Notes:

- There are 7 Non-independent Directors to be elected for the seventh term of the Board of Directors of the Company, 5 Independent Directors to be elected for the seventh term of the Board of Directors of the Company and 3 Supervisors to be elected for the seventh term of the Supervisory Committee of the Company. The elections will be held by way of cumulative voting.
- The maximum valid voting right of a voter to elect Non-independent Directors is the product of the number of Shares held multiplied by the number of Non-independent Directors to be elected (7 persons). If the number of Shares held is 1,000, his maximum valid voting right shall be equal to (the number of Shares held) 1,000 x 7 = 7,000. The voter can cast all 7,000 votes on 1 person or distribute the votes among several persons.
- The maximum valid voting right of a voter to elect Independent Directors is the product of the number of Shares held multiplied by the number of Independent Directors to be elected (5 persons). If the number of Shares held is 1,000, his maximum valid voting right shall be equal to (the number of Shares held) 1,000 x 5 = 5,000. The voter can cast all 5,000 votes on 1 person or distribute the votes among several persons.
- The maximum valid voting right of a voter to elect Supervisors is the product of the number of Shares held multiplied by the number of Supervisors to be elected (3 persons). If the number of Shares held is 1,000, his maximum valid voting right shall be equal to (the number of Shares held) 1,000 x 3 = 3,000. The voter can cast all 3,000 votes on 1 person or distribute the votes among several persons.
- A voter is requested to fill in his corresponding voting right in the "For", "Against" or "Abstain" columns against the name of each candidate. The lowest votes will be nil and the highest will be the maximum voting right under each resolution and not necessarily be the integral multiples of the number of Shares held by the voter. If a voter marks "√" in the blank against the name of each candidate, it will be deemed to cast his/her total voting right equally amongst the corresponding candidates.
- If the voting right in the aggregate as indicated exceeds the maximum valid voting right, the ballot will be deemed invalid.
- If the voting right in the aggregate as indicated is less than the maximum valid voting right, the ballot will be deemed valid and the difference will be regarded as abstention and shall not be counted as number of valid votes. Shareholders who attend and do not vote will be deemed to abstain from voting.
- The candidates are elected by more than half of valid votes cast via cumulative voting.
