coverage ratio = (provision for impairment of loans and advances to customers measured at amortized cost + provision for impairment of loans at fair value through other comprehensive income)/balance of NPLs.
- 7. Provision-to-loan ratio = (provision for impairment of loans measured at amortized cost + provision for impairment of loans at fair value through other comprehensive income)/total loans and advances to customers.

The above figures from 2, 3, 4 and 5 were calculated according to the Compilation Rules for Information Disclosures by Companies that Offer Securities to the Public (No.9): Calculation and Disclosure of Rate of Return on Equity and Earnings per Share (2010 Revision) issued by CSRC.

The Bank distributed total dividends of the preference shares of RMB1.45 billion (before tax) for the year of 2018.

| Liquidity coverage ratio             | 118.15      | 97.84        | 115.77  | 99.68             |
| Eligible high quality liquid assets  | 407,191     | 338,731      | 340,983 | 284,312           |
| Net cash outflow in the next 30 days | 344,642     | 346,214      | 294,535 | 285,211           |

## Business Overview of the Bank

## I. ECONOMIC, FINANCIAL AND REGULATORY ENVIRONMENTS DURING THE REPORTING PERIOD

In 2018, the global economy continued to grow on the whole, while the growth momentum slowed down and the economy progress witnessed a less synchronicity. Affected by global trade frictions and changes in the financial environment, financial market fluctuations intensified and economic downward risks rose.

China's economy was generally stable. The annual GDP growth was 6.6% which was kept within an appropriate range while the overall economy is facing downward pressure. The economic structure was continuously improved, and the contribution of consumption to economic growth increased. The supply-side structural reform was further advanced, reform and opening up was intensified and new drivers of growth gained strength.

In 2018, Central Bank implemented a sound monetary policy to maintain reasonable and sufficient liquidity in the banking system. Following the fundamental principle of making the financial sector better serve the real economy, it applied existing and new monetary policy instruments to advance the economic support for small and micro business and private economy. Meanwhile, it adjusted macro-prudential polices in a timely manner and made good use of their countercyclical regulation. Besides, with the reform in interest rate liberalization going deeper, the market-based operation of Renminbi got regularized.

CBIRC strengthened its supervision, timely made up for the weakness in terms of regulatory policies, focused on preventing and mitigating financial risks and took a stern investigation and accountability mechanism. It also tackled the misconducts that disrupted the normal market order so as to enable the banking system to return to the original aspirations and focus on principal business. In addition, the regulator went further in reform and opening up, promoted the transformation of the banking sector to high-quality development, and improved the sector's capacity to serve the real economy.

#### **II. INDUSTRY LANDSCAPE AND STATUS OF THE BANK**

In 2018, the Chinese banking sector was steady as a whole, focused on strengthening corporate governance, expanded opening up and deeply integrated financial technologies, and set up many Fin Tech subsidiaries. Due to this, the sector was able to better serve the real economy. Furthermore, the stronger and stricter regulation brought better discipline to the financial market.

The Bank remained committed to the principle of pursuing progress while ensuring stability, paid more attention to improve the quality and performance of the development, propelled structural adjustment and forestalled a variety of risk bottom lines. It also sped up the development of internet finance business by strongly boosting digitalized transformation and technological innovation and creating the image of "Digital CEB". What's more, the Bank deepened the reform of system and mechanism across the board, sped up the transformation of operational mode, and proactively served the real economy and private economy, thus enhancing the foundation for development.

## Business Overview of the Bank

#### III. REVIEW OF MAIN WORK OF THE BANK

## i. The Bank drafted the new version of development strategy aiming to push its development to a new level.

The Bank made clear its strategy vision of "building a leading wealth management bank" and actively promoted the building of wealth management 3.0. In this process, it highlighted the three characteristics of "wealth management". The first is "big". The Bank launched more diversified wealth management products and attracted more extensive customers, including traditional personal customers, as well as corporate customers, institutional customers and government customers. The second is "true", that is, to make wealth management return to its origin. This characteristic is demonstrated through the creation, design and issuance of products, investment management and the risk and return. The third is "new". The Bank adapted to the development trend of FinTech and responded to the digital, intelligent requirements of the time in its wealth management business.

#### ii. The Bank fulfilled its social responsibilities in line with policy orientation.

The Bank gave full support to the development of private enterprises and small and micro enterprises, cooperated with private enterprises to implement the first market-oriented debt-for-equity swap project using funds released from reserve requirement ratio (RRR) cuts, promoted inclusive finance credit factories, set up institutions dedicated to inclusive finance, and realized the goal of "two increases and two controls". Furthermore, the Bank proactively carried out the task of fighting against poverty, ensured that loans for agriculture and targeted poverty alleviation were granted in full and on time to provide financial support to targeted poverty-relief areas, and continued to donate funds to charity projects such as the "Water Cellar for Mothers" and local Red Cross Society branches.

#### iii. The Bank intensified risk management and controlled risks effectively.

The Bank strengthened the unified credit management, improved the credit policy framework, and enhanced the early warning ability. As a result, the risk indicators tended to be good. It intensified the management of matching assets and liabilities, strengthened the overall planning function of the treasury, and continued to meet liquidity risk targets. Besides, it improved internal control and compliance management, did a good job in the rotation of key personnel, and continued to carry out unannounced inspection. The Bank also strengthened technology and reputational risk management. Thanks to these efforts, it maintained stable information system operation and a sound reputation.

#### iv. The Bank continued to deepen reform and optimize its system and mechanism.

The Bank upgraded its organizational structure by adjusting the structure and functions of some departments of the Head Office, and provided organizational and human resource support to key areas such as cloud fee payment, auto finance, inclusive finance and intelligent risk control center. In term of employment, the Bank refined the mechanism for selecting and appointing officials and employees, and realized internal talent flow and external talent introduction through the "Talent Initiative". It explored ways to make the secretaries of Discipline Committee of branches more professional and significantly strengthened Party building and discipline inspection and supervision.

#### IV. ANALYSIS ON CORE COMPETITIVENESS OF THE BANK

China Everbright Group's full range of financial licenses: As a key state-owned enterprise under the management of the central government, China Everbright Group owns a full range of financial licenses and has set up a platform for the multi-business linkage cooperation of the Bank and other companies under the banner of the Group so as to provide customers with cross-market integrated financial solutions.

Unified Sunshine brand: Upholding the business philosophy of "Sharing Sunshine Innovating Life" for many years, the Bank has stepped up its brand building efforts to create the "Sunshine" brand series. Thanks to the brand, it develops a favorable image in the market, gains fairly great reputation, and demonstrates considerable brand competitiveness.

Outstanding innovative DNA: The Bank was incorporated at the right time when a competitive financial market just emerged in China, and it grew stronger in the pursuit of exploration and innovation. Inspired by the intensive awareness of making innovation, it secured impressively innovative achievements. With its innovative efforts, it became the first bank that launched the RMB wealth management product, the first one to be licensed for running the national treasury business on an agency basis, and one of the first banks owning the dual qualifications for enterprise annuity custodian and account manager across the country. Besides, it accomplished the first market-oriented debt-for-equity swap project, and forged the largest open-ended payment platform named "Cloud Bill Payment" nationwide.

Leading roles in some businesses: The Bank has obtained comparative advantages in wealth management business, and is devoted to building the image of "leading wealth management bank". Its investment banking business segment as the first mover in the industry is able to provide corporate customers with comprehensive investment banking services. Its e-banking business has focused on building an open service system based on an open-ended platform, which thus has developed into an industry leading business model. Centering on customer service, the credit card business of the Bank has gained a superior position among its peers with rapid growth generated by means of technology-driven innovation and service-based image building.

Prudent and efficient system for comprehensive risk management: Sticking to the principle of "all-round, wholeprocess, all staff participation", the Bank keeps improving risk management system and mechanism, proactively pushes forward the transformation of risk management, and has established a sound and comprehensive risk management system which is adapted to the Bank's business scale and characteristics. The Bank is running a prudent and highly efficient risk management mechanism with the help of financial technology.

Advanced IT management and independent R&D capabilities: As the first Chinese commercial bank to realize "data centralization", the Bank has led the industry in terms of safe operation and maintenance as well as technological support capabilities. In recent years, it has also set up a platform to enhance its independent R&D capability.

#### I. OVERALL OPERATION OF THE BANK

In 2018, guided by the strategic version of "building a first-class wealth management bank", the Bank focused its efforts on carrying on three major tasks, that is, "serving real economy, preventing and controlling financial risk, and deepening financial reform", stuck to quality development, actively promoted structural adjustment, accelerated the business transformation on all fronts and held firmly the bottom line of risk. As a result, its business operation and management entered a safe and orderly track with sound momentum while ensuring stability.

#### i. Assets and liabilities realized steady growth, and structural adjustment effects appeared

As at the end of the reporting period, total assets of the Group posted RMB4,357,332 million, representing an increase of RMB269,089 million or 6.58% as compared with those at the end of the previous year. Total loans and advances to customers stood at RMB2,421,329 million, representing a year-on-year increase of RMB389,273 million or 19.16%, accounting for 55.57% of the total assets, up by 5.87 percentage points over the end of the previous year. The balance of deposits reached RMB2,571,961 million, representing a year-on-year increase of RMB299,296 million or 13.17%, accounting for 63.74% of the total liabilities, up by 3.66 percentage points year on year.

#### ii. Income recorded fast growth, and profitability kept improving

During the reporting period, operating income of the Group registered RMB110,386 million, a year-on-year increase of RMB18,368 million or 19.96%. Specifically, net fee and commission income posted RMB36,894 million, an increase of RMB6,120 million or 19.89% year on year. The income from investment securities reached RMB9,862 million, a year-on-year increase of RMB10,055 million. Net profit of the Group reached RMB33,721 million, up by RMB2,110 million or 6.67% as compared to the same period of last year.

#### iii. Asset quality remained controllable, and risk resistance got intensified

As at the end of the reporting period, the Group's non-performing loans (NPLs) amounted to RMB38,421 million, a year-on-year increase of RMB6,029 million. NPL ratio reported 1.59%, unchanged as compared with the end of the previous year. Provision coverage ratio reached 176.16%, up by 17.98 percentage points over the end of the previous year. Risk indicators remained stable while making progress.

## iv. Capital adequacy ratio (CAR) maintained a fairly high level, and conformed to regulatory requirements continuously

As at the end of the reporting period, the Group's CAR, tier-1 CAR and common equity tier-1 CAR was 13.01%, 10.09% and 9.15% respectively.

#### **II. INCOME STATEMENT ANALYSIS**

#### i. Changes in items of income statement

|   |        |         | Unit: RMB million |
|---|--------|---------|-------------------|
| Item  | 2018   | 2017    | Change            |
| Net interest income                                   | 61,043 | 60,950  | 93                |
| Net fee and commission income                         | 36,894 | 30,774  | 6,120             |
| Net trading gains/(losses)                            | 1,071  | (2,751) | 3,822             |

| Net profit attributable to equity shareholder of the  |        |         |                   |
| Bank  | 33,659 | 31,545  | 2,114             |

#### ii. Operating income

During the reporting period, the Group incurred an operating income of RMB110,386 million, a year-on-year increase of RMB18,368 million or 19.96%. Net interest income accounted for 55.30%, down by 10.94 percentage points year on year. The proportion of other income to the total operating income was 11.28%, a year-on-year increase of 10.96 percentage points.

|                               |        | Unit: % |
|-------------------------------|--------|---------|
| Item                          | 2018   | 2017    |
| Net interest income           | 55.30  | 66.24   |
| Net fee and commission income | 33.42  | 33.44   |
| Other income                  | 11.28  | 0.32    |
| Total operating income        | 100.00 | 100.00  |

#### iii. Net interest income

During the reporting period, the Group's net interest income stood at RMB61,043 million. In 2018, the Group adopted IFRS 9 officially. According to IFRS 9, the operating income generated from monetary funds and bond funds, which was previously recognized in "interest income", was included in other income such as "net gains/(losses) arising from investment securities". Calculated according to the standards applied in the last year, by adding back that income to the interest income, the net interest income posted RMB73,399 million, a year-on-year increase of RMB12,449 million or 20.42%.

By the comparable standards of the previous year, the Group's net interest spread reported 1.50%, a year-on-year increase of 18 basis points. Its net interest margin was 1.74%, up by 22 basis points year on year, mainly due to the improved asset and liability structure and the recovering interest margin of interbank business.

|                                       |           | 2018     |            |           | Unit: RMI<br>2017 | 3 million, % |

| repurchase agreements                 | 1,071,909 | 38,264   | 3.57       | 1,012,350 | 36,593            | 3.61         |
| Debt securities issued                | 422,935   | 18,234   | 4.31       | 512,675   | 20,582            | 4.01         |
| Total interest-bearing liabilities    | 3,870,593 | 107,524  | 2.78       | 3,710,275 | 99,393            | 2.68         |
| Interest expenses                     |           | 107,524  |            |           | 99,393            |              |
| Net interest income                   |           | 61,043   |            |           | 60,950            |              |
| Net interest spread <sup>1</sup>      |           |          | 1.50       |           |                   | 1.32         |
| Net interest margin <sup>2</sup>      |           |          | 1.74       |           |                   | 1.52         |

Notes:

1. Net interest spread is the difference between the average yield of total interest-bearing assets and the average cost of total interest-bearing liabilities;

2. Net interest margin is the net interest income divided by the average balance of total interest-bearing assets.

3. While calculating the net interest spread and net interest margin, the average balance and interest income of such business lines as fund investments were added back for recovery by the comparable standards of the previous year.

The following table sets forth the changes in interest income and interest expenses of the Group due to changes in business scale and interest rate.

#### iv. Interest income

During the reporting period, the Group yielded an interest income of RMB168,567 million, a year-on-year increase of RMB8,224 million or 5.13%. Such increase was mainly attributed to the growing interest income from loans and advances to customers.

#### 1. Interest income from loans and advances to customers

During the reporting period, the Group's interest income from loans and advances to customers amounted to RMB104,987 million, a year-on-year increase of RMB18,046 million or 20.76%. Such increase was mainly due to the expanding loan scale.

|                  |           |          |         |           | Unit: RM | B million, % |
|------------------|-----------|----------|---------|-----------|----------|--------------|
|                  |           | 2018     |         |           | 2017     |              |
| _                | Average   | Interest | Average | Average   | Interest | Average      |
| Item             | balance   | income   | yield   | balance   | income   | yield        |
| Corporate loans  | 1,276,160 | 61,585   | 4.83    | 1,174,691 | 53,463   | 4.55         |

| advances to      |           |          |         |           |          |              |
| customers        | 2,240,476 | 104,987  | 4.69    | 1,956,332 | 86,941   | 4.44         |

#### 2. Interest income from investment

During the reporting period, the Group's interest income from investment amounted to RMB45,870 million, a year-on-year decrease of RMB8,521 million or 15.67%. Such decrease was mainly because the Group adopted IFRS 9 officially in 2018. In accordance with IFRS 9, the operating income generated from monetary funds and bond funds, which was previously recognized in "interest income", was included in other income such as "net gains/(losses) arising from investment securities".

## 3. Interest income from placements and deposits with banks and other financial institutions, and financial assets held under resale agreements

During the reporting period, the Group's interest income from placements and deposits with banks and other financial institutions and financial assets held under resale agreements was RMB9,231 million, a year-on-year decrease of RMB1,788 million or 16.23%. The drop was mainly attributed to the shrinking scale of such assets.

#### v. Interest expense

During the reporting period, the Group's interest expenses amounted to RMB107,524 million, representing a yearon-year increase of RMB8,131 million or 8.18%. Such increase was mainly due to the growing interest expenses arising from deposits from customers and placements and deposits from banks and other financial institutions, and financial assets sold under repurchase agreements.

#### 1. Interest expenses on deposits from customers

During the reporting period, the Group's interest expenses on deposits from customers amounted to RMB51,026 million, a year-on-year increase of RMB8,808 million or 20.86%. Such increase was mainly due to the expanding scale of deposits from customers and rising interest rates.

| Time deposits       | 342,049            | 11,137               | 3.26               | 284,179            | 7,850                | 2.76                  |
| Total deposits from |                    |                      |                    |                    |                      |                       |
| customers           | 2,375,749          | 51,026               | 2.15               | 2,185,250          | 42,218               | 1.93                  |

## 2. Interest expenses on placements and deposits from banks and other financial institutions, and financial assets sold under repurchase agreements

During the reporting period, the Group's interest expenses on placements and deposits from banks and other financial institutions, and financial assets sold under repurchase agreements registered RMB38,264 million, up RMB1,671 million or 4.57% year on year. The increase was mainly attributed to the growth in placements and deposits from banks and other financial institutions, and financial assets sold under repurchase agreements.

#### 3. Interest expenses on debt securities issued

During the reporting period, the Group's interest expenses on debt securities issued totaled RMB18,234 million, a year-on-year decrease of RMB2,348 million or 11.41%. Such decrease was mainly due to the year-on-year decrease of the average balance of debt securities issued.

#### vi. Net fee and commission income

During the reporting period, net fee and commission income of the Group was RMB36,894 million, a year-on-year increase of RMB6,120 million or 19.89%. Such rise was mainly due to the notable increase in bank card service fees, which grew by RMB8,272 million or 40.60% year on year.

|   |         | Unit: RMB million |
|---|---------|-------------------|
| Item                                      | 2018    | 2017              |
| Fee and commission income                 | 39,552  | 33,025            |
| Underwriting and advisory fees            | 1,594   | 1,604             |
| Bank card service fees                    | 28,644  | 20,372            |
| Settlement and clearing fees              | 1,279   | 1,066             |
| Wealth management service fees            | 876     | 3,400             |
| Acceptance and guarantee fees             | 1,120   | 861               |
| Agency services fees                      | 2,734   | 2,665             |
| Custody and other fiduciary business fees | 1,358   | 1,683             |
| Others                                    | 1,947   | 1,374             |
| Fee and commission expenses               | (2,658) | (2,251)           |
| Net fee and commission income             | 36,894  | 30,774            |

#### vii. Other income

During the reporting period, the Group's other income stood at RMB12,449 million, representing a year-on-year increase of RMB12,155 million. The rise was mainly because the Group adopted IFRS 9 officially in 2018. In accordance with IFRS 9, the income from monetary funds, bond funds and other business lines was moved from the original item of "interest income" to the item of other income like "net gains/(losses) arising from investment securities" for accounting purpose.

|   |        | Unit: RMB million |
|---|--------|-------------------|
| Item  | 2018   | 2017              |
| Net trading gains/(losses)                            | 1,071  | (2,751)           |
| Dividend income                                       | 8      | 6                 |
| Net gains/(losses) arising from investment securities | 9,862  | (193)             |
| Net foreign exchange gains/(losses)                   | 724    | 2,464             |
| Other operating income                                | 784    | 768               |
| Total   | 12,449 | 294               |

Note: The gains and losses arising from foreign exchange derivative financial instruments in 2018 were moved from "net trading gains/(losses)" to "net foreign exchange (losses)/gains". The relevant data in 2017 shall not be traced to alter.

#### viii. Operating expenses

During the reporting period, the Group incurred operating expenses of RMB33,706 million, an increase of RMB2,904 million or 9.43% year on year. Cost-to-income ratio stood at 29.48%, down by 2.88 percentage points year on year.

|                                 |        | Unit: RMB million |
|---------------------------------|--------|-------------------|
| Item                            | 2018   | 2017              |
| Staff costs                     | 16,869 | 15,679            |
| Premises and equipment expenses | 5,017  | 4,828             |
| Tax and surcharges              | 1,165  | 1,025             |
| Others                          | 10,655 | 9,270             |
| Total operating expenses        | 33,706 | 30,802            |

#### ix. Impairment losses on assets

During the reporting period, the Group pursued the objective and prudent provisioning policy, continued to consolidate the provision foundation and increased risk resistance. It sustained the impairment losses on assets of RMB35,828 million, representing a year-on-year increase of RMB15,258 million or 74.18%.

|  |        | Unit: RMB million |
|--|--------|-------------------|
| Item   | 2018   | 2017              |
| Impairment losses on loans and advances to customers           | 34,345 | 19,700            |

| Impairment losses on finance lease receivables                 | 170    | 92                |
| Impairment on debt instruments at fair value through           |        |                   |
| other comprehensive income                                     | 58     | N/A               |
| Impairment on financial investments measured at amortized cost | 485    | N/A               |
| Impairment losses on held-to-maturity investments              | N/A    | (11)              |
| Impairment losses on available-for-sale financial assets       | N/A    | 207               |
| Impairment losses on debt securities classified as receivables | N/A    | 391               |
| Others   | 770    | 191               |
| Total impairment losses on assets                              | 35,828 | 20,570            |

#### x. Income tax

During the reporting period, the Group incurred an income tax of RMB7,131 million, a decrease of RMB1,904 million or 21.07% year on year.

### **III. BALANCE SHEET ANALYSIS**

#### i. Assets

As at the end of the reporting period, the Group's total assets reached RMB4,357,332 million, an increase of RMB269,089 million or 6.58% as compared with the end of the previous year, mainly due to the increase in loans and advances to customers.

Notes:

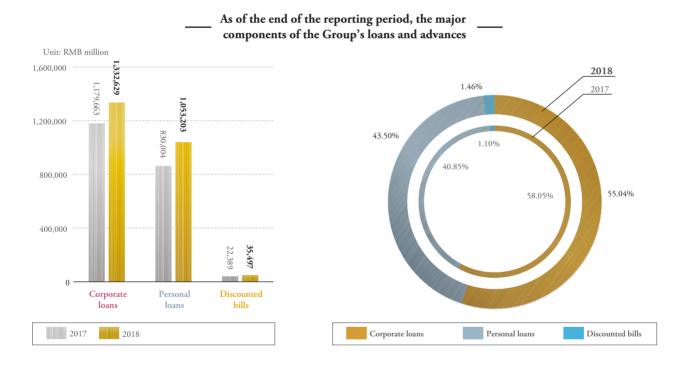

1. It only includes allowance for impairment of loans measured at amortized cost.

2. The items recognized were adjusted, of which the charged interest on financial instruments in 2018 was recognized in the book balance of the corresponding financial instruments, and the interest that has been due but not yet received at the balance sheet date was recognized under "other assets". The relevant data in 2017 shall not be traced to adjust.

#### 1. Loans and advances to customers

As at the end of the reporting period, the Group's total loans and advances to customers were RMB2,421,329 million, an increase of RMB389,273 million or 19.16% as compared with the end of the previous year. The proportion of net loans and advances to customers in total assets was 54.19%, an increase of 5.74 percentage points year on year.

Notes:

1. The proportion of the balance of loans in net capital is calculated according to the requirements of CBIRC.

2. Borrower 3 is a related party of the Bank and has conducted a connected transaction with the Bank.

### v. Five-category loan classification

Due to some internal and external factors such as macro economy slowdown and structural adjustment, the Group's NPLs balance increased moderately. As at the end of the reporting period, the balance of NPLs reported RMB38,421 million, an increase of RMB6,029 million year on year. The NPL ratio was 1.59%, on a par with that at the end of the previous year.

| Less: provision for impairment  | (11)        | (18)              |
| Net value of repossessed assets | 458         | 476               |

# xiii. Provision for loan impairment losses and write-off

The Group's provision for loan impairment losses includes provision for impairment of corporate loans and personal loan measured at amortized cost as well as provision for impairment of discounted bills and domestic forfeiting at fair value through other comprehensive income

The Group conducts credit risk test on financial instruments on the balance sheet date, and made provision for the estimated credit loss for loans of varied risk levels according to their potential risk. The provision for impairment losses was recognized through profit or loss for the current period.

|   |             | Unit: RMB million |
|---|-------------|-------------------|
|   | 31 December | 31 December       |
| Item  | 2018        | 2017              |
| Balance at the end of last year                               | 51,238      | 43,634            |
| Adjustment at the beginning of the year according to IFRS 9   | 6,833       | N/A               |
| Balance at the beginning of the year <sup>1</sup>             | 58,071      | 43,634            |
| Charge for the year <sup>2</sup>                              | 38,867      | 20,937            |
| Release for the year  | (4,153)     | (1,237)           |
| Recoveries due to written-off loans and advances for the year | 1,527       | 884               |
| Unwinding of discount <sup>3</sup>                            | (792)       | (1,015)           |
| Write-offs during the year                                    | (16,162)    | (6,007)           |
| Disposal in the year  | (10,149)    | (5,958)           |

Notes:

1. It excludes provision for impairment of discounted bills and domestic forfeiting at fair value through other comprehensive income.

2. It includes provision for impairment of loans made due to change of stage and change in cash flow resulting in loan contract being not derecognized.

3. It refers to cumulative interest income of impaired loans due to the subsequent increase in present value over time.

### xiv. Major measures for non-performing assets management and write-off policies for bad debts

The Bank further improved its asset quality management mechanism, strengthened the over-procedure monitoring process in respect to asset quality, and intensified efforts in NPL recovery. It accelerated the building of a special assets resolution information system to improve the efficiency of NPL disposal and maximize the value of NPLs. It also adopted new approaches of NPL disposal and pushed forward the implementation of market-oriented debt-for-equity swaps, so as to support the development of private enterprises and serve the real economy.

Pursuant to the requirements of the Administrative Measures on Write-off of Bad Debts for Financial Enterprises (2017 revision) issued by MOF, the Bank referred to the principle of conforming to identified conditions, providing with efficient evidence, strengthened the review of written-off debts and improved the efficiency of bad debt write-off. With assets written down but creditor's rights kept while debts under consistent recovery, the Bank shored up its efforts in recovering written-off debts to maximize the recovery value.

During the reporting period, the Bank recovered NPLs in cash amounting to RMB11,152 million, wrote off bad debts of RMB16,160 million and completed the transfer of creditor's rights valuing RMB13,416 million.

# VI. CAR ANALYSIS

Please refer to Section Five "Key Accounting Data and Financial Indicators" and *Capital Adequacy Ratio Report* 2018 issued by the Bank for details.

# VII. SEGMENT PERFORMANCE

The Group divided its business into different segments by geographical area and business line for management purpose. Fund lending between different regional and business segments was conducted at an internal transfer price determined on the basis of market interest rate, and interest income and interest expenses among segments were recognized.

# i. Performance by regional segment

# **IX. PERFORMANCE OF BUSINESS SEGMENTS**

# i. Corporate banking

# 1. Corporate deposits and loans

Following the new regulatory requirements, the Bank introduced a series of innovative liability products, improved the deposit structure and kept increasing core deposits. In improving the industry mix, the Bank actively aligned itself with the country's significant strategic projects and placed focus upon supporting the environmental, tourism, health care and advanced technological products. The Bank extended bigger support to private enterprises and the real economy, brought into existence the tools for support of private enterprises' bond financing, and completed the first market-oriented debt-for-equity swap project. With refined management in place, the Bank strengthened cost control, deepened the re-lending after collections, upgraded the allocation of credit resources, and raised the interest margin and the return on assets. As at the end of the reporting period, the balance of corporate deposits (including the corporate business related portion in other deposits) amounted to RMB1,943.678 billion, representing an increase of RMB142.730 billion or 7.93% over the end of the previous year. Among the above, the core corporate RMB deposits increased by 2.32%; the balance of corporate loans was RMB1,332,629 million, an increase of RMB152,966 million or 12.97% year on year.

# 2. Inclusive finance

The Bank improved the institutional framework of inclusive finance by setting up the Inclusive Finance Department at the Head Office and the inclusive finance management committee and the inclusive finance department at all 39 branches in the mainland. It extended the pilot program of the "Credit Factory" model, made attempts to try various supply chain financial activities and creatively premiered online inclusive products to create better financing experience for customers. It sorted out the key risk points of credit business in inclusive finance and strengthened the management and control of related risks. At the end of the reporting period, the Bank achieved total compliance with CBIRC's indicators on "two increases and two controls". Specifically, the loans to small and micro enterprises with the total loans of no more than RMB10 million for each enterprise was RMB128,176 million, representing a year-on-year increase of 30.74%; there were 308,900 small and micro enterprise customers with a loan balance, 51,600 more than the end of last year.

# 3. Investment banking

The Bank took investment banking business as an important channel of shifting to the mix of "commercial banking and investment banking" and diversifying financial services, and made great efforts to develop bond financing and M&A financing. During the reporting period, the Bank underwrote bonds up to RMB245.90 billion. It successfully issued special anti-poverty bonds, social impact bonds and many other kinds of innovative bond products, and created the first group of Credit Risk Mitigation Warrants (CRMW) which can support private enterprise to issue bonds. M&A financing business grew swiftly, and formed varied innovative business models. The new financing for private enterprises M&As accounted for 59.63% of the total, indicating that the Bank actively served the real economy.

# 4. Trade finance

The Bank actively transformed its trade finance modal to transactional banking. It created the "Sunshine Supply Chain" product lines, and leveraged the advantages of capital-efficient assets and product innovation to stimulate the growth of fee-based business income. The Bank picked up speed in establishment of overseas institutions and FTZ-based institutions, increased the business linkage between domestic institutions and overseas institutions, and FTZ-based institutions, and installed a comprehensive financial services platform across China and the rest of the world, in and out of the FTZs. On the basis of consolidating traditional settlement and financing business, the Bank adopted technological means to carry forward online supply chain business and cross-border e-commerce payment business, and put in place a cross-border fund pooling system and an e-service platform for international settlement and trade finance in a bid to expand the customer base. As at the end of the reporting period, the overall balance of the on- and off-balance-sheet trade finance increased by 29.65% over the end of the previous year.

# ii. Retail banking

## 1. Personal deposits

Adhering to the strategy of "developing via deposit business", the Bank strengthened product innovation, deepened customer-oriented integrated operations and kept the scale of personal deposits expanded on a steady footing. In the course of retail banking outlet transformation, the number of inefficient outlets were reduced, and the capacity of outlets decreased. The Bank made debut an innovative personal CDs product featured with monthly interest payment and brought the driving force of key projects such as payroll service, third-party depository, fund custody service and "going abroad" finance into play. By the technological means of big data and cloud computing, the Bank carried out targeted marketing procedures to increase customers' comprehensive contribution. As at the end of the reporting period, the balance of personal deposits (including personal deposits in other deposits) of the Bank amounted to RMB595.030 billion, representing an increase of RMB123.313 billion or 26.14% as compared with the end of the previous year.

# 2. Personal loans

The Bank accelerated the transformation of personal loan business, advocated inclusive finance to support the private economy and improve customer experience. It actively innovated the product system, creating hit products of personal loan, meanwhile focused on other personal loans rather than housing loans, increasing the interest rates of new loans for higher profitability. The Bank further integrated data sources, using big data technology to capture effective information so as to improve the overall risk control system. As at the end of the reporting period, the balance of personal loans (excluding credit card loans) amounted to RMB652,699 million, representing an increase of RMB123,311 million or 23.29% as compared with the end of the previous year. The volume of personal loans granted by the Bank in 2018 was RMB449,705 million.

# 3. Private banking

Aiming to become the "partner of companies and families", the Bank provided private banking customers with personalized and multi-dimensional family office solutions including wealth management, law & tax consultation and intergenerational education, etc. The private banking service system was updated mainly in the following four aspects: launching high-end financial services, issuing exclusive diamond cards, introducing exclusive mobile service channels and improving customer experience. Besides, in order to optimize private banking services, the Bank provides customers with asset allocation reports on a quarterly basis, and makes professional suggestions on how to allocate assets.

# 4. Bank card business

# (1) Debit card business

The Bank devoted itself to innovating mobile payment functions and their application scenarios of debit card and intensifying the efforts in "Cloud Quick Pass" marketing. It introduced a mobile payment platform for medical insurance, organically coupling medical care with finance. Actively practicing the classified management of individual bank settlement accounts, the Bank improved the debit card control functions and enhanced the capability of risk management. By pooling internal resources, the Bank offered customers a package of its comprehensive financial products and services. As at the end of the reporting period, the accumulated number of debit cards issued by the Bank reached 65.08 million, including 4.42 million new cards issued in the year.

# (2) Credit card business

Sticking to the innovation-driven development, the Bank offered credit card products featuring extensive customer coverage and diversification of consumption scenarios, and particularly concentrated efforts on enriching the product lines of "mega tourism" and "mega health care". To cement brand-building with service improvement, the Bank launched thematic marketing campaigns fitting into the characteristics of specific customer groups, what was popular in the market and the timing, in an effort to make the brands more influential and the customer experience more optimal. Empowering risk control with technology, the Bank adopted big data and AI technologies, and enhanced its capabilities of risk monitoring, early warning and response. As at the end of the reporting period, 15,264,000 new credit cards were issued by the Bank in the year, with the total number of credit cards issued reaching

60,527,300. The transactions volume at the end of the reporting period arrived at RMB2,288,675 million, up 36.70% over the end of last year. The overdraft balance at the end of the year (excluding the payment adjustment to transitional account) amounted to RMB401,432 million, up 32.51% over the end of last year. The Bank generated an operating income of RMB39,039 million during the reporting period, up 39.43% year on year.

# 5. E-banking

The Bank went digital at a faster speed. Being customer-centric and innovation-driven, the Bank promoted the transformation of electronic channel services to platform operations, and witnessed the rapid development of internet finance. As at the end of the reporting period, 97.91% transactions were handled through electronic channels, 0.92 percentage point higher than the last year. The Bank had 49.3733 million mobile banking customers and 528.5 thousand corporate online banking customers, up 14.0221 million and 125.6 thousand over the previous year end respectively. Direct banking saw a faster adoption of the B2B2C cooperation model, and the Bank partnered with more than 200 enterprises in over 10 industries. The transactions of "Cloud Payment" were valued at RMB4.65 trillion, and the balance of "Sunshine Loan" rose by RMB59.726 billion over the prior year end to RMB63.35 billion. Relying on the "Go Brillant" E-commerce platform, the Bank opened up green channels for more than 40 state-level poverty-stricken counties in 11 provinces (autonomous regions) to sell their specialty goods.

# 6. Cloud Fee Payment

The Bank set up the Cloud Fee Payment Business Center in charge of convenient fee payment business development. This business has obtained key support in the construction of Beijing FinTech and Specialized Service Innovation Demonstration Zone. By integrating and opening fee payment resources, the Bank made its Cloud Fee Payment services cover over 4,000 items of 17 categories nationwide, and rolled out the business in Hong Kong allowing online payment of 289 items. Pursuing opening-up and cooperation, the Bank strengthened the cooperative relationships with important partners, and further increased its dominance as the provider of China's biggest (open) fee payment platform. During the reporting period, there were accumulatively 4,041 payment business in 2018. The platform users, at 253 million, grew by 64.71% over the prior year. They made a total payment of RMB206,274 million, up by 136.61% over last year.

# iii. Financial market business

### 1. Treasury business

To create more profits, the Bank strengthened fund management, ensured liquidity safety and improved capital operation efficiency. It moderately increased the investment in bonds, improved bond investment structure by buying more treasury bonds, local government bonds and policy financial bonds, and enhanced portfolio income. Moreover, the Bank increased the proportion of trading and franchise business in order to reduce the asset-dependent business. It promoted the high-quality development of gold leasing business, and increased the income of fee-based business. It improved the comprehensive risk management and control system to ensure the treasury business could run compliantly and orderly. As at the end of 2018, the balance of bonds in proprietary account amounted to RMB568,188 million, accounting for 13.04% of the Bank's total assets, 51.30% of which were government bonds and local government bonds. The Bank accumulatively scored RMB23.87 trillion in RMB bond settlement, which was at the forefront of joint-stock commercial banks.

### 2. Interbank business

The Bank continued to maintain a proper scale of interbank business, put interbank business under heightened franchised management, and guaranteed operational compliance. Consistent with the market trends, the Bank resumed the original mission of the business, strengthened the management of interbank asset and liability portfolios, adjusted the term structure of assets and liabilities, and met the needs of the bank-wide liquidity management. Besides, the Bank constantly improved its interbank investment structure, and increased the investment in standardized products to better serve the real economy. The Bank strengthened the relationship management of peer customers and enhanced business collaboration with other banks and non-bank financial institutions while exploring more opportunities for cooperation and making efforts to market and visit interbank customers so as to enlarge and optimize interbank customer base. As at the end of the reporting period, the balance of interbank deposits amounted to RMB490,091 million.

### 3. Asset management business

Following the regulatory guidance, the Bank improved its asset quality and endeavored to promote the issuance of net asset value wealth management products. It adjusted the structure of fund source and guided the shift of fixed-term products issued periodically to open-end products issued on a rolling basis. On the principle of "compliance foremost and complete coverage", the Bank strictly controlled risks and made the work more foresighted and refined. It improved the system and mechanism, actively prepared for the establishment of the wealth management subsidiary and stimulated the stable transformation and development of wealth management business. As at the end of the reporting period, the Bank accumulatively issued RMB5.85 trillion of wealth management products, an increase of RMB1.00 trillion or 20.62% over the end of last year; the Bank's wealth management products had a balance of RMB1.24 trillion. All products under "Sunshine Wealth Management" brand were honored upon maturity.

### 4. Asset custody services

With a focus on "market expansion, service improvement and risk prevention", the Bank rendered custody services and increased the efforts in marketing, thus scaling up the custody of wealth management products stably. The Bank upgraded the new-generation custody system, constructed a sound custody product system and business system and improved the capability of service provision in the market. The Bank strengthened risk management and ensured the stable operation of business. Through enhancing marketing campaigns, the Bank successively won several bids and became the occupational annuity custodian of central institutions and many institutions at the provincial and autonomous region levels, demonstrating strong capability in custody and the market's recognition of the business. As at the end of the reporting period, the Bank's income after tax from custody business amounted to RMB1,231 million, and RMB5,386,213 million of assets were under the Bank's custody.

# X. BUSINESS INNOVATION

The Bank vigorously carried forward product innovation and service innovation. It offered many kinds of innovative supply chain products including "Sunshine Refactoring" and "Sunshine Financing e Chain" in succession. It successfully completed the first market-oriented debt-for-equity swap project, and was the first joint-stock commercial bank to use the money saved from reserve requirement ratio cut to support the development of private economy. It creatively introduced "Sunshine e Loan" for small and micro enterprises, a kind of low-cost financing service. According to the new regulations on asset management, the Bank offered "Colorful Sunshine", new-generation net worth-based wealth management product series. Besides, the Bank opened the "Bank-yi" supermarket to improve customer experience in an all-around way.

# XI. INFORMATION TECHNOLOGY

During the reporting period, the Bank's information systems ran stably, with no major security incidents happened.

The Bank successively rolled out a raft of major systems, which included the core business system (version 3.0), the new-generation corporate customer relationship management system, the new-generation wealth management platform, the new-generation precious metal trading system, the new-generation bonus point system, the new retail performance management system, smart counters, mobile PAD of outreach business and Everbright Supermarket. Applying new FinTech, the Bank built a smart financial brain, updated intelligent service channels, jointly established a "FinTech Innovation Laboratory" with the internet giant, laid out the platform for bank digitalization, created digital "knockout products" such as Cloud Fee Payment, Cloud Payment and "Reassuring Loan" product and digital "famous shops" including mobile banking, online banking and remote banking, launched the branch efficiency management, customer persona and behavioral analysis, fee payment cloud picture and other big data products, and kicked off the development of the block-chain technological platform.

# XII. HUMAN RESOURCES MANAGEMENT

During the reporting period, keeping to the strategy of "building a first-class wealth management bank", the Bank improved the official structure by adjusting the official selection & appointment mechanism and introducing open recruitment of principals of some branches and subsidiaries for the first time. The Bank improved the employee growth mechanism, and innovatively launched the "Talent Initiative" to retain a reasonable mobility of talents internally and optimize the allocation of human resources. It reasonably allocated staff costs, improved the performance assessment system, made the operation of the assessment & incentive mechanism more efficient and earnestly protected the employees' rights and benefits. The Bank made further advance in training reform and innovation, brought more people under training, enhanced the capability and caliber of officials and employees and strove to create an organization in which everyone enjoys learning.

# XIII. INVESTMENT ANALYSIS

i. As at the end of the reporting period, the balance of the Bank's long-term equity investments amounted to RMB7,383 million, representing an increase of RMB2,973 million or 67.41% as compared with the end of previous year.

# ii. Material Equity Investments

|  |  |                   |                          | Unit: RMB                  |  | ten thousand shares, %  |

As at the end of the reporting period, its total assets, net assets and net profit were RMB703 million, RMB150 million and RMB-61.6 thousand, respectively.

# XVI. SPECIAL PURPOSE ENTITIES CONTROLLED BY THE BANK AND STRUCTURED PRODUCTS

- i. There are no special purpose entities controlled by the Bank.
- ii. The structured products whose equities are held by the Group but not recognized in the consolidated financial statements mainly include special asset management plans. Please refer to "Notes to the Consolidated Financial Statements" for details.

# XVII. RISK MANAGEMENT

# i. Credit risk management

The Bank continued to improve its comprehensive risk management system, performed its duties in relation to "three lines of defense", and strengthened the coordinated management of various risks as per the unified management of policy, approval, monitoring and resolution. It refined the management system for credit orientation policies to highlight differentiated polices for different regions and industries. Besides, it upgraded risk control technology and stepped up system development so as to advance business progress. The Bank also enhanced its credit risk management of key group corporate customers and reinforced unified credit management for all such customers.

The Bank improved the credit structure and intensified support for private enterprises by treating them equally in terms of credit policies, product innovation, service efficiency, and internal assessment. For better serving micro businesses, and farmers, agriculture and rural areas, it capitalized on internet technologies to expand marketing channels, innovated products and services and developed inclusive finance. To support supply-side structural reform, the Bank intensified its support for environmental protection, tourism, healthcare and new technologies while promoting the clearing and overcapacity reduction of "zombie enterprises" in an orderly manner. In addition, it came up more ways to develop investment banking, did better in integrating funds, products and channels, and offered comprehensive financial services as actually needed by real economy.

The Bank improved the all-round, coordinated management system of asset quality, brought loans under rigid classified management, and classified risks in a prudent and consistent manner, so as to reveal risks arising from loans truthfully. Besides, it pursued the prudent, robust and objective provision policies while putting each potential asset loss under impairment test and provisioning according to the new accounting standards for financial instruments.

Please refer to "Notes to Consolidated Financial Statements" for further details.

# ii. Liquidity risk management

The Bank held a prudent and stable attitude towards the liquidity risk management policy and upheld "daytime liquidity security and regulatory attainment" as its bottom line for risk management, in a bid to keep the bankwide liquidity risk management indicators within an appropriate range. Acting on regulatory policies and changes in the market, the Bank made reasonable arrangement for its business volume and term structure and lifted its refined management to higher level. At the same time, the Bank made preventive arrangements, adjusted internal fund transfer price dynamically, explored diversified liability channels, and reserved high quality liquidity assets, thereby enhancing its ability to with stand liquidity risk.

Please refer to "Notes to the Consolidated Financial Statements" for further details.

# iii. Market risk management

The Bank continued to improve the investment decision-making mechanism and market risk management procedures and clarified market risk management strategies of a variety of businesses. Based on the adjustment of new accounting standards, it improved the structure of market risk limit, continuously monitored, controlled, and reported the implementation of relevant market risk exposures. As a result, all market risk monitoring indicators were within the range of risk appetite. At the same time, the Bank endeavored to predict and analyze the interest rate risk and exchange rate risk and followed up with the risk exposure and change trend of market-oriented businesses. It established a bond early monitoring system to prevent the default of debentures, and carried out stress tests to assess the risk it would face in extreme scenarios.

Please refer to the "Notes to the Consolidated Financial Statements" for further details.

#### iv. Operational risk management

The Bank focused its efforts on layered management, based its work on the three lines of defense, and emphasized responsibilities of all business lines and functional departments as the "first line of defense" in operational risk management. By implementing three operational tools including risk and control self-assessment (RCSA), loss data collection (LDC) and key risk indicator (KRI), the Bank consistently carried on relevant operational managements, such as identifying, monitoring, collecting, analyzing, warning, handling and reporting operational risk in a bid to forestall the occurrence of material operational risk events. Besides, the Bank continuously stepped up efforts to investigate whether there was abnormal information on financial transactions carried out by employees and customers and gave full play to unannounced inspections in order to effectively forestall the occurrence of risk cases.

Please refer to "Notes to Consolidated Financial Statements" for further details.

### v. Compliance risk management

The Bank proactively established a first-class internal control management mechanism and constantly improved the internal control compliance system including organization, accountability, policies, assessment, monitoring, supervision, case prevention and training, etc. It increased the compliance management effectiveness of primarylevel branches by setting up Legal & Compliance departments inside second-level branches. It conducted special compliance and audit inspections, checked the rotation duty performance of sub-branch general managers and urged the rectification of any deficiencies detected. Moreover, it stepped up efforts on the publicity and training and helped all employees raise their awareness of compliance through multiple means such as competition, guidance, lecture and online micro-lecture.

### vi. Reputational risk management

The Bank attached great importance to reputational risk management which was demonstrated via its revised rules and regulations and upgraded management system. It strengthened the capacity of risk identification and early warning and improved risk prevention and resolution. In addition, with the aim to control reputational risk at earlier steps, it screened regularly to prevent problems before they occur. For better serving customers, the Bank effectively linked reputational risk management and complaint handling. Meanwhile, it conducted internal training and emergency drills so as to help entire staff raise their reputational risk awareness.

No material public opinion events that seriously affected the Bank's reputation or management occurred in the whole year.

### vii. Anti-money laundering (AML) management

The Bank comprehensively carried on centralized AML operation model while setting up AML centers inside branches. It improved the internal control policies and the self-assessment regulations on money laundering risk and upgraded the AML system to enhance the capacity of AML monitoring. Moreover, it strengthened money laundering risk assessment of financial products and timely released risk warning. The Bank also launched AML publicity and education activities to strengthen the AML awareness among employees and the public and fulfilled its AML obligations across the board.

# XVIII. OUTLOOK OF THE BANK

### i. Competition landscape and development trend of the industry

In 2019, guided by the principle of "Six Stabilities", namely stability in employment, finance, foreign trade, foreign capital, investment, expectation, the Chinese banking industry will serve the supply-side structural reform and make steady progress in structural deleveraging. Besides, it will step up the building of a comprehensive risk management system in a bid to prevent and diffuse financial risk and forestall systematic financial risk. The industry will proactively support the implementation of national major strategies, make solid progress in inclusive finance and continuously improve the ability to serve the real economy.

# ii. Development strategy

The Bank will adhere to reform and innovation, seek development amid stability, strive to develop itself into a firstclass wealth management bank that bears vision and value, seeks for quality, featured and innovative development, never oversteps its bottom line, and is reputable, dynamic and responsible, in order to create greater value for the shareholders and customers. The Bank will change its mode of growth, gather its pace in strategic transformation, develop wealth E-SBU (CEB Ecological Collaborative Strategy), consolidate its management foundation, and enhance its profitability. At the same time, it will make greater strides in Fin Tech innovation, hold on to the bottom line of risk management and deliver higher-quality services and better experience to customers.

### iii. Business plan

In 2019, the Bank will focus on the operation of key business and strengthen the capacity for high-quality development. It will gather its pace in the transformation towards an "efficient, technology-driven and ecological" banking, raise service awareness and enhance market competitive advantage. Besides, it will hold on to the bottom line of risk management, increase shareholders' return and improve market value management. In sum, the Bank is moving towards the goal of becoming a first-class wealth management bank. If there should be no significant change in current operating environment and regulatory policies, the Bank will strive to achieve a loan growth rate of no lower than 10%. This business plan does not constitute a performance commitment of the Bank to investors, who shall maintain sufficient risk awareness and understand the discrepancy between business plan and performance commitment.

### iv. Capital demand plan

The Bank will formulate capital plans based on its financial budget, strategic planning and stress testing results. Based on its actual conditions, the Bank will further consolidate its capital base by replenishing capital via internal and external channels. Besides, it will implement counter-cyclical capital management to smooth the influence of economic fluctuation and changes in regulatory policies and ensure sustainable development.

### v. Potential risk and countermeasures

In 2019, the international economic situation is complicated and geopolitics risks remain high. There are uncertainties in the trend of monetary policies in major developed economies. Domestically, China's economy is steady as a whole while facing downward pressure.

With a commitment to the general principle of pursuing progress while ensuring stability, the Bank will make steady progress, adjust business structure, improve performance, actively prevent and diffuse financial risks and constantly enhance the ability to serve the real economy. Meanwhile, it will transform itself into a bank with light assets, strengthen the capacity for sustainable development and give priority to the following work. First, the Bank shall maintain strategic focus and put strategies into place. Second, the Bank shall implement the innovation-driven development strategy, deepen the integration of information technology and management, and speed up the replacement of old growth drivers. Third, the Bank shall deepen the reform of system and mechanism, integrate and improve resource allocation and business procedures. Fourth, the Bank shall improve its comprehensive risk management framework and the risk governance system to advance the sustainable, healthy development of businesses.

# Significant Events

# I. FORMULATION AND IMPLEMENTATION OF PROFIT DISTRIBUTION POLICY

# i. Profit Distribution Policy

In accordance with the profit distribution principle, specific policies and procedure of consideration stipulated in the *Articles of Association* of the Bank, the Bank shall prioritize cash dividends in profit distribution. Except for special situations, the profit to be distributed in cash each year shall be no less than 10% of the distributable profit of the year if both the profit for the year and the accumulated undistributed profit are positive.

# ii. The Profit Distribution Plan for 2018

Taking into account the interests of all shareholders, sustainable development of the Bank's business and the requirements of regulators on capital adequacy ratio, and pursuant to the provisions of *the Company Law of the People's Republic of China*, the Securities Law of the People's Republic of China and the relevant requirements of the Articles of Association of the Bank, the Bank hereby formulates its 2018 profit distribution plan as follows:

- 1. Taking the net profit of the Bank of RMB33,168.1555 million in 2018 as base, a statutory surplus reserve of RMB3,316.8156 million was drawn at a rate of 10%.
- 2. According to the relevant provisions of *Management Measures for Provision of Reserves by Financial Institutions promulgated by the Ministry of Finance*, a general reserve of RMB1,701.6101 million was set aside at 1.5% of risk assets in 2018.
- 3. Distribution of dividends to shareholders of preference shares amounted to RMB1,450 million (RMB1,060 million distributed on 25 June 2018 and RMB390 million distributed on 13 August 2018).
- 4. Cash dividends was distributed to all shareholders of ordinary shares, with RMB1.61 (before tax) per 10 shares. Based on the Bank's issued shares of 52,489.2654 million as at the end of 2018, the total cash dividends amounted to RMB8,450.7717 million, accounting for 25.11% of the net profit attributable to equity shareholders of the Bank under scope of consolidation. As the convertible bonds issued by the Bank are in the Conversion Period, the total cash dividends actually distributed will be determined based on the total number of shares registered on the date of record. The cash dividends were denominated and declared in RMB, paid to shareholders of A shares in RMB and paid to shareholders of H shares in HKD. The actual amount paid in HKD shall be calculated based on the average benchmark exchange rate of RMB against HKD announced by the People's Bank of China one week prior to the shareholders' general meeting (including the date of the shareholders' general meeting).
- 5. In 2018, the Bank did not implement capitalization of capital reserve funds.
- 6. The retained undistributed profits will be used to replenish capital in order to meet the capital adequacy ratio requirements of regulators.

The above profit distribution plan is subject to the approval of the Shareholders General Meeting 2018.

The profit distribution plan for 2018 of the Bank did not make any adjustment or amendments to the existing cash dividend policy of the Bank. The profit distribution plan complied with the *Articles of Association* of the Bank, which defined clear and definite standards and proportion for dividend distribution as well as complete decision-making procedures and mechanism. The Board of Directors and the Board of Supervisors discussed and considered the profit distribution plan, and Independent Non-executive Directors performed their duties to safeguard the legitimate rights and interests of minority shareholders. The above profit distribution plan will be submitted to the Annual General Meeting of the Bank where all of the ordinary shareholders including minority shareholders have right to participate in and express their views and demands. The Annual General Meeting of the Bank shall open online voting, when the votes of minority shareholders in relation to the profit distribution plan will be counted separately as to fully protect the lawful rights interests of minority shareholders.

# iii. Profit Distribution of Ordinary Shares and Cash Dividends for the Last Three Years

# II. IMPORTANT UNDERTAKINGS AND PERFORMANCE OF UNDERTAKINGS GIVEN BY THE BANK, THE BANK'S DE FACTO CONTROLLER AND SHAREHOLDER AND OTHER RELATED PARTIES

- i. CHI, substantial shareholder of the Bank, undertook that as long as CHI is the controlling shareholder or de facto controller of the Bank, CHI shall not be engaged in competitive business with the Bank. However, since CHI has been the investment arm of the Chinese government specialized in investing in banks and other financial institutions, the business of companies under CHI is not obligated with this undertaking. CHI's undertaking in this regard is effective for a permanent term. As at the end of the reporting period, there was no breach of undertakings committed by CHI.
- ii. Pursuant to the relevant provisions of the CSRC, to ensure the Bank shall effectively implement remedy measures in relation to the proposed public issuance of convertible bonds, all directors and senior management members of the Bank promised to faithfully and diligently perform their duties, safeguard the legitimate rights and interests of the Bank and all shareholders, and made the following commitments:
- 1. No interests shall be transferred to other entities or individuals for free or in an unfair way, and not to jeopardize the interests of the Bank by other means;
- 2. They shall be thrifty, their work duty-related consumption shall be under restriction in strict compliance with the relevant requirements at the national, local and the Bank level, and they shall refrain from over-consumption and extravagance and waste;

# Significant Events

- 3. They will never utilize the Bank's assets in any investment or consumption activities irrelevant with the performance of their duties;
- 4. The remuneration policy formulated by the Board of Directors or the Remuneration Committee shall be linked to the implementation of remedy measures for the return by the Bank;
- 5. If the Bank launches any equity incentive scheme in the future, the conditions for exercising its rights under the intended equity incentive scheme shall be linked to the implementation of remedy measures for the return by the Bank.

The commitments shall be effective from the public issuance of A-share convertible bonds on 17 March 2017 to the maturity of the bonds (16 March 2023) or the completion of conversion of all the bonds to equity shares. As at the end of the reporting period, there had been no violation of the commitments above by the directors and senior management members of the Bank.

iii. According to the Bank's plan on non-public issuance of H shares, China Everbright Group and Overseas Chinese Town Holdings Company respectively undertook that the H shares they subscribed from this issuance shall not be transferred within 60 months after the issuance ended.

On 22 December 2017, the Bank issued 4.2 billion H shares to Overseas Chinese Town Holdings Company and 1.61 billion H shares to China Everbright Group. As at the end of the reporting period, there was no breach of undertakings committed by either of the aforesaid two companies.

As far as the Bank is aware, other than the above matters, there is no material undertaking given by the Bank and the Bank's shareholders, directors, supervisors, senior management members or other related parties.

# **III. RESERVE**

Please refer to "Consolidated Statement of Changes in Equity" for details about reserve change of the Bank.

# **IV. FIXED ASSETS**

Please refer to "Notes to Consolidated Financial Statements" for details about the changes in fixed assets of the Bank as at the end of the reporting period.

# V. PURCHASE, SALE OR REPURCHASE OF THE BANK'S LISTED SECURITIES

During the reporting period, the Bank and its subsidiaries did not purchase, sell or repurchase any listed securities of the Bank.

# **VI. PRE-EMPTIVE RIGHTS**

The Articles of Association of the Bank does not provide on pre-emptive rights, and shareholders of the Bank have not been granted any pre-emptive right.

# **VII. RETIREMENT AND BENEFITS**

Please refer to "Notes to Consolidated Financial Statements" for details about the retirement and benefits provided by the Bank to its employees.

# **VIII. MAJOR CUSTOMERS**

As at the end of the reporting period, the operating income contributed by the top 5 major customers of the Bank did not exceed 30% of the Bank's operating income.

# IX. USE OF CAPITAL BY THE CONTROLLING SHAREHOLDER OR OTHER RELATED PARTIES OF THE BANK FOR NON-OPERATING PURPOSES

During the reporting period, there was no non-operational capital occupation by the controlling shareholder or other related parties of the Bank. Ernst & Young Hua Ming LLP has issued a special audit opinion.

# X. CHANGES IN ACCOUNTING POLICIES

The Ministry of Finance released the new accounting standards for financial instruments and revenue in 2017, and required the companies listed as both A shares and H shares to adopt these new standards since 1 January 2018. While preparing its financial statements for 2018, the Bank has implemented the above-mentioned accounting standards. According to the related transitional provisions for the execution of these standards, the retained income and other comprehensive income at the beginning of 2018 were adjusted as affected by related data, so there is no need to restate the comparable data for previous periods.

# XI. APPOINTMENT AND RESIGNATION OF ACCOUNTING FIRM

### i. Appointment of Accounting Firm for Auditing the 2018 Financial Statements

On 22 June 2018, the Bank convened the 2017 Annual General Meeting, deciding to engage Ernst & Young Hua Ming LLP as the accounting firm in charge of the Bank's domestic audits for 2018 (Gu Jun and Leung Shing Kit as certified public accountants for signature) and to engage Ernst & Young as the accounting firm in charge of the Bank's overseas audit for 2018 (Kam Cheong Geoffrey as certified public accountant for signature). The audit fees payable to the two firms amounted RMB8.20 million (inclusive of reimbursement and value-added tax). Both of the two accounting firms shall provide the Bank with auditing services for three consecutive years.

### ii. Engagement of Accounting Firm for Internal Control Audit

On 22 June 2018, the Bank convened the 2017 Annual General Meeting, deciding to appoint Ernst & Young Hua Ming LLP as its internal control auditor for 2018, and the audit fees payable stood at RMB0.80 million (inclusive of reimbursement and value-added tax).

# XII. MATTERS CONCERNING BANKRUPTCY OR REORGANIZATION

During the reporting period, no bankruptcy or reorganization took place at the Bank.

# Significant Events

# XIII. MATERIAL LITIGATION AND ARBITRATION MATTERS

The Bank was involved in some litigation and arbitration cases in its regular course of business, most of which were initiated by the Bank for the purpose of collecting non-performing loans. As at the end of the reporting period, the Bank is involved in 495 sued litigation and arbitration cases pending final judgment, which involved RMB2.4 billion. The above litigation and arbitration cases will not have a significant adverse impact on the financial position or operating performance of the Bank.

# XIV. PENALTY IMPOSED ON THE BANK OR ITS DIRECTORS, SUPERVISORS, SENIOR MANAGEMENT MEMBERS, CONTROLLING SHAREHOLDER AND DE FACTO CONTROLLER

During the reporting period, none of the Bank, its Directors, Supervisors, Senior Management members, controlling shareholder and de facto controller was subject to any investigation by the competent authorities, any mandatory measures by the judicial authorities or the disciplinary departments, transferal to the judicial authorities, criminal proceedings, investigation, administrative penalty or circulation of criticism by CSRC, or public censure by any stock exchange, or any penalty with significant impact on the Bank's operation imposed by any other regulatory body.

# XV. CREDIBILITY OF THE BANK, ITS CONTROLLING SHAREHOLDER AND DE FACTO CONTROLLER

During the reporting period, the Bank, its controlling shareholder and de facto controller did not fail to comply with effective court judgments or repay significant matured debts.

# XVI. IMPLEMENTATION OF STOCK INCENTIVE PLAN AND EMPLOYEE STOCK OWNERSHIP PLAN

As at the end of reporting period, the Bank did not implement any stock incentive plan or employee stock ownership plan.

# XVII. MATTERS CONCERNING CONNECTED TRANSACTIONS OF THE BANK UNDER THE RULES GOVERNING THE LISTING OF SECURITIES ON HKEX (HEREINAFTER REFERRED TO AS "THE HONG KONG LISTING RULES")

In accordance with the *Hong Kong Listing Rules*, the transactions between the Bank and its connected persons (as defined in the *Hong Kong Listing Rules*) constitute connected transactions of the Bank. The Bank has monitored and managed these connected transactions in accordance with the *Hong Kong Listing Rules*.

# i. Non-exempt Connected Transactions

# 1. Establishment of a joint-stock company with China CYTS Tours Holding Co., Ltd. and other parties

On 14 September 2018, upon the approval of the Board of Directors, the Bank signed an agreement with China CYTS Tours Holding Co., Ltd. and O-Bank Co., Ltd. (independent third parties other than the Group and connected persons of the Group) on establishing Beijing Sunshine Consumer Finance Co., Ltd. (the "Consumer Finance Company"). The Consumer Finance Company had a registered capital of RMB1.0 billion, of which RMB600 million or 60% was contributed by the Bank in cash. The details were set out in the Bank's announcement dated 14 September 2018 on "Connected Transactions – Establishment of A Joint-stock Company".

The transaction constituted a connected transaction of the Bank since China CYTS Tours Holding Co., Ltd. is a connected person of the Bank, and one or more transactions under the agreement adopt a percentage ratio between 0.1% and 5%, so it was subject to reporting and announcement requirements under Chapter 14A of the *Hong Kong Listing Rules* but can be exempted from requirement for independent shareholders' approval.

In accordance with applicable laws and regulations, the establishment of Consumer Finance Company is subject to the approval by CBIRC, and such approval was not obtained as at the report date.

## ii. Exemptible Connected Transactions

During the reporting period, a series of connected transactions were carried out between the Bank and its connected persons in the ordinary course of business of the Bank. Pursuant to Chapter 14A of the *Hong Kong Listing Rules*, such connected transactions were exempted from reporting, annual review, announcement and independent shareholders' approval requirements.

# XVIII. MATERIAL CONTRACTS AND THEIR PERFORMANCE

i. Significant Events of Material Custody, Contracting or Leasing Assets of Other Companies, or Other Companies' Material Custody, Contracting or Leasing Assets of the Bank

Except for daily business, during the reporting period, there was no significant matter in relation to any material arrangement for custody, contracting and leasing of assets by or to the Bank.

#### ii. Significant Guarantee

The provision of guarantee is in the ordinary course of business at the Bank. During the reporting period, the Bank did not enter into any material guarantee which needed to be disclosed save for the financial guarantees within its business scope as approved by the People's Bank of China and former CBRC.

# iii. Explanatory Notes and Independent Opinions of Independent Non-Executive Directors Concerning the Provision of External Guarantee by the Bank

In accordance with relevant regulations and requirements of the CSRC announcement [2017] No.16 Circular on Certain Issues concerning Regulating the Capital Flow between Listed Companies and Their Related Parties and Listed Companies' Provision of Guarantee (2017 Revision), the independent non-executive directors of the Bank reviewed external guarantee provided by the Bank on a just, fair and objective basis and issued their opinion as follows:

It was verified that the provision of external guarantee is one of the routine operations within the Bank's business scope which has been approved by Central Bank and former CBRC. As at the end of the reporting period, the Bank has an guarantee outstanding for the RMB180 million payable interests of financial bonds issued by China Everbright Group, and China Everbright Group provided counter guarantee with its 67,500,000 shares of a large securities firm. Save as disclosed, for the balance of the guarantee business of the Bank, please refer to the "Notes to the Consolidated Financial Statements".

# Significant Events

Attaching importance to the risk management of guarantee business, the Bank formulated specific business management measures and operating procedures, and effectively monitored and prevented risks in the guarantee business by on-site and off-site inspections. During the reporting period, no business in violation of the above-mentioned regulations took place in the Bank.

# iv. Significant Authorization to Others in Matters Relating to Cash Assets Management

During the reporting period, there was no significant authorization to others in matters relating to cash assets management.

### v. Other Material Contracts

During the reporting period, the Bank had no other material contracts, and all contracts regarding operations of ordinary business were duly performed.

# XIX. FULFILLMENT OF SOCIAL RESPONSIBILITIES

i. The Bank has disclosed the full text of the 2018 Corporate Social Responsibility Report. Please refer to the websites of SSE, HKEX and the Bank for details.

# ii. Targeted Poverty Alleviation

The Bank fully acted on the requirements of the CPC Central Committee, the State Council, Central Bank and CBIRC for reducing poverty with financial resources, gave full play to its strengths and explored new ways to reduce poverty. During the reporting period, the Senior Management of the Bank conducted several surveys in poverty-stricken regions and actively push forward the mission. It provided RMB5 million to poverty-stricken counties targeted by China Everbright Group for designated assistance. In addition, it took an active part in the drives to lift the designated regions out of poverty by sending cadres there to assist them. The Bank made full use of the E-Commerce serial platform "Go Shopping" to open up channels for the sales of specialty products of the poverty-stricken regions, and made concerted efforts to help reduce poverty through corporate charity procurement. While continuously promoting charitable poverty alleviation, the Bank supported the "Water Cellar for Mothers" for 14 consecutive years, a public charity program initiated by China Women's Development Foundation. In 2018, it donated RMB3 million to the program to improve local access to safe drinking water, making its accumulative donations to the program reaching RMB37.42 million. Please refer to the 2018 Corporate Social Responsibility Report for more details on targeted poverty alleviation.

### iii. Environment Information

The Bank vigorously developed green finance, supported the development of energy-saving and environment-friendly industries, persisted on green operation, and carried out environment-friendly public welfare activities. The Bank is not among the key polluters published by the Ministry of Environmental Protection. Please refer to the 2018 Corporate Social Responsibility Report for more details on environment information.

# **XX. OTHER SIGNIFICANT EVENTS**

# i. Second Issuance of the Preference Share

On 28 February 2018, the Shareholders' General Meeting of the Bank reviewed and approved the *Proposal on Re-granting the Specific Mandate to the Board of Directors to Handle Matters Relating to the Domestic Non-public Preference Shares Issuance*, with a validity period of 12 months from the effective date of the resolution of the Shareholders' General Meeting. On 27 February 2019, the Shareholders' General Meeting of the Bank reviewed and approved the *Proposal on Extending the Validity Period of Resolution in respect of Plan of Domestic Non-public Preference Shares Issuance*, and the validity period of resolution on the offering was extended by 24 months. In addition, it reviewed and approved the *Proposal on Re-granting the Specific Mandate to the Board of Directors to Handle Matters Relating to the Domestic Non-public Preference Shares Relating to the Domestic Non-public Preference Shares Issuance*, and the validity period of resolution on the offering was extended by 24 months. In addition, it reviewed and approved the *Proposal on Re-granting the Specific Mandate to the Board of Directors to Handle Matters Relating to the Domestic Non-public Preference Shares Issuance* with a validity period of 12 months from the effective date of the resolution of the Shareholders' General Meeting. In December 2018, CBIRC approved the non-public issuance of up to 350 million domestic preference shares of the Bank with proceeds raised up to RMB35 billion, which shall be included in additional Tier-1 capital according to relevant regulations. The Public Offering Review Committee of CSRC approved the Bank's application for domestic non-public issuance of preference shares on 12 March 2019. As at the disclosure date of this report, this matter is in progress.

1 Ding Xuedong has been transferred to serve as the Deputy Secretary General of the State Council (at the ministerial level), and he authorized Tu Guangshao to exercise the powers of CIC's legal representative, the Chairman and legal representative of CHI, which took effect as of 2 March 2017, and the authorization would expire until the State Council makes new appointments. TuGuangshao is currently the Vice Chairman and General Manager of CIC.

#### 3. The controlling shareholder of CHI is CIC with a shareholding percentage of 100%.

#### 4. The Shareholding relationship between CHI and the Bank

#### 5. There is no pledge or freezing of CHI's equity.

#### iii. Other Shareholders Holding Shares of More than 5% or Having Significant Influence on the Bank

- 1. Overseas Chinese Town Holdings Company holds more than 5% shares at the Bank. As one of the Bank's substantial shareholders, the company has its controlling shareholder as the State-owned Assets Supervision and Administration Commission of the State Council of China, with the shareholding percentage up to 100%. The company was established in December 1987, with a registered capital of RMB12,000 million, and its legal representative is Duan Xiannian. It mainly engages in investment in tourism and related cultural industries (including performing arts, entertainment and its services), industry, real estate, commerce and trade, packaging, decoration and printing industries; tourism, warehouse rental, arts and culture, donated car bonded warehouse, and conference and exhibition services. There is no pledge or freezing of the company's equity.
- 2. Although China Reinsurance (Group) Corporation holds less than 5% of the shares of the Bank, it still constitutes a substantial shareholder of the Bank since it dispatches directors to the Bank. Its controlling shareholder is CHI, with the shareholding percentage up to 71.56%. China Reinsurance (Group) Corporation was established in August 1996, with a registered capital of RMB42,479 million and its legal representative is Yuan Linjiang. It mainly engages in the establishment of insurance enterprises through investment, investment business and domestic and international reinsurance business permitted by national laws and regulations. There is no pledge or freezing of the company's equity.

## Changes in Ordinary Share Capital and Shareholders

- 3. Ocean Fortune Investment Limited and Zhuhai Shipping Corporation Limited, totally holding less than 5% of the shares of the Bank, are subsidiaries indirectly controlled by China COSCO Shipping Corporation Limited ("COSCO Shipping"), which is patches its directors to the Bank (the nomination of the directors have been considered and approved by the Board of Directors and Shareholders' General Meeting of the Bank, while the qualifications of the nominated directors are still to be ratified by the CBIRC). Therefore, the two companies are substantial shareholders of the Bank. COSCO Shipping was established in February 2016, with a registered capital of RMB11,000 million and its legal representative is Xu Lirong. It mainly engages in international shipping and auxiliary business of international shipping, import and export business of goods and technologies, maritime, land and aviation international freight forwarding business, self-owned ship leasing, dock and port investment, etc. There is no pledge or freezing of the company's equity.
- 4. China Everbright Limited (Everbright Limited, stock code: 165.HK) holds less than 5% of the shares of the Bank but dispatches supervisors to the Bank, thus constituting one of the Bank's substantial shareholders. Everbright Limited, which was founded in August 1972 (the name of "Everbright Limited" was adopted in 1997), has issued 1,685 million shares, and its Chairman is Cai Yunge. As China's leading cross-border investment and asset management company, it provides diversified financial services for domestic and overseas investors through a number of private equity funds, venture capital funds, industry funds, mezzanine funds, parent funds, fixed income and equity funds it manages. There is no pledge or freezing of the company's equity.
- 5. Shenergy (Group) Co., Ltd. holds less than 5% of the shares of the Bank but dispatches supervisors to the Bank, thus constituting one of the Bank's substantial shareholders. The company is under the actual control of Shanghai Municipal State-owned Assets Supervision and Administration Commission. The company was established in November 1996, with a registered capital of RMB10,000 million and its legal representative Huang Di'nan. It mainly engages in the investment, development and management of basic industries of electric power and energy, investment in natural gas resources and urban gas pipe network, investment and management of real estate and high-tech industries, industry investment, asset management and domestic trade (except special provisions). There is no pledge or freezing of the company's equity.

#### iv. Connected transactions of substantial shareholders

In accordance with to the Interim Measures for Equity Management of Commercial Banks (Decree No.1 of CBRC in 2018), the Bank has treated as its related parties about 1,700 enterprises including the above substantial shareholders and their controlling shareholders, de facto controllers, related parties, persons acting in concert and ultimate beneficiaries. During the reporting period, the Bank incurred 64 connected transactions with 52 related parties, involving a total amount of RMB111,660 million. The above connected transactions have been reported to the Board of Directors and its Related Party Transactions Control Committee for approval or filing purpose in accordance with related procedures.

#### IX. INTERESTS OR SHORT POSITIONS OF SUBSTANTIAL SHAREHOLDERS AND OTHER PERSONS IN SHARES AND UNDERLYING SHARES OF THE BANK UNDER HONG KONG LAWS AND REGULATIONS

As at 31 December 2018, as far as the directors and supervisors of the Bank were aware, the following persons or corporations (other than directors, supervisors or chief executives of the Bank) had interests and short positions in the shares or underlying shares of the Bank as recorded in the register required to be kept under Section 336 of the Securities and Futures Ordinance of Hong Kong ("HKSFO") or which were required to be notified to the Bank:

| Name of substantial<br>shareholder                   | Notes | Class of<br>shares | Type of interest                                       | Long/Short<br>position | Number of<br>shares | Percentage of<br>relevant shares<br>in issue (%) <sup>4,5</sup> | Percentage of<br>the total issued<br>shares (%) <sup>4,5</sup> |

Save for the above, the Bank is not aware of any connecting relationship or concerted actions among the above shareholders of preference shares and the top ten shareholders of ordinary shares.

#### **IV. PROFIT DISTRIBUTION FOR PREFERENCE SHARES**

#### i. Policy on profit distribution for preference shares

The first tranche under the first issuance of preference shares issued by the Bank in June 2015 (hereinafter referred to as the "First Tranche Preference Shares") and the second tranche under the first issuance of preference shares issued in August 2016 (hereinafter referred to as the "Second Tranche Preference Shares") are priced at coupon rates subject to adjustments at different intervals. The coupon rate shall remain unchanged for the first five years commencing from the issuance date. Subsequently, the coupon rate shall be adjusted once every five years. The coupon rate will remain unchanged for each new period. Through market consultation, the first coupon rate for the First and Second Tranche Preference Shares was determined at 5.30% and 3.90% respectively.

The dividends on the First and Second Tranche Preference Shares are non-cumulative, and the dividends shall be paid in cash annually. Under the circumstance that the Bank decides to cancel part of or all of the dividend payment of the Preference Shares, the undistributed dividends shall not be carried forward to the following dividend period. The Preference Shareholders are not entitled to the distribution of the remaining profit along with ordinary shareholders after receiving dividends at the agreed rate.

#### ii. Scheme on profit distribution for preference shares

The Bank distributed the dividends for the First Tranche Preference Shares on 25 June 2018 at a dividend rate of 5.30% (before tax). The dividends for the Second Tranche Preference Shares was distributed on 13 August 2018 at a dividend rate of 3.90% (before tax). All these above-mentioned distribution proposals have been implemented.

As agreed, the Bank shall convene a board meeting at least ten working days prior to the dividend payment date of the First Tranche Preference Shares (i.e. 25 June 2019) and the Second Tranche Preference Shares (i.e. 11 August 2019) to consider issues relating to the dividend payment and issue announcements to notify the preference shareholders.

#### iii. Amount and proportion of the distributed dividends on preference shares in last three years

|   |                 | Un              | it: RMB million,% |
|---|-----------------|-----------------|-------------------|
| Item  | 2018            | 2017            | 2016              |
| Dividend amount<br>Proportion of distribution | 1,450<br>100.00 | 1,450<br>100.00 | 1,060<br>100.00   |

Note: Pro portion of distribution is based on the declared dividends and the agreed dividends payable for the year.

#### V. DURING THE REPORTING PERIOD, THERE WAS NO REDEMPTION OF PREFERENCE SHARES OR CONVERSION OF PREFERENCE SHARES INTO ORDINARY SHARES BY THE BANK.

#### VI. DURING THE REPORTING PERIOD, THERE WAS NO VOTING RIGHT RESTORATION OF THE PREFERENCE SHARES OF THE BANK.

#### VII. ACCOUNTING POLICIES FOR PREFERENCE SHARES OF THE BANK AND REASONS FOR ADOPTION

According to the provisions of the Accounting Standards for Enterprises No. 22 – Recognition and Measurement of Financial Instruments, Accounting Standards for Enterprises No. 37 – Presentation of Financial Instruments and Rules on Differentiating the Financial Liabilities and Equity Instruments and Relevant Accounting Treatment promulgated by MOF, the preference shares issued by the Bank were accounted for as an equity instrument.

## Issuance of Convertible Corporate Bonds

#### I. OVERVIEW

On 17 March 2017, the Bank completed the issuance of the A share convertible bonds. The proceeds amounted to RMB30.0 billion and the net funds stood at some RMB29,923 million after deducting the issuance expense. On 5 April 2017, the above-mentioned A share convertible bonds were listed on SSE (bond name: Everbright Convertible Bonds, stock code:113011).

#### **III. CHANGES IN CONVERTIBLE BONDS**

For the A share convertible bonds issued by the Bank, the conversion period commences from the first trading day after six months from the completion of the issuance (18 September 2017) and ends on the bond maturity date (16 March 2023). During the reporting period, a total of RMB593,000 "Everbright Convertible Bonds" were converted into A shares of the Bank, and the number of accumulated converted shares reached 138,216.

#### **IV. PREVIOUS ADJUSTMENTS OF CONVERSION PRICE**

On 26 July 2018 (the date of record), the Bank distributed dividends on ordinary shares (A share) for 2017. In accordance with the applicable provisions in the *Prospectus on Public Issuance of A Share Convertible Corporate Bonds* as well as the relevant laws and regulations, the Bank, after the issuance of A share convertible bonds, shall adjust the conversion price in the event of a dividend distribution. Therefore, after this dividend distribution, the "Everbright Convertible Bonds" saw its initial conversion price adjusted from RMB4.31 per share to RMB4.13 per share as of 27 July 2018 (the ex-dividend date).

Previous adjustments of conversion price were as follows:

|  |   |                    |   | Unit: RMB per share  |

#### V. THE BANK'S OUTSTANDING DEBTS, CREDIT WORTHINESS AND AVAILABILITY OF CASH FOR REPAYMENT OF DEBTS IN FUTURE YEARS

In accordance with the applicable provisions in the Administrative Measures for the Issuance of Securities by Listed Companies and the Rules Governing the Listing of Stocks on Shanghai Stock Exchange, the Bank entrusted China Chengxin Securities Rating Co., Ltd. (herein after referred to as "China Chengxin" for short) to track and rate the credit standing of its A share convertible bonds issued in March 2017. China Chengxin issued the Tracking and Rating Report on A Share Convertible Corporate Bonds (2018) of China Everbright Bank Company Limited, maintaining the credit rating of the Bank's bond as AAA with as table outlook and the credit rating of the bond issuer as AAA, incurring no change. The Bank managed to remain stable in all aspects of operation, as exemplified by the reasonable asset structure, the basically steady liabilities, and the robust credit position. In future years, cash flows from operating and investment activities will constitute the cash sources of debt service.

Notes:

1. The employees of the Head Office of the Bank included 2,981 staff in the Credit Card Center and 1,850 persons in the Remote Banking Center.

2. The number of outlets, employees and the total assets listed in the above table excluded those of the subsidiaries of the Bank.

## Corporate Governance

#### I. CORPORATE GOVERNANCE STRUCTURE

#### II. OVERVIEW

Aiming at the best practice of corporate governance in the capital market, the Bank has established a sound corporate governance framework and policy system meeting the requirements on modern corporate system, leading to steady improvement in corporate governance of the Bank. In 2018, the Bank strictly complied with the *Company Law*, the *Securities Law*, the *Law on Commercial Banks*, the *Code of the Corporate Governance for Listed Companies*, the *Guidance on the Corporate Governance of Commercial Banks*, the *Guidelines for the Board of Supervisors of Commercial Banks*, the Hong Kong Listing Rules and other requirements. The Bank's corporate governance had no major deviation from normative documents regulating the corporate governance of listed companies issued by CSRC.

The Board of Directors of the Bank performed the duties as set out in Rule D.3.1 of Appendix 14 of the *Hong Kong Listing Rules* including reviewing the Bank's corporate governance policies and practices, the training and continuous professional development of Directors and the Senior Management, the Bank's policies and practices in respect of observance of law and regulatory requirements, the Bank's compliance with the *Model Code* and the compliance manual for employees, the Bank's compliance with the provisions of Appendix 14 of the *Hong Kong Listing Rules* and the content disclosed in the section headed "Corporate Governance" in this Report.

During the reporting period, the Board of Directors took an active part in reviewing and improving the strategic plan. After thoroughly analyzing the external environment and its own characteristics, the Board discussed and adopted the *Mid-to-long-term Development Strategy (2018-2027)*, which sets out the vision of "building a top-grade wealth management bank", and points out the transformation towards comprehensive, featured, light-asset, and digitalized operations. In response to the regulatory requirements and work needs, the Board further revised the *Articles of Association*, by refining the provisions relating to the shareholder obligations, shareholders' general meetings, and special committees under the Board of Directors. Meanwhile, the Board of Directors earnestly acted on the requirements raised in the *Interim Measures on Equity Management at Commercial Banks*, made further revisions to the *Administrative Measures for Related Party Transactions*, explored how to carry out the equity management, and reviewed major related party transactions stringently. To improve the inclusive finance System, the Bank set up the Inclusive Finance Department, and put the newly-created Inclusive Finance Development and Consumer Rights and Interests Protection Committees under the Board of Directors, so that the Board and its

### Corporate Governance

committee could get their work done in a coordinated way. To adapt to the new regulations on asset management, it supported the efforts to set up an wealth management subsidiary, urged the Senior Management to continuously strengthen capital management and planning, and reviewed and adopted the *Capital Planning Report (2018-2022)*.

During the reporting period, the Bank safeguarded the minority shareholders' rights of being well-informed, participation and decision-making through proper policy and procedure arrangements. At the shareholders' general meetings, both on-site voting and online voting were adopted. When material matters concerning the interests of medium and small investors were involved, the votes made by medium and small investors were counted and disclosed separately. The Bank and its substantial shareholders were independent in terms of their business, personnel, asset, organization and financial affairs, ensuring the Bank's full autonomy in its operation.

The Bank won *the Special Contribution Award for Board of Directors Governance* in the 14<sup>th</sup> Gold Round Table Award for Boards of Chinese Listed Companies sponsored by the Directors & Boards magazine.

The Board of Directors of the Bank has reviewed its work during the reporting period and solicited the opinions of the Senior Management during its reviewing process, who considered that the Board of Directors has effectively performed its duty and safeguarded the rights and interest of the shareholders and the Bank.

#### **III. SHAREHOLDERS' GENERAL MEETINGS**

#### i. Convening of Shareholders' General Meetings

During the reporting period, the Bank held one annual general meeting, two extraordinary general meetings, one A shareholders' class meeting, one H shareholders' class meeting, and one preference share class meeting, all in conformity with the procedures specified in the *Articles of Association* of the Bank.

On 28 February 2018, the Bank convened the 2018 First Extraordinary General Meeting, 2018 First A Shareholders' Class Meeting, 2018 First H Shareholders' Class Meeting and 2018 First Preference Share Class Meeting.

On 22 June 2018, the Bank convened the 2017 Annual General Meeting.

On 21 December 2018, the Bank convened the 2018 Second Extraordinary General Meeting.

The announcement on the above meetings was published on the websites of SSE, HKEX and the Bank.

ii. Implementation of the Resolutions of the Shareholders' General Meetings by the Board of Directors

During the reporting period, the Board of Directors of the Bank earnestly and fully implemented resolutions considered and approved at the shareholders' general meetings of the Bank.

The Board of Directors of the Bank earnestly implemented the profit distribution plan for 2017, distributed dividends to shareholders in time, and safeguarded shareholders' interests properly. The profit distribution plan has been completed in August 2018.

In accordance with the proposal on establishing an independent legal entity for asset management business as considered and approved by the 2017 Annual General Meeting, the Bank worked hard to apply for the establishment of such wealth management subsidiary with CBIRC, and started to make related preparations of all sorts.

Upon consideration and approval of the proposal regarding the election of Directors of the Seventh Session of the Board of Directors at the 2018 First and Second Extraordinary General Meetings, the Bank timely reported to CBIRC and obtained its approval on the qualifications of new Directors.

The 2018 Second Extraordinary General Meeting considered and approved the proposal on revising the *Articles of Association* of the Bank. The Bank timely submitted the revised version to CBIRC.

#### iii. Attendance of Directors at Shareholders' General Meetings

| Name                  | Number of<br>meetings | Attendance in person |
|-----------------------|-----------------------|----------------------|

| He Haibin             | 2                     | 0                    |
| Zhao Wei              | 3                     | 0                    |
| Qiao Zhimin           | 3                     | 2                    |
| Xie Rong              | 3                     | 2                    |
| Fok Oi Ling Catherine | 3                     | 1                    |
| Xu Hongcai            | 3                     | 1                    |
| Feng Lun              | 3                     | 0                    |
| Wang Liguo            | 3                     | 2                    |

Notes:

- In accordance with Rule A.6.7 of Appendix 14 of the Hong Kong Listing Rules, Independent Non-Executive Directors should attend shareholders' general meetings of the Bank. Some Independent Non-Executive Directors of the Bank were unable to attend relevant general meetings in 2018 due to other official duties.
- 2. Mr. Fu Dong started to perform his duty after his appointment qualification for Director was approved by former CBRC on 15 March 2018.
- 3. Mr. Li Xiaopeng started to perform his duty after his appointment qualification for Director was approved by former CBRC on 16 March 2018.
- 4. Mr. Shi Yongyan started to perform his duty after his appointment qualification for Director was approved by CBIRC on 21 May 2018.
- 5. Mr. He Haibin started to perform his duty after his appointment qualification for Director was approved by CBIRC on 21 May 2018.
- 6. Mr. Wang Xiaolin started to perform his duty after his appointment qualification for Director was approved by CBIRC on 12 October 2018.

#### **IV. DIRECTORS AND BOARD OF DIRECTORS**

#### i. Board Composition

As at the end of the reporting period, the Board of Directors consisted of 13 directors, including 7 Non-Executive Directors (Mr. Li Xiaopeng, Mr. Cai Yunge, Mr. Fu Dong, Mr. Shi Yongyan, Mr. Wang Xiaolin, Mr. He Haibin and Mr. Zhao Wei), and 6 Independent Non-Executive Directors (Mr. Qiao Zhimin, Mr. Xie Rong, Ms. Fok Oi Ling Catherine, Mr. Xu Hongcai, Mr. Feng Lun and Mr. Wang Liguo).

The Bank has paid special attention to the diversity of the members of the Board of Directors. In accordance with the *Policy on Membership Diversity of the Board of Directors* of the Bank, upon examining the director candidates and submitting its recommendation to the Board of Directors, the Nomination Committee comprehensively evaluated the candidates' gender, age, cultural and educational background, professional experience, skills, knowledge, length of service, etc. The Nomination Committee is also responsible for evaluating the structure, number of members and composition of the Board of Directors, and recommending to the Board on any adjustments that correspond with the strategy of the Bank. As at the end of the reporting period, out of the 13 directors of the Bank, 1 is female, 12 hold a postgraduate degree or above with 8 holding a doctoral degree. The Non-Executive Directors have held key positions in their respective institutions and possess extensive managerial experience. The Independent Non-Executive Directors are experts in economy, finance, accounting, auditing and other aspects who can provide the Bank with professional advice in different areas.

For the details of the biographies of directors, please refer to "Directors, Supervisors, Senior Management, Staff and Business Outlets".

### Corporate Governance

#### ii. Duties and Powers of the Board of Directors

As the decision-making body of the Bank, the Board of Directors is responsible for convening the shareholders' general meeting, reporting to and implementing resolutions passed at the shareholders' general meeting. The Board of Directors shall also set out strategies, operation plans and investment plans and formulate various proposals on financial budget, final accounts, risk capital allocation, and profit distribution plan and appoint members of senior management. Please refer to the *Articles of Association* of the Bank for details.

#### iii. Board Meetings and Resolutions

During the reporting period, the Board of Directors held 16 meetings, including 8 on-site meetings and 8 meetings via written resolutions. The Board of Directors considered a total of 96 proposals and heard 16 reports, playing an effective role in scientific decision-making.

The Board of Directors highly valued the strategy adjustment, so as to make clear the direction and path for future development; It deepened the reform of corporate governance and continuously improved its standards. It paid attention to operation transformation and business structure adjustment to actively serve the real economy, and continuously intensified risk and capital control with an aim to forestall and mitigate various risks. The Board of Directors strengthened fairness review on major related party transactions, and further improved the standard of the management over related party transactions. Besides, it performed information disclosure obligations prudently, and disclosed information in strict compliance with regulatory requirements to continuously enhance the management of information insider.

The announcements of resolutions of all Board Meetings of the Bank are published on the websites of SSE, HKEX and the Bank.

#### iv. Attendance of Directors at Board Meetings

Notes:

1. Mr. Fu Dong started to perform his duty after his appointment qualification for Director was approved by former CBRC on 15 March 2018.

2. Mr. Li Xiaopeng started to perform his duty after his appointment qualification for Director was approved by former CBRC on 16 March 2018.

3. Mr. Shi Yongyan started to perform his duty after his appointment qualification for Director was approved by CBIRC on 21 May 2018.

4. Mr. He Haibin started to perform his duty after his appointment qualification for Director was approved by CBIRC on 21 May 2018.

5. Mr. Wang Xiaolin started to perform his duty after his appointment qualification for Director was approved by CBIRC on 12 October 2018.

#### v. Appointment, Re-election and Removal of Directors

In accordance with the *Articles of Association* of the Bank, directors shall be elected and replaced at the shareholders' general meeting, and the term of office for directors (including Non-Executive Directors) is three years starting from the date when the appointment qualifications are approved by CBIRC. Directors can be re-elected and re-appointed when the term of office has expired and the term of office of the re-elected and re-appointed Directors commences from the date when such re-election and re-appointments are approved at the shareholders' general meeting.

The term of office for the Independent Non-Executive Directors is the same as that of other directors. The term of office for the Independent Non-Executive Directors shall conform to applicable laws and provisions of regulatory authorities.

The *Articles of Association* of the Bank stipulates the procedures for appointing, re-electing and removing directors. The Nomination Committee of the Board of Directors preliminarily reviews the qualification and conditions of each director candidate and submits a proposal to the Board of Directors, which will consider and approve the proposal on the nomination of director candidates and further submit it for election at the general meeting.

#### vi. Board Statement on the Financial Statements

The Senior Management has provided sufficient explanation and information for the Board of Directors to make well-informed judgments in respect to the submitted financial statements and other data for approval. The directors of the Bank acknowledge that they are responsible to prepare the financial statements of the Bank which truly represent the operating results of the Bank for the year of 2018. To the best knowledge of the directors, there was no material uncertain event or condition that might have a material adverse effect on the continuing operation of the Bank.

#### V. THE CHAIRMAN AND THE PRESIDENT

The roles and work of the Chairman of the Board and the President are performed by different individuals, and their respective responsibilities are clearly defined and divided, which is in compliance with the provisions of the Hong Kong Listing Rules. During the reporting period, Mr. Li Xiaopeng, the Chairman of the Board of Directors of the Bank, was responsible for convening and presiding the meetings of the Board of Directors, ensuring that all Directors attending the Board meetings were properly informed of the issues to be reviewed or reported, managing the operation of the Board of Directors, making sure that all key and relevant issues were discussed by the Board of Directors in a constructive and timely manner. From January to August 2018, Mr. Zhang Jinliang served as the President of the Bank to preside over the overall operation and management work, implement the resolutions of the Board of Directors, and carry out the strategies and business plans of the Bank. In November and December 2018, Mr. Ge Haijiao served as the President of Directors, and carry out the Bank to preside over the overall operation and management work, implement the resolutions of the Bank.

#### VI. DUTY PERFORMANCE OF INDEPENDENT NON-EXECUTIVE DIRECTORS

#### i. Independence of the Independent Non-executive Directors

The six Independent Non-Executive Directors of the Bank are not involved in any factors influencing their independence mentioned in Rule 3.13 of the Hong Kong Listing Rules. The Bank has received the letter of annual confirmation about his or her independence issued from each Independent Non-Executive Director according to Rule 3.13 of the Hong Kong Listing Rules. The Bank holds that all Independent Non-Executive Directors have met the independence requirements of the *Hong Kong Listing Rules*.

#### ii. Attendance of shareholders' general meetings by Independent Non-Executive Directors

Please refer to "III. iii" of this section for details.

#### iii. Attendance of Board meetings by Independent Non-executive Directors

Please refer to "IV. iv" of this section for details.

### Corporate Governance

#### iv. Independent Non-Executive Directors' objections to any issues of the Bank

During the reporting period, none of the Independent Non-Executive Directors of the Bank had raised any objections to the proposals of the Board of Directors or other issues.

#### v. Duty Performance of Independent Non-Executive Directors

As at the end of the reporting period, the Bank had six Independent Non-Executive Directors, accounting for one-third of the Board members. The Remuneration Committee, the Nomination Committee, the Related Party Transactions Control Committee and the Audit Committee of the Board of Directors were all chaired by Independent Non-Executive Directors. During the reporting period, they expressed their independent opinions on all issues involving the interests of minority shareholders, such as profit distribution plans, remuneration of the senior management, and major related party transactions in accordance with the Articles of Association of the Bank. In all Board committees, each of the Independent Non-Executive Directors, based on their expertise, provided professional and constructive opinions and recommendations on issues under discussion. When the Board of Directors is not in session, the Independent Non-Executive Directors kept themselves updated of the Bank's internal documents and information on the Bulletin of the Board and participated in the director communication meetings and the theory-discussing meetings for the Board of Directors, so as to be well informed of internal control audit, strategic transformation, business development, and risk prevention and control. They communicated actively with other directors, supervisors, senior management members and external auditors, so as to obtain necessary information to perform their duties. Independent Non-Executive Directors maintained close contacts with the Bank via emails and phone calls. The Independent Non-Executive Directors' recommendations were highly valued and some were adopted, playing a positive role in defining strategic direction, and improving the risk prevention & control and profitability of the Bank.

#### VII. DUTY PERFORMANCE OF BOARD COMMITTEES

The Board of Directors of the Bank has set up the Strategy Committee, the Audit Committee, the Risk Management Committee, the Nomination Committee, the Remuneration Committee, the Related Party Transactions Control Committee, and the Inclusive Finance Development and Consumer Rights and Interests Protection Committee. During the reporting period, the special committees held 35 meetings including 3 meetings of the Strategy Committee, 5 meetings of the Audit Committee, 4 meetings of the Risk Management Committee, 6 meetings of the Nomination Committee, and 2 meetings of the Remuneration Committee, 11 meetings of the Related Party Transactions Control Committee, and 2 meetings of the Inclusive Finance Development and Consumer Rights and Interests Protection Committee. During these meetings, 77 proposals were reviewed and 25 reports were considered. The Board Committees, based on the division of duties and powers, carefully considered material issues in the Bank's operation and provided professional support for the Board of Directors to make well-informed decisions.

#### i. Strategy Committee

At the end of the reporting period, the Strategy Committee consisted of 5 members including Non-Executive Directors Mr. Li Xiaopeng (Chairman), Mr. Fu Dong and Mr. Wang Xiaolin, and Independent Non-Executive Directors Mr. Xu Hongcai and Mr. Feng Lun.

Primary duties and responsibilities of the Strategy Committee include reviewing and discussing plans on capital management and replenishment, annual operation plan and major investment programs, conducting researches on the Bank's business objectives together with medium and long-term development strategies as well as advising the Board accordingly.

During the reporting period, the Strategy Committee reviewed and approved proposal on the Bank's business plans and financial budget plans for 2018, the 2018 annual fixed assets investment budget plan, the *Mid-to-long-term Development Strategy (2018-2027)*, and proposals on the establishment of an independent legal entity for asset management business, the contribution to the incorporation of the national financing guarantee fund, and the revision to subsidiary management measures. The Committee also heard and discussed the report on strategy implementation in 2017.

During the reporting period, the Strategy Committee convened 3 meetings (including 2 on-site meetings and 1 meeting via written resolutions), reviewed 7 proposals and heard 1 report. The attendance of committee members is as follows:

| Name         | Number of<br>meetings | Attendance in person | Attendance by<br>proxy | Absence |
|--------------|-----------------------|----------------------|------------------------|---------|
| Li Xiaopeng  | 2                     | 2                    | 0                      | 0       |
| Fu Dong      | 2                     | 2                    | 0                      | 0       |
| Wang Xiaolin | —                     | _                    | _                      | —       |

Notes:

- On 27 April 2018, the 21<sup>st</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Li Xiaopeng and Mr. Fu Dong as members of the Strategy Committee.
- 2. On 1 June 2018, the 22<sup>nd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Approving the Chairman of the Strategy Committee, the Nomination Committee and the Inclusive Finance Development and Consumer Rights and Interests Protection Committee of the Seventh Session of the Board of Directors, agreeing to appoint Mr. Li Xiaopeng as the Chairman of the Strategy Committee.
- 3. On 30 October 2018, the 29<sup>th</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Wang Xiaolin as member of the Strategy Committee.
- 4. On 10 January 2019, the 33<sup>rd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Ge Haijiao as member of the Strategy Committee in place of Mr. Wang Xiaolin.

#### ii. Audit Committee

At the end of the reporting period, the Audit Committee consists of 7 members, of which the majority and the Chairman were Independent Non-Executive Directors. Its members include Independent Non-executive Directors Mr. Xie Rong (Chairman), Mr. Qiao Zhimin, Ms. Fok Oi Ling Catherine and Mr. Wang Liguo, and Non-executive Directors Mr. Cai Yunge, Mr. Wang Xiaolin and Mr. He Haibin.

Primary duties of the Audit Committee include examining the Bank's internal control policy and monitoring its implementation; inspecting and monitoring the Bank's risk management and compliance conditions; examining and monitoring the Bank's internal audit policy and guiding the work of the internal audit departments; recommending the engagement of external auditors; guiding and monitoring the work of external auditors; and overseeing the Bank's annual audit.

During the reporting period, the Audit Committee considered the annual financial reports for A shares and H shares, the interim review report, the quarterly reports on the implementation of agreed-upon procedures, the internal control assessment report and the audit report on internal control. The Committee also heard the internal audit work summary, the Proposal for Management of 2017 and the report on related rectifications; and observed and discussed the performance of the annual, interim and quarterly operation. The Committee also invited Ernst & Young Hua Ming LLP to make presentations on review and outlook of listed banks in 2017, as well as share its experience in cross marketing.

## Corporate Governance

In accordance with the requirements of the Annual Report Procedures of the Audit Committee of the Board of Directors, the Audit Committee of the Bank earnestly carried out annual audit, reviewed the work plan for annual audit prepared by the auditor, and came up with major issues meriting particular attention in the audit process. In March 2019, the Audit Committee convened its 17<sup>th</sup> meeting to review the 2018 auditor's report on financial statements of the Bank submitted by the auditor. The Committee held that the auditor's report reflected the overall situation of the Bank in a truthful, accurate and complete manner, and formed a resolution which was submitted to the Board of Directors for review.

During the reporting period, the Audit Committee convened 5 meetings (including 4 on-site meetings and 1 meetings via written resolutions), considered 11 proposals and heard 15 reports. The attendance of committee members is as follows:

| Name                  | Number of<br>meetings | Attendance in person | Attendance by proxy | Absence |
|-----------------------|-----------------------|----------------------|---------------------|---------|
| Xie Rong              | 5                     | 5                    | 0                   | 0       |
| Cai Yunge             | 5                     | 1                    | 4                   | 0       |
| Wang Xiaolin          | -                     | _                    | _                   | _       |
| He Haibin             | 3                     | 2                    | 1                   | 0       |
| Qiao Zhimin           | 5                     | 4                    | 1                   | 0       |
| Fok Oi Ling Catherine | 5                     | 5                    | 0                   | 0       |
| Wang Liguo            | 5                     | 5                    | 0                   | 0       |

Notes:

- On 27 April 2018, the 21<sup>st</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. He Haibin as member of the Audit Committee.
- 2. On 30 October 2018, the 29<sup>th</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Wang Xiaolin as member of the Audit Committee.

#### iii. Risk Management Committee

At the end of the reporting period, the Risk Management Committee consisted of 4 members, including Non-Executive Directors Mr. Cai Yunge and Mr. Zhao Wei, and Independent Non-Executive Directors Mr. Qiao Zhimin and Mr. Feng Lun.

Primary duties of the Risk Management Committee of the Board of Directors include: determining the risk management policies of the Bank and the overall risk tolerance; supervising the duty performance of the senior management in controlling risks of credit, market, operation, liquidity, compliance and market reputation, etc.; evaluating the basic risk management policy and management mechanism of the Bank; recommending the Bank's management objective of capital adequacy ratio, reviewing and supervising the implementation of the Bank's capital plan and the monitoring of the capital adequacy ratio, and taking charge of the implementation of Basel III, data quality management and anti-money laundering management.

During the reporting period, the Risk Management Committee considered and approved the risk management reports, capital planning reports, capital adequacy assessment reports, stress testing reports, case prevention working reports, risk appetite indicators, and other proposals submitted by the senior management, and paid constant attention to the review and adjustment of credit policies, anti-money laundering (AML) management, data quality management, credit approval, and other aspects of work.

During the reporting period, the Risk Management Committee of the Board of Directors convened 4 meetings (including 3 on-site meetings and 1 meeting via written resolutions), reviewed 7 proposals and heard 4 reports. The attendance of committee members is as follows:

| Name        | Number of<br>meetings | Attendance in person | Attendance by proxy | Absence |
|-------------|-----------------------|----------------------|---------------------|---------|
| Cai Yunge   | 4                     | 3                    | 1                   | 0       |
| Zhao Wei    | 4                     | 2                    | 2                   | 0       |
| Qiao Zhimin | 4                     | 4                    | 0                   | 0       |
| Feng Lun    | 4                     | 1                    | 3                   | 0       |

Notes:

- On 10 January 2019, the 33<sup>rd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Ge Haijiao, Mr. Fu Dong and Mr. Wang Xiaolin as members of the Risk Management Committee.
- 2. On 27 February 2019, the 34<sup>th</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Approving the Chairman of the Risk Management Committee and the Inclusive Finance Development and Consumer Rights and Interests Protection Committee of the Seventh Session of the Board of Directors, agreeing to appoint Mr. Wang Xiaolin as the Chairman of the Risk Management Committee.

#### iv. Nomination Committee

At the end of the reporting period, the Audit Committee consists of 6 members, of which the majority and the Chairman were Independent Non-Executive Directors. Its members include Independent Non-executive Directors Mr. Xu Hongcai (Chairman), Mr. Qiao Zhimin and Ms. Fok Oi Ling Catherine and Non-executive Directors Mr. Li Xiaopeng and Mr. Shi Yongyan.

Primary duties and responsibilities of the Nomination Committee include: building the talent pool of qualified candidates for Directors and Senior Management; drafting the procedures and the selection criteria for Directors and Senior Management, preliminarily reviewing the position qualifications and conditions of candidates, and advising the Board accordingly; making the suggestions on the composition of other special committees for the Board's approval based on the nomination of the Chairman of the Board of Directors; making into account the expertise and willingness of the Director as well as the actual needs of the Board of Directors; making assessment of the Board structure, the number of Board members and the Board composition each year and offering recommendations on the adjustment of the Board of Directors according to the Bank's strategy; evaluating the training and professional development of the Director and the Senior Management.

During the reporting period, the Nomination Committee provided recommendations on some members of special committees under the Seventh Session of the Board of Directors, made preliminary review on qualifications of new Directors and Senior Management members and offered suggestions to the Board of Directors.

During the reporting period, the Nomination Committee convened 6 meetings (including 4 on-site meetings and 2 meetings via written resolutions) and considered 8 proposals. The attendance of committee members is as follows:

| Name                  | Number of<br>meetings | Attendance in person | Attendance by proxy | Absence |
|-----------------------|-----------------------|----------------------|---------------------|---------|
| Xu Hongcai            | 6                     | 5                    | 1                   | 0       |
| Li Xiaopeng           | 4                     | 3                    | 1                   | 0       |
| Shi Yongyan           | 4                     | 4                    | 0                   | 0       |
| Qiao Zhimin           | 6                     | 5                    | 1                   | 0       |
| Xie Rong              | 6                     | 6                    | 0                   | 0       |
| Fok Oi Ling Catherine | 6                     | 6                    | 0                   | 0       |

## Corporate Governance

Notes:

- On 27 April 2018, the 21<sup>st</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Members of the Nomination Committee of the Seventh Session of the Board of Directors, agreeing to add Mr. Li Xiaopeng and Mr. Shi Yongyan as members of the Nomination Committee.
- 2. On 1 June 2018, the 22<sup>nd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Approving the Chairman of the Strategy Committee, the Nomination Committee and the Inclusive Finance Development and Consumer Rights and Interests Protection Committee of the Seventh Session of the Board of Directors, agreeing to appoint Mr. Xu Hongcai as the Chairman of the Nomination Committee.

#### v. Remuneration Committee

At the end of the reporting period, the Remuneration Committee consisted of 6 members, of which the majority and the Chairman were Independent Non-Executive Directors. The members include Independent Non-executive Directors Mr. Qiao Zhimin (Chairman), Mr. Xie Rong, Ms. Fok Oi Ling Catherine, Mr. Feng Lun and Mr. Wang Liguo and Non-Executive Director Mr. Li Xiaopeng.

Primary duties and responsibilities of the Remuneration Committee include: drafting the remuneration management policy for the Directors and the Senior Management, making recommendations to the Board and overseeing the implementation of the policy; reviewing the duty performance of Directors and the Senior Management and making recommendations to the Board on the examination and evaluation of them; making proposal of the remuneration plan of Directors and the Senior Management and submit the same to the Board for approval; reviewing the basic policies involving salaries and benefits of the Bank's employees, advising the Board accordingly and supervising the implementation of these policies, etc.

During the reporting period, the Remuneration Committee considered and approved the Board of Directors' Report on the Evaluation of General Performance of Duties by Directors for 2017 and the 2017 Remuneration Standard for Directors, heard the work reports made by the Senior Management one by one, and studied and proposed the assessment and evaluation results of the Senior Management in 2017 and the remuneration plan for them.

During the reporting period, the Remuneration Committee convened 4 meetings in total (including 2 on-site meetings and 2 meetings via written resolutions), and considered 4 proposals. The attendance of Committee members is as follows:

| Name                  | Number of<br>meetings | Attendance in person | Attendance by<br>proxy | Absence |
|-----------------------|-----------------------|----------------------|------------------------|---------|
| Qiao Zhimin           | 4                     | 4                    | 0                      | 0       |
| Li Xiaopeng           | 2                     | 1                    | 1                      | 0       |
| Xie Rong              | 4                     | 4                    | 0                      | 0       |
| Fok Oi Ling Catherine | 2                     | 2                    | 0                      | 0       |
| Feng Lun              | 4                     | 3                    | 1                      | 0       |
| Wang Liguo            | 4                     | 4                    | 0                      | 0       |

Notes:

- On 27 April 2018, the 21<sup>st</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Li Xiaopeng and Ms. Fok Oi Ling Catherine as members of the Remuneration Committee.
- 2. On 10 January 2019, the 33<sup>rd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Members of Some Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Fu Dong as a member of the Remuneration Committee.

#### vi. Related Party Transactions Control Committee

At the end of the reporting period, the Related Party Transactions Control Committee is composed of 7 members, of which the majority and the Chairman were Independent Non-Executive Directors. Its members include Independent Non-executive Directors Ms. Fok Oi Ling Catherine (Chairman), Mr. Qiao Zhimin, Mr. Xie Rong, Mr. Xu Hongcai, Mr. Feng Lun and Mr. Wang Liguo, and Non-executive Director Mr. Zhao Wei.

Primary duties and responsibilities of the Related Party Transactions Control Committee include: filing the common related party transactions; reviewing the significant related party transactions and submitting the same to the Board of Directors for consideration; providing detailed reports to the Board of Directors on the overall status, risk level and structural distribution of related party transactions conducted in the year; developing the related party transactions management measures and submitting the same to the Board of Directors for approval before implementation; identifying and reporting the related parties of the Bank to the Board of Directors and the Board of Supervisors, and timely announcing the identities of such related parties to the relevant staff of the Bank.

During the reporting period, the Related Party Transactions Control Committee reviewed and approved proposals on the 2017 Report on Related Party Transactions, 36 major related party transactions, and revisions to the *Administrative Measures for Related Party Transactions*, and received the reports on filing of 27 general related party transactions.

During the reporting period, the Related Party Transactions Control Committee held 11 meetings in total (including 4 on-site meetings and 7 meetings via written resolutions), considered 39 proposals, and heard 1 work report. The attendance of Committee members is as follows:

| Name                  | Number of<br>meetings | Attendance in person | Attendance by<br>proxy | Absence |
|-----------------------|-----------------------|----------------------|------------------------|---------|
| Fok Oi Ling Catherine | 11                    | 11                   | 0                      | 0       |
| Zhao Wei              | 11                    | 8                    | 3                      | 0       |
| Qiao Zhimin           | 11                    | 11                   | 0                      | 0       |
| Xie Rong              | 11                    | 11                   | 0                      | 0       |
| Xu Hongcai            | 11                    | 9                    | 2                      | 0       |
| Feng Lun              | 11                    | 7                    | 4                      | 0       |
| Wang Liguo            | 11                    | 11                   | 0                      | 0       |

#### vii. Inclusive Finance Development and Consumer Rights and Interests Protection Committee

At the end of the reporting period, the Inclusive Finance Development and Consumer Rights and Interests Protection Committee is composed of 3 members, which are Non-Executive Directors Mr. Fu Dong, Mr. Shi Yongyan and Mr. He Haibin.

Primary duties and responsibilities of the Inclusive Finance Development and Consumer Rights and Interests Protection Committee include: formulating a development strategic plan for the Bank's inclusive finance business; reviewing the Bank's general policy for inclusive finance, and assessing evaluation measures and annual business plan; guiding and supervising the Senior Management on the development of inclusive finance work; formulating strategies, policies, and objectives of the Bank's protection of consumer rights and interests; urging the Senior Management to effectively implement consumer rights and interests protection related work; and supervising and evaluating consumer rights and interests protection work of the Bank.

During the reporting period, the Inclusive Finance Development and Consumer Rights and Interests Protection Committee reviewed the proposal on electing its Chairman, and heard and discussed a host of reports on the work plans and risk control measures for inclusive finance business, the summary of the consumer rights and interest protection work in 2017 and the first half of 2018, and the protection work evaluation and assessment results for 2017 and rectification plans.

#### Corporate Governance

During the reporting period, the Inclusive Finance Development and Consumer Rights and Interests Protection Committee convened 2 meetings (both on-site meetings), considered 1 proposal and heard 4 reports. The attendance of Committee members is as follows:

| Name        | Number of<br>meetings | Attendance in person | Attendance by proxy | Absence |
|-------------|-----------------------|----------------------|---------------------|---------|
| Fu Dong     | 2                     | 2                    | 0                   | 0       |
| Shi Yongyan | 2                     | 2                    | 0                   | 0       |
| He Haibin   | 2                     | 0                    | 2                   | 0       |

Notes:

- On 27 April 2018, the 21<sup>st</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Members of certain special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Zhang Jinliang, Mr. Fu Dong, Mr. Shi Yongyan and Mr. He Haibin as members of the committee.
- 2. On 1 June 2018, the 22<sup>nd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Approving the Chairman of the Strategy Committee, the Nomination Committee and the Inclusive Finance Development and Consumer Rights and Interests Protection Committee of the Seventh Session of the Board of Directors, agreeing to appoint Mr. Zhang Jinliang as the Chairman of the Inclusive Finance Development and Consumer Rights and Interests Protection Committee. On 22 August, Mr. Zhang Jinliang resigned from the position of the Chairman of the Inclusive Finance Development and Consumer Rights and Interests Protection Committee.
- 3. On 10 January 2019, the 33<sup>rd</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Adjustments to Some Members of the Special Committees of the Seventh Session of the Board of Directors, agreeing to add Mr. Ge Haijiao and Mr. Wang Liguo as members of the Inclusive Finance Development and Consumer Rights and Interests Protection Committee and that Mr. Fu Dong ceased to be a member of the Committee.
- 4. On 27 February 2019, the 34<sup>th</sup> Meeting of the Seventh Session of the Board of Directors of the Bank reviewed and approved the Proposal on Approving the Chairman of the Risk Management Committee and the Inclusive Finance Development and Consumer Rights and Interests Protection Committee of the Seventh Session of the Board of Directors, agreeing to appoint Mr. Ge Haijiao as the Chairman of the Inclusive Finance Development and Consumer Rights and Interests Protection Committee.

#### VIII.SUPERVISORS AND THE BOARD OF SUPERVISORS

The Board of Supervisors earnestly executed the regulatory requirements and collaborated with the Board of Directors and the Senior Management, while performing various supervisory duties in accordance with the law. It prudently and objectively provided the supervision and evaluation opinions on the Board of Directors, the Senior Management and their members, and conducted evaluation on its duty performance, in order to facilitate their effective duty performance; focused on the Bank's major financial decision-making and related implementation and reviewed the financial statements and the profit distribution plans so as to achieve targeted financial supervision; enhanced the supervision on the risk management, internal control, and supervision of strategies management and remuneration management and promoted the compliant and steady operation of the Bank by attending to reports, investigations and researches, and conducting interviews with various departments. During the reporting period, based on its surveys and studies on the Bank's business development, implementation of strategies, internal control compliance and risk governance, the Board of Supervisors provided relevant recommendations for the decision-making of the Board of Directors and the Senior Management, thus playing an active role in improving the Bank's corporate governance and healthy and sustainable development.

#### i. Composition of the Board of Supervisors

At the end of the reporting period, the Board of Supervisors consists of 9 members, including 3 Shareholder Supervisors (Mr. Li Xin, Mr. Yin Lianchen, Mr. Wu Junhao), 3 External Supervisors (Mr. Yu Erniu, Mr. Wu Gaolian, Mr. Wang Zhe) and 3 Employee Supervisors (Mr. Sun Xinhong, Mr. Jiang Ou, Ms. Huang Dan). The members of the Board of Supervisors, with rich experience in finance, accounting and business management, have demonstrated sufficient expertise and independence, thus ensuring the effective functioning of the Board of Supervisors.

The Board of Supervisors has set up the Nomination Committee and the Supervision Committee.

#### ii. Performance of Its Supervisory Duties by Board of Supervisors

The primary ways for the Board of Supervisors to perform its supervising duties include: holding regular meetings, attending the shareholders' general meetings, the meetings of the Board of Directors and Board committees as non-voting delegates, attending relevant meetings of the Senior Management as voting or non-voting delegates, reviewing business management reports, attending to the reports of all business lines and branches, conducting interviews with persons in charge of various branches and departments, conducting collective or individual inspections on the Bank's branches and outlets, and providing its supervision recommendations and meetings minutes to the Board of Directors and the Senior Management. In this way, the Board of Supervisors supervised the Board of Directors and Senior Management in terms of their duty performance, financial management, risk management, internal control management, strategic management and remuneration management.

#### iii. Meetings of the Board of Supervisors

During the reporting period, the Board of Supervisors, in accordance with the relevant provisions in the *Articles of Association* of the Bank and the rules of procedures, convened 6 meetings of the Board of Supervisors, including 4 on-site meetings and 2 meetings via written resolutions, and reviewed 19 proposals and considered 9 reports, including regular reports of the Bank, the reports on the evaluation of the duty performance of the Board of Directors and the Senior Management, the internal control report, the profit distribution plan and remuneration of the Supervisors, and formed clear opinions on relevant proposals.

During the reporting period, the supervisors attended all the shareholders' general meetings and all the meetings of the Board of Directors as non-voting delegates and supervised the compliance and legality of the aforementioned meetings, the voting procedures and the attendance, speeches and voting of the directors.

#### iv. Attendance of Supervisors at Meetings of the Board of Supervisors

| Name         | Number of<br>meetings | Attendance in person | Attendance by proxy | Absence |
|--------------|-----------------------|----------------------|---------------------|---------|

#### Corporate Governance

#### v. Special Committees of the Board of Supervisors

The two committees under the Board of Supervisors are the Nomination Committee and the Supervision Committee. The Nomination Committee consists of 6 members while the Supervision Committee consists of 6 members. The Chairmen of both committees are External Supervisors.

#### 1. Nomination Committee

At the end of the reporting period, the members of the Nomination Committee include Mr. Yu Erniu (Chairman), Mr. Li Xin, Mr. Yin Lianchen, Mr. Wu Gaolian, Mr. Wang Zhe and Mr. Jiang Ou.

Primary duties of the Nomination Committee include making suggestions to the Board of Supervisors regarding the size and composition of the Board of Supervisors; drafting the procedures and criteria for selecting Supervisors and advising the Board of Supervisors accordingly; conducting preliminary review of the qualifications and conditions of the supervisor candidates and advising the Board of Supervisors accordingly; supervising the procedures of the selection and appointment of Directors; drafting the plan of supervising the duty performance of Directors, Supervisors and Senior Management, making a comprehensive evaluation in this regard and reporting to the Board of Supervisors; supervising the rationality of the remuneration management policies of the Bank and the remuneration plan of the senior management.

During the reporting period, the Nomination Committee considered and approved the proposals on the Board of Supervisors' appraisal report on the overall duty performance of the Board of Directors, Senior Management, Directors and Supervisors in 2017, and the 2017 remuneration standards for Supervisors.

During the reporting period, the Nomination Committee convened 3 meetings (including 2 on-site meetings and 1 meeting via written resolution) and reviewed 7 proposals. The attendance of committee members is as follows:

|              | Number of | Attendance in | Attendance by |         |
|--------------|-----------|---------------|---------------|---------|
| Name         | meetings  | person        | proxy         | Absence |
| Yu Erniu     | 3         | 3             | 0             | 0       |
| Li Xin       | 3         | 3             | 0             | 0       |
| Yin Lianchen | 3         | 1             | 2             | 0       |
| Wu Gaolian   | 3         | 3             | 0             | 0       |
| Wang Zhe     | 3         | 3             | 0             | 0       |
| Jiang Ou     | 3         | 3             | 0             | 0       |

#### 2. Supervision Committee

At the end of the reporting period, the members of the Supervision Committee include Mr. Wu Gaolian (Chairman), Mr. Wu Junhao, Mr. Yu Erniu, Mr. Wang Zhe, Mr. Sun Xinhong and Ms. Huang Dan.

Primary duties of the Supervision Committee include developing the plan for supervising the Bank's operation and decision-making, risk management and internal control, and being responsible for the implementation of this plan after it is approved by the Board of Supervisors; developing the plan for supervising the financial activities of the Bank, and being responsible for the implementation of this plan after it is approved by the Board of Supervisors; supervising the Board of Directors in building up the concept of prudent business operation and the principles of value for the Bank and in formulating the development strategy that works best for the Bank; keeping itself informed of the preparation of the regular reports by the Board of Directors and relevant material adjustments and reporting the same to the Board of Supervisors; maintaining good communication with relevant special committees of the Board of Directors, relevant departments of the Bank and external intermediaries, and providing supervision recommendations on the Bank's appointment of its external auditors when the Committee deems it necessary.

During the reporting period, the Supervision Committee of the Board of Supervisors considered and approved regular reports of the Bank, internal control assessment report, etc.

During the reporting period, the Nomination Committee convened 4 meetings (including 3 on-site meetings and 1 meeting via written resolution) and reviewed 6 proposals. The attendance of committee members is as follows:

| Name        | Number of<br>meetings | Attendance in person | Attendance by<br>proxy | Absence |
|-------------|-----------------------|----------------------|------------------------|---------|
| Wu Gaolian  | 4                     | 4                    | 0                      | 0       |
| Wu Junhao   | 4                     | 3                    | 1                      | 0       |
| Yu Erniu    | 4                     | 4                    | 0                      | 0       |
| Wang Zhe    | 4                     | 3                    | 1                      | 0       |
| Sun Xinhong | 4                     | 3                    | 1                      | 0       |
| Huang Dan   | 4                     | 3                    | 1                      | 0       |

#### vi. Supervision by the Board of Supervisors

The Board of Supervisors had no objection to the supervision matters during the reporting period.

## IX. SECURITIES TRANSACTIONS BY DIRECTORS, SUPERVISORS AND RELEVANT EMPLOYEES

The Bank has adopted the standards set out in the *Model Code* in the Appendix 10 to the Hong Kong Listing Rules as the code of conduct to govern the securities transactions by Directors and Supervisors of the Bank. Having been enquired by the Bank, all Directors and Supervisors confirmed that they had always complied with the *Model Code* for the year ended 31 December 2018. The Bank has also formulated guidelines regarding the dealing of the Bank's securities by relevant employees and the guidelines are no less lenient than the *Model Code*. It has not come to the attention of the Bank that any employee was in violation of the guidelines during the reporting period.

#### X. SENIOR MANAGEMENT

As at the end of the reporting period, the Senior Management of the Bank consisted of 7 members, who are responsible for the operation and management of the Bank: implementing the resolutions of the Board of Directors, the strategic plans, the business plan and investment plans approved by the Board of Directors, developing plans of setting up internal managerial bodies and the basic management rules and regulations, and formulating specific administrative measures.

During the reporting period, the Senior Management, in accordance with the development strategy of the Bank, actively and effectively carried out the Bank's operation and management, earnestly implemented the business plan and the financial budget determined by the Board of Directors, better achieved the development targets set at the beginning of year and ensured the steady growth of business and continuous increase of profits.

#### XI. ESTABLISHMENT AND IMPLEMENTATION OF ASSESSMENT AND INCENTIVE MECHANISM FOR SENIOR MANAGEMENT

In accordance with the *Provisional Measures on Performance Assessment of Senior Management*, the Remuneration Committee of the Board of Directors is responsible of formulating the implementation plan for the performance assessment of Senior Management. During the reporting period, by taking into consideration the overall operation of the Bank and the duty performance of the Senior Management, the Remuneration Committee of the Board of Directors formulated the proposal of the 2017 performance evaluation grade of each Senior Management member and the remuneration plan, which were considered and approved by the Board of Directors before implementation.

#### Corporate Governance

#### **XII. TRAINING OF DIRECTORS AND SUPERVISORS**

During the reporting period, some Directors participated in special training for directors of listed companies under the jurisdiction of Beijing organized by the Beijing Association for Public Companies. Some Supervisors participated in the special training for supervisors held by CSRC Beijing Office and the senior seminar for the actual work of the board of supervisors organized by ZQLP Enterprise Management Center. Legal advisor of the Board of Directors and external auditor of the Bank gave the Directors and Supervisors special lectures on the implementation of laws on equity management at commercial banks, management of related party transactions, cross marketing, and other themes.

The participation by the Bank's Directors and Supervisors in the training programs on corporate governance, policies, laws and regulations, and business operation and management, complied with Provision A.6.5 of Appendix 14 of the *Hong Kong Listing Rules*.

#### XIII.AUDITOR'S REMUNERATION

Please refer to "Significant Events" of this Annual Report for details.

#### **XIV.INFORMATION DISCLOSURE**

During the reporting period, the Bank, as a company listed in both Shanghai and Hong Kong, fully apprehended their regulatory requirements for information disclosure, timely disclosed various information, and ensured that the information disclosed was true, accurate and complete. Regarding the disclosure of regular reports, the Bank properly completed the preparation and disclosure of the 2017 Annual Report, the 2018 half-year report (interim report) and quarterly reports. In terms of the disclosure of ad hoc announcements, during the year, the Bank published 115 A share ad hoc announcements (including online non-announcements) and 146 H share ad hoc announcements (including A share overseas regulatory announcements). Pursuant to the requirements on the issuance of POWL by the Japanese securities regulator, the Bank proactively disclosed information on H shares so as to satisfy its information disclosure requirements.

#### **XV. INVESTOR RELATIONSHIP**

During the reporting period, the Bank managed investor relationships through various activities so as to enhance its communication with investors. Specifically, it held the 2017 financial results (A+H shares) announcement and press conference in Beijing and Hong Kong. Over 100 institutional investors, bank analysts and media correspondents from home and abroad participated in this communication event. Besides, the Bank actively participated in the investors open day organized by listed companies in Beijing for 2018, sharing with the investors its information on competitive edges, development strategies, operating results, capital replenishment status, annual dividend distribution plans, and debt-for-equity swaps, and other aspects. Besides, the 42 visiting and on-site surveys were arranged for 410 domestic and overseas investors and analysts. The Bank participated in the strategy seminars for investment institutions, and held 20 on-site group meetings to receive 390 investors in total. Additionally, it answered over 370 phone calls from domestic and overseas investors and replied over 260 emails for inquiry. It interacted with investors via interactive online platforms such as "SSE e-interaction". The contents of the Bank's website in both Chinese and English versions have been updated in a timely manner to inform investors about the Bank. Also, it actively communicated with minority shareholders attending the shareholders' general meetings to answer their questions.

## XVI. COMPANY SECRETARY AND ASSISTANT TO COMPANY SECRETARY UNDER THE HONG KONG LISTING RULES

During the reporting period, Mr. Li Jiayan served as the Secretary to the Board of the Bank and the Company Secretary under the Hong Kong Listing Rules, and Ms. Lee Mei Yi (Tricor Services Limited) acted as the Assistant to Company Secretary. Mr. Li Jiayan was the main contact person of the Bank. Mr. Li Jiayan and Ms. Lee Mei Yi had participated in relevant vocational training for no less than 15 hours in compliance with Rule 3.29 of the *Hong Kong Listing Rules*.

#### XVII. SHAREHOLDERS' RIGHTS

- i. Shareholders who individually or jointly hold more than ten percent of the voting shares of the Bank shall have the right to request the Board of Directors to convene an extraordinary general meeting. Such request shall be made in writing to the Board of Directors.
- ii. Shareholders who individually or jointly hold more than three percent of voting shares of the Bank may provide an interim proposal and submit it in writing to the Board of Directors ten days before the shareholders' general meeting is convened. The Board of Directors shall issue a supplementary notice for the shareholders' general meeting within two days upon receipt of the proposal and submit such proposal to the shareholders' general meeting for approval.
- iii. An extraordinary Board meeting shall be convened and presided over by the Chairman within ten days since it is proposed by the shareholders who individually or jointly hold more than ten percent of the voting shares of the Bank.
- iv. Unless there are specified provisions regarding the rights of the holders of preference shares in laws, regulations, rules, regulatory documents and the *Articles of Association* of the Bank, all the shareholders of the Bank shall have the following rights:
  - 1. Collecting dividends and other forms of benefits distributed on the basis of the number of shares held by them;
  - 2. Attending or entrusting proxy to attend meetings of shareholders and exercise the voting rights;
  - 3. Supervising business operation of the Bank and putting forward recommendations or inquiries accordingly;
  - 4. Transferring shares in accordance with laws, regulations, rules, regulatory documents, relevant regulations of the securities regulatory authority of the jurisdiction where shares of the Bank are listed and the *Articles of Association* of the Bank;
  - 5. Obtaining relevant information according to the *Articles of Association* of the Bank, including the Bank's financial and accounting statements; status of share capital of the Bank; minutes of the shareholders' general meetings, resolutions of meetings of Board of Directors and resolutions of meetings of the Board of Supervisors, etc.;
  - 6. Participating in the distribution of the Bank's remaining assets in proportion to the number of shares held by the shareholders when the Bank is terminated or liquidated.

#### Corporate Governance

#### v. Holders of preference shares of the Bank shall be entitled to the following special rights:

- 1. Rights to dividends in priority to holders of ordinary shares;
- 2. Rights to distribution of residual assets of the Bank upon liquidation in priority to holders of ordinary shares;
- 3. Rights to attend and vote at shareholders' general meetings upon occurrence of prescribed events;
- 4. Upon occurrence of prescribed events, to have its voting rights restored.

Please refer to the Articles of Association of the Bank for more details about shareholders' rights.

As to the contact details for shareholders to communicate with and enquire of the Board, please refer to "Company Profile" of this report.

#### XVIII. STATEMENT OF COMPLIANCE WITH THE BANKING (DISCLOSURE) RULES

The Bank has prepared the 2018 H share financial statements in accordance with the *Banking (Disclosure) Rules* by the Hong Kong Monetary Authority.

#### XIX. COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE OF THE HONG KONG LISTING RULES

Since its listing on the HKEX, the Bank has applied the principles as stipulated in Appendix 14 to the Hong Kong Listing Rules (*the Corporate Governance Code*). Except for the relevant disclosures made in the section, the Company has fully complied with all the Code Provisions during the reporting period.

#### XX. INTERNAL CONTROL SELF-ASSESSMENT REPORT

Based on the outcome of the review of material defects in the internal control over financial reporting of the Bank, the Bank, as at the reference date (i.e. 31 December 2018) for the internal control self-assessment report, had not discovered any material deficiencies in the internal control over financial reporting, and had maintained an effective internal control over financial reporting in accordance with the standards for enterprise internal control in all material aspects.

Based on the outcome of the review of internal control unrelated to financial reporting of the Bank, the Bank, as at the reference date (i.e. 31 December 2018) for the internal control self-assessment report, had not discovered any material defects in internal control on non-financial reports.

From the reference date of internal control self-assessment report to the date of release of the internal control selfassessment report, there was no factor which may affect the assessment conclusion of the effectiveness of internal control. The full text of the 2018 Internal Control Self-Assessment Report of the Bank has been published on the websites of SSE, HKEX (in the form of overseas regulatory announcement) and the Bank.

The internal control policy system of the Bank is primarily based on the *Articles of Association* of the Bank and is divided into three tiers including general policy, specific policies and evaluation policies. The policy system covers seven major business lines such as corporate banking, retail banking, financial market, internal control of risk, financial operation, comprehensive management and IT, and covers various aspects including the management of front-line businesses, intermediate and back-office risk control, supervision and evaluation. Such system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

Please refer to the "Discussion and Analysis on the Operations" for details of information relevant to the risk management system of the Bank and work during the reporting period.

The Board of Directors periodically reviews and assesses the corporate governance, risk management and internal control of the Bank. The Board of Directors deems that the system of corporate governance, risk management and internal control of the Bank is sufficient and effective during the reporting period.

#### XXI. AUDIT REPORT ON INTERNAL CONTROL

EY Hua Ming audits the internal control of the Bank and issues an audit opinion every year. In 2018, its audit opinion goes as, on 31 December 2018, the Bank has maintained an effective internal control over financial reporting in all material aspects in accordance with the *Basic Standard for Enterprise Internal Control* and relevant regulations. The full text of the audit opinion has been published on the websites of SSE, HKEX (in the form of overseas regulatory announcement) and the Bank.

#### To the shareholders of China Everbright Bank Company Limited

(Established in the People's Republic of China with limited liability)

#### **OPINION**

We have audited the consolidated financial statements of China Everbright Bank Company Limited (the "Bank") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at 31 December 2018, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") issued by the International Accounting Standards Board and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

#### **BASIS FOR OPINION**

We conducted our audit in accordance with International Standards on Auditing ("ISAs") issued by the International Auditing and Assurance Standards Board. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants (the "Code") issued by the Hong Kong Institute of Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **KEY AUDIT MATTERS**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

| Key audit matter   | How our audit addressed the key audit matter |
|--|--|
| Impairment assessment of loans and advances to customers |  |

In 2014, the IASB released IFRS 9 – Financial Instruments (hereinafter referred to as "IFRS 9"). IFRS 9 was adopted by the Group on 1 January 2018.

IFRS 9 requires that the impairment measurement for financial assets be changed from "incurred loss model" to "expected credit loss model". The Group uses a number of models and assumptions in the measurement of expected credit losses, for example:

- Significant increase in credit risk The selection of criteria for identifying significant increase in credit risk are highly dependent on judgement and may have a significant impact on the expected credit losses for loans with longer remaining periods to maturity;
- Models and parameters Inherently complex models are used to measure expected credit losses. Modelled parameters have numerous inputs and the parameter estimation involves many judgements and assumptions.
- Forward-looking information Expert judgement is used to create macroeconomic forecasts and to consider the impact to expected credit losses under multiple economic scenarios given different weights;
- Individual impairment assessment Identifying credit impaired loans requires consideration of a range of factors, and individual impairment assessments are dependent upon estimates of future cash flows.

We evaluated and tested the effectiveness of design and implementation of key controls related to the credit approval process, post approval credit management, loan rating system, collateral monitoring and loan impairment assessment, including relevant data quality and information systems.

We adopted a risk-based sampling approach in our loan review procedures. We assessed the debtors' repayment capacity and evaluated the Group's loan grading, taking into consideration post-lending investigation reports, debtors' financial information, collateral valuation reports and other available information.

With the support of our internal credit risk modelling experts, we evaluated and tested the important parameters of the expected credit loss model, management's major judgements and related assumptions, mainly focusing on the following aspects:

1. Expected credit loss model:

- Assessed the reasonableness of the expected credit loss model methodology and related parameters, including probability of default, loss given default, risk exposure, and significant increase in credit risk;
- Assessed the forward-looking information management used to determine expected credit losses, including the forecasts of macroeconomic variables and the assumptions of multiple macroeconomic scenarios;
- Evaluated the models and the related assumptions used in individual impairment assessment and analysed the amount, timing and likelihood of management's estimated future cash flows, especially cash flows from collateral.

| Key audit matter  | How our audit addressed the key audit matter   |
|---|--|
| Impairment assessment of loans and advances to customers (co  | ntinued)   |
| Since loan impairment assessment involves many<br>judgements and assumptions, and in view of the<br>significance of the amount (as at 31 December 2018,<br>gross loans and advances to customers amounted to<br>RMB2,428.487 billion, representing 55.73% of total<br>assets, and impairment allowance for loans and advances<br>to customers amounted to RMB67.682 billion),<br>impairment of loans and advances is considered a key<br>audit matter.<br>Relevant disclosures are included in Note III 1, Note<br>VI 16 and Note VI 48(a) to the consolidated financial<br>statements. | <ul> <li>2. Design and operating effectiveness of key controls:</li> <li>Evaluated and tested the data and processes used to determine expected credit loss, including loan business data, internal credit rating data, impairment system computational logic, as well as inputs, outputs and interfaces among relevant systems;</li> <li>Evaluated and tested key controls over expected credit loss models, including approval of model changes, ongoing monitoring model performance, model validation and parameter calibration.</li> <li>We evaluated and tested the design and operating effectiveness of internal controls related to disclosures of credit risk and impairment allowance.</li> </ul> |

| Key audit matter                   | How our audit addressed the key audit matter |
|------------------------------------|--|
| Valuation of financial instruments |  |

The Group has applied valuation techniques to determine the fair value of financial instruments that are not quoted in active markets. These valuation techniques usually involve subjective judgement and assumptions. With different valuation techniques and assumptions applied, the valuation results can vary significantly.

As at 31 December 2018, financial assets and financial liabilities measured at fair value amounted to RMB452.643 billion and RMB14.703 billion respectively, representing 10.39% and 0.36% of total assets and total liabilities respectively. Financial instruments which required either directly (i.e. as prices) or indirectly (i.e. derived from prices) inputs, hence categorized within level 2 of the fair value hierarchy, represented 48.82% of total financial assets measured at fair value; financial instruments which required significant unobservable inputs, hence categorized within level 3 of the fair value hierarchy, represented 0.77% of total financial assets measured at fair value. Considering the significance of financial instruments measured at fair value, and the uncertainty in valuation, this is considered a key audit matter.

Relevant disclosures are included in Note III 2 and Note VI 49 to the consolidated financial statements.

We assessed and tested the design and operating effectiveness of key controls related to valuation of financial instruments, including relevant data quality and IT systems involved.

We evaluated the valuation techniques, inputs and assumptions used by the Group through comparison with the valuation techniques commonly used in the markets, validation of observable inputs using external market data, and comparison with valuation outcomes obtained from various pricing sources.

We assessed and tested the design and operating effectiveness of the Group's controls related to disclosures of fair value. We also assessed whether relevant fair value and sensitivity disclosures in the financial statements adequately presented the risk of the Group.

#### Key audit matter

#### How our audit addressed the key audit matter

#### Unconsolidated structured entities

The Group established various structured entities, such as bank wealth management products, funds, trust plans, in conducting asset management business and investments. The Group determines whether or not to consolidate these structured entities based on the assessment of whether the Group has control over them through taking consideration of power arising from rights, variable returns, and link between power and returns.

The assessment of the Group's control over structured entities involves significant judgement and estimation such as the purpose and design of structured entities, its ability to direct relevant activities, interests it holds directly or indirectly, performance fee obtained, profit and the exposure to loss from providing credit enhancement or liquidity support, etc. The comprehensive analysis of these factors and the conclusion of whether the Group has control involve significant management judgement and estimation. Due to the significance of the unconsolidated structured entities and the complexity of judgement exercised by the management, it is considered a key audit matter.

Relevant disclosures are included in Note III 6 and Note VI 41 to the consolidated financial statements.

We assessed and tested the design and operating effectiveness of the key controls relating to the Group's assessment of whether it controls structured entities.

We assessed the Group's analysis and conclusions on whether or not it controls structured entities by reviewing relevant term sheets to analyze whether the Group has obligation to absorb any loss of structured entities, as well as the Group's analysis on its power over structured entities, the magnitude and variability of variable returns from its involvement with structured entities. We also assessed whether the Group had provided liquidity support or credit enhancement to structured entities, as well as fairness of transactions between the Group and structured entities.

Furthermore, we assessed and tested the design and operating effectiveness of the Group's controls over its disclosures of unconsolidated structured entities.

#### OTHER INFORMATION INCLUDED IN THE BANK'S 2018 ANNUAL REPORT

The directors of the Bank are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors of the Bank are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Bank are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Bank either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors of the Bank are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

#### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

#### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Choi Kam Cheong, Geoffrey.

### Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### I BACKGROUND INFORMATION

China Everbright Bank Company Limited (the "Bank") commenced its operations in Beijing, the People's Republic of China ("the PRC") on 18 August 1992. The A-shares and H-shares of the Bank were listed on the Shanghai Stock Exchange in August 2010 and the Stock Exchange of Hong Kong Limited in December 2013 respectively.

The Bank is licensed as a financial institution by the China Banking and Insurance Regulatory Commission (the "CBIRC"), formerly the China Banking Regulatory Commission (the former "CBRC") No. B0007H111000001 and is issued the business license of legal enterprise No. 91110000100011743X by the State Administration of Industry and Commerce of the PRC. The registered address is No.25, Taipingqiao Ave, Everbright Center, Xicheng District, Beijing, P. R. China.

The principal activities of the Bank and its subsidiaries (Note VI 19) (collectively the "Group") are the provision of corporate and retail deposits, loans and advances, settlement, treasury business and other financial services as approved by the former CBRC. The Group mainly operates in mainland China, which, for the purpose of the report, excludes the Hong Kong Special Administration Region of the PRC ("Hong Kong"), the Macau Special Administration Region of the PRC and Taiwan.

The Bank has branches in 32 provinces, autonomous regions, municipalities in mainland China, Hong Kong, Seoul in South Korea, Luxembourg and Sydney as at 31 December 2018.

These financial statements have been approved by the Board of Directors on 28 March 2019.

#### **II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES**

#### 1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards ("IFRSs"). In addition, the consolidated financial statements comply with the disclosure requirements of the Hong Kong Companies Ordinance.

Financial assets and financial liabilities at fair value through profit or loss (including derivative financial instruments), as well as financial assets at fair value through other comprehensive income are measured at their fair values in the consolidated financial statement. Other accounting items are measured at their historical costs. Impairment is recognised if there is objective evidence of impairment of assets.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note III.

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### **1 Basis of preparation** (continued)

As a financial institution incorporated in the PRC and listed on the Shanghai Stock Exchange, the Group also prepared its consolidated financial statements for the reporting period in accordance with the "Accounting Standards for Business Enterprises-Basic Standard" issued by the Ministry of Finance of the People's Republic of China (the "MOF"), as well as additional specific accounting standards, the Application Guide and Interpretations of Accounting Standards and other relevant regulations (collectively known as the "PRC GAAP"). There is no difference in the net profit for the year or total equity as at the end of the year between the Group's consolidated financial statements prepared under IFRSs and those prepared under PRC GAAP.

### 1.1 Standards, amendments and interpretations effective and have been early adopted by the Group in 2018

On 1 January 2018, the Group adopted the following new standards, amendments and interpretations.

| IAS 40 Amendments            | Transfers of Investment Property                        |
|------------------------------|---|
| IFRS 2 Amendments            | Share-based Payment                                     |
| IFRS 4 Amendments            | Insurance Contracts                                     |
| IFRS 9                       | Financial Instruments                                   |
| IFRS 9 Amendments            | Prepayment Features with Negative Compensation          |
| IFRS 15 and Amendments       | Revenue from Contracts with Customers                   |
| IFRIC Interpretation 22      | Foreign Currency Transactions and Advance Consideration |
| Annual Improvements to IFRSs |   |
| 2014-2016 cycle              |   |
| (issued in December 2016):   |   |
| IAS 28                       | Investments in Associates and Joint Ventures            |

IAS 40 Amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use.

The IASB issued amendments to IFRS 2 Share-based Payment that address three main areas: the effects of vesting conditions on the measurement of a cash-settled share-based payment transaction; the classification of a share-based payment transaction with net settlement features for withholding tax obligations; and accounting where a modification to the terms and conditions of a share-based payment transaction from cash settled to equity settled.

The IASB issued amendments to IFRS 4 that address concerns arising from implementing the new financial instruments standard, IFRS 9, before implementing the new insurance contracts standard that the IASB is developing to replace IFRS 4. The amendments introduce two options for entities issuing insurance contracts: a temporary exemption from applying IFRS 9 and an overlay approach.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### **1 Basis of preparation** (continued)

### 1.1 Standards, amendments and interpretations effective and have been early adopted by the Group in 2018 (continued)

In October 2017, the IASB issued amendments to IFRS 9 Financial Instruments. The amendments allow financial assets with prepayment features that permit or require a party to a contract either to pay or receive reasonable compensation for the early termination of the contract to be measured at amortised cost or at fair value through other comprehensive income. The amendments are effective for annual reporting periods beginning on or after 1 January 2019, but earlier application is permitted. The Group adopted IFRS 9 Amendments from 1 January 2018.

IFRS 15 was issued in May 2014, and amended in April 2016, and establishes a new five-step model that will apply to revenue arising from contracts with customers. Under IFRS 15 revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in IFRS 15 provide a more structured approach to measuring and recognising revenue. IFRS 15 does not apply to revenue associated with financial instruments, and therefore, will not impact the majority of the Group's revenue, including net interest income, net trading gains and net gains from investment securities which are covered under IFRS 9.

IFRIC Interpretation 22 clarifies that in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the de-recognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine a date of the transactions for each payment or receipt of advance consideration.

Annual Improvements to IFRSs 2014-2016 cycle was issued in December 2016. The annual improvements process was established to make non-urgent but necessary amendments to IFRSs. The amendments of IAS 28 – Investments in Associates and Joint Ventures clarify that an entity that is a venture capital organisation, or other qualifying entity, may elect, at initial recognition on an investment-by-investment basis, to measure its investments in associates and joint ventures at fair value through profit or loss. If an entity, that is not itself an investment entity, has an interest in an associate or joint venture that is an investment entity, the entity may, when applying the equity method, elect to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries.

Except for the adoption of IFRS 9, the adoption of the above standards, amendments and interpretations does not have any significant impact on the operating results, financial position and comprehensive income of the Group.

In July 2014, the IASB issued the final version of IFRS 9 Financial Instruments which reflects all phases of the financial instruments project. IFRS 9 replaces IAS 39 Financial Instruments for annual periods on or after 1 January 2018. The impact of adopting IFRS 9 is included in Note V.

IFRS 16 Leases requires lessees to recognise assets and liabilities for most leases. For lessors, there is little change to the existing accounting in IAS 17 Leases. The scope of the new standard includes leases of all assets, with certain exceptions.

IFRIC Interpretation 23 clarifies how to apply the recognition and measurement requirements in IAS 12 Income Taxes when there is uncertainty over income tax treatments. The Interpretation mainly addresses the following four areas: whether an entity separately considers the uncertainty of tax treatments; assumptions adopted by an entity to address the examination of tax treatments by taxation authorities; how an entity determines taxable profits (tax losses), tax bases, unused tax losses, unused tax credits and tax rates; and how an entity considers changes in facts and circumstances.

IAS 19 Amendments require entities to use the updated actuarial assumptions to determine current service cost and net interest for the remainder of the annual reporting period after such an event. The amendments also clarify how the requirements for accounting for a plan amendment, curtailment or settlement affect the asset ceiling requirements. The amendments do not address the accounting for 'significant market fluctuations' in the absence of a plan amendment, curtailment or settlement.

IAS 28 Amendments clarify that an entity applies IFRS 9 Financial Instruments to long-term interests in an associate or joint venture to which the equity method is not applied but that, in substance, form part of the net investment in the associate or joint venture (long-term interests). Entities must apply the amendments retrospectively, with certain exceptions.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

**1 Basis of preparation** (continued)

### 1.2 Standards, amendments and interpretations that are not yet effective and have not been early adopted by the Group in 2018 (continued)

IFRS 3 Amendments clarify and provide additional guidance on the definition of a business. The amendments clarify that for an integrated set of activities and assets to be considered a business, it must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create output. A business can exist without including all the inputs and processes needed to create outputs. The amendments remove the assessment of whether market participants are capable of acquiring the business and continue to produce outputs. Instead, the focus is on whether acquired inputs and substantive processes together significantly contribute to the ability to create outputs. The amendments have also narrowed the definition of outputs to focus on goods or services provided to customers, investment income or other income from ordinary activities. Furthermore, the amendments provide guidance to assess whether an acquired process is substantive and introduce an optional fair value concentration test to permit a simplified assessment of whether an acquired set of activities and assets is not a business.

Amendments to IAS 1 and IAS 8 provide a new definition of materiality. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions made by the primary users of general purpose financial statements based on those financial statements. The amendments clarify that materiality depends on the nature or magnitude of information. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

In May 2017, the IASB issued IFRS 17 Insurance Contracts to replace IFRS 4 Insurance Contracts. The standard provides a general model for insurance contracts and two additional approaches: the variable fee approach and the premium allocation approach. IFRS 17 covers the recognition, measurement, presentation and disclosure of insurance contracts and applies to all types of insurance contracts.

The amendments to IFRS 10 and IAS 28 address an inconsistency between the requirements in IFRS 10 and in IAS 28 in dealing with the sale or contribution of assets between an investor and its associate or joint venture. The amendments require a full recognition of a gain or loss when the sale or contribution between an investor and its associate or joint venture constitutes a business. For a transaction involving assets that do not constitute a business, a gain or loss resulting from the transaction is recognised in the investor's profit or loss only to the extent of the unrelated investor's interest in that associate or joint venture.

The Group is in the process of assessing the impact of these new standards, amendments and interpretations on the consolidated and separate financial statements of the Group and the Bank respectively.

Annual Improvements to IFRSs 2015-2017 cycle was issued in December 2017. Those amendments affect IFRS 3 – Business Combinations, IFRS 11- Joint Arrangements, IAS 12 – Income Taxes and IAS 23 – Borrowing Costs. The amendments are effective from annual period beginning on or after 1 January 2019. No amendment was early adopted by the Group and no material changes to accounting policies were made in 2018.

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 2 Consolidation

Subsidiaries are all entities (including corporates, divided parts of associates, and structured entities controlled by corporates) over which the Group has control. That is the Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The existence and effect of potential voting rights that are currently exercisable or convertible and rights arising from other contractual arrangements are considered when assessing whether the Group controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases. If changes in facts and circumstances result in changes in elements involved in the definition of control, the Group will re-evaluate whether it still has control over subsidiaries.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the statement of profit or loss.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. Where necessary, accounting policies of subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

In the Bank's statement of financial position, investments in subsidiaries are accounted for at cost less impairment. Cost is adjusted to reflect changes in consideration arising from contingent consideration amendments, but does not include acquisition-related costs, which are expensed as incurred. The dividends or profits declared to distribute by the invested entity shall be recognised by the Bank as the current investment income of subsidiaries.

#### 3 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, non-restricted balances with central banks, shortterm deposits and placements with banks and other financial institutions, and highly liquid short-term investments which are readily convertible into known amounts of cash and are subject to an insignificant risk of change in value.

#### Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 4 Foreign currency translation

When the Group receives capital in foreign currencies from investors, the capital is translated to Renminbi at the spot exchange rate on the date of receipt. Other foreign currency transactions are, on initial recognition, translated to Renminbi at the spot exchange rates or the rates that approximate the spot exchange rates at the dates of transactions.

Monetary assets and liabilities denominated in foreign currencies at the financial reporting date are translated at the foreign exchange rates ruling at that date. Changes in the fair value of monetary securities denominated in foreign currency classified as financial assets at fair value through other comprehensive income are analysed between translation differences resulting from changes in the amortised cost of the security and other changes in the carrying amount of the security. Translation differences related to changes in the amortised cost are recognised in the statement of profit or loss, and other changes in the carrying amount are recognised in "Other comprehensive income". Translation differences on all other monetary assets and liabilities are recognised in the statement of profit or loss.

Non-monetary assets and liabilities that are measured at historical cost in foreign currencies are translated using the foreign exchange rates at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in foreign currencies are translated using the foreign exchange rates at the date the fair value is determined. Translation differences on non-monetary financial assets classified as financial assets at fair value through other comprehensive income are recognised in "Other comprehensive income". Translation differences on non-monetary financial assets and liabilities held at fair value through profit or loss are recognised as "Net trading gains" in the statement of profit or loss.

Assets and liabilities of foreign operation are translated to Renminbi at the spot exchange rate at the balance sheet date. Equity items, excluding "Retained Earnings", are translated to Renminbi at the spot exchange rates at the transaction dates. Income and expenses of foreign operation are translated to Renminbi at the rates that approximate the spot exchange rates at the transaction dates. The resulting translation differences are recognised in other comprehensive income. The translation differences accumulated in shareholders, equity with respect to a foreign operation are transferred to profit or loss in the period when the foreign operation is disposed.

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 5 Financial instruments (applicable from 1 January 2018)

#### 5.1 Recognition and De-recognition of financial instruments

The Group shall recognise a financial asset or a financial liability in its statement of financial position when the Group becomes party to the contractual provisions of the instrument.

Financial assets (or a part of a financial asset or group of financial assets) are derecognised when the financial assets meet one of the following conditions:

- (1) the contractual rights to the cash flows from the financial asset expire; or
- (2) the contractual rights to the cash flows from the financial asset are transferred, or the Group undertake the obligation to pay the cash flow collected to a third party in full and on time under the "pass-through agreement" and the Group (a) transfers substantially all the risks and rewards of ownership of the financial assets or (b) where substantially all the risks and rewards of ownership of a financial asset are neither retained nor transferred, the control over that asset is relinquished.

The Group recognises and de-recognises financial assets on the trading day when trading financial assets in a conventional way. Trading financial assets in conventional way refers to collecting or delivering financial assets within the time limit prescribed by laws or common practices in accordance with contract provisions. The trading day refers to the date on which the Group undertakes to buy or sell financial assets.

Financial liabilities are de-recognised when they are extinguished that is, when the obligation is discharged, cancelled or expires. The difference between the carrying amount of the de-recognised financial liability and the consideration paid is recognised in the statement of profit or loss.

#### 5.2 Classification and subsequent measurement of financial assets

The Group classifies financial assets as at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

For financial assets at fair value through profit or loss, any directly attributable transaction costs are charged to profit or loss. For other categories of financial assets, any attributable transaction costs are included in their initial costs.

#### **Business** models

The Group's business model refers to how the Group manages its financial assets in order to generate cash flows. That is, the Group's business model determines whether cash flows will result from collecting contractual cash flows, selling financial assets or both. If financial assets are not held within a business model whose objective is to hold assets to collect contractual cash flows or within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, the business model of the financial assets is "other". The Group's assessment of the business model is performed on a financial assets portfolio basis, and determined on a reasonable expected scenario, taking into account: how cash flows were generated in the past, how the performance of the business model and the financial assets held within that business model is evaluated and reported to the Group's key management personnel; how risks are evaluated and managed; and how managers of the business are compensated.

#### Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 5 Financial instruments (applicable from 1 January 2018) (continued)

#### 5.2 Classification and subsequent measurement of financial asset (continued)

#### The contractual cash flow characteristics

The assessment of contractual cash flow characteristics is to identity whether the cash flows are solely payments of principal and interest on the principal amount outstanding. Principal is the fair value of the financial asset at initial recognition. However, that principal amount may change over the life of the financial asset (for example, if there are repayments of principal). Interest consists of consideration for the time value of money, for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as a profit margin.

The subsequent measurement of financial assets depends on the classification.

#### Financial assets at amortised cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The financial assets at amortised cost held by the Group mainly include loans and advances to customers, deposits with banks and other financial institutions, placements with banks and other financial institutions, financial investments measured at amortised cost, etc. The Group subsequently measured these financial assets at amortized cost.

The amortized cost is determined by the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount and adjusted for any loss allowance.

#### Debt instruments at fair value through other comprehensive income

A financial asset shall be measured at fair value through other comprehensive income if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets that the Group holds are subsequently measured at fair value. A gain or loss on a financial asset measured at fair value through other comprehensive income shall be recognised in other comprehensive income, except for impairment gains or losses and foreign exchange gains and losses. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss. Expected credit losses(ECL) of such financial assets shall be recognised in other comprehensive income. The impairment gain or loss shall not adjust the carrying amount of such financial assets item and be recognised in profit or loss. Such financial assets held by the Group mainly include discounted bills and debt security investments, etc.

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 5 Financial instruments (applicable from 1 January 2018) (continued)

#### 5.2 Classification and subsequent measurement of financial assets (continued)

#### Equity instruments at fair value through other comprehensive income

The Group has irrevocably designated equity instruments that are not held for trading as financial assets at fair value through other comprehensive income. Only relevant dividend income (excluding dividend income explicitly recovered as part of investment cost) is recorded in profit or loss, and subsequent changes in fair value are recorded in other comprehensive income without provision for impairment. When financial assets are de-recognised, the accumulated gains or losses previously recorded in other comprehensive income are transferred to retained earnings.

Financial assets shall be measured at fair value through profit or loss if one of the following conditions is met: acquired principally for the purpose of selling or repurchasing it in the near term; part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking; a derivative except for a derivative that is a designated and effective hedging instrument or a financial guarantee contract.

#### Financial assets at fair value through profit or loss

A financial asset shall be measured at fair value through profit or loss unless it is measured an amortised cost or at fair value through other comprehensive income. For such financial assets, the Group subsequently measured them at fair value. All gains or losses on these financial assets shall be recognized in the statement of profit or loss.

Only when accounting mismatch can be eliminated or significantly reduced, can financial assets be designated at fair value through profits and losses at initial recognition.

When an entity classified a financial asset as financial assets designated at fair value through profit or loss, it can not be reclassified as other financial assets; nor can other financial assets be reclassified as financial assets designated at fair value through profit or loss after initial recognition.

In accordance with the above conditions, the financial assets designated at fair value through profit or loss held by the Group mainly include fixed interest rate personal mortgage loans for which the Group used interest rate swap to manage the associated interest rate risk.

Only if when the Group changes the business model of managing financial assets, the Group shall reclassify the affected financial assets.

#### 5.3 Classification and measurement of financial liabilities

The Group classifies financial liabilities as at fair value through profit or loss or other financial liabilities at initial recognition. For financial liabilities at fair value through profit or loss, any directly attributable transaction costs are charged to profit or loss. For other categories of financial liabilities, any attributable transaction costs are included in the amount of initial recognition.

The subsequent measurement of financial liabilities depends on the classification:

#### Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 5 Financial instruments (applicable from 1 January 2018) (continued)

#### 5.3 Classification and measurement of financial liabilities (continued)

#### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss, includes financial liabilities held for trading (including derivative financial instruments) and financial liabilities designated at fair value through profit or loss at initial recognition.

Financial liabilities are classified as held for trading if one of the following conditions is met: incurred principally for the purpose of selling or repurchasing it in the near term; part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking; a derivative except for a derivative that is a designated and effective hedging instrument or a financial guarantee contract. Financial liabilities held for trading(including derivatives that are financial liabilities) are subsequently measured at fair value. Except for hedging accounting, all changes in fair value are recorded in profit and loss.

#### Other financial liabilities

Other financial liabilities are carried at amortised cost using the effective interest method.

#### 5.4 Impairment of financial instrument

The Group evaluates and confirms relevant impairment allowance to financial assets measured at amortised cost, debt instrument investments at fair value through other comprehensive income, loan commitments and financial guarantee contracts based on ECL (Note VI 48(a)).

#### 5.5 Financial guarantee contracts and loan commitments

Financial guarantee contracts are those contracts that require a payment to be made by the issuer to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are measured at fair value at initial recognition. For financial guarantee contracts which are not designated as at fair value through profit or loss subsequently measured at the higher of the expenditure determined by the ECL model that is required to settle any financial obligation arising at the financial reporting date, and the value initially recognized less the accumulated amortization recognised in accordance with the guidance for revenue recognition.

Loan commitments are commitments provided by the Group to the customers to grant loans under the established contract terms during certain period. The impairment losses of loan commitments is measured using ECL model.

#### 5.6 Derivative financial instruments

The Group uses derivative financial instruments, which are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value. All derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

For derivatives not related to hedge accounting, changes in the fair value of these derivatives are recognised in the statement of profit or loss.

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 5 Financial instruments (applicable from 1 January 2018) (continued)

#### 5.7 Convertible corporate bonds

Convertible bonds comprise of the liability and equity components. The liability component, representing the obligation to make fixed payments of principal and interest, is classified as liability and initially recognised at the fair value, calculated using the market interest rate of a similar liability that does not have an equity conversion option, and subsequently measured at amortised cost using the effective interest method. The equity component, representing an embedded option to convert the liability into ordinary shares, is initially recognised in "Equity" as the difference between the proceeds received from the convertible bonds as a whole and the amount of the liability component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to the allocation of proceeds.

On conversion of the bonds into shares, the amount transferred to share capital is calculated as the par value of the shares multiplied by the number of shares converted. The difference between the carrying value of the related component of the converted bonds and the amount transferred to Share capital is recognised in capital surplus under "Capital reserve".

# 5.8 Modification of financial assets

If the Group amends or rearranges the contract with its counterparty, which does not result in the de-recognition of the financial assets, but changes the cash flow of the contract, the Group shall recalculate the amount of the financial assets as the value discounted using the original real interest rate (or credit-adjusted real interest rate) of the financial assets based on the rearranged or modified contractual cash flows, and the relevant gains or losses shall be recorded in profit or loss. The book value of the revised financial assets should be revised by the cost or expense of the modification of the financial assets, and amortised within the remaining period of the revised financial assets.

# 5.9 Transfer of financial assets

If the Group has transferred substantially all the risks and rewards of ownership of financial assets to the transferee, it shall de-recognise the financial assets; if it retains substantially all the risks and rewards of ownership of financial assets, it shall not de-recognise the financial assets.

If the Group neither transfers nor retains substantially all the risks and rewards of ownership of financial assets, it shall deal with the following situations separately: if it abandons its control over the financial assets, it should de-recognise the financial assets and recognise the assets and liabilities that arose; if it does not abandon its control over the financial assets, it shall recognise the relevant financial assets in accordance with the extent to which it continues to be involved in the transferred financial assets, and relevant liabilities are recognised accordingly.

If the Group continues to be involved in the transferred financial assets by providing financial guarantee, the assets that arose from the continued involvement shall be determined as the lower of the book value of the financial assets and the amount of financial guarantee. The amount of financial guarantee refers to the maximum amount that will be required to be repaid among the consideration received.

# 5.10 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when there is a current legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 6 Precious metals

Precious metals that are not related to the Group's trading activities are initially measured at acquisition cost and subsequently measured at the lower of cost and net realisable value. Precious metals acquired by the Group for trading purposes are initially measured at fair value less costs to sell, and subsequent changes in fair value less costs to sell are recognised in profit or loss in the period of the change.

# 7 Financial assets held under resale and repurchase agreements

Financial assets purchased under agreements to resell are reported not as purchases of the assets but as receivables and are carried in the statements of financial position at amortised cost.

Financial assets sold subject to a simultaneous agreement to repurchase these assets are retained in the statements of financial position and measured in accordance with their original measurement principles. The proceeds from the sale are reported as liabilities and are carried at amortised cost.

The difference between purchase and sale price is recognised as "Interest expense" or "Interest income" in the statement of profit or loss over the life of the agreements using the effective interest method.

#### 8 Investment in subsidiaries

In the Group's consolidated financial statements, investments in subsidiaries are accounted for in accordance with the principles described in Note II 2.

In the Bank's financial statements, investments in subsidiaries are accounted for using the cost method. An investment in a subsidiary acquired other than through a business combination is initially recognised at the actual consideration paid if the Bank acquires the investment by cash. The investment is stated at cost less impairment loss (Note II 14) in the statements of financial position. Except for declared but not yet distributed cash dividends or profits distribution that have been included in the price or consideration paid in obtaining the investments, the Group recognises its share of the cash dividends or profit distribution declared by the investment income.

#### 9 Fixed assets

Fixed assets are assets held by the Group for operation and administration purposes with useful lives over one year.

The Group's fixed assets mainly comprise premises, electronic equipment, aircraft and construction in progress.

The assets purchased or constructed are initially measured at acquisition cost or deemed cost, as appropriate. Such initial cost includes expenditure that is directly attributable to the acquisition of the assets.

Subsequent costs are included in an asset's carrying amount, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to the statement of profit or loss during the financial period in which they are incurred.

Depreciation is calculated on the straight-line method to write down the cost of such assets to their residual values over their estimated useful lives. The residual values and useful lives of assets are reviewed, and adjusted if appropriate, at each financial reporting date.

Gains and losses on disposals are determined by the difference between proceeds and carrying amount, after deduction of relevant taxes and expenses. These are included in the statement of profit or loss.

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 9 Fixed assets (continued)

#### 9.1 Premises, electronic equipment and others

Fixed assets are depreciated using the straight-line method over their estimated useful lives, after taking into account their estimated residual values. The estimated useful lives, residual values and depreciation rates of each class of fixed assets are as follows:

| Asset category       | Estimated<br>useful life<br>(years) | Estimated<br>rate of<br>residual<br>value (%) | Depreciation<br>rate (%) |
|----------------------|-------------------------------------|---|--------------------------|
| Premises             | 30-35                               | 3   | 2.8-3.2                  |
| Electronic equipment | 3-5                                 | 3-5   | 19.0-32.3                |
| Others               | 5-10                                | 3-5   | 9.5-19.4                 |

#### 9.2 Aircraft

Aircraft are used in the Group's aircraft operating leasing business.

Aircraft are depreciated using the straight-line method over the expected useful life of 25 years, less the years in service at the time of purchase to an estimated residual value rate of 15%.

#### 9.3 Construction in progress

Construction in progress consists of assets under construction or being installed and is stated at cost. Cost includes equipment cost, cost of construction, installation and other direct costs. Items classified as construction in progress are transferred to property and equipment when such assets are ready for their intended use and the depreciation charge commences after such assets are transferred to property and equipment.

#### 10 Leases

A lease is classified as either a finance lease or an operating lease. A finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of a leased asset to the lessee, irrespective of whether the legal title to the asset is eventually transferred or not. An operating lease is a lease other than a finance lease.

#### 10.1 As lessee under operating leases

Rental payments under operating leases are recognised as costs or expenses on a straight-line basis over the lease term. Contingent rental payments are recognised as expenses in the accounting period in which they are incurred.

#### 10.2 As lessor under operating leases

Rental income under an operating lease is recognised as "other net operating income" in the statement of profit or loss on a straight-line basis over the lease term. Contingent rental income is recognized as income in the accounting period in which they are incurred.

#### 10.3 As lessor under finance leases

When the Group is a lessor under finance leases, the sum of present value of minimum lease payments receivable from the lessee, and initial direct cost is recognized as a receivable, the unguaranteed residual value is also recorded. The difference between the receivable and the present value of the receivable is recognised as unearned finance income. The Group uses the effective interest method to recognise finance income for the current period.

Unearned finance income is allocated to each accounting period during the lease term using the effective interest method. At the end of the year, finance lease receivables, net of unearned finance income, are presented as finance lease receivables in the statements of financial position.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 11 Intangible assets

Intangible assets are identifiable non-monetary assets without physical substance, including computer software and other intangible assets.

Computer software and other intangible assets are stated at acquisition cost less accumulated amortisation and impairment. These costs are amortised on a straight-line basis over their estimated useful lives with the amortisation recognised in the statement of profit or loss.

The respective amortisation periods for intangible assets are as follows:

| Asset category    | Estimated useful<br>lives (years) |
|-------------------|-----------------------------------|
| Computer software | 5                                 |
| Others            | 5-10                              |

# 12 Goodwill

Goodwill represents the excess of cost of acquisition over the Group's interest in the fair value of the identifiable net assets of the acquiree under the business combination involving entities not under common control. Goodwill is not amortised and is stated at cost less accumulated impairment loss (Note II 14). On disposal of the related cash-generating unit ("CGU") or group of CGUs, any attributable amount of purchased goodwill is written off and included in the calculation of the profit or loss on disposal.

# 13 Repossessed assets

Repossessed assets are physical assets or property rights obtained by the Group from debtors, warrantors or third parties following the enforcement of its creditor's rights. The initial cost of repossessed assets is measured at the lower of the net carrying amount of loans and advances and the fair value of the assets less costs to sell on the acquisition date. Repossessed assets are not depreciated or amortised. The impairment losses of initial measurement and subsequent revaluation are charged to the profit or loss.

# 14 Provision for impairment losses on non-financial assets

The carrying amounts of the following assets are reviewed at the end of the year based on the internal and external sources of information to determine whether there is any indication of impairment:

- fixed assets;
- construction in progress;
- intangible assets;
- goodwill;
- investment in subsidiaries.

If any indication exists that an asset may be impaired, the recoverable amount of the asset is estimated. In addition, the Group estimates the recoverable amounts of goodwill at no later than each year-end, irrespective of whether there is any indication of impairment or not. Goodwill is allocated to the CGU, or group of CGUs, that is expected to benefit from the synergies of the combination for the purpose of impairment testing.

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

# 14 Provision for impairment losses on non-financial assets (continued)

A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or asset groups. A CGU is composed of assets directly relating to cash-generation. Identification of a CGU is based on whether major cash inflows generated by the asset group are largely independent of the cash inflows from other assets or asset groups. In identifying an asset group, the Group also considers how management monitors the Group's operations and how management makes decisions about continuing or disposing of the Group's assets.

The recoverable amount of an asset or CGU, or a group of CGUs (hereinafter called "asset") is the higher of its fair value less costs to sell and its present value of expected future cash flows. If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset; if it is not possible to estimate the recoverable amount of the individual asset, the Group determines the recoverable amount of the asset group to which the assets belongs.

The present value of expected future cash flows of an asset is determined by discounting the future cash flows, estimated to be derived from continuing use of the asset and from its ultimate disposal, to their present value using a pre-tax discount rate that reflects expected future cash flows, the useful life and the discount rate specific to the asset.

An impairment loss is recognised if the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in profit or loss. A provision for an impairment loss of the asset is recognised accordingly.

For the purpose of goodwill impairment testing, goodwill arising from business combination is allocated to asset group since the acquisition date. If it cannot be reliably allocated to an asset group, it should be allocated to the relevant group of asset groups. The asset group or group of asset groups is expected to benefit from the synergies of the business combination and is not larger than a segment as defined by the Group.

If there is indication of impairment when testing for asset group or group of asset groups with goodwill for impairment, the Group shall first test the asset group or group of asset groups excluding goodwill for impairment and recognised the impairment loss in the income statement. Then the Group shall test the asset group or group of asset groups including goodwill for impairment, by comparing the carrying amount with its recoverable amount. Any impairment loss shall be allocated to reduce the carrying amount of any goodwill allocated to the asset group or group of asset groups first and then pro rata on the basis of carrying amount of each of the asset group or group of asset groups (excluding goodwill).

An impairment loss in respect of goodwill is not reversed. If, in a subsequent period, the amount of impairment loss of the non-financial asset except for goodwill decreases and the decrease can be linked objectively to an event occurring after impairment was recognised, the previously recognised impairment loss is reversed through profit or loss. A reversal of impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior periods.

# 15 Employee benefits

Employee benefits refer to all forms of consideration and other related expenditure given by the Group in exchange for services rendered by employees. The benefits payable are recognised as liabilities during the period in which the employees have rendered services to the Group. If the effect of discounting the benefits payable which are payable after one year from the end of the reporting period is significant, the Group will present them at their present value. For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

# 15 Employee benefits (continued)

#### 15.1 Short-term employee benefits

Employee wages or salaries, bonuses, social security contributions such as medical insurance, work injury insurance, maternity insurance and housing fund, measured at the amount incurred or at the applicable benchmarks and rates, are recognised as a liability as the employee provides services, with a corresponding charge to profit or loss or included in the cost of assets where appropriate.

All eligible employees outside Mainland China participate in local defined contribution schemes. The Group contributes to these defined contribution schemes based on the requirements of the local regulatory bodies.

#### 15.2 Post-employment benefits-defined contribution plans

Pursuant to the relevant laws and regulations of the PRC, the Group participated in a defined contribution basic pension insurance in the social insurance system established and managed by government organizations. The Group makes contributions to basic pension insurance plans based on the applicable benchmarks and rates stipulated by the government. Basic pension insurance contributions are recognised as part of the cost of the assets or charged to profit or loss as the related services are rendered by the employees.

In addition, employees in Mainland China also participate in a defined contribution retirement benefit plan established by the Group (the "Annuity Plan"). The Group and its employees are required to contribute a certain percentage of the employees' previous year basic salaries to the Annuity Plan. The contribution is charged to profit or loss when it is incurred. The Group pays a fixed contribution into the Annuity Plan and has no obligation to pay further contributions if the Annuity Plan does not hold sufficient assets to pay all employee benefits.

# 15.3 Termination benefits

Termination benefits are payable as a result of either the Group's decision to terminate an employee's employment before the normal retirement date or an employee's decision to accept an offer of benefits in exchange for the termination of employment. The Group recognise termination benefits in profit or loss at the earlier of:

- When the Group can no longer withdraw an offer of those benefits; and
- When the Group has a specific, formal restructuring plan involving payment of termination benefits, and the plan has started or the details of the plan have been notified to each affected party, so that each party has developed reasonable expectations.

# 15.4 Early retirement benefits

According to the Group's policy on early retirement benefits, certain employees are entitled to take leave of absence and in return receive a certain level of staff salaries and related benefits from the Group. The salaries and benefit payments are made from the date of early retirement to the normal retirement date. Differences arising from changes in assumptions and estimates of the present value of the liabilities are recognised in profit or loss when it is incurred.

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

# 16 Other provisions and contingent liabilities

A provision is recognised for an obligation related to a contingency if the Group has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. A provision is initially measured at the best estimate of the expenditure required to settle the related present obligation. Factors pertaining to a contingency such as the risks, uncertainties and time value of money are taken into account as a whole in reaching the best estimate. Where the effect of time value of money is material, provisions are determined by discounting the expected future cash flows.

For a possible obligation resulting from a past transaction or event whose existence will only be confirmed by the occurrence or non-occurrence of uncertain future events or a present obligation resulting from a past transaction or event, where it is not probable that the settlement of the above obligation will cause an outflow of economic benefits, or the amount of the outflow cannot be estimated reliably, the possible or present obligation is disclosed as a contingent liability.

# 17 Fiduciary activities

The Group acts in a fiduciary activity as a manager, a custodian, or an agent for customers. Assets held by the Group and the related undertakings to return such assets to customers are recorded as off-balance sheet items as the risks and rewards of the assets reside with customers.

The Group enters into entrusted loan agreements with customers, whereby the customers provide funding ("entrusted funds") to the Group, and the Group grants loans to third parties ("entrusted loans") under instructions of the customers. As the Group does not assume the risks and rewards of the entrusted loans and the corresponding entrusted funds, the entrusted loans and funds are recorded as off-balance sheet items at their principal amount. No provision for impairment loss is made for entrusted loans.

# 18 Other equity instruments-preference shares

Such preference shares or their components are initially recognised as financial assets, financial liabilities or equity instruments according to the terms of the contract, the economic substance and the definition of financial assets, financial liabilities and equity instruments.

When the issued preference shares contain equity and liability components, the Group follows the same accounting policy as for convertible bonds with equity components. For the issued preference shares which do not contain equity component, the Group follows the accounting policy for the convertible bonds with liability component only.

The issued preference shares that should be classified as equity instruments, will be recognised as equity in the actual amount received. Dividends payables are recognised as distribution of profits. Equity will be written down by the redemption price for any redemptions made before maturing in accordance with contractual terms.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 19 Income recognition

#### 19.1 Interest income

Interest income for financial assets is recognised in profit or loss as it is incurred, based on the time for alienation of right to use capital and effective interest rates. Interest income includes the amortisation of any discount or premium or differences between the initial carrying amount of an interest-bearing asset and its amount at maturity calculated using the effective interest rate.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating the interest income. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates cash flows considering all contractual terms of the financial instrument but does not consider future credit losses. The calculation includes all fees paid or received between parties to the contract, transaction costs and all other premiums or discounts that are an integral part of the effective interest rate.

For the purchased or originated credit-impaired financial assets, the Group calculates the interest income according to the amortised cost of the financial assets and the effective interest rate after credit adjustment since the initial recognition by the Group. The effective interest rate after credit adjustment refers to the estimated future cash flows of the acquired or originated financial assets with credit impairment in the expected duration, which is converted into the interest rate of amortised cost of the financial assets.

For the financial assets acquired or originated without any credit impairment, but incurred credit impairment in the subsequent period, the Group calculates the interest income in accordance with the amortised cost and the effective interest rate of the financial assets.

# 19.2 Fee and commission income

The Group earns fee and commission income from a diverse range of services it provides to its customers. For those services that are provided over a period of time, fee and commission income is accrued in accordance with the terms and conditions of the service agreement. For other services, fee and commission income is recognised when the transactions are completed.

#### 19.3 Other income

Other income is recognised on an accrual basis.

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 20 Expenses recognition

#### 20.1 Interest expenses

Interest expenses from financial liabilities are accrued on a time proportion basis with reference to the amortised cost and the applicable effective interest rate.

#### 20.2 Other expenses

Other expenses are recognised on an accrual basis.

#### 21 Income tax

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in other comprehensive income or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# II SUMMARY OF PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

#### 21 Income tax (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

# 22 Dividends

Dividends or distributions of profits proposed in the profit appropriation plan which will be authorised by the Group and declared after the end of the reporting period are not recognised as a liability at the end of the year but disclosed separately in the notes to the financial statements.

#### 23 Related parties

If a Group has the power to control, jointly control or exercise significant influence over another party, or vice versa, or where the Group and one or more parties are subject to common control or joint control from another party, they are considered to be related parties. Related parties may be individuals or enterprises. Enterprises with which the Group is under common control only from the State and that have no other related party relationships are not regarded as related parties.

#### 24 Segment reporting

Reportable segments are identified based on operating segments which are determined based on the structure of the Group's internal organisation, management requirements and internal reporting system, whose operating results are regularly reviewed by the Group's management to make decisions about resources to be allocated to the segment and assess its performance. Any segments which do not comply with the reporting of segments by division of quantities are reported at consolidation level.

# III CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

The preparation of financial statements requires management to make estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Areas susceptible to changes in critical estimates and judgements, which affect the carrying value of assets and liabilities, are set out below. It is possible that actual results may be materially different from the estimates and judgements referred below.

# 1 Impairment losses on financial assets

The Group follows IFRS 9 to measure impairment losses of all financial assets. In this process, there are many estimates and judgements, especially the determination of the amount of impairment losses, the estimation of future contract cash flows, the value of collateral, and the criteria for judging a significant increase in credit risk. The Group's impairment measurement is impacted by many factors, which will lead to different levels of allowance for impairment.

The Group's expected credit loss calculation is the result of model output, which contains many model assumptions and parameter inputs.

The accounting judgements and estimates used in expected credit loss model include:

- criteria for judging a significant increase in credit risk
- definition of credit impaired assets
- parameters for the measurement of ECL
- forward-looking information
- modification of contractual cash flows

# 2 Fair value of financial instruments

There are no quoted prices from an active market for a number of financial instruments. The fair values for these financial instruments are established by using valuation techniques. These techniques include using recent arm's length market transactions by referring to the current fair value of similar instruments, discounted cash flow analysis and option pricing models. The Group has established a work flow to ensure that the valuation techniques are constructed by qualified personnel and are validated and reviewed by independent personnel. Valuation techniques are certified and calibrated before implementation to ensure the valuation result reflects the actual market conditions. Valuation models established by the Group make maximum use of market input and rely as little as possible on the Group's specific data. However, it should be noted that some input, such as credit and counterparty risk, and risk correlations require management's estimates. The Group reviews the above estimations and assumptions periodically and makes adjustment if necessary.

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# III CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS IN APPLYING ACCOUNTING POLICIES (CONTINUED)

#### 3 Income taxes

Determining income tax provisions involves judgement on the future tax treatment of certain transactions. The Group carefully evaluates the tax implications of transactions and tax provisions are set up accordingly. The tax treatment of such transactions is reconsidered periodically to take into account all changes in tax legislation. Deferred tax assets are recognised for tax losses not yet used and temporary deductible differences. As those deferred tax assets can only be recognised to the extent that it is probable that future taxable profits will be available against which the unused tax credits can be utilised, management's judgement is required to assess the probability of future taxable profits. Management's assessment is constantly reviewed and additional deferred tax assets are recognised if it becomes probable that future taxable profits will allow the deferred tax assets to be recovered.

#### 4 Impairment of non-financial assets

Non-financial assets are reviewed regularly to determine whether the carrying amount exceeds the recoverable amount of the assets. If any such indication exists, an impairment loss is provided.

Since the market price of an asset (the asset group) cannot be obtained reliably, the fair value of the asset cannot be estimated reliably. In assessing the present value of future cash flows, significant judgements are exercised over the asset's selling price, related operating expenses and discounting rate to calculate the present value. All relevant materials which can be obtained are used for estimation of the recoverable amount, including the estimation of the selling price and related operating expenses based on reasonable and supportable assumption.

#### 5 Depreciation and amortisation

Fixed assets and intangible assets are depreciated and amortised using the straight-line method over their estimated useful lives after taking into account residual values. The estimated useful lives are regularly reviewed to determine the depreciation and amortisation costs charged in the reporting period. The estimated useful lives are determined based on historical experiences of similar assets and the estimated technical changes. If there is an indication that there has been a change in the factors used to determine the depreciation, the amount of depreciation or amortisation will be revised.

# 6 Judgement in assessing control over structured entities

The Group is involved with structured entities in its normal business course, and the Group determines whether or not to consolidate those structured entities depending on whether the Group has control over them. When assessing control over structured entities, the Group takes consideration of power arising from rights it directly owns or indirectly owns through subsidiaries (including controlled structured entities), variable returns, and link between power and returns.

The variable returns the Group is exposed to from its involvement with structured entities include decision makers' remuneration (such as management fees and performance-related fees), as well as other benefits (such as investment income, remuneration and exposure to loss from providing credit or liquidity support, and variable returns from transactions with structured entities). When assessing whether it controls a structured entity, the Group not only considers applicable legal or regulatory requirements, and contractual agreements, but also other circumstances where the Group may have obligation to absorb any loss of the structured entity.

The Group reassesses whether it controls a structured entity if facts and circumstances indicate that there are changes to one or more of the relevant elements of control.

# **IV TAXATION**

The Group's main applicable taxes and tax rates are as follows:

#### (a) Value-added tax

Value-added tax is charged at 6%, 16%, or 17% on taxable added value.

#### (b) City construction tax

City construction tax is calculated as 1%-7% of business tax.

#### (c) Education surcharge

Education surcharge is calculated as 3% of business tax.

(d) Income tax

The income tax is calculated on taxable income. The statutory income tax rate of the Bank and domestic subsidiaries is 25%. The statutory income tax rate of CEB International Investment Co., Ltd., the Hong Kong subsidiary, is 16.5%. The statutory income tax rate of China Everbright Bank Company Limited (Europe) ("China Everbright S A.")., the Luxembourg subsidiary, is 19%.

# V ACCOUNTING POLICY CHANGE

# 1 IFRS 9 – Financial Instruments

In July 2014, the IASB issued the final version of IFRS 9 – Financial Instruments which summarised all phased projects of financial instruments and provided new guidance for classification and measurement, impairment and hedging of financial instruments.

The Group does not restate the comparative information of financial instruments covered by IFRS 9 in 2017. Financial Instruments Accounting Policies in 2017 refer to Annual Report 2017. Therefore, the financial information in 2018 presented in financial statement is not comparable with the information in 2017 presented in IAS 39. The differences arising from the adoption of IFRS 9 are directly reflected in the shareholders' equity as at 1 January 2018.

# **Classification and Measurement**

In IFRS 9, investments in debt instruments are classified into three categories: amortised cost, fair value through other comprehensive income and fair value through profit or loss based on the entity's business model for managing the debt instruments and their contractual cash flow characteristics. In addition, investments in equity instruments are required to be measured at fair value through profit or loss, unless an option is irrevocably exercised at inception to present changes in fair value in other comprehensive income will not be recycled to profit or loss in the future.

# Impairment

IFRS 9 requires that the measurement of impairment of a financial asset be changed from "incurred loss model" to "expected credit losses model" (ECL model) and this way of measurement applies to financial assets measured at amortised cost, debt instruments measured at fair value through other comprehensive income, and loan commitments and financial guarantee contracts, refer to Note VI 48 (a).

# Impact

The Group adjusted retained earnings and other comprehensive income on 1 January 2018 to reflect the impact of IFRS 9 on consolidated statements, but did not restate the comparative data. The specific impact of the Group's adoption of the new guidelines is disclosed below.

#### 6 Directors' and supervisors' emoluments (continued)

The emoluments before individual income tax in respect of the directors and supervisors who held office during the reporting period are as follows (continued):

Note:

- (i) On 21 December 2018, Mr. Ge Haijiao was elected as the Seventh Executive Director of the Board of Directors by the Bank's Second Provisional Shareholders' Meeting in 2018. Mr. Ge Haijiao's appointment as the Chairman of the board of directors has been approved by CBIRC on 22 January 2019.
- (ii) Mr. Fu Dong was elected as non-executive director of the Bank and the appointment was approved by CBIRC on 15 March 2018.

Mr. Shi Yongyan was elected as non-executive director of the Bank and the appointment was approved by CBIRC on 21 May 2018.

Mr. Wang Xiaolin was elected as non-executive director of the Bank and the appointment was approved by CBIRC on 12 October 2018.

Mr. Hei Haibin was elected as non-executive director of the Bank and the appointment was approved by CBIRC on 21 May 2018.

Due to the family issues, Mr Zhang Shude resigned from the position of non-executive director of the board of directors, members of the Board of Directors Risk Management Committee, Strategic Committee and Salary Committee on 13 August 2018.

Due to age, Mr Li Huaqiang resigned from the position of chairman and non-executive director of the board of directors, members of the Strategic Committee and the Audit Committee of the Board of Directors on 21 June 2018.

(iii) The total compensation package for these directors and supervisors for the year ended 31 December 2018 has not yet been finalised in accordance with regulations of the PRC relevant authorities. The amount of the compensation not provided for is not expected to have significant impact on the Group's and the Bank's financial statements for the year ended 31 December 2018.

The above directors' and supervisors' emoluments for the year ended 31 December 2018 were calculated in accordance with their actual tenure.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

## 7 Individuals with highest emoluments

|  | 2018<br>RMB'000               | 2017<br>RMB'000               |

Note:

(i) Non-taxable income mainly includes interest income of PRC treasury bonds and dividend of funds.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

# 10 Basic and diluted earnings per ordinary share

Basic earnings per share was computed by dividing the profit attributable to the ordinary shareholders of the Bank by the weighted average number of ordinary shares in issue during the year.

|  | 2018            | 2017            |
|--|-----------------|-----------------|
| Profit attributable to equity holders of the Bank<br>Less: dividends on preference shares declared | 33,659<br>1,450 | 31,545<br>1,450 |
| Net profit attributable to ordinary shareholders of the Bank                                       | 32,209          | 30,095          |
| Weighted average number of ordinary shares in issue<br>(in million shares)                         | 52,489          | 46,679          |
| Basic earnings per share (in RMB/share)  | 0.61            | 0.64            |

Weighted average number of ordinary shares in issue (in million shares)

|  | 2018   | 2017        |
|--|--------|-------------|
| Issued ordinary shares as at 1 January<br>Add: weighted average number of shares from conversion of<br>convertible bonds | 52,489 | 46,679<br>- |
| Weighted average number of ordinary shares in issue  | 52,489 | 46,679      |

Diluted earnings per share was computed by dividing the adjusted profit attributable to the ordinary shareholders of the Bank based on assuming conversion of all dilutive potential shares for the period by the adjusted weighted average number of ordinary shares in issue. The Bank had convertible bonds as dilutive potential ordinary shares.

#### Note:

(a) The Group places statutory deposit reserves with the People's Bank of China (the "PBOC") in accordance with relevant regulations. As at the end of the year, the statutory deposit reserve ratios applicable to the Bank were as follows:

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Reserve ratio for RMB deposits              | 12.0%               | 14.5%               |
| Reserve ratio for foreign currency deposits | 5.0%                | 5.0%                |

The statutory deposit reserves are not available for the Group's daily business. The RMB deposit reserve ratio of the Group's subsidiaries in Mainland China is executed in accordance with the relevant regulations of the PBOC.

- (b) The surplus deposit reserves are maintained with the PBOC for the purpose of clearing.
- (c) The Group places foreign currency risk reserves with the PBOC in accordance with relevant regulations. As at 31 December 2018, the foreign currency risk reserve ratio was 20% (31 December 2017: 0%).

#### 14 Derivatives

Derivative financial instruments included forward, swap and option contracts undertaken by the Group in foreign currency and interest rate markets. The Group acts as an intermediary between a wide range of customers for structuring deals to provide risk management solutions to meet customer needs. These positions are actively managed through entering into back-to-back deals with external parties to ensure the Group's net exposures are within acceptable risk level. The Group also uses derivative financial instruments to manage its own asset and liability portfolios and structural positions.

The following tables provide an analysis of the notional amounts of derivative financial instruments of the Group and their corresponding fair values at the end of the year. The notional amounts of the derivatives indicate the volume of transactions outstanding at the end of the year, they do not represent exposure at risk.

#### Note:

- (i) As at 31 December 2018, title deeds were not yet finalised for the premises with a carrying amount of RMB141 million (31 December 2017: RMB148 million). Management of the Group expected that there would be no significant cost in obtaining the title deeds.
- (ii) As at 31 December 2018, Everbright Financial Leasing Co., Ltd., the Group's subsidiary leases certain aircrafts and aircraft engines which were included in "Aircraft" to third parties under operating lease arrangements, with a net book value of RMB5,485 million (31 December 2017: RMB2,649 million).

The net book values of premises at the end of the year are analysed by the remaining terms of the leases as follows:

|  | 31 December<br>2018 | 31 December<br>2017 |
|--|---------------------|---------------------|
| Held in mainland China                   |                     |                     |
| – Medium term leases (10 – 50 years)     | 7,795               | 7,807               |
| – Short term leases (less than 10 years) | 80                  | 94                  |
| Total                                    | 7,875               | 7,901               |

# 21 Goodwill

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Gross amount<br>Less: Provision for impairment losses | 6,019<br>(4,738)    | 6,019<br>(4,738)    |
| Net balances  | 1,281               | 1,281               |

As approved by the PBOC, the Bank and China Development Bank ("CDB") jointly signed an "Agreement between China Development Bank and China Everbright Bank for the transfer of assets, liabilities and banking premises of China Investment Bank" (the "Agreement") on 18 March 1999. According to the Agreement, CDB transferred the assets, liabilities, equity and 137 outlets of 29 branches of the former China Investment Bank ("CIB") to the Bank. The Agreement became effective on 18 March 1999. The Bank assessed the fair value of the transferred assets and liabilities, and recognised the excess of the purchase cost over the sum of the fair value of the net assets transferred and deferred tax assets as goodwill.

The goodwill is subject to annual impairment testing. The Bank makes provision for impairment if necessary. The Bank calculates the recoverable amount of the CGU using cash flow projections based on financial forecasts approved by management covering a five-year period. The discount rate used in the Bank's cash flow forecast is 14% (2017: 14%). The discount rate used reflects specific risks relating to the relevant segments.

Based on the result of the impairment testing, no additional impairment losses on goodwill were recognised for the year.

| 31 December 2017                  | 4,918  | 1,131  | 1,547                                | 7,596                                       |

Note:

(i) Due to impact of adopting new standards, valuation of financial instruments under IFRS 9 causes the fair value and the relative provision for impairment losses to vary, which reflects the corresponding changes in deferred tax assets.

(ii) The Group made provision for impairment losses on loans and advances to customers and other assets. The provision for impairment losses were determined based on the expected recoverable amount of the relevant assets at the end of the year. Besides, the amounts deductible for income tax purpose are calculated at the proportion of the loan principal for agriculture, small sited or medium-sized enterprises provisioned in PRC tax rules, together with write-offs which fulfill specific criteria as set out in the PRC tax rules and are approved by the tax authorities.

(iii) Net losses/(gains) on fair value changes of financial instruments are subject to tax when realised.

(iv) Unrecognised deferred tax assets

As at 31 December 2018, the Group has not recognised deferred tax assets of RMB7,930 million (31 December 2017: RMB6,928 million) for provision of impairment losses amounting to RMB31,721 million (31 December 2017: RMB27,710 million). This was mainly because it was uncertain whether the losses from write-offs of the impaired assets could be approved by the relevant tax authorities in the foreseeable future.

## 23 Other assets

|                                  | Note | 31 December<br>2018 | 31 December<br>2017 |

Note:

(a) Other receivables mainly include items in the process of clearing and settlement. The amount of impairment allowance is not material.

## 24 Pledged assets

### (a) Assets pledged as collaterals

Financial assets pledged by the Group as collaterals for liabilities include discounted bills, debt securities and finance lease receivables. They are mainly pledged for repurchase agreements, time deposits, derivative contracts and borrowings from banks. The carrying amount of the financial assets pledged as securities as at 31 December 2018 is RMB95,841 million (31 December 2017: RMB74,231 million).

# (b) Collaterals received

The Group accepted securities as collateral that are permitted to be sold or re-pledged in connection with reverse repurchase agreements with banks and other financial institutions in 2018. As at 31 December 2018, the Group's collateral received from banks and other financial institutions has expired (31 December 2017: Nil). As at 31 December 2018, the Group had no collateral that were sold or re-pledged, but was obligated to return (31 December 2017: Nil). These transactions are conducted under standard terms in the normal course of business.

Note:

#### (a) Pension scheme

Pursuant to the relevant laws and regulations in the PRC, the Group has joined a defined contribution scheme for the employees arranged by local government labour and social security organisations. The Group makes contributions to the retirement scheme at the applicable rates based on the amounts stipulated by the relevant government organisations.

In addition to the basic retirement scheme above, the Group provides an annuity plan to the eligible employees. The Group makes annuity contributions in proportion to its employees' gross wages in prior year, which are expensed to profit or loss when the contributions are made.

#### (b) Supplementary retirement benefits ("SRB")

The Group pays SRB for eligible employees. The amount represents the present value of the total estimated amount of future benefits that the Group is committed to pay for eligible employees at the end of the year. The Group's obligations in respect of the SRB were accessed using projected unit credit method by qualified staff (a member of society of Actuaries in America) of an external independent actuary: Willis Towers Watson Management Consulting (Shenzhen) Co., Ltd.

#### (i) The balances of SRB of the Group are as follows:

|                                 | 31 December | 31 December |
|---------------------------------|-------------|-------------|
|                                 | 2018        | 2017        |
| Present value of SRB obligation | 843         | 669         |

#### (ii) Movements of SRB of the Group are as follows:

|                                       | 2018 | 2017 |
|---------------------------------------|------|------|
| As at 1 January                       | 669  | 658  |
| Current service cost                  | 56   | 65   |
| Interest cost                         | 30   | 24   |
| Remeasurement of defined benefit plan | 102  | (63) |
| Payments made                         | (14) | (15) |
| As at 31 December                     | 843  | 669  |

Remeasurement of defined benefit plan was recognised in other comprehensive income, see Note VI 38.

# 31 Accrued staff costs (continued)

### Note: (continued)

### (b) Supplementary retirement benefits ("SRB") (continued)

(iii) Principal actuarial assumptions of the Group are as follow:

|                                  | 31 December<br>2018 | 31 December<br>2017 |
|----------------------------------|---------------------|---------------------|
| Discount rate                    | 4.00%               | 4.50%               |
| Medical cost trend rate          | 5.88%               | 5.88%               |
| Average expected future lifetime | 22.80               | 22.80               |

#### (iv) Sensitivity analysis:

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumption constant, would have affected the defined benefit obligation by the amounts shown below.

|                                       | 31 December 2018 |          |
|---------------------------------------|------------------|----------|
|                                       | Increase         | Decrease |
| Discount rate (1% movement)           | (222)            | 244      |
| Medical cost trend rate (1% movement) | 260              | (183)    |

|  | 31 December 2017 |              |
|--|------------------|--------------|
|  | Increase         | Decrease     |
| Discount rate (1% movement)<br>Medical cost trend rate (1% movement) | (167)<br>193     | 182<br>(137) |

Although the analysis does not take account of the full distribution of cash flows expected under the plans, it does provide an approximation of the sensitivity of the assumptions shown.

Except as mentioned in Note(a) and Note(b) above, the Group has no significant responsibilities to pay any other retirement benefits to retired employees.

| Balance as at 31 December 2018     |      | 26,618                 | 5,161                             | 31,779 |

Note:

- (i) Pursuant to the approval by relevant PRC authorities, on 17 March 2017, the Bank issued A-share convertible bonds with a total nominal amount of RMB30 billion. The convertible bonds have a maturity term of six years from 17 March 2017 to 16 March 2023, and bear a fixed interest rate of 0.20% for the first year, 0.50% for the second year, 1.00% for the third year, 1.50% for the forth year, 1.80% for the fifth year and 2.00% for the sixth year. The convertible bond holders may exercise their rights to convert the convertible bonds into the Bank's A shares at the stipulated conversion price during the period ("Conversion Period") beginning six months after the date of issuance until the maturity date. Within 5 trading days after maturity, the Bank shall redeem the outstanding convertible bonds at 105% of par value, including interest for the sixth year.
- (ii) During the Conversion Period, if the closing price of the Bank's A Shares is not lower than or equal to 130% of the prevailing conversion price in at least 15 trading days out of any 30 consecutive trading days, subject to the approval by relevant PRC authorities (if needed), the Bank has the right to redeem all or part of the outstanding convertible bonds at par value plus accrued interest on the first day on which the redemption criteria are met. In case that the Bank's conversion price is adjusted due to the ex-right or ex-dividend at these trading days, the pre-adjustment price is calculated at the conversion price and the closing price at the trading day before the adjustment, and the post-adjustment price is calculated at the conversion price and the closing price at the trading day after the adjustment. The Bank also has the right to redeem all the convertible bonds at par value plus accrued interest should the total outstanding amount be less than RMB30 million.
- (iii) Based on the calculation method in the prospectus of the convertible bonds, the initial conversion price is RMB4.36 per share, no less than the average trading price of the Bank's A shares within 30 or 20 trading days before the announcement date of the prospectus (if the stock price is adjusted due to the ex-right or ex-dividend within these 30 or 20 trading days, the pre-adjustment price is calculated at the related adjusted price), the average trading price of the Bank's A shares at the previous trading day, as well as the latest audited net asset value per share and the face value. As at 31 December 2018, the new conversion price is RMB4.13 per share.
- (iv) As at 31 December 2018, a total of RMB730,000 (31 December 2017: RMB137,000) convertible bonds have been converted into ordinary shares, the cumulative convertible number of shares is 170,354 (31 December 2017: 32,138 shares).
- (v) In 2018, a total of RMB60 million interests have been paid by the Bank related to the convertible bonds (2017: Nil).

### 33 Debt securities issued (continued)

# (e) Interbank deposits issued

In 2018, 246 inter-bank deposits were issued by the Bank and measured at amortised cost with carrying amount of RMB615,500 million (2017: RMB686,630 million). The carrying amount of inter-bank deposits due in 2018 was RMB631,950 million (2017: RMB752,020 million). As at 31 December 2018, the fair value of its outstanding interbank deposits was RMB263,247 million (31 December 2017: RMB280,452 million).

### (f) Certificates of deposits issued

As at 31 December 2018, the certificates of deposits were issued by the Bank's Hong Kong branch and Seoul branch and measured at amortised cost. The fair value of the certificates of deposits issued approximates to their carrying amount.

# (b) Main Clauses

## (i) Dividend

Fixed rate for the first 5 years after issuance;

Dividend reset every 5 years thereafter to the sum of the benchmark rate and the fixed spread;

The fixed spread equals to the spread between the dividend rate at the time of issuance and the benchmark rate. The fixed spread will remain unchanged throughout the term of the preference shares.

# (ii) Conditions to distribution of dividends

The Group could pay dividends while the Group still has distributable after-tax profit after making up previous years' losses, contributing to the statutory reserve and making general provisions, and the Group's capital adequacy ratio meets regulatory requirements. The Group may elect to cancel any dividend, but such cancellation requires a shareholder's resolution to be passed.

### (iii) Dividend blocker

If the Group cancels all or part of the dividends to the preference shareholders, the Group shall not make any dividend distribution to ordinary shareholders before the Group pays the dividends for the current dividend period to the preference shareholders in full.

# (iv) Order of distribution and liquidation method

The preference shareholders are subordinated to the depositors, ordinary creditors, holders of subordinated debt, holders of Tier-two capital bonds and holders of Convertible bonds, but will be senior to the ordinary shareholders.

### (v) Mandatory conversion trigger events

Upon the occurrence of an Additional Tier-one Capital Trigger Event (Common equity tierone capital Adequacy Ratio of the Group falling to 5.125% or below), the Group shall have the right to convert all or part of the Preference Shares into A shares, in order to restore the Common equity tier-one capital Adequacy Ratio of the Group to above 5.125%; if Preference Shares were converted to A shares, it could not be converted to Preference Shares again.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### **66 Other equity instrument** (continued)

### (b) Main Clauses (continued)

### (v) Mandatory conversion trigger events (continued)

Upon the occurrence of a Non-Viability Trigger Event (Earlier of the two situations: (1) CBIRC has determined that the Group would become non-viable if there is no conversion or write-down of capital; or (2) the relevant authorities have determined that a public sector injection of capital or equivalent support is necessary, without which the Group would become non-viable), the Group shall have the right to convert all Preference Shares into A shares.

### (vi) Redemption

Subject to the prior approval of the CBIRC and the satisfaction of the relevant requirements, the Group shall have the right to redeem all or part of the Preference Shares on any redeemable day (the payment date for dividends of the Preference Shares each year) after the fifth year following the completion date of the Issuance of the Preference Shares. The specific commencement date of the redemption period shall be determined by the Board in line with market conditions, subject to authorisation at a shareholders' general meeting (the authorisation can be further delegated). The redemption period for the Preference Shares shall commence on such commencement date of the redemption period and end on the completion date of the redemption or conversion of all the Preference Shares. Where redemption is in part, the Preference Shares shall be redeemed based on the same proportion and conditions. Preference Shares shall be redeemed in cash. The redemption price shall be the par value plus the dividend declared but unpaid for the relevant period.

### (c) Changes in Preference shares outstanding

# 39 Surplus reserve and general reserve

# (a) Surplus reserve

The surplus reserve at the end of the year represented statutory surplus reserve fund. The Bank is required to appropriate 10% of its net profit, after making good prior year's accumulated loss, to statutory surplus reserve fund until the reserve fund balance reaches 50% of its registered capital.

# (b) General reserve

The Bank is required, in principle, to set aside a general reserve, through appropriation of profit after tax, with an amount of not lower than 1.5% of the ending balance of its gross risk-bearing assets.

# 40 Appropriation of profits

- (a) At the Board Meeting held on 28 March 2019, the Board of Directors approved the following profit appropriations for the year ended 31 December 2018:
  - Appropriated RMB3,317 million (10% of the net profit of the Bank) to surplus reserve;
  - Appropriated RMB1,701 million to general reserve; and
  - Distributed cash dividends to all shareholders, with a dividend of RMB1.61 per 10 shares before tax. Based on the 52.489 billion shares issued by the Bank as at 31 December 2018, the cash dividends totaled RMB8.451 billion.
- (b) At the Annual General Meeting of shareholders held on 22 June 2018, the shareholders approved the following profit appropriations for the year ended 31 December 2017:
  - Appropriated RMB3,103 million (10% of the net profit of the Bank) to surplus reserve;
  - Appropriated RMB809 million to general reserve; and
  - Declared cash dividends to all shareholders of RMB9,501 million representing RMB1.81 per 10 shares before tax.
- (c) At the Board Meeting held on 27 April 2018, the dividend distribution of the first preference shares was approved by the Board of Directors:

Declared cash dividends to preference shareholders of RMB1,060 million representing RMB5.30 per share before tax, start accruing from 25 June 2017, and are calculated using the 5.30% of dividend yield ratio for China Everbright Bank the first phase preference shares.

(d) At the Board Meeting held on 20 July 2018, the dividend distribution of the second preference shares was approved by the Board of Directors.

Declared cash dividends to preference shareholders of RMB390 million representing RMB3.90 per share before tax, start accruing from 13 August 2017, and are calculated using the 3.90% of dividend yield ratio for China Everbright Bank the second phase preference shares.

(Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

### 41 Involvement with structured entities

# (a) Structured entities sponsored by third party institutions in which the Group holds an interest:

The types of structured entities that the Group does not consolidate but in which it holds an interest include fund investments and asset management plans at fair value through profit or loss, asset management plans and asset-backed securities at amortised cost. The nature and purpose of these structured entities are to generate fees from managing assets on behalf of third party investors. These vehicles are financed through the issue of units to investors.

The following table sets out an analysis of the carrying amounts and maximum exposure of interests held by the Group in unconsolidated structured entities as at 31 December 2018:

|   | 31 December 2018 |          | 31 Decem | ber 2017 |

### 41 Involvement with structured entities (continued)

# (b) Structured entities sponsored by the Group which the Group does not consolidate but holds an interest in:

The types of unconsolidated structured entities sponsored by the Group include non-principal guaranteed wealth management products. The nature and purpose of these structured entities are to generate fees from managing assets on behalf of investors. These structured entities are financed through the issue of units to investors. Interest held by the Group includes investments in units issued by these structured entities and fees charged by providing management services. As at 31 December 2018, the carrying amounts of the investments in the notes issued by these structured entities being recognised are not material in the statement of financial positions.

As at 31 December 2018, the amount of assets held by the unconsolidated non-principal guaranteed wealth management products, which are sponsored by the Group is RMB689,002 million (31 December 2017: RMB737,881 million). The aggregated amount of the non-principal guaranteed wealth management products sponsored and issued by the Group after 1 January 2018 but matured before 31 December 2018 amounted to RMB18,124 million (31 December 2017: RMB305,671 million).

In 2018, the amount of fee and commission income received from the unconsolidated structured entities by the Group amounted to RMB876 million (2017: RMB3,400 million).

For the purpose of asset-liability management, wealth management products may raise short-term financing needs to the Group and other banks. The Group is not contractually obliged to provide financing. After internal risk assessment, the Group may enter into placements transactions with these wealth management products in accordance with market principles. As at 31 December 2018, the balance of above trading was RMB15,230 million (31 December 2017: RMB16,000 million). Such financing provided by the Group was included in "Placements with banks and other financial institutions". The maximum exposure to loss of those placements approximated to the carrying amount. In 2018, the amount of interest receivables provided by the above financing being recognised are not material for the Group in the statement of profit or loss.

In addition, as at 31 December 2018, the Group hold interests in the unconsolidated structured entities of asset securitization transactions, refer to Note VI 42. In 2018, the Group's income from these structured entities was immaterial.

# (c) Consolidated structured entities

The consolidated structured entities of the Group are primarily the principal guaranteed wealth management products and certain asset management plans and trust plans. Principal guaranteed wealth management products sponsored and managed by the Group represent products to which the Group has guaranteed the investor's principal investment, regardless of their actual performance. Investments made by these products and the corresponding liabilities to the investors of these products are presented in the respective financial assets and financial liabilities items based on the nature of the assets and liabilities. The Group controls these entities when the Group has power over, is exposed to, or has rights to, variable returns from its involvement with these entities and has the ability to use its power over these entities to affect the amount of the Group's returns.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

# 42 Transferred financial assets

The Group enters into transactions in the normal course of business by which it transfers recognised financial assets to third parties or to structured entities. In some cases where these transfers may give rise to full or partial de-recognition of the financial assets concerned in accordance with IFRSs. In other cases where the transferred assets do not qualify for de-recognition as the Group has retained substantially all the risks and rewards of these assets, the Group continued to recognise the transferred assets.

## Credit assets backed securitization

The Group enters into credit assets transfers in the normal course of business during which it transfers credit assets to structured entities which in turn issue asset-backed securities to investors. The Group may acquire some asset-backed securities at the subordinated tranche level and accordingly, may retain parts of the risks and rewards of the transferred credit assets. The Group would determine whether or not to derecognise the associated credit assets by evaluating the extent to which it retains the risks and rewards of the assets.

With respect to the credit assets that were securitised and qualified for de-recognition, the Group derecognised the transferred credit assets in their entirety. The corresponding total carrying amount of asset-backed securities held by the Group in the securitisation transactions was RMB118 million as at 31 December 2018 (31 December 2017: RMB265 million).

For those in which the Group has neither transferred nor retained substantially all the risks and rewards of the transferred credit assets, and retained control of the credit assets, the transferred credit assets are recognised on the statement of financial position to the extent of the Group's continuing involvement. The carrying amount at the time of transfer of the original credit assets, which the Group determined that it has continuing involvement through acquiring some tranches, was RMB8,127 million as at 31 December 2018 (31 December 2017: RMB8,127 million) and the carrying amount of assets that the Group continues to recognise on the statement of financial position was RMB267 million as at 31 December 2018 (31 December 2017: RMB550 million).

# Transfer of right to earnings

The Group enters into transfer of right to earnings of credit assets transactions in the normal course of business by which it transfers the right to earnings to structured entities which sell share of trust to investors. As the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and it has retained control on them, these financial assets are recognised on the statement of financial position to the extent of the Group's continuing involvement. The extent of the Group's continuing involvement is the extent to which the Group is exposed to changes in the value of the transferred assets. As at 31 December 2018, loans with an original carrying amount of RMB3,776 million (31 December 2017: RMB5,957 million) had been transferred by the Group under arrangements in which the Group retains a continuing involvement in such assets in the form of subordinated tranches. As at 31 December 2018, the carrying amount of assets that the Group continues to recognise amounts to RMB1,097 million (31 December 2017: RMB2,537 million).

# 43 Capital management

The Group's capital management includes capital adequacy ratio management, capital financing management and economic capital management, of which the primary focus is on capital adequacy ratio management. The Group calculates the capital adequacy ratio in accordance with guidelines. The capital of the Group is divided into common equity tier-one capital, additional tier-one capital and tier-two capital.

Capital adequacy ratio management is the key in capital management. The capital adequacy ratio reflects the soundness of the Group's operations and risk management capabilities. The main objective in capital adequacy ratio management is to set an optimal capital adequacy ratio that meets the regulatory requirements by benchmarking against the capital adequacy ratio level of leading global banks with reference to its own business environment and conditions.

The Group considers its strategic development plans, business expansion plans and risk variables when conducting scenario analysis and stress testing and executing other measures to forecast, plan and manage its capital adequacy ratio. The required information is filed with the CBIRC by the Group and the Bank semi-annually and quarterly.

With effect from 1 January 2013, the Group started computing its capital adequacy ratios in accordance with "Regulation Governing Capital of Commercial Banks (provisional)" and other relevant regulations.

The CBIRC requires commercial banks to meet the requirements of capital adequacy ratios by the end of 2018 in accordance with "Regulation Governing Capital of Commercial Banks (provisional)". For systemically important banks, each bank is required to maintain the common equity tier-one capital adequacy ratio, tier-one capital adequacy ratio and capital adequacy ratio of at least 8.50%, 9.50% and 11.50%, respectively. For non-systemically important banks, the minimum ratios for common equity tier-one capital adequacy ratio, tier-one capital adequacy ratio and capital adequacy ratio are 7.50%, 8.50% and 10.50%, respectively. In addition, those individual banking subsidiaries or branches incorporated outside Mainland China are also directly regulated and supervised by their respective local banking supervisors. There are certain differences in the capital adequacy requirements of different countries.

The on-balance sheet risk-weighted assets are measured using different risk weights, which are determined according to the credit, market and other risks associated with each asset and counterparty, taking into account any eligible collaterals or guarantees. Similar treatment is adopted for off-balance sheet exposure, with adjustments made to reflect the more contingent nature of any potential losses. The counterparty credit risk-weighted assets for over-the-counter (OTC) derivatives are the summation of default risk-weighted assets and credit value adjustment (CVA). Market risk-weighted assets are calculated using the standardised approach.

The Group's capital adequacy ratio and related information are calculated on the basis of financial statements prepared in accordance with PRC GAAP. During the year, the Group complied with the capital requirements imposed by the regulatory authorities.

(Expressed in millions of Renminbi, unless otherwise stated)

Note: As at 31 December 2018, the Bank has guarantee obligations relating to the China Everbright Group's outstanding interest obligation of RMB180million (31 December 2017: RMB180 million) due to one of the state-owned commercial banks.

#### 45 Related party relationships and transactions (continued)

#### (c) China Investment Corporation, Central Huijin Investment Ltd. and its affiliates

Approved by the State Council of the PRC, China Investment Corporation ("CIC") was established on 29 September 2007 with a registered capital of USD200 billion. Central Huijin Investment Ltd. ("Huijin") is a wholly owned subsidiary of CIC and exercises its rights and obligations as an investor on behalf of CIC.

Huijin was incorporated as a wholly state-owned investment company on 16 December 2003. It was registered in Beijing with a registered capital of RMB828,209 million. Apart from equity investments as authorised by the State Council of the PRC, it does not engage in any other commercial operations.

The Group's transactions with CIC, Huijin and its affiliates mainly include deposit taking, purchase and sale of debt securities, money market transactions and inter-bank clearing. These transactions are priced based on market prices and conducted under normal commercial terms.

The Group has issued subordinated debts, financial bonds, convertible bonds, interbank deposits and certificates of deposits which are bearer bonds tradable in the secondary market. Accordingly, the Group has no information in respect of the amount of the debts held by these banks and other financial institutions as at the end of the year.

The Group's material transactions with CIC, Huijin and its affiliates during the year are summarised as follows:

|                  | 2018    | 2017    |
|------------------|---------|---------|
| Interest income  | 1,556   | 3,905   |
| Interest expense | (4,183) | (5,488) |

The Group's material balances with CIC, Huijin and its affiliates end of the year are summarised as follows:

|  | 31 December |        |
|--|-------------|--------|
|  | 2018        | 2017   |

| Other liabilities                                      | 11          | 4      |

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 45 Related party relationships and transactions (continued)

#### (d) Transactions with other PRC state-owned entities

The Group operates in an economic regime currently predominated by entities directly or indirectly owned by the PRC government through its government authorities, agencies, affiliations and other organisations ("state-owned entities"). Transactions with other state-owned entities include but are not limited to: lending and deposit taking; taking and placing of inter-bank balances; entrusted lending and other custody services; insurance and securities agency, and other intermediary services; sale, purchase, underwriting and redemption of bonds issued by other state-owned entities; purchase, sale and leases of property and other assets; and rendering and receiving of utilities and other services.

These transactions are conducted in the ordinary course of the Group's banking business on terms similar to those that would have been entered into with non-state-owned entities. The Group's pricing strategy and approval processes for major products and services, such as loans, deposits and commission income, do not depend on whether or not the customers are state-owned entities. Having considered the substance of the relationships, the Group is of the opinion that none of these transactions are material related party transactions that require separate disclosure.

#### (e) Key management personnel

|                                  | 31 December<br>2018<br>RMB'000 | 31 December<br>2017<br>RMB'000 |
|----------------------------------|--------------------------------|--------------------------------|
| Remuneration                     | 19,199                         | 20,131                         |
| Retirement benefits              | 1,165                          | 1,175                          |
| – Basic social pension insurance | 691                            | 669                            |

The total compensation packages for senior management of the Group for the year ended 31 December 2018 have not been finalised in accordance with the regulations of the PRC relevant authorities. The remuneration not yet accrued is not expected to have a significant impact on the Group's and the Bank's 2018 financial statements.

#### (f) Loans and advances to directors, supervisors and officers

Loans and advances to directors, supervisors and officers of the Group disclosed pursuant to section 78 of Schedule 11 to the new Hong Kong Companies Ordinance, with reference to section 161 of the predecessor Hong Kong Companies Ordinance (Cap. 32), are as follows:

|   | 31 December<br>2018<br>RMB'000 | 31 December<br>2017<br>RMB'000 |
|---|--------------------------------|--------------------------------|
| Aggregate amount of relevant loans outstanding as at the year end         | 9,041                          | 13,594                         |
| Maximum aggregate amount of relevant loans<br>outstanding during the year | 9,247                          | 17,016                         |

## VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 47 Segment reporting

The Group manages its business by business lines and geographical areas. Consistent with the way in which information is reported internally to the Group's most senior executive management for the purposes of resource allocation and performance assessment, the Group defines reporting segments based on the following operating segments:

#### Corporate banking

This segment represents the provision of a range of financial products and services to corporations and government agencies. These products and services include corporate loans and advances, trade financing and deposit taking activities, agency services, cash management services, financial consulting and advisory services, remittance and settlement services and guarantee services.

#### **Retail banking**

This segment represents the provision of a range of financial products and services to retail customers. These products and services include personal loans, deposit taking activities, bank card business, personal wealth management services, remittance services and securities agency services.

#### Financial market business

This segment covers the Group's financial market business. The financial market business enters into inter-bank money market transactions, repurchases transactions and inter-bank investments. It also trades in debt securities, derivatives and foreign currency trading for its own accounts. The financial market business segment also covers customer-driven derivatives and foreign currency trading, as well as management of the Group's overall liquidity position, including the issuance of debts.

#### Others

These represent equity investments and related income.

Measurement of segment assets and liabilities and of segment income, expenses and results is based on the Group's accounting policies.

Internal charges and transfer prices are determined with reference to market rates and have been reflected in the performance of each segment. Interest income and expense earned from third parties are referred to as "external net interest income". Net interest income and expense arising from internal charges and transfer pricing adjustments are referred to as "internal net interest income/expense".

Segment income, expenses, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment income, expenses, assets and liabilities are determined before intra-group balances and intra-group transactions are eliminated as part of the consolidation process. Segment capital expenditure is the total cost incurred to acquire property and equipment, intangible assets and other long-term assets.

#### 48 Risk Management

The Group has exposure to the following risks from its use of financial instruments: credit risk, market risk, liquidity risk and operational risk.

This note presents information about the Group's exposure to each of the above risks and their sources, and the Group's objectives, policies and procedures for measuring and managing these risks.

The Group's risk management policies were established to identify and analyse the risks to which the Group is exposed, to set appropriate risk limits, and to design relevant internal control policies and systems for monitoring risks and adhering to risk limits. Risk management policies and relevant internal control systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Internal Audit Department of the Group undertakes both regular and ad hoc reviews of the compliance of internal control implementation with risk management policies.

#### (a) Credit risk

Credit risk represents the potential loss that may arise from the failure of a debtor or counterparty to meet its contractual obligation or commitment to the Group. It arises primarily from credit and bond investment portfolios and guarantees granted.

#### Credit business

The board of directors is responsible for setting the Group's risk management strategy and the overall risk tolerance level. The board also monitors the Group's risk management process and regularly assesses the Group's risk position and risk management strategies. The board gives advice on internal controls relating to risk management. The senior management is responsible for the implementation of the development strategy, risk strategy and risk management policies set by the board of directors. The senior management is responsible for the improvement of risk management system and establishment of risk management policies and rules. The senior management is responsible for establishment of procedures and standards to identify, measure, evaluate, monitor and control credit risks. And the senior management is responsible for the management of all types of risks and ensure that the business activities of the Bank are consistent with the risk strategy, risk appetite and risk policies adopted by the board of directors.

- 48 Risk Management (continued)
  - (a) Credit risk (continued)

#### Credit business (continued)

The business lines of the Group are directly responsible for the management of credit risk. The Risk Management Department is responsible for the development of risk management policies and procedures, and is responsible for the monitoring and management of credit risks. The Internal Audit Department is responsible for auditing the performance of duties of business lines and the Risk Management Department, specifically as follows:

- The Corporate Banking Department, Strategic Customer and Investment Banking Department, Inclusive Finance Department, Retail Banking Department and other business lines carry out corporate and retail business in accordance with the risk management policies and procedures of the Group. The business lines are directly responsible for the management of credit risk, they are the first line of defense of internal control. The business lines independently control the customer relationship and the whole process of specific business in its duration, and they are firstly responsible for the compliance and security of the business.
- The main responsible departments for credit risk management are the Risk Management Department, Credit Approval Department, Credit Management Department, and Special Assets Resolution Department. They are the second line of defense of internal control in credit risk management, and they are responsible for the overall supervision of credit risk management. The functional departments of credit risk management determine their functional positioning in accordance with the basic procedures of "Policy and technology – Investigation and approval – During and post-lending monitoring – Collection and Resolution".
- The Internal Audit Department is the third line of defense of credit risk management, and undertakes the responsibility of supervision and performance evaluation.

The Group continuously improves the internal control mechanism and strengthens the management of the credit business. The Group has established comprehensive assessment and inquiry mechanisms, assigning the credit management accountability to the relevant departments and individuals.

For corporate businesses, the Group has established industry-specific limits for credit approval. It has put in place dynamic monitoring mechanism, with regular reporting of credit exposures to the board. The Group's credit risk management covers key operational phases, including pre-lending evaluations, credit approval, and post-lending monitoring. With respect to pre-lending evaluations, the Group assesses customer credit ratings and performs integrated analysis on the risk and return of the loan. In the credit approval phase, the Group has established standardized system and procedures for credit evaluating and approving in accordance with the principle of separation of duties for approval and lending as well as hierarchical approval principle. All credit applications are approved by designated credit officers. In the loan payment phase, independent responsible department has been established to manage and control the payment of the loan, ensuring that the payment conform with the intended use of the loan approved. During the post-lending monitoring, the Group continually monitors outstanding loans and other credit related businesses. Any adverse events that may significantly affect a borrower's repayment ability are reported immediately, and actions are taken to mitigate the risks.

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 48 Risk Management (continued)

#### (a) Credit risk (continued)

#### Credit business (continued)

For personal credit operation business, the Group implemented control processes of "separation of review and approval, separation of approval and lending, separation of approval and mortgage registration, and separation of loan management and archival keeping" to effectively control the operational risk. During the pre-loan process, client managers are required to assess the income level, credit history, and repayment ability of the applicant to strengthen the credit evaluation of the applicant. During the review and approval process, the client managers forward the application and their recommendations to the loan-approval departments for further approval, a standardized review and approval policies and process in accordance with the principal of "separation of review and approval" and "hierarchical approval" have been established for this process. The Group monitors borrowers' repayment ability, the status of collaterals and any changes to their value during the post-lending phase. Once a loan becomes overdue, the Group starts the recovery process in accordance with its standardized loan recovery procedures.

The Group adopts a loan risk classification approach to manage its loan portfolio risk. Loans are generally classified as normal, special mention, substandard, doubtful and loss according to their levels of risk. Substandard, doubtful and loss loans are considered to be impaired loans and advances. The Group measures and manages the quality of the credit assets of the Group in accordance with the Guidelines of the Risk Classification of Loan.

The core definitions of the five categories of loans and advances are set out below:

| Normal:          | Borrowers can honour the terms of their loans. There is no reason to<br>doubt their ability to repay principal and interest in full on a timely<br>basis.  |
|------------------|--|
| Special mention: | Borrowers are currently able to service their loans and interest, although<br>repayment may be adversely affected by specific factors.   |
| Substandard:     | Borrowers' ability to service their loans is in question and they cannot<br>rely entirely on normal business revenues to repay principal and interest.<br>Losses may ensue even when collateral or guarantees are invoked. |
| Doubtful:        | Borrowers cannot repay principal and interest in full and significant losses<br>will need to be recognised even when collateral or guarantees are invoked.   |
| Loss:            | Principal and interest of loans cannot be recovered or only a small<br>portion of them can be recovered after taking all possible measures or<br>resorting to all necessary legal procedures.                              |

#### Treasury Business

The Group sets credit limits for treasury operations based on the credit risk inherent in the products, counterparties and geographical areas. Credit risk exposure is closely monitored on a systematic and real-time basis, and credit limits are reviewed and revised regularly.

- 48 Risk Management (continued)
  - (a) Credit risk (continued)

#### Credit risk measurement

#### Measurement of ECL

The ECL is a weighted average of credit losses on financial instruments weighted at the risk of default. Credit loss is the difference between all receivable contractual cash flows according to the contract and all cash flows expected to be received by the Group discounted to present value at the original effective interest rate, i.e. the present value of all cash shortfalls.

According to the changes of credit risk of financial instruments since the initial recognition, the Group calculates the ECL by three stages:

- Stage 1: The financial instruments without significant increases in credit risk after initial recognition are included in Stage 1 to calculate their impairment allowance at an amount equivalent to the ECL of the financial instrument for the next 12 months;
- Stage 2: Financial instruments that have had a significant increase in credit risk since initial recognition but have no objective evidence of impairment are included in Stage 2, with their impairment allowance measured at an amount equivalent to the ECL over the lifetime of the financial instruments; and
- Stage 3: Financial assets with objective evidence of impairment at the balance sheet date are included in Stage 3, with their impairment allowance measured at the amount equivalent to the ECL for the lifetime of the financial instruments.

For the previous accounting period, the impairment allowance has been measured at the amount equivalent to the ECL over the entire lifetime of the financial instrument. However, at the balance sheet date of the current period, if the financial instrument no longer belongs to the situation of there being a significant increase in credit risk since initial recognition, the Group will measure the impairment allowance of the financial instruments on the balance sheet date of the current period according to the ECL in the next 12 months.

For purchased or originated credit-impaired financial assets, the Group only recognises the lifetime cumulative change in ECL after initial recognition on the financial reporting date as impairment allowance. On each financial reporting date, the Group recognises the amount of the changes in ECL as an impairment loss or gain in profit or loss.

The Group shall measure ECL of a financial instrument in a way that reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of money; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

When measuring ECL, an entity need not necessarily identify every possible scenario. However, the Group shall consider the risk or probability that a credit loss occurs by reflecting the possibility that a credit loss occurs, even if the possibility of a credit loss occurring is very low.

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

# 48 Risk Management (continued)

(a) Credit risk (continued)

# Credit risk measurement (continued)

# Measurement of ECL (continued)

The Group conducted an assessment of ECL according to forward-looking information and used complex models and assumptions in its expected measurement of credit losses. These models and assumptions relate to the future macroeconomic conditions and borrower's creditworthiness (e.g., the likelihood of default by customers and the corresponding losses). The Group adopts judgement, assumptions and estimation techniques in order to measure ECL according to the requirements of accounting standards such as:

- Criteria for judging significant increases in credit risk
- Definition of credit-impaired financial asset
- Parameters for measuring ECL
- Forward-looking information
- Modification of contract cash flow

# Criteria for judging significant increases in credit risk

The Group assesses whether or not the credit risk of the relevant financial instruments has increased significantly since the initial recognition at each balance sheet date. While determining whether the credit risk has significantly increased since initial recognition or not, the Group takes into account the reasonable and substantiated information that is accessible without exerting unnecessary cost or effort, including qualitative and quantitative analysis based on the historical data of the Group and external credit risk rating. Based on the single financial instrument or the combination of financial instruments with similar characteristics of credit risk, the Group compares the risk of default of financial instruments on the balance sheet date with that on the initial recognition date in order to figure out the changes of default risk in the expected lifetime of financial instruments.

The Group considers a financial instrument to have experienced a significant increase in credit risk when one or more of the following quantitative, qualitative or backstop criteria have been met:

# Quantitative criteria

• At the reporting date, the decrease in customer rating is considered significant, comparing with the one at initial recognition

# Qualitative criteria

- Significant adverse change in debtor's operation or financial status
- Be classified into Special Mention category within five-tier loan classification

# Backstop criteria

• The debtor's contractual payments (including principal and interest) are more than 30 days past due

- 48 Risk Management (continued)
  - (a) Credit risk (continued)

Credit risk measurement (continued)

*Measurement of ECL* (continued) Definition of credit-impaired financial asset

The standard adopted by the Group to determine whether a credit impairment occurs under IFRS 9 is consistent with the internal credit risk management objectives of the relevant financial instrument, taking into account quantitative and qualitative criteria. When the Group assesses whether the credit impairment of debtor occurred, the following factors are mainly considered:

- Significant financial difficulty of the issuer or the debtor;
- Debtors are in breach of contract, such as defaulting on interest or becoming overdue on interest or principal payments overdue;
- The creditor of the debtor, for economic or contractual reasons relating to the debtor's financial difficulty, having granted to the debtor a concession that the creditor would not otherwise consider;
- It is becoming probable that the debtor will enter bankruptcy or other financial restructuring;
- The purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses;
- The debtor leaves any of the principal, advances, interest or investments in corporate bonds of the Group overdue for more than 90 days.

The credit impairment on a financial asset may be caused by the combined effect of multiple events and may not be necessarily due to a single event.

Parameters of ECL measurement

According to whether there is a significant increase in credit risk and whether there is an impairment of assets, the Group measures the impairment loss for different assets with ECL of 12 months or the entire lifetime respectively. The key measuring parameters of ECL include probability of default (PD), loss given default (LGD) and exposure at default (EAD). Based on the current New Basel Capital Accord used in risk management and the requirements of IFRS 9, the Group takes into account the quantitative analysis of historical statistics (such as ratings of counterparties, manners of guarantees and types of collaterals, repayments, etc.) and forward-looking information in order to establish the model of PD, LGD and EAD.

Relative definitions are listed as follows:

• PD refers to the possibility that the debtor will not be able to fulfil its obligations of repayment over the next 12 months or throughout the entire remaining lifetime. The Group's PD is adjusted based on the results of the Internal Rating-Based Approach under the New Basel Capital Accord, taking into account the forward-looking information and deducting the prudential adjustment to reflect the debtor's point-in-time (PIT) PD under the current macroeconomic environment;

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 48 Risk Management (continued)

(a) Credit risk (continued)

Credit risk measurement (continued)

*Measurement of ECL* (continued) Parameters of ECL measurement (continued)

- LGD refers to the Group's expectation of the extent of the loss resulting from the default exposure. Depending on the type of counterparty, the difference of credit products, and the type of collaterals, the LGD varies. The LGD is the percentage of loss of risk exposure after the time of default, based on historical statistics, the loss rate may be different in various economic environments.
- EAD is the amount that the Group should be reimbursed at the time of the default in the next 12 months or throughout the entire remaining lifetime.

#### Forward-looking information

The assessment of a significant increase in credit risk and the calculation of ECL both involve forward-looking information. Through the analysis of historical data, the Group identifies the key economic indicators that affect the credit risk and ECL of various business types, such as GDP, CPI, Case-Shiller index.

The impact of these economic indicators on the PD and the LGD varies according to different types of business. The Group combined statistic model and experts' judgement in this process, according to the result of model and experts' judgement, the Group predicts these economic indicators on a quarterly basis and determines the impact of these economic indicators on the PD and the LGD by conducting regression analysis.

In addition to providing a baseline economic scenario, the Group combines statistic model with experts' judgement to determine the weight of other possible scenarios. The Group measures the weighted average ECL of 12 months (stage 1) or life time (stage 2 and stage 3). The weighted average credit loss above is calculated by multiplying the ECL for each scenario by the weight of the corresponding scenario.

Modification of contractual cash flows

A modification or re-negotiation of a contract between the Group and a counterparty may result in a change to the contractual cash flows without resulting in the de-recognition of the financial assets. Such restructuring activities include extended payment term arrangements, repayment schedule modifications and changes to the interest settlement method. The risk of default of such assets after modification is assessed at the reporting date and compared with the risk under the original terms at initial recognition, when the modification is not substantial and so does not result in de-recognition of the original asset and the book value of the financial asset is recalculated and the related gain or loss is included in current profit and loss. The recalculated book value of the financial asset is determined based on the present value of the contractual cash flows following the renegotiation or modification, as calculated using the original effective interest rate of the financial asset.

The Group monitors the subsequent performance of modified assets. The Group may determine that the credit risk has significantly improved after restructuring, so that the assets are moved from Stage 3 or Stage 2 to Stage 1. This is only the case for assets which have performed in accordance with the new terms for six consecutive months or more. As at 31 December 2018, the carrying amount of financial assets with such modified contractual cash flows was not significant.

#### 48 Risk Management (continued)

#### (a) Credit risk (continued)

#### (i) Maximum credit risk exposure

The maximum exposure to credit risk is represented by the net carrying amount of each type of financial assets, including derivative financial instruments. The maximum exposure to credit risk in respect of these off-balance sheet items as at the end of the year is disclosed in Note VI 51(a).

#### 48 Risk Management (continued)

#### (a) Credit risk (continued)

#### (iii) Credit rating (continued)

The Group adopts a credit rating approach in managing the credit risk of the debt securities portfolio. Debt securities are rated with reference to Bloomberg Composite, or the major rating agencies where the issuers of the securities are located. The carrying amounts of debt securities investments analysed by the rating agency designations as at the end of the year are as follows:

|                                 | 31 December<br>2018 | 31 December<br>2017 |
|---------------------------------|---------------------|---------------------|
| Impaired                        |                     |                     |
| Carrying amount                 | 1,520               | 1,564               |
| Provision for impairment losses | (1,163)             | (948)               |
| Subtotal                        | 357                 | 616                 |
| Neither overdue nor impaired    |                     |                     |
| Bloomberg Composite             |                     |                     |

| Total                           | 673,486             | 514,133             |

#### (b) Market risk

Market risk is the risk of loss, in respect of the Group's activities, arising from adverse movements in market rates including interest rates, foreign exchange rates, commodity prices, stock prices and other prices.

The board of directors is ultimately responsible for monitoring the Group's market risk to ensure that the Group has effectively identified, measured and monitored all types of market risk. The Risk Management Committee monitors the market risk management process within the scope authorised by the board of directors, which include review and approval of market risk management strategies, policies and procedures as well as the market risk tolerance level recommended by senior management. The Group is primarily exposed to market risk in its treasury business. The Financial Market Department is responsible for the Group's investments and proprietary trading business. The Assets and Liability Management Department is responsible for monitoring and managing the interest rate risk and foreign exchange risk on a daily basis. The Risk Management Department is responsible for formulating the market risk management policies and procedures, as well as identifying, measuring and monitoring the Group's market risk.

# Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 48 Risk Management (continued)

The Group classified the transactions as the banking book transactions and trading book transactions. The identification, measurement, monitoring and controls over the relevant market risks are based on the nature and characteristics of these books. The trading book transactions consist of the Group's investments which are acquired or incurred primarily for the purpose of selling in the near term, or for the purpose of short-term profit taking. The banking book transactions represent non-trading businesses. Sensitivity analysis, scenario analysis and foreign currency gap analysis are the main tools employed by the Group to measure and monitor the market risk in its trading book transactions. Sensitivity gap analysis, stress testing and effective duration analysis are the main tools used by the Group to measure and monitor the market risk of its non-trading businesses.

Sensitivity analysis is a technique which assesses the sensitivity of the Group's overall risk profile and its risk profile with reference to the interest rate risks for different maturities.

Scenario analysis is a multi-factor analysis method which assesses the impact of multiple factors interacting simultaneously, taking into consideration of the probabilities of various scenarios.

Foreign currency gap analysis is a technique which estimates the impact of foreign exchange rate movements on the Group's current profit or loss. The foreign currency gap mainly arises from the currency mismatch in the Group's on/off-balance sheet items.

Sensitivity gap analysis is a technique which estimates the impact of interest rate movements on the Group's current profit or loss. It is used to work out the gap between future cash inflows and outflows by categorising each of the Group's interest-bearing assets and interest-taking liabilities into different periods based on repricing dates.

The results of stress testing are assessed against a set of forward-looking scenarios using stress moves in market variables. The results are used to estimate the impact on profit or loss.

Effective duration analysis is a technique which estimates the impact of interest rate movements by giving a weight to each period's exposure according to its sensitivity, calculating the weighted exposure, and summarising all periods' weighted exposures to estimate the non-linear impact of a change in interest rates on the Group's economic value.

#### Interest rate risk

The Group is primarily exposed to interest rate risk arising from repricing risk in its commercial banking business and the risk of treasury position.

#### Repricing risk

Repricing risk, which is also known as "maturity mismatch risk", is the most common form of interest rate risk. It is caused by the differences in timing between the maturities (related to fixed interest instruments) or repricing (related to floating interest instruments) of assets, liabilities and off-balance sheet items. The mismatch of repricing timing causes the Group's income or its inherent economic value to vary with the movement in interest rates.

The Assets and Liability Management Department and Risk Management Department of the Group are responsible for measuring, monitoring and managing interest rate risk. The Group regularly performs assessment on the interest rate repricing gap between the assets and liabilities that are sensitive to changes in interest rates and sensitivity analysis on the net interest income as a result of changes in interest rates. The primary objective of interest rate risk management is to minimise potential adverse effects on its net interest income or its inherent economic value caused by interest rate volatility.

#### 48 Risk Management (continued)

#### (b) Market risk (continued)

#### Interest rate risk (continued)

#### Trading interest rate risk

Trading interest rate risk mainly arises from the treasury's investment portfolios. Interest rate risk is monitored using the effective duration analysis method. The Group employs other supplementary methods to measure its interest rate sensitivity, which is expressed as changes in the investment portfolios' fair value given a 100 basis points (1%) movement in the interest rates.

(i) The following tables indicate the effective interest rates for the year and the assets and liabilities as at the end of the year by the expected next repricing dates or by maturity dates, depending on which is earlier:

|                               |               | 31 December 2018 |          |           |            |            |            |  |  |

Note:

- Effective interest rate represents the ratio of interest income/expense to average interest bearing assets/liabilities.

Investments include financial assets at fair value through profit or loss, debt instruments at fair value through other comprehensive income, equity instruments at fair value through other comprehensive income and financial investments measured at amortised cost (As at 31 December 2017, investments include financial assets at fair value through profit or loss, available-for-sale financial assets, held-to-maturity investments, debt securities classified as receivables).

(b) Market risk (continued)

#### Interest rate risk (continued)

(ii) Interest rate sensitivity analysis

The Group uses sensitivity analysis to measure the impact of changes in interest rate on the Group's net profit or loss and equity. As at 31 December 2018, assuming other variables remain unchanged, an increase in estimated interest rate of one hundred basis points will cause the Group's net profit to decrease by RMB1,222 million (31 December 2017: decrease by RMB3,637 million), and equity to decrease by RMB4,820 million (31 December 2017: decrease by RMB4,506 million); a decrease in estimated interest rate of one hundred basis points will cause the Group's net profit to increase by RMB1,267 million (31 December 2017: increase by RMB3,652 million), and equity to increase by RMB1,267 million (31 December 2017: increase by RMB3,652 million), and equity to increase by RMB5,074 million (31 December 2017: increase by RMB4,694 million).

The sensitivity analysis above is based on a static interest rate risk profile of the Group's assets and liabilities. This analysis measures only the impact of changes in interest rates within one year, showing how annualised net profit or loss and equity would have been affected by repricing of the Group's assets and liabilities within the one-year period. The sensitivity analysis is based on the following assumptions:

- Interest rate movements at the end of the year apply to all derivative and non-derivative financial instruments of the Group;
- At the end of the year, an interest rate movement of one hundred basis points is based on the assumption of interest rates movement over the next 12 months;
- There is a parallel shift in the yield curve with the changes in interest rates;
- There are no other changes to the assets and liabilities portfolio;
- Other variables (including exchange rates) remain unchanged; and
- The analysis does not take into account the effect of risk management measures taken by the management.

Due to the adoption of the aforementioned assumptions, the actual changes in the Group's net profit or loss and equity caused by an increase or decrease in interest rates might vary from the estimated results of this sensitivity analysis.

(Expressed in millions of Renminbi, unless otherwise stated)

# VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### **48** Risk management (continued)

#### (b) Market risk (continued)

#### Foreign currency risk

The Group's foreign currency risk mainly arises from the foreign currency portfolio within the treasury's proprietary investments, and other foreign currency exposures. The Group manages foreign currency risk by spot and forward foreign exchange transactions, swap transactions and matching its foreign currency denominated assets with corresponding liabilities in the same currencies.

The Group's currency exposures as at the end of the year are as follows:

|   | 31 December 2018 |             |             |           |  |  |

Note:

(ii) Derivative financial instruments reflect the net notional amounts of derivatives.

<sup>(</sup>i) Investments include financial assets at fair value through profit or loss, debt instruments at fair value through other comprehensive income, equity instruments at fair value through other comprehensive income and financial investments measured at amortised cost (As at 31 December 2017, investments include financial assets at fair value through profit or loss, available-for-sale financial assets, held-to-maturity investments and debt securities classified as receivables).

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 48 Risk management (continued)

#### (b) Market risk (continued)

#### Foreign currency risk (continued)

The Group conducts a substantial portion of its business in RMB, with certain transactions denominated in USD, HKD and, to a much lesser extent, other currencies. As at the financial reporting date, the exchange rate changes of the currencies to which the Group had significant exposure are as follows:

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Exchange rates against RMB for the HK dollars | 0.8763              | 0.8334              |
| Exchange rates against RMB for the US dollars | 6.8633              | 6.5124              |

The Group uses sensitivity analysis to measure the potential effect of changes in the Group's exchange rates on the Group's net profit or loss and equity. As at 31 December 2018, assuming other variables remain unchanged, an appreciation of one hundred basis points in the US dollar against the RMB would decrease both the Group's net profit and equity by RMB16 million (31 December 2017: increase by RMB11 million); a depreciation of one hundred basis points in the US dollar against the RMB would increase both the Group's net profit and equity by RMB16 million (31 December 2017: increase by RMB11 million); a depreciation of one hundred basis points in the US dollar against the RMB would increase both the Group's net profit and equity by RMB16 million (31 December 2017: decrease by RMB11 million).

The sensitivity analysis mentioned above is based on a static foreign exchange exposure profile of assets and liabilities and certain simplified assumptions:

- The foreign exchange sensitivity is the gain and loss recognised as a result of one hundred basis points fluctuation in the foreign currency exchange rates (central parity)against RMB;
- The fluctuation of exchange rates by one hundred basis points is based on the assumption of exchange rates movement over the next 12 months;
- The exchange rates against RMB for the US dollars and HK dollars change in the same direction simultaneously. Due to the immaterial proportion of the Group's total assets and liabilities denominated in currencies other than US dollars and HK dollars, other foreign currencies are converted into US dollars in the above sensitivity analysis;
- The foreign exchange exposures calculated include spot and forward foreign exchange exposures and swaps;
- Other variables (including interest rates) remain unchanged; and
- The analysis does not take into account the effect of risk management measures taken by the management.

Due to the assumptions adopted, actual changes in the Group's net profit or loss and equity resulting from the increase or decrease in foreign exchange rates might vary from the estimated results of this sensitivity analysis.

#### Price risk

Price risk mainly comes from the listed part of the equity investments held by the Group and the trading precious metal investments. The Group's risk of commodity or shares price from investment is not significant.

#### 48 Risk management (continued)

#### (c) Liquidity risk

Liquidity risk is the risk that a commercial bank is unable to obtain funds on a timely basis or obtain funds at a reasonable cost to meet repayment obligations or sustain its asset business. This risk exists even if a bank's solvency remains strong. In accordance with liquidity policies, the Group monitors the future cash flows and maintains liquid assets of high quality.

The Asset and Liability Management Committee ("ALMC") is responsible for managing the Group's overall liquidity risk. The ALMC, chaired by the President of the Bank, is responsible for the formulation of the liquidity policies in accordance with regulatory requirements and prudential principles. Such policies include:

- Maintaining liquidity at a stable and sufficient level; establishing integrated liquidity risk management system; ensuring the meeting on a timely basis of liquidity requirements and the payment of various business, whether under a normal operating environment or a state of stress; balancing the effectiveness and security of funds in an efficient manner; and
- Making timely and reasonable adjustments to capital structure and scale in response to market changes and business developments; pursuing profit maximisation and cost minimisation to a modest extent while ensuring appropriate liquidity; achieving the integration of the security, liquidity, and effectiveness of the Bank's funds.

The Assets and Liability Management Department is responsible for executing liquidity risk management policies. It is also responsible for identifying, measuring, monitoring and managing medium and longterm working capital on a regular basis, and for formulating liquidity management strategies. The Assets and Liability Management Department is responsible for monitoring working capital on a daily basis and ensuring the liquidity. Significant disbursement or portfolio changes must be reported to the ALMC on a timely basis.

The Group mainly applies liquidity gap analysis to measure liquidity risk. The Group will continue to focus on limit monitoring and dynamic control, and apply different scenario stress tests to assess the impacts from liquidity risks and develop effective contingency plan to respond to various possible liquidity risks.

(Expressed in millions of Renminbi, unless otherwise stated)

#### (d) Operational risk

Operational risk refers to the risk of losses associated with internal processes deficiencies, personnel mistakes and information system failures, or impact from other external events.

The Group establishes a framework of operational risk management system to identify, assess, control, manage and report operational risk. The framework covers all business functions ranging from corporate banking, retail banking, trading, corporate finance, settlement, intermediary business, asset management and all supporting functions, including human resource management, financial management, legal affairs, anti-money laundering and administration management. The key elements of the framework are listed as below:

- A multi-level operational risk management framework with segregation of duties between front and back offices under the leadership of senior management;
- A series of operational risk management policies covering all businesses on the basis of core operational risk management policy;
- A set of standard operational procedures covering various business and management activities, which is practical, traceable and can be re-performed, investigated and remedied;
- A series of operational risk management tools, including Risk Control Self-Assessment (RCSA), Key Risk Index (KRI), Loss Event Collection and IT system detecting;
- An operational risk management culture, the core values of the culture is that effective risk
  management could create value. It is supported with a team of operational risk management
  professionals across all branches, businesses and functions;
- An evaluation system on the operational risk management as well as an inquiry and disciplinary system on the non-compliance issues; and
- An independent risk assessment framework based on the internal audit and the compliance review.

#### 49 Fair value

#### (a) Methods and assumptions for measurement of fair value

The Group adopts the following methods and assumptions when evaluating fair values:

#### (i) Debt instruments and equity investments

The fair values of debt instruments and equity investments traded in an active market are based on their quoted market prices in an active market at the end of the year. The fair values of unlisted equity investments are estimated using the applicable price/earning ratios of comparable listed companies, after adjustment for the specific circumstances of the issuers.

#### (ii) Receivables and other non-derivative financial assets

Fair values are estimated as the present value of the future cash flows, discounted at the market interest rates at the end of the year.

#### (iii) Debt instruments issued and other non-derivative financial liabilities

Fair values of debt securities issued are based on their quoted market prices at the end of the year, or the present value of estimated future cash flows. The fair values of other nonderivative financial liabilities are valued at the present value of estimated future cash flows. The discount rates are based on the market interest rates at the end of the year.

#### (iv) Derivative financial instruments

The fair values of foreign currency forward and swap contracts are determined by the difference between the present value of the forward price and the contractual price at the end of the year, or is based on quoted market prices. The fair values of interest rate swaps are estimated as the present value of estimated future cash flows. The yield curve is based on the optimised price between the broker's quoted price and Reuters' quoted price.

#### (b) Fair value measurement

#### (i) Financial assets

The Group's financial assets mainly consist of cash and deposits with the central bank, receivables with banks and other financial institutions, precious metals, loans and advances to customers, finance lease receivables and investments.

Deposits with the central bank and receivables with banks and other financial institutions are mostly priced at market interest rates and due within one year. Accordingly, the carrying amounts approximate the fair values.

Most of loans and advances to customers, finance lease receivables and financial investments measured at amortized cost except for debt securities investments are mostly priced at floating interest rates close to the PBOC rates. Accordingly, the carrying amounts approximate the fair values.

Financial assets at fair value through profit or loss, debt instruments at fair value through other comprehensive income, equity instruments at fair value through other comprehensive income and part of precious metal are measured at fair value. The carrying amount and fair value of debt securities investments measured at amortised cost are disclosed in Note VI 18.

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 49 Fair value (continued)

#### (b) Fair value measurement (continued)

#### (ii) Financial liabilities

The Group's financial liabilities mainly include payables to banks and other financial institutions, deposits from customers, financial liabilities at fair value through profit or loss and debt securities issued. Except the debt securities issued, the carrying amounts of other financial liabilities approximate their fair values.

The tables below summarise the carrying amounts and fair values of "Debt securities investment measured at amortised cost" (31 December 2017: "Debt securities" classified as held to maturity), and "Bonds issued" not presented at fair value on the statement of financial position:

|  | As at 31 December         |         |         |         |
|--|---------------------------|---------|---------|---------|
|  | Carrying value Fair value |         |         | value   |
|  | 2018                      | 2017    | 2018    | 2017    |
| Financial assets                                       |                           |         |         |         |
| Debt securities investments measured at amortised cost | 505,351                   | _       | 512,668 | _       |
| Debt instruments<br>– Held to maturity                 | _                         | 344,617 | _       | 335,894 |
| Financial liabilities<br>Bonds issued                  | 440,449                   | 445,396 | 435,137 | 438,041 |

Debt securities investments measured at amortised cost are based on market prices or broker/ dealer price quotations. Where this information is not available, the Bank will perform valuation by referring to prices from valuation service providers or on the basis of discounted cash flows models. Valuation parameters include market interest rates, expected future default rates, prepayment rates and market liquidity. The fair values of RMB bonds are mainly determined based on the valuation results provided by China Central Depository Trust & Clearing Co., Ltd.

The fair values of issued bonds are calculated based on quoted market prices. For those bonds where quoted market prices are not available, a discounted cash flow model is used based on a spot yield curve appropriate for the remaining term to maturity.

#### 49 Fair value (continued)

#### (c) Fair value hierarchy

The following table presents the carrying value of financial instruments measured at fair value in the statements of financial position across the three levels of the fair value hierarchy. The level in the fair value hierarchy within which the fair value measurement is categorised is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. The definitions of three levels are as below:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This level includes bonds and a majority of OTC derivative contracts. Input parameters like ChinaBond interbank yield curves or LIBOR yield curves are sourced from ChinaBond, Bloomberg and Shanghai Clearing House.
- Level 3: Inputs for assets or liabilities that are not based on observable market data (unobservable inputs). This level includes complicated derivative contracts and structured deposits with one or more than one significant unobservable component.

This hierarchy requires the use of observable open market data wherever possible. The Group tries it best to consider relevant and observable market prices in valuations.

If there is a reliable market quote for financial instruments, the fair value of financial instruments is based on quoted market prices. If a reliable quoted market price is not available, the fair value of the financial instruments is estimated using valuation techniques. Valuation techniques applied include reference to the fair value of another instrument that is substantially the same, discounted cash flow analysis and option pricing models. The inputs used in valuation techniques include riskfree and benchmark interest rates, credit spreads and foreign exchange rates. Where discounted cash flow analysis is used, estimated cash flows are based on management's best estimates and the discount rate used is reference to another instrument that is substantially the same.

#### (d) Valuation of financial instruments with significant unobservable inputs

Financial instruments valued with significant unobservable inputs are primarily interest derivatives. These financial instruments are valued using cash flow discount model. The models incorporate various non-observable assumptions such as discount rate and market rate volatilities.

As at 31 December 2018, the carrying amount of financial instrument valued with significant unobservable inputs were immaterial, and the effects of changes in significant unobservable assumptions to reasonably possible alternative assumptions were also immaterial.

#### 50 Entrusted lending business

The Group provides entrusted lending business services to government agencies, corporations and individuals. All entrusted loans are funded by entrusted funds from these entities and individuals. The Group does not take any credit risk in relation to these transactions. The Group acts as an agent to hold and manage these assets and liabilities at the direction of the entrustors and receives fee income for the services provided. The entrusted assets are not the assets of the Group and are not recognised in the statements of financial position.

| Entrusted funds | 148,654     | 147,268     |

#### Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 51 Commitments and contingent liabilities

#### (a) Credit commitments

The Group's credit commitments take the form of approved loans with signed contracts, credit card commitments, bank acceptances, letters of credit and financial guarantees.

The contractual amounts of loans and credit card commitments represent the amounts should the contracts be fully drawn upon. The Group provides financial guarantees and letters of credit to guarantee the performance of customers to third parties. Acceptances comprise undertaking's by the Group to pay bills of exchange drawn on customers. The Group expects most acceptances to be settled simultaneously with the reimbursement from the customers.

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Loan commitments                              |                     |                     |
| Original contractual maturity within one year | 33,056              | 9,744               |
| Original contractual maturity more than       |                     |                     |
| one year (inclusive)                          | 12,688              | 16,714              |
| Credit card commitments                       | 233,440             | 188,788             |
| Subtotal                                      | 279,184             | 215,246             |
| Acceptances                                   | 477,110             | 403,717             |
| Letters of guarantees                         | 123,416             | 103,295             |
| Letters of credit                             | 131,696             | 78,169              |
| Guarantees                                    | 185                 | 185                 |
| Total   | 1,011,591           | 800,612             |

The Group may be exposed to credit risk in all the above credit businesses. Group management periodically assesses the estimated credit risk and makes provision for any ECL. As the facilities may expire without being drawn upon, the total of the contractual amounts shown above is not representative of expected future cash outflows.

#### (b) Credit risk-weighted amount of credit commitments

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Credit risk-weighted amount of credit commitments | 351,409             | 313,101             |

The credit risk weighted amount of credit commitments represent to the amount calculated with reference to the Regulation Governing Capital of Commercial Banks (Provisional) issued by the CBIRC. The risk weights are determined in accordance with the credit status of the counterparties, the maturity profile and other factors. The risk weights ranged from 0% to 100% for credit commitments.

#### 51 Commitments and contingent liabilities (continued)

#### (c) Operating lease commitments

As at the end of the year, the Group's future minimum lease payments under non-cancellable operating leases for properties are as follows:

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Within one year (inclusive)                         | 2,364               | 2,258               |
| After one year but within two years (inclusive)     | 2,132               | 1,981               |
| After two years but within three years (inclusive)  | 1,812               | 1,719               |
| After three years but within five years (inclusive) | 2,803               | 2,843               |
| After five years                                    | 2,968               | 2,387               |
| Total   | 12,079              | 11,188              |

#### (d) Capital commitments

As at the balance sheet dates, the Group's authorised capital commitments are as follows:

|   | 31 December<br>2018 | 31 December<br>2017 |
|---|---------------------|---------------------|
| Contracted but not paid<br>– Purchase of property and equipment         | 790                 | 921                 |
| Approved but not contracted for<br>– Purchase of property and equipment | 1,942               | 1,371               |

#### (e) Underwriting and redemption commitments

The Group has no unexpired commitments for underwriting bonds as at 31 December 2018.

As an underwriting agent of the PRC government bonds, the Group has the responsibility to buy back those bonds it previously sold should the holders decide to make an early redemption of the bonds held. The redemption price for a bond at any time before its maturity date is based on the coupon value plus any interest unpaid and accrued up to the redemption date. Accrued interests payable to the bond holders is calculated in accordance with the relevant MOF and PBOC rules. The redemption price may be different from the fair value of similar financial instruments traded at the redemption date.

As at 31 December 2018, the underwritten, sold and immature national bonds' redemption commitments at nominal value are as follows:

|                        | 31 December<br>2018 | 31 December<br>2017 |
|------------------------|---------------------|---------------------|
| Redemption commitments | 8,192               | 8,642               |

### Notes to the Consolidated Financial Statements

For the year ended 31 December 2018 (Expressed in millions of Renminbi, unless otherwise stated)

#### VI NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

#### 51 Commitments and contingent liabilities (continued)

#### (f) Forward purchase and sale commitments

As at 31 December 2018, the Group has no unexpired forward purchase and sale commitments (31 December 2017: Nil).

#### (g) Outstanding litigations and disputes

As at 31 December 2018, the Group was the defendant in certain pending litigation and disputes with gross claims of RMB1,007 million (31 December 2017: RMB719 million), see Note VI 34(d). Provisions have been made for the estimated losses of such litigations based upon the opinions of the Group's internal and external legal counsels. The Group considers that the provisions made are reasonable and adequate.

#### 52 Subsequent Events

There are no significant events after the reporting period.

### Unaudited Supplementary Financial Information

(Expressed in millions of Renminbi, unless otherwise stated)

The information set out below does not form part of the consolidated financial statements, and is included herein for information purposes only.

#### 1 LIQUIDITY COVERAGE RATIO, LIQUIDITY RATIO, LEVERAGE RATIO AND NET STABLE FUNDING RATIO

#### Liquidity Coverage Ratio

As stipulated by the Rules on Liquidity Risk Management of Commercial Banks, the commercial banks' Liquidity Coverage Ratio ("LCR") should reach 100% by the end of 2018. During the transition period, the LCR should be no lower than 90%. banks with LCR already reaching 100% are encouraged to continuously maintain it at 100% or above.

|   | 31 December |
|---|-------------|
|   | 2018        |
| Liquidity coverage ratio                              | 118.15%     |
| High Quality Liquid Assets                            | 407,191     |
| Net cash outflows in 30 days from the end of the year | 344,642     |

#### Liquidity Ratio\*

|  | As at<br>31 December<br>2018 | Average for<br>The year<br>ended<br>31 December<br>2018 | As at<br>31 December<br>2017 | Average for<br>The year<br>ended<br>31 December<br>2017 |
|--|------------------------------|---|------------------------------|---|
| RMB current assets to<br>RMB current liabilities         | 64.26%                       | 58.20%  | 59.93%                       | 56.88%  |
| Foreign current assets to<br>foreign current liabilities | 62.15%                       | 74.74%  | 62.45%                       | 53.90%  |

\* Liquidity ratio is calculated in accordance with the banking level.

#### Leverage Ratio

|                | 31 December<br>2018 |
|----------------|---------------------|
| Leverage Ratio | 6.29%               |

Pursuant to the Leverage Ratio Management of Commercial Banks which was effective since April 1, 2015, a minimum leverage ratio 4% is required.

The above liquidity coverage ratio and leverage ratio are calculated in accordance with the formula promulgated by the CBIRC and based on the financial information prepared in accordance with PRC GAAP.

#### 1 LIQUIDITY COVERAGE RATIO, LIQUIDITY RATIO, LEVERAGE RATIO AND NET STABLE FUNDING RATIO (CONTINUED)

#### Net Stable Funding Ratio

The net stable fund ratio is designed to ensure commercial banks have sufficient sources of stable funding to meet the demand for stable funds for various assets and off-balance sheet exposures. The Measures for the Administration of Liquidity Risk of Commercial Banks stipulates that since 1 July 2018, the minimum regulatory standard for the net stable fund ratio is no less than 100%.

The net stable funding ratio is calculated as:

Net stable fund ratio = available stable funds/required stable funds × 100%

As at 31 December 2018, the Group meet the supervision requirement with the net stable funding ratio standing at 105.75%.

| Indicators                 | Value     |
|----------------------------|-----------|
| Available and stable funds | 2,446,254 |
| Required stable funds      | 2,313,169 |
| Net stable funding ratio   | 105.75%   |

#### 2 CURRENCY CONCENTRATIONS

|                         | US Dollars  | HK Dollars       | Others      |           |
|                         | (RMB        | (RMB             | (RMB        |           |
|                         | equivalent) | equivalent)      | equivalent) | Total     |
| Spot assets             | 132,355     | 30,140           | 20,384      | 182,879   |
| Spot liabilities        | (171,558)   | (33,786)         | (12,320)    | (217,664) |
| Forward purchases       | 231,721     | 22,458           | 2,138       | 256,317   |
| Forward sales           | (185,860)   | (16,526)         | (9,682)     | (212,068) |
| Net long position       | 6,658       | 2,286            | 520         | 9,464     |
| Net structural position | 11          | 26               | 38          | 75        |

The net structural position of the Group includes the structural positions, denominated in foreign currency, of the Bank's Hong Kong, Seoul, Luxembourg and Sydney branch. Structural assets mainly include fixed assets.

#### **3 INTERNATIONAL CLAIMS**

The Group is principally engaged in business operations within Mainland China, and regards all claims on third parties outside Mainland China as international claims.

International claims include loans and advances to customers, balances with central banks, deposits and placements from banks and other financial institutions and debt investments.

A country or geographical area is reported where it constitutes 10% or more of the aggregate amount of international claims, after taking into account any risk transfers. Risk transfers are only made if the claims are guaranteed by a party in a country which is different from that of the counterparty or if the claims are on an overseas branch of a bank whose Head Office is located in another country.
