STRUCTURE OF THE GLOBAL OFFERING

THE HONG KONG PUBLIC OFFERING

Number of Offer Shares Initially Offered

The Company is initially offering 17,942,000 Shares for subscription by the public in Hong Kong at the Offer Price, representing approximately 10% of the total number of Offer Shares initially available under the Global Offering. The Hong Kong Offer Shares will represent approximately 2.0% of the Company's registered share capital immediately after completion of the Global Offering, assuming that the Over-allotment Option is not exercised.

The Hong Kong Public Offering is open to members of the public in Hong Kong as well as to institutional and professional investors. Professional investors generally include brokers, dealers, companies (including fund managers) whose ordinary business involves dealing in shares and other securities and corporate entities which regularly invest in shares and other securities.

Completion of the Hong Kong Public Offering is subject to the conditions as set out in the section headed "Structure of the Global Offering—Conditions of the Global Offering" below.

Allocation

Allocation of the Hong Kong Offer Shares to investors under the Hong Kong Public Offering will be based solely on the level of valid applications to be received under the Hong Kong Public Offering. The basis of allocation may vary, depending on the number of Hong Kong Offer Shares validly applied for by applicants. Such allocation could, where appropriate, consist of balloting, which would mean that some applicants may receive a higher allocation than others who have applied for the same number of Hong Kong Offer Shares, and those applicants who are not successful in the ballot may not receive any Hong Kong Offer Shares.

The total number of the Hong Kong Offer Shares available under the Hong Kong Public Offering (after taking account of any reallocation referred to below) is to be divided into two pools for allocation purposes: pool A and pool B. The Hong Kong Offer Shares in pool A will be allocated on an equitable basis to applicants who have applied for the Hong Kong Offer Shares with an aggregate price of HK\$5.0 million (excluding the brokerage, SFC transaction levy and Hong Kong Stock Exchange trading fee payable) or less. The Hong Kong Offer Shares in pool B will be allocated on an equitable basis to applicants who have applied for the Hong Kong Offer Shares with an aggregate price of more than HK\$5.0 million (excluding the brokerage, SFC transaction levy and Hong Kong Stock Exchange trading fee payable) and up to the total value in pool B. Investors should be aware that applications in pool A and applications in pool B may receive different allocation ratios. If the Hong Kong Offer Shares in one (but not both) of the pools are undersubscribed, the surplus Hong Kong Offer Shares will be transferred to the other pool to satisfy demand in this other pool and be allocated accordingly.

STRUCTURE OF THE GLOBAL OFFERING

For the purpose of this paragraph only, the “price” for Offer Shares means the price payable on application therefor (without regard to the Offer Price as finally determined). Applicants can only receive an allocation of Offer Shares from either pool A or pool B but not from both pools. Multiple or suspected multiple applications and any application for more than 8,971,000 Hong Kong Offer Shares are liable to be rejected.

Reallocation

The allocation of the Offer Shares between the Hong Kong Public Offering and the International Offering is subject to reallocation under the Listing Rules. Paragraph 4.2 of Practice Note 18 of the Listing Rules requires a clawback mechanism to be put in place which would have the effect of increasing the number of Offer Shares under the Hong Kong Public Offering to a certain percentage of the total number of Offer Shares offered under the Global Offering if certain prescribed total demand levels are reached on the following basis:

- If the number of the Shares validly applied for in the Hong Kong Public Offering represents 15 times or more but less than 50 times of the number of Shares initially available under the Hong Kong Public Offering, then Shares will be reallocated to the Hong Kong Public Offering from the International Offering, so that the total number of Offer Shares available under the Hong Kong Public Offering will be 53,822,000 Shares, representing approximately 30% of the Shares initially available under the Global Offering.
- If the number of the Shares validly applied for in the Hong Kong Public Offering represents 50 times or more but less than 100 times of the number of the Shares initially available under the Hong Kong Public Offering, then the number of Shares to be reallocated to the Hong Kong Public Offering from the International Offering will be increased so that the total number of the Shares available under the Hong Kong Public Offering will be 71,762,000 Shares, representing approximately 40% of the Shares initially available under the Global Offering.
- If the number of the Shares validly applied for in the Hong Kong Public Offering represents 100 times or more of the number of the Shares initially available for subscription under the Hong Kong Public Offering, then the number of Shares to be reallocated to the Hong Kong Public Offering from the International Offering will be increased, so that the total number of the Shares available under the Hong Kong Public Offering will be 89,702,000 Shares, representing approximately 50% of the Shares initially available under the Global Offering.

In each case, the additional Offer Shares reallocated to the Hong Kong Public Offering will be allocated between pool A and pool B and the number of Offer Shares allocated to the International Offering will be correspondingly reduced in such manner as the Joint Global Coordinators deem appropriate.

STRUCTURE OF THE GLOBAL OFFERING

In addition, the Joint Global Coordinators may reallocate Offer Shares from the International Offering to the Hong Kong Public Offering to satisfy valid applications under the Hong Kong Public Offering. In accordance with Guidance Letter HKEx-GL91-18 issued by the Stock Exchange, if (i) the International Offering is not fully subscribed and the Hong Kong Public Offering is fully subscribed or oversubscribed; or (ii) the International Offering is fully subscribed or oversubscribed and the Hong Kong Public Offering is fully subscribed or oversubscribed with the number of Offer Shares validly applied for in the Hong Kong Public Offering representing less than 15 times of the number of Shares initially available for subscription under the Hong Kong Public Offering, the Joint Global Coordinators have the authority to reallocate International Offer Shares originally included in the International Offering to the Hong Kong Public Offering in such number as they deem appropriate, provided that the total number of Offer Shares available under the Hong Kong Public Offering following such reallocation shall be not more than 35,884,000 Offer Shares (representing approximately 20% of the total number of Offer Shares initially available under the Global Offering), and the final Offer Price shall be fixed at the low-end of the indicative offer price range (i.e., HK\$9.1 per Offer Share) stated in this Prospectus.

If the Hong Kong Public Offering is not fully subscribed for, the Joint Global Coordinators have the authority to reallocate all or any unsubscribed Hong Kong Offer Shares to the International Offering, in such proportions as the Joint Global Coordinators deem appropriate.

Applications

Each applicant under the Hong Kong Public Offering will also be required to give an undertaking and confirmation in the application submitted by him/her/it that he/she/it and any person(s) for whose benefit he/she/it is making the application have not applied for or taken up, or indicated an interest for, and will not apply for or take up, or indicate an interest for, any Offer Shares under the International Offering, and such applicant's application is liable to be rejected if the said undertaking and/or confirmation is breached and/or untrue (as the case may be) or he/she/it has been or will be placed or allocated Offer Shares under the International Offering.

The listing of the Shares on the Hong Kong Stock Exchange is sponsored by the Joint Sponsors. Applicants under the Hong Kong Public Offering are required to pay, on application, the maximum price of HK\$10.2 per Hong Kong Offer Share in addition to any brokerage, SFC transaction levy and Hong Kong Stock Exchange trading fee payable on each Hong Kong Offer Share. If the Offer Price, as finally determined in the manner described in the section headed "Structure of the Global Offering—Pricing of the Global Offering" below, is less than the maximum price of HK\$10.2 per Hong Kong Offer Share, appropriate refund payments (including the brokerage, SFC transaction levy and Hong Kong Stock Exchange trading fee attributable to the surplus application monies) will be made to successful applicants, without interest. Further details are set out below in the section entitled "How to Apply for Hong Kong Offer Shares."

References in this Prospectus to applications, Application Forms, application monies or the procedure for application relate solely to the Hong Kong Public Offering.

STRUCTURE OF THE GLOBAL OFFERING

THE INTERNATIONAL OFFERING

Number of Offer Shares Offered

Subject to reallocation as described above, the International Offering will consist of an initial offering of 161,461,000 International Offer Shares representing approximately 90% of the Offer Shares under the Global Offering and approximately 18.0% of the Company's enlarged share capital immediately after the completion of the Global Offering, assuming that the Over-allotment Option is not exercised.

Allocation

The International Offering will include selective marketing of the International Offer Shares to institutional and professional investors and other investors anticipated to have a sizeable demand for such International Offer Shares. Professional investors generally include brokers, dealers, companies (including fund managers) whose ordinary business involves dealing in shares and other securities and corporate entities which regularly invest in shares and other securities. Allocation of the International Offer Shares pursuant to the International Offering will be effected in accordance with the "book-building" process described in the section headed "Structure of the Global Offering—Pricing of the Global Offering" below and based on a number of factors, including the level and timing of demand, the total size of the relevant investor's invested assets or equity assets in the relevant sector and whether or not it is expected that the relevant investor is likely to buy further Offer Shares, and/or hold or sell the Offer Shares, after the listing of the Offer Shares on the Hong Kong Stock Exchange. Such allocation is intended to result in a distribution of the Offer Shares on a basis which would lead to the establishment of a solid professional and institutional shareholder base to the benefit of the Company and our Shareholders as a whole.

The Joint Global Coordinators (for themselves and on behalf of the Underwriters) may require any investor who has been offered the International Offer Shares under the International Offering, and who has made an application under the Hong Kong Public Offering to provide sufficient information to the Joint Global Coordinators so as to allow them to identify the relevant application under the Hong Kong Public Offering and to ensure that he/she/it is excluded from any application of the Hong Kong Offer Shares under the Hong Kong Public Offering.

Reallocation

The total number of Offer Shares to be issued or sold pursuant to the International Offering may change as a result of the clawback mechanism described in the sub-section headed "—The Hong Kong Public Offering—Reallocation" above, the exercise of the Over-allotment Option in whole or in part and/or any reallocation or unsubscribed Offer Shares originally included in the Hong Kong Public Offering.

Over-allotment Option

In connection with the Global Offering, we expect to grant an Over-allotment Option to the International Underwriters exercisable by the Joint Global Coordinators on behalf of the International Underwriters.

STRUCTURE OF THE GLOBAL OFFERING

Pursuant to the Over-allotment Option, the Joint Global Coordinators have the right, exercisable at any time from the Listing Date until 30 days after the last day for the lodging of applications in the Hong Kong Public Offering, to require the Company to issue and allot up to an aggregate of 26,910,000 additional Offer Shares, representing approximately 15% of the initial number of Offer Shares to be offered in the Global Offering, at Offer Price to cover over-allocation in the International Offering, if any. If the Over-allotment Option is exercised in full, the additional Offer Shares will represent approximately 2.9% of the Company's enlarged share capital immediately following the completion of the Global Offering and the exercise of the Over-allotment Option. In the event that the Over-allotment Option is exercised, an announcement will be made.

STABILIZATION

Stabilization is a practice used by underwriters in many markets to facilitate the distribution of securities. To stabilize, the underwriters may bid for, or purchase, the securities in the secondary market, during a specified period of time, to retard and, if possible, prevent, any decline in the market price of the securities below the offer price. In Hong Kong and certain other jurisdictions, the price at which stabilization is effected is not permitted to exceed the offer price.

In connection with the Global Offering, the Stabilizing Manager or its affiliates or any person acting for it, on behalf of the Underwriters, may over-allocate or effect short sales or any other stabilizing transactions with a view to stabilizing or maintaining the market price of the Shares at a level higher than that which might otherwise prevail in the open market for a limited period after the Listing Date. Short sales involve the sale by the Stabilizing Manager of a greater number of Shares than the Underwriters are required to purchase in the Global Offering. "Covered" short sales are sales made in an amount not greater than the Over-allotment Option. The Stabilizing Manager may close out the covered short position by either exercising the Over-allotment Option to purchase additional Shares or purchasing Shares in the open market. In determining the source of the Shares to close out the covered short position, the Stabilizing Manager will consider, among others, the price of Shares in the open market as compared to the price at which they may purchase additional Shares pursuant to the Over-allotment Option. Stabilizing transactions consist of certain bids or purchases to be made for the purpose of preventing or retarding a decline in the market price of the Shares while the Global Offering is in progress. Any market purchases of the Shares may be effected on any stock exchange, including the Hong Kong Stock Exchange, any over-the-counter market or otherwise, provided that they are made in compliance with all applicable laws and regulatory requirements. However, there is no obligation on the Stabilizing Manager or its affiliates or any person acting for it to conduct any such stabilizing activity, which if commenced, will be done at the absolute discretion of the Stabilizing Manager and may be discontinued at any time. Any such stabilizing activity is required to be brought to an end within 30 days of the last day for the lodging of applications under the Hong Kong Public Offering.

The number of the Shares that may be over-allocated will not exceed the number of the Shares that may be sold under the Over-allotment Option, namely, 26,910,000 Shares, which is approximately 15% of the number of Offer Shares initially available under the Global Offering, in the event that the whole or part of the Over-allotment Option is exercised.

STRUCTURE OF THE GLOBAL OFFERING

In Hong Kong, stabilizing activities must be carried out in accordance with the Securities and Futures (Price Stabilizing) Rules. Stabilizing actions permitted pursuant to the Securities and Futures (Price Stabilizing) Rules include:

- (a) over-allocation for the purpose of preventing or minimizing any reduction in the market price;
- (b) selling or agreeing to sell the Shares so as to establish a short position in them for the purpose of preventing or minimizing any deduction in the market price;
- (c) subscribing, or agreeing to subscribe, for the Shares pursuant to the Over-allotment Option in order to close out any position established under (a) or (b) above;
- (d) purchasing, or agreeing to purchase, the Shares for the sole purpose of preventing or minimizing any reduction in the market price;
- (e) selling the Shares to liquidate a long position held as a result of those purchases; and
- (f) offering or attempting to do anything described in (b), (c), (d) and (e) above.

Stabilizing actions by the Stabilizing Manager, or its affiliates or any person acting for it, will be entered into in accordance with the laws, rules and regulations in place in Hong Kong on stabilization.

As a result of effecting transactions to stabilize or maintain the market price of the Shares, the Stabilizing Manager, or its affiliates or any person acting for it, may maintain a long position in the Shares. The size of the long position, and the period for which the Stabilizing Manager, or its affiliates or any person acting for it, will maintain the long position is at the discretion of the Stabilizing Manager and is uncertain. In the event that the Stabilizing Manager liquidates this long position by making sales in the open market, this may lead to a decline in the market price of the Shares.

Stabilizing action by the Stabilizing Manager, or its affiliates or any person acting for it, is not permitted to support the price of the Shares for longer than the stabilizing period, which begins on the day on which trading of the Shares commences on the Hong Kong Stock Exchange and ends on the thirtieth day after the last day for the lodging of applications under the Hong Kong Public Offering. The stabilizing period is expected to end on the 30th day after the last day for lodging applications under the Hong Kong Public Offering. As a result, demand for the Shares, and their market price, may fall after the end of the stabilizing period. These activities by the Stabilizing Manager may stabilize, maintain or otherwise affect the market price of the Shares. As a result, the price of the Shares may be higher than the price that otherwise may exist in the open market. Any stabilizing action taken by the Stabilizing Manager, or its affiliates or any person acting for it, may not necessarily result in the market price of the Shares staying at or above the Offer Price either during or after the stabilizing period. Bids for or market purchases of the Shares by the Stabilizing Manager, or its affiliates or any person acting for it, may be made at a price at or below the Offer Price and therefore at or below the price paid for the Shares by applicants. A public announcement in compliance with the Securities and Futures (Price Stabilizing) Rules will be made within seven days of the expiration of the stabilizing period.

STRUCTURE OF THE GLOBAL OFFERING

STOCK BORROWING ARRANGEMENT

In order to facilitate the settlement of over-allocations in connection with the Global Offering, the Stabilizing Manager (or its affiliate(s)) may choose to borrow up to 26,910,000 Shares pursuant to the Stock Borrowing Agreement. The stock borrowing arrangements under the Stock Borrowing Agreement will comply with the requirements set out in Listing Rules 10.07(3).

PRICING OF THE GLOBAL OFFERING

The International Underwriters will be soliciting from prospective investors' indications of interest in acquiring the International Offer Shares in the International Offering. Prospective professional and institutional investors will be required to specify the number of the International Offer Shares under the International Offering they would be prepared to acquire either at different prices or at a particular price. This process, known as "book-building," is expected to continue up to, and to cease on or around, the last day for lodging applications under the Hong Kong Public Offering.

Pricing for the Offer Shares for the purpose of the various offerings under the Global Offering will be fixed on the Price Determination Date, which is expected to be on or around Thursday, December 5, 2019, and in any event on or before Monday, December 9, 2019, by agreement between the Joint Global Coordinators (for themselves and on behalf of the Underwriters) and us and the number of Offer Shares to be allocated under various offerings will be determined shortly thereafter.

The Offer Price will not be more than HK\$10.2 per Offer Share and is expected to be not less than HK\$9.1 per Offer Share unless to be otherwise announced, as further explained below, not later than the morning of the last day for lodging applications under the Hong Kong Public Offering. **Prospective investors should be aware that the Offer Price to be determined on the Price Determination Date may be, but is not expected to be, lower than the indicative Offer Price range stated in this Prospectus.**

The Joint Global Coordinators, on behalf of the Underwriters, may, where considered appropriate, based on the level of interest expressed by prospective professional and institutional investors during the book-building process, and with these consent of the Company, reduce the number of Offer Shares offered in the Global Offering and/or the indicative Offer Price stated below in this Prospectus at any time on or prior to the morning of the last day for lodging applications under the Hong Kong Public Offering. In such a case, the Company will, as soon as practicable following the decision to make such reduction, and in any event not later than the morning of the day which is the last day for lodging applications under the Hong Kong Public Offering, cause there to be published in the South China Morning Post (in English) and Hong Kong Economic Times (in Chinese) and to be posted on the website of the Hong Kong Stock Exchange (www.hkexnews.hk) and on the website of the Company (www.alphamabonc.com) notices of the reduction. As soon as practicable of such reduction of the number of Offer Shares and/or the indicative Offer Price range, the Company will also

STRUCTURE OF THE GLOBAL OFFERING

issue a supplemental prospectus updating investors of such reduction together with an update of all financial and other information in connection with such change and, where appropriate, extend the period under which the Hong Kong Public Offering was open for acceptance, and give potential investors who had applied for the Offer Shares the right to withdraw their applications. Upon issue of such a notice, the number of Offer Shares offered in the Global Offering and/or the revised offer price range will be final and conclusive and the offer price, if agreed upon by the Joint Global Coordinators, on behalf of the Underwriters, and the Company, will be fixed within such revised offer price range. Applicants should have regard to the possibility that any announcement of a reduction in the number of Offer Shares being offered under the Global Offering and/or the indicative Offer Price range may not be made until the day which is the last day for lodging applications under the Hong Kong Public Offering. Such notice will also include confirmation or revision, as appropriate, of the Global Offering statistics as currently set out in this Prospectus, and any other financial information which may change as a result of such reduction. In the absence of any such notice so published, the Offer Price, if agreed upon with the Company and the Joint Global Coordinators, will under no circumstances be set outside the Offer Price range as stated in this Prospectus.

In the event of a reduction in the number of Offer Shares being offered under the Global Offering, the Joint Global Coordinators may at their discretion reallocate the number of Offer Shares to be offered under the Hong Kong Public Offering and the International Offering, provided that the number of the initial Hong Kong Offer Shares shall not be less than 10% of the total number of Offer Shares in the Global Offering. The International Offer Shares to be offered in the International Offering and the Offer Shares to be offered in the Hong Kong Public Offering may, in certain circumstances, be reallocated as between these offerings at the discretion of the Joint Global Coordinators.

The net proceeds of the Global Offering accruing to the Company (after deduction of underwriting commissions and other expenses in relation to the Global Offering, assuming the Over-allotment Option is not exercised) are estimated to be approximately HK\$1,519.7 million, assuming an Offer Price per Offer Share of HK\$9.1, or approximately HK\$1,709.1 million, assuming an Offer Price per Offer Share of HK\$10.2 (or if the Over-allotment Option is exercised in full, approximately HK\$1,754.8 million, assuming an Offer Price per Offer Share of HK\$9.1, or approximately HK\$1,972.6 million, assuming an Offer Price per Offer Share of HK\$10.2). The Offer Price under the Global Offering is expected to be announced on Wednesday, December 11, 2019. The indications of interest in the Global Offering, the results of applications and the basis of allotment of the Hong Kong Offer Shares available under the Hong Kong Public Offering, are expected to be announced on Wednesday, December 11, 2019 in the South China Morning Post (in English) and Hong Kong Economic Times (in Chinese) and to be posted on the website of the Hong Kong Stock Exchange (www.hkexnews.hk) and on the website of the Company (www.alphamabonc.com).
